

THE BUREAU OF
**PLANNING &
SUSTAINABILITY**

Regenerative agriculture / green infrastructure form

Will the proposed project use PCEF funds for regenerative agriculture or green infrastructure?

[Yes/No conditional]

Yes No

[If yes] This form is required for your project, please fill out the fields below.

[If no] This form is not required for your application.

Section 1: Regenerative Agriculture

1.1. Will the proposed project use PCEF funds for regenerative agriculture? [Yes/No conditional]

Yes No

[If yes, show the fields below]

1.2. Which of the following practices will your project include? [Multi-option checklist]

- Annual food production, including cover crops and crop rotation
- Woody perennial food production
- Use of native plants
- Use of broad leaf evergreen plants
- Soil building/mulching (describe methods):
- Hedge rows
- Pollinator habitat creation (note: use of native plants always creates pollinator habitat)
- Riparian restoration
- Management of non-native and/or invasive species
- Soil application of compost and/or biochar
- Perennial planting systems, such as food forests
- Establishing/maintaining/securing long-term land stewardship/tenure
- Activities that promote relationship and long-term commitment to land stewardship.
Examples such as ceremony, prayer, song, dance, etc. (describe methods):
- Other - Please provide further detail for each practice selected: [250-character text box, no formatting]

Section 2: Green Infrastructure

2.1. Will the proposed project use PCEF funds for regenerative agriculture? [Yes/No conditional]

Yes No

[If yes, show the fields below]

2.2. Which of the following practices will your project include? [Multi-option checklist]

- Tree planting - *Number of Trees required below*
- Depaving (removing impermeable surfaces such as asphalt)
- Ecological Restoration (e.g., riparian)
- Use of native plants
- Use of broad leaf evergreen plants
- Hedge rows
- Pollinator habitat creation
- Management of non-native and/or invasive species
- Bioretention (e.g. rain gardens, bioswales)
- Permeable pavement
- Rainwater harvesting - *Estimated rain harvesting catchment area (sq. ft) required below*
- Activities that promote relationship and long-term commitment to land stewardship. Examples such as ceremony, prayer, song, dance, etc. – *Details required below*
- Shading strategies (example: shade sails, shade canopies, trees and shrub planting)
- Other – Please provide further detail for each practice selected: [250-character text box, no formatting]

2.3. If you selected tree planting, estimate the number of trees: [Numeric response]

2.4. If you selected rainwater harvesting, estimate the rain harvesting catchment area (sq. ft.) [Numeric response]

2.5. Is this project located within the 82nd Avenue corridor? Check to see if your project is within 0.25 miles west and 0.5 miles east of 82nd Ave in this [82nd Ave Geographic Funding Area Lookup Map](#) [Yes/No toggle]

- Yes No

Section 3: Additional information

This section applies to all applicants required to fill out this form.

3.1. What is the current use of the site(s)? [Multi-option checklist]

- Agricultural purposes
- Lawn or turf
- Pavement
- Other – Please provide a short description of the current site use: [Text box, 1500 characters]

3.2. What is the total size of the site(s) of the proposed project?

- Number: [Numeric response]
- Area Unit: [Single selection drop down]
 - Sq. Ft
 - Acres

3.3. Describe your access to the site(s) (do you lease, own, etc.): [1500-character text box, no

formatting]

3.4. How many years will you have control (access) of the site(s) for the regenerative agriculture/green infrastructure project?

- Number of years: [Numeric response, conditional]
- [If more than 5 years] If site access is more than five years, please submit documentation (e.g., lease agreement). [Optional upload link]

City Districts

The City of Portland recently created new district maps to match the new City Council structure. In this question we are asking you to estimate how much of your requested funding amount for the funding area covered in this form is going to each of Portland's four geographic districts. [Link to district map.](#)

Does all or part of the funding for activities covered in this funding area form provide benefits to specific parts of Portland? If you are proposing any of the following, select "Yes":

- Providing services, events, or programs (e.g. education, engagement) focused on reaching communities living in or organizations based in specific parts of Portland
- Implementing or maintaining physical improvements (e.g. gardens, building upgrades) in specific parts of Portland
- Providing physical assets (e.g. bikes, EVs) to individuals living in or organizations based in specific parts of Portland

- Yes, funding is providing geographic benefits
 No, funding is allocated city-wide or not sure

[If yes] Please fill out "Section 4-B: City Districts" below

[If No / Not sure] No further information is needed.

City Districts Table

For this funding area, use the fields below to estimate how much of your requested funding amount for the funding area covered in this form is going to each of Portland's four geographic districts. The total must equal 100%. [Link to district map.](#) [Numeric questions, all in the same line]

District 1	District 2	District 3	District 4	Total (Must equal 100%)
				[Auto calculated]
