

This week, we received 233 new campsite reports. Of these, 58 were reports of people living in their vehicles throughout the City. To date, we have received reports of 514 different vehicles in which people are living.

Please note, in the event of a Severe Winter Weather Declaration, the City will not require people to move during campsite cleanups. Sites that have been posted will be cleared of any trash and/or bio-hazard material during the severe weather, but occupants will not be required to move until the Severe Winter Weather Declaration has been lifted. Sites that have been posted but not completely cleaned due to the weather, will be reposted and cleaned in the coming weeks.

Severe Weather criteria:

The Joint Office, as well as Multnomah County and Portland Emergency Management, uses the following criteria to determine when conditions pose a danger to exposed vulnerable people. Any one of the criteria below will result in a Severe Weather Notice if the conditions are forecasted to persist for four (4) hours or more during what would be severe weather shelter operating hours (8pm-7am):

1. Forecasted temperature or wind chill 25° F (-3.9° C) or below.
2. Forecasted snow accumulations of 1.0 inch or more sticking to the ground in most locations.
3. Forecasted temperature at or below 32° F (0° C) with driving rain of 1.0 inch or more overnight.
