SIGNATURE AND ACKNOWLEDGEMENT

By signing below, the owner accepts and agrees to the terms and conditions contained in this O&M Form and in any document signed by the owner and recorded with this O&M Form. The owner further acknowledges that this form and associated documents have been prepared on their behalf and that they are responsible for the quality and completeness of the O&M Plan. Any failure to comply with the terms of these plans may result in enforcement actions by BES requiring the property owner to restore the stormwater facilities to a functional state as approved under original requirements.

The owner also accepts that the City requires property owners to submit to BES and record, with the appropriate County, complete and accurate O&Ms enforceable under City Code 17.38. Property owners must consult with the City prior to making changes to the O&M Plan to determine if a new permit or O&M submittal is required. Substantial changes to the O&M require City approval prior to recording with the County. Examples include changes to the facility type, discharge point, or total drainage area. A revised O&M must state that it supersedes a previous O&M (with cited county document number; See Page 1).
