

**CLASS SPECIFICATION**  
**Right of Way Agent II**

FLSA Status: Covered  
Union Representation: Professional and Technical Employees (PTE)

**GENERAL PURPOSE**

Under general supervision, conducts specialized property acquisition assignments including negotiating with property owners to acquire rights of way, researching title records to determine ownership and encumbrances on properties, and preparing legal descriptions and conveyance documents; coordinates the street vacation process; negotiates and manages property leases; and performs related duties as assigned.

**DISTINGUISHING CHARACTERISTICS**

Right of Way Agents II are responsible for performing specialized right of way acquisition assignments including analyzing complex property and title records and negotiating with property owners on terms to acquire rights of way. Incumbents may also negotiate and manage leases, prepare legal documents and provide support to the City Attorney in condemnation proceedings. Work entails the use of independent judgment and the application of knowledge gained through education, professional training and experience regarding real property law, appraisal and the acquisition or vacation of rights of way.

Right of Way Agent II is distinguished from Right of Way Agent III in that incumbents in the latter class provide lead work direction to other professional and technical staff and perform the most complex professional property acquisition work requiring a substantial level of professional training and experience.

**ESSENTIAL DUTIES AND RESPONSIBILITIES**

Any one position in this class may not perform all the duties listed below, nor do the listed examples of duties include all similar and related duties that may be assigned to this class.

1. Negotiates with property owners to acquire easements, dedications and property for public projects.
2. Prepares technical and legal documents such as legal descriptions, conveyance documents, maps, ordinances and engineer's reports.
3. Researches county assessor and other public records to identify property ownership and determine property rights; orders title reports when required; examines and reconciles title reports for accuracy of the vesting and legal descriptions of properties, and any conflicting issues such as existing easements, judgments, covenants, conditions and restrictions, liens and encumbrances that might impact proposed right of way acquisitions.
4. Resolves boundary questions, easement encroachments, access issues and other matters related to bureau property rights; addresses property-related questions.

5. Requests appraisal reports from independent appraisers to determine the value of easements or real property to be acquired; evaluates the methodology of and approves appraisal reports submitted; recommends estimated value for acquisition of easements.
6. Prepares budget estimates for acquisition projects.
7. Processes release of surplus rights of way.
8. Reviews land use regulations to determine their impact on bureau real estate.
9. Develops and maintains various bureau real estate management records, such as database of property ownership, easements and obligations or GIS property and permit information.
10. Reviews subdivision and partition plats prior to approval by City Engineer.
11. Manages outside professional service contracts for appraisers and other real property professionals.
12. Coordinates with Commissioners' offices on street vacations and citizen issues; makes presentations to Council on street vacations; manages street vacation process between City bureaus, outside agencies and the public.
13. Negotiates and manages property leases above and below public rights of way.
14. Researches and responds to City bureaus, other agencies and citizen inquiries.
15. Provides support to the City Attorney in condemnation proceedings.
16. Uses and improves technological tools to increase productivity and effectiveness.
17. May provide lead work direction and guidance to other professional and technical staff.
