

PCCEP Recommendation

PPB officers to request Trauma Intervention Program (TIP)

January 26, 2021

MEMBERS IN FAVOR

Unanimous

The PCCEP recommends that: A. Portland Police Bureau (PPB) develop and implement a process whereby all PPB officers will be trained to request the Trauma Intervention Program (TIP) through the Bureau of Emergency Communications (BOEC) for all lethal force incidents. B. PPB to update the After Action Reports Checklist to include check-box Question- TIP was requested.

Adopted in part: PPB will develop a training for all members on the Trauma Intervention Program (TIP) and when TIP should be requested to respond to a lethal force event.

However, the standard "After-Action Report" is not used in the investigation of lethal force incidents so the request cannot be documented there.

A handwritten signature in black ink, appearing to read "Chief Charles Lovell".
