

This week, we received 90 new campsite reports. Of these, 27 were reports of people living in their vehicles throughout the City. To date, we have received reports of 495 different vehicles in which people are living.

Please note, because of the Severe Winter Weather declaration, the City *has not* required people to move during campsite cleanups. Sites that have been posted, but not completely cleaned due to the weather, will be reposted and cleaned in the coming weeks.

### Severe Weather criteria:

The Joint Office, as well as Multnomah County and Portland Emergency Management, uses the following criteria to determine when conditions pose a danger to exposed vulnerable people. Any one of the criteria below will result in a Severe Weather Notice if the conditions are forecasted to persist for four (4) hours or more during what would be severe weather shelter operating hours (8pm-7am):

1. Forecasted temperature or wind chill 25° F (-3.9° C) or below.
2. Forecasted snow accumulations of 1.0 inch or more sticking to the ground in most locations.
3. Forecasted temperature at or below 32° F (0° C) with driving rain of 1.0 inch or more overnight.
