The discussion group was created as part of the Portland Police Association bargaining in 2022. Our summary of the discussion:
PPA: We shouldn't be going to mental health calls.
City: OK, PSR will do it.
PPA: Don't take our work away from us!

I just want to re-iterate that the intersection of our influence to police interaction outcomes is presently mostly driven by the consent decree to ensure constitutionality and to avoid harm. We have wide berth to discuss issues of public safety and have community discussion and input on directions we promote.
