

CLASS SPECIFICATION

ANALYST IV

PAY GRADE: 59

CLASS CODE: 30003009

EFFECTIVE: December 13, 2018

CLASSIFICATION SUMMARY

Reports to a Director, or other executive-level position. Under minimal supervision, performs professional complex administrative, management, operational, statistical, financial, and other analyses in support of large-scale, strategic Bureau/Office and/or Citywide activities or projects. May supervise subordinate supervisors and provide guidance to designated employees.

Responsibilities include: supervising the work of staff and independently performing administrative, management, program, policy, legislative, and financial analyses, often in politically sensitive environments; budget monitoring; preparing analytical, statistical, and operational reports; interpreting and advising management on the application of laws, rules, policies, and intergovernmental agreements; formulating policies, procedures, and legislative positions; preparing written and verbal recommendations to leadership. This includes critical analysis utilizing principles, concepts, and practices applicable to one or more fields of public administration and management.

DISTINGUISHING CHARACTERISTICS

Analyst IV is the highest of four classifications in the Analyst series.

Analyst IV is distinguished from Analyst III in that the former requires minimal supervision, supervises the work of Analyst positions or other staff and may supervise subordinate supervisory staff; exercises considerable discretion in organizational recommendations and decisions, and is responsible for broad and complex analyses and studies with Citywide impact.

Analyst IV is distinguished from specialized Analyst classifications in that the latter focus on work relevant to a specific analytical function and the former has responsibility for high-level, complex analysis, often in politically sensitive environments.

Analyst IV is distinguished from the Coordinator series in that the former exercises critical investigative ability, judgment, and discretion in making high-level recommendations or independent decisions with an organizational impact, and the latter evaluates data and collaborates with stakeholders to meet the goals of unit programs and functions.
