

# Personal Wireless Service Facility

## Voluntary Tolling Agreement Extending Processing Timeline

Effective Date of Tolling Agreement: \_\_\_\_\_

Termination of Tolling Agreement:

\_\_\_\_\_

[Date] or

After land use approval final decision date AND building permit submittal

[required for Land Use Review-only applications prior to building permit submittal]

The City of Portland must comply with all Federal Communications Commission (FCC) shot clock requirements for Wireless Communication Facilities (WCF). Federal shot clocks require the City to process applications within designated time periods. However, the FCC also permits the City and an applicant to mutually consent to toll the relevant shot clock.

This is an agreement (Agreement) between the City of Portland and \_\_\_\_\_ (agent) representing \_\_\_\_\_ (Company/Carrier) to toll, or extend, the federal shot clock.

This Agreement covers the following Personal Wireless Service Facility project:

Project Name: \_\_\_\_\_

Project Address: \_\_\_\_\_

City Project Number: \_\_\_\_\_

City Project Manager: \_\_\_\_\_

This Agreement extends the allowed City review time for this Personal Wireless Service Facility project. This Agreement does not waive any permit expiration date in the Portland City Code or administrative rules.
