 Hello and Good Evening,  
 My name is Kala Franklin- I regularly attend PCCEP meetings and listened to the Community and Public Safety Committee Meeting for the first time yesterday because I wanted to listen to the Portland Police Bureau's presentation.  
 This is where I learned about the public order event that occurred between community members of Old Town and the Community Free Store.  
 I was originally planning to attend PCCEP due to the presentation related to PPB however I saw on PCCEP's Instagram story that the public order event is going to be discussed tonight and I have some questions.  
 From what it stated from the Community Free Store's Instagram the public order event on March 13th (the public order response) occurred due to a protest from Old Town community members.
- Kala Franklin (she/her) (18:44:16):**

 For the benefit of the discussion and in context of my questions here in the social media post of the public order response:

 Prior to the public order event was the community members of Old Town given information to Safe Blocks ?  
<https://www.portland.gov/community-safety/ovp/safe-blocks/aboutsafeblocks>  
 The Office of Violence Prevention provides security assessments-Was there a security assessment of the area prior to police involvement?  
<https://www.portland.gov/community-safety/ovp/safe-blocks/cpted>  
 Portland Solutions offers regular Problem Solvers meetings to the residents of Portland for our various neighborhoods- was the neighborhood offered to participate in the Problem Solvers meetings so they could request mediation with Community Free Store?  
<https://www.portland.gov/pemo/aboutpemo>
- Kala Franklin (she/her) (18:44:31):**  
 Replying to "Hello and Good Evening, My name is Kala Franklin...":  
 During the Public Order Response did Portland Police contact any community organizations (Portland Peace Team) for mediation?  
 There seems to be an upcoming planned protest from the Community Free Store and other community members of Portland that will be at the Society Hotel- Will the Community Free Store be engaging with the Public Order Team's liaison and community mediation organization (Portland Peace Team) to ensure the event remains peaceful?  
<https://www.portland.gov/police/community/public-order>  
 The public order event seems to be in relation to a disagreement over community safety and the impact services being provided by the Community Free Store in the neighborhood.

 Replying to "Hello and Good Evening, My name is Kala Franklin...":  
 In my spare time I provide outreach to the homeless population in Portland and given the the public order response/event intersects within my volunteer work I have some questions about safety efforts made by the Community Free Store:  
 Does the Community Free Store have a good neighbor commitment and liaison to interact directly with residents, small businesses and other organizations in the area?  
<https://www.portland.gov/shelter-services/city-shelter-services-program-overview/good-neighbor-commitments>  
 After providing services in the neighborhood does the Community Free Store walk around the neighborhood to pick up any trash related to the distribution?

 The City offers the ability to offers the ability to request a street outreach worker by geotagging the location of the tent and tarp that you gave to the individuals, given that tents and tarps aren't adequate shelter, does your organization connect those you serve with services?

 My final, and last question in relation to police presence on March 7th for the Community Free Store:  
[https://www.instagram.com/p/DG6iPMTSy6W/?img\\_index=3](https://www.instagram.com/p/DG6iPMTSy6W/?img_index=3)  
 Given that the neighbors of Stadium Hood, Hollywood, and Old Town request the presence of police officers when tabling events occur (for example Portland People's Outreach Project) will PCCEP be willing to work directly with the Mayor's office, Community Safety Division, and the Community and Public Safety Committee to establish community agreements and other preventive policies that ensure pathways of mediation, and consider recommendations for better citywide permitting for tabling?  
 This includes permitting for activities related to the Community Free Store as well.  
 Thank you for taking the time to read my questions, and the policy recommendation in relation to this policing matter.

- **Stephanie Howard** (18:49:06):  
 Replying to "Hello and Good Evening, My name is Kala Franklin...":  
 HI Kala! I can address a couple of your questions. First, the Office of Violence Prevention and Safe Blocks teams have teams that work with Portland Solutions to support CPTED (Crime Prevention Through Environmental Design) assessments and principles. The community in this particular area are highly engaged with the City teams to problem solve for chronic safety issues. These groups do not, however, respond to the scene of incidents while they are happening.  
 I think City teams would welcome an opportunity to work with any community members to mediate concerns or conflicts, and I am always happy to be a point of contact to help connect the right teams to do that. My email is [stephanie.howard@portlandoregon.gov](mailto:stephanie.howard@portlandoregon.gov).
