Note: See summary plan description for full details regarding covered services

**Need help making your plan selection?
See chart below for things to consider**

If you want to...

	Delta Dental Basic	Delta Dental Buy-Up	Kaiser Permanente NW Dental Plan
Self-select providers or specialists for your dental care			
Pay an exact copay (just a specific dollar amount) for most services			
Limit your cost for major dental services			
Obtain dental services from dentists who are not in the network			

Also, consider:

- How many people in your family will take advantage of dental benefits?
- Do you expect to have major dental work done this plan year, that may exceed the maximum amount the Delta Core or Buy-up Dental Plans will cover?
- Remember that you can use money you contribute to the Healthcare Flexible Spending Account to pay for eligible out-of-pocket dental expenses you incur.
- Anything considered non-routine within Kaiser is the patients responsibility and can increase your costs.
