- **Marc Poris** (18:34:15): PCCEP folks - Thank you again for hosting the Community Conversation on the PPA Contract - greatly appreciated.
  The CBPA could learn a lot from how PCCEP operates their meetings. In particular, it would be helpful if they used the same Zoom setup that you all use so community members can participate in the chat and see who else is in attendance. Would also be great if the CBPA staff introduced themselves, and other City employees introduced themselves, at the beginning of the meeting the way you do.
- **Marc Poris** (18:34:26): Would be great for Leslie (and whoever else from PCCEP is working on the Recommendation Tracker) to reach out to CBPA because they are going to need to do something similar and they might as well benefit from y'all's hard work. The Recommendation Tracker is extremely necessary to allow the community to track how well the City is listening and also to encourage PPB to continue to improve.
  I'm extremely disappointed that the Bargaining Updates page has not been updated since before the Community Conversation. It was already out of date on April 11, as it was stated at Dishman that the parties had already met three times, whereas the website still only says two times.
  Out of character for a PCCEP hosted event - I do not recall all the City employees introducing themselves at the Community Conversation - in particular, folks from BHR. It would also be good to announce from the outset whether or not there are any armed police officers in the room.
- **Kip S- PCCEP Policy & Reform Co-Chair** (18:34:27): Reacted to "PCCEP folks - Thank ..." with ❤️
- **Tia Palafox** (18:34:31): Reacted to "PCCEP folks - Thank ..." with ❤️
- **Tia Palafox** (18:34:45): Replying to "PCCEP folks - Thank ..."
  Thank you for being there!
- **Marc Poris** (18:34:47): My two personal priorities for PPA bargaining are fixing (or, rather, improving upon) the 48 Hour Rule to ensure that officers who use deadly force or are involved in in-custody deaths get interviewed no later than by the end of their shift, which the OIR Group has recommended since at least 2012. Also, the proposed change to 1010.10 to codify identifying officers in those same types of incidents from 24 hours to 15 days should not happen. There is already a clause that allows PPB to withhold the names when there is a "credible security threat" so Chief Lovell's 2022 Executive Order (which, by the way, does not appear anywhere on the City's website) should be rescinded, the current language in 1010.10 should stand,

and PPB should actively state that there is a "credible security threat" when they choose not to identify the officers within 24 hours.

- **Marc Poris** (18:34:48): Thank you all for your work on PCCEP - I truly appreciate your work, and I am grateful for codification!
  I need to sign off and look forward to watching the rest of this meeting on YouTube.
- **Leslie Martinez | she/her | PCCEP** (18:35:08): Reacted to "Thank you all for yo..." with ❤️
