**This recommendation is not an endorsement of body cameras, we leave that decision to elected officials and PPB leadership. Instead, PCCEP offers these recommendations as guidance in shaping body-worn camera policies.**

**I appreciate the work that has been expended by PCCEP in developing these recommendations. However, given that the use of body-worn cameras has not been approved by City Council as yet, and thus the Bureau will not be implementing their use in the foreseeable future, I will reserve consideration of these recommendations until a later date.**

**When the use of body-worn cameras is authorized and the Bureau commences the development of the policy to guide their use, I will revisit these recommendations and provide a detailed response.**
