COMMUNITY AGREEMENTS PART 1

The Police Accountability Commission agrees to approach its work with honesty, openness, and willingness to work together to develop and achieve shared goals. The Commission will work with each other, city staff support, and external support to address issues as they arise, communicate openly, and meet each other's needs as part of working to meet the city's needs as a Commission. All Commission members, as well as city staff support and external support, will abide by these agreements as we perform the duties and mandates of the Commission.

Our expectations of ourselves, and of each other, include:

Keep the needs and concerns of the local community and the larger region at the forefront of the work.

Always confront oppression.

Keep focus on the objectives of the meetings and individual agenda items; utilize facilitators to note additional topics for discussion.

Arrive on time and prepared (to the best of your ability).

Give notice if you are unable to attend a meeting.

Keep multi-tasking to a minimum.

Contribute to the overall success of the group by finding ways to participate that best meet your needs.

Allow those who participate in different ways, or have types of participation or tasks they are responsible for, to fulfil their roles.

Model appropriate behavior, treating everyone with dignity and respect, and promoting an ethical, equitable, and inclusive culture free from all forms of harassment.

COMMUNITY AGREEMENTS PART 2

Wholeheartedly uplift and support the Commission, our colleagues, and our collaborators, and portray them positively rather than casting them in an unfavorable light.

Act with awareness that our actions could harm our colleagues and collaborators, who have the right to be free from being unfairly criticized or cast unfavorably.

Provide space for minority viewpoints and legitimate concerns about decisions and actions, as well as complaints about conduct, without reprisal.

Listen without agenda and refrain from interruptions.

Be polite, courteous, and thoughtful.

Keep in mind that everyone has their own truth.

Assume good intentions from our colleagues and collaborators. Challenge ideas rather than individuals. Approach different opinions with curiosity. Seek to understand.

Use “I” statements.

Affirm other speakers. Do not use violent words; instead, say something positive about the previous speaker and simply add your own thoughts.

Respect privacy. Everything shared in confidence needs to be kept in confidence.

Honor the decisions of the group, even if they are not your preferred outcome. You might not personally agree with every decision.

Do not overstate or mischaracterize the work, level of agreement, or progress of the commission.

Accept non-closure.

COMMUNITY AGREEMENTS

If you notice that a conversation is coming close to violating a community agreement, please call your fellow commission members in gently and with compassion. If you are called in, please take a moment to consider how you can best participate in the space while still respecting the community agreements and making space for everyone.

Do we all commit to following the Community Agreements for today's meeting, and to gently calling in our colleagues and collaborators if needed?
