OTHER GHG-REDUCING PROJECT FORM

Section 1: Fuel or GHG Savings Narrative

Section 1. A. : APPLICATION ELIGIBILITY:

Will the proposed project use PCEF funds for other GHG-reducing activities that are not covered by PCEF's main funding areas? [Yes/No conditional]

Yes No

[If yes] **This form is required for your project, please fill out the fields below and Section 2.**

[If no] **This form is not required for your application.**

[If yes, make questions in Section 1 required]

Section 1.B: FUEL or GHG-REDUCING PROJECT FORM:

Directions: This information helps application reviewers understand the energy and greenhouse gas (GHG) impacts of the proposed project. Please answer all questions that apply to your project.

- 1.1. Describe how the project will reduce or sequester GHG emissions. [2500-character text box, with formatting]
- 1.2. What is the estimated life of the project? (i.e. How many years are the GHG emissions savings expected to last?) [number, no formatting]
- 1.3. Please include any calculations you used to come to the estimated savings. Please also describe any assumptions you made about the initial conditions (i.e. before your intervention) and about your project intervention that would have an impact on the savings. [1500-character text box, no formatting]
- 1.4. (Optional) Space to upload any documents, resources, and/or studies that informed your responses to the previous questions.

Section 2: Fuel or GHG Savings

Directions: Provide an estimate of how much of each type of fuel and/or greenhouse gas (GHG) will be displaced/saved on an average annual basis including unit. Submit this section once for each fuel type. [Multi-list]

- Annual Savings [Numeric response in dollars]
- Value (per year) [Numeric response]

- Unit [Dropdown, single selection]
 - MT CO2e
 - kWh
 - therms
 - gal
 - cord
 - ton
- Type [Dropdown, single selection]
 - Greenhouse gas
 - Electric
 - Natural gas
 - Gasoline
 - Heating fuel oil
 - Propane
 - Wood
 - Pellets
 - Other - describe: [Short text]

City Districts

The City of Portland recently created new district maps to match the new City Council structure. In this question we are asking you to estimate how much of your requested funding amount for the funding area covered in this form is going to each of Portland’s four geographic districts. [Link to district map.](#)

1.5. Does all or part of the funding for activities covered in this funding area form provide benefits to specific parts of Portland? If you are proposing any of the following, select “Yes”:

- Providing services, events, or programs (e.g. education, engagement) focused on reaching communities living in or organizations based in specific parts of Portland
- Implementing or maintaining physical improvements (e.g. gardens, building upgrades) in specific parts of Portland
- Providing physical assets (e.g. bikes, EVs) to individuals living in or organizations based in specific parts of Portland

- Yes, funding is providing geographic benefits
 No, funding is allocated city-wide or not sure

[If yes] Please fill out “Section 1-B: City Districts” below.

[If No / Not sure] No further information is needed. Skip to Section 2.

City Districts [Conditional logic to show if previous question is yes, hide if no]

For this funding area, use the fields below to estimate how much of your requested funding amount for the funding area covered in this form is going to each of Portland’s four geographic districts. The total must equal 100%. [Link to district map.](#) [Numeric questions, all in the same line]

District 1	District 2	District 3	District 4	Total (Must equal 100%)
				[Auto calculated]
