Item 1: Thumb drive of video showing ELIFRITZ exiting and running from crashed vehicle

NARRATIVE

On 04/10/18, Detective Cory Stenzel informed me that Quadrant Systems had video surveillance footage of ELIFRITZ driving the stolen Honda CRV, and stopping and running from the vehicle on SE MLK Boulevard, just to the north of SE Stark Street.

On 04/11/18, I retrieved a copy of the video from Quadrant Systems and reviewed the footage. I know from reviewing separate video footage of the stolen Honda CRV, ELIFRITZ crashed into a curb just prior to and to the north of this location, and when reviewing this video, I could see the front right tire was severely damaged.

On the Quadrant Systems video, I observed the vehicle traveling southbound, slowing down with ELIFRITZ hanging out of the driver's side door. The vehicle came to a stop just to the north of SE Stark Street, and on top of the MAX tracks. ELIFRITZ got out of the vehicle, wearing jeans and no shirt, and took off running to the south and out of view.

<b>SUBJECT</b> SGT. DUNBAR INTERVIEW	

WITNESS OFFICER INTERVIEW

Sgt. Robin Dunbar  
DPSST # 47968  
Central Precinct  
Afternoon shift- 3815

Portland Police Bureau  
PUBLIC RECORD RELEASE  
CONFIDENTIAL

This report reflects my interview with Portland Police Bureau Sergeant Robin Dunbar who was a witness to the officer involved shooting inside of the City Team Ministries.

On April 7th, 2018 at approximately 2200 I was activated to respond to an officer involved shooting investigation as a Multnomah County Sheriff's Office Detective and member of the East Multnomah County Major Crimes Team. As part of that assignment I was asked to assist in the interviewing of witnesses officers.

At approximately 0247 Detective Tony Cobb from the Gresham Police Depart and I conducted the interview with Sgt. Robin Dunbar on the thirteenth floor of the Portland Police Bureau. We utilized an office in the Cold Case unit to do the interview. Also in attendance during the interview was Portland Police Association representative Sergeant Kyle Nice.

I advised Sgt. Dunbar and Sgt. Nice that we were going to record the conversation which they both acknowledged. Det. Cobb then activated the recorder and the following is a summary of the recorded interview. This summary may not follow the chronological order of the interview as it progressed. Additionally, this summary does not contain each and every topic of discussion mentioned during the course of the interview. For additional details please refer to the digital recording of the interview. A transcript of the interview was completed and is attached to this report.

Robin Dunbar is a Sergeant with the Portland Police Bureau and was on duty April 7th 2018 as a Central Precinct Sargent utilizing call number 3815. Dunbar is assigned to the afternoon shift which usually begins at 1600 and ends at 0200, however today her hours were adjusted so she began at 1500.

She was driving a marked supervisor patrol vehicle around downtown Portland when she first heard a dispatch come over the radio that someone had parked a silver vehicle in the middle of MLK at Stark and walked way. Sgt. Dunbar pulled up the call and then heard more information over the radio that the car had been involved in a carjacking from earlier. She then headed over to the Southeast area to help assist in looking for the subject. She drove to the area of Southeast Water area at first because no one had the direction of travel of the subject who left the vehicle on foot. The subject who left the vehicle was described as possibly being Hispanic wearing jeans with no shirt on. He also had tattoos visible. She advised dispatch she would be in the area looking for the subject in the blocks near that area.

New updates came in over the radio from an officer that was at the vehicle about the person who walked away. The officer was told by a witness that the subject was last seen walking away kind of casually eastbound on SE Stark Street. Sgt. Dunbar then moved locations and headed east toward Stark and 9th avenue and began to work her way back down Stark to see if she could see him walking down side streets.

After having no luck finding the subject, Sgt. Dunbar drove by the location where the vehicle had been dumped to check on everyone there. She observed they (officers) were talking to witnesses so she continued to check the area for the subject. She then drove south to the Waterfront area and the Hawthorne Bridge in case he may have changed directions.

Sgt. Dunbar then heard a dispatch over the radio that either Fire or AMR personnel may have seen a male up by Jackson's gas station wearing a blue jacket that was holding a knife. The subject was possibly holding the knife up to his throat. She quickly turned around and drove in that direction. She then heard Officer Nell on the radio state that the photo he received from someone, possibly from another officer, matched the description of the person they thought they saw walking away from the vehicle that was abandoned in the middle of the street.

En route to Jackson's gas station, Sgt. Dunbar heard over the radio that the subject now might have gone into the Team Ministries. She then heard the subject was inside and stepped up her response to the scene by activating her lights and siren (Code 3). As she was going northbound on Grand, she was about a block and a half away when she observed who she thought was Sgt. Axthelm get out of his car and run into the building ( Team Ministries). Sgt. Dunbar heard "Less-lethal deployed" over the radio and was not aware of who said it. The air (Radio) was held so she continued to get there as quickly as possible. Shortly after the less lethal command, she heard Sgt. Axthelm state over the radio "Shots fired".

Sgt. Dunbar arrived on scene and parked her vehicle near the intersection of SE Grand and SE Washington Street. I asked Sgt. Dunbar to show me on a Google satellite map of the area that I provided her. She then marked an X on the location where she said she parked and subsequently signed and dated the map. After parking her vehicle, she locked her car door and ran towards the building to the north (Team Ministries).

As she approached the Team Ministries building, she observed vehicles, bicycles and lots of people that would have been inside Team Ministries standing outside on the sidewalk and in front of the doorway. Sgt. Dunbar described the scene as being very loud as she approached the front door of the Team Ministries building. When she first came up to the door, she thought she heard the popping of a less lethal 40 millimeter round. At the door she could see inside and observed people (Police) had their guns out pointed at the suspect who was on the ground. She was able to see the subject on the floor off to the right out in front of her. There was "blood splatter on the floor" near the subject and where the officers were standing. She saw Sgt. Axthelm was a little off to her left and was giving directions. Sgt. Axthelm gave a command something similar to deploying the less lethal at the (suspect) to make sure he is "...not moving in case he's another threat". Sgt. Dunbar then moved off to the right and could see the subject on the ground not moving.

The subject didn't move, so Sgt. Axthelm said "Let's move up" so "we" (Sgt. Dunbar and others) all moved up to the subject. She was now at the foot of the subject that was on the ground. The subject was slightly moved (by Police) and she saw the knife drop which she saw on his right hand side. It was now just away from his hand that was palm up. Sgt. Axthelm instructed people to not move the knife and then asked for people to back up away from the subject. She clarified she was present when two 40 millimeter rounds were deployed. One of the deployed 40 millimeter less lethal rounds was done at the command of Sgt. Axthelm.

As officers and sergeant's backed away from the subject, Sgt. Axthelm told them all to separate into two groups of shooters and those who deployed less-lethal. Sgt. Dunbar then instructed other officers to secure the scene and have all the civilian witnesses contacted so they didn't leave.

Sgt. Dunbar carries a Glock model 17, 9 mm duty pistol and a Taser. She stated she did not fire her duty weapon or her Taser during this incident.

A recording of the interview was placed on a CD and provided to PPB Detectives along with a printed transcript of the interview and the map utilized during the interview.

46 Jay Pentheny: Afternoons. Okay. And what is -- just to clarify for you guys -- afternoon?  
47 When do you start and when does that stop?  
48  
49 Robin Dunbar: Uh, it starts at 1600 to 0200.  
50  
51 Jay Pentheny: 'Kay.  
52  
53 Robin Dunbar: Uh, today my hours though were adjusted so I started at 1500.

55 Jay Pentheny: 'Kay.

58  
59 Jay Pentheny: And you're in a sergeant marked vehicle...

61 Robin Dunbar: Correct.  
62  
63 Jay Pentheny: ...and everything? All right. Okay. Can you go ahead and take us through the  
64 events of what occurred leading up to this incident tonight? And then, um,  
65 we'll fill in some questions and just kinda let you brief - flow through that and  
66 then we'll pop in the end with some things we wanna follow up with.  
67  
68 Robin Dunbar: Uh, I was drivin' around in my patrol vehicle and I heard the Dispatch come  
69 out about, uh a vehicle that may have been involved in a carjacking. They said  
70 that there was a silver vehicle. Uh, people were callin' in that somebody had  
71 parked it in the middle of the street on MLK at Stark and walked away. Uh, so  
72 I pulled up the car at call and we've got more information from Dispatch  
73 sayin' that they believed that car had been involved in a carjacking, uh, from  
74 earlier. Um, so I was downtown and went ahead and headed over to the  
75 southeast area to help assist in looking for that person.  
76  
77 Jay Pentheny: 'Kay. What part of the Southeast area do you mean?  
78  
79 Robin Dunbar: Uh, Southeast eh, as far as Southeast I went over to Southeast Water area, uh,  
80 'cause we - I didn't hear a direction yet of travel from...  
81  
82 Jay Pentheny: 'Kay.  
83  
84 Robin Dunbar: ...h- the person that left the vehicle. Uh, the - described as a male, uh, possibly  
85 Hispanic, jeans, no shirt, tattoos, uh, so that's who I was looking for in that  
86 area. I told Dispatch that I would start walking, uh, looking around, uh,  
87 Southeast Water and, um, started heading that way to see if I could find him.  
88  
89 Jay Pentheny: Do you remember the approximate time when this thing came out?

92  
93 Jay Pentheny: Okay.  
94  
95 Robin Dunbar: Sorry.  
96  
97 Jay Pentheny: It's okay. Um, then what happened?  
98  
99 Robin Dunbar: Uh, updates came in that an officer was at the vehicle. Uh, they were told by a  
100 witness that the suspect was last seen walking kinda casually, uh, eastbound  
101 on Stark. So that changed from where I was to where the location he might  
102 be...  
103  
104 ((Crosstalk))  
105  
106 Robin Dunbar: ...so I went ahead and headed east towards, uh, Stark. I went up to, like, Stark  
107 and, uh 9th - Southeast 9th and started working my way back down Stark to  
108 see if I could see him walking down the side streets.

117 where the vehicle was. Checked on everybody, uh, visually to make sure they  
118 were fine. Uh, I saw that they were talking to witnesses and I continued to  
119 check the area. Went back, um, south rather than east in case he had - might  
120 have changed directions. Checking down, uh, towards, uh, the Waterfront area  
121 and the Hawthorne again - the Hawthorne Bridge area.  
122  
123 Jay Pentheny: 'Kay. Were there other cars in the area with you at this time looking for him?

137 Jay Pentheny: And then what'd you do after that?  
138  
139 Robin Dunbar: Uh, it came outta information from Dispatch that I believe it was the, uh, Fire

146 they said. Um, I quickly turned around and started heading that way and we

181 Robin Dunbar: ...sayin', uh, it was either A.M.R. - I wanna say it was the Fire Department.  
182 But they said that the - there was a guy there with a knife that was possibly to  
183 his throat. Uh, I heard officers say they'd head that way. I believe it was  
184 Officer - from his voice, uh, Officer (Nutting) -- I can't be 100% sure on that.

197 heard Sergeant Axthelm said he was on scene. I believe that was him running  
198 into the building. I pulled up, put my car in gear. They said, "Shots fired." Uh,

411 Jay Pentheny: Um, when you came up to the door and the officers are inside did you hear  
412 any commands or anything like that being given?  
413  
414 Robin Dunbar: Yes.  
415  
416 Jay Pentheny: Okay. What'd - what'd you hear?  
417  
418 Robin Dunbar: Um, it was really loud.  
419  
420 Jay Pentheny: Mmm.  
421  
422 Robin Dunbar: Uh, when I first came up there I heard I'm gonna say, like, popping but it  
423 wasn't shots. I believe it was the 40, um, the less-lethal 40 millimeters. Uh, I  
424 heard - as soon as I got in the door I could see...  
425  
426 ((Crosstalk))  
427  
428 Robin Dunbar: ...people had their guns out pointed at the suspect who was on the ground.  
429 Um, Roger Axthelm was a little off to my left and he was giving directions.  
430  
431 Man: (Unintelligible) the wall.  
432  
433 Robin Dunbar: Um, I heard him tell somebody to, uh, deploy the less-lethal into him. Uh,  
434 they didn't s- he didn't say deploy into him but he said, "Let's," you know,  
435 "Make sure that he's not," you know, "Responding."  
436  
437 Jay Pentheny: 'Kay.  
438  
439 Robin Dunbar: Uh, "Moving in case he's another threat."  
440  
441 Man: (Unintelligible).  
442  
443 Robin Dunbar: Uh, then I moved off to the s- the right. I could see the subject still on the  
444 ground. Uh, I didn't see him moving. Officers were still lined up around. Uh, I  
445 can't tell ya how many were in there -- there was quite a few. And, uh,  
446 (Roger), uh, Sergeant Axthelm had them deploy another 40 less-lethal to see if  
447 he moved.  
448  
449 Man: Yeah, he...

587

623 uh, even where the officers were standing. And I know that sometime on the

## STATEMENT

AUTHOR PENTHENY, JAY R (28383)	DATE/TIME 04/11/2018 1327
SUBJECT WITNESS [REDACTED] INTERVIEW	

This report reflects my interview with [REDACTED] who was a witness to the officer involved shooting inside of the City Team Ministries.

On April 7th, 2018 at approximately 2200 I was activated to respond to an officer involved shooting investigation as a Multnomah County Sheriff's Office Detective and member of the East Multnomah County Major Crimes Team. Upon my arrival at the scene I was tasked with other detectives to interview witnesses that were inside of the City Team Ministries where the incident occurred.

At approximately 2334 I interviewed [REDACTED] at the Multnomah County Sheriff's Office located at 501 SE Hawthorne Blvd. in Portland. We utilized conference room # 356 on the third floor of the office to do the recorded interview. I introduced myself to [REDACTED] and thanked him for agreeing to talk to us about what he saw or heard tonight. He said not a problem and he was there at our disposal. [REDACTED] told me that he is employed as a [REDACTED] at the [REDACTED] and works graveyard from [REDACTED]. He currently resides at [REDACTED]. His cell phone number is [REDACTED]. I advised him I wanted to record the interview and he said ok. I then activated my digital recorder to record the interview.

The following information is a summary of the interview of [REDACTED]. This summary is based on [REDACTED] verbal statements. This summary may not follow the chronological order of the interview as it progressed. Additionally, this summary does not contain each and every topic of discussion mentioned during the course of the interview. For additional details please refer to the digital recording of the interview. A transcript of the interview was completed and attached to this report.

[REDACTED] was invited to be a [REDACTED] meeting tonight at the homeless shelter. A little after 7 p.m., a man came into the building without a shirt on and was yelling that he needed a shirt or a blanket. He was twitching and fidgeting and "He was acting like he was methed out". He clarified that methed out meant the man was fidgety, moving quickly and twitching his body as he moved back and forth to the window like he was paranoid. [REDACTED] observed the man rummage through a box and pull out a purple and teal jacket. The man then left the building while people were sharing their AA experiences.

The man then came back in the building and was staring out the window watching the police lights and activity outside. Someone inside the meeting yelled out "Holy shit he's killing himself". [REDACTED] then saw the man had a knife in his right hand and was cutting himself on the left side of his neck. People began to clear away from him and then he started to cut the other side of his neck. [REDACTED] thought he heard the man say something like "just killed my family and they are going to kill me". Someone opened up the door and yelled, he is in here.

[REDACTED] saw officers come inside and tell everyone to get back and the room parted to the sides. [REDACTED] heard officers give commands to drop the knife, put down the weapon and drop the weapon. [REDACTED] then heard the snap sound followed by a buzz a couple times. He thinks the officers were trying to Taser the man which he said didn't really seem to have an effect. He thought maybe only one of them (Taser fires) hit him.

PUBLIC RECORD RELEASECASE NUMBER  
GO 42 2018-114856**CONFIDENTIAL**

Someone then shot bean bag rounds or the non-lethal rounds. [REDACTED] clarified that he could tell the rounds were non-lethal because normal shot-gun shells are a lot louder. He also saw the man move from the impact. He thought there were two or three bean bags fired and was not sure how many officers fired them. [REDACTED] both heard and saw the bean bag rounds being fired. "Ah...I've got my peripheral, I see the flash from the gun and one of the shots I see him get impacted but it wasn't enough to knock him over or do anything. It kind of seemed to piss him off." He added that if it was a real shotgun shell it would have drawn blood or knocked him over. [REDACTED] was standing by the pillar on the left side of the room when he observed the Taser and bean bag rounds being fired by the officers.

At this point, [REDACTED] left the inside of the building and grabbed the guy that was in front of him filming the incident with his phone and took him outside of the fire exit. He described the man filming as an Asian who was about 5'4" - 5'6" tall, 130 lbs. and was wearing glasses.

As [REDACTED] got outside, he was standing looking inside the room. He could see the man had the knife in his right hand. He couldn't really discern what the officers were saying to him. He heard a couple pistol shots. The man took a couple of steps towards the police and the officers fired multiple shots from multiple weapons. "He took a few steps forward, he's got the knife up as he's going towards the police officers with the knife and I think all of them opened fire on him." He described the manner the man was coming at the officers as having his knife in his right hand and a little over his head with the blade pointed up. The man then collapsed down on the floor facing the officers. [REDACTED] described the knife the man was holding as a kitchen or steak knife that was about four to six inches long.

[REDACTED] and others were then moved out of the way by officers, briefly interviewed and taken to a bus to wait.

The interview was concluded at approximately 2348. As we left the interview, MCSO Det. Sgt. Lee Gosson assisted in escorting the witnesses back down to the first floor. During this process, [REDACTED] was asked if he had reviewed any video regarding the incident. He stated he had not watched any video regarding the incident.

A recording of the interview was placed on a CD and provided to PPB Detectives along with a printed transcript of the interview.

JP: DETECTIVE JAY PENTHENY, Multnomah County Sheriff's Office  
[REDACTED]

JP: This is Detective Jay Pentheny with the Multnomah County Sheriff's Office. Today's date is Saturday April 7<sup>th</sup>. Time is approximately 23:34. I'm at the Multnomah County Sheriff's Office, Multnomah Building. Interview room number 365. Present with me is Mr. [REDACTED] Mr. [REDACTED] you are aware that we are recording this?

[REDACTED] I am.

JP: All right and I would like to talk to you tonight, about the incident that you may have observed down there in Portland. Wondering if you could tell me what you saw, heard and observed tonight and why you were where you were at?

[REDACTED] Okay. [REDACTED] at the AA meeting held at that homeless shelter. Um...little bit after...35 after 7:00-ish...ah...guy comes into the building without a shirt on yelling that he needs a shirt or a blanket. Twitching, fidgeting he ends up rummaging through a box and pulls out a jacket that was like...teal and purple and he leaves comes back in while people in the audience are sharing their AA experience strength and home. Um...he comes back inside and staring out the window watching the police lights outside and the police activity outside. Then somebody yells, "Holy shit he's killing himself" and the man's got a knife in his right hand cuttin' on the left side of his neck. People start clearing away from him and he starts cutting on the other side of the...said something along the lines, like just killed my family they are going to kill me and the room, room keeps clearing away from him. Somebody opens up the door and yells he's in here. The officers come in, tell everybody to get back and the room parts to the sides. The officers are telling him to put...drop the knife. Put down the weapon. I hear a snap sound followed by a buzz a couple of times. I think they were trying to Taser him. Didn't really seem to have an effect. Then they, they shot the bean bag rounds or the non-lethal rounds. I can tell they were non-lethal 'cuz normal shot gun shells are a lot louder and seeing him move from the impact. You know if it was a real, a real shot gun shell it would have drawn blood or knocked him over and...I grabbed the guy that was in front of me filming it with his phone and took him outside of the fire exit. Located on the left hand side and right along and it's down a hallway and a door that leads immediately outside. Turned outside. Looking in the building. The man's got the knife in his right hand couldn't really discern what the officers were saying to him, there was a few pistol shots....and the guy...holding the knife in his right hand. Took a couple of steps towards the police and the officers fired multiple shots from multiple weapons and the man collapsed down to the floor facing the officers. Another officer from outside the building told us to clear out. Walked around the building to go where our truck was parked. Once I gathered up the other three gentlemen I was with and we were stopped by officers at the back of the building. Gave statement and he had us wait, me and another guy wait over at the bus where we made another statement and we waited there at the bus to come here and do this interview.

JP: Okay. Could you describe again for me what he was wearing when he came in?

[REDACTED] Ah...no shirt. Dark athletic pants...I believe they were blue, maybe black.

JP: Okay. And how was he acting? Could you describe his demeanor?

[REDACTED] He was acting like he was methed out.

JP: Okay. When you say methed out...on...

[REDACTED] Fidgety. Moving quickly. Rash...twitching of his body. Walking back and forth towards the window looking out like he's paranoid.

JP: Was he saying anything when he came in?

[REDACTED] When he first came in he had said he needed a, a shirt or a blanket, now.

JP: Okay. Now you mentioned the... a Taser and what did you see or hear from the Taser...what did it...?

[REDACTED] A snap and a buzzing sound.

JP: Okay. Were...

[REDACTED] And couple of, two or maybe three times fired. I don't...I think maybe only one of them hit him.

JP: Okay and when you say that is that something that you saw or physically on him, like you saw him get hit or not get hit or things that you heard?

[REDACTED] Um...kind of a correlation...well...is something not get hit, hearing you know the snap but then it hit something off on the side. I don't know whether it was one of the pillars or some part of the island. Um... 'cuz he was trying to take cover around that fricking island that was in the center where the water dispensers at.

JP: Okay and then you talked about a bean bag round being fired. Did you know how many of those were fired and or how many different rifles may have fired them?

[REDACTED] Um...two or three. Not sure how many different were firing at.

JP: Okay. Is that something that you heard or that you saw?

[REDACTED] Both.

JP: Okay. So you saw officers with shot guns?

[REDACTED] Ah...I've got my peripheral, I see the flash from the gun and one of the shots I see, him get impacted but it wasn't enough to knock him over or do anything. It kind of seemed to piss him off.

JP: And where were you standing when this stuff occurred with the Taser and the bean bag rounds?

[REDACTED] Um...by the pillar on the left hand side of the room.

JP: Okay.

[REDACTED] Right next to the table.

JP: All right.

[REDACTED] First place I saw with some semblance of cover.

JP: Did you hear the officers say anything to him?

[REDACTED] Ya...was "Drop the knife. Put down the knife. Drop the weapon."

JP: Okay. Could you describe the weapon for me that you saw?

[REDACTED] It was a knife. Four to six inches long.

JP: Okay. Like was it a pocket knife or a?

[REDACTED] It did not look like it was a pocket knife. It looked it was probably a kitchen knife. Like a steak knife or something.

JP: Okay. But you could tell it was an open blade kind of thing you could see?

[REDACTED] Yeah.

JP: Okay. You mentioned him cutting himself. In...can you tell me again which hand he had the knife in?

[REDACTED] His right hand.

JP: And was he cutting himself on which side or what part of his body?

[REDACTED] The...when he first started cutting on himself was on the left side of his neck and then the second time was on the right.

JP: Okay. Was anyone saying anything to him while he was doing that?

[REDACTED] Don't remember.

JP: Okay. Was he saying anything to...

[REDACTED] (Can't understand)

JP: Anyone else while he was doing it?

[REDACTED] Yeah he wasn't saying anything while he was cutting myself, while he was cutting himself. Um...people were like, no don't. What are you doing? You know not knowing exactly who...

JP: Yeah.

[REDACTED] With all the commotion.

JP: Maybe trying to get him to stop or something like that? Um

[REDACTED] People...a handful of people with, not really discernable, what the fucks.

JP: Yeah. So is he yelling fuck quite a bit?

[REDACTED] Yeah.

JP: Okay.

[REDACTED] He did tell people to fuck off.

JP: Yeah. How soon after did you see officers come in? After that happened? So he's cutting himself, how long after?

[REDACTED] Ah... one and a half to two minutes.

JP: Okay. Now let's clarify, you said you heard them saying to drop the knife or to drop the weapon? Something like that?

[REDACTED] Yeah. Both of the times.

JP: All right and then you said you heard a buzzing snap sounds of the Taser...

[REDACTED] Yep.

JP: And then you heard the bean bag round.

[REDACTED] Yeah.

JP: That you thought was a bean bag round.

[REDACTED] Could have been a rubber round. I don't know.

JP: Okay and then you....I want to clarify, you said you heard a couple of pistol shots and then what happened?

[REDACTED] Not just hear, watching it.

JP: Yeah, you saw....

[REDACTED] Um...say, hear it and you could see the smoke coming from the front of the officers...they fired, you know.

JP: Okay. So after those couple of shots then what did the guy do?

[REDACTED] He took a few steps forward he's got the knife up as he's going towards the police officers with the knife and I think all of them opened fire on him.

JP: What kind of manner was he coming at the officers? How would you describe that?

[REDACTED] Knife up in his hand. Just coming.

JP: And you are describing, showing me right now, in the right hand. Is that correct?

[REDACTED] Yeah.

JP: Okay. Okay. That's when you heard multiple gun shots? Again. Is that correct?

[REDACTED] Um... when I was inside it was definitely in his right hand. Thinking about looking inside, could be just being facing from the opposite angle something tells me that he may have switched hands.

JP: Okay.

[REDACTED] From the time that I went outside and went and looked around. 'Cuz like...no...his right hand. His right hand.

JP: Okay. Yeah if you are not sure, then it's not, it's but what you're, I'm understanding you telling me like inside you are seeing it in his right hand. You went outside taking a look inside through a window and still has a knife in a hand.

[REDACTED] Yeah.

JP: At least, correct?

[REDACTED] It was....

JP: Which you believe is in the right hand.

[REDACTED] Um...arm out about, no a little over his head level...approaching the officers with a knife up, you know.

JP: Okay.

[REDACTED] Blade pointed up. Not down.

JP: Okay...and did you hear or see the multiple shots after that?

[REDACTED] Yes... both of them.

JP: Both of that. You saw the shots and then you saw...or you heard the shots as well. And what did you see him do after you heard the shots.

[REDACTED] Ah, he collapsed forward.

JP: Okay. Was there anything else after that point that you heard or saw?

[REDACTED] Not that I can remember.

JP: Okay. Is there anything else I haven't asked you, that you think would be important for me to know?

[REDACTED] On...the I did mention the guy with the phone.

JP: Okay.

[REDACTED]  
JP: And he what was he doing with his phone again?

[REDACTED] He, he filmed everything up, up to the point of where the bean bags were done and the officers told us all just to get out and I pulled him along the fire exit. It was just like well I'm not going to be the only one running to safety.

JP: Yeah.

[REDACTED] There's somebody else I can get safe.

JP: Yeah and you've never seen this gentlemen before?

[REDACTED] No.

JP: Okay. Okay. All right. Well I appreciate your time and talking to me. I'll go ahead and conclude the interview. The time is approximately 11:48.

## STATEMENT

<b>AUTHOR</b> PENTHENY, JAY R (28383)	<b>DATE/TIME</b> 04/11/2018 1336
<b>SUBJECT</b> WITNESS [REDACTED] INTERVIEW	

This report reflects my interview with [REDACTED], who was a witness to the officer involved shooting inside of the City Team Ministries.

On April 7th, 2018 at approximately 2200 I was activated to respond to an officer involved shooting investigation as a Multnomah County Sheriff's Office Detective and a member of the East Multnomah County Major Crimes Team. Upon my arrival at the scene I was tasked with other detectives to interview witnesses that were inside of the City Team Ministries where the incident occurred.

At approximately 2355 I interviewed [REDACTED] at the Multnomah County Sheriff's Office located at 501 SE Hawthorne Blvd. in Portland. We utilized conference room # 356 on the third floor of the office to do the recorded interview. I introduced myself to [REDACTED] and thanked him for agreeing to talk to us about what he saw or heard tonight. I advised him I wanted to record the interview and he said fine. I then activated my digital recorder to record the interview.

The following information is a summary of the interview of [REDACTED]. This summary is based on [REDACTED] verbal statements. This summary may not follow the chronological order of the interview as it progressed. Additionally, this summary does not contain each and every topic of discussion mentioned during the course of the interview. For additional details please refer to the digital recording of the interview. A transcript of the interview was completed and attached to this report.

[REDACTED] is currently homeless, however is close to [REDACTED]. He stated he is currently on parole and provided his parole officer's name and phone number. [REDACTED] had not watched any video regarding the incident.

[REDACTED] was attending his AA (Alcoholics Anonymous) meeting when at about five minutes to thirty minutes away from the closing prayer, the guy came in. He described the guy as dripping, soaking wet and made a big noise making everyone turn around and look. He thought the man looked like he had been running and exhausted. He demanded a shirt or coat to cover himself with since he had no shirt on. [REDACTED] saw the man go through the dirty clothes bin near the staff office and then "they" ran him out of there.

The man was gone for a short period of time however [REDACTED] was not positive how long that time frame was. He speculated that it could have been minutes to fifteen minutes from the time he left to the time he came back. The man then came back inside within minutes and somebody in the back said "What are you doing"? [REDACTED] looked back and saw the man cutting his neck with either a box cutter or a knife and saw blood shooting out after he cut himself. He never did establish what the weapon was and heard from someone else that it was a box cutter. The man was cutting with his right hand/arm from around his ear section down towards his Adams apple. He then stabbed himself in the neck which scared the workers at the meeting. [REDACTED] visually demonstrated pulling his finger from his left ear down to the center of his throat.

[REDACTED] described an older man about 70 years old was close to the man cutting himself. The elderly man was about a foot or so away from the man. The man cutting himself started grabbing for the elderly man so [REDACTED] grabbed the elderly man and pulled him over and away. [REDACTED] then took a coat and spun it in a circle and wrapped it around his arm. [REDACTED] visually showed me he held up his arm like he was going to push the subject back to stop the situation. He then said the police came in and he backed away.

CASE NUMBER  
GO 42 2018-114856

Police were "...giving him orders to drop the knife and this and that". [REDACTED] described hearing and seeing two bean bag, 40 millimeter rounds go off. He's (the subject) not physically going after staff or any of his fellow brothers so he said to himself to let the police deal with it. At that point he backed off and pushed people against the wall.

I asked [REDACTED] if he heard the police saying anything. He said at first he could just hear some garbled talk "...first thing I saw was the 40 mill non-lethal that was aimed down at that was the guy talking, saying something ah...and also the guy cop were like drop the knife, put the knife down. That you know try and get him to I mean, he was just trying to hurt himself and...." [REDACTED] said after he saw and heard two bean bags deployed, then five 223. rounds were shot. He said the bean bag had no effect at all. At the time of the five 223. rounds were fired he pushed out the door and went outside. [REDACTED] then said as he thinks back he may have been outside when the 223. rounds were fired.

[REDACTED] did not see the man threaten anyone with the knife, however thinks his look in his eye was that the old guy was a shield for a second.

The interview was concluded at approximately 0015.

A recording of the interview was placed on a CD and provided to PPB Detectives along with a printed transcript of the interview.

Ah...look like he's ah...um...ah...I don't know how to say it, like ah...like he'd been running or you know he um...exhausted kind of it...

JP: Huh-um.

[REDACTED] Still pumped up and demanding a shirt or a coat or something to cover himself with. He had no shirt on, he had, covered in rain. He had been out in the weather and we just thought it was another guy either on drugs or another homeless guy, that just couldn't take the rain too much more or whatever. Ah...people were like ew...looky he shit himself. I guess I didn't look but he had, apparently a foot, foot and a half long streak down the back of his pants where he had like defecated himself or something.

JP: Oh, okay.

[REDACTED] I didn't see that but...

JP: Okay.

[REDACTED] And I was like two feet from the guy, I didn't smell it nothin neither so...

JP: Yeah.

[REDACTED] After he had left that time he dug through the, the dirty clothes and got somethin' and I kept trying to hear what the guy was saying 'cuz it was kind of the good part and ah...that guy quieted down and they ran him out of there and he, he was back within minutes and he came in and, and I mean we looked and (Can't understand) and whatever and trying to wait for the guy to close the prayer and somebody in the back said, "What are you doing?" You know the way that he said it you know was like kind of like an oh shit thing. Like what the fuck you know and well maybe we should we look you know so I turned around and looked and then he was cutting his neck with ah either a box cutter or a knife. I never did establish what it was. I just heard somebody else say it was a box cutter.

JP: Okay.

[REDACTED] But he was cutting his neck, with his right arm. Knife in his right arm from around the ear section, down towards the Adam's apple.

JP: Okay.

[REDACTED] On the left side of his body. Slashing like that and slashing towards his face and then stabbing himself in the neck. He ah, had scared the shit out of all the guys working there...

JP: Huh-um.

[REDACTED] They pissed on themselves and hid behind the counter. Um...somebody was saying something to him, like he had a friend in there that was trying to talk to him. There was an older guy that was about close to 70. Small eld...elderly guy that stays there. Too

homeless and he was about like you know a foot, foot and a half away from the guy. The guy turned like that started grabbing for him. I grabbed the guy and pulled him over here and pushed him out and he was like oh grabbed my friends coat. Spun it in a circle and wrapped it around my arm and I didn't know what I was thinking I was going to do but the staff aren't doing shit. The fuck am I going to do. He's not hurting nobody or attacking nobody physically but himself so...

JP: Yeah, yeah.

[REDACTED] I just....

JP: Backed away?

[REDACTED] And at that point the officers were there. The police were there and ah...giving him orders to drop the knife and this and that. I heard two bean bag 40 millimeter rounds go off. At that point I backed off, pushed people against the wall. Just telling them, get down, get down. You know just like a federal prison or something. Somebody gets shot. You know everybody standing gets dropped, so.

JP: Huh-um.

[REDACTED] And this guy is on the right side by the microwave and he's, he's far enough away now that he, you know he's backed up into the building and still cutting himself and blood and stuff everywhere so ah...we was against the wall and after the, the, the two bean bags rounds there was a burst of five, 223's and not, I think it was all ah...one at that point, I don't know if there was multiple but it was just bump, bump, bump, bump, bump...five in a row. Then it was 223 live round and just did a non-lethal and then ah we were pushed out the emergency exit fire door on the left if you walk in the entrance but our immediate right and we just pushed a big group out and kept going and then from there we heard a few more shots and some yelling and stuff the officers still giving him orders or somebody still screaming or whatever. The people across the street were yelling. That's pretty much all I seen and heard ah.

JP: Okay. Can I go over what you, you told me so far then? So when this guy came in to your location...

[REDACTED] Huh-um.

JP: How did he come in? Did he come in through...

[REDACTED] He came in extremely um...bizarre.

JP: Okay and which door did he come in?

[REDACTED] The main entrance.

JP: Is there just one main entrance to come inside?

[REDACTED] Yeah for us.

[REDACTED] Yeah. He, he put something on him. It was a dark color.

[REDACTED] After what?

JP: After he got his shirt, after he got the dirty clothes thing.

[REDACTED] Yeah he left again.

[REDACTED] I can't really tell.

[REDACTED] Right outside the fire door...

JP: Yeah.

[REDACTED] About a foot and a half.

AUTHOR PHILLIPS, CALEB L (50201)	DATE/TIME 04/07/2018 1930
SUBJECT NARATIVE	

On the listed date and time I responded to the area of SE MLK and SE Stark to do an area check for a suspect that had crashed a stolen vehicle and fled on foot. While looking for the suspect described as wearing blue pants and no shirt, I heard dispatch advise that there were multiple calls involving this suspect earlier including a car jacking and a possible suicide attempt. During the search updates were given that a possible match was at the Jacksons food store and gas station at SE Grand and Washington. The next update indicated that the male may be at city team ministries shelter on SE Grand, just north of the Shell station. I was few blocks away and began heading to that location.

While enroute I heard Officers say that the male was inside and armed with knife. I exited my vehicle and continued on foot and heard Deputy Sieckowski's distinct voice say over the air something similar to this may be a hostage situation. I arrived in front of the building with several officers in front of me. The front of the building was all clear glass windows. Inside I saw a male with a bloody neck, holding a knife.

The suspect with the knife had an unknown male in front of him and was holding him using one arm around the front of the unknown male in a way that appeared against his will. The suspect was gesturing and posturing with the knife, moving it forward then back towards the other mans chest and neck. I believed the suspect was holding the unknown male hostage and aimed to due him serious harm or kill him. At one point the unknown male was able to gain a small amount of distance although I could not see how that happened. The suspect appeared to be trying to grab the male and pull him back though. At this point I heard what I know to be the firing of a less lethal 40mm launcher. I also heard loud and distinct commands announcing it was going to be less lethal. I did not hear or see any handgun or rifle fire at this time. Throughout this entire sequence of events, I heard multiple Officers yell "Drop the knife" over and over.

I also observed that the inside of the shelter was extremely chaotic and crowded. People were walking around and very few were exiting despite being told to get out for their own safety. Being towards the back of the officers at the door, I assisted in pulling innocent people out and pushing them out of the way for their safety. Because of these actions and the chaotic scene, I was not constantly watching inside.

Given the seriousness of the crimes, and the potential for the suspect to flee, I took a few arriving officers and ran around the back of the building to cover the back door and prevent the suspects escape. We arrived at the singular back door and took up positions of hard cover. I could hear

faint shots which I know to be 40 mm again. Shortly their after I heard multiple loud shots of gunfire and "shots fired" over the radio. I held my position until it was determined there was no longer a threat.

Upon leaving the back I went to the front of the building where I was assigned as a companion Officer with Deputy Scieckowski. I stayed with Deputy Scieckowski until I was relieved by MCSO command staff. At no point did Deputy Scieckowski make any statements to me about the incident. At no point did I ask him any questions about the incident other then asking him if he was ok.

It should also be noted that sometime, (I believe while running around the back of the building) I lost my PPB / Transit key fob and Police Ford key. I retraced my steps but did not locate them. I notified the appropriate staff to have it deactivated. Nothing further.

AUTHOR SNODGRASS, CLINT D (46160)	DATE/TIME 04/07/2018 1930
SUBJECT ASSIST WITH OFC. INV. SHOOTING	

I was monitoring a North Precinct radio call in which a subject was seen driving recklessly in a vehicle that was reported as being car-jacked. A few minutes after the call on North was broadcast the dispatcher said that the same vehicle had crashed a SE MLK and SE Stark and a subject wearing no shirt and light blue pants was seen running from the vehicle.

Sgt. Sweeney ask for a couple of North Officers to head to Central Precinct to assist with an area check. I volunteered to head into Central Precinct and switched my radio to Central dispatch. I was conducting an area check to the east of MLK north and south of Stark when dispatched advised a subject matching the description was in the Shelter at 509 SE Grand and was holding a knife to his throat. I was a couple blocks away so I responded to the shelter.

There were several officer already on scene and I took out my 40 mm less lethal and started to walk up to the main entrance to the shelter. I could see there was at least two other officers with their 40 mm less lethal. I heard officer say that he was towards the back of the building and they need officers on the back of the building. Myself and three other officer ran to the back of the building to set up containment and be able to engage the subject if he attempted to run out the back of the building.

As we were approaching the back of the building I hear around 4 gunshot from inside. From my training and experience I knew that they were gunshot and not less lethal munitions. The four of us officer took hard cover behind a metal dumpster as we did not know if we down range. After a few moments head of the radio that they were 10-61 and to send medical in.

I then transitioned to setting up crime scene containment by stringing tape and preventing people from accessing the back of the building and back parking lot. I heard Sergeants asking for more officer to the front of the building so I walked around to the front and was informed they needed assistance vacating the sidewalk and keeping witnesses in the area.

I assisted with moving people from the sidewalk in front of the shelter. While doing so I spoke to (WI) [REDACTED], who told me he already spoke to an officer as he had video of the incident on his phone. I asked [REDACTED] if I could see the video and if he would keep it for detectives to review. [REDACTED] said he wanted the detectives to see the video and would remain on scene.

[REDACTED] told me this was his first night in the shelter. He said a guy came in with no shirt on and he looked like he soiled his pants. He said

the cops came in and gave him ample warnings and beanbaged him. He said he then started stabbing his neck and ran towards the cops and they opened fire. He said "they gave him every opportunity".

Sgt. Bren then asked me to locate an RP for the building directly to the south of the shelter as they share a common wall. Sgt. Bren asked that I search the building to see if any rounds penetrated into their space. (KN) [REDACTED] is the [REDACTED] for the building to the south, which is commercial space on the first floor and residential space on the floors above. [REDACTED] showed me the first floor space and searched the entire length of the common wall and did not see any evidence or indications that rounds penetrated into their space. [REDACTED] said he would send a text to the twelve upstairs units to let them know that they would have to use the exit on the south side of the building.

I remained on scene assisting with securing the perimeter until advised I could clear by Sgt. Schmautz.

Officers Jones #55553 and Paolini #52833 separated out all those who stated that they had witnessed the shooting directly and moved them to a Trimet bus.

Officers Ellison #52981, Livingston #57429 and identified all of the remaining individuals who were present. These were a mixture of people who had been staying in the shelter, but who said they hadn't seen the shooting, and residents who stayed in the upstairs apartments.

All of the individuals I spoke to are listed as entities.

On listed date, I was assigned to the Entertainment Detail. I had a meeting for the first portion of my shift, and was just getting in uniform when I heard and officer say that a "shots fired" transmission had been broadcast over the radio. I asked for the location and ran to a car and drove to the location.

Upon arrival, I saw a large group of approx 50 transients in front of the City Team Ministries. I saw approx 20 police officers in and around the area. I could see a male was on the ground inside who was obviously deceased. I saw Sgt. Dunbar, Sgt. Axthelm, Sgt. Bren, and Sgt. Spiegel were either inside the location or nearby. I learned that all three Central Sgt's had at least in part witnessed the incident. I felt that they would not be the appropriate person to take over command of the incident as they potentially would need to be sequestered. I told them that as such, I would assume command and coordinate the crime scene. I stated on the radio that I was the incident commander at that time.

I began directing officers to move the crowd back and away from the door. I directed non witness/uninvolved officers to, one officer at a time, escort involved and witness officers to infi a line of police cars to separate them. When I realized that we had far too many witness officers to have individual officers with them, I ordered a trimet bus to respond for witness officers. I then directed a Sgt. to monitor the witness officer bus. I continued to coordinate the crime scene until Captain Lee arrived and assumed command.

I did not witness the event and do not have any knowledge of the events. I did not interview any witnesses. I did not enter the crime scene other than the area in the front door. At one point, I accidentally kicked a spent 40mm casing that was in front of the door approx 1 foot.

On 04/07/18 at approximately 2006 hours, I responded to the area of SE MLK Jr Blvd / SE Stark St after hearing officers broadcast "shots fired" over Central radio net. I heard sergeants at the scene requesting additional resources at Cityteam Ministries (526 SE Grand Ave). I arrived in the area, parked on SE MLK Jr Blvd / SE Washington St, and proceeded on foot toward the entrance of the Cityteam Ministries building. I saw several police vehicles parked in the area and a group of officers and sergeants near the entrance to the shelter. I heard Sgt. Schmautz broadcast over the radio that he was the Incident Commander at the scene.

I found Sgt. Bren and Sgt. Schmautz in front of the building and confirmed with them this was an officer involved shooting. I stayed outside the entrance of the shelter and began coordinating resources with other sergeants. I saw at least three spent 40mm less-lethal casings on the ground just outside the front entrance to the Cityteam Ministries building.

I learned that Deputy Sieczkowski was involved in the shooting. I found him nearby in front of the Cityteam Ministries building with Officer Phillips. I checked in with Deputy Sieczkowski and asked if anyone from Multnomah County Sheriff's Office had been notified of his involvement. He told me he had called MCSO records and was in the process of making a notification. I turned my radio to County radio net and requested an MCSO sergeant call my phone. I spoke with Sgt. White who told me MCSO was aware of the incident and a supervisor was enroute. I learned that Deputy Simpkins had witnessed the shooting and Officer Phillips was on-scene at the time of the shooting but was not a direct witness.

I called Lt. Williams (Gresham PD) of the Transit Police Division and notified him of Deputy Sieczkowski's involvement. I briefed him on my limited knowledge of the circumstances and told him Deputy Simpkins was a

witness to the shooting. I told him Officer Phillips was at the scene but was not a direct witness.

I continued to help coordinate resources until the arrival of A/Captain Lee. Once briefed, A/Captain Lee broadcast that he was assuming command of the scene. At approximately 2045 hours, A/Captain Lee directed me to monitor a TriMet bus where witness members were being staged. The bus was parked on SE Grand Ave south of SE Stark St. I stayed with several witness members on the bus as Peer Support, TIC team members, and PPA representatives arrived. I stayed there until about 2150 hours when witness members began the process of being escorted to the Justice Center.

I remained at the scene and briefed Lt. Williams and Commander Westbrook. I cleared the scene after consulting with A/Captain Lee at approximately 2307 hours.

I responded to SE Grand Ave/SE Washington St on reports of shots fired by officers. I was notified that two of my officers from GET were involved as shooters, Officer Polas and Officer Fender.

When I arrived, I made contact with Officer Polas and Officer Fender. I checked on their welfare, then assigned two of my uninvolved GET officers to stay with each one. We kept both involved officers separated. Officer Ables stayed with Officer Polas and Officer Asheim stayed with Officer Fender.

I then responded to the crime scene and entered after Officer Furgeson requested assistance inside. Officer Furgeson needed help to ensure residents from upstairs did not come downstairs, which would then put them in the middle of the crime scene. The crime scene was in the lobby area of this building, where residents would normally go to enter and exit the building.

I went upstairs with a couple of Central Precinct officers to check on the residents to make sure they were ok and advised them to stay upstairs until we were done processing the scene. I asked Officer Sawtelle to post up at the bottom of the stairs to ensure that none of the residents could come down the stairs and enter the crime scene.

I then left the scene and went back to check on both Officer Polas and Officer Fender again. Both were sitting in separate patrol vehicles parked near the crime scene. They both were still doing fine. Both stayed until they were released by Detectives. Once released they were driven back to North Precinct where they changed and were taken home by other officers.

NARRATIVE DETAILS

On the evening of 04/07/18, I responded to the location of 526 SE Grand Ave in order to assist with a major incident. There had been an officer involved shooting at that location. I am assigned to the Transit Police Division as a supervisor, and two people from my unit were on scene at the incident. Upon arriving I learned Dep Sieczkowski was involved in the shooting, and Dep Simpkins was a witness to the shooting. I made sure they were okay. I ensured supervisor level representation from their respective agencies had been notified.

I worked with Sgt Schmautz to separate all witnesses and involved members. We paired each involved member up with an uninvolved partner. I arranged to have several Trimet buses sent to the scene in order to provide temporary shelter for witnesses. I coordinated the efforts to distinguish and separate all civilian witnesses. I helped to secure the outer perimeter areas of our crime scene. I tasked a group of officers to check the adjacent building for additional witnesses, as well as any other potential items of evidence. And I assisted with various other tasks outside of the crime scene.

When I first arrived, I briefly entered the primary crime scene which was the interior space located at 526 SE Grand Ave. I only stepped into the primary entry space, but I did not walk around the room. I checked in with Ofc Westerlund who was in charge of managing the crime scene log. I did not have any substantive knowledge about the shooting. Nothing additional.

Radio call to 526 SE Grand Ave as cover in response to a suspect that had crashed a silver Honda and fled into the building. Upon arrival I saw several patrol vehicles parked outside. I approached the front door of the building where multiple officers were standing. The officers were giving commands to someone inside. I could not see who officers were speaking to, but I heard them instructing people to move out of the way and to get back. At this time

I heard one officer say that we needed to cover the back entrance. I along with 3 other officers sprinted around the block to cover the back of the building. While at the back, I heard shots fired from the front side of the building.

Four people walked around the corner and were identified as witnesses. I [REDACTED] who I later identified by photo as [REDACTED], He told me that The suspect had entered the building and was standing near the front counter holding a knife. He said "This guy was crazy" and "he looked like he was on drugs." He said he heard the first less lethal round go off and then said that about a minute later officer opened fire and the suspect went down.

I then interviewed [REDACTED]. [REDACTED] told me that he heard the suspect say something about his family being killed. He had then cut the side of his own throat before being hit with the less lethal round. He continued to walk around the location with the knife and shortly after that he was shot by officers.

I asked both [REDACTED] and [REDACTED] if the suspect had approached or threatened anyone else inside and they said that he had not. I asked if anyone else was injured in the incident and they said no.

Residents of the location who had not witnessed the event were identified by Ofc. Braun, Ofc. Ellison and myself. I included those that I identified as entities. They were then allowed back into the building through the side door to get to their rooms.

Sgt. Schmautz requested I wait with a witness who had taken a cell phone video of the incident. I identified the witness as [REDACTED]. He also mentioned that the suspect had talked about his family being killed. I waited with him at SE Grand and SE Washington until another officer was able to collect the video.

I dispatched to the area of SE Grand Ave and SE Stark St on a report of suspicious activities after I heard "shots fired" broadcasted over the radio. There I assisted with taking witness statements. The majority of the witnesses were staying at the location, 520 SE Grand Ave, when the incident occurred.

The first witness, [REDACTED], said he was seated inside the location when the subject enter the building and watched him cut himself on the neck. He said "chaos" occurred. [REDACTED] said he saw Officers use less lethal rounds but not lethal rounds. He said he didn't recall any specific statements by Officers or the number of rounds deployed. [REDACTED] said he did not know his cell phone number but he stays at the location.

The second witness, [REDACTED], said he saw the subject enter the location. He said he heard an Officer order the subject to put the knife down and saw an Officer fire a couple of shots but he was unsure if the shots were lethal or less lethal rounds. He said he saw the subject hold a knife against the subject own throat. [REDACTED] said he has stayed at the location for the past few nights.

The third witness, [REDACTED], said he saw the subject come into the location and saw him "slicing" at his own throat. He said he heard an Officer order everyone else out of the building and he fled. I told [REDACTED] he was not needed on the witness bus and he left.

The forth witness, [REDACTED], said he was helping [REDACTED] at the location and saw the subject enter the location. He said he saw an Officer use a less lethal weapon once and heard the Officer give the command "get down." He said the subject did not listen to the command. He said he later saw smoke and heard maybe 5 shots. He said it was maybe 3 shots initially then 5 shots closely after.

The fifth witness, [REDACTED], said 10-15 minutes prior to police arrival the subject came into the location shirtless asking for clothes. [REDACTED] said the subject left but came back with a box cutter knife. He said the subject appeared to have already cut his neck. [REDACTED] said he tried with other residents to get the subject out of the location but the subject continued to cut on his own neck. He said he noticed Officers as if they were looking for someone. He said he and many others huddled by and in the bathroom. [REDACTED] said he saw one less lethal utilization and it did not affect the subject. [REDACTED] said he thought he heard the suspect say "he wanted to die." [REDACTED] stated he saw an Officer firing downward toward what he thought was the basement. [REDACTED] said he typically stays

at the location.

The sixth witness, [REDACTED], said he was standing inside the location when the subject came in and started cutting his own throat. [REDACTED] said he fled outside and heard an Officer order the subject to put down the knife.

The seventh witness, [REDACTED], said he saw the subject enter the location 15 minutes prior to the end of the AA meeting asking for a coat. [REDACTED] said the subject left after digging through the trash but later came back in. [REDACTED] said the subject had the knife up to his own throat. [REDACTED] said the subject moved toward "an older guy" but [REDACTED] grabbed the "older guy" and used a chair to put something between them. He said Officers came in shortly after and gave 2 to 3 commands to the subject. He said the commands included "drop the knife" and "get on the ground" [REDACTED] said he saw 2 uses of less lethal when Officers were just inside the front door of the location. He said he saw Officers enter the location on the right side (assuming southern wall) and heard shots fired.

The eighth witness, [REDACTED], said he saw Officers across the street from the location and saw the subject come into the location. He said the subject was shirtless and asked for clothes. He said he then saw the subject self-cutting. [REDACTED] said he fled to the bathroom and heard Officers tell the subject to drop the knife. [REDACTED] said he did not see if the subject complied with the command to drop the knife. He said he then saw Officers "pellet gun" (less lethal) the subject 2 or 3 times. He said the subject appeared to be moving toward the bathroom when Officers used less lethal rounds. [REDACTED] said he saw Officers fire 2 or 3 rounds (lethal) when the subject was near the kitchen area of the location. [REDACTED] stated he thought the subject "would cut everyone up" and that he was "scared." [REDACTED] said he typically stays at the location. [REDACTED] left the location prior to speaking with Detectives.

The ninth witness, [REDACTED], said the subject first came into the location around 7PM and probably came in-and-out around "15" times. He said he thought the subject was "tweaking." He said around 7:55PM the subject came in again bleeding from the neck and with a knife at his own neck. [REDACTED] said he asked the subject "what are you doing?" He said the subject came toward them, the AA group. He said he heard an Officer yell "put down the knife." He said he saw 3 less lethal applications that were not effective on the subject. He said the subject was about 15 feet to the bathroom when he heard (but did not see) "about 5" shots.

The tenth (and my final) witness, [REDACTED], said he was a guest speaker for the AA meeting. He said he saw the subject pacing and fidgeting and with a knife against his own neck. He said the subject cut his own neck left to right then right to left. [REDACTED] said he heard Officers order the subject to put down the knife and the "buzzing" sound like a Taser going on twice. He said he heard less lethal a "couple of times." [REDACTED] said a "small Asian guy," who was attending the AA meeting, was filming the incident. [REDACTED] said Officers were still yelling commands and it appeared the subject came toward the Officers. [REDACTED] said he a couple of "9mm" shots, the subject then came closer and Officers fired more shots "possibly 8 to 9."

I finally assisted with escorting the witnesses to a County building at 501

SUBJECT RECOVERY OF VEHICLE	

I was radio dispatched to the area of SE MLK/SE Stark St regarding a crashed Honda CRV and the driver fleeing the vehicle. Based on the vehicle's plate(ZRQ832) it was reported as stolen. I had heard an update from Ofc Phiifer that the vehicle was involved in an earlier call in East Precinct because it was reported as being taken by force (18-114703).

I arrived in the area and saw the CRV parked in the number four lane on the Portland Rail Car tracks, just north on SE Stark St. The car was still running and there was extensive damage to the front passenger wheel. I later removed the keys from the ignition to render it inoperable.

I spoke with a witness, Miguel Olmedo, who had seen the driver of the vehicle flee. Olmedo told me he was at work on the east side of SE Grand at Aprisa(438 SE MLK Blvd). He said he could hear a car revving its engine loudly from the road and saw the CRV. He said he then saw the driver of the car get out. He described the driver as a white male, about 6ft tall, 285-290lbs, no shirt, blue pants and short hair. Olmedo said the subject went east on SE Stark St. I asked Olmedo if he would recognize the subject again and he told me, "yes."

I then spoke with Bruce Lawson, who told me he had seen the vehicle driving around the Convention Center. Lawson told me he was driving South on NE MLK near SE Lloyd St when he noticed the CRV. He said he saw the car driving about 40mph and appeared to have, "no regard for other drivers." Lawson said the vehicle drove up on the curb off the street and passed all the cars that were stopped at the light at the intersection. Lawson told he never saw the driver, but recognized the car when he drove south to where the CRV eventually stopped.

Based on the information we received about the driver of the vehicle possibly being armed with a weapon and now in the area, Ofc Nutting recommended showing a picture of John Elifritz to our witness who saw the driver Olmedo. I took a picture of Elifritz' DMV picture with my phone and showed it to Olmedo. He looked at it and almost immediately said, "That's him." I then broadcasted that Olmedo had positively identified Elifrtiz as the driver for the other officers in the area looking for him.

I then returned to the vehicle and placed crime scene tape around it. I remained with the vehicle until I was relieved by Ofc Fullington(52803). I provided him with the keys to the vehicle.

SUBJECT OFFICER INVOLVED SHOOTING	

#8 I responded with many other Officers to the area of SE Grand Ave and SE Stark St for a report of an Officer involved shooting. I arrived on scene and began to help securing the crime scene. Once the scene was secure Sgt Bren tasked Officer Jones and myself with identifying witnesses and separating them from the rest of the crowd. We identified many witnesses and moved them to a nearby TriMet bus to be warm and out of the rain. I contacted each witness and took a very brief statement to determine their involvement. See attached witness narratives for more information.

When Detectives were done interviewing all the witnesses we made arrangements for them to shelter on the bus in front of the Portland Rescue Mission, until they could retrieve their belongings from inside the crime scene. These arrangements were put in place because the majority of the witnesses are homeless and sleep inside the crime scene.

Nothing further.

On 040818, at approximately 0311 hours, Detective Merrill and I were assigned to interview PPB witness Officer Kyle Scott who was present during the Officer Involved Shooting incident located at 526 SE Grand Avenue. Officer Scott was accompanied by his PPA representative Officer Kulp during his interview. Detective Merrill recorded Officer Scott's interview and a copy of the interview has been provided to lead investigator Detective Kammerer. A transcript of Officer Scott's interview has been attached to this report. Following is a summary of Officer Scott's interview.

Officer Scott and his Field Training Officer Alex Martiniuc were two of the last officers to enter the City Team building. Once inside the building Officer Scott recalled hearing numerous officers shouting commands at John Elifritz, although he could not see Elifritz due to the officers standing in front of him. Officer Scott's attention was diverted from Elifritz by several bystanders who were trying to escape from the building. While Officer Scott's attention was drawn to the escaping by-standers, he heard "multiple" shots being fired. Officer Scott was uncertain as to who fired the shots, but did recall commands being shouted at Elifritz by numerous officers after he heard the shots. Officer Scott recalled seeing Elifritz lying face down on the floor and not moving after he heard the shots. Officer Scott did not fire his gun during this incident. See Officer Scott's transcripts for additional details regarding his interview.

**Scott:** Uh, I was, uh operating the car.

**Merrill:** Okay. And then, uh, you were driving a marked patrol c-vehicle, correct?

**Scott:** Yes, correct.

**Merrill:** And you were both in uniform, displaying a badge?

**Scott:** Yes.

**Merrill:** Okay. Alright, um, and then what time is, uh, what shift are you on?

**Scott:** I'm, uh, assigned to C shift, 16:00 to 02:00.

**Merrill:** Okay. Oh, and then just real quick, too, I forgot to s-mention this, uh, we have a digital recording on, everyone's aware we're recording this conversation, correct?

**Scott:** Yes.

**Kulp:** Yes.

**Merrill:** Okay, thank you. Um, so with your shift today, uh, a-yesterday, I should say, when roll call started, uh, did you have any information that, you know, since now being through, having gone through this incident, any information that came up at roll call that was associated with this?

**Scott:** No.

**Merrill:** Okay. Alright, well why don't you take me through, if you could, just kinda how your shift began and, uh, if you went to any other calls, or anything like that, if you could describe that to us, please.

**Scott:** Okay, uh, shift began just regular, you know, checking out a vehicle, attending roll call, uh, we-I think initially, we responded to, uh, an unwanted call as one of our, that was our first call of the day...

**Merrill:** Okay.

**Scott:** ...um, went to, uh, assisted like, medical, just there as kind of a, a standby, unit, so, uh, I believe we went to th-about three calls prior to...

**Merrill:** Okay. Did any of those calls have anything to do with this incident?

**Scott:** Um, n-no, not until we, we cleared and, and heard this, um, during this time, also, had seen, uh, an alert come out about a vehicle that was, uh, stolen, um, I think it was a silver Honda CR-V, um...

**Merrill:** Okay.

**Scott:** ...that would later be related to...

**Merrill:** Oh, okay, so...

**Scott:** ...the call, so...

**Merrill:** ...you, you saw alert on your, uh...

**Scott:** Yeah, this is like, somebody sent out, like, a, on the MDT.

**Merrill:** On the MDT, okay. So a silver Honda CR-V that, uh, did you say stolen? Or...

**Scott:** That was stolen, yes.

**Merrill:** Stolen, okay. Gotcha. So later you realized that that was associated with this, is that what...

**Scott:** Yes.

**Merrill:** Okay. Okay, anything else that you heard on the radio prior to the incident, or, uh, that came up with this?

**Scott:** Not prior to, not leading up to this, I mean, we just...

**Merrill:** Okay.

**Scott:** ...attached ourselves to this call, um...

**Merrill:** Okay.

**Scott:** ...which we just completed another call.

**Merrill:** Okay, and how'd the call come out, what did you hear?

**Scott:** Uh, so leading up to this, initially, came in as, uh, that, uh, uh, Honda SU-CR-V Honda, SUV, uh, had crashed in the area, I believe, of Stark and, on Stark Street, I believe it was Grand, but, uh...

**Merrill:** Okay.

**Scott:** ...a-anywa-uh, anyway, um, you know, that kinda rang a bell as we were clearing up another call, like...

**Merrill:** Okay.

**Scott:** ...oh, hey, CR-V, so we're, maybe it's related, but...

**Merrill:** Right, right.

**Scott:** ...um, and then it's, and then the updates came out that, uh, subject was seen on foot, uh, you know, and a later description was like, blue jeans, and no T-shirt at the time...

**Merrill:** Okay.

**Scott:** ...uh, so we, my partner and I, uh, proceeded to do, at that point it was just, uh, kind of an area check, you know...

**Merrill:** Okay.

**Scott:** ...uh, or, so we checked the area for this individual, um...

**Merrill:** Okay. When you guys responded, were you pretty far away, or?

**Scott:** Uh, we were about, I want to say, initially, we were about 19<sup>th</sup> and Division...

**Merrill:** Okay.

Scott: Yes.

Merrill: Okay. Okay, and so why don't you just describe to me what you saw, or what, what happened once you started getting to the area, and where you went in that area.

Scott: Um, initially, uh, we responded from, like I said, 19<sup>th</sup> and, uh, Division area...

Merrill: Okay.

Scott: ...made our way, uh, northwest. As we got into the area, I w-I went over the r-um, I remember going over the radio and just saying, hey, 734, we're in the area. We were, we were probably about five blocks away, we were in that MLK, Grand, Yamhill, Belmont, so still a few blocks away from where the, uh, the crash of the CR-V occurred...

Merrill: Okay.

Scott: ...um, but there was, uh, there were reports that the subject was seen east, and w-at some point west, so we decided, hey, let's just, you know, we're not setting up a, there wasn't a, a, nobody had asked for a perimeter...

Merrill: Okay.

Scott: ...so we were just kinda, just working the blocks.

**Scott:** Nothing came of it.

**Merrill:** Okay. Um, an-oh, and I forgot to ask too, uh, when we're talking about your partner and you, um, is your, uh, or your training officer, is he, uh, have any other certifications for different kinds of weapons, um, any other...

**Scott:** Not, uh, not that I'm aware of, I mean...

**Merrill:** Does he carry a shotgun?

**Scott:** He does carry a shotgun, yes.

**Merrill:** Okay, but nothing else, like a...

**Scott:** No.

**Merrill:** ...AR or less lethal, or anything...

**Scott:** No AR, no less lethal.

**Merrill:** Okay, gotcha. Okay, so, so you guys are, you were searching the area, didn't find anything, what, what happens next after that?

**Scott:** So, uh, we searched the area, eventually, um, there was an update of, uh, of a call, another call, and, um, and I don't remember the specific ar-uh, what area this was, but it was, uh, around the Jackson's at like, essentially Grand and Stark area.

**Merrill:** Okay.

**Scott:** Um, and eventually it was put together, you know, you're listening to all this, and you're like, oh, this, this must be related, um...

**Merrill:** Okay.

**Merrill:** Okay, from the radio?

**Scott:** From, yeah, from, from the radio...

**Merrill:** Okay.

**Merrill:** Okay. And then, um, as you're observing the subject, can you t-describe the subject's position, uh, what you could see, um...

**Scott:** Um, he was, uh, prone, or, um, w-uh, facedown, uh, from what I could tell, uh, I mean, I couldn't see his face, it looked like his head was facing east, um...

**Merrill:** Okay.

**Scott:** ...uh, I had noticed one very slight movement, uh, I don't know if that was like, maybe the last ag-like, an agonal breath or something, but, I mean...

**Merrill:** Okay.

**Scott:** ...just very, very minimal...

**Merrill:** Okay.

**Scott:** ...um, just based on my previous experiences with, um, people who've been sh-uh, people who've been shot, so.

**Merrill:** Okay.

**Scott:** Just based on o-our past training...

**Merrill:** And was it, what, what part of the body moved on him?

**Scott:** Uh, it looked like it was, like, his upper torso.

**Merrill:** Okay. Did you see, um, uh, anything else after that, like, did you stay in that position for a while and see what happened after that? In terms of...

**Scott:** Uh...

**Merrill:** ...the subject and anybody...

**Merrill:** Okay.

**Scott:** ...yeah, it, that's, and by then, um, they called in for, like, EMS and fire to come in, but...

**Merrill:** Did you assist with any, like, attempt for a custody team, or were you in a custody team?

**Scott:** No, I mean, I remember walking up, but I, I didn't really go any further than a few more feet, so.

**Merrill:** Okay. Okay, and did you, so d-um, you know, in terms of what you said about hearing the gunshots...

**Scott:** Uh-hm.

**Merrill:** ...um, did you see who, who shot at all? Could you tell?

**Scott:** No, I, I, I couldn't tell.

**Merrill:** Okay.

**Scott:** I...

**Merrill:** And that, because at that point, sorry, it's been a long night, I want to make sure I got it right, at that point, when you heard the gunshots, were you inside the door or outside the door?

**Scott:** I was, I was inside the door, I was, you know, I was in between this wall of, uh, multiple officers...

**Merrill:** Okay.

**Scott:** ...kinda in this, my little half-moon shape, at least that was my perception, and...

**Merrill:** Okay.

Scott: No.

Merrill: ...or you couldn't tell, exactly, who was shooting, or...

Scott: No.

Merrill: ...anything like that.

Scott: No.

Merrill: But you heard several gunshots, is that correct?

Scott: Yes.

Merrill: Okay. (Pause) And, oh, uh, was there, uh, do you recall a K9, uh, off-K9 officer...

Scott: Uh-hm.

Merrill: ...being in there, and the K9?

Scott: Uh, I don't recall them, I don't, I didn't see them, I didn't...

Merrill: Okay.

Scott: ...re-uh, but I, when we got to the scene, there was a K9 officer there who was...

Merrill: Okay.

Scott: ...um, I think it was like a tan car out front, I had to go around the back of it, but, uh, he was standing there...

Merrill: But-okay...

Scott: ...um, the dog was barking, I mean, that was about it, but...

Scott: No.

Merrill: Okay. Um, did anybody around you have guns out that you noticed, who, near you, that you were in close proximity with?

Scott: Man...

Merrill: Did you hear anybody saying, I'm, I'm out, because I, I, I'm involved, or...

Scott: No, I...

Merrill: ...I shot my gun, or anything...

Scott: ...no, I didn't...

Merrill: ...okay.

Scott: ...I didn't hear anybody.

Merrill: Okay. Um, so EMS gets called in, are you still in the building...

Scott: Yes.

Merrill: ...and in there when EMS comes, and is, did you see what else is done with the subject from anybody, police standpoint or anything?

Scott: Um, you know, prior, right b-prior to EMS coming in, I mean, it was pretty quick, they checked him, I mean, it was, it was, it was pretty obvious this person was deceased, I mean...

Merrill: Okay.

Scott: ...you know, again, that's just, that was my perception based on my experience and training as a, as a EMT for 10 years, but...

Merrill: Oh, okay, gotcha.

Scott: ...um, yeah, uh, they, they came in, uh, I didn't see them, you know, by then, uh, at that point I was, my role was pretty much done, and we were...

**Scott:** Yes...

**Merrill:** ...and you said they were...

**Scott:** ...I mean, people...

**Merrill:** ...forming a team, right...

**Scott:** ...people went up and, yeah...

**Merrill:** Yeah.

**Scott:** ...went up to, to check him.

**Merrill:** And did you see any, or notice anything about that, did you see a weapon, uh, did you see his injury...

**Scott:** I did see...

**Merrill:** ...or anything...

**Scott:** ...uh, I saw a, uh, a black, um, I mean, like a pocket knife that was open on the ground.

**Merrill:** And where was that in relation to his, um, his body?

**Scott:** That was essentially between me and the body...

**Merrill:** Okay.

**Scott:** ...um, black, just, uh, I mean, I don't, I, th-I mean, I don't know the exact measurement on it, I'd say maybe a...

**Merrill:** That square, and then, like, maybe the front entrance over there, and then go from there. Uh, maybe you could put, like, your position number one, position number two, you know, something like that.

**Scott:** Alright, I'm just gonna, just, so we'll just go, door here, main entrance.

**Merrill:** Okay.

**Scott:** I'll just put main door. Uh, let's just call this a, I don't, support beam, pillar, I don't...

**Merrill:** Okay.

**Scott:** ...uh, over here you got another, you have another door, I want to say it opens out, and you have, I mean, and then, so the build-uh, the building continues.

**Merrill:** Okay.

**Scott:** I want to say there was a door back here, but I'm not gonna, it, I didn't go back here, this kinda gets cornered. I didn't have, uh, I didn't have a, like a, a, really a view of this area.

Merrill: Okay.

Scott: ...man, there's a lot of, you know, there's a lot of people here, maybe I should address some of these, you know, get people back...

Merrill: Okay.

Scott: ...um, about the time they went, I was about here, I looked around, I see these officers kinda snaking, I guess, backwards, if that makes sense...

Merrill: Okay.

Scott: ...that's kinda just the perception I had, and...

Merrill: So like, they're, this group is kinda moving around and back?

Scott: Yeah, they're kinda like, moving around, there's like...

Merrill: Okay.

Scott: ...this pillar here, there's chairs, um, all over the place...

**Scott:** ...um...

**Merrill:** And where was that guy in the blue jacket, roughly?

**Scott:** Uh, he would have been, like, over here.

**Merrill:** Okay.

**Scott:** So, I'll just say blue jacket.

**Merrill:** Perfect.

**Scott:** In the-in this general area.

**Merrill:** Okay.

**Scott:** So. Um...

**Merrill:** And then when you're in, so that was that one glimpse you had of him, and then you're, you've moved up to here, behind this group, but they're starting to snake back, do you also move with them?

**Scott:** Yeah, so I'm, I'm kind of, kinda just in this, this, this third, I don't know, bottom third area, middle...

**Merrill:** Okay.

**Scott:** ...and as they're moving back, I'm kinda, I'm still talking to people over here, telling them to get back in, um, and, you know, that's when I heard some shots...

<b>AUTHOR</b> ANDREW, DANIEL J (28919)	<b>DATE/TIME</b> 04/09/2018 2310
<b>SUBJECT</b> (WITNESS #24) WILLIAMS, JOHN D (DOB: Nov-07-1965)	

On 04/07/18, I responded to a Detective call out to an Officer Involved Shooting that occurred at 526 N.E. Grand Ave, PDX. Sgt. Whattam asked me to assist several other Detectives from the MCMCT and PPB with conducting interviews of several witnesses that were now waiting at the Sheriff's office at 501 S.E. Hawthorne Blvd.

At approximately 2310, I spoke with witness [REDACTED]. Cell phone [REDACTED]. [REDACTED] told me that he is currently homeless but sleeps nightly at the City Team shelter at 526 N.E. Grand Ave. [REDACTED] said that earlier this evening he was attending an Alcoholics Anonymous meeting at the shelter that normally went from 1900-2000 hrs. [REDACTED] told me he doesn't really drink or have an alcohol problem and mostly goes to the meeting to get off the street and out of the rain before the shelter opens. [REDACTED] said there were about 30 people in the shelter at the time of the incident. [REDACTED] told me he was sitting on the left side of the room which I confirmed was the North side of the room next to the wall adjacent to the bathroom. [REDACTED] drew the attached diagram to help me better understand his perspective.

[REDACTED] said that around 1930 hrs, a stocky m/w, with no shirt, barged into the shelter and loudly demanded a coat or a blanket. [REDACTED] said the suspect pulled a jacket from a barrel next to the front desk and soon left the building. [REDACTED] told me the suspect returned approximately 5 minutes later with a knife in his hand, not acting rationally, and screaming something like "they killed my family". [REDACTED] said the man repeated this several times. [REDACTED] told me that the suspect was cutting his own neck with the knife. [REDACTED] said, in an instant, the situation became extremely loud and chaotic as the man advanced on meeting attendees waving the knife around. [REDACTED] said, as the suspect advanced, some of the meeting attendees picked up chairs to fend off the suspect "almost like a lion tamers" while others slid and threw chairs in front of him "like a gauntlet" to protect themselves and slow the suspect's advance on them as they herded into the N/E corner of the room. [REDACTED] told me that "I think if he would have got within range he would have stabbed people". "yeah definitely".

[REDACTED] said, that as the suspect "was advancing on people in the room with the knife. [REDACTED] the suspect was pacing back and forth like a caged animal looking for someone to stab". [REDACTED] said he thought the suspect was in the building for about two minutes before Police arrived. [REDACTED] said he believes about 6 police Officers enter the room initially.

I asked [REDACTED] if he heard the Police Officers give any commands to the suspect. [REDACTED] told me that he suffers from [REDACTED] and [REDACTED]. He said that "I don't like conflict, "and I kind of shut down". [REDACTED], again, told me how loud and chaotic the situation was in the shelter. He characterized it as "insanely chaotic". [REDACTED] said he heard the Police giving several commands to the suspect, but does not remember what they were. He said he heard them say, specifically, "drop the knife" at least once. [REDACTED] told me that "I am one of about 5 people in that room that does not consider myself to be some sort of martial arts expert and I was scared". [REDACTED] said that it appeared to him that everyone else in the room was also scared.

████ told me that most of the meeting attendees that had herded themselves to the N/E corner of the room were trying to get out of the building via a door to the kitchen but the door was locked and they were temporarily stuck in the corner. █████ said he believed they were clearly scared and panicking.

I asked █████ if the Officers fired any less lethal munitions at the suspect. █████ told me that he thought they fired three. He said he did not know if the first round hit the suspect. █████ said he saw the second round hit the suspect in the abdominal area and bounce off and ricochet of the wall and bounce around. █████ said he was very surprised it had no effect and the suspect didn't even react to it. █████ said "I remember that pretty clearly" and he expressed complete surprise, by saying "damn that would have stopped me" █████ said he was pretty sure the third shot hit the suspect because he thought he saw the suspect flinch. █████ told me that the suspect's lack of reaction to the less lethal munitions and was the deciding factor that helped him overcome his "shut down" state. █████ told me, he thought to himself, if the suspect could withstand the less lethal shots, then people were still in danger of being stabbed. █████ said that he pushed his chair toward the suspect and █████ moved fast to the emergency exit in to N/W corner of the room. █████ told me it was so chaotic that he was worried he would be trampled and even yelled at someone for shoving him. █████ told me he was halfway to the door when he heard what he thought was 4-8 live fire shots and he continued out the door.

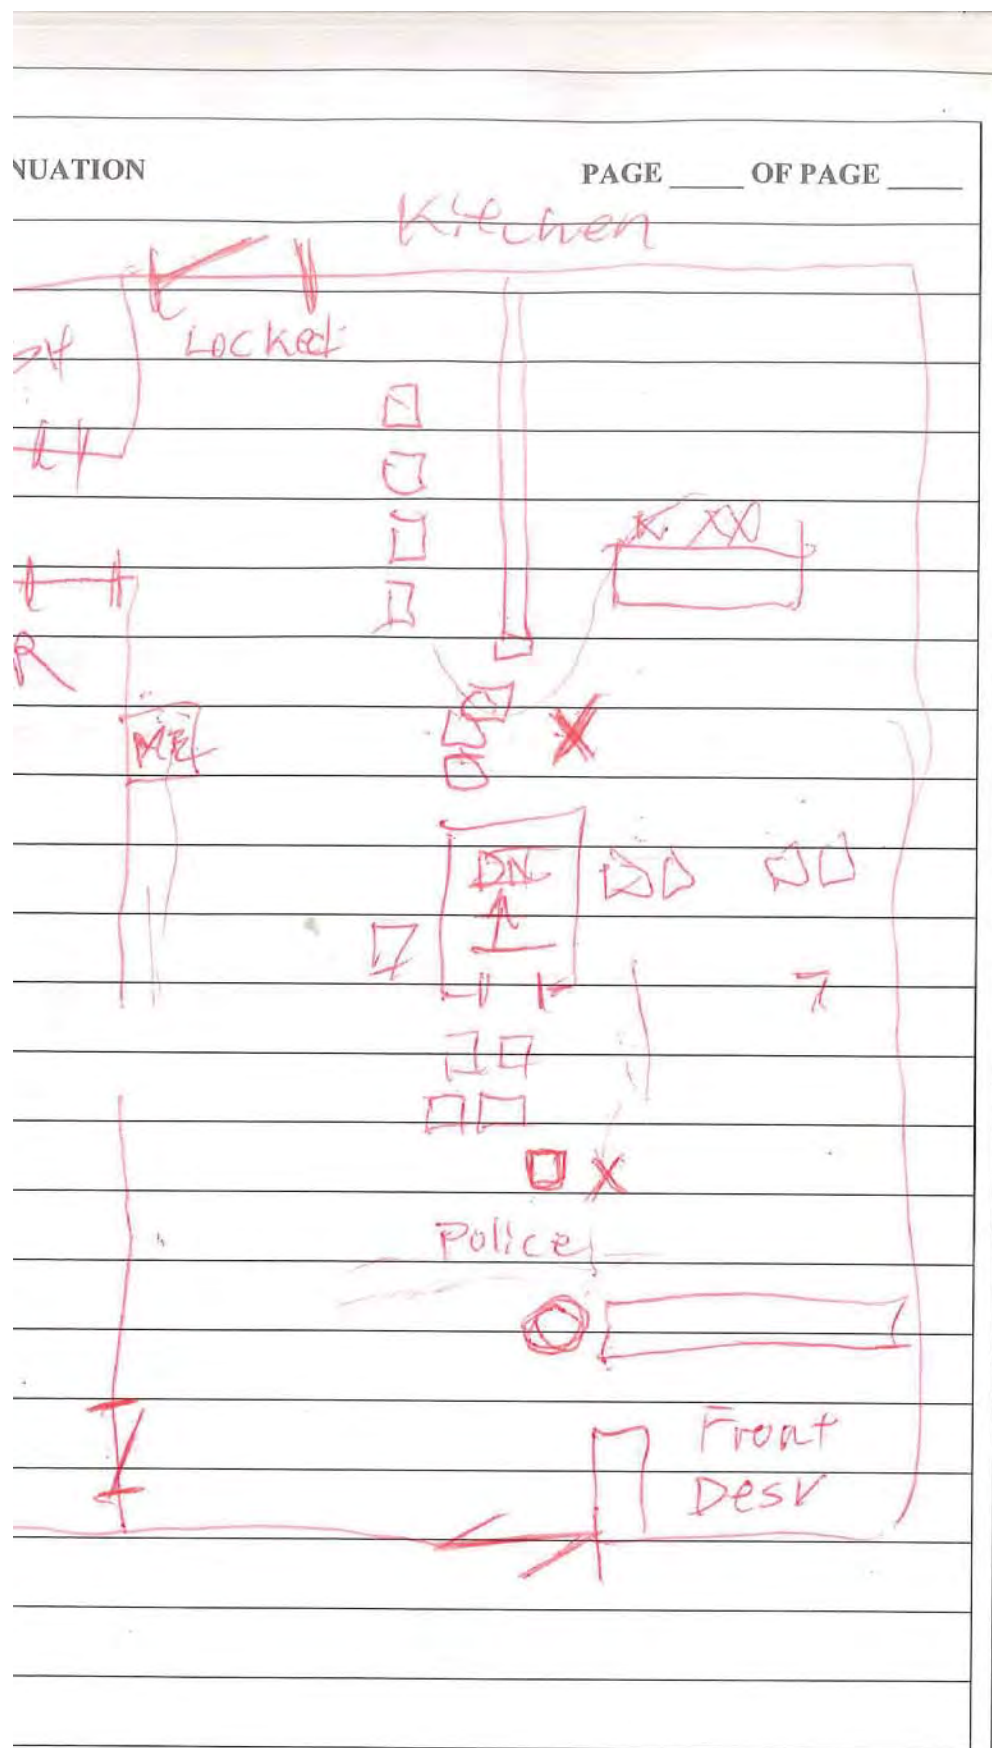

I asked █████ about his overall view of what he had seen during the course of this incident. █████ told me "It's unfortunate but I don't see how it could have ended any other way". "I don't want to say the shooting was justified because a guy died, but I don't see how they could have handled it any differently." "They did what I would hope they would do to resolve the situation without lethal force with consideration for 30 other people that were in danger"

After speaking with █████, I drove him back to a Tri Met bus designated for residents of the shelter displaced by the incident.

Item 2: CD with recorded interview with [REDACTED]

**SUMMARY**

On April 7, 2018 I was asked to respond to SE Grand Avenue and SE Stark Street by Sergeant Whattam in order to assist with an officer involved use of deadly force investigation. While at the location I was assigned to interview and oversee citizen witnesses and assist with witness officer interviews.

Detective Merrill and I interviewed [REDACTED] at the Jackson's Shell Gas Station located at 621 SE Grand Avenue. [REDACTED], an employee at the gas station, and one of his coworkers had contact with a subject who was possibly involved in the officer involved shooting incident at 526 SE Grand Avenue. Afterwards I helped facilitate interviews with citizens who had witnessed the officer involved shooting at 526 SE Grand Avenue. The interviews were conducted at the Multnomah County Administrative building located at SE Grand Avenue and SE Hawthorne Boulevard.

**NARRATIVE**

On April 7, 2018 I was asked to respond to SE Grand Avenue and SE Stark Street by Sergeant Whattam in order to assist with an officer involved use of deadly force. Upon arrival I assisted with the investigation by conducting interviews with witness citizens and officers.

I first interviewed [REDACTED] at the Jackson's Shell Gas Station located at 621 SE Grand Avenue. The interview with [REDACTED] was recorded. Please see the recording and/or the transcription of the recorded interview for specific details (EXHIBIT 1, Item 2). The following information is only a summary of the interview.

During the interview [REDACTED] indicated a subject came into the store and was acting odd and appeared to be on illegal drugs of some kind. [REDACTED] said the subject was in the store sometime around 2030 hours. [REDACTED] said the subject did not appear to be interested in buying anything from the store, and stayed at the front door of the establishment. [REDACTED] said their coworker [REDACTED] talked to the subject and said the subject had a knife, and was talking about suicide. [REDACTED] told me their coworker said the subject said something to the effect of don't get the police involved or he would kill a bunch of people. [REDACTED] said they decided to call 911 since the subject had a knife and was talking about violent things. [REDACTED] said the subject left shortly after calling 911.

I later attempted to contact and interview [REDACTED] about her interaction with the subject. Unfortunately, [REDACTED] had gone home for the evening and was unavailable for an interview. I left my business card with the establishment so [REDACTED] could call me later about the incident.

I viewed the surveillance video of the Jackson's Shell Station. It showed the subject standing at the door of the business and it appeared the subject was looking outside as if looking for something. The subject's attire and facial features matched that of the subject John Elifritz who was involved in the officer involved shooting. The video will be recovered by Detective Corey Stenzel at a later time. I took two pictures of the subject with my Bureau cell phone. I placed the pictures into DIMS.

As there were numerous witnesses of the shooting incident and weather conditions were very poor we conducted the witness interviews a short distance away at the Multnomah County Administration Building. Please see Detectives reports for details

## Interview with Witness Officer DENNIS WILCOX

Detective Sharp and I interviewed Officer DENNIS WILCOX at the Detective Division on April 8, 2018. Officer WILCOX was accompanied by his union representative Tom Perkins. The interview was recorded and submitted for transcription. The following information is only a brief summary; please see the transcript or audio recording for complete details (EXHIBIT 1, Item 1).

Officer WILCOX told us some of the information leading up to the confrontation and shooting at 526 SE Grand Avenue. Officer WILCOX said he arrived in the area and assisted with an area check for a subject who had crashed a stolen vehicle taken in a carjacking. Officer WILCOX said he responded to the location on Grand Avenue where officers had located a subject with a knife. Officer WILCOX said he helped to try and get citizens out of the way while other officers were trying to get Elifritz under control and separated from patrons at the location. Officer WILCOX said he was not able to see everything Elifritz was doing when the shooting occurred as he was focused on trying to get citizens into a safer location. WILCOX said officers had created a semi "L" shaped line into the building in order to separate the subject with the knife from the other patrons in the building. Officer WILCOX said Elifritz advanced on officers prior to shots being fired. After the shooting Officer WILCOX assisted with checking the rest of the location for anyone who may have been injured.

This report details my interview with a witness of this officer involved shooting incident. This interview was recorded and later downloaded onto a CD-R and transcribed. This report is a summary of the key points of this interview. Please refer to the CD-R and or the transcript for this interview in its entirety.

### Narrative

On April 7th, 2018 at approximately 2049 hours, I was paged out by my supervisor, Detective Sergeant Ken Whattam, as part of the On Call Homicide Up Team, to respond to an officer involved shooting at 526 SE Grand Ave. I arrived on the scene at approximately 2130 hours and met with Sergeant Whattam and several other homicide detectives, investigators, patrol officers, and criminalists in the area of 526 SE Grand Ave where the mobile command precinct had been set up. I learned from Sergeant Whattam that a subject armed with a knife had been shot by police officers and was deceased inside the "CityTeam Ministries", a men's shelter, located at 526 SE Grand Ave. I learned several of the clients of this shelter had witnessed this incident and were currently sitting on a Tri-Met bus due to the weather conditions. I was assigned along with several other investigators to respond to the nearby Multnomah Building located at 501 SE Hawthorne Blvd to contact and interview these witnesses with the assistance of Multnomah County Sheriff's Office deputies so we could interview each witness privately and out of the severe, cold and rainy conditions and to provide the witnesses with restrooms.

### interview

At approximately 2304 hours, I contacted [REDACTED] on the third floor of the Multnomah Building in a conference room. I identified myself as a Portland Police detective by displaying my badge and giving [REDACTED] my business card. [REDACTED] agreed to speak with me about the officer involved shooting and he agreed to allow me to record our interview, (Exhibit 1, Item #2)

[REDACTED] told me he arrived at "CityTeam Ministries" shelter that evening at about 1815 hours. He said he missed dinner, but was able to get a voucher for a bunk there that night. [REDACTED] said he was waiting outside for the staff to transition from dinner to the NA (Narcotics Anonymous) meeting. [REDACTED] thought there were about 30 men there that night who participated in the NA meeting. [REDACTED] said he saw a male subject enter inside the shelter and this subject pulled a knife out and began cutting and stabbing himself in the neck. [REDACTED] said he heard this subject simultaneously yelling, "I killed my family. Nothing's going to stop me. I'm done." [REDACTED] said he heard from another client that this same male subject came inside the shelter about fifteen minutes prior to the incident and asked for a jacket because he had none. [REDACTED] said staff gave this subject a jacket. [REDACTED] said he had a blue puffy winter jacket on when he saw this subject enter the shelter.

[REDACTED] said this subject began to advance further into the shelter where all the clients were sitting for the meeting. [REDACTED] said everyone began getting up and moving away from this subject and toward the north side of the room. [REDACTED] said this subject was trying to get close to people, but they moved away from him. [REDACTED] said he also moved to the north side. [REDACTED] said they tried to push chairs toward this subject to keep him away. [REDACTED] said nobody was trying to talk to this subject. [REDACTED] said he saw the police followed this subject into the building and they had a K-9 dog with them and shotguns that fired bean bag bullets. [REDACTED] said he tried to move closer to this subject by moving further south into the shelter to talk to him. [REDACTED] said he tried to talk reasonably to this subject by telling him this is a permanent solution to a temporary problem and it will be okay. [REDACTED] said this subject never responded to him.

[REDACTED] thought the police had entered the building just seconds after this subject came inside. [REDACTED] said he thought there were seven officers at the door, then five officers in a line closer to this subject, then one officer with a dog behind them, and another officer outside the door that he recalled. He said he saw at least three bean bag shotguns because he could tell they were colored differently and the police were announcing they were shooting bean bags by announcing, "Get out of the way, get out of the line of fire". [REDACTED] said a couple of officers yelled, "Put the knife down. Get down". [REDACTED] said the police were yelling at this subject, "Stop, put the knife down, don't hurt anyone!" [REDACTED] said the police were also

CONFIDENTIAL

yelling at the clients to exit the building. [REDACTED] said this subject was not listening to them at all, that he was incoherent, and obviously mentally ill to do something like this. [REDACTED] said the police moved toward this subject inside the shelter by the front desk area and the subject moved back further to the east in the shelter. [REDACTED] said the police were having trouble with people getting behind this subject. [REDACTED] said he could see this subject stabbing himself in both sides of his neck the whole time. [REDACTED] said he thought this subject initially had the knife in his right hand but possibly changed it to his left hand later. [REDACTED] said he could see copious amounts of blood coming out of this subject's neck during this incident from the cuts and stabs that he inflicted on himself. [REDACTED] said the police fired several volleys of bean bag rounds at this subject. [REDACTED] thought this subject cut and or stabbed himself about five times before the police entered. [REDACTED] said police then fired a volley of bean bag rounds at him and then the subject stabbed himself a couple more times.

[REDACTED] said two clients at that point were still boxed in the shelter by this subject. [REDACTED] said one of the clients was able to get away, but one was still left there, behind the armed subject. [REDACTED] said he saw this last client finally try to get by this armed subject. [REDACTED] said as this last client began to exit that the subject armed with the knife grabbed this client's left shoulder or upper arm. [REDACTED] said he yelled, "Don't do that!" to the armed subject. [REDACTED] said the armed subject immediately let go of this client's shoulder. [REDACTED] said the client was able to get away and place a chair between him and the armed subject. [REDACTED] described this last client as having grey hair, in his 50's, about 5'11", and wearing a purple sweatshirt. [REDACTED] said at some point the line of officers closest to the armed subject moved their line over to the left or north of the front door entrance. It should be noted [REDACTED] hand drew a sketch of the interior layout of the shelter, (Exhibit 1, Item #1), illustrating these positions and their transitions.

[REDACTED] said this subject then started yelling about killing his family and the police then fired another volley of bean bag rounds at him. [REDACTED] thought this subject then switched the knife from his right hand to his left hand at that point and started stabbing himself on the left side of his neck. [REDACTED] also said several of these officers were directing the clients on the north side of the shelter to exit out the emergency exit door which is located on the northwest corner of the shelter.

[REDACTED] said he exited the building out the emergency exit door on the northwest side of the shelter along with all the other clients as the police were directing them. [REDACTED] said he was outside in front of the business on the sidewalk next to a red mini-van and he had a view through the front open door into the shelter. [REDACTED] said he could see this subject standing about ten to twelve yards inside the shelter toward the back. [REDACTED] said he could see this subject with his back to [REDACTED], however [REDACTED] clarified that this subject's body position was actually bladed a little to the left to the point where he could see some of this subject's left side of his face. [REDACTED] said he then heard several real gunshots and then saw the subject get shot and fall to the ground inside the shelter. He said he heard at least seven to eight rapid succession gunshots. [REDACTED] said he did not see the officers shoot but heard the shots and saw this subject get shot and fall to the ground.

We ended this interview at approximately 2339 hours.

On 4-9-18 at 0900 hours, Criminalist Ware and I arrived at the Oregon State Medical Examiner's Office regarding a homicide autopsy related to an officer-involved shooting. On arrival, we contacted M.E. Nelson, Det. Kammerer, and Det. Slater.

I took color digital photos of deceased subject Elifritz, John Andrew (M/W; 10-17-69; SID# [REDACTED]) both pre- and post-autopsy.

The digital photos were uploaded to DIMS.

Criminalist Ware collected all the physical evidence at the autopsy. See his report for details.

After the autopsy, I took inked impressions from the deceased's right thumb. Back at the FED, I compared the inked thumb print from the deceased to the OSP ten print card for Elifritz, John Andrew (M/W; 10-17-69; SID# [REDACTED]). Upon comparison, I positively identified the deceased as Elifritz, John Andrew (M/W; 10-17-69; SID# [REDACTED]). Criminalist Ware second-signed this rolled-to-rolled identification.

I forwarded a Death Notice to the Oregon State Police.

On April 7th, 2018 at approximately 2049 hours, I was paged out by my supervisor, Detective Sergeant Ken Whattam, as part of the On Call Homicide Up Team, to respond to an officer involved shooting at 526 SE Grand Ave. I arrived on the scene at approximately 2130 hours and met with Sergeant Whattam and several other homicide detectives, investigators, patrol officers, and criminalists in the area of 526 SE Grand Ave where the mobile command precinct had been set up. I contacted [REDACTED] at about 2346 hours on the third floor of the Multnomah Building in a conference room. I identified myself as a Portland Police detective by displaying my badge and giving him my business card. [REDACTED] agreed to speak with me about this officer involved shooting incident and he agreed for me to record our interview.

[REDACTED] said he has been accessing services at "CityTeam Ministries" for about a month to a month and a half. [REDACTED] said he uses the drop in shelter. [REDACTED] said he arrived there today at about 1745 hours for dinner. [REDACTED] said after dinner he and several clients were waiting outside while the staff transitioned the shelter for the AA meeting. [REDACTED] said there were about thirty people there for the meeting. [REDACTED] said he saw a male subject enter the shelter bare chested and ask the staff for a coat. [REDACTED] said the staff gave this subject a jacket from the "Give me barrel". [REDACTED] said this subject stayed by the front door to the shelter and was holding open the door for people who were entering and exiting. [REDACTED] said at that point he was inside of the shelter. [REDACTED] said this subject held the door open for people for about fifteen to twenty minutes. [REDACTED] said all of a sudden he saw this subject whip out a knife with his right hand from his right pocket and start cutting his neck with it in a slicing motion. [REDACTED] said the knife was a pocket knife that opened up and was about eight inches in length total with saw teeth at the end. [REDACTED] said this subject was bleeding pretty good from his neck. [REDACTED] said he saw police outside so he ran out the front door outside and told the police officer that there was a man trying to kill himself inside the shelter. [REDACTED] said the man wasn't threatening anyone else at that point. [REDACTED] said at least six or seven police along with a K-9 dog entered the front door of the shelter.

[REDACTED] said he stayed right outside the door and he saw police officers shooting the man with bean bag guns. [REDACTED] thought the police fired about eight bean bag shots. [REDACTED] said another officer then directed him and other clients to move further away. [REDACTED] said he recognized the officers had bean bag guns. [REDACTED] said police were asking the armed subject to put the knife down. [REDACTED] said the armed subject began threatening the police. [REDACTED] said he could see the armed subject coming at the police with the knife in his right hand in a threatening manner. [REDACTED] said that was when he heard four to five regular gunshots after the subject armed with a knife moved at the police with the knife out in his right hand in a threatening manner. [REDACTED] said he could see this incident through the open door of the shelter from across the street at "My Father's Place" where he was moved by police. [REDACTED] said he believed the police officers were protecting themselves after giving warning to this armed subject and protecting their K-9 dog. [REDACTED] said he heard from another client the K-9 dog was loose and possibly made contact with the armed subject, but he did not see that. [REDACTED] said he did not hear this subject talk to anyone else.

I ended this interview at approximately midnight.

This report details my interview with a witness of this officer involved shooting incident. This interview was recorded and later downloaded onto a CD-R and transcribed. This report is a summary of the key points of this interview. Please refer to the CD-R and or the transcript for this interview in its entirety.

**Narrative**

On April 7th, 2018 at approximately 2049 hours, I was paged out by my supervisor, Detective Sergeant Ken Whattam, as part of the On Call Homicide Up Team, to respond to an officer involved shooting at 526 SE Grand Ave. I arrived on the scene at approximately 2130 hours and met with Sergeant Whattam and several other homicide detectives, investigators, patrol officers, and criminalists in the area of 526 SE Grand Ave where the mobile command precinct had been set up. I learned from Sergeant Whattam that a subject armed with a knife had been shot by police officers and was deceased inside the "CityTeam Ministries", a men's shelter, located at 526 SE Grand Ave. I learned several of the clients of this shelter had witnessed this incident and were currently sitting on a Tri-Met bus due to the weather conditions. I was assigned along with several other investigators to respond to the nearby Multnomah Building located at 501 SE Hawthorne Blvd to contact and interview these witnesses with the assistance of Multnomah County Sheriff's Office deputies so we could interview each witness privately and out of the severe, cold and rainy conditions and to provide the witnesses with restrooms.

**interview**

I contacted [REDACTED] at about 0005 hours on April 8th, 2018 on the third floor of the Multnomah Building in a conference room. I identified myself as a Portland Police detective by displaying my badge and giving him my business card. [REDACTED] agreed to speak with me about this officer involved shooting incident and he agreed for me to record our interview.

[REDACTED] told me he has been accessing "CityTeam Ministries" shelter's drop in to sleep there for the last two nights. [REDACTED] told me he entered the shelter last night at about 1830 to 1840 hours to get out of the rainy, cold weather and he sat in on the AA meeting. [REDACTED] told me he fell asleep during the meeting sitting down and he woke up to commotion behind him. [REDACTED] told me he was sitting further into the shelter in the center area of the room. [REDACTED] told me he was disoriented from sleeping and saw people trying to get away from some guy in the shelter. [REDACTED] told me this subject was armed with a knife in his right hand and he started cutting his left side of his neck with this knife. [REDACTED] said this subject was bleeding pretty badly. [REDACTED] told me this subject next rushed over to [REDACTED] and grabbed [REDACTED] by the left shoulder. [REDACTED] told me this subject used his left hand to grab [REDACTED] left shoulder while the subject was still armed with the knife in his right hand. [REDACTED] told me he had not seen the police yet. [REDACTED] told me everyone was panicking.

[REDACTED] told me he heard people yelling to exit the building. [REDACTED] told me he turned around. [REDACTED] told me he heard this subject say something like, "I'm going to take something", or "I'm going to take somebody", and [REDACTED] said that's when this armed subject grabbed his left shoulder and tried to pull [REDACTED] around. [REDACTED] said he did not realize the serious nature of the situation as he was still groggy from sleeping. [REDACTED] told me he was able to shake this subject loose by stepping out of his grasp and throwing the subject off balance. [REDACTED] told me he thought that was when he began to see police coming inside the shelter because he heard people yelling to get over here toward an exit. [REDACTED] told me police and or staff directed him to exit out of a side door of the shelter.

[REDACTED] told me as soon as he turned around and approached the exit he heard the shots. [REDACTED] told me he thought these shots were bean bag shots. He said he heard a cluster of four or five gunshots, but he thought they were bean bag shots. [REDACTED] then clarified that he thought these shots he heard were actually in two clusters of gunshots. He thought the first cluster was like three to four shots and then he thought the second cluster of shots was about two to three that he heard just as he approached the side door exit. [REDACTED] told me he then exited the door and did not see anything else or hear anything else.

██████████ described this subject as a white male, who appeared to have been awake for a few days, and he had the body language of a "tweaker". ██████████ also described this subject as real agitated. ██████████ told me he saw an unknown Asian male who was filming the whole incident with his cell phone. ██████████ thought this subject was about 5'5" to 5'6", slender and in his 30's, with shaggy, long hair. ██████████ told me he has never seen this subject before and was not sure if he was staff or a client. ██████████ told me this subject was not on the Tri-Met bus with the other clients.

I ended this interview at approximately 0026 hours.

This report details my interview with a Portland Police Bureau witness officer of this officer involved shooting incident. This interview was recorded and later downloaded onto a CD-R and transcribed. This report is a summary of the key points of this interview. Please refer to the CD-R and or the transcript for this interview in its entirety.

**Narrative**

On April 7th, 2018 at approximately 2049 hours, I was paged out by my supervisor, Detective Sergeant Ken Whattam, as part of the On Call Homicide Up Team, to respond to an officer involved shooting at 526 SE Grand Ave. I arrived on the scene at approximately 2130 hours and met with Sergeant Whattam and several other homicide detectives, investigators, patrol officers, and criminalists in the area of 526 SE Grand Ave where the mobile command precinct had been set up. I learned from Sergeant Whattam that a subject armed with a knife had been shot by police officers and was deceased inside the "CityTeam Ministries", a men's shelter, located at 526 SE Grand Ave. I was assigned along with several other investigators to interview several civilian and police witnesses. After conducting several civilian witness interviews near the scene, I was directed by Sergeant Whattam to respond to the Detective Division and report to Detective Sergeant Charles Greulich to assist with interviewing the witness officers to this incident.

**PPB Officer Sarah Burns interview**

At approximately 0239 hours on April 8th, 2018, Detective Paul Dolbey and I were assigned by Detective Sergeant Charles Greulich to interview Officer Sarah Burns at the Detective Division. Officer Dolbey and I contacted Officer Burns and her PPA Representative Officer Chris Kulp in the large conference room at the Detective Division. We escorted them to Detective Sergeant Cory Robert's office at the Detective Division for privacy to conduct our interview. This interview was audio recorded, downloaded onto a CD-R, and later transcribed, (Refer to Exhibit 1, Item #1). Officer Burns and Officer Kulp consented to me recording this interview.

Officer Burns told me this was her third day working as a uniformed patrol officer out of the state academy. She started her shift at 1600 hours with Central Afternoon C shift. Officer Burns told me she is currently a training officer and she was partnered last night with her Field Training Officer (FTO) Justin Damerville. Officer Burns told me she and Officer Damerville were both in uniform and driving a marked patrol Ford SUV during their shift. Officer Burns told me she was touring the different PPB precincts and hospitals when the associated crashed car incident occurred. Officer Burns told me they self dispatched and responded to the associated car accident involving a silver vehicle crashed with the driver running away described as a white male, shirtless, bald, with lots of tattoos, and blue jeans. Officer Burns told me the following Radio transmissions indicated this subject was possibly armed and several additional radio transmissions tied this subject in with other associated calls, including a car jacking incident. Officer Burns told me they responded from East Precinct with Officer Damerville driving.

Officer Burns said Radio transmissions indicated the suspect fled to the east and they began conducting an area check once they arrived in the area to the east. Officer Burns told me dispatch next radioed that a male subject armed with a 3" to 4" knife was reported outside of the Jackson's Convenience Store (Shell Gas Station) nearby the crash accident scene. Officer Burns told me they began to respond to Jackson's Convenience Store from their suspect area check further to the east. Officer Burns then clarified that was when the radio transmission from Dispatch indicated there was a previous East Precinct Radio call where a man was holding a knife to his throat and talking about his family had been killed. Officer Burns said they made a right onto Grand Ave and Radio then transmitted that an AMR employee had possibly seen this suspect now. Officer Burns told me Officer Damerville parked behind Officer Nutting. She said Officers Damerville and Nutting were talking to the AMR

Portland Police Bureau  
PUBLIC RECORD RELEASECASE NUMBER  
GO 42 2018-114856**CONFIDENTIAL**

employee, but she could not really hear what they said. Officer Damerville then told Officer Burns the suspect was actually not there so they both got back into their patrol vehicle. Officer Burns told me next a subject ran up to them from the shelter across the street and told them there was a guy in the shelter with a knife trying to stab people. Officer Burns also hand drew a sketch of the interior of the shelter and she also marked an overhead Google map #1, (Refer to Exhibit 1, Items #2 and #3), with the location she thought she and Officer Damerville parked, which was on the west side of SE Grand Ave just a little to the north of the "CityTeam Ministries" shelter.

Officer Burns told me she relayed to Officer Damerville what this subject just reported to her and they all started to head toward the shelter entrance, ("CityTeam Ministries"). Officer Burns told me she did not know all the officers because she is so new, but she said she, Officer Damerville, Officer Nutting, additional PPB officers, and she noted other officers who were not from PPB too, because of their different uniforms. Officer Burns was not sure how many officers were with them in total. Officer Burns told me Officer Damerville was less lethal so he was positioned in the front of the doorway. She said two people with AR-15 rifles posted next to Officer Damerville and they all were trying to give the suspect commands. Officer Burns told me she was standing behind and to the left of the other officers just outside the entrance. Officer Burns could see the suspect holding a knife in his right hand and he had large gash on the left side of his neck. Officer Burns told me the officers were repeatedly trying to give him commands. Officer Burns told me at this point she saw Officer Damerville shot at the suspect with a less lethal 40 mike mike round, but she did not see the suspect react at all to the less lethal round. Officer Burns could not tell if the suspect was actually struck by this less lethal round.

Officer Burns said next they moved inside the shelter and officers were working on attempting to get people out of the shelter. Officer Burns said there were a lot of people in the shelter and it was pretty chaotic inside there. Officer Burns said several people were pinned against the wall and trying to stay out of the way. Officer Burns said if you were looking inside the shelter from the front door that she saw suspect standing on the right side of the shelter. She said the suspect was near the right-ish and middle-ish parts of the room. Officer Burns did not recall what kind of commands officers were giving to the suspect as she said a lot of this was pretty much tunnel vision now for her. She did not hear the suspect say anything. Officer Burns said there were several officers with rifles and less lethal in front of her so she pretty much stayed in the back behind a solid wall of officers. Officer Burns said she did not draw any of her weapons. Officer Burns said next she left to return to their patrol vehicle to retrieve their first aid bag because nothing was happening at that moment. She returned to the shelter with the first aid bag and it appeared nothing had happened that she was aware of, however she was not sure if Officer Damerville had fired any more less lethal rounds at the suspect. Officer Burns said at that point officers were still yelling at him and trying to get the clients out of the way.

Officer Burns said there was a male subject in a wheel chair behind her and she was trying to assist him and figure out a way to get him out of there. Officer Burns said as she was dealing with the subject in the wheel chair that she next heard gunshots. She said she was directly behind the "U" shaped line of officers and she was still inside the shelter. Officer Burns thought she heard at least five gunshots. Officer Burns said she was looking at the male subject in the wheel chair when she heard the shots and then she turned to see a little bit of the suspect falling to the floor. Officer Burns told me before she was distracted by the male subject in the wheel chair that the suspect was much further back in the shelter room, but when she heard the shots and turned back around the suspect's position had moved to a much closer position to the officers. Officer Burns said the suspect had therefore moved forward closer to the officers. Officer Burns could not see the suspect talking to anyone else. She described the suspect making sporadic movements or shuffling around previously. Officer Burns described the suspect as wearing pants and a jacket.

Officer Burns said after the suspect was shot that he was given multiple commands and next Officer Damerville was directed to shoot two more less lethal rounds at the suspect. Officer Burns told me next Sergeant Axthelm moved forward to roll the suspect over and she saw the knife fall out from the suspect's hand. Officer Burns told me she and Officer Damerville had moved forward with the first aid kit so she was much closer to the suspect then and had a clear vantage point of him. Officer Burns told me because she was so new as a rookie and had little experience that she was going to move the knife away from the suspect, but she was directed not to touch it. Officer Burns told me she did not touch the knife. Officer Burns drew the hand drawn sketch of the shelter along with her vehicle position outside across the street to the north. Officer Burns then drew the initial position she saw the suspect in and marked it as #1. Officer Burns then drew the second position she saw the

suspect when she returned with the first aid kit and marked it as #2. Officer Burns then drew the third position of the suspect and marked it as #3 after she heard the shots and looked back at the suspect. Officer Burns also drew the "U" shape of the officers in front of her during the shooting and her general location prior to the shooting.

Officer Burns told me she never drew her handgun at any point during this incident. She did not see which officers fired their guns. Officer Burns told me she thought by the very loud sounds of the gunshots that AR-15 rifles were probably shot during this incident. Officer Burns told me she did not talk about this incident with anyone prior to our interview and she did not view any video surveillance of this incident prior to our interview.

I ended the interview at approximately 0306 hours.

**SUMMARY**

On April 7, 2018, at approximately 2049 hours, I was called out to assist with an officer involved shooting investigation in the area of SE Milk Blvd./SE Stark St. While en-route to the call I learned that the Portland Police Command Post was located on SE Grand Ave./SE Stark St. I responded to the scene where I attended a briefing and learned that a subject, later identified as John Elifritz, entered the City Team Ministries armed with a knife. John Elifritz was confronted by police inside the building and was ultimately shot by officers who had responded to the call. Sergeant Whattam said there were numerous civilian witnesses inside the City Team Ministries when the shooting occurred who were standing by waiting to be interviewed by detectives. Sergeant Whattam said due to the large number of civilian witnesses standing by they were being transported by bus to the Multnomah Building to be interviewed by detectives. Sergeant Whattam directed me to assist with interviewing the civilian witnesses. I responded to the Multnomah Building where I interviewed [REDACTED]. This report contains a summary of [REDACTED] statement; the complete interview can be reviewed on a CD that was submitted into evidence on the listed receipt. The interview was also submitted for transcription and will be available for review.

**Statement:**

On April 7, 2018, at approximately 2305 hours, I interviewed [REDACTED] at the Multnomah Building regarding his observations of the aforementioned shooting. Prior to starting the interview, I introduced myself to [REDACTED] and obtained his permission to record the interview. [REDACTED] told me the following.

[REDACTED] told me he got to the City Team Ministries around 1850 hours. [REDACTED] said he went to the ministry with some friends to speak at an Alcoholics Anonymous (AA) meeting. [REDACTED] said his friend was the main speaker at the meeting and he was there to volunteer. [REDACTED] said the AA meeting was scheduled from 1900-2000 hours. [REDACTED] said approximately 25-30 people were inside the ministry at the time of the AA meeting. [REDACTED] assisted me in drawing a rough sketch of the room so I could understand where he was when the incident happened. [REDACTED] said he was seated at a table in the back of the room with the speakers. Based off [REDACTED] drawing I determined he was seated in the southeast corner of the room facing west toward the front door. [REDACTED] said there were rows of chairs in front of him where the people attending the AA meeting were seated.

[REDACTED] said at approximately 1930 hours, he observed a guy walk in the front door of the ministry not wearing a shirt. [REDACTED] said this caught his attention and he observed the guy with no shirt ask the person working the "side bar" for a shirt. [REDACTED] said the worker gave the guy a shirt or jacket and were trying to be nice to the guy. [REDACTED] said the guy was calm at this point but said while the guy was standing in the front he observed several police cars drive past the front of the building. [REDACTED] described the guy as a male, possibly Hispanic, stocky (kinda chubby), shaved head or stubble, no tattoos. [REDACTED] said the guy didn't have a shirt on and was wearing pants and sneakers. [REDACTED] said the guy wasn't holding a knife at that point. [REDACTED] said he watched the guy pace back and forth in front of the main door for approximately twenty minutes and it was during this time frame that he observed police cars drive past the location several times with their police lights

activated. [REDACTED] said the guy was yelling stuff as he paced back and forth but couldn't understand what he was saying because he slurred his words. [REDACTED] said he didn't think the guy paid attention to the police cars and described him as being "tweaked out."

[REDACTED] said at approximately 1950 hours, the guy reached to the back pocket of his pants and pull out a knife. [REDACTED] said the blade of the knife was already extended when he saw it and believed the blade to be approximately 3.5 inches in length. [REDACTED] said the knife blade was silver and the handle was dark colored. [REDACTED] said the guy took the knife and then sliced his neck on both sides. [REDACTED] said the guy was screaming when he cut himself and said something similar to, "I'm tired of this....killed my family." [REDACTED] said he observed one of the guys working the front door go outside to get the police. [REDACTED] said the guy then moved farther east into the room towards the area where they were having the AA meeting and people were gathered. [REDACTED] said a group of people, including himself, moved to the northeast corner of the room to get away from the guy. [REDACTED] said the group of guys huddled in the corner and estimated there were twenty people in the group. [REDACTED] said the guy stood in the area just to the south of them.

[REDACTED] said shortly after the worker went outside to get help he observed several police officers enter the room through the front door. [REDACTED] said the guy was now standing by the back of the wall that surrounds the stairs and explained that he could see the guy and the police from his vantage point in the back of the room. [REDACTED] said the guy was holding the knife over his head and was waving it around when the police came into the room. [REDACTED] said the guy continued to scream but he couldn't understand what the guy was saying. [REDACTED] said the police told the numerous times to put the knife down and to get on the ground. [REDACTED] said the guy did not cooperate with the police officer commands so they shot him with three or four rubber ball rounds. [REDACTED] said he observed two of the rubber rounds bounce off the guy and two bounce off the wall. [REDACTED] said he didn't think the rubber rounds had any effect on the guy because he was still standing up holding the knife after he was shot with the rubber rounds. [REDACTED] said approximately four or five minutes after the rubber rounds were fired an officer shot the guy with a bean bag round. [REDACTED] said during the time in between the rubber rounds being fired and the bean bag round being fired the police continued to give commands to the guy to drop the knife and get on the ground. [REDACTED] estimated the guy was standing approximately twenty feet away from him during the confrontation and explained that the guy could have walked to where he was huddled with the group.

[REDACTED] said almost immediately after the rubber rounds were shot the guy started walking toward the officers while holding the knife out in front of him. [REDACTED] said that was when someone shot him with a bean bag round. [REDACTED] said the police continued to give commands for the guy to drop the knife and to get on the ground, however, the guy continued to move toward the police with the knife. [REDACTED] said the police shot the guy when he continued to walk toward them with the knife and estimated the police shot seven times but was not sure. [REDACTED] said he knows if you go toward the police with a weapon in your hand "it's either you or him" and an officer has to do his job to keep people safe and make themselves safe. [REDACTED] thought approximately six officers fired their weapons.

[REDACTED] explained that when he and the group of guys huddled in the northeast corner of the room they were trapped due to where the guy with the knife was standing. [REDACTED] said while they were huddled in the corner of the room it was possible that the guy could come over and stab them.

I concluded the interview at approximately 2340 hours.

**NARRATIVE:**

On 040718 at 2046, I received a phone call at home from Criminalist Durham advising me that a fatal officer-involved shooting had occurred and, being that I was on-call, I responded to the scene after retrieving equipment from the FED basement storage.

I arrived and remained onscene until authorization was given through Acting Captain McMurray to begin scene processing. At approximately 0300 on 040818, I began scanning the scene using the Leica C10 scanner.

Prior to the scanning, I assisted Criminalist Ware and Willard by searching for bullet defects in the walls and inserting trajectory rods.

I conducted scans 1-4 and then allowed the medical examiner to remove the body and allowed Det Clifton and Broughton to take scene measurements.

After they were done, I completed scans 5-8.

I returned the Leica to its case and placed the scanner into Criminalist Nebling's vehicle.

Criminalist Nebling returned the Leica to the FED. I then cleared the scene at about 0817 and went off-duty.

Criminalist Becker retrieved the scanner's data and post-processed the scene data in the FED on 040918.

On 041018, I returned to work and created a scan plan sketch to document the scanner's placement in the scene at various locations. This sketch was secured in the FED case envelope.

On 4/7/18, I responded to assist on an investigation regarding an officer involved shooting that occurred at 526 SE Grand Avenue. I learned the location was a local shelter belonging to CityTeam Ministries. I was subsequently assigned to assist in interviewing a number of witnesses that were present during the encounter. Witnesses were transported to the Multnomah County building (501 SE Hawthorne Boulevard) to allow for interviews to be conducted from the inclement weather. The interview was digitally recorded and a transcript prepared. This report represents only a summary of the discussion. For full details, refer to recording and transcript.

-  
I interviewed [REDACTED] at approximately 2340 hours. Soine acknowledged our discussion was being recorded and had no objection. [REDACTED] also acknowledged that he was not in police custody and was speaking with me voluntarily. [REDACTED] said he was attending a AA (Alcoholics Anonymous) meeting that was being held. [REDACTED] said his attention was drawn by loud voices and people getting excited. [REDACTED] said he turned and saw a male he didn't recognize holding an object in his hand and making a cutting motion to his neck. [REDACTED] said others were yelling at the male subject to stop. [REDACTED] stated he heard the male making statements that someone was going to kill him or his family.

[REDACTED] said he has a background in mental health and assumed the male subject was having a psychotic episode and exhibiting paranoia. [REDACTED] said the others attending the meeting were in shock and moved away from the subject while he was still making cutting motions to his own neck. [REDACTED] said he and others moved to the northeast corner of the room. [REDACTED] said police arrived and began giving commands to the subject to put the knife and to get on the ground. [REDACTED] added that other patrons were also yelling at the subject and attempting to give him advice, but [REDACTED] felt the subject was not listening because he was psychotic.

[REDACTED] said he then heard shots being fired and he believed the initial shots were bean bags or rubber bullets because the subject did not immediately go down. [REDACTED] estimated he heard a total of eight to ten shots. [REDACTED] said he recalled six or seven officers, two of which had rifles. [REDACTED] said he believed two officers fired their guns, but was not able to discern between the types of firearms being fired. [REDACTED] added he did not see the subject approach or move towards the officers when the shooting occurred. [REDACTED] estimated the officers arrived approximately two minutes after the subject and that the shooting happened forty to sixty seconds after they arrived. [REDACTED] said he had not seen any video of the encounter prior to our discussion.

SUBJECT INTERVIEW [REDACTED]	

On April 7, 2018 at approximately 2140 hours, I was contacted by my supervisor, Detective Mitch Hergert, and I was ask to assist with witness interviews surrounding the officer involved shooting. I arrived at the mobile command center at approximately 2200 hours and I was provided general information from Detective Darren Posey on what had occurred in the City Ministries Shelter. I was then directed by Detective Posey to assist with citizen witness interviews that were going to occur at the Multnomah Building, located at 501 SE Hawthorne Blvd. Detective Posey informed that the citizen witnesses were being transported to the Multnomah Building by Trimet and would be standing by to be interviewed.

I arrived at the Multnomah Building at approximately 2236 hours. At approximately 2300 hours, I along with citizen witness [REDACTED], were escorted by Sgt. Lee Gosson (MCSO) to the third floor to a secluded area with seats and a table. I started my interview by introducing myself to [REDACTED] and explaining to him that I was there to document what he had witnessed. At the time of the interview, I did not have the means to audio or video record the interview; however, I did take detail notes during the interview. The following is what [REDACTED] told me regarding the incident:

[At approximately 1900 hours, he was attending an Alcoholic Anonymous (AA) meeting at the City Ministries Shelter and there was about twenty to thirty other individuals attending the meeting as well. At approximately 1930 hours, a shirtless man came into the building and was standing near the intake desk, which is near the front door. The AA meeting was being conducted in the open area of the shelter, which is behind the intake desk and about thirty feet from the front doors. He noticed that the shirtless man had defecated himself by noticing a brown streak down the rear of his light colored blue jeans. He heard the man loudly asking for a jacket and he could see the man pacing back and forth as if he was "high on drugs." For the next several minutes, he observed the man coming and going from the front door and yelling various things. Just before the AA meeting ended, sometime around 2000 hours, the man began to stab and slash his own neck with a "box cutter" and began yelling that he killed his family; this was occurring in the shelter near the intake desk. He then saw the man move towards the area where the AA meeting was being held, which caused everyone to scatter to the north side of the shelter; the suspect was on the south side. He saw the police at the front door and he heard the police tell the man several times to drop the knife, but the man did not drop the knife. He saw the police shoot some kind of bullet at the man; he wasn't sure if it was a rubber bullet. The man then began to move towards the police, who were now on the inside of the shelter and about twenty feet from the man. He did not see the officers shoot the man with real bullets, but he could hear it and could see smoke in the room. During the shooting, his view was blocked by the center stairwell. After the shooting he was moved to the Trimet bus and was told not to talk to the other witnesses.]

At the conclusion of the interview, I asked [REDACTED] if he had any video of the incident and/or he had viewed any video of the incident and he told me "no." I also asked [REDACTED] if he was permanently residing at the shelter and he told me "no" and that he was only [REDACTED]. [REDACTED] had nothing further.

I interviewed [REDACTED] at approximately 2304 hours. [REDACTED] acknowledged that our conversation was being recorded and that he had no objection. [REDACTED] also acknowledged that he was not in custody and was speaking with me voluntarily. [REDACTED] stated he was attending a AA/NA meeting when a subject came inside holding a knife. [REDACTED] said he later learned the same subject had come in approximately fifteen minutes earlier and asked for a jacket, but [REDACTED] did not see or was aware of the earlier interaction. [REDACTED] said the subject began cutting himself on the neck with the knife. [REDACTED] said the subject was stating that he had killed or murdered some people prior to arriving at the shelter. [REDACTED] said the male charged toward several patrons and that someone had thrown or used a chair against the subject. [REDACTED] said he and a number of patrons moved to the northeast corner of the room and observed the incident from that area.

[REDACTED] described the knife as possibly a Gerber brand that had a hook on the end of the blade. [REDACTED] said he observed six to eight officers arrive and they gave the subject repeated commands to drop the knife. [REDACTED] said he heard the male subject state he was ready to die and that he had already done something to his family. [REDACTED] said the subject kept cutting his neck before he holding the knife out in front of his body and approach the officers before being shot. [REDACTED] said the sounds of the shots changed from a "Fah" type of sound, to more of a "pop" type of noise. [REDACTED] believed the initial sounds were bean bags being fired. [REDACTED] said the shooting occurred between five to eight minutes from the subject arriving the second time. After the interview was concluded, Multnomah County Sheriff Sergeant Lee Gossen informed me that investigators asked to inquire if witnesses had seen any video source prior to being interviewed. [REDACTED] said he had not viewed any video prior to our discussion.

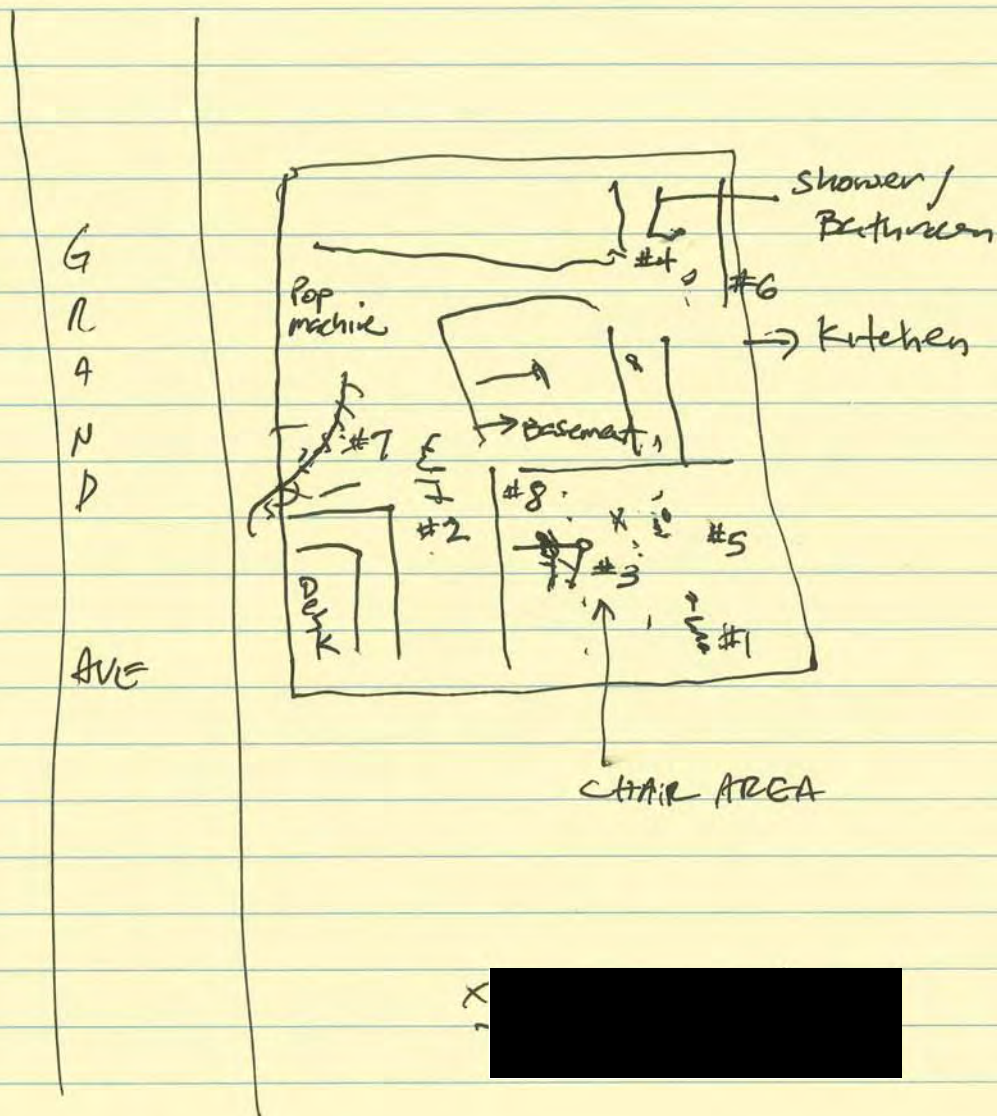

During the interview, I prepared a sketch to aid in illustrating the general movements and locations of people that were present. See attached drawing.

**SUMMARY**-

On April 7, 2018, at approximately 2049 hours, I was called out to assist with an officer involved shooting investigation in the area of SE Milk Blvd./SE Stark St. While en-route to the call I learned that the Portland Police Command Post was located on SE Grand Ave./SE Stark St. I responded to the scene where I attended a briefing and learned that a subject, later identified as John Elifritz, entered the City Team Ministries armed with a knife. John Elifritz was confronted by police inside the building and was ultimately shot by numerous officers who had responded to the call. Sergeant Whattam said there were numerous civilian witnesses inside the City Team Ministries when the shooting occurred who were standing by waiting to be interviewed by detectives. Sergeant Whattam said due to the large number of civilian witnesses they were being transported by bus to the Multnomah Building to be interviewed by detectives. Sergeant Whattam directed me to assist with interviewing the civilian witnesses. I responded to the Multnomah Building where I interviewed [REDACTED]. This report contains a summary of [REDACTED] statement; the complete interview can be reviewed on a CD that was submitted into evidence on the listed receipt. The interview was also submitted for transcription and will be available for review.

**Statement:**-

On April 7, 2018, at approximately 2350 hours, I interviewed [REDACTED] at the Multnomah Building regarding his observations of the aforementioned shooting. Prior to starting the interview, I introduced myself to [REDACTED] and obtained his permission to record the interview. [REDACTED] told me the following.

[REDACTED] said he was attending an AA meeting tonight and was seated by the bathroom area when the guy came into the ministry area. [REDACTED] said he was asleep when it all started. [REDACTED] said he woke up to people screaming for him to back up and get down and that he heard people saying the guy had a gun. [REDACTED] said he looked over and saw a guy holding a knife and could hear the guy saying over and over to the police, "Shoot me...kill me." [REDACTED] said the guy wanted "suicide by police." [REDACTED] said the police shot him with bean bags and rubber bullets. [REDACTED] said the guy was out of control and wished he could have stepped in and done something. [REDACTED] said when the guy started toward the officers they shot him multiple times.

[REDACTED] explained that he woke up to his friends telling him to get down and get away from "him" and to go out the back door. [REDACTED] said he was groggy so he backed up with his friends toward the kitchen door and when they got there they realized the door was locked. [REDACTED] said the guy was approximately fifteen feet away from him when he woke up. [REDACTED] said the guy appeared to be coming toward them so someone shoved a chair at him to keep him away. [REDACTED] said he could see a knife in the guy's right hand and described it as being a small pocket knife with a 3.5 inch blade. [REDACTED] said the guy held the knife in the air and didn't appear to be trying to slice anyone. [REDACTED] said when he first woke up his view was obstructed by the wall surrounding the stairs.

██████████ said he saw the police come in the front door and could hear the guy yelling at the police, "Shoot me...shoot me!" ██████████ said he could hear the police telling the guy to get on the ground and could hear the guy tell them, "No, shoot me." ██████████ said the police initially shot the guy with bean bags and plastic bullets. ██████████ said these items had no impact on the guy's behavior and after he was shot with the plastic bullets and bean bag he moved toward the officers. ██████████ said he thought the police shot the guy approximately four times with bean bags and rubber bullets before shooting him with real bullets. ██████████ said the guy got what he asked for.

██████████ said once the guy advanced toward the police they shot him. ██████████ estimated there were fifteen officers inside the ministry when they shot the guy. ██████████ thought all the officers fired one time. ██████████ said he was sad the police shot the guy and believed they could have disarmed him due to there being such a large number of police in the ministry. ██████████ said after the police shot the guy he was escorted out of the building.

██████████ said the group of people who went to the back corner of the room to exit out the kitchen were trapped in that area because the kitchen door was locked. ██████████ added that he didn't think the police should have shot the guy because he wasn't a threat. ██████████ went on to explain that he has trained in martial arts since he was ten years old and felt he could have disarmed the guy. ██████████ stated that the guy got what he asked for and if the officers felt threatened they did what they had to do.

I concluded the interview at approximately 0007 hours.

SUBJECT INTERVIEW [REDACTED]	

On April 7, 2018 at approximately 2140 hours, I was contacted by my supervisor, Detective Mitch Hergert, and I was ask to assist with witness interviews surrounding the officer involved shooting. I arrived at the mobile command center at approximately 2200 hours and I was provided general information from Detective Darren Posey on what had occurred in the City Ministries Shelter. I was then directed by Detective Posey to assist with citizen witness interviews that were going to occur at the Multnomah Building, located at 501 SE Hawthorne Blvd. Detective Posey informed that the citizen witnesses were being transported to the Multnomah Building by Trimet and would be standing by to be interviewed.

I arrived at the Multnomah Building at approximately 2236 hours. At approximately 2330 hours, I along with citizen witness [REDACTED], were escorted by Sgt. Lee Gosson (MCSO) to the third floor to a secluded area with seats and a table. I started my interview by introducing myself to [REDACTED] and explaining to him that I was there to document what he had witnessed. At the time of the interview, I did not have the means to audio or video record the interview; however, I did take detail notes during the interview. The following is what [REDACTED] told me regarding the incident:

[He was at the shelter attending an Alcoholic Anonymous meeting and just before the meeting was over, a shirtless man came in to the shelter. [REDACTED] could tell the man was high on drugs because the man was acting erratically. The man had asked for a jacket and was able to retrieve a jacket from a bin at the front of the shelter. At this point the man was about twenty to thirty feet from the group that was at the AA meeting. [REDACTED] could see police lights outside, but did not realize at the time it was for the man. It wasn't until the man began yelling "I'm killing myself," did [REDACTED] realize the police were there for the man. [REDACTED] saw the man "jabbing" a box cutter into his own neck. The man began to move to the back of the shelter where [REDACTED] and the other AA attendees were at. [REDACTED] was concerned that the man was going to take someone as a hostage. The man's "threatening behavior" caused everyone to scatter. At that point, the police arrived and [REDACTED] was relieved to see them. [REDACTED] attempted to leave through the north side kitchen door, but he couldn't because it was locked; he realized that the only way out was through the front door. [REDACTED] believes that the police saved the lives of all the people who were in the shelter because the police created a barrier between them and the man. He heard someone say, "he wants to die, let him die." He wasn't sure if the police said it or if a civilian said it. [REDACTED] observed the police shoot the man several times with rubber bullets and tell the man to drop the knife, but the rubber bullets had no effect on him and he never dropped the box cutter. He saw the suspect advance towards the police and the police "had no choice, but to shoot him." [REDACTED] did not see any bystanders behind or next to the man when police shot him. After the shooting, [REDACTED] was contacted by police and was told to sit on a bus and not to discuss the incident.]

At the conclusion of the interview, I asked [REDACTED] if he had any video of the incident and/or he had viewed any video of the incident and he told me "no." I also asked [REDACTED] if he was permanently residing at the shelter and he told me "no," but he was in the process of getting a room there. [REDACTED] had nothing further.

Item 1: CD containing interviews with [REDACTED], [REDACTED], and [REDACTED]

**SUMMARY**

On April 7, 2018, at approximately 2049 hours, I was called out to assist with an officer involved shooting investigation in the area of SE Milk Blvd./SE Stark St. While en-route to the call I learned that the Portland Police Command Post was located on SE Grand Ave./SE Stark St. I responded to the scene where I attended a briefing and learned that a subject, later identified as John Elifritz, entered the City Team Ministries armed with a knife. John Elifritz was confronted by police inside the building and was ultimately shot by numerous officers who had responded to the call. Sergeant Whattam said there were numerous civilian witnesses inside the City Team Ministries when the shooting occurred who were standing by waiting to be interviewed by detectives. Sergeant Whattam said due to the large number of civilian witnesses they were being transported by bus to the Multnomah Building to be interviewed by detectives. Sergeant Whattam directed me to assist with interviewing the civilian witnesses. I responded to the Multnomah Building where I interviewed [REDACTED]. This report contains a summary of [REDACTED] statement; the complete interview can be reviewed on a CD that was submitted into evidence on the listed receipt. The interview was also submitted for transcription and will be available for review.

**Statement:**

On April 8, 2018, at approximately 0010 hours, I interviewed [REDACTED] at the Multnomah Building regarding his observations of the aforementioned shooting. Prior to starting the interview, I introduced myself to [REDACTED] and obtained his permission to record the interview. [REDACTED] told me the following.

[REDACTED] said he went to an AA meeting tonight at City Team and was seated against the wall when a guy came in and started cutting himself on the neck with a knife. [REDACTED] said everything happened fast. [REDACTED] said he saw the guy holding a black knife in his hand and heard him yelling and screaming. [REDACTED] said it looked like the guy was holding the knife backward in his hand to inflict pain on himself. [REDACTED] said he observed the male cut his neck with the knife. [REDACTED] said he knew the guy cut himself because he saw blood. [REDACTED] said after the male cut himself he continued to yell and scream and then started going after people and grabbing at them. [REDACTED] said the male was holding the knife out in front of him when he grabbed at the people and he believed the male was going to stab someone. [REDACTED] said sometime after the male grabbed at the people the Portland Police came inside and started shooting. [REDACTED] said there was a lot of confusion in the room and he wasn't sure what happened but remembered hearing two shots and saw the male on the ground. [REDACTED] said he saw blood coming from the guy and knew he had been shot. [REDACTED] said he heard the police tell the male several times to put the knife down and to get down on the ground before the shots were fired. [REDACTED] said the male didn't do anything when they police gave him commands.

[REDACTED] said once the shots were fired he turned and went towards the emergency exit at the back of the room which caused him to lose sight of what was occurring. [REDACTED] said the emergency exit ended up being locked so he was unable to exit the building through that door. [REDACTED] said right before the police started shooting the guy tried to grab people.

[REDACTED] estimated that the police told the male to drop the knife fifty times. [REDACTED] said the male told the police four or five times to kill him and would tell them "no" when they asked him to drop the knife.

I concluded the interview at approximately 0025 hours.

**Summary:**

On April 7, 2018 at approximately 2000 hours, Portland Police were involved in an officer involved shooting at the City Team Ministries located at 526 Southeast Grand Avenue. I responded to the scene to assist with the investigation. This report documents interview my interview of [REDACTED] regarding his knowledge and observations of the shooting.

**Narrative:**

On April 7, 2018 at a 2049 hours, I received a page from Sergeant Whattam directing me to respond to the area of Southeast Grand Avenue and Southeast Stark Street to assist with an officer involved shooting investigation. I was assigned to interview civilian witnesses to the shooting. The civilian witnesses were on a Trimet bus to keep them out of the rain. A Multnomah County Sheriff's Office personnel assigned to assist with the investigation made arrangements for us to conduct interviews in the Multnomah County Sheriff's office located on the third floor of 501 Southeast Hawthorne.

At approximately 2305 hours, I escorted [REDACTED] into room 360. I digitally recorded and later had transcribed my interview with [REDACTED]. What follows is a summary of my interview with [REDACTED], for complete details, refer to the digital recording and transcripts.

[REDACTED] told me he lives in Salem and works in Portland. He does not have a license so he commutes to Portland via Amtrak and stays in Portland during his work week. [REDACTED] said he has recently been staying at the [REDACTED]. During my interview with [REDACTED], I asked him to complete a diagram of the shelter and mark his and Mr. ELIFRITZ'S location.

[REDACTED] told me he arrived at the City Team Ministries at approximately 1930 hours on April 7, 2018. [REDACTED] told me the following about the events that occurred in the shelter. [REDACTED] marked the spot he stood when he first entered the shelter with a "1". He said there was a meeting progress when he arrived so he stood by the door for a few minutes. He said a person later identified as John ELIFRITZ walked in the door a few minutes arrived as he was standing by the door. He said Mr. ELIFRITZ was wearing blue jeans and had no shirt on. [REDACTED] marked the spot Mr. ELIFRITZ was standing with a number "2". He said Mr. ELIFRITZ asked for a jacket or blanket from the shelter employee at the desk. He said the shelter employee directed Mr. ELIFRITZ to bin near the desk to look for a blanket. He said he felt awkward around Mr. ELIFRITZ so he moved a few feet away from him. [REDACTED] marked the spot he moved to with a number "3". He said a short time later, Mr. ELIFRITZ left.

[REDACTED] told me a short time after Mr. ELIFRITZ left, he sat down in the second row of the chairs. [REDACTED] marked the spot he sat with a number "4". He said a short time after he sat down, he heard a commotion behind him coming from the area of the door. He said he turned around and saw Mr. ELIFRITZ standing with a silver colored knife in his hand. [REDACTED] marked the spot he first saw Mr. ELIFRITZ with a knife with a "5". He said Mr. ELIFRITZ had a cut on the right side of his neck. He said Mr. ELIFRITZ said he was going to kill himself and everyone in the shelter. He said Mr. ELIFRITZ something to the effect of "They killed by family".

[REDACTED] said people who were sitting in the meeting began to get up and move away from Mr. ELIFRITZ towards the back of the room. He said Mr. ELIFRITZ walked towards the group in the chairs. [REDACTED] marked the spot in the chairs

Portland Police Bureau  
PUBLIC RECORD RELEASECASE NUMBER  
GO 42 2018-114856**CONFIDENTIAL**

Mr. ELIFRITZ moved to with a "5A". He said the group jumped over a short wall to get away from Mr. ELIFRITZ. He said most of the group was sheltered in the alcove leading to the bathrooms in the back of the room.

██████████ said the police began to arrive and gave Mr. ELIFRITZ commands. ██████████ said Mr. ELIFRITZ was facing the police when they were giving Mr. ELIFRITZ commands. ██████████ said Mr. ELIFRITZ moved towards the police and got to a spot marked by "5B" on the diagram when the police shot him. ██████████ estimated Mr. ELIFRITZ traveled ten to twelve feet towards the police before the police shot Mr. ELIFRITZ.

██████████ took a short video of the incident with his cell phone. ██████████ also received a video via text from someone who was at the meeting from ██████████. ██████████ allowed me to view the videos and gave me permission to copy the videos from his phone. Later, with ██████████ consent, I had Detective Stenzel copy the videos off of ██████████ phone.

I later placed my interview with ██████████ on a disk. I placed the disk and the diagram ██████████ drew in the property room as evidence on property receipt number A083058. I scanned the diagram and attached it to this reports.

End of report.

**Broughton:** Okay. That's in the evening?

██████ Correct.

**Broughton:** Okay. I'm sorry for the pauses. I'm just...

██████ No problem.

**Broughton:** ...taking notes. And so, um, anything remarkable about your day from the time you woke up until you arrived at City Team?

██████ Nothing. Straight ordinary.

**Broughton:** Okay. And so, um, describe for me, uh, you know, once you walked, you know, how do you get in the door at City Team?

██████ Okay, so, uh, I just walk up. Uh, usually there's a couple, uh, um, people, like, sleeping or sitting up front. It's a little bit, uh, you know, it's a, I mean, it's great. It's a place to stay indoors. Uh, you know...

**Broughton:** Um-hm.

██████ ...it's, it's a little bit, feels a little bit sh- on the shady side a little bit, you know. That's just could be 'cause I have a place to live and so I'm not putting anyone down there that doesn't, but, um, so anyway, I just, you just walk right in the door. You know, you just, the door's open. I walked in, uh, there was some kind of meeting going on, uh, later to find out it was an AA meeting. Um...

**Broughton:** And so, when you walk in the door, is there a counter or anything...

██████ Yeah.

**Broughton:** ...there?

██████ As soon as you walk in the double door, there's a counter to the right.

**Broughton:** Okay.

██████ But, otherwise, no, you have free access to the whole room. You could just walk in and go wherever you want in the whole what, area room there.

**Broughton:** Okay.

[REDACTED] Uh, there's nothing stopping you. There's just a little counter to the right with somebody sitting there. Most of the time I just walk in, they just kind of glance up, glance down. I mean, you could, they don't even really check you or anything.

**Broughton:** Do you check in and get your place to sleep at that desk?

[REDACTED] I did, you do...

**Broughton:** Okay.

[REDACTED] ...um, at certain nights but I don't, I don't really know how it works yet so I just kind of checked in, saw they had a meeting. I stood there right in front of the door on the inside of the building for about three to four minutes. I asked the guy, uh, at the counter, said, "Hey are you, uh, my name's [REDACTED] He said, "Oh yeah. We have you on the list. You work and everything, uh, you talked to one of our guys here saying that you'd be coming by for work, or, after work each evening. We didn't know what time you'd get here." I said, "Do I need to pay you five bucks now?" He said, "No, we have a meeting going on. We're going to do that after the meeting."

**Broughton:** Okay.

[REDACTED] And I stood there in front of the door for another 15 minutes.

**Broughton:** Okay. And, uh, and how many people were at the meeting...

[REDACTED] God, I...

**Broughton:** ...approximately?

[REDACTED] ... I, there was a lot.

**Broughton:** Okay.

[REDACTED] Uh, I don't know. I would say 50 maybe, 40?

**Broughton:** Okay.

[REDACTED] And, all the chairs on this side were all full, uh, there was one-two-three-four people at the front of the, like, the sitting, like the, con- you know, constructing the meeting. Then there was people sleeping on the floor over here and there was a, you know, just kinda non-chalant, I don't know, 40-50 people in the building...

**Broughton:** Okay.

██████ ...the whole time.

**Broughton:** And was it a meeting that was, uh, led by someone?

██████ Yeah, that's what I mean. There was four people sitting at a head table...

**Broughton:** Okay.

██████ ...that were leading the meeting. It seemed like they were the ones talking to the group.

**Broughton:** Okay. So you walk in approximately, uh, 7:30.

██████ Yeah, right around there, 7:25.

**Broughton:** And then you estimated you stood by the door,...

██████ Yeah.

**Broughton:** ...you stood there for about three or minutes minutes...

██████ Yeah, even the gentleman that, uh, was involved in all this. He came in, uh, prior this happened. He, he came in, you know, I kinda stepped outta the way 'cause he came barging in.

**Broughton:** Okay.

██████ I don't know if you want me to jump ahead or anything.

**Broughton:** Yeah, well so, so, you're standing there for about 15 minutes.

██████ Yep.

**Broughton:** And then, and then what happened after that?

██████ Okay, so, uh, I, uh, was standing there. I was thinking maybe I'll grab a seat or something. There's none available. All of a sudden, uh, the door comes open and this guy comes in, pair of blue jeans, no shirt on whatsoever. And, he kinda interrupts a meeting. Everyone kinda turns around and looks back 'cause real loud he says, "I need a blanket or a jacket. I need a blanket or a jacket right now. Somebody get me a blanket or a jacket" and people in the, kinda like, sitting up there to the meeting were, like, "Shh, 'kay, quiet down." And, and, he, uh, looked at the guy at the counter, the kid, or the, I call him the kid, he's younger than me, but, at the counter and said, "I need a blanket or a jacket." Um, he didn't say he was cold, didn't say anything. He just kinda, he was just kinda, like, I don't know. I don't know if it looked like he was on drugs or what but he was just, he,

he, his mouth was going a million miles an hour but he wasn't saying anything. Um, he, uh, uh, there's a little barrel there, uh, by the front counter. And it must be for donation or free coats or sweatshirts and he said, "You can look in there." And he looked in there, he grabbed out a jacket. He put one on.

**Unknown:** So he tried...

**Broughton:** This is the guy, this is the guy behind the desk told the guy that pushed past you...

██████ Yeah.

**Broughton:** ...to look in the barrel?

██████ Yeah, yeah.

**Broughton:** Okay.

██████ He said, yeah. Um, then he said, uh, the guy that came in for the jacket, um, he, uh, tried grabbing another sweatshirt off a chair right next, behind the counter and the guy at the counter said, "No, no, no. That's, that's somebody else's." And then the guy kinda, he didn't even really go outside all the way.

**Broughton:** Okay.

██████ He just kinda stood there with the door open some. And he was, like, I don't know, like he was tar- I don't know if he was talking to imaginary people or what. He, he was kinda getting cra- so, I, I stepped away a little bit 'cause I was, like, wow, this guy's nuts, dude. I, I don't know about him so I stepped off to the left about five feet and just kinda stood there and then eventually the guy at the counter got up and said, "Hey man, you, you need to take it outside. Go outside." He said, "You need to leave - you need to go outside" to the, the gentleman that came in to get the jacket. And, uh, uh...

**Broughton:** And, so, was he standing there with the door open...

██████ Yeah.

**Broughton:** ...or closed?

██████ He was standing there with the door open.

**Broughton:** Okay.

██████ He was standing on the inside of the building with the door it's, like, pushed, glass doors, with the doors open like he was, he wasn't really talking to anybody outside. He was kinda talking to himself, talking about some family or

something. I, it was something, it was, I don't know, something crazy. He would say, "Oh my, they got my family, or, they got 'em. They got my family."

**Broughton:** Um-hm.

Something like that, so, um, yeah, and then I just kinda walked five feet to the left and then, uh, once they got the door closed I saw that there was a seat open up in the second row towards the very front of, uh, the meeting. And, that's where I, I went and sat down.

**Broughton:** Okay. And then what happened?

Uh, so I went and sat down. Uh, there was four people at the head table. One of the, the gentleman in, like, a dressed up shirt was talking. Uh, he got done talking. Uh, they, another guy in the crowd named [REDACTED] in the front row, I think his name was. He started talking for about 10-15 minutes. Um, just as about this gentleman was done rapped up talking all of a sudden there's a commotion behind us.

**Broughton:** So the guy, [REDACTED] is what you're say- when about when you think [REDACTED]...

Yeah, this could, yeah...

**Broughton:** ...was done talking?

...he said he said, "Alcoholic" or something.

**Broughton:** Okay.

It was, it ended up being an AA meeting.

**Broughton:** Sure.

Um, I don't use alcohol or drugs so I'm not really familiar with 'em.

**Broughton:** Sure.

But, uh, he, uh, um, this guy in the front row, uh, who is in the program that people said or something. Uh, he kinda started, started getting done talking, um, then a gentleman next to me, sorry this, uh, he was a colored gentleman sitting right next to me. The very next seat to me started talking about his, uh, methamphetamine problem or alcohol problem or whatever the Hell he had,

**Broughton:** Um-Hm.

██████████ Um, and then, then there was a commotion. The commotion, all of a sudden we'd stand up and there's a guy, the same guy that came in to get that jacket earlier, wearing the same jacket...

Broughton: Um-hm.

██████████ ...is standing in the back, uh, kinda like looking towards the door and it looks like he has, he definitely has a silver-type of I don't- a knife or something in his hand. Um, you know, you could tell it was shiny silver, uh, metal something. And then it looks like he has a cut on his neck right here. On, on the right side of his neck it looked like a, like a cut and I didn't see blood gushing out or anything but that's what it looked like. And he said, uh, "I'm gonna kill myself. I'm gonna kill everybody in here. They killed my family." I, uh, and then lots of people started, so then, it's kinda strange 'cause I'm sitting there looking and I'm, like, there's a lot of really kinda wacked out people in this place.

Broughton: Um-hm.

██████████ And I'm, like, is, is this guy just for real? Are they just gonna ask him to leave or what? I didn't really, could jump up right away 'cause I, you know, I don't know. Um, then I start seeing a lot of the people that were in the chairs start, like, diving to the front. You know, they're like, they're like Oh My God, like, I'm not, like little kids and the boogie man's coming. It was kind a strange only what the, why are you, what are you guys doing? Somebody go tackle this guy, you know? So, I'm like, uh, people are, they run up towards the front. Not by the doors but the front where I'm talking about the meeting was. Here's the doors where you come in. Here's the back wall of the City Team place. (drawing sounds) Here's the little counter. Everybody starts running up here. I'm right here so I kinda go stand up here and this guys is still, uh, um, up there saying that he's, people are kinda still scattering away, scattering away and he just says, uh, "I'm gonna kill myself. I'm gonna kill myself. I'm gonna kill m- you know, they, they killed my family. I, I'm gonna kill myself. I'm gonna kill myself." And, uh, so we're all kinda standing back here then all of a sudden I believe, um, a couple policemen came in or something.

Broughton: Um-hm.

██████████ Um, I looked back. I saw a few policemen and then, uh, they were standing at the door, the policemen. This gentleman was standing here. We were back here and all of a sudden I hear a couple pop, pop like a, not like really a rifle, but I don't, best is, like, maybe I don't know if maybe it was a rubber bullets or something 'cause you could hear, like, a ding ding ding ding, like, something hitting off the back wall or something, you know. Um, they were saying, all, all I heard, even before that happened, all I heard was, "Put it down. Put your weapon down or get

down on the ground - get down on the ground right now" to, to the gentleman.  
But he...

**Broughton:** And who, who was giving those directions?

██████████ I, I, I coul- I mean, it had to be the policemen. There was three or four policemen in there.

**Broughton:** Okay.

██████████ I believe there was a couple of females, there's a couple males. But you could definitely, clearly hear them saying, "Get down" or "Put your weapon away - get down", you know...

**Broughton:** Um-hm.

██████████ ... "Get down on the ground now - put your hands in the air - put your hands in the air". You could hear that over and over. Um, but they uh, uh, the gentleman, he was still pacing back and forth kinda, like, where he was at. You know, within, like a, probably a six to eight foot parameter. He was just pacing back and forth. Uh, you could see and so we, uh, um, a few of us that were in this group still here, uh, we jumped over this little three to four foot high wall and jumped over, and went over here by where the restrooms were. And then, uh, um, where the restrooms were there was, there was a, a exit, like, fire door at the back but it was locked. So people were saying go out the door, go out the door but it was locked so nobody could get out so we all kinda huddled back here by where the restrooms were. And, as you come in the front door, that's off to your rear left, uh, the very back corner left where the restrooms are. And, uh, then I, I, I, look up and this gentleman looks, you know, I look up and he's standing there and he looks, then he, to me, it looked like he was gonna run at the police man and next thing you know it was bam, bam, bam and the guy was on the ground and they told us to get out. That was it. I didn't look back. Um, I have a five second video uh...

**Broughton:** Okay.

██████████ ...on my phone. Uh, you know, like I said I'm just wanna be 100 % honest with you guys or anything. There's another gentleman there that he gave me a, he sent me a video to my phone. He goes, "Man, I got a video of all this. Here, let me send it to your phone. What's your number?" I gave him my number. I don't know I was, like, in shock but, um, this is the video I have. If you want it you can have it...

██████ Yeah. Can, can I keep my phone? It's all I have for work, man.

**Broughton:** I, I think we'll be able to work that out, yeah.

██████ Okay.

**Broughton:** And, so, what I'm gonna do because the recorder can't see...

██████ Yeah.

**Broughton:** ...that you're looking at your phone so I'm gonna sorta narrate. But, if you can, if you wanna pick up your phone and show me the video.

██████ Yeah, it's a, I mean it's just a little bit of the guy. It's nothing else. Uh, so this is the video (inaudible noises)

**Broughton:** Okay. (inaudible noises)

██████ So, I tell everybody let's go. Let's get out of here, you know, so...

**Broughton:** Um-hm.

██████ ...uh, then...

**Broughton:** So, so, in your video, um, are you looking around a corner?

██████ No, that, that's, uh, where the, where I'm standing back here, the bathroom, and there's just a gentleman right there.

**Broughton:** So you're back by the bathroom.

██████ Right and...

**Broughton:** And, and where the police officers are in that video...

██████████ Okay. So, here we are in the back, uh, area. He's between us pretty much.

**Broughton:** Okay.

██████████ Well not, not directly between us. No, he, he's off to the left, so (paper crinkling) this is a room, right?

**Broughton:** Yeah.

██████████ I know it's kind of hard here...

**Broughton:** You know what I'm gonna do, um...

██████████ ...yeah, thank you.

**Broughton:** ...I, I'll have you, um...

██████████ Sure, no problem.

**Broughton:** And, uh...

**Broughton:** ...or what have you. Okay.

██████ And then this is a counter here.

**Broughton:** Okay.

██████ Both of these, um, okay. And then, uh, um, here are restrooms.

**Broughton:** Okay.

██████ Now, this is just all one single room, okay?

**Broughton:** Okay.

██████ So, here are, um, restrooms here, okay? And then there's just a little divider here. I'm just, I'm just gonna put divider.

**Broughton:** Okay.

██████ It's about three feet tall I would say. Um...

**Broughton:** And where was the meeting going on?

██████ Uh, right here. So, here's uh, uh, here's the head table.

**Broughton:** Okay.

██████ Head table, here. (writing sounds) These here is just, uh, um, chairs, like, stackable chairs. There's just a bunch of stackable chairs here, uh, there's an aisle right here. (writing sounds) Uh, you know, and so these chairs kinda just come back here. Come back quite a ways. Um...

I don't know what that is but there's just open space here. There's an exit door right here, in the back, but it was locked.

**Broughton:** Okay.

██████████ I, I guess there's an exit there. People are saying there was but it was locked. So, here's the front doors, here's the building, this is outside. Um, on whatever street that is, Grand, or, um, Martin Luther King or whatever. Um, so that's it. So here's where the...

**Broughton:** So, what, let's do this. So when you initially walk in.

██████████ I walk in right here...

**Broughton:** And, so, why don't you put a, a number one with a circle...

██████████ Okay. Here's a one. That's where I was standing.

**Broughton:** Okay. And then where was this guy standing the first time you saw him? Would you put a two?

██████████ And, then, here's a little bucket. A clothes bucket, I'll put. (writing sounds)

██████ Right.

**Broughton:** And I won't put words in your mouth.

**Broughton:** And when you, uh...

██████ When this guy was kinda freaking me out he was, like...

**Broughton:** Okay.

██████ ...all, like, I, I, I turned behind me. I saw him. I stood right here where number one was as he was saying, "I need a jacket." He came in, no shirt on, dripping wet, whatever. "I need a jacket. I need a blanket. I need a jacket. I need a blanket." And it kinda freaked me out a little bit. Saw him grab the jacket out of the clothes bucket. Tried to grab one off of a chair right here. Um, the guy said no, you can't have that one and then he stood with the door open right here for a second, so, I moved over here 'cause I'm, like, wow, this guy's on something or whatever's going on. So, I, I moved right here and stood there for, you know, 10 minutes or whatever and then I moved up and sat right here. Do you want me to put number four here?

**Broughton:** That would be great, thank you.

██████ Okay, so, this is ex- that's exactly where I moved up and sat.

**Broughton:** And approximately how much time do you think went by between when you went to sit at number four...

██████ Right.

**Broughton:** ...and then when the commotion started behind you?

██████ Fifteen minutes...

**Broughton:** Okay. Okay.

██████ ...I would say. I think so. Something like that about.

**Broughton:** Okay. (paper rustling)

██████ 'cause it wasn't, I, it wasn't quite, they said the meeting got over at 8:00. It wasn't 8:00 o'clock yet. I, you know, the meeting was still going on so I, I, like I said, I wanna say, like 15-20 minutes.

██████ Yeah, this gentleman right here was speaking. There's a guy right here that was talking.

**Broughton:** Okay.

██████ There's four guys up here.

**Broughton:** Sure.

██████ Four. And then he got done talking, this gentleman, I believe his name was ██████ he started talking about his alcoholic ways or whatever.

**Broughton:** Um-hm.

██████ Then the guy, this this colored fellow right here, next to me, started talking. When he, during his conversation, uh, about his meth use or methamphetamine use or whatever, that's when this guy came back in.

**Broughton:** And how did you know it was the same guy?

██████ Because he had the same jacket. I mean, you could tell, man, easily. Big guy, brunette hair, uh, same jacket on, baggy kind of, I don't know, blue jeans on and he was, I just turned around and could see that it was him. I mean, I have a good memory. I mean, I'm a very, you know, educated, smart guy so, yeah, you know...

**Broughton:** Okay.

██████ ...so I could tell it was him.

**Broughton:** Wh- which hand do you recall seeing it in?

██████████ I wanna say the left hand.

**Broughton:** Okay. And how, could you describe the knife?

██████████ I, it looked like, okay, this is what it looked like. It looked like if you had, like, a switchblade. Uh, very shiny, silver metal. A couple of circles. Um, like, on the handle part or somewhere but I couldn't see the blade part. I just kinda saw that, um, and then I saw, uh, that he had it looked like a cut right he- on this part of his neck. Like, it wasn't gushing blood but it looked like a red line right here. I don't know if it was a cut or not but it looked like a red line on that part of his neck.

**Broughton:** And you're, uh, going along, like, approximately about three or four inches along the right side of your neck. Do you think it was about that long?

██████████ Along the right side of his neck, probably about six inches long...

**Broughton:** Okay.

██████████ ...I would say. It looked like there was a cut that long.

**Broughton:** And so, what I'm gesturing to now is for, between number five and then this back row of chairs...

██████████ Correct.

**Broughton:** ...i- if you had to guess. Approximately, like, what's the distance between number five, you know, where this guy was standing...

Broughton: Okay.

Yeah, there was also people sitting against the wall over here. Some people sitting against the wall all along here, um, and people started scurrying from between where he was standing and this back, and these chairs all up to here. This is all empty space back here. This is where they keep the stacked chairs, I guess, and everybody just kinda clammered into this little area right here.

Broughton: Now, and, um, it you, would you, would the area in which you said people clammered to...

Sure.

Broughton: ...um, would you be able to, like, draw a small...

Sure.

Broughton: ...line and...

I sure can, yep.

Broughton: ...um, I don't know.

I, I sure can. I can just draw. This is where everybody kinda was right here. Um, and this is where all the people were, well, not all, but I would say majority of the people were. All in this little area right here. Um...

Broughton: And approximately how big was that area do you think?

Huh, I would say, uh, four feet by six feet.

Broughton: And, if you had to guess, how many people do you think were in that area?

Probably 20.

Broughton: Okay.

20, good 20 people.

Broughton: And where were the others?

Uh, they were, uh, over here, right here already. They were all against this wall over here. They were all against this wall and they were right here was a big group of 'em. There was still a few people that were kind of, like, waking up from being on the floor, uh, you know, whatever. And, they were close to this guy. They were just trying to get away from this guy. I actually turned around

and saw this guy almost, he tried to grab, uh, this older, this gent- this older gentleman, white beard, um, that was walking away and he was about to grab him but he was so, this guy was so moving, jerky, uh-huh, he, like he didn't know what, what to do I don't think. You know...

**Broughton:** The guy with the beard?

...no. the guy with the knife.

**Broughton:** Okay.

He was, like, he wasn't, you know, like your typ- I don't know who your typical but he wasn't, like, your calm demeanor, you know, like, hey, I'm, you know, I'm gonna kill, you know, I'm gonna grab somebody. He was just kinda, like, abhh, like he was out of his mind or something, you know? That, that's how it looked to me anyway.

**Broughton:** And, the guy with the beard, how, how did that get away from the guy with the knife?

Uh, he just walked over. He just kinda walked and then ran a little bit, uh, over this way. Now, uh, um, a lot, some of these people in here had, were taking the chairs, they're stackable chairs, and they were, um, holding them up with the legs out and they were, like, going like this to the guy.

**Broughton:** So what you, the way you, the way you have it, if I have it right there they're holding the chair and they're holding the legs away from them?

Right.

**Broughton:** Placing the chair and the legs between them and this...

Correct.

**Broughton:** ...guy with the knife? Is that correct?

Yeah. There was, there was three or four gen- people that did that.

**Broughton:** Okay.

And the, the guy wasn't touching these people. They were just doing it, like, in case he was gonna come that way. Um, you know, and that's what happened. Then, uh, back here there's a little table. Um, and one of the gentleman flipped the table over, it's just a little table, I'd say, like, three four foot tall wooden end table. One of the gentleman flipped it over and kinda, like, got behind it and

people are getting behind him as if it was, like, a barrier. Even though the, even though the gentleman never came down this way. Um, so.

**Broughton:** If you had to guess at a distance between you, we've got number five here and then the bathrooms, how far do you think that would be?

██████████ I would say 20 feet, 15 feet. Something like that.

**Broughton:** So, we're at the point now where, um, would you, would you be able to, uh, guess where the guy with the white beard was...

██████████ I, I would, I, I think he's over here against the wall. He had to have been. There's a, there's a wall right here, obviously, and I would say that he was laying over, there was, like, three people laying over here. I didn't really see when I first came in where they were, um...

**Broughton:** Would you just label those people sleeping?

██████████ Yeah.

**Broughton:** Thank you.

██████████ Um, I didn't really see, uh, uh, where, uh, who they were when I came in. I don't, I don't really look that much at the, you know, people laying there but they, he, he must've been sleeping over here because he was going this direction and between this, and where this guy was, and the wall there's only enough room for, you know, probably five feet of room, you know? Um, so he had to have been going, you know, that way, like, he was sleeping or something over here. I'm trying to get over to this side 'cause this is where all the room was, you know.

**Broughton:** So, between where number five is...

██████████ Yeah.

**Broughton:** ...and the wall and these people sleeping, you, you're estimating approximately five feet?

██████████ Yeah, I would say so.

**Broughton:** And then, so, now we're at the, uh, back at the point where I, I believe you're...

██████████ Sure.

**Broughton:** ...kinda all, where all the people are huddled...

██████████ Correct.

[REDACTED] So, what happened? Uh, we all were here. Uh, police started coming in. Now, I'm just gonna put P here.

**Broughton:** Um-hm.

[REDACTED] This is the police.

**Broughton:** So each one of those individuals P's is a police...

[REDACTED] Yeah, there was three to five policemen in the room at that time, I believe. Um, they came in. This gentleman right here, the one that they were talking to, he came down this way.

**Broughton:** And, so, you're gesturing to...

[REDACTED] He came down towards where...

**Broughton:** ...the area of the chairs?

[REDACTED] ...where the chairs were stacked.

**Broughton:** So, uh, why don't we put, um, a Five A to where...

[REDACTED] Okay.

**Broughton:** ...that guy went.

[REDACTED] Five A. He came down here. We're all here. All we heard, I heard, anyway. I don't mean we heard, I heard was, "Get down. Put your hands up. Get down. Put it down." And then this gentleman was just pacing. Sorry, it's my wife, I'm sure.

**Broughton:** It's okay.

[REDACTED] Uh, this gentleman was just pacing, um, back and forth right here where the chairs were. Kind of in a circle. He didn't know what the Hell to do, um...

**Broughton:** And, if you had to guess, approximately how far away were the police from this Five A here?

[REDACTED] How far do you believe I am from the chalkboard right now?

**Broughton:** I'm gonna guess 10-15 feet.

██████ Okay. So, I would say they were 15-20 feet away.

**Broughton:** Alright.

██████ Um.

**Broughton:** And, how, how was the lighting in this place?

██████ Very lit.

**Broughton:** Okay.

██████ Very well lit.

**Broughton:** Were you able to discern that these were police officers?

██████ Yes.

**Broughton:** And how...

██████ Easily.

**Broughton:** ...seems like a silly question. How could you tell?

██████ They had full uniforms on. They had police uniforms on. Uh, they also were stating, uh, Portland Police Department or, or, you know, uh, the poli- or, somebody had said the police were here but they had, I swear that I heard the "this is the police - drop your weapon, drop your weapon". Something like that, you know, um. They were, you, you could easily 100% distinguish, unless you were blind, and, I'm sorry, nothing against blind people, that these were police officers. Clearly marked with the blue uniforms, white lettering. Um, they had the hats on, uh, all of it. So, there, there was no mistaking that whatsoever. Um, so, we were all here. This gentleman was kinda cruising back and forth right here. We jumped this little divider. So, we heard a ping-ping, like, like a shot going off or something. We were (inaudible) here so we weren't in any way of direct fire or anything, in the line of fire, (inaudible) call it or anything. But, all of a sudden we heard a ting-ting, I heard a tchoot-tchoot-tchoot, like, something was bouncing around back here. So I'm, like, oh shoot, maybe they're, like, uh...

**Broughton:** And, the area, you're referring to the bouncing around, is this back by the head table?

██████ Uh, to the, to the...

**Broughton:** Okay.

...left of, if you were sitting at the head table, to the far left of the head table. We were to the far right.

**Broughton:** Alright. Just so I know.

Um, and so we jumped this divider here. I jumped the divider. Everybody started jumping this little divider here and we, we ended up, everybody left in the room was all huddled right here by the restrooms. So, I guess there is a little bit of a corner, um, here, uh, in the restrooms. Most people were back in here.

**Broughton:** How, how deep are these walls leading to the restroom?

God, I, I, three, four feet? Five? A few feet, maybe. Not, not very very deep but enough to where, if there was 15 of us in there, there was only me and three other guys kinda sticking out a little bit. Or, I was kinda even with it, you know.

**Broughton:** And were you one of the front rows of people?

I. I was. I was the very front row of people.

**Broughton:** Okay.

Well, there was one gentleman though that's just right here by me but, otherwise, I was in the very front row, yes.

**Broughton:** And so, by the time that everybody you describe as, as hopping this divider...

Right.

**Broughton:** ...that I'm pointing to and then over in the restrooms...

Right.

**Broughton:** Who all is left over here by the head table and all these chairs?

Nobody. Abso- o- only, I'm sorry, only this gentleman that came in with the jacket and everything else.

**Broughton:** So the guy labeled with Five A (inaudible)...

Right. Nobody else was there whatsoever.

**Broughton:** And so, to this point, have you heard any other shots other than the...

Oh, no.

Broughton: ...ping-ping...

██████ No, no, nothing.

Broughton: ...you described?

██████ Nothing, nothing whatsoever. I, all I said, by this time I look over and, I kid you, it looked like there was 10 police officers at this point as I'm standing by the restroom. It looked like there was 10 police officers and they were all saying, "Put it down. Get down. Get down on the ground with your hands up. Get down on the ground now" over and over and over again. And, even a couple of the guys standing here were, like, what the Hell? Why doesn't the guy get down, ya know? Like, look at all those cops. Why doesn't that guy get down? Why doesn't he get down? And then, um, yeah, that, that was, that was, uh, um, that's what was said when we were over there.

Broughton: And then what happened?

██████ And then I heard uh, uh, uh, four or five, uh, what I thought were gunshots go off. Um, well, first of all, before that happened, I turned around and I was watching this guy and it looked like this Five A was leaving this area and he was f- he was, he just looked like he had enough or, like, if somebody looks like if they had enough or were gonna end it and they, they, he looked like he was heading towards the police officers. Like he was heading back towards the door, like, he was heading back tow- like, towards the police officers. They're telling him to stay there, stop, get on the ground, get on the ground. I, I thought he was charging 'em. That, that's what I thought, okay? Uh, 'cause, when he was here and when we walked out where he was laying was up here more. You know what I mean?

Broughton: So when you're, uh, you're describing, um, wh- when, so you've got Five A where he went...

██████ The stackable chairs are...

Broughton: ...and so when you said when, when you walk out, is this after a shooting occurred?

██████ Correct.

Broughton: And where, would you put Five B down for where...

██████ Yeah...

Broughton: ...you recall...

█ ...I would say Five, Five B is way up here.

**Broughton:** And, is Five B where you saw this guy with the knife laying?

█ Correct.

**Broughton:** And so, approximately, how far away was Five B from where you recall the police officers?

█ Well, I would say from here to the wall.

**Broughton:** And so...

█ So, what's that? 10-15 feet?

**Broughton:** ...so how...

█ I'm not great at distance.

**Broughton:** No, that's fine. And, I'm asking for approximations...

█ I understand.

**Broughton:** ...everybody has a different...

█ I fully understand.

**Broughton:** ...sense, but, if you had to guess, how far did this person with the knife travel towards the police officers from Five A to Five B?

█ 10 feet. I would say at least. At least double me. I'm 6' tall.

**Broughton:** Okay.

█ So, I would say he probably traveled, you know, 10-12 feet towards the police officers.

**Broughton:** From where...

█ From where he was, from where I, he was standing the last time I saw him where it looked like he was, like, running towards the door. He was running towards the police. I didn't know what he was doing, which one, but, he probably traveled 10 feet. And then, then the shots were fired and he was laid down.

**Broughton:** And where was the knife at this time?

██████████ I, I, I didn't see anymore. It, it, it had to be in his hand. It was in his hand the whole time that I saw him from where I was here, the knife was in his le-, I wanna say his left hand. But, the knife was in his hand the whole time.

**Broughton:** Okay.

██████████ And, I, now, once, once the shots were fired a couple of female officers came back here and, one female one male officer came back here and said, "Let's go. Let's go. Get out the back door. Get out the door." And, somebody said, "You can't. It's locked." And they said, "Get out here this way. Follow us." And they took us out here and outside.

**Broughton:** So you're, you're gesturing to, uh, after the shooting...

██████████ Yeah.

**Broughton:** ...a couple of police officers went back to where...

██████████ And said let's get you outta here...

**Broughton:** ...everyone was by the bathroom.

██████████ That's right.

**Broughton:** Tried to get you out that exit door.

██████████ It was locked, they couldn't...

**Broughton:** It was locked.

██████████ ...get us out. They took us out the front door.

**Broughton:** Okay.

██████████ Right away. I mean, thank goodness, you know, I mean that they were there, you know.

**Broughton:** Sure. Uh, do you recall, uh, what weapon, or weapons, the officers fired?

██████████ I, I, I could not recall what weapons they fired. I, I...

**Broughton:** Okay.

██████████ ...have no clue. Uh, um, I'm not, no. I, I, I would, I would say a rifle, a couple of rifles, maybe. Um, that's what it looked like were pointed. Um, were a couple of, uh, looked like a couple of rifles were pointed. That's all I know.

**Broughton:** Approximately how many gunshots did you hear?

██████████ I would say four to five.

**Broughton:** And then, at the time, uh, where, uh, where police fired at, uh, the guy with the knife, who was, uh, between the police and the guy with the knife?

██████████ Um, nobody. Thank goodness...

**Broughton:** And then, and then who was behind the guy with the knife?

██████████ Absolutely nobody. Yeah, he was definitely clear. I mean, he looked, I mean, it was, and what's crazy was that I was telling some of these guys I'm, like, dude, what the Hell? Why, why won't that guy put his knife down, man? Like, like, what the Heck is he doing, ya know? Like, I, and some guy, "Aw, he's messed up" or, something, one of the guys in the crowd, or whatever, said that but I'm, like, Holy Cow, like, I'm not kiddin' you, man, these, these police officers told this guy probably, for a while. We, I mean, between the time of leaving the, the stacked chairs, getting over here where the police officers were here, getting over here. I mean, there must've been a good 10 minutes that lapsed. That's 10 minutes of police officers standing there telling this guy, "Get on the ground. Put your weapon down." You know what I mean? I, I, I don't know if it's 10 minutes 'cause it was going quick but that's what it felt like to me, ya know? Uh, of time that, like, Holy Cow, dude. You know, I mean, you know, that's, I mean that's good, I mean I, I think our police are great. You know, I have children. I raise 'em and it's a, um, you know, this guy just wouldn't put his weapon down or something.

**Broughton:** Uh, is there anything else that I'm not asking about that I need to be aware of? Anything else you need to add?

██████████ I don't think so.

**Broughton:** There's no detail too small.

██████████ No, I, I understand that. Uh, no. I, to me, what exactly happened was that this gentleman came in and he was a threat to everybody and everybody in that room could feel it the second time he came in. The first time he came in, you could tell, he even interrupted the whole meeting. He was, I don't know, high, like what you see on the movies on PCP or something. I, I don't know if that's, like, uh, you know, the drug or not but, um, he was just rantin' and ravin' and rantin' and needed a jacket and this guy's got no jacket out in the rain and cold, like, what the Heck is wrong with him? Then, he gets one. He stands in the door when asked not to then he finally goes outside. Then, 15-20 minutes later, he busts in with a knife saying he's gonna kill himself, that somebody killed his family over and

over, and that he's not gonna let 'em, he's not gonna let them do that to him and that he's gonna kill everybody in the place.

**Broughton:** In that place where the meeting was going on?

[REDACTED] (laughs) Yeah. That's all he would that's all he said over and over. Um, "They killed my family. They're not killin' me. They're not gonna do that to me. I'm killin' everybody. Everybody, they killed my family. I'm not, I'm not do-", and that's all he said. I was, like, Holy Cow. And, this is, like, a bigger guy, you know.

**Broughton:** How, how big would you describe him?

[REDACTED] I'd said he's 6'3", you know, 260-270, (phone notification sound) I would say he was. Sorry, it's my wife again.

**Broughton:** That's alright.

[REDACTED] She just wants to make sure I'm okay. Um, that, uh, that's I would, you know, he's bigger than me, taller than me. I'm 6'1", you know, 220. Uh, he, a little chunkier, he was for sure and he's definitely taller than me, so.

**Broughton:** And what race is he?

[REDACTED] A white Caucasian gentleman.

**Broughton:** Any other dis- distinguishing features on him?

[REDACTED] Uh, God, no. Just, uh, you know, uh, um, when he had his shirt off he was really hairy-chested but otherwise not, none that I saw. Just a white guy, uh, it looked like he was completely high on somethin', or, under the influence of something, and trying to kill people, so.

**Broughton:** Anything distinguish, I mean, have you ever seen this guy before?

[REDACTED] No. There's a, like I said, I've probably stayed, like five nights at this place, uh, all together and, uh, there's different people in there a lot. There's a some of the few same people there, though. It's usually not too bad. But, um, never had seen him before. I don't think any of those people had seen him before. I have no clue who he is.

**Broughton:** Alright. Well, um, so, if you wouldn't mind for me, [REDACTED]

Narrative:

On April 7, 2018 at a 2049 hours, I received a page from Sergeant Whattam directing me to respond to the area of Southeast Grand Avenue and Southeast Stark Street to assist with an officer involved shooting investigation. I was assigned to interview civilian witnesses to the shooting.

I learned Officer McDonald had interviewed [REDACTED]. From his interview with [REDACTED], Officer McDonald told me learned [REDACTED] had a knife held to his neck by an unknown subject a short time before the shooting.

At approximately 0105 hours, I interviewed [REDACTED] in the homeless shelter located at 509 Southeast Grand Avenue. I digitally recorded and later had transcribed my interview with [REDACTED]. What follows is a summary of my interview with [REDACTED], for complete details, refer to the digital recording and transcript.

[REDACTED] told me the following. [REDACTED] arrived at the homeless shelter at 509 Southeast Grand Avenue a short time before 2000 hours. [REDACTED] said there was an ambulance parked in front of the shelter so he waited outside with his dog to allow medical personnel space to do their job. [REDACTED] said he waited just to the north of the doors on Southeast Grand Avenue under a sign stating the building was on the National Register of Historical Places. [REDACTED] said he was facing the street to the east when an unknown subject came up to his right side. [REDACTED] said the unknown subject put his left arm around him from [REDACTED] right and held a knife to [REDACTED] throat with his right hand. [REDACTED] said the subject told [REDACTED] the police were looking for him. [REDACTED] said he asked the subject to take the knife away from his throat. [REDACTED] said the subject told him he couldn't and that he had to keep the knife there. [REDACTED] said he had didn't know the subject and had never seen him before.

I asked [REDACTED] if he felt like he was free to leave when the subject had his arm around him. [REDACTED] told me he didn't feel as though he was free to leave due to the physical intensity of the situation.

I asked [REDACTED] to describe the knife and the suspect. [REDACTED] told me he concentrated on not looking at the subject to avoid making the subject feel more threatened. [REDACTED] did say the subject may have been wearing something gray. [REDACTED] thought the subject may have been hispanic, had short hair, and a goatee with a chin strap type of beard. [REDACTED] said the beard on the subject was similar to the beard worn by Commander Ryker on Star Trek. I asked [REDACTED] why he avoided looking directly at the subject. [REDACTED] told me he felt that if he looked very hard at the subject his chances of surviving the encounter would have been significantly decreased.

[REDACTED] told me the subject stood next to him for a few minutes. [REDACTED] said the subject escorted him towards the ambulance a distance of approximately 8-10 feet. [REDACTED] said the subject escorted him back to the front of the building shortly after they walked to the ambulance. [REDACTED] said the subject let him go and walked away. [REDACTED] said he went back inside the shelter and told the paramedic what happened. [REDACTED] said he thought the paramedic reported the incident to the police.

██████████ estimated the interaction with the subject lasted approximately 3-5 minutes. ██████████ told me approximately 2 minutes after the subject let him go, he heard gun shots. ██████████ told me he had no idea why the subject grabbed him or why he let him go.

I ended my digital recording with ██████████ at 0129 hours. After I turned the digital recorder off, ██████████ had more to say about the interaction he had with the subject. At 0132 hours, I turned the digital recorded back on and asked ██████████ to reiterate what he told me after I turned the recorder off.

██████████ described the subject putting the tip of the knife at the back of his neck. ██████████ said the knife was not actually touching his neck, but he could feel the tip in the hair on the back of his neck. I asked ██████████ how that made him feel. ██████████ said, "What went through my my was, I, I, this will be an interesting way to die and I went into a state of lassitude. Um." ██████████ said he was very frightened. ██████████ said he recalled reading stories from people who survived kidnappings or hostage situations. ██████████ said he tried to keep himself calm, tried to keep his voice even, and tried to show compassion.

██████████ said he thought if he tried to defend himself or disarm the subject with the knife, he would have been cut. ██████████ said he was convinced the subject knew how to use a knife based on how he was holding it.

With ██████████ consent, I looked at the areas of his neck where he indicated the subject held the knife to his neck. I did not see any marks that would indicate the subject actually touched ██████████ neck with the knife.

I later placed the digital recording of my interview with ██████████ on a disk and placed the disk in the property room as evidence on property receipt number A083058.

End of report.

**Broughton:** 'kay, it's Sunday, April 8<sup>th</sup>, 2018, 0106 hours. Uh, inside the Columbia shelter with an [REDACTED] This is Detective Scott Broughton, DPSST #40218 on case #18-114856. So, [REDACTED] would you please, um, do, do you realize you're being recorded?

[REDACTED] Yes.

**Broughton:** And, do you realize you're speaking to me voluntarily?

[REDACTED] Yes.

**Broughton:** And that you're not in custody?

[REDACTED] Um-hm.

**Broughton:** Okay. So, would you please state and spell your name for me?

[REDACTED]  
**Broughton:** Okay.

[REDACTED]  
**Broughton:** Okay. And, what's your birthday?

[REDACTED]  
**Broughton:** And, what's your phone number?

[REDACTED]  
**Broughton:** Okay. And, so, uh, I'm here talking about events that happened a little bit earlier this evening. Anyway, you've already, um, talked to some officers about it but could you please go, go over that again for me to what you, uh, what occurred? Where you were and what happened?

[REDACTED] Well, I showed up here, uh, I'm guessing, like, uh, 7:40 thereabouts. Um...

**Broughton:** In the evening? 7:40 p.m.?

[REDACTED] Yeah. Um, there was a, um, ambulance that had, uh, um, the paramedics had just brought a gurney in through the front door and, um, that, that's when the dog and I had showed up, right, right when the paramedics had brought the gurney in right through the front door. Um, I peeked through the front door and the paramedics were right up front so I didn't want to, uh, um, check in immediately 'cause I didn't want myself and the dog and the backpack I was wearing to get in the way of the paramedics. So, I, um, carry a yoga mat for the dog to sit on, like, on the sidewalk and that sort of thing about town. So, I set down his yoga mat, um, in between the front door of the building and the corner on Grand and Stark. Um, pretty much right underneath where the, the, um, uh, historical placard is for the building.

**Broughton:** So, basically, if we go out these front doors, we'll turn left.

[REDACTED] Um-hm.

**Broughton:** Just a few feet? Is that where you're talking about that placard?

[REDACTED] Yeah, yeah.

**Broughton:** Okay.

[REDACTED] There's a placard 'cause it's, the building's on the national registered historical places.

**Broughton:** Okay.

[REDACTED] There's a placard. And that's right about, right underneath that placard is where I put, put the, um, yoga mat for the dog to sit on.

**Broughton:** Okay.

[REDACTED] Um, so, no more than, like, two minutes had gone by and, uh, this guy, I think he came out from inside of this building, um, sidled up to me and, um, put his, uh, his left arm around my shoulders in, in, like a half-embrace.

**Broughton:** So, is he on your right side?

[REDACTED] He would have been on my right side, yes.

**Broughton:** And so you're both facing the same direction?

[REDACTED] Yes, we were both...

**Broughton:** Okay.

██████████ ...facing across the street.

**Broughton:** Uh-huh.

██████████ Um, so, I, I'm not the sort, a touchy feely sort of person the, the, um, half-embrace bro hug type-of-thing is not, not the sort of physical, you know, things I get into with other people but, um, uh, the, the expression on his face, his body language, um, um, the way he was annunciating his words at first was as if he was drunk or high or something like that to kind of, so, it's like, um, I would, uh, I would be inclined to shrug off his, his, um, his physical intimacy with me, like, oh, well, he's, he must be high or he must be drunk or something like that. But, um, at, as, as he was grabbing me in this embrace, his, his, um, right hand, um, smoothly and steadily, yet swiftly, came up to my neck and, um, he had a knife in his hand. Therefore, it, it dawned on my what he was on about he, uh, was holding himself very firmly up next to me with, with a, a knife right at my neck. Um, he told me that, um, the police that were around in the neighborhood were looking for him and that was why he needed to be next to me with the knife at my neck.

**Broughton:** Do you recall, uh, could you describe the knife?

██████████ Um, I, I couldn't really. I, I, um, I could tell that, that looking directly at him would, would've made him feel threatened and vulnerable and I, I did not want to make him feel threatened or vulnerable so I, I was looking off in the distance rather than looking at him.

**Broughton:** And, did you see a knife?

██████████ Yeah, I saw a knife (inaudible).

**Broughton:** And do you know how, approximately how long the, the blade was or what color it was or anything else?

██████████ Um, no. No. I, I, I wouldn't be able to describe the knife.

**Broughton:** Okay.

██████████ Very accurately. I, I, I, it was, it was too close to me and, and, I, I, I was only able to see it in my peripheral vision.

**Broughton:** Okay. And how long did he sit there with you with the knife up to your neck?

██████████ He stood there with, with the, the knife at my neck, to me, it seemed like a good five minutes. It could've been less time, um.

**Broughton:** Okay. And, at what point, uh, what did he say that was threatening to you?

██████████ Uh, he, well, I asked him if he could take the knife away from my neck and he said, "No, I can't take, I can't take this away from your neck right now. I have to keep this here."

**Broughton:** Why did he say...

██████████ Um.

**Broughton:** ...he had to do that?

██████████ Because the cops were looking for him.

**Broughton:** Okay.

██████████ And were, were out to get him.

**Broughton:** But, did he, did he specifically give you any reason why he hap- he happened to sit down next to you and, and put a knife to your neck?

██████████ Me, specifically? No. I just happened to be there. I was in the wrong place at the wrong time.

**Broughton:** Okay.

██████████ I was not given the impression that it was because of me individually.

**Broughton:** Sure. And, have you ever seen this person before?

██████████ Um, at the time and, and when I was, uh, speaking with, um, the officer I, I was thinking that I may have, um, uh, seen his face fro- from an article in, in a OregonLive article. But having given it a, a bit further thought, I, I think what my mind did was make, uh, amalgamation between, um, two or three different OregonLive articles and I, I was just, uh, kinda making a composite image.

**Broughton:** Uh-hm. And so, when, when he had the knife to your neck, um, how, was it actually touching your neck? How, or, how close was it to your neck?

██████████ It did not, it was very, very close to my neck but it did not actually touch...

**Broughton:** Okay.

██████████ ...like that, no.

**Broughton:** And did you feel, at that point, uh, when this guy had his arm around you and the knife out, did you feel you were free to leave?

[REDACTED] No.

**Broughton:** How come? I mean, it seems, probably it seems like a silly question but I, you know, why don't you think you were, you couldn't've left?

[REDACTED] It, it was the intensity, the, the, the physical intensity with which he was holding onto me. The, the way he was, was pressed against me and the way that he was holding the knife close to me. Um, I felt even more vulnerable the, the last, um, fraction, it felt, like, for about three minutes he was holding the knife, um, to the right side of my neck by, by my jugular here and then he brought the knife back around behind my neck to where, um, I could tell that the tip of the blade was right where my neck meets my skull. And, I could kind of feel the tip of the blade through my hair there and, when he was holding the knife at the back of my skull there, that, that was, uh, I was feeling the most vulnerable.

**Broughton:** And so, it, but at any point did the knife actually touch you?

[REDACTED] The blade actually touching the skin? No.

**Broughton:** Okay. Um, alright. And, so, what, what made this person decide to go away?

[REDACTED] I don't know. It was like a miracle. He just, uh, something happened. He decided to let me go and, so, as soon as he let me go I went straight in through the, the door here.

**Broughton:** Did he s-, anything that you can sorta think back on that, that what would've been a deciding factor for him? Or, was it just as arbitrary as he sat down and he got up and walked off?

[REDACTED] Well, about three minutes into it he, um, had us start to sidle from where we were standing towards the ambulance, um, he, he told us we were going to, um, go say hello to his bro on the gurney in the ambulance and so we started to sidle across the sidewalk, um, and came up to the back toward the ambulance almost to the point where we could've gone in the ambulance, then, he changed his mind and we started to sidle back towards the building and...

**Broughton:** Now, now when you say sidle, it, it, during this time, has he got his arm around you?

[REDACTED] Yeah.

**Broughton:** And the knife to your neck?

[REDACTED] Yeah.

**Broughton:** And, so, approximately how far, what, what kind of distance did you guys travel from under the...

[REDACTED] A good eight feet.

**Broughton:** Eight feet?

[REDACTED] Yeah.

**Broughton:** Okay. And so, he, he, took you over to the ambulance approximately eight feet away.

[REDACTED] Yeah. Maybe 10 feet.

**Broughton:** Okay. And, uh, this whole time, does he have his arm, his left arm around your shoulders?

[REDACTED] Yes.

**Broughton:** And the knife up to your neck?

[REDACTED] Yes.

**Broughton:** Okay. And, wh-what did he tell you while he was moving you from the initial point of contact to the ambulance?

[REDACTED] He, I don't know, I, I don't recall specifically the words he said. The impression that I got was that, that we were going to get on the ambulance and he was going to high-highjack the ambulance as a means to, to get away from the police.

**Broughton:** Did, did he say that? Or is that a, like an assumption you're making?

[REDACTED] That's an assumption I'm making.

**Broughton:** Okay. But, what did, do you recall what he said, actually said to.

[REDACTED] Uh, specific words? No.

**Broughton:** Or, like the general idea, or?

[REDACTED] That, that, that was my impression.

██████████ Um, I, uh, um...

**Broughton:** But, I mean, how, how did he, did he give you any verbal direction to move from the point...

██████████ Yes.

**Broughton:** ...where. What did he say?

██████████ Um, "Let's go towards the ambulance now".

**Broughton:** Okay. And, then, how long were you guys at the ambulance for?

██████████ No more than, no more than, like, a split second before he decided that, that plan wasn't going to work.

**Broughton:** Okay. And then, um, and so, is it, do I have it correctly that you're at the ambulance and then does he escort you to the same spot you were before?

██████████ Almost, yeah. We, we, we almost made it back to the placard and, it was as we were walking towards the placard, that he decided to let me go.

**Broughton:** And then which way did he go?

██████████ He, he headed toward the, towards the corner. Towards, uh, towards Stark Street.

**Broughton:** So that would've been North from where you were?

██████████ Yes.

**Broughton:** Okay. Do you know why he let you go?

██████████ It seemed as if the dog may have had something to do with it. Like, um, when, when we, when we came from the sp- the spot, I didn't let go of the dog's leash, um, and so I started to bring the dog along with us towards the ambulance and then he didn't really seem to notice I had the dog until we were walking back away from the ambulance and that seemed to be the point when he noticed the dog and decided to let me go.

**Broughton:** And, was your dog presenting indicators that he viewed this guy as a threat?

██████████ Um...

**Broughton:** Or, or would your dog do that? I don't know, you know, anything about your dog.

**Broughton:** Okay.

[REDACTED] ...he's not that way.

**Broughton:** Okay. Sure.

[REDACTED] He's not trained to be that way.

**Broughton:** And then, after he got up to Stark Street, which way did he go?

[REDACTED] I, I didn't even wait to see what, if he got to the corner or not. I was, I was...

**Broughton:** Okay.

[REDACTED] ...way too focused on just getting inside the building and getting away from him.

**Broughton:** And, so, was the ambulance, to your recollection, was the ambulance still outside when you came inside?

[REDACTED] Yes.

**Broughton:** Okay.

[REDACTED] In fact, when, when, uh, one of the paramedics with the ambulance came back inside I told the paramedic that the guy that I'd been standing out front with had had a knife to my neck and, um, I believe what happened was the paramedic, uh, radioed the police.

**Broughton:** Did you, uh, see or hear the paramedic do that?

[REDACTED] That's what I was told.

**Broughton:** Okay.

[REDACTED] From, by one of the staff members.

paramedic, um, and one of the staff members told me the paramedic was, was radioing the ladder.

**Broughton:** Okay. And did you recall when the, if the ambulance left? And, the reason why I ask that, I'm just trying to, you know, 'cause I'll be able to look at those times on a, on a call somewhere and figure out what sorta create a precise time of when it happened. Do you, do you recall the ambulance leaving at some point?

██████████ I, I don't think they would have had time to, um, because it, it seemed like, it seemed like it was just a matter of moments between when the paramedics radioed and police responded.

**Broughton:** Okay.

██████████ Um.

**Broughton:** And then what did you see and hear after the, I mean, did you see...

██████████ It was another minute or two.

**Broughton:** ...police respond?

██████████ No, no. I was inside.

**Broughton:** Okay.

██████████ I, I heard what sounded like gunfire.

**Broughton:** How many shots do you think you heard?

██████████ Four or five.

**Broughton:** Okay. And, where did they come from? To the best of your recollection. I mean, I know you're inside and there's background noise.

██████████ Um, what it sounded like, to me, was if somebody was hitting the, um, uh, um, what do you, I don't, I don't know what the trim is for the, the, um, the cargo doors on the sidewalk. Those metal...

**Broughton:** Um-hm.

██████████ ...doors. It sounded as if somebody was, was hitting that with a baseball bat, like, five or six times.

[REDACTED] It, so, um.

**Broughton:** Sure. Uh, anything else you can think of that I didn't ask about?

[REDACTED] I, I, I would just say in terms of the timeline, that, that we, we sho- the dog and I showed up right as the, the gurney crossed the threshold into this building and we were outside no more than two minutes before the guy grabbed me. So, it, and, and then held onto us for two-three, seems like five minutes. And, um, before he released me. And, and then it, it didn't seem like it was more than, like, a minute at the most, two minutes after he released me that I heard the gunshots.

**Broughton:** Okay. So, can you describe this guy for me?

[REDACTED] (clears throat)

**Broughton:** Like, what race was he?

[REDACTED] Uh, I would be guessing...

**Broughton:** Okay.

[REDACTED] ...my assumption would be that, that he's Latin American.

**Broughton:** Okay.

[REDACTED] Um.

**Broughton:** How dark was his skin?

[REDACTED] Olive.

**Broughton:** Okay.

[REDACTED] Um.

**Broughton:** How tall was he?

[REDACTED] At first I was thinking he, he was as large as I was but I think I was kind in, in, in thinking about it some, I think that I might have been, uh, projecting him to be a little bit bigger than, than he actually was, um.

**Broughton:** Like, how tall are you?

[REDACTED] I'm, like, 5'10". So, I'm thinking he was maybe, like, 5'8". It could've been that he was trying to duck behind me some and that made him seem shorter or it

could've been that I was more focused on the knife at my neck. But, um, it seemed, yeah, it seemed like maybe he was a couple inches shorter than me.

**Broughton:** And then, what was he wearing?

██████████ Um, like...

**Broughton:** I mean, if you recall?

██████████ ...I, I, I don't even, I don't even really remember. I, I'm thinking something gray. I was, um, very keenly aware that looking at him very hard would've made him feel more threatened and so I was making an effort to not appear to be looking at him, to the extent that I was actually concentrating on not looking at him.

**Broughton:** Sure. And, uh, in terms of, uh, you know, hair color? Facial hair?

██████████ Dark hair. Black hair.

**Broughton:** Okay.

██████████ Um,

**Broughton:** And, how long was it? Do you recall?

██████████ It seemed fairly short. Fairly closely trimmed.

**Broughton:** Okay. And any facial hair?

██████████ Um, again, I didn't look very closely at his face. At, it, it, it's kinda like a, a, a line beard, like, the sort of beard that you would see on the character, Commander Ryker, Star Trek – The Next Generation. Something kinda like that. Kinda like goatee-ish but maybe with a bit of a chin strap along...

**Broughton:** Um-hm.

██████████ ...the chin line.

**Broughton:** Okay.

██████████ Again, I, I, I never, at any point, really looked at him very hard...

**Broughton:** You know, this is probably going to seem like a, a silly question to you and it's not meant to be, but, uh, why didn't you look directly at him, or, or try and get a good description?

[REDACTED] I, I felt that if, if I looked very hard at him that my chances of surviving the encounter would've been significantly decreased. I, I, my, my impression was that, that he felt that if he was going down, he, he, he wanted to take his, somebody else with him.

Broughton: Okay. Okay. Um.

[REDACTED] Or that I was a potential hostage. I don't know.

Broughton: Anyth-anything else you can think of in terms of, like, was his, did his speech sound, like it's accented at all?

[REDACTED] Well, um, it, it, it struck me as being, there's a certain patois that, that I've heard from people from the Bakersfield area. It's as if that kind of, uh, not quite Southern Oregon, not, not quite Southern California, and not quite Northern California.

Broughton: Uh-hm.

[REDACTED] Um, uh.

Broughton: Okay.

[REDACTED] It's just a, a manner of speech that, that I'm accustomed to people from Bakersfield area using. Uh, uh, it's a subtlety that I wouldn't be able to...

Broughton: Okay.

[REDACTED] ...put my finger on precisely.

Broughton: Anything, anything else you can think of [REDACTED]?

[REDACTED] No. Something will probably occur to me at some point in the future.

Broughton: Well, and if that does, um, I'm gonna give you a card so you can get a hold of me, okay?

[REDACTED] Okay.

Broughton: But, right now, I'm gonna end the recording, okay?

[REDACTED] The one thing I would like to say is whatever officers were involved in responding for that, I want them to be aware that this guy did have a knife to somebody's throat moments before that occurred.

**Broughton:** Sure. And that's why we're, we're speaking. That's why, you know, I know you spoke with Officer MCDONALD and why you and I are speaking again. So, um, okay. Well, it is, uh, 0129 hours. Ending recording.

(recording stops)

**Broughton:** Sunday, April 8<sup>th</sup>, 2018, 0132 hours. Back on tape with [REDACTED] on Portland case #18-114856. So, [REDACTED] I just turned the recorder off and then you just shared a few more things with me. And, uh, while it was off and so, would you mind, uh, sort of describing that for me again? How, how did you know that the knife was close to you when it was at the back of your head?

[REDACTED] Um, the, the tip of the knife wasn't touching my skin when he brought it around on my head, but, uh, the tip was inside my hair. So, I had the sensation of feeling the tip right between the base of my skull and the top of my spine. (inaudible)

**Broughton:** And, how did that make you feel? I mean, you, you described earlier, you know, while, while the tape was off...

[REDACTED] What went through my mind was I, I, this will be an interesting way to die and I went into a state of lassitude. Um.

**Broughton:** And how, how would, how would you describe, uh, how you were feeling at the time? I mean, were ya nervous, happy, scared? I mean...

[REDACTED] Oh, very frightened. Um, I, uh, um, we used to have a subscription to Reader's Digest growing up and there's a, often, uh, a survivor's tale in the various articles they would have and so, um, uh, it, when people survived kidnappings or, or hostage situations that the, um, the, the do's and don'ts of those articles came back to me in terms of keeping myself calm. Keeping, um, my, my tone of voice, uh, uh, even in timber and modulation, uh, showing some compassion...

**Broughton:** Um-hm.

[REDACTED] ...uh, to the person. Um, but, um, there was more than one occasion where he shifted his body towards where the impulse would've been to, to have try to defend myself to have done some kind of Aikido thing to disarm him or something and, and, I think, uh, with the intensity about this person I, I probably would've been cut pretty badly if I tried, um, I, I, I think. Um, it was probably easier for me, um, to stay even with this guy than it would've been for a lot of people. I think that a lot of people would've been frightened to the point where they would've been, um, would've been cut by him or been killed. I, I was convinced by, by the way that he was holding his knife to me that he, he knew how to use a knife to kill somebody and didn't have any reason to not do so. I, I

was given the impression that he, I felt as if he, he knew how to use a knife to kill somebody.

**Broughton:** Okay. Anything else?

Um, it's just, uh.

**Broughton:** You know, and, and as things, if, you know, more things come up...

Didn't want him to hold his knife to anybody else and I'm glad, glad that nobody else has to go through that.

**Broughton:** Okay.

Sorry it had to happen.

**Broughton:** Yeah. Well, thank you. Alright, it is, uh, 1:35, 0135, ending recording.

Their Physical Analyzer software is designed to extract, decrypt, parse, and analyze mobile data such as contact lists, SMS/MMS, phone logs, photos, videos, internet activity, and GPS data from both non-volatile (e.g. flash memory) and volatile (e.g. mass storage) memory. In addition to traditional forensic extraction methods, I have training and experience with advanced data extraction techniques that include adb Fastboot, Qualcomm EDL, and ODIN/ENG root flashing.

Cellebrite's training and equipment follow mobile device forensic best practices. Cellebrite's non-intrusive and read-only boot loaders are designed to prohibit data from being altered or deleted during extraction. Narrative:

On April 7, 2018 at a 2049 hours, I received a page from Sergeant Whattam directing me to respond to the area of Southeast Grand Avenue and Southeast Stark Street to assist with an officer involved shooting investigation. I was assigned to interview civilian witnesses to the shooting.

At approximately 2305 hours, I interviewed [REDACTED] about what he witnessed during the incident. During my interview with [REDACTED], he told me he received a video of Mr. ELIFRITZ from the City Team Ministries. [REDACTED] told me the phone number he received the video from was [REDACTED].

[REDACTED] told me the following. He went to City Team Ministries to attend an AA meeting. He arrived approximately 40 minutes before the start of the AA meeting. [REDACTED] said near the end of the meeting, there was a disturbance in the back of the room near the door. [REDACTED] said a person later identified as John ELIFRITZ came in and began yelling about someone killing his family. [REDACTED] saw a knife in Mr. ELIFRITZ'S right hand. [REDACTED] said he saw Mr. ELIFRITZ cut his neck with the knife. [REDACTED] said he saw people with guns in their hands at the door. [REDACTED] said the people at the door did not immediately identify themselves as the police. [REDACTED] said the people with guns at the door were blurry until he put his glasses on. [REDACTED] said once he put his glasses on, he could see the people at the door were Portland Police personnel. [REDACTED] said he is near sighted and needs glasses to see things at a distance. [REDACTED] said he heard the police give commands to Mr. ELIFRITZ to drop his knife and heard Mr. ELIFRITZ tell the police "no" in response to their commands to drop the knife.

[REDACTED] said he took a short video of Mr. ELIFRITZ on his cell phone. [REDACTED] said he ran out a door and heard gunshots as he was leaving the building. [REDACTED] said he sent the email to his sister, KATU, and a phone number I identified as belonging to [REDACTED]. [REDACTED] sent me a copy of the video he took to my bureau cell phone. The video [REDACTED] sent me appeared to be the same video Detective Stenzel recovered off [REDACTED] phone. [REDACTED] said he deleted the video off his phone.

[REDACTED] said he was willing to meet with us to allow us to attempt to recover the original video off his phone.

Detective Kammerer told me he found a video online that was consistent with the video [REDACTED] send to [REDACTED]. The video Detective Kammerer found appeared to be a higher resolution of the video [REDACTED] sent to [REDACTED]. I saw the video and saw at the end of the video Oregonlive states the got the video courtesy of [REDACTED].

On April 11, 2018 at 0747 hours, I called [REDACTED] on the phone. I digitally recorded and later had transcribed my phone call with [REDACTED]. We already, um, have received from a variety of sources, and, um, I saw a video that looked very similar to the one you gave me, and, uh, from the either YouTube or some other media channel. Um, what is, what's your sister's name 'cause I'm wondering if she already, uh, posted it, or-or sent it somewhere.

[REDACTED] No. She-she didn't post it. I-I gave it to some guy. I got his phone number. I send it to him that was at the shelter with, at the shelter AA meeting.

[REDACTED] It's the same video. I sent it to her, and then I sent it to this guy. Do you want the guy's number too?

[REDACTED] I don't know it by heart, I have to scroll down on the, uh, contact.

Broughton: Okay.

[REDACTED] I think the best time to call her would be like around five in the afternoon 'cause she works graveyard shift.

Broughton: Okay.

[REDACTED]

Broughton: Okay.

[REDACTED] Ah, let me scroll down on her phone real quick. Alright?

Broughton: Sure. Thank you.

Broughton: And what's a good address for you?

[REDACTED] I'm currently homeless.

Broughton: Okay. But obviously this is a good phone number for you?

[REDACTED] Yes.

Broughton: Okay. Well, so anyway, so you were, you were there at an AA meeting you were sayin'?

[REDACTED] Yeah. I was gonna stay at the shelter that night.

Broughton: Okay.

[REDACTED] So the reason I left is because, like since it got shut down I didn't have nowhere to go so I kinda like had to go find somewhere to go stay the night.

Broughton: Um-hm.

[REDACTED] Otherwise I was gonna sleep in the rain and I didn't want that.

Broughton: You mean after the shooting occurred?

[REDACTED] Yeah, like 20 minutes after. I left.

Broughton: Okay. So, uh, what time did you arrive there that night?

Broughton: Yeah.

[REDACTED] Euw, I think the AA meeting was going to be over 'n I think that's like an hour, an hour and a half long.

Broughton: Is, you, okay. So you, you basically showed up at the beginning of that AA meeting?

[REDACTED] Yeah.

Broughton: Okay.

[REDACTED] Actually before the meeting I was already there, but yeah.

Broughton: Do you know how long before?

[REDACTED] Maybe 40 minutes before the meeting.

Broughton: Okay. And then, um, and so what else, what else happened. Describe to me when you first saw this (unintelligible).

[REDACTED] Well, I was just sitting there listening to the, uh, message 'n when I, when the guy ran in screaming that they killed his family.

Broughton: Um-hm.

[REDACTED] And then he, uh, put his knife to his neck and sliced himself like twice, I recall.

Broughton: And did you actually see that happen?

[REDACTED] Uh, when he sliced himself? Yeah.

Broughton: Yes. And then, uh, and then what happened. Wha-what else, what else was he sayin'?

[REDACTED] Nothing. He was just, uh, that they had killed his family. And then I heard people running up and down and screaming, and like I kinda moved towards the back end of the wall, towards the fire exit.

Broughton: Okay.

[REDACTED] And I took a video.

**Broughton:** Okay.

██████████ And all I remember is when they said everybody fire exit and I ran out and that's about it. Then I heard the shots.

**Broughton:** And then, uh, when did the police arrive when you were there, do you recall?

██████████ Euw, I, it was after he had got in there. I didn't know the police was there. They didn't even identify themselves like Portland Police or anything. I remember turning around, uh, lookin' at the door 'n there was like guns, 'n then, I mean, I, I figured it was the police, but still they like, they didn't identify themselves. It was kinda like, at a moment, it was kinda like a little scary, you know what I mean?

**Broughton:** And so what, ho-, what did they look like whe-, when they came in to, describe their, uh, what they were wearin', the police.

██████████ Well, the, uh, hats. Portland Police shirt, I guess.

**Broughton:** Okay. And then, uh, wha, what did you hear them, uh, what kinda conversation if any did, did you hear them, between, uh...

██████████ Uh...

**Broughton:** ...the police and the guy?

██████████ ...just for him to put down the knife, put down the knife. And that's it, 'cause I ran out the fire exit.

**Broughton:** And then what did the guy say, uh, in response to the police when they gave him those commands?

██████████ He said, he said no. (chuckles)

**Broughton:** He said no?

██████████ Yes.

**Broughton:** Okay.

██████████ I think he was just frantic tryin' to get out there, 'cause he, he didn't even, I was like five feet away from the guy, he didn't even try grabbin' me. He seen me ru-, run the other way. He wasn't bein' aggressive to anybody.

**Broughton:** Um-hm.

██████████ He was like mostly aggressive to himself. He was, you know.

**Broughton:** Sure. And then, uh, a-after you went outside, how long before, um, before you went outside did you, was it until heard the shots?

Well, when I was actually running outside through the fire exit that's when I heard 'em.

**Broughton:** Okay.

That was like in the wall by, between the fire exit and the building.

**Broughton:** How many shots do you think you heard? If you had to guess?

Euw. A total of maybe 10?

**Broughton:** Okay. And what happened after that?

Uh, I went outside (unintelligible) to take it off, 'n I went to the, uh, the Moda Center to catch the MAX towards my, uh, sister's house so I could stay the night over there.

**Broughton:** Um-hm. How long did you stay at the scene for?

Like 10 minutes.

**Broughton:** Okay. All right. And, um, so you, so you think you arrived about 40 minutes before the AA meeting s-, was supposed to start, is that right?

Yeah. 'Cause I remember I went across the street to the Shell station to buy sumpin to eat, uh, ate it there, 'n then I went into the AA meeting.

**Broughton:** Um-hm. And, and, uh, di, have you ever seen this guy before, that had the knife?

No! (chuckle) Never. I've actually never even been to that shelter before. It was just like an emergency thing.

**Broughton:** Okay. And, um, never, never talked to him, never seen him, anything like that?

Never in my life.

**Broughton:** All right. And, uh, when's the first time you recall seeing him?

When he ran in the door screaming that they, some, they, he didn't say who, he said they killed my family.

**Broughton:** Okay. And had you, and wha-, what, could, what he was wearin' when he came in, do recall?

[REDACTED] I think he was wearing jeans 'n a purple 'n black jacket, or sumpin like that?

**Broughton:** Okay. And, uh, where he was holding, what hand was he holdin' the knife in?

[REDACTED] Huh?

**Broughton:** What hand was he holding the knife in?

[REDACTED] I think it was the right hand.

**Broughton:** Okay. Is there anything else you can think of I haven't asked about?

[REDACTED] Uh, no. That's pretty much answers that, I mean, from what I remember.

**Broughton:** But again you did not actually, um, you saw him come in, if I have it right, you saw him come in with a knife, and, uh, is it, is it correct to say that you actually saw him stab himself, or cut himself in the neck?

[REDACTED] Uh, he didn't slice himself in the neck, but he didn't have the knife when he ran in ran'd in, 'cause I turned around, when I heard they killed my family, 'n that's when he pulled out the knife and started cuttin' himself.

**Broughton:** Okay. And, um, and then you, i-, you saw the police arrive?

[REDACTED] Uh, yeah. It was like maybe 3 to 4 minutes after. I think he was just drunk or sumpin, you know what I mean?

**Broughton:** Sure.

[REDACTED] Bein' in the AA meeting, at the meeting it's just another whacko.

**Broughton:** Right. And then what, uh, and then, and then, and then you heard the police issue him commands?

[REDACTED] Yeah, but like, at first I thought that somebody is like tryin' to kill him, because he ran in saying they killed family, 'n I think like three persons with guns at the door, but I, I didn't have my glasses on at that moment so I didn't really see. I just kinda like seen a blur so that's why I was like kinda scared myself. I was like oh, shit, you know.

**Broughton:** Oh, okay. So you, uh, do you need glasses for up close or distance?

[REDACTED] I'm nearsighted so I can't see in the distance.

**Broughton:** Okay. And how, how strong of a correction do you need? I mean, are you, are you, is everything just kind of a blur beyond the, your arm's reach, or is it...

[REDACTED] It's blurry, but I could see a little, see.

**Broughton:** Okay. But you're able to make out that, uh, these were police officers in uniform? Is that correct?

[REDACTED] After I put my glasses on.

**Broughton:** Okay.

[REDACTED] And that's really they stepped into the light. If they would've stepped into the light I wouldn't've seen them.

**Broughton:** Okay. And, um, and so after that, you heard the police issue him commands, if that, is that correct?

[REDACTED] Yeah.

**Broughton:** Okay. And then, and then what, and what did he answer again? When they told him to drop the knife?

[REDACTED] He just screamed oh no! (chuckle)

**Broughton:** Okay. And then, um, and so, and just so I'm clear, uh, what does your video show?

[REDACTED] Uh, just of him saying no, running towards the light, and then running back towards me, and then kinda like just trying to like get away, frantic, I guess.

**Broughton:** Um-hm.

[REDACTED] A, a frantic person. 'N then like you see me running out the, the side door, the fire exit.

**Broughton:** Okay. And, uh, would it be possible for us to, uh, are, are you anywhere close to downtown?

[REDACTED] No, I'm not.

**Broughton:** Would it be possible, do you still have the video on your phone?

[REDACTED] No, I deleted it, but I sent it to the news.

[REDACTED] I haven't seen it. I've been checking on it, but I did see my video, just a little glimpse of it on the news like this morning, I think.

**Broughton:** Okay. Well, is it possible to, um, for somebody, for, if we get somebody to take a look at your phone to see if we can, uh, recover that deleted video?

[REDACTED] Um, it's really not my phone, it's my mom's 'n I'm just usin' it, but if you guys can get in contact with KATU they, uh, or maybe I can have my sister forward to me, 'n I can forward it to your number if you want.

**Broughton:** Uh, su-, uh, yeah. Or can you email it? They usually come through in better resolution in an email.

[REDACTED] Yeah. Just, uh, I don't want like to be publicly, you know, like, I gave them the okay to use it, I just to want, you know, like my business out there.

**Broughton:** Who? For the news?

[REDACTED] Yeah. Or anybody else.

**Broughton:** Uh, yeah, uh, uh, wha-, what I'm lookin' for is just to, uh, get a copy of it for our case file.

[REDACTED] Your evidence?

**Broughton:** Yeah. So what, so, so...

[REDACTED] Uh...

**Broughton:** ...here's the deal. We can, um, it is possible at times to recover, uh, deleted items from a phone...

**Broughton:** If you can...

[REDACTED] ...um, you can send me your email address in a text 'n then like I could possibly get to you either tonight or tomorrow sometime?

**Broughton:** All right. Um, and do you have a, an email address?

[REDACTED] Uh, I do, but I don't remember the password so I'm probably gonna have to like, ow, that's hot, make a new one.

**SUMMARY**

On April 7, 2018, at approximately 2049 hours, I was called out to assist with an officer involved shooting investigation in the area of SE Mlk Blvd./SE Stark St. While en-route to the call I learned that the Portland Police Command Post was located on SE Grand Ave./SE Stark St. I responded to the scene where I attended a briefing and learned that a subject, later identified as John Elifritz, entered the City Team Ministries armed with a knife. John Elifritz was confronted by police inside the building and was ultimately shot by numerous officers who had responded to the call. Sergeant Whattam noted there were numerous civilian witnesses inside the City Team Ministries when the shooting occurred who were standing by waiting to be interviewed by detectives. Sergeant Whattam said due to the large number of civilian witnesses they were being transported by bus to the Multnomah Building to be interviewed by detectives and Detective Posey was in charge of coordinating these interviews.

Sergeant Whattam directed me to assist with interviewing the civilian witnesses. I responded to the Multnomah Building where I interviewed [REDACTED]. This report contains a summary of [REDACTED] statement; the complete interview can be reviewed on a CD that was submitted into evidence on the listed receipt. The interview was also submitted for transcription and will be available for review.

**Statement:**

On April 7, 2018, at approximately 2327 hours, I interviewed [REDACTED] at the Multnomah Building regarding his observations of the aforementioned shooting. Prior to starting the interview, I introduced myself to [REDACTED] and obtained his permission to record the interview. [REDACTED] told me the following:

[REDACTED] was at City Team when an Alcohol Anonymous meeting was going on but he fell asleep during the meeting. [REDACTED] who admits he is hard of hearing, woke up to a commotion. He heard people yelling he's got a knife. He then observed an unknown male near the reception desk at the front of the shelter with a pocket knife. The male was holding the knife up, "threateningly". He did not see the male do anything to himself with the knife. The male then moved to the back of the shelter near the stairs in the middle of the room. People that worked at the shelter were telling the guy to put the knife down but he did not comply. Almost immediately the police showed up. The police were yelling for the man to drop the knife, but he man would not drop it. He heard a couple of shots and more commands to drop the knife as people were rushing around inside trying to get to the north side of the shelter where he was.

[REDACTED] lost track of where the male with the knife was as the guy went behind the stairs, police were coming in the shelter, and other persons were running around. He heard more shots and people were rushing toward the fire exit door that leads outside onto NE Grand Avenue, just north of the main doors.

[REDACTED] heard multiple gunshots three separate times during the incident. He was not watching the male with the knife when he heard the gunshots and couldn't see what he was doing. He added that after the first gunshots the police repeated, "Drop the knife".

[REDACTED] did not hear what the guy with the knife was saying and reminded me he was hard of hearing. He had not seen the male prior to waking up when the commotion started. [REDACTED] said he wasn't so much scared when he saw the guy because there are lots of incidents at City Team, but then he saw the police come in with guns, and things started happening fast and his heartbeat started getting caught up in the excitement.

At the time of the interview [REDACTED] had not seen any videos of the incident.

Gradwahl: It is April 7<sup>th</sup>, 2018, at 23:27 hours. I'm here with [REDACTED]

[REDACTED] Yeah.

Gradwahl: Okay, male, white, date of birth 5-31-1965. We're here at the Multnomah Building, um, [REDACTED] we're, I'm here to talk to you about the incident that happened tonight, if you can kind of...

[REDACTED] Yes.

Gradwahl: ...uh, tell me what you saw, and, you know, what happened?

[REDACTED] Yeah. Well, they were doing their, um, AA meeting in the building...

Gradwahl: And what building is this?

[REDACTED] Uh, the City Team building, um...

Gradwahl: Okay.

[REDACTED] ...I never remember the address, exactly, on Grand Street...

Gradwahl: Okay.

[REDACTED] ...um, and basically I fall asleep during it, and I woke up, a lot of commotion going on, and there was a guy there, and people were start-you know, yelling, he's got a knife, and when I looked at him, he had a knife, um, it, to me it didn't look that big, it looked like a pocket knife from where I was sitting, um, you know, and then he kinda ma-as far as I remember, he kinda made his way a little bit towards the back, and then the po-the police showed up almost immediately...

Gradwahl: So when you say the back...

[REDACTED] ...about...

Gradwahl: ...would that be away from...

[REDACTED] ...about...

Gradwahl: ...Grand?

[REDACTED] Yeah, away from the front entrance.

Gradwahl: Okay.

[REDACTED] Okay, so, um, there's, so there's like, uh, stairways in the middle of the, uh, in, in the middle of the room...

Gradwahl: Uh-huh.

[REDACTED] ...and there's a half-size wall around that, and so he was heading, basically, towards that general direction, uh, or, I'm trying to think, he probably made it to about the stairways, it, I, it looked like, I mean, it happened fast, so I don't remember...

Gradwahl: Uh-huh.

[REDACTED] ...exactly, but when I, I mean, I didn't even really see that they were cops, I just saw bunch of what looked like rifles coming in the doorway, and, you know, they started yelling to drop the knife, and he wouldn't drop the knife, and then I heard a couple of shots, and then they repeated it, you know, drop the knife, and, oh they were rushing people, people were rushing around that stairway to come back, come to this, to the side of the rig that I was on, um, because they were going towards the opposite corner.

Gradwahl: And who's they?

[REDACTED] Uh, um, the co-the guy with the knife and, uh, the, the cops were kinda coming in too...

Gradwahl: Okay.

[REDACTED] ...and so...

Gradwahl: And where were you guys at?

[REDACTED] Um, we were, basically we would have been on the north wall, so...

Gradwahl: So I'm gonna draw...

[REDACTED] ...the front, yeah, the front door faces west, so...

Gradwahl: So if, if this is...

[REDACTED] Oh he...

Gradwahl: ...Grand Avenue...

[REDACTED] Yeah.

Gradwahl: So...

[REDACTED] Oh here, I can draw it real quick.

Gradwahl: Yeah, let me get you a pen here.

[REDACTED] Alright. So then this would be the front door...

Gradwahl: Okay.

(Pen scribbling)

[REDACTED] Then right here is a de-is a desk, like a reception or whatever (scribbling).

Gradwahl: Okay.

[REDACTED] And in this corner, there's like a soda machine, and then there's a doorway that leads to the hallway, to where the stairs go up, and then, there's a little bit, and then there's another doorway, and this is where, uh, there's a sink and a lo-kind of, sink kind of thing, and another one. It goes a little bit further, and there's an office here, and a little bit further, so that's a door, there's a door to the women's room, and then further on, that's kinda in towards the men's room, and then the kitchen's over this way. And then the stairway going down is kinda like this, kinda a little bit off in everything, but, but so this is the stairways going down...

Gradwahl: Okay.

[REDACTED] ...and so when I, I was sitting right about here, when I first saw him, he was right about there...

Gradwahl: By the desk?

[REDACTED] Yeah. And they, like I said, they told him to put down the knife, and, you know...

Gradwahl: So, so, where was every-...

[REDACTED] ...the people that c-uh, worked there, the other people...

Gradwahl: That worked there were telling him to put down the knife?

Gradwahl: Uh-huh.

[REDACTED] ...and then, but I heard another, a second set of shots, and that's kinda when they started rushing people out this door, because this door leads through, and then there's a fire exit right there, and so, you know, then I heard the third round, and then that's when I ran out that way too.

Gradwahl: So when the p-when the police came in, all the people that were there for the, was it an AA meeting?

[REDACTED] Uh-huh.

Gradwahl: So all the people that were there for the meeting, uh, were they all in the same area?

## SUMMARY

This report is a summary of my interview with witness officer LIVINGSTON regarding his knowledge and observations of the officer involved shooting that occurred at the CityTeam Ministries on 4/7/18.

## NARRATIVE

On 4/7/18, I responded to assist on an investigation regarding an officer involved shooting that occurred at 526 SE Grand Avenue. I learned the location was a local shelter belonging to CityTeam Ministries. I was subsequently assigned to assist in interviewing witness officer LIVINGSTON. Detective Gradwahl and I met with Officer LINVINGSTON and his union representative, Officer Reagan, on the 13th floor of the Justice Center. The interview was digitally recorded and a transcript prepared. This report represents only a summary of the discussion. For full details, refer to recording and transcript.

I interviewed Officer LIVINGSTON at approximately 0307 hours. Before starting the recorder, I told Officer LIVINGSTON that I was going to record the interview and he had no objections. Officer LIVINGSTON told me that he was working Central Precinct District 744 with his coach, Officer Gover Robinson #53905, who was in plain clothing. He told me that at approximately 1930 hours they initially responded to the area near City Team Ministries Shelter on a report of a stolen car that had been dump and that the suspect had been seen walking away to the south. He told me that they received information over the radio that the suspect was a white male, 6' tall, shirtless and was armed with a knife. He told me that he also received information from Dispatch that the suspect might of had a gun as well. He told me that he and the other officers continued to do an area check for the suspect and he was eventually directed to the shelter. He told me that when he arrived at the shelter there was already officers in the doorway that were dealing with the suspect, who was on the inside of the shelter. He told me he position himself behind the officers who addressing the suspect and he could her the officers telling the suspect to drop the knife. He told me that he observed the suspect get hit by two separate less lethal rounds, which neither round phased him. He told me that there was about 50 citizens in the shelter that were yelling, and moving from side to side. He told me that after he was hit with the two less lethal rounds, the suspect kept yelling, moving back and forth and eventually moved towards a back corner, which was to the southeast corner of the shelter. He told me that there was a few citizen near the southeast corner and when the suspect began to back up towards them, they scattered to the north side of the shelter. He told me that is when he and other officers moved into the shelter. He told me that while the suspect was in the southeast corner, he and other officers moved to the north side to create a barrier between the citizens and the suspect. He told me that he and the other officers created a L formation and he was on the north side giving commands to the remaining citizens to move behind them towards the front door. He told me that the officers who were on the west side were directly dealing with the suspect and were giving him commands to put the knife down. He told me he heard the suspect yell something and he observed the suspect rapidly move towards the officers that were giving him commands. He told me he observed that the suspect still had the knife in his hand and it was above his waist. He told me that when the suspect was about 10 feet from the officers who were directly in front of the charging suspect, he heard multiple gun shots from those same officers. He told me that once the suspect was down and there was no longer a threat, he and other officers finished evacuating the remaining citizens. I concluded the recorded interview at approximately 0341 hours. End of report.

**SUMMARY**

SE Grand Ave./SE Stark St. I responded to the scene where I attended a briefing and learned that a subject, later identified as John Elifritz, entered the City Team Ministries armed with a knife. John Elifritz was confronted by police inside the building and was ultimately shot by numerous officers who had responded to the call. Sergeant Whattam noted there were numerous civilian witnesses inside the City Team Ministries when the shooting occurred who were standing by waiting to be interviewed by detectives. Sergeant Whattam said due to the large number of civilian witnesses they were being transported by bus to the Multnomah Building to be interviewed by detectives and Detective Posey was in charge of coordinating these interviews. Sergeant Whattam directed me to assist with interviewing the civilian witnesses. I responded to the Multnomah Building where I interviewed [REDACTED]. This report contains a summary of [REDACTED] statement; the complete interview can be reviewed on a CD that was submitted into evidence on the listed receipt. The interview was also submitted for transcription and will be available for review.

**Statement:**

On April 7, 2018, at approximately 2304 hours, I interviewed [REDACTED] at the Multnomah Building regarding his observations of the aforementioned shooting. Prior to starting the interview, I introduced myself to [REDACTED] and obtained his permission to record the interview. [REDACTED] told me the following:

[REDACTED] was at City Team attending an Alcohol Anonymous meeting sitting near the entrance door when a white male without a shirt came in and took a jacket from near the front of the building and said he had killed his family. The male then paced back and forth and came in and out of the building. He said the guy was then gone for about fifteen (15) minutes.

The guy then came back inside and started swiping at his neck with a knife or box cutter. The police then came in and he and others went to the back left corner (north side) of the building where the exit door was, but the door was locked. He looked out the door and saw blue police lights. He then heard the first two shots of the "rubber bullets" as the guy was cutting his neck and then 'like, three more shots of a rifle'. He said the male had cut his neck on both sides and was bleeding. He estimated the police were there five minutes before they shot him with the rubber bullets. [REDACTED] said the police sent the dog after the male and it didn't work. He said the dog bit the guy, the police were telling the guy to drop the knife, but the guy didn't drop it. He said the guy said he wanted to die 3-4 times to the police.

[REDACTED] said he was watching the male with the knife when the police shot him because he was worried the male was going to come after him. He estimated the guy was 8'-10' away from him at this point and the officers were by the front door about the same distance from the male with the knife. The male went down. He said the guy was not doing anything different when the police shot him. He said he heard around three additional shots after the rubber bullets were fired and he smelled gun smoke. He was rushed out of the front door at this point and did not hear any additional shots.

[REDACTED] said he was worried because he thought the guy might be high, under the influence of something, or crazy. He told me, "I mean, it could have been on of us instead of him."

After the interview I asked [REDACTED] if he had seen any videos of the incident and he said he had not.

**SUMMARY**

On April 7, 2018, at approximately 2049 hours, I was called out to assist with an officer involved shooting investigation in the area of SE Mlk Blvd./SE Stark St. While en-route to the call I learned that the Portland Police Command Post was

located on SE Grand Ave./SE Stark St. I responded to the scene where I attended a briefing and learned that a subject, later identified as John Elifritz, entered the City Team Ministries armed with a knife. John Elifritz was confronted by police inside the building and was ultimately shot by numerous officers who had responded to the call. Sergeant Whattam noted there were numerous civilian witnesses inside the City Team Ministries when the shooting occurred who were standing by waiting to be interviewed by detectives. Sergeant Whattam said due to the large number of civilian witnesses they were being transported by bus to the Multnomah Building to be interviewed by detectives and Detective Posey was in charge of coordinating these interviews. Sergeant Whattam directed me to assist with interviewing the civilian witnesses. I responded to the Multnomah Building where I interviewed [REDACTED]. This report contains a summary of [REDACTED] statement; the complete interview can be reviewed on a CD that was submitted into evidence on the listed receipt. The interview was also submitted for transcription and will be available for review.

**Statement:**

On April 7, 2018, at approximately 2352 hours, I interviewed [REDACTED] at the Multnomah Building regarding his observations of the aforementioned shooting. Prior to starting the interview, I introduced myself to [REDACTED] and obtained his permission to record the interview. [REDACTED] told me the following:

[REDACTED] was at City Team attending an Alcohol Anonymous meeting that started at 1900 hours. He also stays there and had been staying there the last 3-4 months. He stays on a mat on the floor. He planned on staying there after the meeting.

During the meeting an unknown male came in and was there about 1-5 minutes prior to the police arriving. I started to ask him about the guy and he replied, "The guy that, was, committed suicide?" I asked him if he had seen the male earlier in the evening and he said he had not. He said the guy said that somebody killed his family or "they killed my family". He said he had heard a loud commotion and the male was coming in the door talking about his family being killed. He then heard people shouting that the guy has a knife and people recognized the guy had a knife. [REDACTED] was seated in the front row of the meeting on the south side of the building at this point. He said the group "surged" toward the back northern corner of the room by the bathrooms but the doors were locked. He felt like there was nowhere to escape. The police then came in the front door and he worked his way toward the front and went out a side door to the north of the front doors. He had seen the police moving toward the guy with the knife who was near the half walls by the stairs. At this point he could not remember what the police or the male with the knife were saying. He added that the male with the knife was "really going at his throat with the knife" and he saw blood. He said the knife was nickel or chrome in color with a 3-4" blade.

[REDACTED] heard one gunshot as he was leaving and he was one of the first ones to leave and may have been the first. He said he did not see what the guy was doing when he heard the shot because he was going out the door. He said he did see an officer with a rifle coming in the front door as he was leaving. He then heard more, "a lot of", shots when he was outside but he could not see what was going on because he was outside. He thought 5-6 officers were inside the building at this time. He later got on a bus and waited to be interviewed.

[REDACTED] told me that he had not watched any videos of the incident prior to being interviewed.

[REDACTED] No.

Gradwahl: Okay.

[REDACTED] He came in the door.

Gradwahl: Okay, so you guys are just having your meeting, and then he comes in the door?

[REDACTED] Yes.

Gradwahl: Okay. And what was he saying when he came in the door?

[REDACTED] Are-some, he s-he said somebody killed his family.

Gradwahl: Okay, did, did he say somebody did, or that he did?

[REDACTED] They, maybe, it w-maybe it, you know, maybe it was they killed my family.

Gradwahl: Okay. And did, did he have any weapons out at that point?

[REDACTED] Um...

Gradwahl: I guess you said he was trying to...

[REDACTED] Well from the beginning, you know, what happened, I'll tell you about what, what happened from the beginning...

Gradwahl: Okay.

[REDACTED] ...so I'm sitting in the, uh, Alcohol Anonymous meeting...

Gradwahl: Okay.

[REDACTED] ...and I hear a, a loud commotion, kinda, and this is like, you know, like, different from, I don't think it was like, part of the, the meeting...

Gradwahl: Right.

[REDACTED] ...you know, but, uh, I think it, it, uh, it didn't usually happen, but it, it was something, um, happened, and, um, a little different and, you know, it, um, I don't think it w-it was planned...

Gradwahl: So you could tell something out of the ordinary is happening?

[REDACTED] Yeah.

Gradwahl: Okay.

[REDACTED] And there was like, a, a large commotion, a large noise, and, you know, door, man coming in the door, and talking about, like, killed my fa-he-killed, uh, he s-he said they killed my family, and, uh, there's like, shouts, you know, like, oh, he has a knife, and there was like a, a big bang, and, you know, when the, the, there was like, people with knife-the man with a knife, and people like, started, uh, recognizing that there's a man in City Team with a knife, and...

Gradwahl: Right.

[REDACTED] ...they, there's like, kind of like a, a big, like, surge forward...

Gradwahl: So when you say a surge forward, wh-when you walk in the front door, were you off to the right or left?

[REDACTED] I was in the, the first row.

Gradwahl: Would that be off to the right when you go in the front doors?

[REDACTED] Yeah.

Gradwahl: Is there a desk right inside when you go in, walk in there?

[REDACTED] Mmm, yeah.

Gradwahl: Okay. So you were kind of on that side of the room over there?

[REDACTED] Uh, yeah.

Gradwahl: Okay. And when you said there was a surge of people, what, where did they, where were they moving to, which s-which side of the building?

[REDACTED] Um, like, moved up towards the, uh, towards the back.

Gradwahl: Okay, so, away from...

[REDACTED] The back corner, and they're like, you know, going back into the bathroom, and...

Gradwahl: So that would be to the left...

**Gradwahl:** ...where people were moving toward?

[REDACTED] Um-hm.

**Gradwahl:** Okay. And what, so just that si-s-so, they were moving away from the guy, is that correct?

[REDACTED] Yeah.

**Gradwahl:** Okay. Um, was the guy threatening anybody? Or were, d-did you feel like he was, or were you scared, or?

[REDACTED] My, my feelings, my, my thoughts were just, uh, you know, it was happening, and, you know, everyone's recognized it's happening, there's, you know, uh, there's like, there's like, almost like, no escape there...

**Gradwahl:** Uh-huh.

[REDACTED] ...and, and then the, the police came in, in the, in the front door, and there was like, a divider there, and the, the man had, uh, moved in past the divider about, you know, like, ten feet, and that's when, whenever I, I got my stuff, and I just kind of went out that front side door.

**Gradwahl:** Okay. So that would be, if you go in the front door, to the left? Toward the car wash area, is that where the side door is?

[REDACTED] Oh, yeah.

**Gradwahl:** Is that...

[REDACTED] Yeah.

**Gradwahl:** ...where you're talking about?

On April 7, 2018, at approximately 2049 hours, I was called out to assist with an officer involved shooting investigation in the area of SE Milk Blvd./SE Stark St. While en-route to the call I learned that the Portland Police Command Post was located on SE Grand Ave./SE Stark St. I responded to the scene where I attended a briefing and learned that a subject, later identified as John Elifritz, entered the City Team Ministries armed with a knife. John Elifritz was confronted by police inside the building and was ultimately shot by numerous officers who had responded to the call. Sergeant Whattam noted there were numerous civilian witnesses inside the City Team Ministries when the shooting occurred who were standing by waiting to be interviewed by detectives. Sergeant Whattam said due to the large number of civilian witnesses they were being transported by bus to the Multnomah Building to be interviewed by detectives and Detective Posey was in charge of coordinating these interviews. Sergeant Whattam directed me to assist with interviewing the civilian witnesses. I responded to the Multnomah Building where I interviewed [REDACTED]. The interview was also submitted for transcription and will be available for review.

**Benjamin Schnedler's Statement:**

On April 8, 2018, at approximately 0015 hours, I interviewed [REDACTED] at the Multnomah Building regarding his observations of the aforementioned shooting. Prior to starting the interview, I introduced myself to [REDACTED] and obtained his permission to record the interview. [REDACTED] told me the following:

[REDACTED] was at City Team during an Alcohol Anonymous meeting. He also sleeps at City Team during the night. He stays on a mat on the floor. He planned on staying there that night.

[REDACTED] woke up to an unknown male with a knife cutting himself. The male was cutting the left side of his neck and [REDACTED] observed that the right side of the guy's neck was already cut. [REDACTED] said he was near the front on the left side as you enter the building laying down with other individuals. The male with the knife came in the front and went toward the middle of the room near the stairs and then ended up going to the right of the stairs where everyone was sitting for the meeting.

As he was watching the guy with the knife cutting himself three police officers came in and one of them had a "rifle that had beanbags in it". The police kept telling the guy to put the knife down and finally they bean bagged him and that didn't faze him. At this point they had pretty much everyone out of the building but there were some people still stuck in there that didn't have a chance to get out. He said at this point he evacuated with others out of the building. He then heard louder shots come from inside the building.

He said he heard the police telling the guy to put the knife down but the guy was telling them no and saying "it's over", "it's all over", and it was not making sense to [REDACTED].

[REDACTED] thought the police showed up around a minute after the guy showed up. During that minute the guy was cutting himself. He said the guy was moving around but staying in one area saying weird stuff, telling people "don't go", "get closer", which made [REDACTED] think he wanted people around for support and then had the police confront him. He thought he might have wanted the other people around for some sort of protection. He felt the guy "weirded people out".

The last area [REDACTED] saw the guy at was on the south side of the hall walls by the stairs. This is about the time the officer fired the beanbag gun. [REDACTED] said he knew what a beanbag gun sounded like. He did not see the male with the knife get hit. This is when he exited the building. He waited with others to be interviewed.

[REDACTED] told me that he had not watched any videos of the incident prior to being interviewed.

**Gradwahl:** It is April 8<sup>th</sup>, 2018 at 00:15 hours. Detective Todd Gradwahl, 29981, here with [REDACTED]

[REDACTED] Yes.

**Gradwahl:** Is that correct?

[REDACTED] Uh-hm.

**Gradwahl:** Okay. Um, and [REDACTED] date of birth is [REDACTED] I'm here to talk about the incident that happened tonight at, uh, City Team, um, so if you just kinda wanna go through-through what, what you observed, and then I'll have some questions for you as we go.

[REDACTED] Okay. Um, I observed, um, well, I sat up, I was sleeping at first, and I sat up to an individual who had a knife in his hand, and was cutting himself pretty erratically. Um, I watched him make an incision in the left side of his neck, and there was already one in the right side of his neck, he had, prior, prior to that, he had been cutting on himself.

**Gradwahl:** And you woke up kind of in the middle of this whole thing?

[REDACTED] Yes.

**Gradwahl:** Okay. Um, and real quick, um, in talking to somebody, I kind of have an idea of, of the layout there, but if you walk in the front doors, were you to the right, is that where the meeting was going on?

[REDACTED] I was, well, when you walk in, I, I was to the left.

**Gradwahl:** Okay.

[REDACTED] To, to the right was the, uh, kind of the standing area where the staff stand.

**Gradwahl:** Okay.

[REDACTED] And so I was off to the left, laying with the other individuals...

**Gradwahl:** Is that kind of back by the kitchen area?

[REDACTED] No, kitchen area is at the back of the room.

Gradwahl: Oh, okay.

[REDACTED] I was at the front of the room where he came in, and then the police came in.

Gradwahl: Okay.

[REDACTED] Off to the left.

Gradwahl: Okay.

[REDACTED] And, so I observed him, first he was cutting on himself, and I kinda looked at him, and then the police came in, and they had, um, um, there was three police, and they had, um, it looked like they had some, the first one had a, uh, a rifle that had bean bags in it, and they, they tried to bean bag him a couple times, to get him to put the knives down, and they, and they kept, they kept telling him-or, put the knife down, they kept telling him to put the knife down, and then finally, they bean bagged him, and that didn't faze him at all, and so they bean bagged him a few more times, and that didn't faze him, and so at that point, they had pretty much everybody out. There was still some people that were stuck in there, that were stuck beside him, that didn't get a chance to get out, and at that point, I could no longer see, because I had walked out of the, I had gotten out of the building, I had evacuated, and, um, there was a few louder shots, and then that's when everything was pretty much, all the drama was pretty much over. And shortly after that, the bus came, and I got on it, and that was that.

Gradwahl: So when th-you, when you go in the front doors, you're off to the left, and then staff and some other people are, would be off to the right of the front door...

[REDACTED] Uh-huh.

Gradwahl: ...is that by the desk area...

[REDACTED] Yeah.

Gradwahl: ...over there?

[REDACTED] Uh-hm.

Gradwahl: And when he comes in, uh, and then there's stairs in the middle of the room...

[REDACTED] Uh-huh.

Gradwahl: ...is that correct? So when he c-when he come in the front door, what, first of all, what does the guy look like, is it a white guy, or black guy, or...

[REDACTED] He's a white guy.

Gradwahl: Okay, white guy.

██████████ A bigger white guy.

Gradwahl: Like how tall do you think?

██████████ Uh, he's taller than I am, he's about a foot taller than I am. He was a lot taller than I was.

Gradwahl: And how tall are you?

██████████ I am 5'11".

Gradwahl: Okay.

██████████ And so he was probably about 6'2".

Gradwahl: 6'2"?

██████████ Yeah, he's...

Gradwahl: Okay.

██████████ ...a bigger guy, and that's pretty much all I saw of him...

Gradwahl: Was he wearing, do you remember what he was wearing?

██████████ Yeah, it looked like he was wearing, just, uh, a sweater, a type of sweater that's like a zip-on...

Gradwahl: Okay.

██████████ ...it wasn't nothing special.

Gradwahl: Okay. Like a sweatshirt, like a zip-up sweatshirt, you mean, or...

██████████ Yeah, I believe so.

Gradwahl: Okay.

██████████ At the time, yeah, it looked like he had one shirt on with nothing on under it.

Gradwahl: Okay, like a zip-up thing with s-with...

██████████ Yeah.

██████ Yeah.

Gradwahl: Okay. So, so when he comes in the front door, does he go off to the right, or off to the left?

██████ Um, he was, um...

Gradwahl: Or straight ahead?

██████ ...he was pretty m-it was kind of straight ahead, but it, that, that divider in the middle of the room is in the middle of the room, so you gotta go right or left, so he went right first...

Gradwahl: Uh-huh.

██████ ...from what I understand, eventually he went down the stairs...

Gradwahl: Well not what, I just want to know what you saw...

██████ Well yeah, what I saw...

Gradwahl: ...okay, yeah...

██████ ...yeah, this is, I-I didn't see him go down any stairs. He was off to the right, and that was where the crowd was sitting and watching the, uh, um, the, they were having a A-AA meeting...

Gradwahl: Uh-huh.

██████ ...and that's where all the chairs were set up, was on the right side, and then the AA people were at the front there. And at the left was just pretty much people listening, watching, and sleeping.

Gradwahl: Okay, so not as engaged as...

██████ Yeah.

Gradwahl: ...okay, so the area this guy's going with the knife, and what, uh, is where people are over in that area...

██████ Yeah, that's where a-everybody is pretty much sitting and doing the group.

Gradwahl: Okay. Uh, and what is he saying?

██████████ Um...

Gradwahl: When you woke up, what, are you hearing him saying anything?

██████████ Um, he's saying pretty much, something to effect, it's over, and, uh, he just kept saying, no, to the police when they said, the police would tell him, put down the knife, put down the knife, and he kept saying no to that, and then he was saying something that didn't really make a whole lot of sense, to the effect of, it's all over, it's all over, maybe he was making sense, but I didn't understand what he was...

Gradwahl: Right.

██████████ ...saying.

Gradwahl: What...

██████████ And I didn't hear nothing before that.

Gradwahl: ...what, um, or how long was, was he in there before the police came in?

██████████ Um, he was in there for, before I saw the police?

Gradwahl: Yeah.

██████████ Um...

Gradwahl: So you, you wake up, you see him, uh, that he had cut his, right side of his neck, and now he's cutting his left side of his neck...

██████████ Uh-huh.

Gradwahl: ...how much longer was it before the police showed up, was it...

██████████ It was a minute after he got in there that the police...

Gradwahl: So the-so that...

██████████ ...came in the door.

Gradwahl: ...so that minute before the police got there, what's happening at that point?

██████████ He's cutting on himself.

Gradwahl: Was he just standing in one spot, or moving around?

██████████ He was kinda, like, he was kinda moving, but kinda standing in one spot. And telling people, uh, you know, he wasn't, he wasn't saying, like, uh, uh, I think he was saying-he was saying weird stuff, like, come here, you know, and he was getting closer to people, and like...

Gradwahl: Were people...

██████████ ...he...

Gradwahl: ...nervous, or freaking out...

██████████ ...oh, he said...

Gradwahl: ...or...

██████████ Yeah, they were kinda weird-he kinda weirded people out, but he'd tell people don't go, don't go, or, get closer, or whatever, like, I think that he wanted the support of people being around. I think he wanted that support of people being around him while he was, you know, cutting on himself and, and then had the police confront him. I think that was more his idea there...

Gradwahl: Uh-huh.

██████████ ...yeah, and maybe for protection of some sort.

Gradwahl: So once the police show up, does he start, does he move away from the police, or what, what's going on at that...

██████████ Um, they told him to drop the knife, and so he just kinda tried to move back, and move away from them, um, but he wasn't really trying to avoid 'em. Um...

Gradwahl: When, is, does he, and you said he, does he go behind that partition, you s-uh, he was off to the right, does he start, does he move behind the stairs, or the, the wall things, or does he...

██████████ In my sight, while I was in there, before I got out, he was to the right of that.

Gradwahl: So, and you're back on the left...

██████████ Yeah. I'm to the left side...

Gradwahl: ...if, if you walk in the front doors, you're off to the left...

██████████ Yeah.

Gradwahl: Okay.

██████ And that's where they funneled me out the door.

Gradwahl: And which door did you...

██████ So I could see...

Gradwahl: ...go...

██████ I went out the one to the left of the front door.

Gradwahl: That goes back out onto the sidewalk?

██████ Yep.

Gradwahl: Okay.

██████ Yep.

Gradwahl: Um, and where...

██████ So I had it from this view, the room from this view, and so he's standing over here, and then backs up into about center room, and then that's when I was shuffled out of the room.

Gradwahl: Uh, so just for the recording, you're by the, by the door that, do you know your directions pretty well, like north and south?

██████ Yeah, pretty much.

Gradwahl: So that door that you went out, was that to the north of the main door?

██████ Yes.

Gradwahl: Toward the car wash area?

██████ Yep.

Gradwahl: Okay. So you, as you're going out that door, you said you were looking back into the room?

Gradwahl: Would that be b-kind of behind that wall of the stairs there?

██████████ Yeah...

Gradwahl: Okay.

██████████ ...pretty m-kind of standing. He had gotten, uh, at the-at that time, I had heard the bean bag go off, the gun with the bean bags in it...

Gradwahl: Uh-huh.

██████████ ...go off.

I provided a copy of the video to Detective Slater.

I responded to the Jackson's Shell gas station located at 621 SE Grand Avenue in Portland and spoke with Ms. Cindy Isom. Ms. Isom advised me she is aware of the incident and that their internal cameras captured Mr. Elifritz lingering near their main doors. Ms. Cindy Isom told me that their corporate office will need to give me a copy of the video but allowed me to view and record footage from a TV in the location's office. I provided a copy of the video to Detective Slater.

While at the command post (incident location), PPB Detective Broughton brought a mobile phone to me belonging to witness [REDACTED] and requested that I copy a couple of videos from it. After copy/pasting the videos from [REDACTED] phone, I provided a copy of the video to Detective Slater.

Portland Police Bureau  
PUBLIC RECORD RELEASE  
CONFIDENTIAL

On April 7, 2018, at approximately 2049 hours, I was called out to assist with an officer involved shooting investigation in the area of SE MLK Blvd./SE Stark St. While en-route to the call I learned that the Portland Police Command Post was located on SE Grand Ave./SE Stark St. I responded to the scene where I attended a briefing and learned that a subject, later identified as John Elifritz, entered the City Team Ministries armed with a knife. John Elifritz was confronted by police inside the building and was ultimately shot by numerous officers who had responded to the call. Sergeant Whattam noted there were numerous civilian witnesses inside the City Team Ministries when the shooting occurred who were standing by waiting to be interviewed by detectives. Sergeant Whattam said due to the large number of civilian witnesses they were being transported by bus to the Multnomah Building to be interviewed by detectives and Detective Posey was in charge of coordinating these interviews. Sergeant Whattam directed me to assist with interviewing the civilian witnesses. I responded to the Multnomah Building where I interviewed several civilian witnesses. I later returned to the command post and attending a briefing. Sgt. Whattam then directed me to go to the Detective Division and interview witness officers. Detective Cavalli and I interviewed witness officers to include Officer Shawn Gore. This report contains a summary of Officer Gore's statement; the complete interview can be reviewed on a CD that was submitted into evidence on the listed receipt. The interview was also submitted for transcription and will be available for review.

**Officer Shawn Gore's Statement:**

On April 8, 2018, at approximately 0220 hours, Detective Cavalli and I interviewed Officer Gore regarding his observations of the aforementioned shooting at the Detective Division. The interview was conducted in an interview room with Portland Police Association Union Representative Officer Ryan Reagan present during the interview. Officer Gore was informed that the interview was being recorded. During the course of the interview Officer Gore told us the following:

Officer Gore is a K9 officer that was working on the evening of the incident. Officer Gore's unit number was K9-1, he was working in uniform with a badge displayed, and he was operating a marked patrol unit. His shift hours on this date were 1900-0500 hours. Officer Gore's K9 partner's name is Jasko. Officer Gore told us that K9 units are responsible for assisting on calls throughout the city and often times they are even responsible for assisting other counties in the area. Officer Gore has been employed by the Portland Police Bureau for over 25 years, has been a K9 officer for 20 years, and is the most senior K9 officer with the Portland Police Bureau. Officer Gore has received many hours training and also trains other officers.

On April 7, 2018 Officer Gore was patrolling in the area of North Portland when he heard a call of a reckless driver in a stolen Honda CR-V, possibly pointing a gun at the 911 caller in the area of N Columbia/N Columbia Way. Officer Gore assigned himself to the call to do an area check. Moments later he heard over the police radio that the same vehicle had crashed in the area of SE MLK Blvd/SE Stark Street. Officer Gore switched one of his radios to Central Dispatch and started toward the scene of the crash in case he and his K9 partner were needed for assistance. While listening to both the North Precinct and Central Precinct calls he believed them to be the same person in the same stolen vehicle in both calls. As he was arriving in the area of the crash he heard an officer on the north call broadcast that a video the witness from the North Precinct call had taken showed the person in the stolen car reaching for something but the officer couldn't tell if there was a gun or not. Officer Gore also heard over the radio East Precinct Unit 994 putting out information that the car was taken by force and the person the car was taken from was threatened with a knife.

Officer Gore arrived in the area of SE MLK Blvd/SE Stark Street and felt that setting up a perimeter for a dog track was not appropriate due to the area being an urban area, around fifteen minutes had elapsed, lots of people were in the area, and believed there was a better chance of finding the subject by driving around the area. While he was in the area a caller from Jackson's, which was just around the corner from the wreck, reported that a guy that sounded like the same guy was at their location. Then another call came in from a medic that there was a guy trying to get into a building. He thought the address may have been 505 SE Grand Avenue. He said police units to include himself responded to that area to look for the suspect. He then heard an officer broadcast that they were with the medic that had called and the guy was gone. The next thing he heard broadcasted was that the guy was directly across the street in a shelter. At this point Officer Gore was driving north on SE Grand Street and knew from looking to the north that that the officer was referring to the east side of SE Grand Street.

He could see officers running to the shelter. Officer Gore parked and approached the shelter, City Team Ministries, on foot without his K9 partner, Jasko. He observed dozens of civilians inside the building, officers outside the building, and at least six officers inside confronting a male with a knife and civilians were all around the suspect appearing like they didn't know what to do. Officer Gore described the knife as a folding knife with around a 4" blade.

Officer Gore heard officers yelling drop the knife multiple times and heard officers yelling at the civilians to get out of the way and run. Officer Gore attempted to get people away from the suspect while other officers dealt with the suspect. He was yelling at people to get out of the way. He could see the suspect getting more amped up, yelling, and then he started stabbing himself. Officer Gore at this point thought the incident might turn into a deadly force encounter or the suspect may take someone hostage. Officer Gore thought there were enough officers dealing with what was going on that he should get Jasko to have another resource if the opportunity dictated using a dog would be beneficial. He noted that he has used his dog on incidents before that prevented those incidents from escalating to deadly force.

Officer Gore returned with his dog and there was at least a dozen officers inside at this point. Officer Gore recognized that the suspect had access to numerous civilians. As he was getting his dog and going back into the shelter he was hearing officers continually yelling drop the knife and he also heard an officer yell "less lethal, less lethal", followed by what sounded like a .40 mm less lethal gun being fired. He saw a bunch of civilians in the back of the building and his thought was they needed to get those people out of the building. Officer Gore could not tell what the suspect was saying at this point by he was stabbing himself in the neck and bleeding. Officer Gore said civilians were still close to the guy and there was an area on the side of the room that suspect was on that he could not see and Officer Gore was worried more civilians might be there so he moved along the north side of the building to get a better view. Officer Gore attempted to get other officers to help him get civilians out and get between the suspect and the civilians to protect them from getting killed by the suspect with the knife.

Officer Gore said he incident was happening so fast that there was not time to make a complete plan that covered specific assignments. Officer Gore's hope was that the less lethal rounds would make the guy drop the knife and then he could send Jasko on the guy because Officer Gore felt the suspect was going to kill someone or make the police kill him. Officer Gore felt the officers could not back away from the suspect because they had to protect the citizens that were in there. He estimated officers were 20-25 feet away from the suspect, who was towards that back of the room near the staircase, at this point. He said the distance changed because the suspect kept coming closer to the officers. The suspect was on the south side of the stairs which created a barrier for Officer Gore but it restricted his view and that would affect his ability to send Jasko so he took his eyes off the suspect to move to a better position. As he was moving he saw the suspect start to charge westbound toward the officers and then he heard gunfire. Officer Gore brought Jasko back to his patrol vehicle and then returned to the shelter. As he returned he saw an officer shoot a less lethal round at the suspect and he felt that they should just move up and render aid. He then assisted Sgt. Axthelm with moving the suspect's body. He believed the suspect to be deceased and they called medics in to check on the suspect. The medics determined the suspect was deceased. Sgt. Axthelm took control at this point and secured the scene by separating witnesses and others. Officer Gore could not tell how many people fired and did not see anyone fire.

Officer Gore and Officer Dennis Wilcox checked other areas of the shelter for injured persons and did not find any injured persons.

Officer Gore noted that it seemed like a lot of less lethal rounds were deployed on the suspect and he never once saw the guy drop the knife or that the rounds affected him. He said he did not actually see the suspect getting hit by the less lethal rounds but heard him get hit. He believed he heard one less lethal round being fired as he was getting Jasko and one or two more fired when he was back inside with Jasko.

Officer Gore said witness officers to include himself were put on a Tri-Met bus with un-involved officers and told not to talk to each other. He said everyone followed the directions not to talk to each other about the incident.

**Gradwahl:** Alright, it is April 8<sup>th</sup>, 2018, at 02:20 hours. Detective Todd Gradwahl, uh, Detective Anthony Cavalli, here with SHAWN GORE from the K9 unit, and Ryan Reagan, his representation. Um, and everybody knows that this is being recorded, uh, Officer GORE, do you know this is being recorded?

**Gore:** Yes, I do.

**Gradwahl:** Okay. Officer Reagan?

**Reagan:** Yes, I do.

**Gradwahl:** Okay. Um, we're here today to talk about the incident that happened at 526 SE Grand, uh, late-or, uh, last night, um, it's early morning on the 8<sup>th</sup> now, this would have been on the 7<sup>th</sup>, um, there was an incident that occurred, um, and we're gonna ask you some questions about that, and what your involvement was, and some of the stuff that you witnessed. Um, do you understand all that?

**Gore:** Yes, I do.

**Gradwahl:** Okay. Um, you're in uniform right now, uh, do you work the K9 unit?

**Gore:** Yes.

**Gradwahl:** Okay, and...

**Gore:** 19:00 to 05:00.

**Gradwahl:** 19:00, that's when you s-started your shift? Okay. Um, and you were in uniform, uh, as you are now, with a badge displayed, is that correct?

**Gore:** Correct.

**Gradwahl:** Jasko?

**Gore:** J-A-S-K-O.

**Gradwahl:** Okay. Um, so how did you become involved in this incident?

**Gore:** Uh, it initially, my part started in North Precinct, the call came out of a reckless driver in a stolen Honda CR-V, possibly pointing a gun at the caller. Uh, the caller had gone home, um, and requested contact, a North Precinct officer was going to it, I assigned myself to the call to do an area check for this vehicle, um, just moments after the call has come out, they're like, dispatch says that that car has crashed at, uh, I believe it was MLK and Stark.

**Gradwahl:** Okay. Um, that call, where did that call come out, that you were doing the area check? Um, from that call...

**Gore:** Where...

**Gradwahl:** ...that you heard on North...

**Gore:** It came out on North dispatch.

**Gradwahl:** Uh, it came out on North dispatch, and, uh, do you know where that...

**Gore:** Oh, the location was, uh, Columbia and Columbia Way, I believe, is where the, basically road rage type encounter occurred...

**Gradwahl:** And that's where somebody said they thought somebody pointed a gun at them?

**Gore:** Correct.

**Gradwahl:** Okay.

**Gore:** And they said, I have video of, of the suspect, and of the car. And they, they had gone home and requested contact.

**Gradwahl:** Okay. And you said that was a stolen car?

**Gore:** Yes, uh, well, I apparently sweated, I had the plate on here. It's, uh, I think it's, I don't remember. 832 were the numbers, and it's the one that's crashed at MLK and Stark.

**Gradwahl:** Okay. Um, so dispatch had put out that that vehicle was a stolen vehicle, after the caller had...

**Gore:** The caller called in, and gave a plate, dispatch much of-must have run the plate, and said, hey, this reckless driver that might have a gun is in a stolen, last seen eastbound on Columbia.

**Gradwahl:** Okay. Um, and your unit, in the K9 unit, are you responsible for the whole city, or are you responsible for certain geographical areas?

**Gore:** We work districts, but we wo-we work the whole, entire city, and at that particular time, I, I was in North, and so I assigned myself to go look for...

**Gradwahl:** Okay. So it's, uh, typical in your position that you would respond to different areas of the city?

**Gore:** Yes, uh, the entire city, county, we'll go to Clark County, wherever.

**Gradwahl:** Okay. Um, so you heard that the car had, you say crashed at MLK and Stark?

**Gore:** And they said that, uh, a suspect had fled, and, and I switched over to Central, and they asked for a K9 to respond, and, um, I, I switched basically from the North call to the Central call, and, and started heading there, but I was coming from North Portland...

**Gradwahl:** Okay.

**Gore:** ...I mean, it's a long ways away.

**Gradwahl:** Um, did you respond, uh, j-just normal, or was it like...

**Gore:** I picked up the pace...

**Gradwahl:** ...lights and sirens?

**Gore:** ...on that, lights and siren, to get to, get within the area, I knew time was of an essence, and that the location and the pouring down rain, I was, I was, I didn't know if it was necessarily gonna be a dog track, but it seemed like something we should get to.

**Gradwahl:** Okay. And it sounds like the information from the North call was that there was, potentially this person had a weapon?

**Gore:** Right.

**Gradwahl:** Okay.

**Gore:** So as I'm en route, I'm listening to both nets, and I, I asked North dispatch that, you know, for the car that's going to the, the address, to look at the video, and see if there actually is a gun seen. Um, they had a description of a male, white, no shirt, tattoos.

**Gradwahl:** Okay.

**Gore:** Um, that's what was given at North, and then that's, was the s-the same description was given of the suspect leaving in Central as well.

**Gradwahl:** Okay.

**Gore:** And I was unclear, 'cause I didn't hear the Central come out, is it, are they putting, I, I, I don't know if there was a witness that actually saw him leave shirtless, or not, but it was looking like, hey, this is the same car, same guy.

**Gradwahl:** Okay, and the, appreciate that, that was gonna be my next question, is how y-the Central information, if you knew the source of that information, and it sounds like you just know that that was put out, but not...

**Gore:** That was put on the L, but I don't know if the source was a witness at the scene of the Central call, or it was being put in it from the dispatch, I don't know how that came about.

**Gradwahl:** Okay. Um, so you're heading to that area of where the car was dumped, um...

**Gore:** Um-hm.

**Gradwahl:** ...and then what happens?

**Gore:** Um, I got, I got, um, information just as I'm arriving, that, hey, I looked at the video, you can't tell it is, and you can't tell if there's a gun or not, he was just reaching for something.

**Gradwahl:** And that information's coming from, is that a...

**Gore:** I think it was...

**Gradwahl:** ...North officer?

**Gore:** A North officer, maybe 525, I can't remember. it'll have to be...

**Gradwahl:** Okay.

**Gore:** ...on the dispatch.

**Gradwahl:** Came from an officer though?

**Gore:** Came from an officer...

**Gradwahl:** Okay.

**Gore:** ...talking, I'm, I'm assuming watching the video, saying you can't see it.

**Gradwahl:** Okay.

**Gore:** Um, upon arrival, I said let's not do a perimeter, 'cause it's such a urban area, I thought, this guy's gonna be right around here, and I, by this time, I'm giving up 15 minutes.

**Gradwahl:** Right.

**Gore:** Um...

**Gradwahl:** And the-there was no perimeter set up as accurate?

**Gore:** There was no perimeter set up, there was lots of people in the area, lots of pedestrians, um, my thought was, like, it was tough to contain, and if he had gone fast, he may have been out of it, and if not, we probably can just find him by area checking better than trying to, like, I didn't think I, my dog would have the ability to trail a guy with that much traffic, that much people, that much pavement and rain, I, I didn't think I'd have very good success.

**Gradwahl:** Okay. Um, and did you stay in that area looking, uh...

**Gore:** Yes.

**Gradwahl:** ...and, and as you're in that area, looking for him, was there other police cars in the area looking for him?

**Gore:** There was a lot of people in the area, and then we started getting clues from other 9-1-1 calls.

**Gradwahl:** And what, what were those clues?

**Gore:** Um, one was an unwanted, uh, person at the Jackson, which is just around the corner from where the car was, um, and a description that looked. that sounded like our guy, but with a coat on.

**Gradwahl:** Okay.

**Gore:** Um, and then, uh, as I recall, um, the next call came in from an actual, like, I don't know if it was f-police and fire, or a medic, but like, hey, there's a guy trying to get into some building that, like, I can't remember the exact address, maybe it was 505 Grand, or something...

**Gradwahl:** Okay.

**Gore:** ...but the door was closed, so that immediately sent a bunch of vehicles towards that immediate vicinity to...

**Gradwahl:** Okay.

**Gore:** ...to look for the suspect.

**Gradwahl:** Were, did you hear any broadcast at any point, about any other calls, um, prior to the one where the road rage type of thing in north Portland?

**Gore:** Yeah, so then as this is all developing, this road rage thing, like, oh, look, it's, it was taking, it was taken by force, this is a carjacking. Um, so I gotta backtrack a little bit here, uh, as, as this is happening, we're looking for the guy, I'm like, is that primary here? And I don't know who the officer is, but it was 994. 994 says, yeah, I'm here, um, on this net, it was like, go to TAC 2 and give us the scoop on this, on this carjacking. And TAC 2, he said it was taken by force, threatened with a knife, it's possibly one of two people, that's, um, and I don't, I don't even remember what the names were...

**Gradwahl:** Okay.

**Gore:** ...um, and I don't know exactly how he got that information, from whatever call or, hi-him taking this, that's all I, I knew about, that it was taken by force, and they had a possible suspect name, I don't know how he came about getting that name.

**Gradwahl:** And 994, that, that is East Precinct, is that...

**Gore:** That's East Precinct, I'm assuming afternoon shift, and I think they're the ones that took the stolen on the vehicle.

**Gradwahl:** Okay. Um, so, kinda where we left off is somebody called in, uh, a medic or...

**Gore:** Yeah, Jackson's, and then a medic, so he's like, okay, he's around here somewhere, he looks different, like, he's not shirtless, um, there's lots of people there, so, who knows, someone, someone may have seen him, or he was inside somewhere, like, he was, he wasn't very far from where the accident occurred.

**Gradwahl:** Okay. And, and then, uh, what's the next thing that happens?

**Gore:** The next thing that happens is I hear, I hear, I don't know which officers, they say, you know, we're on scene where the medic last saw him, he's not here, and then someone gets on the air and says, he's across the street, he's directly across the street in the, I think they said shelter. Um, I can't remember what, what exactly they said, but he's directly across the s-street, and I think he said shelter, and I could see, I'm, I am further south on Grand, going northbound, south of the location this all occurred, and, um, I, uh, I could see the lights there, and, and officers getting out of their cars, and there's already quite a few, there's, there's already a lot of cops there, a lot of cars...

**Gradwahl:** When you, when you say on the other side of the street, if you're going northbound, uh, the address...

**Gore:** East side of the street.

**Gradwahl:** ...you gave out was a west side address...

**Gore:** Um-hm.

**Gradwahl:** ...so, now they're, they're indicating...

**Gore:** Yeah.

**Gradwahl:** ...he's on the east side of...

**Gore:** Correct.

**Gradwahl:** ...Grand, okay.

**Gore:** Um, and, uh, I could see officers kinda running up ahead, and, and going into the shelter, and I see lots and lots of citizens, lots and lots of shelter people, and it's very crowded, and, um, as I initially, um, get there, I go up without my dog, and there is cops lined up outside, there is, there is dozens of citizens inside, and there's at least a half a dozen cops already in there, confronting the suspect.

**Gradwahl:** Okay. And when you say confronting, uh, did you hear anything?

**Gore:** I did, I, initially I heard, you know, drop the knife, drop the knife, and I heard officers yelling at people, get ou-get out of the way, leave, r-you know, run, get away, um, i-initially, when I first came in, um, there was just so many citizens, and people, and cops, coming inside, that it was more like, clear, trying to get people separated from the suspect, was my thought. Um, so I, I started yelling that, you know, yelling at people to get out of the way, and then as this was, as, as

I could see this suspect getting more and more amped up, and yelling, and I saw him stab himself, um, I was like, this, this could turn into a deadly force encounter, or he could take someone h-hostage. There's enough officers there around that I, like, I thought, they have this covered, m-my dog might come into play here. Um, my training experience, I've had the opportunity to use less lethal on armed people, and potentially save their lives, like, if we can, we can use bean bags and, and that sort of thing, and the dog, sometimes we can prevent it escalating to a deadly force encounter, so I went back to get my dog.

**Gradwahl:** So now might be a good time, um, to ask, how long, uh, have you been with the, the Police Bureau?

**Gore:** Uh, it'll be 26 years in December.

**Gradwahl:** Okay. And how long have you been a K9 officer?

**Gore:** Uh, it'll be t-it's, uh, 20 years this month, actually.

**Gradwahl:** Okay. And are, uh, in the K9 unit, I know there's several officers, and there's sergeants in that unit, um, where, where do you fit in as far as, uh, seniority within that unit, or tenure on the K9 unit?

**Gore:** Um, we have two sergeants and eight officers, and I'm the senior officer, and actually senior K9 handler, uh, within the, our city, at this point.

**Gradwahl:** Okay. And I'm guessing over the 20 years, that you've had quite a bit of training?

**Gore:** Yes, a lot of K9 training, SERT training, um, and all the training that the Bureau goes through, but additionally, the K9 and, and SERT type training.

**Gradwahl:** And do you train other officers?

**Gore:** Yes, I train other officers how to d-deploy and use their police dogs.

**Gradwahl:** Okay. Um, the, when the people, you said there was a lot of people in there, were they all in one area, or were there people kind of...

**Gore:** The very first time, when I kinda looked in to see what we had, they were everywhere, they were s-surround-surrounding the suspect, and, uh, all over the place, like, I missed the initial encounter with the cops and the bad guy and citizens, when I looked in, there was a lot of people, and I was like, man, I don't know if my dog's gonna be able to be useful, because there's so many people, like, I, I need to be able to know that I can, you know, target the right person, and, and maybe it's not gonna be useable, but I thought, there's enough officers here

that they can fill in other places, I, I should try to get this tool available if possible.

**Gradwahl:** But the, the people that were in there, d-did they seem concerned, or, um...

**Gore:** Yeah, there was a lot of, I mean, there was a lot of scattering, like, but also people not really knowing what to do, um, just, um, ugh, how would I put this, some of that clientele, um, maybe were a little overwhelmed by so much stuff going on...

**Gradwahl:** Right.

**Gore:** ...some of the people there, so they're not reacting as quickly or, um, as you th-as you think people might, just because of the nature of being a, basically, it seems like a homeless shelter, um...

**Gradwahl:** Right.

**Gore:** ...is kinda what it seemed like it was, so there was a lot of, like, what do I do, is this, you know, it, it was, a lit-little bit, it was chaotic.

**Gradwahl:** Okay. Um, so you said there was around six officers, is that correct?

**Gore:** And that has grown, I mean, there's at least a dovs-dozen officers, um, in there by the time I go get my dog and come back in, we're kinda s-initially at the door, but then it, it becomes like, wow, he has access to all these people. This was going through my head, I don't know what's going through the, the officers that are in front of me head, and I could tell, and actually, as I'm, as I'm getting my, my dog, I hear, thump, th-I hear someone yell, less lethal, less lethal, someone gives a warning, and they fire, and they're, and a-and continually, drop the knife, drop the knife, I'm hearing that, I don't know who's saying it, but I'm hearing it the entire time, and I hear at least one, um, I'm guessing it was the .40, but it sounded distinctly like that to me, the .40 mm less lethal.

**Gradwahl:** And, and do those shoot out like a s-a foam?

**Gore:** Yes, a foam...

**Gradwahl:** Round...

**Gore:** ...baton...

**Gradwahl:** Okay.

**Gore:** ...um, and, um, I, I could hear that, um, and I'm going back in, and, and my dog's being noisy, he's barking...

**Gradwahl:** So you've went, you've went to your...

**Gore:** I've, yeah...

**Gradwahl:** ...vehicle, and got your dog...

**Gore:** ...it's, I'm hearing that happen, and I come in, I'm, kinda force my way in, and I still see all these people in the back, and now I, I'm regretting grabbing my dog, because I can't really help, and my thought is, we need to get those people and push them out, 'cause it, now we had naturally, I could see, as we're going into the door, basically the right side of the room is clear of the backstop behind the guy, or, d-I don't see any people directly behind him, I see him screaming and yelling, I can't tell what he's saying, and he's stabbing himself, and he's bleeding profu-f-profusely at this time, but I still see these other people so close. So I, I L out, thinking, is there anyone behind him, I don't, I don't know, is there any other citizens that are behind him, or is he the only one on this side of the room...

**Gradwahl:** When you say you L'd out, would that be if you go in the door off to the left, or off to the...

**Gore:** Off to the left...

**Gradwahl:** ...right, okay.

**Gore:** ...so he's on the right side of the room, I come in and everyone's kind of straight on him on the right side of the room, that are, that are confronting him, and I don't know who those officer-I mean, I, I probably know now, or whatever, but I didn't know, I couldn't pay attention to who was giving commands and who had bean bags, and who had that...

**Gradwahl:** Right.

**Gore:** ...and it's Central Precinct, and I don't know a lot of those officers that well, so some of 'em I don't, I don't recognize. Um, but what I did, is I had officers who, I don't even know who it was, I just started telling him, grab those people, get 'em out, push them out of the way. And I wanted us to basically encircle this suspect, because if we didn't, he had access to all of these people, and I felt that he could kill someone with the knife that he had, and, and, and the state he was in. Like, I was concerned for the safety of those people, like, we need to, we need to move now, and make sure that he can't have access to these people.

**Gradwahl:** So the, it sounds like, the way you're describing it, were you trying to get the citizens that were in there to the north side of the...

**Gore:** To the north side, and I could see a door, I didn't know where it led, but I wanted them to go in that door, and be out of the way...

**Gradwahl:** Okay.

**Gore:** ...um, I'd never been to this place before.

**Gradwahl:** So did you guys eventually, were you able to get all the...

**Gore:** We...

**Gradwahl:** ...people, or were you, were you...

**Gore:** No, things, things went south on us before that, like, they, it did help, and officers went over there, and it did distract me a little bit, where I'd taken my eye off this guy, and my, my hope was that after a few, you know, less lethal rounds, that he would drop the knife, and then I was going to send my dog on him, so that he couldn't get the knife again, and then we would make a plan to grab him. This was happening so incredibly quickly, it wasn't like we were able to make a plan at the beginning and say, okay, you're the I-you're lethal guy, you're, this happened so much faster than we would have liked, that that plan wasn't made, but it also seemed like people were, were all working towards that same end, so even though we didn't talk about it, and, uh, that had been my, my plan, even, I didn't get to tell these guys that if that knife dropped, I was gonna yell dog, dog, dog, and, and try to overwhelm this guy with, with less lethal options, 'cause I really thought he was gonna kill someone or, or make us kill him. That's, I thought, and, and it was, it was so close, I worried, like, this guy, if he comes at us, we don't have a lot of space, but it was one of those deals where we couldn't back up and get any distance, because we had to protect these citizens that were in there.

**Gradwahl:** How close do you think officers were at that point?

**Gore:** I would say they were, well, initially, it's probably that 20, 25 feet, you know, it's the, towards the back of the room, but that changed, he, he, he kept coming closer to, to them.

**Gradwahl:** He started coming closer to the officers?

**Gore:** Yes.

**Gradwahl:** Okay.

**Gore:** Now, in the middle of this room, there's, you know, the right side and the left side, and we're facing, basically, east, um, there is a staircase th-that goes down the middle of the room, and that really c-created a barrier, which was good for

me, you know, I could kinda make sure that, okay, no one's there, no one's behind him, and all that, but it also made it difficult, like, I didn't have line of sight, so like, I couldn't have sent my dog from there. So, as I'm realizing this, like, I'm feeling better, like, okay, cops are dealing with these guys, I need to get back over here so I can send my dog if I need to, um, and I had kinda taken my eye off him a little bit to do this, 'cause I knew I had this barrier, like, okay, how am I gonna do this, and that's when I saw him start to, to, to charge towards the officers.

**Gradwahl:** So, which direction, um, would have, he been moving, which direction was he moving when you say charging?

**Gore:** He would have been moving, um, westbound, he would have been moving towards the front door, westbound, the front door is the one side he'd have been moving from the, the three side, the back of the room to the front of the room.

**Gradwahl:** And as, would it be on the, more on the south side?

**Gore:** It would be more on the south side...

**Gradwahl:** Okay.

**Gore:** ...he was more on the south, so if we s-the staircase is in the middle of the room, he was to the south, the right of the, of the staircase, and then when he came at, at the officers, he was coming from east to west.

**Gradwahl:** Okay.

**Gore:** Um, and, uh, as soon as he came, I was like, this is not good, and then instantly, there was gunfire. Uh, and through this, I don't know how many, it seemed like they had used a lot of less lethal rounds on him, and I never once saw him drop the knife or, or any of those things that have affected him.

**Gradwahl:** Did you see him getting hit?

**Gore:** I never saw him get hit...

**Gradwahl:** Okay.

**Gore:** ...I heard him get hit, you know...

**Gradwahl:** Okay, the...

**Gore:** ...I heard the thump, thump, thump, the bean bag, I, I heard those things, but I didn't actually see it, but I, and I do-I, I don't, I don't know how many there was,

like I said, I was going back to the truck, and then I was, at one point I was more concerned about the citizens than I was...

**Gradwahl:** Right.

**Gore:** ...him, and, and, um, I didn't want to send my dog without there being some kind of reaction to less lethal, because it wouldn't have gained us anything, and then, you know, it, it just wouldn't, potentially made things worse.

**Gradwahl:** So the, when you were getting your dog, that's the first time you heard the, the, the .40 mm's?

**Gore:** Right.

**Gradwahl:** And how, do you remember how many there were?

**Gore:** I think I just heard one on, as I was getting the dog, um, and I think there was maybe th-three, total, I, I don't even know for certain.

**Gradwahl:** Do you remember, uh, or, about how long it was between that one being fired, and then, and then you were back inside...

**Gore:** Well, I was back inside...

**Gradwahl:** ...when the other...

**Gore:** ...there was at least, at least one or two fired while I was inside, is what...

**Gradwahl:** Okay, so there was a, the one when you were getting the dog, you were outside, then you go back inside, and then there was one to two...

**Gore:** Right.

**Gradwahl:** ...more.

**Gore:** Correct.

**Gradwahl:** And about how long was that? Was it, like, seconds, or...

**Gore:** Seconds.

**Gradwahl:** Okay.

**Gore:** This is all happening super-fast, like, this whole encounter does not take long.

**Gradwahl:** And then the next thing you hear is gunshots?

**Gore:** Yes.

**Gradwahl:** Um, and about how long, was that seconds again, between the, the bean bag, or the, uh, .40 mm inside, and the...

**Gore:** Yes, it was...

**Gradwahl:** ...then the gunshots?

**Gore:** ...it was seconds. Seconds, I mean, it like, and it, it happened fast, like...

**Gradwahl:** Okay.

**Gore:** ...oh, you're, uh-oh, here it comes, and then sh-shooting. There was not, there was not much, um, of a pause in between, it didn't appear to be, but like I said, I, I don't have a very good view of him...

**Gradwahl:** Okay.

**Gore:** ...um, the people that were lined up with them, and had their focus on him will be able to shed more light on that...

**Gradwahl:** Okay.

**Gore:** ...like I said, I got distracted with, like, oh, we gotta get these citizens out of here...

**Gradwahl:** Keeping people back, okay.

**Gore:** Um...

**Gradwahl:** Uh, could, do you know how many people fired?

**Gore:** I don't know, um, there was a lot, and it seemed like a lot, and that actually, afterwards, I kinda got an idea of how many there were, because once we secured the scene, immediately, then it was like, okay, how many shooters do we have, you guys stop talking, it-we-a-immediately Sergeant AXTHELM started separating people and just trying to figure out what it is that we have...

**Gradwahl:** Okay.

**Gore:** ...'cause, and now we're moving to investigation.

**Gradwahl:** Um...

**Gore:** Um, so I would say five or six.

**Gradwahl:** Did you see anybody...

**Gore:** I didn't...

**Gradwahl:** ...fire?

**Gore:** ...actually see them fire...

**Gradwahl:** Okay.

**Gore:** ...right, 'cause my focus is on him, and I was m-almost, I mean, I wasn't downrange, because we had an L, but I was, I, I didn't see it happen, you know.

**Gradwahl:** Do you, do you remember, uh, I know you don't know some of these officers, so if you don't know their name, that's fine, I understand, uh, do you remember seeing anybody with guns out at that point?

**Gore:** Uh, yeah, I saw, I saw CAM FENDER, and, um, I think it was ANDY POLAS next to him, and, uh, I can't think of his name, bald guy, works downtown, he put in for K9, and I can't think of his name right now. CHAD something. I think it's CHAD. Uh, came from the county, I can't, I can't think of his name right now, and, um, uh, BRAD NUTTING, and then there was probably some others in there, I, I don't...

**Gradwahl:** Okay.

**Gore:** ...I don't know 'em.

**Gradwahl:** That's fine. Um, so after the, the sh-you hear the shots being fired, um, then what happens?

**Gore:** So, for me, I, I, I said, god dammit, 'cause I just, like, I was hoping it wasn't gonna come to this, and it did. Um, and I immediately, like, my dog is losing his shit, he's barking and, and he's, he's making it more difficult. And so I immediately went to my car and secured my dog, and then I came back in, and as I come back in, they're, I had missed the plan, um, and they're, they're worried that he might still be alive, and they, apparently they, I saw them hit him with a bean bag, and I'm like, I've been at a lot of these, and I'm like, that's not necessary, I was like, this guy, like, like, let's move, let's, I go, let's render aid, let's render aid. And then, and after that, they were ready, and then ROGER AXTHELM and I walked up and I, I'd already gloved up, and walked up to check

him, and I moved his body over, and looked, and from my training experience, I was like, he's, he's dead. I was, I was certain he was dead, um, I was pretty sure, when I saw him, I'm like, that guy's dead. And then when I raised him up and looked, and saw how shot up he was, I'm like, he's, he's dead. Um, so we immediately called in medics to come in, and then I ended up touching, one more time, 'cause the medics, like, came, like, do-can I, I gotta see his, so I, I was already bloody, so I just grabbed him, lifted him up, just barely, and they, like, yeah, he's dead, and that was...

**Gradwahl:** Were they close by, the medics, or...

**Gore:** Yeah, you know, um, I think they might have been, I saw them on the st-I think they had a different call nearby or something. Um...

**Gradwahl:** So it wasn't very long before they came in there?

**Gore:** S-seconds...

**Gradwahl:** Okay.

**Gore:** ...so, basically, we were able to make, render aid, I ran out, put my dog back, missed all the other stuff they did, but, uh, hey, let's make sure that, that we're safe to approach, and then approach, I mean, that's, it took seconds, you know what I mean, I'd say 15 seconds, 'cause I, I literally had ran outside, threw the dog in, and then ran back in, and then I just ended up being, 'cause I, I knew what was gonna happen next, so when I had put the dog up, I grabbed my gloves and put my gloves on, thinking that's, that's what we're gonna do. Um, it will be the next step, and so I, th-that's all the time it took, and then from me looking at him, thinking, he's dead, and then the medics coming in, another, like, 10, 15 seconds, they must have been, like, outside, practically, um, and I, like I said, initially, one of them c-one of them called about the guy, so they, they must have been right there.

**Gradwahl:** Did they render any aid, or did they...

**Gore:** Th-they did...

**Gradwahl:** ...check a pulse...

**Gore:** ...rendered no aid, checked...

**Gradwahl:** ...or anything...

**Gore:** ...for pulse, and he was like, this, this guy's deceased, I mean, that's what he said...

**Gradwahl:** Okay.

**Gore:** ...I got no pulse, he's deceased, and then we, it was a crime scene at that point, there was no aid rendered because there was, it was too late.

**Gradwahl:** And, and then, did you say Sergeant AXTHELM was kind of in charge at that point?

**Gore:** Yeah, it seemed like, it seemed like he, he stepped up and, and, and took charge the most, I mean, he went up and, and helped with that, and then he immediately, and that's when the whole, like, 'cause that, at-like, like I said, at that point, I didn't know for sure who shot or whatever, but like, okay, what do we have here, who, who did what, grab witnesses, he immediately started securing, I thought he did a good job of securing that scene, like, you know, getting people separated, getting witnesses separated, make sure we hang onto these people, um, and as he's doing that, Officer WILCOX and I were, like, we need to, we should check, because there were so many people around, and there was so many rooms, we s- and I don't know if it was Sergeant AXTHELM, or SCHMAUTZ, had got there by then, I said, hey, can we go check and make sure that there's no one else is hurt, that nothing went through a wall, or anything like that. So, um, as he's organizing, kind of, the crime scene, DENNIS and I just carefully, you know, and trying not to mess up the crime scene, we wanted to make sure that there was a, you know, walls, that there was no other one that could have been injured. And, uh, we, we couldn't find anyone or anything that looked like it could be injured.

**Gradwahl:** Okay. Did, did the weapon that he had, could you, did you get a good look at it, or...

**Gore:** Yeah, it was, uh, it, uh, it looked like a folding knife, but like a big, like, cop carry folding type knife, maybe a four-inch blade.

**Gradwahl:** Okay.

**Gore:** And, uh, it might have been serrated, I didn't, and it was all covered in blood, and, you know, and so, that's, that's what I remember, was...

**Gradwahl:** Okay.

**Gore:** ...more like, that, like, the knife you would clip in your pocket, that you'd flip out. I don't think it was a switchblade or anything like that...

**Gradwahl:** Okay.

**Gore:** ...but just that kinda generic...

**Gradwahl:** A f-folding knife though...

**Gore:** ...folding, folding knife.

**Gradwahl:** Okay. Um, so after you and Officer WILCOX, uh, checked the rooms, um, did you stay in there, or did you go outside?

**Gore:** We waited in there initially, 'til, 'cause initially, like, okay, with all of our procedures, like, how, we, we need to sequester people and all that, but we need a place to put all these people, so initially, it was, um, just kinda wait here, and it took us quite a while, we, we checked down in the basement, we checked, you know, so we were the last ones to come up, and by then, someone, I don't know who, came up with a plan, like, it-we'll get up a TriMet bus, and we'll put all the witnesses in it, in a TriMet bus with people, and make sure, you know, we're not talking about anything or anything like that.

**Gradwahl:** So after, you came up, after checking all the rooms, you got put on a TriMet bus, and th-there was other officers that were not involved in this incident on the bus, is that correct?

**Gore:** Um, no, th-what ended up happening, it seems like they separated, I don't know where this, the people that actually shot, or used force, went, but a-but all the officers that were witnesses to this deadly force encounter, um, were all placed on a separate bus until, and with, with babysitters, for lack of a better word.

**Gradwahl:** Were those officers that, th-who y-that were put on there to make sure you weren't talk-were they...

**Gore:** Exactly, they were...

**Gradwahl:** ...officers...

**Gore:** ...they were either from the union, or TIC.

**Gradwahl:** Okay.

**Gore:** ...or, I don't know where some of them came from...

**Gradwahl:** But officers that weren't involved in this...

**Gradwahl:** Okay. And you guys were all, everybody that was a witness was directed not to talk to each other?

**Gore:** Correct.

**Gradwahl:** Okay, and did, did everybody follow those...

**Gore:** Yes.

**Gradwahl:** ...directions, okay...

**Gore:** In fact, I had to use the bathroom, I had to have someone come with me to the bathroom, they, they were there the entire time, like...

**Gradwahl:** Okay.

**Gore:** ...don't flush, like, like, that seems a little over the top to me, I don't know about this new procedure, I'm gonna throw that out there right now on tape, I don't know about this, like, I, I, that was weird to me, um, but, whatever, um, so yeah, we were definitely isolated, so to speak.

**Gradwahl:** Okay. Um, so just to double check, you brought the K9 in, but did you ever deploy your K9?

**Gore:** I never did, I never felt like I had good target lock, there was so many people about, I didn't know if he was gonna go for the right person, and then I also never got the reaction, you know, of the guy hopefully dropping the knife or whatever, and, like, I'll send my dog on a one-way trip if it's gonna save...

**Gradwahl:** Right.

**Gore:** ...someone's life, but I didn't think it was necessarily gonna do that. It would have been risky enough even if he dropped it to send him, um, but the person's life is way more important, but it never, it never happened, and it, I didn't wanna make it worse, so now I send the dog, and now we do have to shoot him, and then...

**Gradwahl:** Right.

**Gore:** Correct, this is my Friday.

**Gradwahl:** Okay. And did you work this morning, or like, overtime shift or anything?

**Gore:** No.

**Gradwahl:** Okay. Um, and for the record, what's your DPSST number?

**Gore:** 27836.

**Gradwahl:** Detective Cavalli, do you have any questions?

**Cavalli:** Uh, just a clarification. Um, when you said something to the effect about, um, um, you, you thought wh-why it shouldn't come to this, what were you thinking when you, when you were thinking that, what do you mean by that?

**Gore:** I was hoping that this guy didn't make us do this, I've been in a lot of these, I don't want to, I don't want to see someone get killed, that's, that's, I, I was upset, like, gosh, you know, I just wish it didn't end that way, that was it, I did-we, the, the officers had no choice, they were gonna get stabbed if they didn't protect themselves, that's all there is to it.

**Cavalli:** Okay. And then the, the other question I had for you is, from your point, when you were in the L, you saw the guy charge towards the officers?

**Gore:** Yes.

**Cavalli:** Did you see any citizens right in that area?

**Gore:** No, and that's specifically why I went there, I wanted, 'cause there was a little bit of a, on the right side of the room there was a little bit of an L, it turned out there was another room, and so I was worried, like, oh man, is there anyone over there, and, and like I said, that's how I, I didn't watch-see the officers shoot, and I didn't see him as focused as I could be, 'cause I got caught up in the, I, I need to make sure those people get out of the way, and I was, shwhew, there's no one there,

Portland Police Bureau  
PUBLIC RECORD RELEASE  
**CONFIDENTIAL**

On April 7, 2018, at approximately 2049 hours, I was called out to assist with an officer involved shooting investigation in the area of SE MLK Blvd./SE Stark St. While en-route to the call I learned that the Portland Police Command Post was located on SE Grand Ave./SE Stark St. I responded to the scene where I attended a briefing and learned that a subject, later identified as John Elifritz, entered the City Team Ministries armed with a knife. John Elifritz was confronted by police inside the building and was ultimately shot by numerous officers who had responded to the call. Sergeant Whattam noted there were numerous civilian witnesses inside the City Team Ministries when the shooting occurred who were standing by waiting to be interviewed by detectives. Sergeant Whattam said due to the large number of civilian witnesses they were being transported by bus to the Multnomah Building to be interviewed by detectives and Detective Posey was in charge of coordinating these interviews. Sergeant Whattam directed me to assist with interviewing the civilian witnesses. I responded to the Multnomah Building where I interviewed several civilian witnesses. I later returned to the command post and attending a briefing. Sgt. Whattam then directed me to go to the Detective Division and interview witness officers. Detective Cavalli and I interviewed witness officers to include Officer Kenneth Stuart Fox. This report contains a summary of Officer Fox's statement; the complete interview can be reviewed on a CD that was submitted into evidence on the listed receipt. The interview was also submitted for transcription and will be available for review.

**Officer Kenneth Stuart Fox's Statement:**

On April 8, 2018, at approximately 0345 hours, Detective Cavalli and I interviewed Officer Fox regarding his observations of the aforementioned shooting at the Detective Division. The interview was conducted in an interview room with Portland Police Association Union Representative Officer Christopher Kulp present during the interview. Officer Fox was informed that the interview was being recorded. During the course of the interview Officer Fox told us the following:

Officer Fox is a Central Precinct officer that was working on the evening of the incident. Officer Fox's unit number was 724, he was a single officer car, he was working in uniform with a badge displayed, and he was operating a marked patrol unit. His shift hours on this date were 1600-0200 hours.

Officer Fox said he was one of two units dispatched to a vehicle crash or suspicious vehicle call that turned out to be a stolen vehicle at SE MLK Blvd/SE Stark Street. Earlier in the night Officer Fox had seen a message sent out by East Precinct Unit 994 that said something to the effect the vehicle had been stolen by strong arm force and just prior to the crash call he was responding to there was a call in North Precinct in which the same car has possibly pulled a gun on somebody. He had switched his radio to North Dispatch and was listening to the other call in addition to the call he was responding to.

Officer Fox arrived at the crash call and observed a group of people. He asked if anyone had seen the person who left the car there. He got a description from one of the persons and broadcasted it over the radio. Officer Nell, the primary officer, also arrived and he told Officer Fox to go do an area check for the subject. While Officer Fox was doing an area check a call came out at Jackson's which is located at 621 SE Grand Avenue saying a guy had been standing in their doorway holding a knife. As he drove toward Jackson's there was a radio update that the guy had left.

Officer Fox then heard over the radio that AMR was in front of Columbia Shelter, 509 SE Grand Avenue, and there had been a guy with a knife there. Officer Fox headed toward that location. As he arrived he turned on his lights which turned on his MAV recorder and got out of his car. He then heard a radio update that the guy with the knife had left. As he was walking back to his car somebody from City Team, which was across the street, started yelling that there was a guy inside holding a knife to his throat. At this point he and other officers cross the street and approach the door of City Team. He observed an estimated forty (40) persons inside City Team through the front double doors. He moved aside so officers with less lethal and AR-15's could get in front of him. He observed a guy holding a knife off to the right as you enter, which is the south side of the building. The guy was holding the knife at waist level, blade diagonal to the ground, slightly in front of him, with the blade protruding from his thumb side of his hand. He said 3-4 officers were in the doorway at this point. He knows that officers were

Portland Police Bureau

giving commands but can't remember what they were saying to the subject with the knife. He said people inside were trying to get to the north side of the shelter. He described the knife as a folding pocket style knife with around a 2-2 ½ " blade.

Officer Fox said Officer Damerville had a .40 mm less lethal gun and was by him near the doors and Officer Damerville deployed multiple rounds of .40 mm at the guy with the knife. He said he didn't see where all the rounds impacted but did see that the guy was hit by the rounds. He said the guy did not drop the knife and continued to "kinda" stand there. He said he didn't remember the guy with the knife was saying anything during the encounter, but said he felt the guy was agitated. He said when they first got there and encountered the guy they were around 25' away from him and this was the distance they were when Officer Damerville fired the less lethal rounds.

After Officer Damerville fired the less lethal rounds at the guy with the knife they still had a large group of civilians inside walking around with a knife and there was potential for a hostage situation. He said somebody said that over the radio or clear voice and the decision was made to move into the building and try to get the crowd of civilians to safety. They were telling the civilians to get into the rooms on the north side of the building but some of them were scattered around. The guy with the knife was on the south side of the building near the southeast corner. After they entered the officers ended up in a crescent shape between the stairs in the middle of the room extending to the desk area off to the right when you enter the room. Officer Fox said he initially had his handgun out when he first approached the door but thinks he holstered when the officers with the AR-15's and less lethal came up. As they were confronting the suspect another citizen popped out on the south side and came to the west along the wall. Officer Fox who was behind the other officers was telling and trying to get the guy to get behind the desk where a couple of employees were, which would have been behind him and other officers.

Officer Fox said the guy then started walking toward officers with the knife. He was holding the knife in his hand, with the blade angled down toward officers' general direction, with the blade protruding from his thumb/index finder side of his hand. The guy walked toward officers. The officers were about 10' inside the door and were about 15' from the guy when the guy started walking toward them. At this point multiple shots were fired by police. He said he had his gun out at this point but was behind officers so he did not shoot. He was not sure how far away the guy was when police started shooting but thought the guy was 6-7' away by the time he stopped and went to the ground on his stomach, with his left arm toward Officer Fox's position, and his right arm was out of view.

After the guy went down they started to make a plan to render aid but they could not see the knife or the guys right hand so he and another officer walked around toward the east portion of the stairway and observed that his right hand was tucked underneath his body and that was the hand the knife had been in. Officer Fox relayed this information and at this point the guy was motionless so a couple of officers moved up to check the guy. The officers rolled the guy partially over onto his side. Officer Fox heard someone say they saw the knife and heard don't touch it. Officer Fox was then able to see the knife after he repositioned himself. Medical was called in and it was determined that the guy was deceased.

Officer Fox said prior to the male advancing toward officers he saw the guy with the knife in his right hand put the knife up to his neck but he does not know if he was actually stabbing himself. He did remember seeing blood on the guys face.

Witness officers and involved were separated and directed not to discuss the shooting. Officer Fox told Sgt. Axthelm that he had his MAV recorder on and requested to turn it off. Sgt. Axthelm agreed and Officer Fox turned it off.

Officer Fox, after separated, sat in a vehicle with Officer Ariel Livingston, DPSST #57429, until a Tri-Met bus arrived and then he got on the bus with other witness officers. They were directed not to talk to each other. They were then transported to Detective Division.

**Gradwahl:** This is Detective Todd Gradwahl here with, uh, Detective Anthony Cavalli. It's April 8<sup>th</sup>, 2018, at 03:45 hours. We're here with KENNETH STUART FOX, uh, DPSST 47852, and Officer FOX, uh, we're recording this, is that okay?

**Fox:** Yes.

**Gradwahl:** Okay. And we're also here with, uh, union representation, uh, Officer KULP, uh, and your DPSST?

**Cole:** 40730.

**Gradwahl:** Um, we're to-uh, today, um, talking to you about an incident that happened last night, um, we're gonna have a couple questions, and then, you know, kind of have you go over your involvement in this incident, and what you observed. Um, so you're employed with the Portland Police Bureau, is that correct?

**Fox:** Correct.

**Gradwahl:** And how long have you been employed?

**Fox:** Uh, 11 years.

**Gradwahl:** Okay. And what precinct do you work?

**Fox:** Uh, Central.

**Gradwahl:** And are you assigned a specific, uh, district?

**Fox:** Uh, 724.

**Gradwahl:** Okay, and what is, what's 724, what area would that be?

**Fox:** It's primarily Laurelhurst and Kerns, but it's, uh, Hawthorne to I-84, 30<sup>th</sup> to 39<sup>th</sup>, except north of Burnside, where it's 20<sup>th</sup> to 39<sup>th</sup>.

**Fox:** Prior to that, I was a 715 district car.

**Gradwahl:** Okay, and where is 715?

**Fox:** 715 is Hawthorne to I-84, 12<sup>th</sup> to 30<sup>th</sup>, except north Burnside, where it's 12<sup>th</sup> to 20<sup>th</sup>.

**Gradwahl:** Okay. Um, and were you in uniform tonight?

**Fox:** Yes, I was.

**Gradwahl:** Okay. And, um, your uniform, is that wearing a external vest, or?

**Fox:** External vest.

**Gradwahl:** Okay. And driving a patrol car?

**Fox:** Correct.

**Gradwahl:** In a marked unit?

**Fox:** Yes.

**Gradwahl:** And did you have a partner?

**Fox:** No, I did not.

**Gradwahl:** Okay. The, tonight, um, I guess, how did you become involved in this incident, or, um, whether it was, you know, the first things you started hearing or seeing.

**Fox:** Uh, well I was dispatched, one of the first two cars dispatched to MLK and, uh, Stark, for the initial, initial crash call...

**Gradwahl:** Okay.

**Fox:** ...or a suspicious call that turned into stolen vehicle call.

**Gradwahl:** Okay. Um, is that the first you heard of anything involving...

**Fox:** No...

**Gradwahl:** ...this?

**Fox:** ...uh, well earlier in the night, I believe it was 994 sent out a message about a, uh, strong, strong arm or something like, something like that, uh, theft of vehicle, um, and then, uh, just prior to the, to this call, a call up in North Precinct, uh, they

broadcast the info, and I switched over and was listening to North about a, the car that 9-994 took as a stolen had, uh, possibly pulled a gun on somebody, and, uh, th-I don't remember the ot-other exact details of, of that call.

**Gradwahl:** Okay. Um, when you said, uh, 994 s-uh, sent something out, ho-how, was it, uh, email, or...

**Fox:** Like a...

**Gradwahl:** ...on disp-...

**Fox:** ...MDC message.

**Gradwahl:** Okay.

**Fox:** I think it was to ALLPOL or something like that.

**Gradwahl:** Okay, and so that's something that, uh, an officer can send something out, and then it goes to other peoples' computers in their car...

**Fox:** Correct.

**Gradwahl:** ...and they could read that?

**Fox:** Correct.

**Gradwahl:** Okay. Um, and then you had switched over to the North-or listened to North information about, um, a vehicle involved in s-an incident, and maybe pulled a gun on somebody. Did, did that link together for you, that, what, that it was the same vehicle, or...

**Fox:** Yeah, they, I mean, they talked about it on the net, being the same vehicle, once, I mean, once they gave the plate, I mean, the, they put, put it together that it was the same vehicle.

**Gradwahl:** Okay. And when you got dispatched to the, to the car, the-then, kind-how, how did that go again, how, what was the dispatch?

**Fox:** So in-initially, it was just a suspicious vehic-suspicious call, uh, car left at the intersection, the person walked off. And then it, it changed to, with the, when the plate got added, um, that, uh, it was a stolen vehicle, and I, 'cause I was just listening to the call out of North, I rec-when they said the plate, I recognized the plate, and so...

**Gradwahl:** So your information at that time was 994's information that a c-a car was taken, with some sort of force or something, and then this incident in North, and now you're dispatched to this car that had been abandoned, ditched, whatever...

**Fox:** Correct.

**Gradwahl:** ...it may be. And that was at what location, again?

**Fox:** Uh, MLK and Stark.

**Gradwahl:** Okay. And so were you responding to that area, at this point?

**Fox:** Correct, I responded to that location.

**Gradwahl:** Okay. And did you make it to that location?

**Fox:** I did.

**Gradwahl:** Okay. And then what happened?

**Fox:** Uh, there was a, a group of people there, I asked if anybody saw the person who, who left the car. I got a description from that person, which I broadcast, and Officer NELL, who was primary on that portion of the call, I asked him, hey, do you want me to hang out here, or do you want me to go and help with interviews, or go area check for the person, he said to go area check, so I began area checking.

**Gradwahl:** Okay. And so, um, was that call, uh, anything to do with the crash, or just abandoned, was, or was there any other cars that were involved in this, or?

**Fox:** Uh, not to my knowledge...

**Gradwahl:** Okay.

**Fox:** ...I just saw the, the, uh, silver CR-V, that was...

**Gradwahl:** Okay.

**Fox:** ...like, I think it was maybe, I think the front driver's side wheel area, I think there was damage at.

**Gradwahl:** Okay. Um, and so you start your area check, and then what happens?

**Fox:** Uh, well, while I'm doing the area check, the call came out at, uh, the Jackson's, 621 SE Grand, a guy who'd been standing in the doorway, holding a knife. Um, so then we, we started driving that, that direction, and then prior to getting there,

there was an update that, uh, he had left. I think that, I think that they said he'd left southbound.

**Gradwahl:** Okay. And so where the vehicle was to Jackson, is that about a block and a half or so?

**Fox:** It's, it, I, about that, yeah. Two blocks...

**Gradwahl:** Not real far?

**Fox:** It's not very far...

**Gradwahl:** Okay.

**Fox:** ...I mean, it's, uh, the corner, the Jackson's, the actual store for the Jackson's is at the corner of Grand and Washington, but the whole lot extends from, uh, Washington Al-Washington to Alder, Grand to MLK.

**Gradwahl:** Okay.

**Fox:** It's also like a gas, gas station as well.

**Gradwahl:** And so before you even got there, you heard that he had already left?

**Fox:** Correct.

**Gradwahl:** Okay. And then you heard, the next thing you hear...

**Fox:** Then there was an update that AMR, uh, was out in front of the Columbia Shelter, 509, uh, SE Grand, um, and there had been a male with a knife there.

**Gradwahl:** And 509, uh, on Grand, is that the old furniture...

**Fox:** It's still a...

**Gradwahl:** ...store?

**Fox:** ...Schleifer Furniture, I think it is.

**Gradwahl:** Okay, that somebody was out there?

**Fox:** Yeah.

**Gradwahl:** Okay. And so are you heading that way now?

**Fox:** So, yeah, when I, so when that information out-came out, I went that direction, and then as I arrived, arrived there, I got out, I threw my light-in-threw my lights on, which turned on my MAV recorder, um, and then, uh, after getting out of the car, somebody broadcast that he'd already left.

**Gradwahl:** Okay.

**Fox:** So.

**Gradwahl:** And so were there other units there before you got there?

**Fox:** There was, I think, one, a couple-couple cars that already got there when I did, and there was cars following behind as well.

**Gradwahl:** So was it your belief the cars that were in front of you are the ones that broadcasted that?

**Fox:** I believe so, yeah.

**Gradwahl:** Like they had maybe contacted somebody?

**Fox:** I, I, yeah, I, s-somebody went up and contacted AMR, I, I think it might have been, uh, NUTTING, but I'm not sure.

**Gradwahl:** Okay. Uh, so, and then cars were pulling in behind you, and, and then what happens at that point?

**Fox:** Uh, so I'm walking back to my car, and somebody from, uh, City Team starts, uh, yelling that there's a guy in City Team with a knife, and, uh, holding a knife to a throat, his throat.

**Gradwahl:** His throat?

**Fox:** Yeah.

**Gradwahl:** And where is City Team at in reference...

**Fox:** It's...

**Gradwahl:** ...to where you're parked?

**Fox:** ...directly across the street, it's 526 SE Grand.

**Gradwahl:** Okay, so you're looking...

**Gradwahl:** ...northbound...

**Fox:** Yeah.

**Gradwahl:** ...so you're looking over there across three lanes of traffic, we'll say. Um, and, and do you go over there at that point?

**Fox:** So I try and-well, I try and get on the radio to say hey, they're flagging me down and things, and, uh, City Team, I can't get out, it just squelches every time I try, but other people are hearing this, and as a group we, we go over towards the door.

**Gradwahl:** Okay. And what, what do you see at that point?

**Fox:** Well, there's a ton, ton of people inside of, inside of City Team, um, and there are, I mean, people are running...

**Gradwahl:** And what...

**Fox:** ...running to...

**Gradwahl:** ...what would be your estimate as in the amount of people that were in there?

**Fox:** I don't know, 40? I...

**Gradwahl:** A lot, then.

**Fox:** There was a lot.

**Gradwahl:** So kind of, uh, paint me a little bit of a picture, that you're able to see, is it, is there a door open, or is there...

**Fox:** So...

**Gradwahl:** ...a glass front, or...

**Fox:** ...there, there's a double, it's a double door...

**Gradwahl:** Okay.

**Fox:** ...with a bar in the middle.

**Fox:** And when, when I get up to the building, I'm at, if I'm facing the front of the building, I'm on the, uh, southern door. Uh, initially, and then there was, other officers are coming up who had less lethal and ARs, so I step-stepped back, 'cause I don't have either of those, so I could hold the door so it was-they were, had, an unobstructed view in, in there with their tools.

**Gradwahl:** Okay. And are, are you able to see th-the person that has the knife to their throat, or has the knife at that point?

**Fox:** I, initial-when I initially went up there, I could see him off to the, I guess on the south, south side of the, uh, main area in there...

**Gradwahl:** So would that be off to your right as you're looking in...

**Fox:** Off to my right, yeah.

**Gradwahl:** ...okay. And what are you seeing him doing?

**Fox:** I can see him standing there, holding the knife.

**Gradwahl:** Okay, and how was he holding it, like, to, where, like...

**Fox:** He's holding it like this, in his hand, I think the knife, the blade was pointing like, kind of, down slash forward-ish, kinda like diag-diagonally towards the ground.

**Gradwahl:** Like at waist-level, or leg-level?

**Fox:** Wai-down by his side, waist-level, maybe slightly...

**Gradwahl:** Okay.

**Fox:** ...slightly in front of him.

**Gradwahl:** So the way you're, uh, motioning, like, the blade part would be coming out, like, where his thumb...

**Fox:** Yeah, yeah, coming out where his thumb would...

**Gradwahl:** Okay, and kind of pointed forward and down?

**Fox:** Yeah.

**Fox:** So, I mean, a group of us came up all at the, all at the same time, and I think a couple people trickle-trickled up right...

**Gradwahl:** Okay.

**Fox:** ...right afterwards.

**Gradwahl:** How, how many people do you think are in the doorway at this point? Officers?

**Fox:** Um, at least, at least three...

**Gradwahl:** Okay.

**Fox:** ...maybe four.

**Gradwahl:** Okay. Is anybody saying anything, or giving any commands at this point?

**Fox:** Uh, I know people were saying stuff, I know they were, n-and I hear, hearing commands, I don't remember, but the commands were...

**Gradwahl:** Okay.

**Fox:** Exactly though.

**Gradwahl:** Um, and the, you said people were moving around inside, are they, is there people on both s-like, if we have a north side and a south side, is there citizens on both sides at this point?

**Fox:** U-uh, initially upon going up, yes, they were all trying to get to the north side.

**Gradwahl:** Okay. Um, so you guys are in the doorway now, um, th-you see the guy there with the knife, what, and what'd the knife look like?

Fox: Um, I know, uh, Officer DAMERVILLE was, had...

Gradwahl: DAN, DAN who, I'm sorry.

Fox: DAMERVILLE.

Gradwahl: Okay.

Fox: Had the .40 mm at the, at the door, and I know he, he deployed multiple rounds of, of the .40 mul-millimeter.

Gradwahl: Okay. And, uh, .40 mm, do you know what that fires?

Fox: It, uh...

Gradwahl: Is it...

Fox: ...it's the new less lethal...

**Fox:** I'd say he was agitated.

**Gradwahl:** Okay. Um, and so now this, these less lethal rounds have been deployed, um, then what happens?

**Fox:** Um, uh, we still have a large group of people in there, and this guy is active-I mean, he's kinda like, walking around in, in that general area with a knife, and potential for, for, like, a hostage type situation...

**Gradwahl:** Uh-huh.

**Fox:** ...um, and somebody, somebody said that, and then, uh, I'm not sure if they broadcast on the radio or just said it right there, but then very, very shortly after that, we all started, uh, moving, moving in, trying to get the crowd to a safe location, telling them to go into the, the rooms...

**Gradwahl:** Okay.

**Fox:** ...and then there were still hand-a few people, like, kinda scattering around.

**Gradwahl:** And which area of the, uh, of the building were you trying to get them to go to?

**Gradwahl:** The first encounter.

**Fox:** ...like, 25 feet.

**Gradwahl:** Okay. And is that the same distance where the less lethal rounds were fired from?

**Fox:** Yeah, it was from the doorway.

**Gradwahl:** Okay. And b-and he was in the same spot?

**Fox:** He was in that same general, general area, yeah.

**Gradwahl:** Okay, okay. And then you said you guys, uh, stepped in to try to get the citizens, you know, to protect them, did, did he move at that point?

**Fox:** ...um, but he kind of, he was kind of staying in that back, back area.

**Gradwahl:** And so this back area, now, would be the s-southeast that you're referring to...

**Fox:** S-southeast...

**Gradwahl:** ...as you guys are...

**Fox:** ...southeast area.

**Gradwahl:** ...inside now?

**Fox:** Yeah.

**Gradwahl:** Okay. So you guys get inside, did you guys, um, how were people positioned at that point?

**Fox:** So in the very center of the room, there's like a stairwell that goes downstairs, and then there was kind of like a, a crescent of officers from that stairwell, kind of around, that led in front of the front desk, which is right by the main door.

**Gradwahl:** Okay. Um, so you're in a position, it sounds like, that officers would not be facing each other, that you're kind of, um, it sounds like you have some people kind of parallel on the north side, and then along the west side, is that, is that correct?

**Fox:** Correct, yeah, so there was some, some on the, and I guess the two, yeah, to the north, and then just kinda wrapped, wrapped around to the...

**Gradwahl:** Okay. So...

**Fox:** ...to the south.

**Gradwahl:** ...so some would be facing to the east, and some kinda to the south...

**Fox:** Yeah, and then...

**Gradwahl:** ...with him being the focal point?

**Fox:** ...I, I think they were the focal-everyone was faced at the focal point...

**Gradwahl:** Okay.

**Fox:** ...I'm, I, I believe, but.

**Gradwahl:** Um, and at this point, uh, did you have your weapon out at this point, or?

**Fox:** Um, at that point I, I'm not sure I had my weapon out at that, at that exact moment, um...

**Gradwahl:** Okay. Or did you earlier?

**Fox:** I, I did when we first approached the door, u, when we went inside with, I wasn't, I wasn't on the very front row of people, in, people that, ARs and the long guns, and the less lethals be on that, that front row of people.

**Gradwahl:** Okay. Um, so you think that you'd holstered at that point?

**Fox:** I believe I was holstered at that point, um...

**Gradwahl:** And you were kind of behind those officers, is that right?

**Fox:** Yeah, and then...

**Gradwahl:** Okay.

**Fox:** ...if some-and at one point in, kinda during this, there was, uh, another citizen who popped out on the south side, and, uh, came west, west along the wall. I was

telling him, trying to get him to come behind the desk, um, he kinda stopped over by the front of the desk, I was trying to get him to come back around where there was a couple employees back over there.

**Gradwahl:** Okay.

**Fox:** Which would have been be-behind us.

**Gradwahl:** Okay. And then, uh, so you guys are in there, you have just, you're crescent, um, uh, less lethal rounds have been fired, and, um, what happens next?

**Fox:** Um, he, he started walking towards us, holding the knife.

**Gradwahl:** Okay. And how was he holding the knife as he was walking towards you guys?

**Fox:** Uh, he was holding his, in a similar, similar fashion, in, in his hands, walk-I mean, kind of ang-angled towards our, our general direction.

**Gradwahl:** Okay. So you're indicating, uh, to me, can you just stand up and kind of show he was holding that?

**Fox:** Kind of...

**Gradwahl:** Okay, so you're, you're, uh, putting your forefinger and thumb toward me, and the knife would be, the way you're doing it, would be pointed toward me, if...

**Fox:** Be towards the officers.

**Gradwahl:** Towards the officers, okay. And did he just continue walking, or was he moving fast, or?

**Fox:** He w-he was just walking, I wouldn't say it was, like, super fast, but he was walking towards, towards the officers, holding a knife.

**Gradwahl:** And about how far away was he, uh, before he started walking toward the officers?

**Fox:** Um, well, the distance, uh...

**Gradwahl:** So he had moved into the southeast corner, you guys are now...

**Fox:** So yeah.

**Gradwahl:** ...inside, how far...

**Fox:** ...so we're, we're probably 10, 10 feet into the door, so I'd say he was probably about 15ish feet away, maybe.

**Gradwahl:** Okay. And then, so from about that distance, that's when he starts moving toward the officers with the knife?

**Fox:** Correct.

**Gradwahl:** Okay. And then what happens?

**Fox:** Um, and then there was, uh, multiple shots fired.

**Gradwahl:** Okay.

**Fox:** And in, with, within that time. I also did have my gun out, um, but since I, I was slightly behind, there was, there was a gap between, but there was officers in front of me, so I had my gun out, but I did not fire, because of shooting between two officers, and...

**Gradwahl:** Okay.

**Fox:** ...from behind, so.

**Gradwahl:** W-at what point did you pull your, was it when he started moving toward you that you pulled your gun out, or?

**Fox:** You know, I don't remember exactly when I...

**Gradwahl:** Okay.

**Fox:** ...pulled my gun back out again.

**Gradwahl:** Okay. The, how far away was he when the officers started shooting? I mean, had he, had he closed, like, a certain distance, or a percentage, or?

**Fox:** Yeah, I'm not, I'm not a hundred percent sure how far he was when officers first started shooting, I know by the time he stopped, I'd say he was about six or seven feet away.

**Gradwahl:** Okay. Um, after h-after he was, did he just go to the ground, or did he drop the knife, or what?

**Fox:** He went, he went down to the ground, um, with his, uh, left arm towards us, and then from our perspective, you couldn't see his, uh, right arm.

**Gradwahl:** On his back, or on his stomach?

**Fox:** He was on his stomach.

**Gradwahl:** On his stomach, okay. Um, when, when he was, started to move toward officers, or right before that, were commands being given to him?

**Fox:** I, I'm sure commands are, but I don't, on, I don't remember what they were, or...

**Gradwahl:** Okay. Did you give any commands?

**Fox:** I was not personally giving commands, no.

**Gradwahl:** Okay. Um, so after he goes down, then what happens?

**Fox:** Um, we're talking-m-talking on a plan on how we can get up to him safely to, to render aid, but we can't see the knife, um, so me and another officer, uh, we walk around to, to the east on the east, east portion of that, uh, stairw-stairway thing, to get eyes on his other arm and his, his right arm is tucked, tucked underneath his body.

**Gradwahl:** Okay. And was it, and that was the hand that his knife was in?

**Fox:** Correct.

**Gradwahl:** The right hand? Okay. So you don't see the knife or his right hand at this point?

**Fox:** Correct.

**Gradwahl:** Okay, and then what happens?

**Fox:** Um, well we r-we, I relayed the information, saying we can't see the, we can't see the knife and his arm, arm and hand are underneath his body, um, and, uh, at this point he's, he's motionless, a couple officers approach to, uh, check him. And, uh, roll him up partially.

**Gradwahl:** Okay. Um, and then, so at that point, did you see him roll him over?

**Fox:** I saw them roll him up partia-partially up onto his, uh, side.

**Gradwahl:** Okay. And then did you see the weapon at that point, or...

**Fox:** Um, yeah, I heard somebody say there's-there's the knife, don't touch it, and then after reposition I could see that the knife was on the, on the floor, uh, on, on his right side.

**Gradwahl:** And did the officers say anything about his condition?

**Fox:** Uh, that he was deceased.

**Gradwahl:** Okay. Did they, did anybody call medical in?

**Fox:** Uh, medic- that's a good question, I don't know if they specifically said he's deceased, but they, they said to send medical right in.

**Gradwahl:** Okay. And then did medical come in?

**Fox:** Um, yes.

**Gradwahl:** Okay. And was it your understanding that...

**Fox:** That he was...

**Gradwahl:** ...he was deceased...

**Fox:** Yes.

**Gradwahl:** ...at that point, okay. Um, at that point what, did you have a role, or were, were you assigned to do anything at that point?

**Fox:** Uh, no, we were, uh, assigned to go, uh, s-stand over, separated out as people, as witness in-involved officers.

**Gradwahl:** Okay. Um, do you remember who directed that?

**Fox:** Um, I don't remember, I think it was AXTHELM, but I'm not positive.

**Gradwahl:** Okay. A, a supervisor?

**Fox:** A sup-supervisor did,

**Gradwahl:** Okay. So directed that people that were witnesses or involved in this, to, to be separated from each other and not discuss it, is that correct?

**Fox:** Correct, we were, I mean, we were all told to go stand over in one half the room, just, we all stood over there and, and waited for further direction, um, at one point I told, uh, Sergeant AXTHELM that I had, uh, my MAV recorder, and I requested to go, uh, turn, turn it off.

**Gradwahl:** And did you indeed do that?

**Fox:** I did.

**Fox:** And then I immediately returned back.

**Gradwahl:** Okay. And then at, were you guys assigned to, or be, uh, placed on, in, in a vehicle, or, or have...

**Fox:** Once, once we got resources there, we were, we were assigned-we were placed in, uh, vehicles with, uh, another officer.

**Gradwahl:** Okay, did you remain in the vehicle that whole time?

**Fox:** I remained in the vehicle until, uh, we were instructed to go to the TriMet bus. I went to the truck at one point to get some food, but.

**Gradwahl:** Okay, who, who were you with then?

**Fox:** Um, LIVINGSTON, uh, I'm not sure her first name.

**Gradwahl:** A f-a female officer...

**Fox:** A female.

**Gradwahl:** ...named LIVINGSTON?

**Fox:** Yeah.

**Gradwahl:** Okay. And she wasn't there for the incident?

**Fox:** Not, not to my knowledge, I don't...

**Gradwahl:** Okay. And then you were later put on a TriMet bus, you said?

**Fox:** Correct.

**Gradwahl:** Okay, and, uh, and were you directed not to talk to anybody on the bus?

**Fox:** Correct.

**Gradwahl:** Okay. And then were you transported down to Central Precinct where you are now?

**Fox:** Correct.

**Gradwahl:** Okay, and now within the Detective Division. Um, and you didn't talk to anybody on the bus? Okay. Detective Cavalli, do you have some questions?

**Cavalli:** Uh, prior to the, uh, subject, uh, advancing on the officers, did you see him do anything with that knife towards himself or anybody else?

**Fox:** Uh, I, I did, I remember he was, well with his right hand, I saw him, up-up at his neck, it looked like, move-moving towards his neck, but I don't know if he was actually, like, stabbing himself in the neck, or what, I know his right hand was up there, but I couldn't necessarily see the actual knife doing anything. I remember seeing, uh, blood on his face, but the blood, I believe, was on his face prior to that.

**Cavalli:** Okay. That's all I have.

**Gradwahl:** Do you have anything you want to add that we didn't ask about?

**Fox:** Um, I don't think so.

**Gradwahl:** Officer Kulp?

**Cole:** No sir.

**Gradwahl:** It is 04:13 hours, uh, ending the interview.

**NARRATIVE:**

On 040718 at about 2200 hours, I responded to 526 SE Grand Ave. regarding an Officer Involved Shooting. Listed DE: Elifritz, John was deceased inside the location. I first went to the area in front of 409 SE MLK to photograph the listed Honda CR-V with Oregon plate ZRQ832. I photographed the vehicle as it was found when I arrived.

While waiting to process the shooting scene, I was contacted by several people about 2330 hours, who wanted to leave the location. Their vehicles were parked in the taped off yellow zone of the scene on the west side of SE Grand Ave. They all stated they had not witnessed any part of the incident. I contacted Det. Sgt. Whattam and asked if they could leave the location, which he stated they could. I photographed their vehicles as they were parked, then they were able to leave.

At approximately 0230 hours, I entered into the taped off red zone of 526 SE Grand Ave. I took overall photographs of the scene and evidence as it was found when I entered. Criminalist Ware and I placed placard numbers next to the evidence to be collected. Letter placards were used to mark bullet and less lethal, strikes and holes (see photographs for details). However,

Portland Police Bureau  
PUBLIC RECORD RELEASECASE NUMBER  
GO 42 2018-114856**CONFIDENTIAL**

Placard "N" was marked as a bullet hole, and the bullet fell out as Criminalist Ware was putting in a trajectory rod. The bullet was collected by Criminalist Ware.

After placards were placed, mid-range and close-up photographs were taken. I also photographed the trajectory rods after they were placed. While waiting for the Leica scans to be completed, I prepared the evidence bags and envelopes to be used to collect the evidence.

Just prior to Deputy ME Patrick arriving, Criminalist Ware collected the knife marked with Placard #38 so that it any evidence on it would be preserved. The knife was very close to Elifritz's right side. Deputy ME Patrick arrived about 0530 hours to take DE: Elifritz. I took photographs of the area he was laying after he was moved. The broken key marked with Placard #50 was found under Elifritz.

At about 0615 hours, Criminalist Nebling #37144 arrived to assist at the scene. After the Leica scans were completed, Criminalist Ware and Nebling collected the placarded evidence (see their reports for details).

I left the scene on 040818 about 0640 hours.

On 040818 I returned to work at 1800 hours. About 1810 hours, Det. Sgt. Whattam asked for the knife to be photographed with a scale. I removed the knife and photographed it, then packaged it. Using Photoshop, I calibrated the knife and printed copies of the knife to scale using 8.5" X 11" paper. The printed copies were given to Det. Sgt. Whattam per his request. I finished sealing the evidence collected from the scene and delivered it all the Property Evidence Division via the Forensic Evidence Division's outgoing locker.

The photographs of the scene location, and of the knife with the scale were uploaded into DIMS.

On 04-07-18, I was called back to work at @2000 hrs to assist with an Officer Involved Shooting scene at the City Team Ministries which is at 526 SE Grand. I arrived at the scene and was informed by Det. Sgt. Ken Whattam that the interior scene could not be entered until the officers and deputy were processed with photo's and a round countdown.

Criminalist Heather Durham was assigned to that task.

I was assigned to take digital video of the scene, and I shot video segments of the car the suspect had crashed on SE MLK just north of SE Stark. The car was a Honda CR-V with Oregon plates ZRQ832, and I shot segments from the exterior of the vehicle only.

After we were given permission to enter the scene at 526 SE Grand, I shot video of the interior scene, assisted with location of evidence, and laid out placards to mark the evidence.

We also used trajectory rods to mark the path of the bullets, and when I placed a rod into a bullet defect labeled N, a bullet began to protrude out. I pulled the bullet out and placed it into a manila envelope for preservation.

### Action Taken

On April 7<sup>th</sup>, 2018, at approximately 10:00 pm, I was called by Gresham Police Department Investigations Sgt. Jared McGowan to respond and assist in a Portland Police Bureau Officer involved shooting. Sgt. McGowan did not have details of the shooting but told me to respond to Southeast Grand and Southeast Stark.

At approximately 10:40 pm, I arrived in the area and located the command vans where other investigators

were located. I was ultimately teamed up with Detective Pentheny (Multnomah County Sheriff's Office) to conduct interviews on witness officers.

Detective Pentheny and I conducted our third interview of the night, which was with Sgt. Axthelm at Central Precinct on the 13<sup>th</sup> floor. This interview was on April 8<sup>th</sup>, 2018, at approximately 3:08 am. Present during the interview with Sgt. Axthelm was a union representative, Kyle Nice. This interview was recorded in its entirety. Refer to the recording for exact wording used as this report is a summary only of the interview. It should also be noted a transcript will be attached to this interview once completed.

Once everyone identified themselves on the recording, I verified everyone knew the recorder was recording the interview.

Sgt. Axthelm told us he first heard the radio dispatch call about the dumped Honda located at Stark and MLK with a person running from the vehicle. He was at the precinct and heard the radio call come out over his portable radio. He remembered radio traffic reported a guy with no shirt on who fled the area from the Honda to the east. Sgt. Axthelm told us he was doing some paperwork at the office and did not leave at that point.

He remembered there was some other radio traffic from some North and East officers. Someone on the radio reported they believed the Honda was the vehicle that was carjacked earlier. He also remembered someone saying the vehicle was taken at gunpoint. Sgt. Axthelm also remembered radio traffic where an unknown officer reported they looked at the video and stated the suspect did not look like he had a gun in his hand. He then remembered an officer from North mentioning a similar car in an incident in their precinct as well. He stated multiple officers were providing information related to the Honda and the suspect.

Sgt. Axthelm stated he left but didn't think he put himself on the call until he went to the mission. He believed he was driving through the area looking for the suspect before he put himself out on the call. He stated he was driving to the east of the call looking for the suspect for a while. He was about ready to return to the precinct when an officer reported they talked to the teller at Jackson's (Shell mart an all-night convenience gas station) and the suspect had been at the store. It was reported the suspect was now wearing a jacket. Sgt. Axthelm told me he was still to the east, so he began to drive back towards Jackson's when an officer (Unknown who) came on the air and said he was over at the mission. He also remembered someone mentioned the suspect was also threatening someone with a knife at the Shell gas station (Jackson's).

Sgt. Axthelm arrived and parked his car on the north side of the Shell gas station (Jackson's) at Southeast Washington Street and ran up to the doorway to the mission. He noted there were other officers stacked up at the doorway when he arrived, which was an alcove. He could see there were people inside the mission as he was looking through the window to his left. He knew based on his previous experience working the district the room was a meeting room.

He could hear officers yelling commands at someone off to the right-hand side. I asked him what those commands were, and he stated it was the general "Stop stop" type of commands. He told me that was what he heard as he was next to the K-9 who was barking indicating it was loud. He observed a couple of officers that were present with AR's (Patrol Issued Rifles). He also observed a less lethal 40mm launcher present as well. He noticed the citizens inside were still there and he couldn't see where the suspect was. Because he heard earlier the suspect was possibly armed and had a knife he became concerned for the citizen's inside. He told the officers to "push in" referring to pushing into the building past the doorway.

Officers then moved in and made a horseshoe-shaped line towards the suspect. He then took a quick glance and observed the suspect off to his right. He noted the suspect was near an alcove area to his (Sgt. Axthelm's) right. He noted the suspect was wearing a blue jacket with some maroon on it. He didn't see anything in his hand at that time, but again had to tell the officers to get back inside as they appeared to be backing up towards the front doorway again. He wanted officers to push back in as this would give more time to deal with the suspect because the suspect was pacing back and forth and if they didn't move forward there would be

nothing to protect the suspect from going after a person (Citizen).

I asked him if he could get an impression of what the suspect was doing by pacing back and forth and he stated the officers at this time were still giving him commands, but the suspect was not complying. The suspect was darting back and forth and he (Sgt. Axthelm) could see the suspect hid in the back near an alcove. He didn't know if there was a doorway that led somewhere where the suspect was at. He was concerned that was not a secured area and didn't know if there was a door behind him and if so where it led to.

Sgt. Axthelm stated he did not have his duty sidearm out and was more concerned about getting the citizens to safety. He also thought that maybe the citizens could barricade themselves in a room, so he could have more time to deal with the suspect. He knew he had lethal and less lethal coverage on the suspect at that time. I asked him if he heard anything from the suspect or did he (Suspect) say anything, and Sgt. Axthelm stated he didn't hear anything from him at all.

I asked Sgt. Axthelm what happened next and he stated the suspect went towards the people (Citizens) and they yelled at him and he went back. The suspect then started coming forward toward the west. Sgt. Axthelm stated he was angled to the suspect and then he heard multiple shots. He earlier, before the shots, heard the 40mm launcher round going off. He explained the Portland Police Bureau just implemented the 40mm less lethal launcher's a couple weeks prior. He heard the 40mm rounds going off an unknown number of times and he knew officers were firing the less lethal rounds at the suspect prior to the shooting. He also told me he knew the 40mm rounds were not being effective. Sgt. Axthelm remembered that just prior to the shooting he saw the suspect charging towards the officers and the shots were fired.

The suspect fell to the ground and he (Sgt. Axthelm) was next to one of his officers, Officer Nutting. He remembered there were several officers from different agencies that were present. Officer Nutting was present with his AR (Patrol Rifle) and he communicated to him they were going to make a custody team. Officer Nutting made a comment that they may not need to, giving the impression he (Officer Nutting) thought the person was deceased. Sgt. Axthelm went around to the south where the officers were with the less lethal 40mm launchers. He then remembered he saw one less lethal round going off when the suspect went down to the ground. He told the officer to fire one more less lethal round at the suspect to see if they would get a reaction from him. One round was fired from the 40mm launcher and Sgt. Axthelm told me he didn't see any reaction at all.

Sgt. Axthelm looked down the line of the officers and told them he was going to move up to the suspect as he had gloves on already. He then looked at the officers with the AR's (Patrol Rifle) and noted one of them was Officer Wilcox. Officer Wilcox gave him the eye indicating he knew what he (Sgt. Axthelm) was going to do. He went to the suspect and grabbed him and rolled him from his right side to his left as the suspect was lying face down. He grabbed the suspect's right side and pulled him up on his left side. He observed the suspect's hand (demonstrated his right hand) sweeping out which kicked out a folding knife with a circular thumb throw on it. The knife blade was open and was approximately 3 to 4 inches in size as Sgt. Axthelm demonstrated for me the size with his fingers. He observed the suspect had obvious mortal wounds to him. The knife kicked out and there was an officer that was right there and was reaching for the knife and he told that officer to leave it in place. He then placed the suspect back down and called dispatch for medical and to have medical come directly into the scene. He told me one medical personnel came into the scene and pronounced the suspect deceased.

Sgt. Axthelm then began separating his shooting officers and his less lethal officers. He knew at this time all the citizens were now outside and were standing at the front of the building. He was able to find a room upstairs for the shooting officers. He then asked Sgt. Dunbar to take the shooting officers upstairs. He wanted to sequester them at that time. He stated they didn't have enough cars at that moment to move the officers outside. At this time Sgt. Schmatz arrived on scene and took control of the scene because he, Sgt. Axthelm, was a witness officer.

I asked Sgt. Axthelm if he fired his duty weapon and he stated he didn't and didn't even pull out his duty weapon. He also had a Taser and did not pull his Taser out.

I conducted a follow-up question with Sgt. Axthelm and asked him if he knew which officer he directed to fire the last 40mm impact round and he stated he didn't. We also asked Sgt. Axthelm if he observed any other injuries to the suspect besides a gunshot and he did not observe anything else. Specifically, we asked about cuts or abrasions and he stated he didn't observe anything.

We concluded the interview at 3:25 am.

46  
47 Tony Cobb: C-Relief - okay. And you were, uh, currently where at the time that you  
48 learned that there was an incident goin' on? Whether it's the previous incident  
49 related to this case or the, uh, incident regarding the, uh, shooting.  
50  
51 Roger Axthelm: Well, uh, I was - first heard the call about the - the dumped Honda...

58 Tony Cobb: Okay.

60 Roger Axthelm: I heard it over my packset.

62 Tony Cobb: Do you remember that, uh, information coming over the - was it a radio or an  
63 MDC?  
64  
65 Roger Axthelm: It came over the radio - officers goin' to it got on the MDC obviously.  
66  
67 Tony Cobb: 'Kay, and then what do you remember about that, uh, dumped Honda?  
68  
69 Roger Axthelm: Uh, basically the initial was somebody stated that a guy fled the area they  
70 thought to the east was the initial, um, with no shirt on - from what I  
71 remember. I was doin' some paperwork stuff at the office. I didn't leave my  
72 office at that point. It was quite a while actually 'til I left.  
73  
74 Tony Cobb: 'Kay, and then did you hear any other information related to that dumped  
75 vehicle, uh, either MDC or some (unintelligible).  
76  
77 Roger Axthelm: There was some other traffic on the air from I believe north officers and also  
78 east officers. One in reference that they thought that was a, uh, vehicle from a,  
79 um, carjacking. Um, there was statements that it was taken at gun point, um,  
80 initially. Um, later on as this progressed down the road somebody looked at,  
81 um, some video or somethin' and said it doesn't look like he had a gun in his  
82 hand.  
83  
84 Tony Cobb: Mm-hm.  
85  
86 Roger Axthelm: Um, then I believe somebody from north mentioned something about a  
87 situation they had with a similar car or the guy up north, too. So there was a  
88 number of different officers that were piping in with information.  
89  
90 Tony Cobb: Mm-hm - mm-hm. And then at that point in time any other information, uh,

91                   come out or did you, uh, change what you were doing (unintelligible).  
92  
93   Roger Axthelm: Well, I left, um, and I - I don't think I put myself on the call until actually I  
94                   was, um, unloaded to go to the, um, the Mission. Um, I think I was driving  
95                   through the neighborhoods and hadn't even hit my button and been on the  
96                   call. But I had driven through to the east of the location - driving around for a  
97                   while. And, uh, I was about ready to go 10-8 - I mean I was about ready to  
98                   head back to the precinct. Um, when, uh, the mention that, uh, somebody had  
99                   talked to the - the teller or somebody at (Jackson)'s which is the (Shell Mart)  
100                  marked on your map. Um, which is, uh, all night convenience gas station  
101                  store. That - that gentleman - the suspect had been at the store. And at that

103

106   Roger Axthelm: Um, that he was wearing. And so I was - I believe to the east at that point.  
107                   And so I started closing back towards Jackson's. Um, coming around - 'cause  
108                   I didn't know which direction he left so I was gonna start shaggin' more to the  
109                   west. And then, uh, somebody came on the air - I don't have any idea who it  
110                   was and they said, "He's over at the Mission. He's over at the shelter." Or  
111                   somethin' like that. I think he said 500 on Grand if I remember the number,  
112                   but, um - and there's a mention of a knife. And there'd been a mention of a  
113                   knife earlier, too, um, from what I remember. Um, and he was threatening  
114                   people in there. So I u-balled around and came back up on the, uh,  
115                   Washington parked my car on Washington - north side of the Shell the (Jack-

117

122  
123   Tony Cobb:     'Kay so when you ran up to the, uh, doorway what did you see?  
124  
125   Roger Axthelm: Like, I said there was a number of officers in - in the doorway. It's kind of an  
126                   alcove area. Um, I could see, um, that there was people inside the building  
127                   through a window, uh, to the - to my left. Um, who were people who resided  
128                   there or in there. It's kind of a - it's a meeting room in this first level that we  
129                   were in. I could hear officers yelling commands at somebody off to the right.  
130                   Um...  
131  
132   Tony Cobb:     Do you remember what those commands were?  
133  
134   Roger Axthelm: It was more just a general, you know, "Stop - stop." You know, and that - that

136 next to me close by. And the canine dog was barking, too. Um, Officer  
137 (Goar)'s dog. Um, I saw that I had, you know, there's a couple people there  
138 with AR's. I saw less lethal 40 millimeter there. And I had the canine. And the  
139 people were still hangin' and I couldn't see where the suspect was. I only  
140 heard that possibly armed - possibly knife. And my concern was more  
141 protecting those. So I - I just kinda told people, you know, "Push in - push in."  
142 Um, and so officers moved in, uh, to the room and almost kinda made kind of  
143 a L - horseshoe shaped, uh, inside the room there. Um, kind of around one  
144 post that's right there.  
145  
146 Tony Cobb: Could you see the subject at this point in time?  
147  
148 Roger Axthelm: I just took a quick glance at him. I saw him off to the right. Uh, he was in an  
149 alcove area to the right. Had a blue jacket with some maroon on it. I didn't see

153  
154 Tony Cobb: Mm-hm.  
155  
156 Roger Axthelm: And I could see that they coulda closed the doorway. And I'm like, "Get in  
157 there." You know, I kept kinda yelling at them, "Get in there and, you know,  
158 close the door." That would minimize the time we had and that would stretch  
159 out the time we had that we could deal with this person, but they weren't.  
160 They were hangin out there and - and he was, you know, the room distance  
161 less the half. He was goin' back and forth. There's no - nothing barricading  
162 him from going directly over to a person.  
163  
164 Tony Cobb: Could you tell or did you get an impression what he was doin' by goin' back  
165 and forth? What, uh - or - or his demeanor?  
166  
167 Roger Axthelm: Uh, obviously officers were still giving commands...  
168  
169 Tony Cobb: Mm-hm.  
170  
171 Roger Axthelm: ...um, there's a lot of commotion in there - dog yelling, but officers were still  
172 directed at him giving commands. Um, but he wasn't complying to anything.  
173 He would dart come back forth. I saw a couple of times out of the corner of  
174 my eye, um, kinda hid back in that alcove area. Um, from my angle I couldn't  
175 tell if there was a doorway back there or anything back there. I didn't know  
176 where that side of the room went to. The alcove was kinda leadin' me to  
177 believe there was door back there that went somewhere. Um, unknown what -  
178 so that was an insecure area to us, too. Um, and so that's why I - I kinda - out  
179 of the corner of my eye I was watching him, but I didn't have a gun up. I was  
180 more concerned about gettin' these people to safety so I - I could have more

208 Roger Axthelm: And - and so, uh, people who haven't trained on 'em don't know what they  
209 sound like. I just know they are louder and so I heard those goin' a number of  
210 times so I know we were launching less lethal at him to begin with. Um, and  
211 that wasn't being effective. Uh, and then he started - coming chargin' toward  
212 em and then I heard the shots go out. Um, he fell to the ground. I was next to,  
213 uh, Officer (Nutting) - one of my officers. There was a number of officers  
214 from different agencies there. Um, transit police people were there. Um, so a  
215 couple of different agencies there. One of my officers (Nutting) was there  
216 with his AR. Um, I kinda tapped on him or held on him or something and  
217 said, "Okay, we're gonna make a custody team." And he's - (Nutting) said  
218 somethin', like, "I don't think we need to." Or something, you know, telling  
219 me obviously he thought the person was deceased. And from the angle I had I  
220 could see blood, but not the amount. I think I moved over a little bit. I think  
221 there was a chair there or something. And, uh, I could see the amount of blood  
222 that was there. I said, "Okay." I said, "You guys hold." I went around to the  
223 south of the line we had of officers there, which is where the less lethals were.  
224 I had heard one round - I believe I heard one round go off after I think I saw  
225 the guy dropping down or down. And I told the officers. I said, "Fire one more

226 round at him." And I already gloved up. And I think I was the only person that  
227 was gloved up. Um, I said, "Fire one more round at 'em. I wanna see if I get  
228 any reaction from him." They fired one round from the 40 mil- I didn't see  
229 anything. I could - I looked down the line at the officers. I said, "I'm gonna go  
230 up on him." Um, they had their, you know, guns down made eye contact with  
231 a number of the AR guys. One of them I know was (Wilcox). He kinda gave  
232 me the eye - looked like, you know, gotcha - thumbs up, you know. I - I went  
233 to where the suspect was. Grabbed him and rolled him from his right. He was  
234 laying face down. Rolled him - grabbing on his right side - pulling him up on  
235 his left. His hand kinda swept out which kicked out a, uh, a knife which was a  
236 folding knife with a - if I remember right it had circular thumb throw on it.  
237 And knife blade was open. Kicked it out. He had obvious, uh, mortal wounds  
238 to him. Um, the knife kicked out. There was some officer that was right there  
239 that was reaching down - or was lookin' to kick or somethin' - the knife. Um,  
240 and I just told him - I said, "Leave it there. It stays there. Just leave it where  
241 it's at." I let, uh, the suspect go back down. Called for medical. Told medical  
242 to come, uh, uh, directly in. Uh, one came in to pronounce. Um, and then I  
243 basically quarantined my shooters and my less lethals over in the corner which  
244 would have been the north wall and the west wall, but during that time we  
245 funneled all the people out from that room, too. And they all went out that  
246 door and they're all hangin' out the front door there, too. So they're just all  
247 kinda hanging in that spot with all the shooters and everything goin' on.  
248  
249 Tony Cobb: And just for clarification, uh, the 40 millimeter round that you said to the  
250 officer to fire up that last time. Do you know which officer that was that did  
251 that?  
252  
253 Roger Axthelm: I don't. It was the one directly to where I was. To my right. I just kinda tapped  
254 him or looked at him and said somethin', like, "Fire one round. I wanna see if  
255 - you know, if I'm gettin' any reaction from him."  
256  
257 Tony Cobb: 'Kay, and then at that point once the coordination was, uh, done. With officers  
258 separating them, uh, what happens next?  
259  
260 Roger Axthelm: Yeah, again we, you know, we put the shooters who were shooters they raised  
261 their hand. I said, "You're here. Less lethal here." And then I mean there just  
262 wasn't - I - I initially was just saying, "Just everybody just stay here." And  
263 everything that goes on - on the outside - one of the I think he's the manager  
264 for the apartment and he popped the door open - one of the doors open and he  
265 said, "Can I - do you need anything?" And I said, "Do you have a room  
266 somewhere?" And he said, "I got a room upstairs." He took me upstairs to a  
267 conference room. Um, I said, "That'll work." And I went and got the shooters.  
268 I came back down Officer (Dunbar) - and Sergeant (Dunbar) was there by that  
269 time. And I - I told em I said, "Take the shooters upstairs to that room and  
270 stay with them." And, uh, she did that. Initially my plan at that point was

271 sequester the in that room with her. Um, out of the way of everybody else that  
272 was down there and the video cameras and everything else. Um, we couldn't  
273 get them out the cars at that point. There wasn't people to put them with in  
274 cars. Officers hadn't gotten there so I was just tryin' to sequester and separate  
275 some of the people at that point. The officers and stuff. Um, another sergeant  
276 got there - Sergeant (Schmatz), uh, got there at that point. Um, he said, you  
277 know, "Where's the shooters?" I said, "They just went upstairs. I'm puttin'  
278 them upstairs." He said, "We gotta get them in the cars." I said, "I don't have  
279 cars." He said, "There's people gettin' here. We gotta get in the cars. And he  
280 looked at me and said, "You were involved, right?" I said - I said, "Yeah I  
281 was a witness I didn't shoot." He goes, "You're out, right?" I said, "If you got  
282 it I'm out." Add, uh, so (Schmatz) took it.  
283  
284 Tony Cobb: Gotcha, okay. Then obviously the question we have to ask is did you fire your  
285 weapon?  
286  
287 Roger Axthelm: No.  
288  
289 Tony Cobb: Okay, and you had, uh...  
290  
291 Roger Axthelm: I did not even draw.  
292  
293 Tony Cobb: Didn't even draw. And you had a Taser on you or did not have a Taser?  
294  
295 Roger Axthelm: Had Taser.  
296  
297 Tony Cobb: Did you pull your Taser out at all?  
298  
299 Roger Axthelm: No.  
300  
301 Tony Cobb: Okay, follow-up questions?  
302  
303 Jay Pentheny: What kind of gun do you carry?  
304  
305 Roger Axthelm: Glock 19.  
306  
307 Jay Pentheny: Um, I guess you didn't have any other less lethal or AR's nothin' with ya,  
308 right?  
309  
310 Roger Axthelm: No.  
311  
312 Jay Pentheny: Okay.  
313  
314 Roger Axthelm: No, I just had my duty belt with the Taser on it.

316 Jay Pentheny: And you said, um, I believe you said you saw blood on him. Did you see or  
317 observe what kind of injuries if he had any (unintelligible)?  
318  
319 Roger Axthelm: Well, he had - there's a mass amount of blood that was on the floor, um, over  
320 his facial area. Um, and down - down his chest. I mean just the amount of  
321 blood and where it was I could tell that it was probably a fatal wound to begin  
322 with. Even while we stepped away from it, but, um, when I rolled him I didn't  
323 really look him in the face, but rolled and could tell it was, you know, a mortal  
324 shot from - from what I was observing and I wasn't seeing any agonal  
325 respirations. I wasn't seeing any, uh, attempts for breathing at that point.  
326 That's why I called medical in to make the pronouncement.  
327  
328 Jay Pentheny: Anything other than the gun shots?  
329  
330 Roger Axthelm: I didn't observe anything else like a less lethal hits or anything like that..  
331  
332 Jay Pentheny: (Unintelligible).

335  
336 Jay Pentheny: ...cuts or abrasions or...  
337  
338 Roger Axthelm: Didn't notice anything like that at all. I did - I mean he was all cloaked in - in  
339 pants and a jacket and everything else. So all I saw was just a quick on the  
340 face - which was just full of blood and - and the amount of blood on the floor.  
341  
342 Jay Pentheny: Oh, could you describe the knife again? Um, you said it had a...  
343  
344 Roger Axthelm: Yeah, it was a black handle. It was a - a throw knife, like, it had a blade...  
345  
346 Jay Pentheny: (Unintelligible).  
347  
348 Roger Axthelm: ...blade snaps out with a thumb throw on it. I believe it was circular and the  
349 blade, um, blade maybe that big. I'm not sure.  
350  
351 Jay Pentheny: Okay.  
352  
353 Roger Axthelm: But, uh, a regular pocket knife. I couldn't tell if it had a belt clip on it or not,  
354 but um, it was open when - when I rolled him and his - his arm kinda flipped  
355 it out. Um, it was already open - in an open position.  
356  
357 Jay Pentheny: And you rolled him from his right side and rolled him up on his left.

359 Roger Axthelm: I grabbed him by the right side rolled him toward the left...

**Action Taken**

On April 7<sup>th</sup>, 2018, at approximately 10:00 pm, I was called by Gresham Police Department Investigations Sgt. Jared McGowan to respond and assist in a Portland Police Bureau Officer involved shooting. Sgt. McGowan did not have details of the shooting but told me to respond to Southeast Grand and Southeast Stark.

At approximately 10:40 pm, I arrived in the area and located the command vans where other investigators

were located. I was ultimately teamed up with Detective Pentheny (Multnomah County Sheriff's Office) to conduct interviews on witness officers.

Detective Pentheny and I conducted our first interview with Sgt. Spiegel at Central Precinct on the 13<sup>th</sup> floor. This interview was on April 8<sup>th</sup>, 2018, at approximately 2:20 am. Present during the interview with Sgt. Spiegel was a union representative, Kyle Nice. This interview was recorded in its entirety. Refer to the recording for exact wording used as this report is a summary only of the interview. It should also be noted a transcript will be attached to this interview once completed.

Once everyone identified themselves on the recording, I verified everyone knew the recorder was recording the interview.

Sgt. Spiegel told me he was assigned as a uniformed patrol Sgt. 3818 from Central Precinct working alone. I asked Sgt. Spiegel to walk me through what transpired that led up to the shooting and I would clarify questions with him.

Sgt. Spiegel told me he was out in his patrol vehicle on the south side of Central Precinct. He was listening to the dispatch radio and noticed a call had come out regarding a vehicle that had been dumped or like it was involved in an accident and someone fled from the vehicle. He told me this vehicle was at Stark and MLK.

He then told me he was familiar with a dispatch call from East Precinct earlier regarding a carjacking that occurred. He remembered there had been an MDT message where a vehicle description and vehicle plate number had been given. He compared the vehicle description and plate number of the carjacking to the plate of the vehicle reported now in the accident and noted they matched. He then heard a broadcast over the dispatch radio that another officer picked up on the fact he plates matched and broadcast the same conclusion.

Sgt. Spiegel told me he then drove over to Stark and MLK to the vehicle in question while other officers completed an area check for the suspect. Sgt. Spiegel told me when he arrived he noted that it appeared the Honda had crashed into something as it was in the street. He noted what he believed to be a broken right front wheel and steering mechanism. He also noted it was sitting on the street car tracks. Sgt. Spiegel noted the primary officer was interviewing witnesses and trying to determine where the suspect went to. Sgt. Spiegel stated at about that time he heard the suspect was not wearing a shirt.

Within minutes, other calls reported the suspect was now armed with a knife. Sgt. Spiegel told me the only difference was that the suspect was now wearing a jacket. Sgt. Spiegel did not know at this time that the two were the same suspect due to the fact the complete description on the suspect with the jacket was still being determined.

Sgt. Spiegel told me he was listening to the other call with the suspect with a knife. He was listening to determine if he needed to divert to that call. Within a few minutes he heard an unknown officer state over the radio that the two suspects were the same person. He also learned the suspect was last seen near Stark and Grand Street.

Less than a minute or so later an unknown officer broadcast over the radio the suspect was at the homeless shelter. Sgt. Spiegel told me he was familiar with this location as he has worked that district before. It was at this time he knew he had to divert to the homeless shelter from the call regarding the crashed vehicle.

He circled the block and parked and got out of his vehicle and ran up to the front door of the shelter. He observed that there were officers at the front of the door challenging the suspect inside. I asked Sgt. Spiegel when he arrived did he recognize any of the officers. He told me the only two officers he recognized were Officer Bailey with the less lethal and Officer Nutting with the AR (Patrol Issued Rifle). I asked Sgt. Spiegel what less lethal was present on scene with Officer Bailey and he told me the new 40mm.

Sgt. Spiegel then told me something worth noting. Prior to him arriving on scene he heard on the radio that

officers were on scene and something to the effect of "Hostages." When he heard "Hostages" on the radio he knew they had something real serious going on and he needed to get there quick. I asked him if he specifically remembered what was said and he stated he didn't as the transmission was not clear.

I asked him if he saw other officers at the doorway at this time and he stated he could, but he couldn't identify them as it was pouring down rain and it was dark out. Sgt. Spiegel told me also arriving on scene at the same time he did was Sgt. Axthelm. He remembered Sgt. Axthelm yelling his name to let him know he was there.

At this time Sgt. Spiegel told me he peaked through the window of the mission and observed an individual standing by himself with a bunch of people scrambling to the left going to the north side of the building. That was all he saw. I asked him to describe the suspect and what he was doing at that time and Sgt. Spiegel stated he couldn't because the glass was wet or either foggy and he couldn't get a clear view to be specific.

The next thing he remembered was the sound of what he believed to be the 40mm less lethal round being fired. He did not believe the round fired was a lethal round at that point (Handgun/AR). Once the less lethal round was fired officers moved into the building. Sgt. Spiegel followed going inside the building as well.

As they all got inside, Sgt. Axthelm was focusing on the officers and the situation going on. Officer Spiegel stated he then focused his attention on the victims that were inside, a ton of victims, that were down range. He stated his first thought was to evacuate and get them (Victims) out. He told me it was loud inside as they were trying to get people out. He told me as they were trying to get people out rounds started to go off. I asked a clarifying question about how many citizens were inside the building at this time and he thought dozens. He remembered seeing some of the citizens up against a wall and couldn't go into a room.

I then brought Sgt. Spiegel back to the front door. I asked him at the front door did he hear anything either from the officers, the citizens or the suspect they were dealing with. He told me there was a lot of yelling and to him it wasn't clear as there were citizens from the building that had already filtered outside and they were making a bunch of noise. He could not specifically hear what was being said, but a lot of people yelling and citizens in a panic. I then clarified with him and asked him if there was an order to fire the 40mm round and he stated he didn't know.

I asked him just prior to the shots being fired what he heard at that point. He told me he didn't hear anything as it was still extremely loud inside. He said the group of officers were in front of him and he wasn't standing up front to hear as it was loud.

He stated within seconds of the thought of evacuation and getting people (Citizens) out of there he heard shots go off. He recognized the shots going off were not the 40mm rounds. Once the shots had been fired the room filled with smoke. At this point he was able to glance through the officers and noted the suspect was on the ground. His first thought at this point was to make sure the suspect would get medical attention. He then noted that it was Sgt. Axthelm who got on the radio to get medical assistance for the suspect who was down. Sgt. Spiegel told me he went outside at this point to meet medical personnel who would be arriving. He went outside to flag them down and get them inside. Once medical arrived Sgt. Spiegel stated he remained outside of the scene and helped get the crime scene secured.

Sgt. Spiegel also facilitated getting Tri-Met busses to the scene to place the witnesses on the busses.

I asked him if when he observed the suspect down if anyone provided medical attention and he stated he didn't know. I asked him if, when he observed the suspect, did he see any weapons and he told me he did not. I asked him at the time the rounds were fired if he knew who the involved officer was, and he stated he didn't know. Sgt. Spiegel told me he didn't know as he was not up front to witness the shooting. I also asked Sgt. Spiegel if he knew of any other less lethal device used during this event besides the 40mm and he told me he was not aware of any others being used because he couldn't see what was going on. I asked Sgt. Spiegel if he fired his duty weapon and he told me he did not. Sgt. Spiegel stated his duty weapon is a 9mm Glock. Sgt.

Anthony Cobb: All right, uh, the recorder just turned on. Today's date is April 8, 2018. The time is 2:20 am. My name is, uh, Tony Cobb. And I'm a detective with the, uh, Gresham Police Department. My BPST number is 27228. Uh, seated to my left and partner for the interview is...

Daniel Spiegel: Daniel - S-P-I-E-G-E-L, 49997.

Anthony Cobb: Obviously everybody is aware that we're recording, uh, the interview here as a part of protocol. And I'm not sure, but we're on the 13th floor in somebody's office here so...

Kyle Nice: In the, uh, cold case, uh, sergeant's office I believe.

Anthony Cobb: Cold case sergeant's office - thank you. All right, first off we'll talk about, uh, what happened tonight. I typically would like to just have you free flow about what transpired throughout the night. I'll come back with some questions. I'm sure he'll have some questions as well. But first off so I understand what unit, uh, were you working tonight?

Daniel Spiegel: Um, 3818.

46 Anthony Cobb: 'Kay, and were you working by yourself?  
47  
48 Daniel Spiegel: Yes.  
49  
50 Anthony Cobb: And is that just a patrol district car or is that a sergeant?  
51  
52 Daniel Spiegel: Sergeant car.  
53  
54 Anthony Cobb: Sergeant - that's what I thought, okay. All right. I'm gonna have you walk  
55 through - kinda tell me what happened. Just kinda start from the, uh, you  
56 know, the beginning of shift. If - if there was anything that transpired about  
57 this case that you might have heard prior to that, please fill me in on that. Um,  
58 and walk me through all - up to the events that occurred and at the point where  
59 obviously detectives came in and everybody got notified, okay?  
60  
61 Daniel Spiegel: Okay. Are you ready?  
62  
63 Anthony Cobb: Yep, I'm ready.  
64  
65 Daniel Spiegel: Okay, I was, uh, out in my patrol car on the, uh, south side of Central Precinct.  
66 Um, on southwest, uh, Main or Madison - excuse me. Uh, listening to the  
67 radio and I noticed a call had come out of a vehicle that was, uh, dumped. Um,  
68 it came out as like an accident. Um, someone fled from the vehicle. And it  
69 was at southwest (Stark) and MLK. So within seconds - since I was familiar  
70 with the east call of the carjacking. Um, they put out an MDT message that  
71 gave the vehicle description and license plate number. I compared the two and  
72 they matched and at the same time some - another officer had picked up on  
73 that. And it was aired over the radio that this vehicle was the carjacking  
74 vehicle, um, from east precinct.  
75  
76 Anthony Cobb: Mm-hm.  
77  
78 Daniel Spiegel: So at that point, um, I went over to the south, um, east (Stark) and MLK, um,  
79 to the actual vehicle while the other officers, um, did, you know, did the area  
80 check and look for the suspect.  
81  
82 Anthony Cobb: 'Kay, and when you got there what'd you see?  
83  
84 Daniel Spiegel: When I got there, I saw the vehicle, um, it looks like it had crashed into  
85 something elsewhere and landed - it was out in the street, um, it had a broken  
86 right front, like, wheel and steering, you know, underneath the car there.  
87  
88 Anthony Cobb: Mm-hm.  
89  
90 Daniel Spiegel: It looked like it was broken looks like the - looked like the tire had blown off.

91 Um, it was kind of sitting out on the tracks - on the street car tracks.  
92  
93 Anthony Cobb: 'Kay.  
94  
95 Daniel Spiegel: Um, as the - as the primary officer interviewing witnesses, um, and tryin' to  
96 figure out what was goin' on. Which direction the suspect had went. Um, last  
97 I heard is that he wasn't wearing a shirt. Um, he was shirtless. So, you know,  
98 within minutes other calls started coming out about this person with a knife  
99 that was in the area, but the only difference that I heard was that he was  
100 wearing - now wearing some sort of like jacket.  
101  
102 Anthony Cobb: Mm-hm.  
103  
104 Daniel Spiegel: Um, at the time and even at that point, um, I didn't really think that or didn't  
105 know that this was the actual person yet because the description that was still  
106 being working on. And we often times have in- incidences near other  
107 incidences that we're at. Um, so I was just listening in to see if it's something  
108 I need to divert to. Um, and within probably a few minutes, um, one of the of-  
109 someone said over the radio that they're pretty sure that this is the same guy.  
110 And he was last seen, um, near (Stark) and, uh, (Grand) area.  
111  
112 Anthony Cobb: Is that the same guy from the, uh, uh...  
113  
114 Daniel Spiegel: The carjacking.  
115  
116 Anthony Cobb: The carjacking itself.  
117  
118 Daniel Spiegel: Yeah.  
119  
120 Anthony Cobb: Okay.  
121  
122 Daniel Spiegel: Um, and then and, you know, seconds - less - probably less than a minute or  
123 so later...  
124  
125 Anthony Cobb: Mm...  
126  
127 Daniel Spiegel: ...um, one of the officers said he was there at the homeless shelter which I was  
128 familiar with...  
129  
130 Anthony Cobb: Mm-hm.  
131  
132 Daniel Spiegel: ...'cause I worked in that area over the years. Um, during - right at that time I,  
133 you know, I thought now I have to go. And so I - I beelined it. I took off -  
134 circled the block and parked and got out. Uh, ran up to the door as the officers  
135 were standing at the door challenging him, um...

138  
139 Daniel Spiegel: Okay.  
140  
141 Anthony Cobb: ...just a little bit so I can follow it. 'Cause obviously there was a lot of people  
142 that was part of this incident that occurred. When you get to the front door can  
143 you make out who you see? Who you recognize at that point in time?  
144  
145 Daniel Spiegel: Uh, the only two officers that I recognized, uh, were Officer (Bailey) with the  
146 less lethal...  
147  
148 Anthony Cobb: Mm-hm.  
149  
150 Daniel Spiegel: ...and Officer (Nutting) with the, um, AR.  
151  
152 Anthony Cobb: Uh, (Bailey) less lethal - what kind of less lethal?  
153  
154 Daniel Spiegel: The new one - it's the 40 mm.  
155  
156 Anthony Cobb: Gotcha - okay. 'Kay, and then you said Officer (Nutting).  
157  
158 Daniel Spiegel: Officer (Nutting).  
159  
160 Anthony Cobb: Thank you.  
161  
162 Daniel Spiegel: Yes - and something worth noting...  
163  
164 Anthony Cobb: Mm-hm.  
165  
166 Daniel Spiegel: Um, prior to this - prior to me like actually getting there. I heard something on  
167 the radio - it was after the officer arrived at the scene...  
168  
169 Anthony Cobb: Mm-hm.  
170  
171 Daniel Spiegel: Something to the effect of hostages. Um, just a brief little something about  
172 hostages and that also keyed me into like, you know, we got something  
173 serious and I need to get there quick.  
174  
175 Anthony Cobb: From officers or from...

187  
188 Anthony Cobb: Mm-hm.  
189  
190 Daniel Spiegel: ...um, and to me that's sometimes - when things aren't totally clear, you know,  
191 it could be radio issues, but in this case. I didn't feel it was - it was that as  
192 much as it was urgency - you know, somethin' real urgent. To where, you  
193 know, it wasn't like a traffic stop where you can sit there and call it all it out -  
194 nice and calm.  
195

266 weapon fire.  
267

271 At that same time, um, I moved in also. Along, uh, with the other sergeant.  
272 And as we all got inside, um, um, Sergeant Axthelm almost kinda focusing on

274  
275 Anthony Cobb: The group meaning, uh, other patrons inside?

377  
378 Daniel Spiegel: Uh, w- within seconds, um, of the thought of evacuation and - and - and  
379 thinking about I need to do this now start gettin' people out of here.  
380  
381 Anthony Cobb: Mm-hm.  
382  
383 Daniel Spiegel: I hear shots go off. And it definitely wasn't the 40 mm, uh, I've heard AR  
384 round go off before. Um, so I knew - and then the room filled with smoke.  
385 Um, so I knew shots had been fired. Um, and then right at that point I glanced  
386 through the - the cops that were standing there and saw the guy on the ground.  
387 So then I thought now this guy needs medical attention. Um, and at that point  
388 I was near Axthelm, um, and I saw - just as I was thinking to get on the radio  
389 he must have been already thinking it 'cause he actually called for medical.  
390 But then I got on the radio and actually went out to go meet medical. And -  
391 'cause sometimes they'll just stage and just delay things...  
392  
393 Anthony Cobb: Mm-hm.  
394  
395 Daniel Spiegel: ...so I was out the flaggin' them down to get them in. And then bring them  
396 into the scene and ensure that the scene was safe.  
397  
398 Anthony Cobb: Mm-hm.  
399  
400 Daniel Spiegel: Um, and then I stayed - at that point I stayed out of the scene and helped -  
401 helped, um, set the crime scene tape up, you know, get cops in there - set the  
402 crime scene tape up. Um, we had tons of witnesses. I got Tri-met busses  
403 coming for the witnesses, um, and all that stuff.  
404  
405 Anthony Cobb: 'Kay.

407 Daniel Spiegel: And everybody started showing up.  
408  
409 Anthony Cobb: Okay, in regards to the person that was down. You were talkin' 'bout the  
410 medical...  
411  
412 Daniel Spiegel: Mm-hm.  
413  
414 Anthony Cobb: ...tryin' to get medical help. Did anybody provide medical aid at that, uh,  
415 point - that you're aware of?  
416  
417 Daniel Spiegel: I don't know.  
418  
419 Anthony Cobb: 'Kay, and then also did you see any weapons - anything, uh, uh, about the  
420 subject that was down on the ground at all?  
421  
422 Daniel Spiegel: I did not.  
423  
424 Anthony Cobb: Okay - all right. And then one thing I forgot to ask at the very beginning, um,  
425 obviously I'm assuming you were in uniform...  
426  
427 Daniel Spiegel: Yes.  
428  
429 Anthony Cobb: ...as a sergeant, uh, uniform...  
430  
431 Daniel Spiegel: Yes.

433 Anthony Cobb: ...drill sergeant - so...  
434  
435 Daniel Spiegel: Yes.  
436  
437 Anthony Cobb: Thank you very much. And then also, uh, did you at that point and time - the  
438 shots went off and you kind of were, you know, guiding things around at that  
439 point - did you know who was the involved officer at that point?  
440  
441 Daniel Spiegel: I did not...  
442  
443 Anthony Cobb: Gotcha.  
444  
445 Daniel Spiegel: ...no.  
446  
447 Anthony Cobb: Okay, 'cause my understanding is, uh, that there was, uh, correct me if I'm  
448 wrong, Jay, there was, uh, Multnomah County Sheriff's office...

464  
465 Anthony Cobb: Do you know if any other, uh, devices were used for less lethal, uh, that you  
466 saw or you were aware of besides the 40 mm?  
467  
468 Daniel Spiegel: I'm not aware of any other...

BR: DETECTIVE BRAD ROBERTSON, Multnomah County Sheriff's Office  
DA: DETECTIVE DAN ANDREW, Portland Police Bureau  
ZK: OFFICER ZACK KENNY, Portland Police Bureau  
GR: OFFICER GROVER ROBINSON, Portland Police Bureau

BR: We are recording. It is April 8<sup>th</sup>, 2018. It is 3:25 am, we are at Portland Central Precinct. This is Detective Robertson with Multnomah County Sheriff's Office. DPSST 50042. And this is in regard to incident 18-114856.

DA: Detective Dan Andrew, 28919.

ZK: Officer Zack Kenny, 44439. I'm here as a PPA rep.

BR: And...

GR: Officer Grover Robinson, 53905.

ZK: And we acknowledge that Officer Robinson is here as part of his compliance with the use of force policy of the Portland Police Bureau.

BR: So, I've gotten some of the details of how this stuff unfolded today. Let me go ahead and start with when you first became aware of how this series of events started unraveling and when you started your shift and, and...well not necessarily when you started your shift but when you were working and how you became involved.

GR: Okay. So initially I was first made aware of this call, hearing in broadcast over the radio. My partner...I'm currently serving right now as an FTO in plain clothes assignment.

BR: Okay.

GR: During this last two weeks of this current phase IV.

BR: Okay. What's your trainee's name? I don't know if you guys use trainee or cadet or recruit or?

GR: It's Officer Livingston.

BR: Okay. And what's his first name?

GR: Jeffrey.

BR: Okay. Okay go ahead.

GR: Ah, so we were actually on another call at the time, when I heard this call come out over the radio from what I gat...from what I recall, information was that, it was a vehicle crash and somebody ran from the scene of that crash soon after...not sure of the timeline but soon after I was made aware that the vehicle was mostly likely stolen. Or had been reported stolen.

BR: OKAY.

GR: Shortly after that there was some information about the vehicle that had been stolen was taken by force.

BR: Okay.

GR: With some weapon used.

BR: Okay.

GR: I believe it was a couple of different transmissions that...radio transmissions that said that there was a possible gun involved.

BR: Okay.

GR: Another transmission somewhere after said that...um... they weren't, weren't sure there was a weapon involved or that it was a gun, definitively.

BR: They were sure if it was a gun?

GR: (Can't understand)

BR: But they were sure that a weapon was?

GR: Yeah, there some...

BR: Okay.

GR: Miscom...not miscommunication but some um... confusion about whether or not a gun had been taken.

BR: Okay.

GR: And there was supposedly a video showing that this guy had taken, a call was originated in either north or east or something like that.

BR: Okay.

GR: Where the report was taken. Description that I, that I recall was a white male or possibly white male with no shirt and I believe it was blue pants or something like that.

BR: Okay.

GR: Ah...ah...unknown direction of travel. I didn't catch the direction of travel.

BR: Did dispatch use the term, like carjacking at all as they described it?

GR: I don't recall.

GR: I know it was a vehicle had been taken with ah...

BR: With force...

GR: With force.

BR: Okay.

GR: Yeah. So my partner and I, you know I kind of suggested to my partner, it's probably something we should you know head towards once we determine that the call we were on...

BR: Okay.

GR: So... (Can't understand) or anything like that. So we attached headed that direction, helped with the area check. Um... soon after we were UTL on the area check. Another call came out related to the Jacksons...

BR: Huh-um.

GR: Over there, not sure of the cross but it's between Grand and MLK.

BR: This is on the eastside then?

GR: That's the one, eastside. Yes

BR: Okay.

GR: Details on that call said something about a male standing in a door with a knife and it was believed that this guy was under the influence of some kind of drug. Um...

BR: He was standing in the door of Jacksons?

GR: I believe that, well on the call was, there was a call at Jackson's with somebody at the door they were looking for units to clear up, that was a call that was holding.

BR: Okay.

GR: At that time we were UTL so I suggested to my partner probably be a good idea if I was to... (Can't understand)

BR: I know that I know what UTL and these guys do but UTL means?

GR: Unable to locate.

BR: Okay. Thank you.

GR: We were unable to locate the subject matching that description.

BR: Okay.

GR: So I suggested to my partner once another unit had offered up as less lethal to head to that to that 40 millimeter.

BR: To Jacksons?

GR: To the Jacksons call.

BR: Okay.

GR: Another officer answered up and said they would go. I recognized um...it was probably something that a third officer would be useful for. A third unit be useful for and since we weren't successful in locating anybody we attached and headed that way. Staging location was set up. We went over there and waited while we were sitting there I remember another update for this particular Jackson's call saying that they believe, believe it was an officer had either made contact with them or something, some, some way it was kind of gathered and put out over the air that they believe that this was the same subject that was associated with the um....vehicle crash and had left.

BR: Okay.

GR: Shortly after that I believe it was put out that the subject was now wearing...it was believed to be the same person but he was now wearing a jacket, some kind of a, I think it was a rain parka or something like that. Some kind of jacket.

BR: Okay.

GR: But it was certain that this was the same person.

BR: Okay.

GR: Either by description or complainant account but whatever the case was.

BR: And just approximately is the vehicle crash relatively close to the Jacksons? Are those like...

GR: It is. So the staging location was I believe Stark and Grand.

BR: Huh-um.

GR: Oh, excuse me. Stark and MLK. And that's where we were sitting there at the Aprisa parking lot at that location. I looked up and there was a patrol unit with lights on sitting at the crash location. The original call location.

BR: Okay.

GR: So once we got that information about updated description it was also put out that he was no longer there.

BR: Okay.

GR: So we began an area check. I don't recall what direction the travel was but my partner and I, he was driving, started headed southbound on MLK.

BR: Okay.

GR: Um...shortly thereafter another call popped up. This time I believe it was 509 Grand at the shelter.

BR: Okay.

GR: Saying it was, there was somebody there armed with I believe it was a knife.

BR: And what kind of shelter was that? Is like a women's shelter or homeless shelter?

GR: It's a homeless shelter, I, I can't...I, I don't know off the top of my head whether or not it was gender specific.

BR: Okay.

GR: Um...yeah it's another homeless shelter on the west side, west side of the street.

BR: And what's...what sort of call is it that they did report at that shelter?

GR: Ah...I can't recall off the top of my head but I know um...it was kind of gather...or at least I assessed kind of quickly that it was the same subject. I believe it was mentioned of somebody with a knife.

BR: Okay.

GR: In the same description.

BR: Okay.

GR: Um, so we ah...made our way over there, there were several officers in front of us already responding. And as we pulled up I think it was put out that there was the same subject with a knife was no longer there I think we were still waiting for information about direction of travel and I looked out on the eastside of the street at the shelter on the eastside and the name escapes me but there was an older white gentleman, grey hair indicating, hey there's somebody, indicating, well pointing inside the shelter.

BR: Okay.

GR: Well my window was up so I couldn't hear what he said. But shortly thereafter somebody updated hey we're getting told that this guy went across the street, um...so I directed my partner to move the vehicle over there. You know just cut off traffic (Can't understand)

BR: When you say over there, where you at an intersection or side street?

GR: No we were actually ah...on the westside of the street.

BR: Okay.

GR: (Can't understand) him, let's relocate our vehicle over to...

BR: Okay.

GR: The eastside of the street.

BR: Okay.

GR: And attempt to go make contact.

BR: Okay.

GR: At that location. As I got out of the car and we got out of the car I walked up to the window and keeping in mind that currently in my current position as an FTO in plain clothes, you know I'm limited as far as direct involvement.

BR: Sure.

GR: But looking into the location, I seen the gentleman or suspect with a knife to his neck and there was several officers piling in. I saw a coup...at least two officers with AR's. I saw Officer Bailey with less lethal. And everybody was focused on this guy 'cuz he was actively standing there with a knife in his hand pacing back and forth.

BR: And you, you held your hand up to your neck, did, did the suspect or did this person have a knife up to his neck?

GR: Yes he did, Yeah.

BR: Okay.

GR: And I believe it was a knife. It was something silver...

BR: Okay.

GR: That I could see his hand was clenched around that.

BR: Could you see any visible injuries?

GR: I did not. Not from where I was standing.

BR: Okay.

GR: But um...I saw him pacing back and forth...

BR: Huh-um.

GR: Immediately I thought you know, this fits the same individual and I could immediately see you know that I could understand why somebody would thought this guy was under the influence.

BR: Okay.

GR: Um...just on his actions, his pacing, you know. It...

DA: When he's pacing is, where is the knife?

GR: It's up against...I never saw him take the knife away from his neck and what not.

BR: Okay.

GR: At that particular time.

BR: Okay.

GR: Um...understanding my role, you know and as many officers that were piling in to address this threat...you know I recognized this was one of those deals, this is, you know all hands on deck.

BR: Huh-um.

GR: You know even as a coach right now I'm still you know, have a vest and badge and...

BR: Huh-um.

GR: And a firearm and everything else, so.

BR: What a...where did you guys use...I just want to touch on that for a second, try to keep in mind that you know like, if, if a normal person weren't having a conversation with you...when I say normal person, if a person that weren't a police officer were having a conversation with you about this incident...

GR: Huh-um.

BR: And you used the term threat can you tell me more about threat like were people threatened, were officers threatened? And if so...where they were, how were they worried about their safety and to what degree?

GR: Well to put it into context, I mean aside from the officers that were inside dealing with this, this suspect there were a ton of civilians inside the shelter. The shelter when he went in was fully occupied. I know from personal experience every night at a certain time the shelter allows "x" amount of occupants in for the night.

BR: Okay.

GR: And it was fully, fully...staff was in there.

BR: Huh-um.

GR: And several citizens were in there.

BR: Okay.

GR: In the midst of all this you know you have this suspect inside, you know. Somebody I recognized based on numerous calls beforehand, you know at most likely taken a vehicle with a weapon involved.

BR: Okay.

GR: Now in the midst of you know this occupied shelter.

BR: Huh-um.

GR: Armed with a weapon you know potentially you know...you know.

BR: Did you have concerns that it could have been a hostage type of situation?

GR: Definitely. Actually I recall dispatch asking for clarification about whether or not this was now a hostage situation. At the time I recognized that I wasn't because when I looked it, as I was looking inside he was not actually holding somebody, you know.

BR: Okay.

GR: You know within close proximity threatening themselves.

BR: Okay.

GR: He, himself had a knife to this neck but I also recognized based on his demeanor based on his actions he could of just as easily turned that knife towards anybody else.

BR: Huh-um.

GR: Within reach. You know...

BR: Sure.

GR: At that point I hadn't made my way inside when I recognized you know that there was more that had to be done. There was tons of people still inside. I came in through the front door.

BR: Huh-um.

GR: Um, there were two people sitting, two staff members sitting at the desk right behind just with their backs to the window.

BR: Huh-um.

GR: On looking what was going on. Recognized this was probably, although useful to have witnesses, you know I didn't think that was the right place for them to be, so I directed them out um...

BR: So you got...

GR: I turned my attention....

BR: You directed the two employees?

GR: I initially told them they needed...

BR: To get out?

GR: To get out. They didn't immediately move 'cuz I refocused my attention on this guy. He was pacing back and forth when I looked back at him, he was actually backing towards the east wall, which is the back of the location.

BR: Okay. Inside that building?

GR: Inside that location, yeah inside that building. There was another civilian that was behind him.

BR: Huh-um.

GR: Trying to pick up some kind of table or bench and use it as some kind of hard cover.

BR: Okay.

GR: Um, officers were directing him to get out several other people behind him. At that time I looked over on the north wall.

BR: Huh-um.

GR: Pretty much, I...rough guess, I don't know 50 people civilians were just piled up against the wall. You know it was at that time we're starting to think about, you know this probably isn't the right place for you know these people to be...

BR: Right.

GR: You know.

DA: Why do you think those civilians all piled up against the wall and this person picked up a chair or a desk or whatever it was?

GR: I can't say why. I mean I think just based on a number of officers that were focused on this guy...weapons of various kinds...pointed in that direction.

DA: Did the guy, did the guy turn...was he facing them? With the knife. What was he doing with the knife with it?

GR: If I recall he just had the knife up to his neck but he was pacing, stepping back you know at one point he actually moved towards that general direction of where the people were. At that point I was kind of really overwhelmed with thinking about the danger of this guy having access to these people still there.

BR: Okay.

GR: I refocused, I looked over and saw my partner, Officer Livingston, move in towards that direction starting to get people to start funnel away from that location where that guy was. I'm unsure of how many people were still back there. But unfortunately civilians were still back there. He started to make his way back towards the center of the section where he was when I first saw him.

BR: Huh-um.

GR: At that time I refocused on getting those two employees out. I did so. Soon as I got them back, I heard several shots ring out. And mind you I skipped over a part, I had actually had heard, a couple of deployments of the 40 millimeter.

BR: Okay.

GR: I saw Officer Bailey.

BR: Can you tell me more like I said before, like, if I weren't a cop, 40 millimeters are...what are those?

GR: Ah, they are single loaded or single round less lethal munitions. I can't tell you yet what they are actually made of.

BR: That's fine.

GR: But um...we are recently transitioned from...

BR: From bean bag shot guns.

GR: Bean bag rounds. Bean bag shot guns rounds to this.

GR: Yeah they are impact munitions, yep.

BR: Okay. Okay. So you heard several of those?

GR: I heard at least a couple of shots go off.

BR: Okay. A couple, at least a couple.

GR: At least a couple of go off.

BR: Okay.

GR: You know several officers yelling at this guy. Come on and drop, drop the knife you know.

BR: Okay. So a lot of commands are being issued?

GR: A lot of commands were being issued.

BR: Okay.

GR: And this guy you know...and I saw the actually impact of the munitions.

BR: Huh-um.

GR: Um...I believe they were lower torso and the guy wasn't even phased, you know.

BR: Okay.

GR: He had this look on his face that you know, you know dead stare. You know committed to keeping that knife at his neck. I don't recall him even dropping the knife from his neck after he was hit was the less lethal rounds.

BR: Okay.

DA: How many would you say hit him?

GR: I can at least...account for two that I can...visibly remember seeing.

DA: And they, they hit him in the torso area?

GR: Actually, hit, hit him. You know lower body. I can't tell you where but.

BR: Okay.

BR: Okay.

GR: You know. It didn't change his, his will to...you know whatever what was on his mind. You know.

BR: Okay.

GR: Um, but yeah um, as I directed the two civilians, staff members who were...

BR: Okay.

GR: Sitting there, they were kind of resistant at first to move. I think they were kind of frozen in where they were. As opposed to just you know wanting a front row seat.

BR: Sure.

GR: But they were pretty quick once I...you need to get out of here.

BR: Huh-um.

GR: To get up and move, before I could even focus back, I heard several rounds. I couldn't tell you how many, several rounds go off. I recognized that they were no longer less lethal rounds. They were actual lethal rounds.

BR: Okay.

GR: I saw the impact. I saw him start to crumple over, go down. And I immediately recognized that the guy was closer to our location than when he was when I last saw him, so...um...

BR: When you, does I mean, the way you describe it, does it sounds like did he advance or did he come closer to the officers?

GR: I, I, I had assumed that he had advanced.

BR: Okay.

GR: I can't tell you for sure but the last time I saw him he was further back when I saw him getting hit with rounds when I recognized that shots were being fired.

BR: Huh-um.

GR: If he's still responsive. I saw him move a little bit but yeah. The first thing I recognized was, this guy moved from where the last time where I was...last time I saw him.

BR: Okay. So he's down and what happens after that?

GR: Ah...I think at that point, um...I still was trying to worry about getting a bunch of people out.

BR: Huh-um.

GR: You know, we all know or at least in law enforcement what we know that just because somebody is down doesn't mean that they are out of fight.

BR: Sure.

GR: Um...(Can't understand)

BR: Have you had any experiences like that in, in your, in your experiences of an officer have you had anybody go down and still attempt to fight?

GR: Sure...well...

BR: Or take violent action towards you?

GR: Not with lethal rounds being fired but yeah anytime somebody has had less lethal or um...you know OC or tased you know.

BR: Okay.

GR: Just from our training we know.

BR: Okay.

GR: Or I know.

BR: Okay.

GR: That it doesn't necessarily mean that they are out, out of the fight.

BR: Okay.

BR: Huh-um.

BR: And he still had, did he still have his arms underneath his torso...

GR: He did.

BR: And they, could anybody, were, were you able to see any knife? At that point?

GR: I was not from my point.

BR: Okay.

GR: No, from my viewpoint you know he still was tucked underneath.

BR: So it's your understanding he's still has his arms underneath your torso and the knife was still underneath his torso?

GR: From what I saw yeah. His arms were visible to where he was.

BR: Okay.

GR: Yeah I couldn't tell, you know I didn't see any movement at that point. I did see at one point I made a decision to go ahead and with a few officers, go in roll him over and see if they could render aid or what not.

BR: Huh-um.

GR: I'm not sure if it was Sergeant (Axehome SP?) or somebody said hey, we can go ahead and get medical in here.

BR: Okay.

GR: Right away so...somebody got on the air and...

BR: And had medical come in.

GR: Radio for medical to come straight in.

BR: Okay. And I know that your referred to Officer Livingston a number of times as your partner. But technically and I, I mean was an FTO for awhile, but technically he's not necessarily your partner, right? That's still a person that you are training and he's in final phase II.

GR: That's correct.

BR: Of completed. Okay.

GR: Yeah, he's still a recruit officer. Huh-um.

BR: And the reason that I ask that as like a, as an FTO, do you still have concerns for that officer's safety in addition to your own as far as like, 'cuz he hasn't necessarily completed the program yet but it's somebody you got to keep your eye on. Right?

GR: Especially yeah knowing that I'm in plain clothes. You know.

BR: Yeah.

GR: It's that point in his training where I'm supposed to stand back and let him operate as if I'm not there.

TF: OFFICER TIMOTHY FERGUSON, Portland Police Bureau

BR: Okay now we are recording. It is April 8, 2018. It's about 2:40 am and this is in regard to Portland case 18-114856. This is Detective Brad Robertson with the Multnomah County Sheriff's Office. DPSST 50042. We are on, we're at the Portland Central Precinct in the Detective's division. And I'm here with...

DA: Detective Dan Andrew. DPSST 28919.

ZK: Officer Zack Kenny 44439. I'm here in my capacity is of a union representative.

TF: Officer Timothy Ferguson. 52673.

BR: Is it F-e-r-g-u-s-o-n.

TF: s-o-n yeah.

BR: Okay. Are you related to Matt Ferguson?

TF: No.

BR: Okay. And this is about a shooting incident that occurred later on April 7<sup>th</sup>. So just kind of generically I was given two maps...

ZK: Just real quick.

BR: Yeah.

ZK: So just to clarify. Officer Ferguson is answering these questions in order to stay in compliance with our use of force policy which requires police officers to make a statement to detectives. Is that correct?

DA: Yes sir.

ZK: Okay.

BR: And for the record too Detective Brad Robertson from county and I'm not familiar with the Portland Police use of force policies. I'm only familiar with the Sheriff's office use of force policies. My line of questioning is just going to be to try to get as much information as I can about what happened. So I guess just kind of generically starting out, let's just go ahead and start with how you got dispatched this call and how things just kind of got, how it started evolving. When you first became aware of where you had to do or do what you ended up doing or witnessing.

TF: Okay. So, I work downtown on the west side and my district is 834. So there was a call that came out of a vehicle that crashed on the east side about at SE or MLK and I believe it was Stark. In that area. I was with my trainee. Some further updates came out that this was related to a possible carjacking in another precinct. So at that point I told my trainee who was driving the vehicle to head in that direction so we could help with the area check. The subject had left the vehicle on foot. Identified as wearing blue jeans, no shirt. Heavily tattooed. Like a shaved head and so we started across the river to help with area checking.

BR: So you are coming from the west side?

TF: Coming from the west side.

BR: Okay. So you started area checking and then what happened after that?

TF: So we're area checking, further updates are coming out giving a description. That the subject headed eastbound. So we went east in an effort to get a head of him, if he was still heading in that direction. While we were area checking another call came out at the Jacksons on the east side. Subject, I'm not exactly sure what that call referred to but then somebody made reference that they believe that was the same person in the Jacksons call as the call that we were all on.

BR: Okay.

TF: Somebody went by and I'm not sure how this was done but there was some kind of confirmation that it was indeed the same person. So we started heading towards the Jacksons from our location. We were a bit north at that time at MLK and Stark. So we were headed south towards the Jacksons then got an update that AMR unit had seen a subject outside with a knife to his throat. Just a little bit north of the Jacksons. So we headed that way got on SE Grand just a little bit south of Jacksons, updates came out that he was indeed in front of the, what I believe to, I not fam...I don't work on the east side. So I think its City Team something or other. So we could just see a bunch of police cars and I just told my trainee, just head north, head north, head north.

BR: And you talking about the City Team, like what sort of facility is that? Or what do you, what understand it, was it...

TF: I just understand it to be like a, I'm not a 100% sure if it's a place where you check in for homeless people. If it's like the mission downtown.

BR: Kind of like, it sounds like a shelter of some sort?

TF: Some type of shelter. I'm not sure how it functions.

BR: Okay.

TF: But, yeah.

TF: I work on the west side so.

BR: And so you are training somebody at the time?

TF: Correct.

BR: Which officer were you training?

TF: It's officer Ariel Livingston.

BR: Ariel Livingston. Okay.

TF: Yeah. So she was driving the vehicle. Her DPSST is 57429.

BR: Okay. So you tell Officer Livingston to drive towards what now again.

TF: So I'm directing her, basically to drive north on SE Grand towards the shelter.

BR: Okay.

TF: And there's just a whole bunch of police cars that are pretty much anchored in front of it so.

BR: Okay.

TF: We are headed north of that location.

BR: Okay. And what happens after that?

TF: So we pull up I could show you on the map more or less where we...

BR: Sure...so...

TF: Parked the vehicle. If I could orientate myself what the streets are.

BR: Just for the record I'm going to write on these not to scale. And also for illustrative purposes only and that's in my handwriting. There you go. Does that have...does that reflect the area that we are talking about?

TF: Yeah, I'm trying to...this is Grand....that's My Father's Place. So...do you want me to just draw on here?

BR: Yeah sure. Just can...

TF: So I believe the location is somewhere right here and we parked our car pretty much right here.

BR: Okay.

- TF: Obviously facing north on this, this street right here. So pretty, it's more or less in front of My Father's Place.
- BR: Okay. So and as I look at this map with north...
- TF: Huh-um.
- BR: Looking north there's a, from the north and then going south this map is labeled with the Portland Store and then as we go down SE Grand and southbound there is the Lovecraft bar we cross SE Stark Street and then as we get down a little bit farther on the west side of SE Grand is a bar called My Father's Place. And then on the east side is the location where all the cars were parked in front it. Is that my understanding, is that correct?
- TF: Yeah, pretty much yeah.
- BR: Okay. All right. So that's the location where all the cars are parked in that area and at when as you approach what happens?
- TF: So I'm on the passenger side obviously I jump out of the vehicle. Head towards the front door of that location. And there's officers in the door frame, the entry to that location so. At that time there's at least two long guns and a less lethal. And so I'm directly behind that row of officers right there.
- BR: Okay.
- TF: So I'm able to see through the officers to what they are looking at and so on the inside is a guy who is wearing blue jeans, more or less matching the description. So the description had been updated. At first he had no shirt. At some point in time was updated. He had some kind of rain jacket or something on. So the guy we're looking at has blue jeans on and he has like a blue jacket, like red stripes.
- BR: Okay.
- TF: Shaved head. About six foot something. The build is accurate to what had come out in the description.
- BR: Okay.
- TF: So looking at him he's standing there probably, I don't know. How the deep the place is but he's in the front 1/3 of the depth of the building.
- BR: Okay.
- TF: And there's just I don't even know how many people in there. There's a lot of people inside.
- BR: So in addition to the officers there's a lot of people.

TF: In addition to, so we're all in the door frame still we have the subject in front of us and behind to one side is a significant amount of people who were at the shelter.

BR: Okay. I just want to back up one second too. So it sounds like to me I think you've described at least, so there is a carjacking incident?

TF: Right. Huh-um.

BR: And was there a weapon that was reported about that carjacking that was used?

TF: Ah, yeah so it was kind of going back and forth. So initially it said that there was a gun that had been brandished. Then there was an update that there was some video, that then might not be a gun and then someone updated that they think that there was still a gun. Or that he maybe reported that he be armed with a gun.

BR: Okay.

TF: So, yeah kept going back...

BR: Yeah.

TF: But I mean it was...

BR: And then at Jacksons was there any report there that you remember about any other weapons in that incident?

TF: Um....

BR: And if you don't remember that's fine.

TF: I don't recall anything specific about the Jacksons no.

BR: Okay.

TF: There was some point prior to our arrival that there was made mention of a knife and so I don't know if that was in regard to the Jacksons.

BR: Okay. Okay.

TF: Of if that was what officer's were seeing in real time and contacted him.

BR: And all this stuff happened in a matter of, of or a few minutes or...

TF: Yeah, just a few minutes. Yeah.

BR: Okay.

TF: Yep.

BR: And what happened after that?

TF: So he's standing there officers are issuing commands. He's got a knife up to his throat and at one point it appeared to me and I'm looking from, I'm the second row behind officers who are giving directions. It looks like he's started kind of doing like this to his neck. Like he was stabbing himself in the neck.

BR: Okay.

TF: So my first observation of him prior to him actually doing this motion is that he's already cut. He's already got blood about the neck area.

BR: Okay.

TF: So it appeared to me like he was further stabbing himself in the neck.

BR: Okay and did you see anybody around him any officers around him. Was he nearby any other occupants of that building?

TF: Um...so I mean it's not a very big room.

BR: Huh-um.

TF: And there's probably, I mean I'm just throwing out numbers, there's at least 20 people in, in that room.

BR: Okay.

TF: In addition to him we're all still in the threshold of the door.

BR: Okay.

TF: So we're not inside quite yet.

TF: So basically... put the knife down that kind of stuff.

BR: Okay.

TF: Yeah. There was, I think there was a warning issued that you maybe bean bagged. I'm not sure what the terminology was.

BR: Okay.

TF: But there was some type of... yeah.

BR: But it sounds like somebody audibly said something about less lethal force being used.

TF: Yeah.

BR: Okay. And then what happens after that?

TF: Um... so somebody said. Bean bag him, bean bag him and then somebody... I think it was ah....um... the only bean bag at the scene at that time, I believe was Officer Damerow. So he fired a bean bag round. I wasn't able to see what the round hit or anything. So he breaks open the, the 40 millimeter. He's trying to load another round. 'Cuz we can't fire successive rounds anymore. And so officers were calling for another bean bag. So at that point there isn't, not another bean bag. Not too long after that I believe its Officer Bailey shows up with a second bean bag. And he's trying to get his way into the front row of the officers.

BR: Huh-um.

TF: To fire more bean bag round.

DA: When you, just to clarify. You're, you're saying bean bag but you mean 40, 40 millimeter.

TF: I'm 40 mill... I so use to saying bean bag.

BR: And then do you remember any other 40's being fired?

TF: So, the as Officer Bailey was getting into position the subject started moving back, so they are in the middle of the room, there's like some kind of, there's pillars and there's some kind of square structure. I'm not sure what it is...I'm not too familiar with that place.

BR: 40 rounds or...

TF: 40 millimeter rounds. Like a... I don't know what that round, what that round is. I'm not familiar but a couple more times they are trying to use this, this round. Because he had moved back we were able to then enter the building and then start fanning out.

BR: Okay.

TF: So at this point we have two have less lethals in there that are being used and we have at least two um...at that point long guns.

BR: Okay.

TF: There's....

DA: Your perception of why they are jammed up?

TF: My perception is because of why...there's, there's nowhere in the back of the room for them to get out.

BR: So there wasn't another exit you observed?

TF: So there's two rest rooms, there's two rest rooms in the, in the...what would be the northeast corner of that room.

BR: Huh-um.

DA: Are they moving based on officers directions or based on fear of the suspect?

TF: They are moving based...I'd say both. So people are getting away from him. And then people are being directed to leave from officers.

DA: Okay.

TF: No.

DA: And is there any indication from other officers whether they did or didn't?

TF: I wasn't able to get a full view because he's behind several pillars.

TF: Um, there was enough officers towards the south side of the room with long guns and less lethal giving direction, that the officers on the north side of the room, we were trying to work to get the people out of there.

BR: Huh-um.

TF: So the people who were in the shelter who were, like I said jammed into, in the corner with no method of escape. We were trying to figure out how to get them out.

BR: Okay.

TF: So I was kind of focused on that task.

BR: Okay.

TF: So.

BR: And then what happened after that, as that's developing...

TF: Huh-um.

BR: And sounds like plans are kind of being made for trying to at least stop the person with the knife from hurting anybody that's still in the room and then also get those people out of...

TF: Yeah.

BR: The building. So what happens as that progresses?

TF: So the officers that I'm with on the north side of the room we're trying to tell the people to leave and they are telling us back there is nowhere to go. There's nowhere to go. Um...so at that point we are trying to figure out if they can come down the wall from east to west along the north side of the wall to get out. The problem is that, it's not a very big space.

BR: Right.

TF: And so the subject is in there, he's still have the knife. There's officers issuing commands. It's just a difficult space to work with.

BR: Okay.

TF: Right. So, I just see him quickly headed towards the officers who are south of me basically.

BR: Okay. Okay. So he starts approaching the officers and then what happens?

TF: In rapid motion. So yeah he's headed towards them, it looked like in pretty fast rapid motion and then there was a handful of shots.

BR: Okay.

TF: That did not sound the same as the 40 millimeter shots.

BR: Okay so you believe those were...

TF: So.

BR: Firearms, long guns...or pistols.

TF: Firearms, long guns.

BR: Okay.

TF: Yeah.

BR: And then what happens after you hear shots fired.

TF: So shots were fired and the officers who have a clear line of vision on the suspect are telling us that we're clear to go and grab those people and get them out of there. Because of the way that he's positioned. So he's on the south side of that box like structure.

BR: Huh-um.

TF: In the room. They are still issuing commands to him to show his hands. So people are still jammed in the back corner, we ran once they told us that it was clear that we could. We went to the back of the room and just started, I started grabbing people and saying get out of here, get out of here, get out of here. So we are just trying to throw people out of there as fast as we can. So they are running by us. There was a wall on the back side of the room. Where there was one guy on the other side of the wall so I'm yelling at the guy. I don't know if he's in wheel chair or something and he can't. 'Cuz he's just looking at us and finally he figured it out and I think he came over the little wall, the low wall.

BR: Huh-um.

TF: So another officer and myself, I believe it's Officer Livingston, not my trainee Arial Livingston but there is a male trainee Officer Livingston.

BR: Okay.

TF: We cleared, there's like three rooms back there. So there is a men's room, there's a female rest room and then there's some other small rooms. So we went into each of those rooms. Excuse me. And cleared and them and made sure that there was nobody remaining in those rooms. We came back out and circled around the like the north side of that box like structure. Excuse me and the officer that I was next to was basically saying that he still has his arm, his arm underneath him. So he had one arm underneath him. I think one or two more less lethal 40 millimeter rounds were deployed trying to get him to move or show his hands.

BR: Huh-um.

TF: My understanding is that there was no reaction from those rounds hitting. So we all circled back around again formed up essentially on the south side. And the east, southeast corner I guess of the room.

BR: Huh-um.

TF: And then made our way to his, to the suspects position to see if we could render aid.

TF: Yes. Definitely.

BR: And the officers particularly would be either fearing injuries to themselves and...

TF: Right.

BR: And injuries to civilians?

TF: Definitely.

BR: And they are a variety of different crimes that he was probably committing too?

TF: Yep.

BR: Okay. Just the last thing that you talked about, the training and safety and civilian safety and kind of wrap it up.

TF: Yeah so the civilian safety, the subjects in there. He's possibly armed with a gun. He's obviously got a knife. He's bleeding already from the neck. He's making stabbing like motions. He's moving the knife around in front of his person in a threatening...what I would characterize as a threatening motion.

BR: Okay.

TF: I mean I don't know how to articulate that any different. But he's got the knife in front of him, similar to what a knife fighter would do.

BR: Right.

TF: Moving it around so. The subjects in the back are clearly concerned for their safety.

BR: Huh-um.

TF: So, people are trying to get as far away from this guy as they can but like I said they've got nowhere to go so they are all huddled like packed into an elevator would be a good way of describing it.

BR: Okay.

TF: In the corner trying to get as far away from this guy as they can. And people are actively going into the rest rooms and closing the door in the rest rooms in attempt to, to get away from the guy...

BR: To get away from the guy.... okay.

TF: Right. So like I said, they are concerned about what he's doing, 'cuz obviously he just came in there. He's not...

BR: Right.

SUMMARY

JOHN ELIFRITZ called to 911 to report his family had been killed and their bodies were inside 4427 SE 79th Avenue.

Multiple officers responded to the area and determined the report by JOHN ELIFRITZ was false. JOHN ELIFRITZ was located at SE 86th and SE Holgate Boulevard, where he held a knife to his own throat and then ran away from the officers.

The officers decided to not follow JOHN ELIFRITZ. Approximately two hours later, COLLEEN VALA called 911 to report her Honda CR-V had been stolen from her by force at SE 72nd Avenue and SE Foster Road. Officer Huntinghouse responded, and took the report. Approximately three hours later, ELEAZAR HERNANDEZ-RAMIREZ called 911 to report he had been the victim of a road rage incident in the area of N Columbia Boulevard and N Chautauqua Boulevard ten to fifteen minutes before he called. The suspect vehicle was a Honda CR-V with the license plate matching COLLEEN VALA's stolen vehicle.

A short time later, 911 callers reported the same vehicle had been abandoned in the street at SE MLK and SE Stark Street, and the driver ran eastbound on SE Stark Street, and his appearance was consistent with JOHN ELIFRITZ. Approximately fifteen minutes later, the clerk at Jacksons at 621 SE Grand Avenue called 911 to report a male inside the store was holding a knife in his hand and had been there for five to ten minutes. As officers were responding, the call was updated that the male left northbound on SE Grand Avenue. An American Medical Response (AMR) crew then broadcast a person at 509 SE Grand Avenue, [REDACTED], had another male hold a knife to his throat. Officer McDonald responded to this and took a report from [REDACTED]. The description of the suspect was consistent with JOHN ELIFRITZ. Three minutes later, officers located the suspect, JOHN ELIFRITZ, inside 526 SE Grand Avenue, holding a knife.

Multiple officers responded to this location, including Sergeant Axthelm, Officer Nutting, Officer Phifer, Officer Fender, Officer Martiniuc, Officer Polas, Officer Damerville, Officer Bailey, and Deputy Sieczkowski. JOHN ELIFRITZ observed the officers converging on his location and used the knife to cut both sides of his neck. Sergeant Axthelm directed the officers to enter the location. JOHN ELIFRITZ retreated from the officers, keeping the knife at his throat. JOHN ELIFRITZ was given multiple commands to drop the knife, but refused to do so. Less Lethal was deployed by Officers Damerville and Bailey, with no effect. JOHN ELIFRITZ then held the knife at waist level in front of him and ran at the officers, and Officers Nutting, Fender, and Phifer fired their rifles, Officer Martiniuc fired his shotgun, and Officer Polas and Deputy Sieczkowski fired their handguns. JOHN ELIFRITZ collapsed to the ground approximately fifteen to twenty feet from the officers, with his hands underneath him. After Less Lethal was deployed and JOHN ELIFRITZ did not respond, Sergeant Axthelm approached JOHN ELIFRITZ and rolled him on to his side. As he did this, Sergeant Axthelm immediately observed JOHN ELIFRITZ was obviously deceased, and a folding knife dropped from JOHN ELIFRITZ's right hand. JOHN ELIFRITZ was immediately checked by medical personnel and pronounced deceased. This report documents the initial steps of the investigation at the scene.

NARRATIVE

On April 7th, 2018, at approximately 2030 hours, I received notification to respond to SE Grand Avenue and SE Stark Street to investigate an Officer Involved Shooting near that location. While enroute, I learned the person who had been shot was deceased. Upon arrival, I learned the following from Sergeant Schmautz: Officer Nutting, Officer Phifer, and Officer Fender had fired their rifles, Officer Martiniuc had fired his shotgun, Officer Polas and Deputy Sieczkowski had fired their handguns, and Officer Damerville and Officer Bailey had fired their 40mm Less Lethal launchers. I ensured all involved and witness officers were separated and someone was assigned to observe them. Because it was raining heavily and the ambient air temperature was in the upper thirties, the involved officers were separated from each other in nearby police vehicles, and the

witness officers were on a Tri-met bus, and were being monitored. I then coordinated with uniform personnel on establishing the crime scene and preserving evidence. I learned Sergeant Axthelm was a witness to the shooting, and I asked him if he would provide a briefing to the investigative team and conduct a scene walkthrough, and he agreed. I also learned from Sergeant Schmautz the deceased person, believed to be JOHN ELIFRITZ, had possibly made threats toward his own family earlier in the day, and a request had been made with the Clackamas County Sheriff's Office (CCSO) to check on his family. I requested Sergeant Schmautz follow up with CCSO, and ensure they checked on JOHN ELIFRITZ's family. At 2220 hours, I received a phone call from CCSO Deputy Oday, who told me JOHN ELIFRITZ's family was fine. I requested Deputy Oday interview JOHN ELIFRITZ's wife regarding the reports of him possibly harming them (see the report by Deputy Oday under CCSO Case #18-010410 for details).

Once they had arrived, I met with my partner, Detective Slater, and Sergeant Whattam, and the decision was made to conduct countdowns of the involved officers' weapons, and then issue them Communication Restriction Orders (CROs). Detective Slater and I then coordinated with Criminalist Durham to conduct countdowns on Officers Nutting, Phifer, Fender, Martiniuc, Polas, Damerville, Bailey, and Deputy Sieczkowski (see Supplemental Reports for the details of the weapons countdowns). While the weapons countdowns were occurring, Sergeant Whattam coordinated the interviews of all civilian witnesses (please refer to the Supplemental Reports by the above listed Detectives for complete details of all of the interviews).

Once the weapons countdowns had been completed, Detective Slater and I met with the other members of the investigative team, and we attended a briefing conducted by Sergeant Axthelm at 0120 hours. From Sergeant Axthelm, I learned the following: Sergeant Axthelm heard over the radio the call of the Honda CR-V abandoned in the street at SE MLK and SE Stark Street, and a description of the suspect of a white male with no shirt and wearing pants running away. Sergeant Axthelm began driving that way from Central Precinct. As he was responding, Sergeant Axthelm heard an update on the radio the Honda CR-V was the same vehicle stolen by force earlier in the day, and the description of the suspect in that was similar to the description of the suspect running from the vehicle. Sergeant Axthelm knew several cars were checking the area for the suspect. Sergeant Axthelm then heard an update on the radio the suspect had been inside the Jacksons store at 621 SE Grand Avenue, and was now wearing a coat. A short time later, Sergeant Axthelm heard on the radio the suspect had been located inside the shelter at 526 SE Grand Avenue, was armed with a knife and threatening people inside. As Sergeant Axthelm arrived at that location, he saw a group of officers standing in the doorway challenging the suspect. Sergeant Axthelm directed the officers to enter the location and they formed a semi-circle between the suspect and the people inside the shelter. The suspect, later identified as JOHN ELIFRITZ, was pacing around and holding a knife. Sergeant Axthelm said a Less Lethal had been deployed and JOHN ELIFRITZ moved into the back corner of the shelter. Sergeant Axthelm said JOHN ELIFRITZ then ran at the police officers and several of the officers fired at JOHN ELIFRITZ, who collapsed to the ground with his hands underneath him. Sergeant Axthelm began to form a custody team, and directed a Less Lethal to be deployed. When JOHN ELIFRITZ did not respond to the Less Lethal, Sergeant Axthelm approached JOHN ELIFRITZ and rolled him onto his side. When he did this, Sergeant Axthelm saw a knife fall out of JOHN ELIFRITZ's right hand. Sergeant Axthelm then requested medical come in, and began to separate the involved officers and witness officers. (see Supplemental Report documenting the interview of Sergeant Axthelm for complete details).

During that same briefing, I learned the following from Acting Captain Lee: Acting Captain Lee had prepared a timeline of events for April 7th, 2018 regarding incidents in which JOHN ELIFRITZ was believed to have been involved. The first incident occurred at 1426 hours at SE 79th Avenue and SE Holgate Boulevard when JOHN ELIFRITZ called 911 to report someone had killed his wife and children. Officer Loomis was the primary officer on this incident (Case #18-114566).

At 1637 hours, Officer Huntinghouse was dispatched to [REDACTED] after COLLEEN VALA called 911 to report her Honda CR-V had been stolen by force from her at SE 72nd Avenue and SE Foster Road. The description of the suspect was consistent with JOHN ELIFRITZ (Case #18-114703). At 1925 hours, Officer Shelton was dispatched regarding a reported road rage incident which had occurred a short time earlier at N Columbia Boulevard and N Chautauqua Boulevard. The involved vehicle was the stolen Honda CR-V and the description of the driver was consistent with JOHN ELIFRITZ (Case #18-114851). At 1929 hours, a 911 call was made regarding the Honda CR-V being abandoned in the street at SE MLK and SE Stark Street and the description of the driver was consistent with JOHN ELIFRITZ (Case #18-114855). At 1946 hours, a 911 call was made from Jacksons store at 621 SE Grand Avenue regarding a male in the store for the last five to ten minutes and the description of the male was consistent with JOHN ELIFRITZ (Case #18-114873).

Portland Police Bureau  
PUBLIC RECORD RELEASE  
CONFIDENTIAL

During that same briefing, I learned the following from Officer Huntinghouse: After obtaining a description of the suspect as provided by COLLEEN VALA and other witnesses, Officer Huntinghouse recalled information provided at roll call regarding the incident with JOHN ELIFRITZ earlier in the day at SE 86th Avenue and SE Holgate Boulevard, and believed he was the person who had stolen the Honda CR-V.

At the conclusion of the briefing, investigatory assignments were made. All of the witness officers were directed to proceed to Central Precinct to be interviewed by Detectives (please refer to the Supplemental Reports by the above listed Detectives for complete details of all of the interviews). Detective Clifton and Detective Broughton were assigned to assist with documenting and processing the scene.

At 0206 hours, Detective Slater and I conducted a walkthrough of the scene with Sergeant Axthelm. We stood on the sidewalk directly in front of the entrance to 526 SE Grand Avenue, and Sergeant Axthelm showed us the following: The group of officers had been standing in the doorway of the shelter, facing east into the shelter. The suspect was deep into the shelter, at the southeast corner of the room. At the time the shots were fired, the officers and the suspect were approximately fifteen to twenty feet apart. Based on the walkthrough provided by Sergeant Axthelm, I knew the officers' fields of fire were to the south and east, and their backdrops would have been the walls of the building. Sergeant Axthelm was then directed to proceed to Central Precinct to be interviewed by Detectives (see Supplemental Report for complete details of the interview).

Detective Slater and I then observed the scene, and I noted the following: Multiple marked police vehicles were parked on SE Grand Avenue, on both the east and west sides of the street. In the area around the doorway leading into the shelter, I observed four spent 40mm Less Lethal casings. Inside the shelter near the northwest corner of the room on the floor, I observed .223 caliber shell casings, as well as 9mm shell casings, and three 12 gauge shotgun shells. The room itself was very large, seeming to encompass the entirety of the building, with doorways on all three walls leading out of the large room. A set of stairs leading down was directly in the middle of the room, surrounded by a short wall topped with a railing, and a half gate on the west side allowing access to the stairs. Multiple support pillars were present in the room on both sides of the stairs. Numerous chairs were scattered around the room, as well as backpacks, clothing, and other personal items. A significant amount of blood spatter was present on the floor, leading from the area inside the door in a generally eastward direction and out of my view. In the middle of the room, on the south side of the stairs was the body of a large adult male. I could see the male was wearing shoes, pants, an unzipped jacket, and did not appear to be wearing a shirt. A knife was present on the floor next to the body (please refer to Supplemental Reports by Detective Clifton and Detective Broughton, as well as Criminalists Willard, Ware, and Nebling for complete details of the scene).

Detective Slater and I also observed the Honda CR-V with the Oregon license plate of ZRQ832 at SE MLK and SE Stark Street, and I could see it was in the street on the west side of SE MLK, north of SE Stark Street. The front right tire and wheel appeared to be severely damaged. Officer Nell was securing the vehicle, and I requested he recover the stolen vehicle and have it towed to Rivergate Vehicle Storage pending processing (see Supplemental Reports by Officers Nell and Fullington for details).

At 0530 hours, Deputy Medical Examiner (DME) Patrick arrived onscene. During her preliminary investigation, DME Patrick located what appeared to be a gunshot wound to the deceased male's torso, as well as sharp force injuries to both sides of the deceased's neck. DME Patrick also removed a wallet from the deceased male's back left pocket, which contained Oregon ID for JOHN ELIFRITZ. DME Patrick then transported the deceased to the Oregon State Medical Examiner's Office pending a post-mortem examination.

All of the previously described items of evidence were collected by Criminalists with the Forensic Evidence Division (see Supplemental Reports by members of the Forensic Evidence Division for complete details). Detective Slater and I cleared the scene a short time later. Multiple surveillance videos were located and collected by Detective Stenzel (see Supplemental Report by Detective Stenzel for details).

SUMMARY

Multiple officers, including Officer Bailey, responded to CityTeam Ministries on a report of a male, later identified as JOHN ELIFRITZ, armed with a knife and threatening people. JOHN ELIFRITZ observed the officers converging on his location and used the knife to cut both sides of his neck. The officers entered the location, and JOHN ELIFRITZ retreated from the officers, keeping the knife at his throat. JOHN ELIFRITZ was given multiple commands to drop the knife, but refused to do so. Officer Bailey deployed Less Lethal multiple times, with no effect. JOHN ELIFRITZ then held the knife at waist level in front of him and ran at the officers, and other officers fired lethal rounds at JOHN ELIFRITZ, who then collapsed to the ground approximately fifteen to twenty feet from the officers, with his hands underneath him. After Less Lethal was deployed again and JOHN ELIFRITZ did not respond, officers approached JOHN ELIFRITZ and rolled him on to his side. When JOHN ELIFRITZ was rolled a folding knife dropped from JOHN ELIFRITZ's right hand, and officers noted he was obviously deceased. JOHN ELIFRITZ was immediately checked by medical personnel and pronounced deceased. This report documents the countdown of Officer Bailey's weapons at the scene, as well as the subsequent statements by Officer Bailey.

NARRATIVE

On April 7th, 2018, Detective Slater and I responded to SE Grand Avenue and SE Stark Street to investigate an Officer Involved Shooting. During the course of our investigation, at approximately 0036 hours on April 8th, 2018, Detective Slater and I met with Officer Bailey and his union representative, Daryl Turner. Officer Bailey was photographed by Criminalist Durham. Criminalist Durham was also present to document the weapon countdowns via photographs.

At my direction, Officer Bailey handed me the LMT 40mm launcher in his possession. The buttstock pouch on the launcher contained two spare 40mm "eXactiMpack" cartridges, which I removed from the pouch. I then opened the breech on the

launcher, exposing an empty breech. I left the breech open, and presented an empty launcher to Criminalist Durham. The rifle was a LMT 40mm Less Lethal launcher, SN #FW14997.

At my direction, Officer Bailey then handed me the drop pouch for the launcher. I noted the drop pouch contained one spare 40mm "eXactiMpact" cartridge, which I removed, rendering the drop pouch empty. At full capacity, the drop pouch is capable of holding five cartridges. Each LMT Less Lethal launcher is equipped with two cartridges in the buttstock pouch, and a drop pouch containing five cartridges, for a total of seven.

At my direction, Officer Bailey then removed the magazine from the handgun in his holster. Officer Bailey then handed the magazine to me and I removed seventeen 9mm cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding seventeen cartridges.

Officer Bailey then removed his handgun from its holster and handed it to me. I pulled the slide back, ejecting one 9mm cartridge from the chamber. This round was retrieved. I then locked the slide to the rear, and presented an empty handgun to Criminalist Durham. The handgun was a 9mm Glock Model 17, SN #KDD718.

I noted Officer Bailey carried two spare magazines for his handgun on his duty belt. At my direction, Officer Bailey removed the spare magazine from the upper handgun magazine pouch on his duty belt and handed it to me. I then removed seventeen 9mm cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding seventeen cartridges. I then directed Officer Bailey to remove the spare magazine from the lower handgun magazine pouch on his duty belt and hand it to me. I then removed seventeen 9mm cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding seventeen cartridges.

I verified Officer Bailey did not carry any other magazines for his rifle or handgun, nor did he carry any other firearms. At the conclusion of the weapon countdowns, we determined Officer Bailey had fired his Less Lethal launcher four times, and had not fired his handgun. The Less Lethal launcher, drop pouch, and 40mm cartridges were all collected by Criminalist Durham. The Glock handgun, magazines, and cartridges were all returned to Officer Bailey.

I asked Officer Bailey if he would be willing to conduct an on-scene briefing at this time, and Officer Bailey replied, "No." I asked Officer Bailey if he would be willing to provide an interview at this time, and he replied, "No."

Officer Bailey was then issued a Communication Restriction Order by Sergeant Whattam.

NARRATIVE

On April 7th, 2018, Detective Slater and I responded to SE Grand Avenue and SE Stark Street to investigate an Officer Involved Shooting. During the course of our investigation, at approximately 2323 hours, Detective Slater and I met with Officer Fender and his union representative, Daryl Turner. Officer Fender was photographed by Criminalist Durham. Criminalist Durham was also present to document the weapon countdowns via photographs.

At my direction, Officer Fender removed the magazine from the rifle slung across his chest. Officer Fender then handed the magazine to me and I removed twenty-three .223 caliber cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding thirty cartridges. However, I know it is standard in the Portland Police Bureau to load

twenty-eight cartridges into a thirty-round magazine. I verified with Officer Fender he only loaded twenty-eight cartridges into his magazine, and he told me he did.

At my direction, Officer Fender removed the spare magazine for his rifle from the pouch on the buttstock of the rifle. I then removed twenty-eight .223 caliber cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding thirty cartridges. I verified with Officer Fender he only loaded twenty-eight cartridges into his magazine, and he told me he did.

At my direction, Officer Fender removed the spare magazine for his rifle from the sling pouch on the sling of the rifle. I then removed eighteen .223 caliber cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding twenty cartridges. I verified with Officer Fender he only loaded eighteen cartridges into his magazine, and he told me he did.

Officer Fender then unslung his rifle and handed it to me. I pulled the bolt to the rear, ejecting one .223 caliber cartridge from the chamber. This round was retrieved. I then locked the bolt to the rear, and presented an empty rifle to Criminalist Durham. The rifle was a .223 caliber Colt AR15-A2, SN #LGC015977.

At my direction, Officer Fender then removed the magazine from the handgun in his holster. Officer Fender then handed the magazine to me and I removed seventeen 9mm cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding seventeen cartridges.

Officer Fender then removed his handgun from its holster and handed it to me. I pulled the slide back, ejecting one 9mm cartridge from the chamber. This round was retrieved. I then locked the slide to the rear, and presented an empty handgun to Criminalist Durham. The handgun was a 9mm Glock Model 17, SN #KDD665.

I noted Officer Fender carried three spare magazines for his handgun on his duty belt. At my direction, Officer Fender removed the spare magazine from the right handgun magazine pouch on his duty belt and handed it to me. I then removed eighteen 9mm cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding seventeen cartridges, however if the magazine spring is weak or over-compressed, an additional cartridge can be loaded into the magazine. During the process of unloading the magazine, the follower actually jammed inside the magazine, allowing cartridges to literally fall out of the magazine. I then directed Officer Fender to remove the spare magazine from the center handgun magazine pouch on his duty belt and hand it to me. I then removed seventeen 9mm caliber cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding seventeen cartridges. I then directed Officer Fender to remove the spare magazine from the left handgun magazine pouch on his duty belt and hand it to me. I then removed seventeen 9mm cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding seventeen cartridges.

At my direction, Officer Fender then removed his backup handgun from its holster and handed it to me. I removed the magazine from the handgun and I removed ten 9mm cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding ten cartridges. I then pulled the slide back, ejecting one 9mm cartridge from the chamber. This round was retrieved. I then locked the slide to the rear, and presented an empty handgun to Criminalist Durham. The handgun was a 9mm Glock 26, SN #KAA958.

I verified Officer Fender did not carry any other magazines for his rifle or handgun, nor did he carry any other firearms. At the conclusion of the weapon countdowns, based on how Officer Fender loads his rifle magazines, we determined Officer Fender had fired his rifle four times, and had not fired either of his handguns. Officer Nutting then removed his handgun from its holster and handed it to me. I pulled the slide back, ejecting one 9mm cartridge from the chamber. This round was retrieved. I then locked the slide to the rear, and presented an empty handgun to Criminalist Durham. The handgun was a 9mm Glock Model 17, SN #HZK806.

I noted Officer Nutting carried two spare magazines for his handgun on his duty belt. At my direction, Officer Nutting removed the spare magazine from the upper handgun magazine pouch on his duty belt and handed it to me. I then removed seventeen 9mm cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding seventeen cartridges. I then directed Officer Nutting to remove the spare magazine from the lower handgun magazine pouch on his duty belt and hand it to me. I then removed seventeen 9mm cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding seventeen cartridges.

I verified Officer Nutting did not carry any other magazines for his rifle or handgun, nor did he carry any other firearms. At the conclusion of the weapon countdowns, based on how Officer Nutting loads his rifle magazines, we determined Officer Nutting had fired his rifle once, and had not fired his handgun. The rifle, rifle magazines, and .223 caliber cartridges were all collected by Criminalist Durham. The Glock handgun, magazines, and cartridges were all returned to Officer Nutting.

I asked Officer Nutting if he would be willing to conduct an on-scene briefing at this time, and Officer Nutting replied, "No." I asked Officer Nutting if he would be willing to provide an interview at this time, and he replied, "No."

Officer Nutting was then issued a Communication Restriction Order by Sergeant Whattam.

SUMMARY

Multiple officers, including Officer Phifer, responded to CityTeam Ministries on a report of a male, later identified as JOHN ELIFRITZ, armed with a knife and threatening people. JOHN ELIFRITZ observed the officers converging on his location and used the knife to cut both sides of his neck. The officers entered the location, and JOHN ELIFRITZ retreated from the officers, keeping the knife at his throat. JOHN ELIFRITZ was given multiple commands to drop the knife, but refused to do so. Less Lethal was deployed multiple times, with no effect. JOHN ELIFRITZ then held the knife at waist level in front of him and ran at the officers, and Officer Phifer fired his rifle at JOHN ELIFRITZ, who then collapsed to the ground approximately fifteen to twenty feet from the officers, with his hands underneath him. After Less Lethal was deployed and JOHN ELIFRITZ did not respond, officers approached JOHN ELIFRITZ and rolled him on to his side. When JOHN ELIFRITZ was rolled a folding knife dropped from JOHN ELIFRITZ's right hand, and officers noted he was obviously deceased. JOHN ELIFRITZ was immediately checked by medical personnel and pronounced deceased. This report documents the countdown of Officer Phifer's weapons at the scene, as well as the subsequent statements by Officer Phifer.

Officer Polas told me he normally carries a backup handgun, a .38 caliber revolver, but he did not have it with him during this incident, and it had been left at North Precinct prior to starting his shift. Officer Polas also said he carries two speed-loaders of spare ammunition for the revolver on his duty belt, and had those with him. I directed Officer Polas to hand me the two speed-loaders, which he did after removing them from a pouch on his duty belt. I noted each speed-loader contained five .38 caliber cartridges. with Deputy Sieczkowski and his union representative, Detective Robertson. Deputy Sieczkowski was photographed by Criminalist Durham. Criminalist Durham was also present to document the weapon countdowns via photographs.

At my direction, Deputy Sieczkowski removed the magazine from the handgun in his holster. Deputy Sieczkowski then handed the magazine to me and I removed thirteen .40 caliber cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding fifteen cartridges.

At my direction, Deputy Sieczkowski then removed his handgun from its holster and handed it to me. I pulled the slide back, ejecting one .40 caliber cartridge from the chamber. This round was retrieved. I then locked the slide to the rear, and presented an empty handgun to Criminalist Durham. The handgun was a .40 caliber Glock Model 22, SN #MSA223.

I noted Deputy Sieczkowski carried three spare magazines for his handgun on his duty belt. At my direction, Deputy Sieczkowski removed the spare magazine from the right handgun magazine pouch on his duty belt and handed it to me. I then removed fifteen .40 caliber cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding fifteen cartridges. I then directed Deputy Sieczkowski to remove the spare magazine from the center handgun magazine pouch on his duty belt and hand it to me. I then removed fourteen .40 caliber cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding fifteen cartridges. I then directed Deputy Sieczkowski to remove the spare magazine from the left handgun magazine pouch on his duty belt and hand it to me. I then removed fifteen .40 caliber cartridges from the magazine, rendering it empty. At full capacity, the magazine is capable of holding fifteen cartridges. I verified with Deputy Sieczkowski he had not changed magazines in his handgun after firing, and he had only loaded fourteen cartridges in the fifteen round magazine in the center handgun magazine pouch on his duty belt.

I verified Deputy Sieczkowski did not carry any other magazines for his handgun, nor did he carry any other firearms. At the conclusion of the weapon countdown, we determined Deputy Sieczkowski had fired his handgun once. The Glock handgun, magazines, and cartridges were all collected by Criminalist Durham.

I asked Deputy Sieczkowski if he would be willing to conduct an on-scene briefing at this time, and Deputy Sieczkowski replied, "No." I asked Deputy Sieczkowski if he would be willing to provide an interview at this time, and he replied, "No."

Deputy Sieczkowski was then released from the scene. Because Deputy Sieczkowski is not a member of the Portland Police Bureau, Sergeant Whattam had no authority to issue a Communication Restriction Order to Deputy Sieczkowski. Sergeant Gosson later issued Deputy Sieczkowski a Multnomah County Sheriff's Office Communication Restriction Order.

NARRATIVE

Portland Police Bureau  
PUBLIC RECORD RELEASECASE NUMBER  
GO 42 2018-114856**CONFIDENTIAL**

On April 7th, 2018, at 1425 hours, JOHN ELIFRITZ called 911 to report his family had been killed and were inside a grey duplex near SE 79th Avenue and SE Holgate Boulevard. Numerous officers responded to the area, and were able to determine there was no basis of truth in JOHN ELIFRITZ's report. Other officers located JOHN ELIFRITZ at SE 86th Avenue and SE Holgate Boulevard, and when they attempted to contact him, JOHN ELIFRITZ began backing away from them and retrieved a knife from his pocket which he then held up to his throat. JOHN ELIFRITZ then ran away from the officers, and a decision was made to disengage from JOHN ELIFRITZ. At 1637 hours, COLLEEN VALA called 911 to report her Honda CR-V had been stolen from her by force at SE 72nd Avenue and SE Foster Road. The suspect was later identified as JOHN ELIFRITZ. At 1929 hours, 911 callers reported the same vehicle had been abandoned in the street at SE MLK and SE Stark Street, and the driver, whose appearance was consistent with JOHN ELIFRITZ, ran eastbound on SE Stark Street. At 2000 hours, JOHN ELIFRITZ was fatally shot after advancing on officers while armed with a knife.

On April 9th, 2018, at 0900 hours, Detective Slater and I went to the Oregon State Medical Examiner's Office. The post-mortem examination began at 0930 hours, and was conducted by Dr. Cliff Nelson. The procedure was documented via photographs by Criminalist Nebling, and items of evidence were collected by Criminalist Ware (see Supplemental Reports by Criminalist Nebling and Criminalist Ware for complete details). Deputy District Attorney Jackson and Officer Hertzler were also present.

During his preliminary examination of JOHN ELIFRITZ, Dr. Nelson noted JOHN ELIFRITZ was clothed as follows: a pair of blue jeans with bullet defects, containing the following: a can of chewing tobacco in the back right pocket and a wallet in the left rear pocket; a leather belt; a pair of black underwear; white socks; brown shoes; and a blue coat.

During his external examination, Dr. Nelson noted the following Less Lethal impacts: an impact toward the inside of the right thigh; an impact to the front of the left thigh; an impact to the back of the right thigh, above the knee; an impact to the outside of the lower left leg, at the top of the calf; an impact to the back of the left thigh; and an impact toward the inside of the upper right thigh.

During his external examination, Dr. Nelson noted the following: an incised wound to the left side of the neck that incised through the skin and into the muscle, and three separate superficial incisions on the right side of the neck, totaling six-inches in length, that incised through the skin.

During his external and internal examination, Dr. Nelson also noted the following gunshot wounds: Gunshot Wound (GSW) #1 was a gunshot entrance wound to the middle of the left thigh, which perforated the quadriceps muscle, with a trajectory of front to back. Multiple copper and lead fragments were present, as well as two key fragments, which were recovered; Gunshot Wound (GSW) #2 was a gunshot entrance wound to the outside of the left little finger, which fractured the bone and exited through the finger pad; Gunshot Wound (GSW) #3 was a gunshot entrance wound to the base of the right hand by the wrist, which perforated skin and muscle before exiting at the back of the hand by the wrist; Gunshot Wound (GSW) #4 was a gunshot entrance wound to the lower right side of the abdomen, which perforated the skin and fat, and exited out the lower abdomen near the waist, with a trajectory of front to back, left to right, and above to below. Metal fragments were recovered along the wound track; Gunshot Wound (GSW) #5 was a gunshot entrance wound to the upper right side of the abdomen, which perforated the skin and fat, and struck the right costal margin and fragmented, with a trajectory of front to back, and left to right. Metal fragments were recovered from the fatty tissues on the lower right flank; Gunshot Wound (GSW) #6 was a gunshot entrance wound to the upper right side of the chest, which perforated the skin and pectoral muscle, perforated the upper lobe of the right lung, fractured the right humerus, and perforated into the right triceps muscle, with a trajectory of front to back, right to left, and slightly up. A bullet fragment was recovered in the fatty tissue of the right triceps muscle; Gunshot Wound (GSW) #7 was a gunshot entrance wound to the middle of the right side of the chest, which perforated the skin and fat, and the pectoral muscle and exited out the right side of the chest, with a trajectory of left to right, and downward. A shotgun wad cup was recovered just inside the exit wound; Gunshot Wound (GSW) #8 was a gunshot entrance wound to the top of the right shoulder, which perforated the skin and fat, the deltoid muscle, the axilla muscle, and exited out right axilla, with a trajectory of front to back and above to below. perforated into the upper lobe of the left lung, and exited out just above the entrance, with a trajectory of front to back. Metal fragments were recovered along the wound track.

At the conclusion of his examination, Dr. Nelson concluded the combination of gunshot wounds to the chest was fatal, and determined the cause of death to be multiple gunshot wounds. The post-mortem examination was concluded at 1145 hours.

SUMMARY

COLLEEN VALA called 911 to report her Honda CR-V had been stolen from her by force at SE 72nd Avenue and SE Foster Road. Approximately three hours later, the same vehicle was involved in a road rage incident in the area of N Columbia Boulevard and N Chautauqua Boulevard. A short time after that, 911 callers reported the same vehicle had been abandoned in the street at SE MLK and SE Stark Street, and the driver ran eastbound on SE Stark Street, and his appearance was consistent with JOHN ELIFRITZ. A short time later, JOHN ELIFRITZ was located inside CityTeam Ministries, advanced toward officers while armed with a knife, and was fatally shot. This report documents the search of the CR-V stolen by JOHN ELIFRITZ.

NARRATIVE

On April 7th, 2018, at 1637 hours, COLLEEN VALA called 911 to report her Honda CR-V had been stolen from her by force at SE 72nd Avenue and SE Foster Road. The suspect was later identified as JOHN ELIFRITZ. At 1929 hours, 911 callers reported the same vehicle had been abandoned in the street at SE MLK and SE Stark Street, and the driver, whose appearance was consistent with JOHN ELIFRITZ, ran eastbound on SE Stark Street. At 2000 hours, JOHN ELIFRITZ was fatally shot after advancing on officers while armed with a knife. The CR-V was subsequently towed to Rivergate Vehicle Storage.

On April 8th, 2018, I contacted COLLEEN VALA, obtained her consent to process her vehicle, and also arranged to meet her at Rivergate Vehicle Storage the next day in order to process her vehicle with her present so she could identify possible items of evidence.

On April 9th, 2018, at 1430 hours, Detective Slater and I went to Rivergate Vehicle Storage to process the Honda CR-V. COLLEEN VALA met us in the parking lot, and I escorted her into the secure area where her vehicle was stored. Prior to any processing, the vehicle was photographed both externally and internally by Criminalist McIntyre. Inside and outside the vehicle, we noted the following: the obvious damage to the front right wheel and tire was new, the scrapes on the right rear wheel and tire were new, the dirt smeared along the entire right side of the exterior of the vehicle was new, and the cut mark on the handle located on the inside of the right rear door was new. A cell phone was located on the front passenger seat, which COLLEEN VALA told me was not her phone. This cell phone was later collected by Criminalist McIntyre (see Supplemental Report by Criminalist McIntyre for details).

PUBLIC RECORD RELEASE  
**CONFIDENTIAL**

I gave COLLEEN VALA her house keys, which were attached to the ring of keys inside the vehicle, but maintained possession of the keys for the vehicle. I later released the vehicle to COLLEEN VALA's insurance company.

While examining the vehicle, we noted the driver-side seatbelt had been incised through at approximately shoulder height. Neither said COLLEEN VALA nor her father cut her out of her seatbelt, and she was unsure how it had been incised. A short time after leaving Rivergate Vehicle Storage, COLLEEN VALA called me and said she believed JOHN ELIFRITZ may have cut her out of her seatbelt when her father was trying to pull her out of her car.

This investigation is ongoing.

NARRATIVE

On April 7th, 2018, at 1637 hours, COLLEEN VALA called 911 to report her Honda CR-V had been stolen from her by force at SE 72nd Avenue and SE Foster Road, which was witnessed by CHUCK CALHOUN. On April 9th, 2018, I received a voicemail from CHUCK CALHOUN asking me to contact him about JOHN ELIFRITZ. On April 10th, 2018, at 1530 hours, I called CHUCK CALHOUN, and recorded my conversation with him. Because the interview was recorded in its entirety, what follows is a brief summary of CHUCK CALHOUN's statements.

CHUCK CALHOUN was in the Maple Leaf Diner at 7129 SE Foster Road, and saw JOHN ELIFRITZ enter the diner wearing pants and shirt, with no jacket, and appeared to only be in the diner in order to get out of the rain. CHUCK CALHOUN said diner staff told JOHN ELIFRITZ he could not stay in the diner unless he was going to buy something. CHUCK CALHOUN said JOHN ELIFRITZ then left, and CHUCK CALHOUN left the diner about five minutes later. CHUCK CALHOUN was crossing SE 72nd Avenue eastbound and JOHN ELIFRITZ walked by him going westbound. A short time later, CHUCK CALHOUN heard a horn honking, and turned around to see a male, later determined to be SCOTT VALA, pulling COLLEEN VALA out of her car. CHUCK CALHOUN said he then saw JOHN ELIFRITZ drive away in the Honda CR-V. CHUCK CALHOUN said he had seen the video of the Officer Involved Shooting on the internet, and recognized JOHN ELIFRITZ as the same person involved in the carjacking, and the same person he saw in the Maple Leaf Diner.

At the end of the interview, I deactivated the digital recorder. I later copied the recording of the interview onto a CD-R, which was placed into the Property Evidence Division on Portland Police Bureau Property/Evidence #A054411 as evidence. Please refer to the attached transcript for a verbatim account of the interview.

This investigation is ongoing.

**Calhoun:** Hello, this is CHUCK.

**Kammerer:** Hey CHUCK, this is Detective Kammerer with the Portland Police.

**Calhoun:** Yeah, howdy.

**Kammerer:** Hey, I got your... message.

**Calhoun:** Okay, okay, all right. I was wondering if you were one of the officers that called me then that same night but...

**Kammerer:** Yeah, you uh, I got your message um, and I just um, I read the officer's report and uh, I just kinda wanted to get um, uh 'cause in in the report it doesn't mention the fact that you were in the diner and then on the message you left you told me you were in the diner.

**Calhoun:** Yeah, uh, when he walked in...

**Kammerer:** Uh-huh. Can you tell me about that?

**Calhoun:** Um, I was in there for about an hour and I was eatin' and stuff and I was gettin' ready to leave and I was just chatting with the lady that owns the place and then uh, the individual um, Mr. ELIFRITZ, is that his name?

**Kammerer:** Uh-huh.

**Calhoun:** Yeah, he come walking in and he looked like he was in a bad way. He, he had clothes on. He didn't have the coat that he had on in the video but he came in with just like street clothes and a plastic see through bag and looked like he, he was gettin', it was raining, it was not real cold but looked like he was just getting out of the weather.

**Kammerer:** Hm-hm...

**Calhoun:** He came in and he just mentioned something to the owner is it soup Saturday or something, just something kinda goofy.

**Kammerer:** Is it soup Saturday?

**Calhoun:** Well he said something like that.

**Kammerer:** Okay.

**Calhoun:** Do you have any soup today or he just said something um, which wasn't out of character I guess but he just seemed different. I, I was gonna buy the guy a coffee or I was going to buy his meal when I was done paying my thing, but he just kinda just uh, her son came up and asked him a question and then, then he just kinda bolted right... and then, then the gentleman, he left the premises. Me and the lady talked and I said you know that guy who come in and she goes I've never seen him and, and then uh, then I talked to her for five minutes and then I leave and then uh, me and him cross paths right in front of the, right in front of the vehicle that was, that was carjacked and uh... so I, I keep going... I don't know what he does but I just made eye contact with him just to see you know, look like he was hurting um, he wasn't, he wasn't anxious, he wasn't, he wasn't uh in the restaurant, he wasn't uh, he wasn't crazy but uh, so I crossed the street then I hear the horn honking and I, then I see a gentleman pull her out of the vehicle which was her dad, her dad was parked behind her.

**Kammerer:** Uh-hm.

**Calhoun:** Um, so I run across the street. She's honking on the horn and I, I thought there was a wreck and then maybe the horn got stuck. I was just trying to observe and then when I saw her getting pulled out I thought well, I'm just going to go over there and just see what's going on and then, then the vehicle drove through the, through the light and then get over there and then they kinda explain it slowly well this is what's going on and then he asked me if, if I seen the guy and I said yeah I saw him twice you know and so he shared his number and then I was, I was uh, I was contacted by I don't even remember the officer's name but he called me a few times through the evening and, he finally said he, he'd ask me questions and then say well then in an hour we're going to get a thing together and then he said that she could not identify him and I said well I guarantee I can identify him if it's a good picture of what he looks like now and then uh, then he called me like, he's we're heading to do it right now and I said okay and then he said well, then he called me five minutes later and said um, we don't, we don't need ya and he said uh, you might want to watch the news tonight and then my buddy giggled something and said well that guy was shot and killed.

**Kammerer:** Okay.

**Calhoun:** So that's about, that was about the capacity where I was you know, that's just what I observed.

**Kammerer:** Sure. Um, when you said that he didn't look like he did in the video, what video are you talking about?

**Kammerer:** Oh, okay.

**Calhoun:** Yeah, that's the only thing. Yeah, yeah, yeah.

**Kammerer:** Okay.

**Calhoun:** Yeah, yeah, yeah, yeah.

**Kammerer:** And have you seen this guy before?

**Calhoun:** I have never seen this person before in my life.

**Kammerer:** Okay, um, 'cause you said uh, he asked you know if it was soup Wednesday or whatever and you said that it wasn't out of the ordinary for him. I thought maybe you knew him.

**Calhoun:** No, no I just meant that like someone asking if this is soup Saturday I just thought that, that's a general standard question...

**Kammerer:** Okay.

**Calhoun:** ... To ask then uh... To me, he, he came in there to take refuge they acknowledged him coming in so that kind of defrayed him. He kinda just exited and uh, that was the extent of that.

**Kammerer:** Okay.

**Calhoun:** Yeah, yeah.

**Kammerer:** And you didn't talk to him at all or have any conversation with him or?...

**Calhoun:** I had no conversation with him.

**Kammerer:** Okay.

**Calhoun:** Other than just kind of seeing him and then crossing paths too when he crossed the crosswalk.

**Kammerer:** And you said he was acting pretty much normal at that point?

**Calhoun:** Well I mean he wasn't, he wasn't yeah, yeah, yeah. He, he was in a hurry. I mean he, he, to me he looked like he was in a bad way when I first seen him he looked

like... when I first seen him in the restaurant he just looked cold. He looked like he wanted to get out of, it was raining.

**Kammerer:** Um-hm.

**Calhoun:** He wanted to get out of the weather. I kinda felt for the guy right?

**Kammerer:** Hm-hm.

**Calhoun:** Uh, uh, I know now you know, what transpired but uh, other than it's unfortunate that uh, and then when we crossed paths um...when he came at me you know uh just walking by um, he just seemed like he was kind of in a hurry and so it looks like he saw an opportunity and, and then what happened happened.

**Kammerer:** Okay, so when you guys crossed paths, you were crossing the street is that correct?

**Calhoun:** Yeah, yeah, yeah. I was heading, I was heading east uh, up on the north side of-of Foster and I crossed through 72<sup>nd</sup> at the light.

**Kammerer:** Okay.

**Calhoun:** Just, just coming through.

**Kammerer:** And was he walking west then?

**Calhoun:** He was walking west yeah, we were going opposite directions. I was going up in numbers he was going down.

**Kammerer:** Okay.

**Calhoun:** You know, I mean he was 10-15 feet from her, from her passenger side, yeah.

**Kammerer:** Of, of that lady's car?

**Calhoun:** Yeah, the silver vehicle.

**Kammerer:** Okay and he walked right over to that as far as you could tell?

**Calhoun:** Say it again?

**Kammerer:** He walked right over to that car as far as you could tell?

**Calhoun:** That, that I don't know. I-I kept going. I paid no attention to him. I crossed Foster, I heard the horn honk so I just stopped to observe and then, and then I saw the- which turns out to be his father because he explained it...

**Kammerer:** Um-hm.

**Calhoun:** And he, he pulled her out of the vehicle so I didn't know what was going on so, I ran across the street because I could tell it was a lady being pulled out of a vehicle by a man so I thought well just, I just, I got two daughters um, I just thought well I'm just going to go over there and see what's going on.

**Kammerer:** Sure, sure.

**Calhoun:** And two other gentlemen did come over too. Evidently they didn't see the guy.

**Kammerer:** Okay.

**Calhoun:** When this gentleman asked them did anyone see him and I, and I just mentioned that well yes I did so I shared, I shared my, my name...

**Kammerer:** And did you get involved in-in pulling her out of the car or, uh, that -you, that was just afterwards?

**Calhoun:** Um, no her, her dad pulled her out of the vehicle.

**Kammerer:** Okay.

**Calhoun:** What he said to me was the guy got in the vehicle. I thought maybe she knew him but he didn't know what was going on then she started honking the horn and then that alerted her, that alerted him to check things out...

**Kammerer:** Um-hm.

**Calhoun:** And then she was still buckled in and he tried to pull her and she didn't come out at first. He had to explain to me you know and he was still kind uh, she was there sobbing and she said that he told me he was going to kill me and you know, I just go whoa, this is a trip you know and...

**Kammerer:** Right.

**Calhoun:** ... And um, he succeff- successfully got her out um, yeah...

**Kammerer:** All right. W-um, is there anything that I didn't ask you that you think is important that I know?

**Calhoun:** Um, no, I mean I just, this is what I wish and this is neither here nor there but and I know you guys have a policy and, and this has happened bef- you guys have to, you guys have to all go home at night like we all do and so I know you guys felt like a policy but it would just be nice if there was a way of taken this man down without you know, and I know you guys have a policy and they can do things

**Kammerer:** Yeah, I couldn't agree with you more on that sir, I wish there was a way to just magically stop people from doing what they're doing.

**Calhoun:** No, no, no. I hear ya. I mean, did you- you gotta do something so I do understand that part but I just wish there was a protocol that uh takes them down and then deal with it there instead of like ending it.

**Kammerer:** Right. No- I, I agree.

**Calhoun:** Yeah, yeah, yeah. So no, I mean, still hats off to the guys that got it done, but, uh, yeah, yeah, the good thing would have been if there had been a happier ending for most people but it's, it's just the way things are right now. It just seems like- but you know so, anyhow, I have a lot of respect for you gentleman. You guys have a tough job (laughs).

SUMMARY

Multiple officers, including Deputy Simpkins, responded to CityTeam Ministries on a report of a male, later identified as JOHN ELIFRITZ, armed with a knife and threatening people. JOHN ELIFRITZ observed the officers converging on his location and used the knife to cut both sides of his neck. The officers entered the location, and JOHN ELIFRITZ retreated from the officers, keeping the knife at his throat. JOHN ELIFRITZ was given multiple commands to drop the knife, but refused to do so. Less Lethal was deployed multiple times, with no effect. JOHN ELIFRITZ then held the knife at waist level in front of him and ran at the officers, and other officers fired lethal rounds at JOHN ELIFRITZ, who then collapsed to the ground approximately fifteen to twenty feet from the officers, with his hands underneath him. After Less Lethal was deployed and JOHN ELIFRITZ did not respond, officers approached JOHN ELIFRITZ and rolled him on to his side. When JOHN ELIFRITZ was rolled a folding knife dropped from JOHN ELIFRITZ's right hand, and officers noted he was

obviously deceased. JOHN ELIFRITZ was immediately checked by medical personnel and pronounced deceased. This report documents the interview of Deputy Simpkins.

NARRATIVE

On April 7th, 2018, at 1425 hours, JOHN ELIFRITZ called 911 to report his family had been killed and were inside a grey duplex near SE 79th Avenue and SE Holgate Boulevard. Numerous officers responded to the area, and were able to determine there was no basis of truth in JOHN ELIFRITZ's report. Other officers located JOHN ELIFRITZ at SE 86th Avenue and SE Holgate Boulevard, and when they attempted to contact him, JOHN ELIFRITZ began backing away from them and retrieved a knife from his pocket which he then held up to his throat. JOHN ELIFRITZ then ran away from the officers, and a decision was made to disengage from JOHN ELIFRITZ. At 1637 hours, COLLEEN VALA called 911 to report her Honda CR-V had been stolen from her by force at SE 72nd Avenue and SE Foster Road. The suspect was later identified as JOHN ELIFRITZ. At 1929 hours, 911 callers reported the same vehicle had been abandoned in the street at SE MLK and SE Stark Street, and the driver, whose appearance was consistent with JOHN ELIFRITZ, ran eastbound on SE Stark Street. At 2000 hours, JOHN ELIFRITZ was fatally shot after advancing on officers while armed with a knife.

On April 7th, 2018, Deputy Simpkins was identified as being a witness to the Officer Involved Shooting, and was transported to the Detective Division to be interviewed. On April 8th, I noticed Deputy Simpkins had not been interviewed. I subsequently learned Deputy Simpkins waited to be interviewed, but became tired, and, at the recommendation of his union representative, left, with the belief he would be interviewed later. On April 9th, 2018, I contacted a supervisor at the Transit Division, and learned Deputy Simpkins was on his day off. I requested he contact me when he returned to work. On April 10th, 2018, Deputy Simpkins contacted me and arranged to meet me the next day to be interviewed. On April 11th, 2018, at 1400 hours, Detective Slater and I met with Deputy Simpkins and his union representative, Sargent Beard, at the Detective Division. We escorted Deputy Simpkins and Sergeant Beard to a conference room in the Detective Division, where we conducted the interview. Prior to the interview, I activated a digital recorder. I ensured Deputy Simpkins understood the conversation was being recorded, and he consented to the recording. Because the interview was recorded in its entirety, what follows is a brief summary of Deputy Simpkins's statements.

Deputy Simpkins was working a partner car with Deputy Sieczkowski, and they had responded to the area of SE MLK and SE Stark Street to assist with locating a carjacking suspect who had fled on foot. While they were searching the area, a clerk from the Jacksons store said the suspect had just left their store. Deputy Simpkins and Deputy Sieczkowski continued looking in the area, and heard people in the CityTeam Ministries across the street yelling, "He's over here!" and the person was armed with a knife. Deputy Simpkins and Deputy Sieczkowski went to that location, and Deputy Simpkins saw a person later determined to be JOHN ELIFRITZ standing inside with a knife in his right hand held to his neck, and bleeding severely from a cut to his neck. Additional officers began arriving, and Deputy Simpkins made room for them to address JOHN ELIFRITZ. Deputy Simpkins heard JOHN ELIFRITZ saying something but could not understand what he was saying. Deputy Simpkins also heard officers telling JOHN ELIFRITZ to drop his knife. Deputy Simpkins was aware Less Lethal had been deployed.

Deputy Simpkins said the group of officers entered into the building, and several of them, including Deputy Sieczkowski, addressed JOHN ELIFRITZ, while Deputy Simpkins and other officers focused on addressing the civilians inside the building. Deputy Simpkins was trying to get the attention of a group of civilians against the back left corner of the room in order to get them to safety. Deputy Simpkins then looked toward JOHN ELIFRITZ and saw he was advancing toward the other officers, and he heard several gunshots and saw JOHN ELIFRITZ collapse to the ground. Deputy Simpkins believed JOHN ELIFRITZ was going to "attack" the other officers, and was prepared to shoot JOHN ELIFRITZ but was unable to do so before the other officers fired.

At the end of the interview, I deactivated the digital recorder. I later copied the recording of the interview onto a CD-R, which was receipted on Portland Police Bureau Property/Evidence Receipt #A054412 as evidence. During the interview, Deputy Simpkins referenced a diagram which I had provided him, and I also receipted that on Portland Police Bureau Property/Evidence Receipt #A054412. I then placed all of the items into the Portland Police Bureau Property Evidence Division as evidence. Please refer to the attached transcript for a verbatim account of the interview.

**Kammerer:** Alright, this is Detective Kammerer, with Portland Police Bureau, today is April 11<sup>th</sup>, 2018. It is approximately 14:09 hours. We're in the small conference room on the 13<sup>th</sup> floor of the Justice Center, uh, inside the Detective, Detective Division. Also present, Detective Mark Slater, uh, we're here to interview Deputy TYLER SIMPKINS, uh, DPSST #53588, the Clackamas County Sheriff's Office, and also present is his union representative, Sergeant Tim Beard, DPSST #37230, also with the Clackamas County Sheriff's Office. And, uh, Deputy SIMPKINS, you understand this conversation is being recorded?

**Simpkins:** Yep.

**Kammerer:** And you're okay with that?

**Simpkins:** Absolutely.

**Kammerer:** Okay. Sergeant Beard?

**Beard:** Yes.

**Kammerer:** Okay. Uh, so we're here to discuss an officer-involved shooting that occurred, uh, a few days ago, uh, Case #18-114865, and you are identified as a witness officer in this incident, is that correct?

**Simpkins:** Yes, that's correct.

**Kammerer:** Alright, uh, can you g-go ahead and just kind of tell me, uh, what you saw, what happened, what you know...

**Simpkins:** Yeah.

**Kammerer:** ...um, about that night.

**Simpkins:** Uh, so Deputy SIECZKOWSKI and I were partnered together, uh, we were in the area, searching for the suspect in a, uh, uh, carjacking, the vehicle had, was reported crashed, and the suspect had left on foot. Um, initially described as a, uh, white male, I don't remember the exact build description, but, uh, wearing no shirt and blue pants, uh, and, uh, we were searching around, and, uh, one of the, uh, clerks from Jackson's, I believe it was, uh, flagged us down and said, I can't remember, uh, where, she said, she said he was just, just in the area a little bit ago, uh, and so we continued looking, and we went to the, to a scene where,

uh, AMR was, uh, 'cause there was s-uh, I can't remember who had reported it, but there, it was reported that he was right, right near them, uh, we talked to them, they said he wasn't, he w-he wasn't there anymore, and as we were heading back to our car that was, uh, right across the street from the, the homeless shelter, um, I saw a couple of people coming out of the homeless shelter, uh, saying he's over here, he's over here. Uh, uh, so Deputy SIECZKOWSKI and I went up towards the front of the homeless shelter, and, uh, uh, as soon as we started getting close to the door, a couple, uh-you know, there were several people coming out, I heard a couple people, uh, o-o-one person said, uh, he's inside, and then another person said, uh, he's got a knife and he's trying to stab people. Uh, as soon as I got to the, the front door, I could see a male who I had looked up previously, uh, I s-I looked up a photo of him, uh, it was, uh, I can't remember his last name, JOHN, uh, it started with an F, I can't remember it off the top of my head...

**Kammerer:** Okay.

**Simpkins:** ...um, I looked him up previously in the day, associated with a call that I believe East Precinct dealt with, uh, uh, so I, I, I, I was familiar with him, I looked up his photo, and I recognized him, uh, as soon as I got to the front door. He, uh, he was just inside, I would say maybe 10 to 20 feet inside the door, uh, I saw he had a knife in his right hand, and he was holding that up to his neck, and I saw on the l-left side of his neck, uh, there appeared to be a, uh, cut that was bleeding severely. Um, shortly, like a few seconds later, a couple more officers arrived that had rifles, so I kind of moved, moved towards the back and let them get up to the front, um, uh, I, I, he was saying something, but I couldn't understand what, what the suspect was saying, uh, several a-a couple of the officers, I don't know exactly who they were, they were giving him commands to drop the knife, um, and there were still people trying to get out the front door, uh, so once a few more officers got there, we, uh, started making entry into the room, 'cause there was still a bunch of civilians in the back corner.

**Kammerer:** Uh-hm.

**Simpkins:** Uh, back left corner, if you're looking at, looking at it from the front door, uh, and I started moving down along the left well with Deputy SIECZKOWSKI, uh, there were several other officers that were kinda focused on the suspect, so I was trying to get the attention of the, the, uh, civilians that were huddled in the back left corner, uh, to get 'em to come along the wall and get out of the, get out of the building. Um, and, uh, I made it past, I made it past, I think there were a couple door-uh, there was a door right in the front left corner, and then there was, I think there were two more doors about in the middle of the room on the left wall, uh, we made it somewhere around those doors, maybe just a little bit past 'em, uh, I don't remember exactly what it was, but something drew my

attention back towards the suspect, and when I, when I turned and looked, I saw him, uh, advancing on officers on the, 'cause there was a, uh, little three-foot wall surrounding like, a staircase or something in the middle of the room, uh, he was on the other side of that from a-from me and Deputy SIECK-SIECZKOWSKI, uh, and he was advancing towards the front door, towards other officers on the other side of that wall. Um, and, uh, right as I turned to, to, turned to address it, uh, several shots went off, and the suspect went down. Um, after that we were able to get the attention of the peo-uh, the civilians in the back corner, and got 'em down along the wall and out of the building, uh, and then shortly thereafter, after, I don't know exactly where the knife was from there, but, uh, after they determined where the knife was, uh, they started clearing some chairs out to see if they could give medical aid, uh, but it was clear that wasn't gonna be any help.

**Kammerer:** Okay. Um, what I'd like to do is go back and ask just some clarifying questions about some stuff that, uh, that you said...

**Simpkins:** Yeah, absolutely.

**Kammerer:** Uh, this is a Google Maps printout of, um, the area there, so you have, uh, Stark Street, Grand...

**Simpkins:** Yep.

**Kammerer:** ...which runs northbound, MLK, which runs southbound, uh, here's Washington Street right here...

**Simpkins:** Yeah.

**Kammerer:** ...and then we put an X right here next to City Team...

**Simpkins:** Uh-hm.

**Kammerer:** ...um, so do you, uh, if you could just kinda take me through where you guys came from...

**Simpkins:** Uh...

**Kammerer:** And here's a pen if you need it.

**Simpkins:** Yeah, so I can't remember, let's see here, so we came down, uh, we talked to the clerk at Jackson's right here...

**Kammerer:** Okay.

**Simpkins:** ...uh, and then from there, I believe, 'cause I think, she was kinda pointing out towards the, uh, towards Grand as the direction he went...

**Kammerer:** Uh-hm.

**Simpkins:** ...so we headed out towards Grand, uh, and then I can't remember whether we made a loop around the block first...

**Kammerer:** So were you still in your car at this point?

**Simpkins:** Uh, yeah, we were still in our car at this...

**Kammerer:** Okay.

**Simpkins:** ...point. Um, I...

**Kammerer:** And then you said you'd received some information about, um, from AMR?

**Simpkins:** Yeah, I believe it wa-it was either AMR or Fire, uh, there was an AMR unit right at the corner up here, uh, or somewhere close to that, the corner of Grand and Stark...

**Kammerer:** Uh-hm.

**Simpkins:** ...uh, the south, what's that, southwest corner? Uh, and we'd rec-I don't remember exactly what the information was, there was something pointing us, pointing us to the direction of, uh, that, that's where the suspect might be, so we went up, talked with them, uh...

**Kammerer:** Do you remember if that information came over the radio, or...

**Simpkins:** I...

**Kammerer:** ...if someone flagged you down, or?

**Simpkins:** I believe it came over the radio, but...

**Kammerer:** Okay.

**Simpkins:** ...I can't recall exactly...

**Kammerer:** Okay.

**Simpkins:** ...where that came from. Um, so we went up and talked with the AMR folks, uh, they said they hadn't seen an-seen the suspect, he was, erm, he, he wasn't

there, and as we were, our car was parked, uh, somewhere directly across, uh, from the shelter here...

**Kammerer:** Uh-hm.

**Simpkins:** ...on Grand, uh, as we were getting back to our car, that's when our attention was drawn towards the, the shelter.

**Kammerer:** And what was it that drew your attention to the shelter?

**Simpkins:** Uh, there were a couple people that were coming out, saying, uh, he's over here, he's over here, uh, and then as we approached the front of the, front of the, the building there, that's when the, uh, a couple more people came out. One of 'em said, he's inside, and then the other one said, uh, he had a knife and he was trying to stab people.

**Kammerer:** Okay. And I believe you said you and, uh, Deputy SIECZKOWSKI were partners that day?

**Simpkins:** Correct.

**Kammerer:** And where do you guys work?

**Simpkins:** Uh, we work at Transit, East Precinct out in Gresham.

**Kammerer:** Okay. And you work for Clackamas County, but Deputy SIECZKOWSKI works for Multnomah County?

**Simpkins:** Yes, that's correct.

**Kammerer:** Is that pretty much normal then, for, uh, various agencies to be partnered together?

**Simpkins:** Yeah.

**Kammerer:** Okay.

**Simpkins:** Yeah, we're Transit.

**Kammerer:** And then I believe you said that there was some, uh, some information about, uh, this, uh, same person, uh, JOHN, uh, ELIFRITZ...

**Simpkins:** Yeah.

**Kammerer:** ...that is his name...

**Simpkins:** That's, that's his name.

**Kammerer:** Uh, being involved in something earlier in the day, uh, you thought in East Precinct, and you'd looked him up?

**Simpkins:** Yeah, so earlier in the day, uh, I don't recall exactly what time it was, but earlier in the day, uh, I heard a call about, uh, Mr. ELIFRITZ, uh, a bystander had called in stating that he was holding a knife to his throat, I think it was in the area of some-so-a library somewhere...

**Kammerer:** Uh-hm.

**Simpkins:** ...uh, he was holding a knife to his throat, uh, and stating that his wife and daughter had been killed, um, it's my understanding that the Portland off-uh, we weren't, we weren't in the area, so we weren't actually in, directly involved in that, but, uh, it's my understanding, some of the Portland officers went to his home and, uh, searched the area, and couldn't find any sort of scene, so they decided to disengage. Uh, later in the day I remember hearing a call regarding the same subject who was, uh, jumping out in front of cars, or a car-jumped out in front of a car, something along those lines, I wasn't r-r-paying a-paying too much of attention to that...

**Kammerer:** Um-hm.

**Simpkins:** ...um, and it's my understanding that at that point in time, uh, he wasn't contacted, uh, and then the next, uh, next I heard about it was when the call came out about the, uh, carjacking suspect getting crashed, and, uh, it was a little bit after the call came out that I realized it was the same subject, uh, when they sent out that he was, uh, they sent out a couple names, uh, over the air that, uh, and I recognized his name from the previous incident.

**Kammerer:** Okay.

**Simpkins:** And it's at that time when I actually pulled up his photograph and, and looked at it.

**Kammerer:** Okay, so...

**Simpkins:** When we were en route to this call.

**Kammerer:** ...so while you were en route to that incident, that's when you pulled up his picture and then...

**Simpkins:** That's correct.

**Kammerer:** Okay. And based on what you saw there, that you recognized that as the same person...

**Simpkins:** Yes.

**Kammerer:** ...inside, uh, City Team?

**Simpkins:** Yes.

**Kammerer:** Okay. And then, uh, I believe you said that when you guys were, uh, right there at the doorway, people were coming out, saying he's stabbing people, he's got a knife?

**Simpkins:** Uh, yeah, the o-o-one person, uh, said he had an-he had a knife, and a-another person, or, let's see here, there were, there were several people and they were shouting a lot of things, but at some point in time, the people, with the people coming out, I heard someone say, he's inside, I heard someone say he had a knife, and then I heard, uh, someone say, he was trying to stab people. Th-they didn't say he actual-he actually stabbed people, I just heard someone say he was trying to stab the, I don't remember whether that was the same person that said he had a knife or not.

**Kammerer:** Okay.

**Simpkins:** I don't remember how many people that-those statements were spread over.

**Kammerer:** So when you look inside, what, what do you see when you look inside?

**Simpkins:** Uh, so, from the front door, when I, when you look inside, there's like a, uh, some sort of office or desk space to the right, immediately inside the door. Directly in front of the door, uh, I don't know exactly how far in, maybe 20 feet in, uh, there's like a three foot, uh, wall around some sort, I, I s-I saw it had a swinging door on the f-on the front, towards the front door...

**Kammerer:** Um-hm.

**Simpkins:** ...but I, I couldn't see, I assume it accessed some sort of staircase...

**Kammerer:** Okay.

**Simpkins:** ...and then there was a, like a load-bearing beam, I believe it was on the north side of that, uh, right off the edge of that little three foot wall. Um, or I guess that would be on the south side, sorry.

**Kammerer:** Okay. That's fine.

**Simpkins:** Uh, and then to the left there wa-there's a door in the f-uh, front left corner that, uh, looked like it, uh, it wasn't open at the time, but I later found out it looked like it went up to some sort of staircase, and then an exit, uh, and then there were a couple more doors, or one of 'em, uh, I think it was like, some sort of closet or something that were, that a couple people were hiding in, uh, and then in the back, uh, there were a bunch of chairs spread throughout, uh, throughout the, the room, and then the back left corner is where a bunch of, uh, civilians were huddled in the, the corner, and, uh, initially, when we first started makin- when we first started approaching the door, the suspect was kinda towards the, the front edge of the, uh, uh, the little three foot retaining-or the little f-three foot...

**Kammerer:** Um-hm.

**Simpkins:** ...wall, uh, and as we s-we started getting closer to the door, and more officers started showing up, he started backing up towards the back of that.

**Kammerer:** So when you first saw him, he was, um, over by that, uh...

**Simpkins:** O-o-on the right side of the room...

**Kammerer:** ...wall...

**Simpkins:** ...uh, kinda up towards, like, I would say midway between the retaining wall and whatever the desk, office area was, kinda diagonal, midway in between there.

**Kammerer:** Okay. And what is, uh, what is he doing as you're watching him?

**Simpkins:** Uh, as I'm watching him, he, he seems really agitated, and he's holding a knife, the knife up to the, I believe it was the right side of his neck, and that's when I saw the, the cut on his, on the left side of his neck...

**Kammerer:** Um-hm.

**Simpkins:** ...um, and he was kinda, uh, seem-seemed very tense, and was, uh, uh, moving around, kinda moving f-like, moving side to side, um, and then, uh, that's when a couple more officers showed up, and they had rifles, so I kinda backed off, and I couldn't really see what was going on from there.

**Kammerer:** Okay.

**Simpkins:** Um, and then when we started making entry in to the room, uh, I saw he had moved back, uh, a little bit farther back towards the back side of the, uh, uh, the little three foot wall, on the right side of it.

**Kammerer:** Um-hm.

**Simpkins:** Um, and that's when I started moving down along the left side of the room, keeping that in between us and him, and, uh, my attention was focused on the, the civilians in the far left corner.

**Kammerer:** Okay. And when you went down, uh, that side of the wall, was anybody with you?

**Simpkins:** Uh, I know Deputy SIECZKOWSKI was there with me, I don't remember how far down he made it, um, and then there were, there were a cou-there were s-there like, two or three other officers there with me, I don't recall who they were, though.

**Kammerer:** Okay. W-uh, do you know any of the officers that were out there besides Deputy SIECZKOWSKI?

**Simpkins:** Uh, not personally, no.

**Kammerer:** Okay.

**Simpkins:** I, I...

**Kammerer:** Alright.

**Simpkins:** ...yeah.

**Kammerer:** Not familiar with them, or know their names, or anything?

**Simpkins:** No.

**Kammerer:** Okay. Um, so then I believe you said that, uh, you were watching, uh, uh, Mr. ELIFRITZ, and he began moving, and you were gonna address it?

**Simpkins:** Uh, yeah, so once we moved down along the, the wall, uh, I was trying to get the attention of the c-the civilians in the corner, um, like I said, I don't remember exactly what drew my attention towards him again, but something caused me to turn and look at him again, uh, and I saw him moving forward, he was still on the, uh, if you're looking at it from the front door, he was still on the right side of the, uh, uh, that little three foot wall...

**Kammerer:** Um-hm.

**Simpkins:** ...walled off section. Um, and he was moving towards the front of the room, towards that, the little office area, uh, desk, whatever you wanna call it, uh, which is where a bunch of officers were, uh, and I turned to start addressing the

threat, 'cause I thought he was gonna try and attack them with the knife. Uh, and that's when, uh, several shots went off, and he went down, uh, he was kind- he was b-the three foot walled section was between me and him when he went down, uh, so as soon as he went down, I didn't have a clear, clear view on him anymore.

**Kammerer:** Okay. Um, and what was your, your plan to address him, what does that mean you were gonna do?

**Simpkins:** Uh, uh, I was gonna take, fire shots at him t-'cause I thought he was gonna, uh, attack the, the, uh, officers at the front, I just didn't have a chance to.

**Kammerer:** Okay, so you had your gun out?

**Simpkins:** Yes, I had my-I, I had my gun drawn, uh, starting when we approa-when I heard someone say that he, uh, um, stated the suspect inside was trying to stab people.

**Kammerer:** Okay, so before you even went in.

**Simpkins:** Yes.

**Kammerer:** Okay.

**Simpkins:** Yes.

**Kammerer:** And then it was out the whole time while you were, uh...

**Simpkins:** That's cor-...

**Kammerer:** ...in all that...

**Simpkins:** ...that's correct.

**Kammerer:** Okay. And then, uh, uh, do you recall if you ever pointed your firearm at him?

**Simpkins:** Uh, initially, uh, when he, when he was up front, I, I did point my firearm at him...

**Kammerer:** Okay.

**Simpkins:** ...um, and then as the rifles showed up, I backed off and, uh, as we made entry, there were several other officers that were covering him, uh, so I was focused on the civilians when we, we started moving down the wall.

**Kammerer:** Okay. Did you ever say anything to Mr. ELIFRITZ?

**Simpkins:** Uh, no, I did not.

**Kammerer:** Do you recall hearing anybody else say anything to him?

**Simpkins:** Uh, ye-I, I remember s-I don't remember who, I don't know who it was, but I...

**Kammerer:** Um-hm.

**Simpkins:** ...remember several officers telling him to drop the knife, uh, I think I heard someone say something along the lines of, let's talk for a little bit, um, and, uh, so initially, when we, when we were at the door, uh, I know at least one or two less lethal rounds were fired from the, I believe it was a .40 mm.

**Kammerer:** Okay.

**Simpkins:** Uh, and then as we started making entry, I think I heard a couple more go off, uh, as we were making entry. Um, and, uh, then he started charging at the officers, so they, they, uh, fired at him.

**Kammerer:** Okay. Um, these less lethal rounds, did you ever see any of them impact him?

**Simpkins:** Uh, no, I c-I can't say I did, I don't...

**Kammerer:** Okay.

**Simpkins:** ...I don't know where they hit.

**Kammerer:** Okay. And what was, uh, Mr. ELIFRITZ's reaction when he was told to, to drop the knife, and we want to talk, and...

**Simpkins:** Uh, he seemed completely unresponsive, he was still, uh, I, I don't, I don't recall him saying anything specific, but I remember him saying, saying, uh, saying something, shouting something. Um, but he seemed to, to, uh, s-remain agitated, he, he, he wouldn't, he, he wasn't responding to the commands to put the knife down, he still had the knife up next to his throat, um, and then as we started moving into the room to try and get to the civilians, uh, he started backing off a little bit towards the back of the room.

**Kammerer:** Okay. Um, looking back on it, um, do you think he was aware, um, of who you guys were, that you were the police, that you were, um, you know, challenging him?

**Simpkins:** Yes, I do.

**Kammerer:** Okay. And, and his response then, to you, was based on what you felt was his awareness?

**Simpkins:** I would-yes.

**Kammerer:** Okay. Um, and do you recall, um, specifically, uh, any officer firing, I mean, like, oh, this officer I saw fire, or...

**Simpkins:** Yeah, so...

**Kammerer:** ...uh...

**Simpkins:** ...uh, when I w-'cause I remember, I, I think I was right next to him, uh, Deputy SIECZKOWSKI, when, uh, my attention got shifted from the civilians over to Mr. ELIFRITZ, uh, as I turned, I remember seeing his, uh, his slide cycle once, but I can't, uh, I don't know if that was the f-the only time he shot or not.

**Kammerer:** Okay. So you believe Deputy SIECZKOWSKI fired?

**Simpkins:** Yes.

**Kammerer:** Okay. And did you see, um, could you tell if, uh, Mr. ELIFRITZ was affected by any of the gunfire?

**Simpkins:** Uh, yeah, so as soon, uh, I don't know how many shots it was, but after s-uh, several shots went off, um, as he was advancing behind the wall, towards the front of the room, uh, I saw him kinda crumple up and, and fall to the ground.

**Kammerer:** Okay. And do you, and, and I understand this was all very quick and everything, uh...

**Simpkins:** Yeah.

**Kammerer:** ...do you have any idea how far away he was from the officers when he started advancing, and then how far he got?

**Simpkins:** I know how far away he was from u-us, but the wall was between us and them, I can't recall...

**Kammerer:** Sure.

**Simpkins:** ...how f...

**Kammerer:** Okay.

**Simpkins:** ...how far away he was from them.

**Kammerer:** That's fine. How far away was he from you?

**Simpkins:** Uh, I would, we were just on the other side of the wall, uh, so maybe two to three feet, this side of the wall, and he was, uh, a couple, three feet on the other side of the wall, so, uh, I don't know, maybe 10 to 15 feet?

**Kammerer:** Okay. Okay. And...

**Simpkins:** Rough guess.

**Kammerer:** ...do you recall him ever directing his attention to you specifically?

**Simpkins:** Uh, not that I recall. But my focus was kinda on the civilians while the other officers were covering him, so he, he may have looked over at us at one point in time, but I don't know for sure.

**Kammerer:** Okay. And after he was shot, and officers approached him, were you one of those officers?

**Simpkins:** Uh, no, so I remained on, kinda on the front, uh, of the, where the, near where the door is on that little three foot wall...

**Kammerer:** Um-hm.

**Simpkins:** ...uh, and I helped them-uh, as they were pushing chairs out of the way, uh, I grabbed the chairs and started moving the chairs back as, uh, other officers approached him.

**Kammerer:** Okay. And when you say they were pushing chairs out of the way...

**Simpkins:** Uh...

**Kammerer:** ...officers?

**Simpkins:** ...uh, uh, other, other officers...

**Kammerer:** Okay.

**Simpkins:** ...yes.

**Kammerer:** Okay. Um, is there anything else you can think of that, uh, is important for us to know that we haven't asked you?

**Simpkins:** Um (pause), I remember, so when, I remember walking past the, uh, I think it was, uh, some sort of closet, there was an open door, it was one of the two doors kinda in the middle of the left wall there, uh, I remember walking back, it looked like someone had a ph-a phone sticking out the side, they might have been videoing it.

SUMMARY

Multiple officers, including Deputy Simpkins, responded to CityTeam Ministries on a report of a male, later identified as JOHN ELIFRITZ, armed with a knife and threatening people. JOHN ELIFRITZ observed the officers converging on his location and used the knife to cut both sides of his neck. The officers entered the location, and JOHN ELIFRITZ retreated from the officers, keeping the knife at his throat. JOHN ELIFRITZ was given multiple commands to drop the knife, but refused to do so. Less Lethal was deployed multiple times, with no effect. JOHN ELIFRITZ then held the knife at waist level in front of him and ran at the officers, and other officers fired lethal rounds at JOHN ELIFRITZ, who then collapsed

GO 42 2018-114856**CONFIDENTIAL**

to the ground approximately fifteen to twenty feet from the officers, with his hands underneath him. After Less Lethal was deployed and JOHN ELIFRITZ did not respond, officers approached JOHN ELIFRITZ and rolled him on to his side.

When JOHN ELIFRITZ was rolled a folding knife dropped from JOHN ELIFRITZ's right hand, and officers noted he was obviously deceased. JOHN ELIFRITZ was immediately checked by medical personnel and pronounced deceased. This report documents transferring the weapon used by the involved officer to the OSP lab for forensics examination.

NARRATIVE

On April 7th, 2018, at 1425 hours, JOHN ELIFRITZ called 911 to report his family had been killed and were inside a grey duplex near SE 79th Avenue and SE Holgate Boulevard. Numerous officers responded to the area, and were able to determine there was no basis of truth in JOHN ELIFRITZ's report. Other officers located JOHN ELIFRITZ at SE 86th Avenue and SE Holgate Boulevard, and when they attempted to contact him, JOHN ELIFRITZ began backing away from them and retrieved a knife from his pocket which he then held up to his throat. JOHN ELIFRITZ then ran away from the officers, and a decision was made to disengage from JOHN ELIFRITZ. At 1637 hours, COLLEEN VALA called 911 to report her Honda CR-V had been stolen from her by force at SE 72nd Avenue and SE Foster Road. The suspect was later identified as JOHN ELIFRITZ.

At 1929 hours, 911 callers reported the same vehicle had been abandoned in the street at SE MLK and SE Stark Street, and the driver, whose appearance was consistent with JOHN ELIFRITZ, ran eastbound on SE Stark Street. At 2000 hours, JOHN ELIFRITZ was fatally shot after advancing on officers while armed with a knife.

Homicide Detectives and Criminalists from the Forensic Evidence Division responded to the scene and began an investigation and processed the scene. During the course of the ensuing investigation, several items of evidence were located and collected.

Among these items were the rifles used by Officers Fender, Nutting, and Phifer; the shotgun used by Officer Martiniuc; the handguns used by Officer Polas and Deputy Sieczkowski; the Less Lethal launchers used by Officers Bailey and Damerville; seven .223 caliber shell casings; three 12 gauge shotgun shells; six 9mm shell casings; one .40 caliber shell casing; nine 40mm Less Lethal casings; and nine 40mm Less Lethal sponge rounds. All of the firearms were collected by Criminalist Durham and placed into a secure location inside the Forensic Evidence Division. All of the shell casings and sponge rounds were collected by Criminalist Willard, and later transferred to the Portland Police Bureau Property Evidence Division (see Supplemental Reports from the Forensic Evidence Division for complete details).

On April 17th, 2018, I retrieved all of the above described items, from the Property Evidence Division, as well as all of the firearms from the Forensic Evidence Division, and delivered all of the items to the Oregon State Police Forensics Lab to be examined.

Oregon State Police Forensics Lab results are pending.

2. Transcript of interview with CARLETTA DAVIS

#### SUMMARY

Multiple officers responded to Jacksons store on a report of a male, later identified as JOHN ELIFRITZ, armed with a knife. JOHN ELIFRITZ left, and was later located at CityTeam Ministries, where he was reportedly armed with a knife and threatening people. JOHN ELIFRITZ observed the officers converging on his location and used the knife to cut both sides of his neck. The officers entered the location, and JOHN ELIFRITZ retreated from the officers, keeping the knife at his throat. JOHN ELIFRITZ was given multiple commands to drop the knife, but refused to do so. Less Lethal was deployed multiple times, with no effect. JOHN ELIFRITZ then held the knife at waist level in front of him and ran at the officers, and other officers fired lethal rounds at JOHN ELIFRITZ, who then collapsed to the ground approximately fifteen to twenty feet from the officers, with his hands underneath him. After Less Lethal was deployed and JOHN ELIFRITZ did not respond, officers approached JOHN ELIFRITZ and rolled him on to his side. When JOHN ELIFRITZ was rolled a folding knife dropped from JOHN ELIFRITZ's right hand, and officers noted he was obviously deceased. JOHN ELIFRITZ was immediately checked by medical personnel and pronounced deceased. This report documents the interview of CARLETTA DAVIS, an employee at Jacksons.

#### NARRATIVE

On April 7th, 2018, at 1425 hours, JOHN ELIFRITZ called 911 to report his family had been killed and were inside a grey duplex near SE 79th Avenue and SE Holgate Boulevard. Numerous officers responded to the area, and were able to determine there was no basis of truth in JOHN ELIFRITZ's report. Other officers located JOHN ELIFRITZ at SE 86th Avenue and SE Holgate Boulevard, and when they attempted to contact him, JOHN ELIFRITZ began backing away from them and retrieved a knife from his pocket which he then held up to his throat. JOHN ELIFRITZ then ran away from the officers, and a decision was made to disengage from JOHN ELIFRITZ. At 1637 hours, COLLEEN VALA called 911 to report her Honda CR-V had been stolen from her by force at SE 72nd Avenue and SE Foster Road. The suspect was later identified as JOHN ELIFRITZ. At 1929 hours, 911 callers reported the same vehicle had been abandoned in the street at SE MLK and SE Stark Street, and the driver, whose appearance was consistent with JOHN ELIFRITZ, ran eastbound on SE Stark Street. At 1946 hours, an employee of Jacksons store at 621 SE Grand Avenue called 911 to report a male, whose appearance was consistent with JOHN

ELIFRITZ, had been standing in the doorway of the store for the last five to ten minutes holding a knife in his hand. At 2000 hours, JOHN ELIFRITZ was fatally shot at 526 SE Grand Avenue after advancing on officers while armed with a knife.

On April 28th, 2018, I called Jacksons store and learned CARLETTA DAVIS would be working later that day starting at 1500 hours, and I arranged to go to the store to speak with her. At 1510 hours, I arrived at the store and introduced myself to CARLETTA DAVIS, who agreed to speak with me. CARLETTA DAVIS and I entered a small office next to the cash registers, where I conducted the interview. Prior to the interview, I activated a digital recorder. I ensured CARLETTA DAVIS understood the conversation was being recorded, and she consented to the recording. Because the interview was recorded in its entirety, what follows is a brief summary of CARLETTA DAVIS' statements.

CARLETTA DAVIS said JOHN ELIFRITZ, whom she does not know, came into the store and was acting odd. CARLETTA DAVIS said she approached JOHN ELIFRITZ and began speaking to him, and JOHN ELIFRITZ told her he had done a few robberies and the police were looking for him. CARLETTA DAVIS said JOHN ELIFRITZ pulled out a knife and was holding it in his hand. CARLETTA DAVIS said JOHN ELIFRITZ demanded she call the police or he would rob the store. CARLETTA DAVIS said JOHN ELIFRITZ told her he wanted to "kill a cop." CARLETTA DAVIS said she has a lot of experience speaking with people in the area, and she believed JOHN ELIFRITZ wanted to hurt someone. CARLETTA DAVIS said she was afraid of JOHN ELIFRITZ. CARLETTA DAVIS said she begged JOHN ELIFRITZ not to hurt anyone and he left a short time later.

At the end of the interview, I deactivated the digital recorder. I later copied the recording of the interview onto a CD-R, which was receipted on Portland Police Bureau Property/Evidence Receipt #A054422 as evidence, which I then placed into the Portland Police Bureau Property Evidence Division as evidence. Please refer to the attached transcript for a verbatim account of the interview.

This investigation is ongoing.

**Davis:** He came into the store, he was standing out and pretty much he was just like, he wasn't, he didn't actually come into the store with a knife. I went up to ask him, 'cause he came in, he just stood there and he was like pacing and looking so I just went up and asked him was he waiting for somebody to come into the, you know 'cause some people that come in...

**Kammerer:** ...um-hm...

**Davis:** ...they come in and they just stand there, you know.

**Kammerer:** Right.

**Davis:** And uh, he said no, he said he was uh, waiting uh, looking for the cops. He said the cops were looking for him. I said there's nobody out there looking, so I went outside and saw a cop car going that way, I said no they're just on another call. There's nobody looking for you, I said you can go, there's nobody looking for you and then he saw the ambulance going down this way, thought that it was a cop car. I said no there's no cop cars, there's no one looking for you so you come outside and see so I went outside and uh, he finally came outside and talked to me. And uh, this is when it gets really weird.

**Kammerer:** Um-hm.

**Davis:** Um, he said no, he mandated that I had to get the cops back there because the cops were looking for him. That's what he told me.

**Kammerer:** Okay.

**Davis:** And, and he says uh, and I was just like what? He said no you get 'em back here, you get 'em back here now. And he told me he'd done robberies before, about three or four of 'em, and told me to get 'em out now, I was standing by the pillar over there and he pulled the knife out of his pocket and I just backed up from him at that point and said okay. I did not know (deep breath) he did have a knife, I'm sorry but he did have one.

**Kammerer:** Um-hm.

**Davis:** I was standing outside when he pulled it out. He put it back in his pocket and I just was like - something else, he came back in, he started pacing, standing in front of the door. He was letting some of my customers in and out of the store. He told me basically if I didn't call the cops he was gonna do my store, that's pretty much, he made the threat on, on me to that point. And I just kind of like backed up from him at that point. He just, he wasn't right. There's something wrong with that man because - there was something wrong with him.

**Kammerer:** It's okay, take your time, I can see you're upset so just take your time.

**Davis:** He was off, way off. But I, I backed away and I wasn't quite sure to call the cops or not 'cause I wasn't quite sure if he was the same guy that got shot over there and I, still to this day I just can't believe that he's the same one.

**Kammerer:** Okay.

**Davis:** I spoke to and I just can't believe it that (pause). And every time I think about it I just can't believe it. When he left I just told her to call him back immediately, call him up, I just wanted to see which way he went. I said maybe he'd change his mind. Maybe he just went to, you know, to cool off, change his mind or something.

**Kammerer:** Mm.

**Davis:** Whatever what was agitating him. Oh my God. And it wasn't a big one, I told her it wasn't a big knife. It was just a small one but just enough to say okay I'm backing up from you, you understand I'm not about to approach him anymore, after that I couldn't approach him.

**Kammerer:** Um-hm.

**Davis:** Ohh -

**Kammerer:** It's okay, it's okay. When he said uh, I'm gonna do your store what do you think he meant by that?

**Davis:** He said he'd done robberies before and he said he would do this one.

**Kammerer:** Okay.

**Davis:** That's what he told me.

**Kammerer:** Okay. Um -

**Davis:** I didn't understand what he meant. 'Cause I've been avoiding the news and everything else and I'm just hearing his voice, you see what I'm saying.

**Kammerer:** Sure.

**Davis:** I'm just hearing his voice telling me that.

**Kammerer:** Why do you think he was so adamant that the cops come back?

**Davis:** I don't know. I (pause) I think he was mad at the cops that day. To me he was mad at the cops. I –

**Kammerer:** Do you – go ahead.

**Davis:** Go ahead, no you started.

**Kammerer:** Do, do you remember telling anybody that um, you thought this guy wanted the police to kill him?

**Davis:** No. He didn't want the police to kill them. And it's not my words. He wanted to kill a cop.

**Kammerer:** He wanted to kill the cops?

**Davis:** His words, not mine.

**Kammerer:** That, that's what he said?

**Davis:** His words.

**Kammerer:** Can you tell me about that? How?

**Davis:** That was like, I just shouted at him, I said no. I begged him not to, please don't. I was just like please. He said no. Oh no (sobs). Oh my God. I don't know what he did that day. I just didn't want – ohh. I don't know what I could have done differently.

**Kammerer:** Well I certainly hope you don't blame yourself for anything...

**Davis:** ...I do...

**Kammerer:** ...of how that turned out.

**Davis:** I do, I do, I do. I, I do. I said if there's anything I could have done differently for this man, I begged him. He told me to get 'em down here, right here, right now and he wanted to – right here at this door, right now, that's what he wanted. And I hear him saying it over and over in my head every day.

**Kammerer:** This was absolutely not your fault CARLETTA.

**Davis:** I don't know what I was, I could've done if I'd have had somebody else coming up 'cause I could offer services, I get EMT's come to the door. He could mistake one of them if he was delusion, I don't know. Because I'm on a time limit to either do something or not do something. If I see somebody coming up, if they look like one would he lash out at 'em? And I wasn't quite sure. (pause) 'Cause

I begged him, when he finally left I was hoping, I know, I said call him off, please call him off. Maybe he'd just go cool off somewhere or something, I don't know.

**Kammerer:** Um-hm.

**Davis:** I never had that type of situation before and I can't help but the guilt is like (deep breath).

**Kammerer:** And this is not on you CARLETTA.

**Davis:** Because the, the cop, that you can see the video of our conversation stuff for it but the knife episode was on the other side.

**Kammerer:** Um-hm.

**Davis:** It was in-between the pillars, the one on this side.

**Kammerer:** Outside the building?

**Davis:** Yes sir.

**Kammerer:** Okay.

**Davis:** And I would, you know, I just, like I greet people, they come in, they wait, they're waiting for somebody, I understand.

**Kammerer:** At what point did you sense uh, there was something off about him?

**Davis:** He kept looking at, I don't know, I get people with, tweakers, druggers, alcoholics of being here, I didn't think, I couldn't think anything but something about his demeanor, I don't know. Just something in him just said something wasn't right. I did not know but just something, I did not know.

**Kammerer:** Sure.

**Davis:** I didn't understand. I was hoping maybe I'm wrong.

**Kammerer:** Would it be fair to say, how long have you been working down here?

**Davis:** Yup. I had one guy, he was posted right up here, he was psychotic and delusional and I had a long line of cars and I was talking with him while he was picturing all of my uh, customers with uh, guns up in their hand. I said no, look at me, talk to me and I got the cops to come down, got him outside where the lighting and stuff was a little bit different for him, got him calmed down. I had him, point-blank right at this door here and none of my customers left. I said no he's fine, he's calm, he's talking to me, he's calm. And I've had several experiences with people like him that are waving their hands in the air, they're talking crazy, all kinds of it. And that one there scared me because he said no, no, no, you know none of my customers left 'cause they, I said nobody has a gu- a knife or a gun up in their hand 'cause it's not the first time I've had people in here telling me stuff like this before. But, you know this guy didn't have nothin' on him, you know. As long as he talked to me he was fine and I got the cops to talk to him nicely. He went on outside and they helped him get the help that he needed.

**Kammerer:** So then this guy with the knife that we're talking about um, was he different than the other guy?

**Davis:** I don't think, I don't know if he was different but the idea of the knife that he had in his pocket, that he had it out and then he put it back in his pocket, I didn't want to chance it.

**Kammerer:** Um-hm.

**Davis:** To get that close to him with a knife.

**Kammerer:** Sure.

**Davis:** Because I wasn't quite sure of what he would do and I just couldn't, I had to, couldn't approach him because of the knife. I would've probably talked to him a little bit more and maybe calmed him down a little bit more but I couldn't approach him with the knife 'cause he had one.

**Kammerer:** Okay.

**Davis:** I couldn't do it.

**Kammerer:** Okay um, and, and I think I understand what you're saying but would it be fair to say you were afraid of him at that point?

**Davis:** I was afraid.

**Kammerer:** Okay.

**Davis:** I was afraid. It's no lie, I was afraid.

**Kammerer:** And just so I'm clear um, no, you never told anybody that he wanted the police to kill him but he did tell you he wanted the poli- he wanted to kill a police officer.

**Davis:** He wanted to kill a cop.

**Kammerer:** Okay.

**Davis:** That part eats at me, eats at me every day.

**Kammerer:** Okay. (pause).

**Davis:** I never pictured him dead, I never pictured no cop dead, it's just — I've never had one like that before.

**Kammerer:** Um-hm.

**Davis:** Never in my life.

**Kammerer:** Um-hm.

**Davis:** Not one, not like that, no.

**Kammerer:** Is there anything else you can think of that he said that we haven't already talked about?

**Davis:** Let's see, begged him not to, he said he wanted to kill a cop, no I believe I've covered everything.

**Kammerer:** Okay, is there anything else? Anything I didn't ask you...

**Davis:** ...can't...

**Kammerer:** ...that you think is important for us to know?

**Davis:** I can't think of anything.

**Kammerer:** Okay well if there's nothing else I'll go ahead and stop the recording.

R/c to area of SE 79th/ SE Holgate. ME Elifritz, John called reporting his wife and child were inside a gray duplex across from the library. John told dispatch they were murdered with their throats slit. While enroute dispatch notified us several people called to report Johns alarming behavior. He was screaming and was last seen walking eastbound on SE Holgate.

John told dispatch he was at SE 82 and SE Holgate. He didnt want police but possible gang members had killed his family.

Officer Barber and myself checked 4427 SE 79th which is a gray duplex under construction. A contractor let us in the location to make sure no one was hurt inside. He told us a "crazy" guy had been outside making him feel uncomfortable.

John was located by other officers at SE Holgate/ SE 86th. I was advised he had put a knife to his throat, did not believe officers were truly police officers and was walking southbound on SE 86th.

I went south of the location. I observed John walking southbound. He was carrying something in his right hand. John was angry and refusing to speak with officers. Other officers, including a sgt were following at a safe distance attempting to engage John in dialogue. John did not want to speak with officers but John did answer no he was not going to hurt himself or anyone else. He told us there was nothing we could do to help him.

The decision was made to disengage. A Bhu referral was made and a report documenting John's behavior.

I was dispatched as ECIT to a call, where the caller, Elifritz, called 911 to say his family was murdered. When police came into the area, Elifritz started walking away from the call location. When Elifritz was contacted by the police, he pulled a knife, and held it to his own throat.

When I arrived, Elifritz was about 75 yards from where other officers were standing and not threatening anyone. Sgt. Britt and Sgt. Allen opted to walk away without contacting Elifritz to avoid a confrontation. I never contacted Elifritz, and cleared a short time later.

After clearing, I filled out a BHU referral on Elifritz.

See Ofc. Loomis' and Ofc. Wuthrich's reports for additional.

**SUBJECT**  
HIGH SUBJECT WITH KNIFE.

On the above listed date at approximately 1425, I responded to the area of SE 79th Ave/SE Holgate Blvd, on report of a possible assault. The caller was reporting that his wife and child had their throats slit and were in the town-homes across from the library.

Multiple areas flooded the area and spoke with the residences of the townhouse. Refer to Loomis' report for further details.

After getting a description of the male, Sgt. Britt saw a male, matching that description, walking east bound on SE Holgate, east of SE 85TH. I arrived and rolled down my window, asking the male to stop. I saw that he was sweaty and was yelling but was unable to understand what he was yelling. The male was backing away while we were telling him that we needed to speak with him. I watched as he grabbed into his pocket and pulled out a folding knife. At this time, I yelled that he had a knife, advised it to dispatch, and went to the back of my patrol car to get my Less Lethal Launcher. While I was at the back of my patrol vehicle, I heard someone state that the male had put the knife up to his throat.

I loaded my Less Lethal Launcher and watched as the male continued to run away from us. Ofc. Storm tried to engage him in conversation, asking if he wanted to hurt himself or others, to which he said no. At this time, we were advised to disengage due to this subject appearing to become more agitated with our presence.

We left the scene and Sgt. Britt and I met car to car by Lents park. While we were there, a vehicle pulled up next to us to advise us that a male was walking around "waving around a knife." He said the male tried to get in his vehicle, stating let me in, and then he drove off. Sgt. Britt asked him if he wanted to be a victim for an attempt car jacking and he said he did not and just wanted us to be aware.

I advised dispatch of the latest update but it was again decided that disengaging was the best course of action.

Nothing further at this time.

## NARRATIVE

CAR JACKING

Dispatched to Se 72nd / Se Foster on a call of a stolen car. The VI COLLEEN was unsure of her license plate number. COLLEEN drove to her father's house at [REDACTED] st where I contacted her. COLLEEN located the information for her vehicle.

COLLEEN told me she was stopped at the light on 72nd ave facing southbound at Foster Blvd. COLLEEN said X1 started banging on her window. COLLEEN said she was unable to lock the passenger side door and X1 jumped inside and sat in her front passenger seat. COLLEEN said X1 was ranting and appeared to be high. COLLEEN said X1 told her "They've already killed her. I'll give you the money."

COLLEEN said X1 yelled at her to drive. COLLEEN said she refused and had her arms locked with both hands on the steering wheel. COLLEEN said she was frightened for her life and was honking the horn non stop for help. COLLEEN said X1 yelled at her to stop and grabbed her arms and tried to rip her arms off the steering wheel to prevent her from honking.

COLLEEN said the light was red and she was unable to move forward. COLLEEN said X1 shoved her 3-4 times very hard in an attempt to push her out of the car into the door. COLLEEN stated if the door was wide open she would've fallen out of the car since he shoved her so hard.

COLLEEN said she didn't want to give up her car and held on to the steering wheel. COLLEEN was crying and said she was frightened for her life. COLLEEN said her dad was behind her vehicle and came to get her. COLLEEN said SCOTT ran up to the door and was able to pull COLLEEN out of the car safely. COLLEEN said X1 jumped in the driver seat and drove away southbound.

COLLEEN describes X1 as a white male, goatee, 30-40s years old, with a white t shirt under a rain jacket/poncho.

I spoke with SCOTT who is COLLEEN's father. SCOTT said he saw X1 open the door and jump into his daughters vehicle which was in front of him. SCOTT was in his car directly behind COLLEEN's vehicle. SCOTT said he ran up and was able to grab COLLEEN out of the driver seat when X1 was grabbing her. SCOTT said it looked like X1 was trying to hold COLLEEN in the car and not let her go. SCOTT describes X1 as a white male, wearing a plastic poncho, with a goatee.

Due to the behavior and statements of X1, I showed SCOTT and COLLEEN a photo of ELIFRITZ. ELIFRITZ matched the description and behavior from an earlier call in the day. See 18-114566 for details. Both were unsure if ELIFRITZ was the suspect or not. They both said it is a strong possibility but it happened so fast and were not 100% sure.

I provided COLLEEN with my card and case number. I advised her to call and clear the report if she located the vehicle before police do. Auto records notified (91852).

Portland Police Bureau  
PUBLIC RECORD RELEASE

COLLEEN told me the car had both plates on it. Her house keys and car keys were inside the vehicle. The vehicle had no valuables or weapons inside.

I checked the area for video surveillance. I found the Maple Leaf Diner had a sign that stated smile you're on camera. I went inside and found they did not have any surveillance. I located two people who stated they saw the male in the poncho.

I first spoke with CONNER. CONNER stated X1 came in wearing a clear rain coat/ garbage bag. CONNER said the male appeared out of it. CONNER said the male had a 5 o'clock shadow and wasn't making sense.

I also spoke with ROSIO who stated X1 was a white male, wearing a clear rain jacket. She said she wasn't sure about his facial hair.

SCOTT advised me earlier a male identified as CALHOUN was a witness and left his information with him. I contacted CALHOUN by phone. CALHOUN said he left the Maple leaf Diner and started to cross 72nd going East bound. CALHOUN said he saw X1 crossing the street. CALHOUN said X1 looked high. CALHOUN describes X1 as a white male, 6'0, 210 lbs, short shaved head, light colored shirt, pants, little beard/goatee.

CALHOUN said he thought X1 was high and didn't want to make eye contact. CALHOUN said he passed X1 and then heard a commotion behind him. CALHOUN said he thought there was a fender bender and the people were fighting. CALHOUN said eventually he found out X1 jumped into the females car and took it. CALHOUN said he can identify X1 if he saw him again.

Based on the information I gathered on the description of the suspect and behavior, both [REDACTED] and ELIFRITZ were potential [REDACTED]. I broadcasted this information to all nets. There is PC for Robbery III, Coercion, and UUMV for X1.

Officer Burns and I were working on a photo line up for witness CALHOUN who stated he could point out X1. Information was given to me the vehicle was found along with ELIFRITZ near by. See other reports for full details.

<b>SUBJECT</b> NARRATIVE	

OFC. MENDOZA #46431 (PARTNER)

I was working a partner car with Ofc. Mendoza when we learned via radio that shots had been fired on a central precinct call. We arrived at the scene and began filling in where help was needed. In the midst of this I was flagged down by a male, later identified as PF Lonnie Carroll, whom was a patron at My Father's Place.

Before walking into the bar to speak to Lonnie another male, later identified as KN Sven Geirnaert, flagged me down to tell me had information about the incident. I asked Sven to wait for me outside and I followed Lonnie to the video poker area. Lonnie showed me a backpack and baseball cap that was left behind by an unknown white male.

Lonnie told me he was unsure if this male was involved in the shooting. Lonnie described the male as being 6'2 in height with a wearing a white or gray shirt. Lonnie said he believed this male may have been homeless. .

Lonnie said this male looked very confused and cashed out his video poker ticket, but still seemed unsure of what to do. Lonnie said this male then left the scene leaving his backpack behind. Lonnie said this all happened about thirty to forty five minutes before the shooting. Based upon circumstances I learned later I do not believe this unknown person was the person involved in the shooting.

I went outside and spoke to Sven. Sven told me a client at the homeless shelter he worked at, Columbia Shelter, had a man hold a knife up to his throat so he could stand next to him and not be noticed by police. Sven said his client told him this happened before the shooting. Sven told me I could come inside the shelter to contact his client.

I later placed the backpack into property as found property. After taking the backpack I then walked over to the Columbia Shelter at 509 SE Grand Ave. Once inside I was lead over to VI Andrew McKimmy. Andrew had his black pit bull with him as we spoke.

Andrew told me that paramedics were at the front door of the shelter and were willing in a gurney. Andrew said he decided to wait outside the door underneath the historical plaque. This location is just to the north of the main entrance. Andrew said he was considering using a shirt to towel his dog off when he was approached by an unknown male.

Andrew let me know he is extremely near sighted. Andrew said this unknown

Portland Police Bureau

male wrapped his left arm around his upper shoulders like a drunk or high person would. Andrew described this as a "bro hug." Andrew said this male then very smoothly brought a knife up to his throat.

Andrew could not give a total description of the knife but he said he believed it was wide at the tip. Andrew said he was only able to glimpse the knife with his peripheral vision. Andrew said the man's posture while draped around his shoulders was like a person leaning on someone while they were smoking a pipe.

Andrew said this male told him the police were looking for him. Andrew said he began mouthing "help me" at passerby as he didn't want to speak too loudly and risk angering the man that had a knife to his throat. Andrew said he mouthed "help" at the paramedics as they walked by and at police driving by in cars.

As the paramedics were loading up the patient from the clinic into the ambulance Andrew said the male told him he wanted to get on the ambulance to say "hi to his homey." Andrew told me he believed that the male wanted to hide on the ambulance or take it over to get away from the police. Andrew said the male began to move him towards the ambulance.

Andrew said the male moved the knife to the back of his skull where it mets his spine. Andrew said he could feel the point of the blade through his hair but it didn't touch his skin. Andrew said the knife was in this position for at least thirty seconds. Andrew told me that during this period he was asking the unknown male what he could do to help him in the hopes of being able to escape from him.

Andrew said as he and the male moved towards the ambulance he brought his dog along with him. Andrew told me he believed this may have been what kept the male from wanting to jump into the back of the ambulance. Andrew said when the knife was at the back of his neck was when he was the most fearful. Andrew told me he believed that if he panicked he would be "a corpse on the sidewalk."

Andrew said that after the unknown male didn't get on the ambulance he soon released him and walked to the corner of SE Grand Ave and SE Stark St. Andrew said he then went inside the shelter and told workers there of the incident. Andrew said it was minutes after being inside that he heard shots.

Andrew said he was "experiencing profound gratitude that I'm alive." Andrew also said he was "appreciative other citizens won't have to experience that." Andrew said he thought of Reader's Digest stories he'd read in the past with people in similar situations to stay calm throughout the incident. Andrew thought the length of time he had the knife to his head as two to five minutes.

I asked Andrew to describe the male and he again reminded me that he was near sighted. Andrew said he believed the male may have been Latin American. Andrew told me the male was 5'10 and weighed between 220 and 230 lbs. Andrew said he thought the male was in his thirties. Andrew said the male spoke with a "Bakersfield patois."

Andrew believed that he may have seen the male in an Oregonlive post, but he couldn't be sure. Andrew also described the male's facial hair as "Commander Riker like." Andrew said the male's hair was short. I gave Andrew my information and he returned to his bunk at the shelter.

I then waited in the shelter off and on until Det. Broughton interviewed Andrew. I left the scene shortly after this interview was completed. I did not notice any major inconsistencies between the narrative Andrew told me and the one he told Det. Broughton. NFI.

## NARRATIVE

<b>AUTHOR</b> SHELTON, HAYLEY (51155)	<b>DATE/TIME</b> 04/07/2018 1925
<b>SUBJECT</b> SB SPOTTED IN CARJACKED VEH	

On 04/07/18 at approximately 1925 hours, I was dispatched to [REDACTED] on report of a stolen vehicle (OR/ZRQ832) involved in an earlier car-jacking in East Precinct (Case #18-114703) driving erratically E/B on N. Columbia Blvd, reportedly brandishing a firearm. The caller reported they had video of the suspect and would be waiting at home to report the incident.

While enroute to the call, dispatch updated that (OR/ZRQ832) was indeed the vehicle involved in the car-jacking earlier today in East Precinct and it had reportedly just crashed at SE Martin Luther King Jr Blvd/SE Stark St. Officers shifted their efforts from an area check on my call to the crash location. I continued to the call location to gather video evidence.

Upon arrival, I spoke with RP (Hernandez-Ramirez, Eleazar) who told me he and his wife, WI (Carranza, Maribel), along with their three small children were driving home from the Delta Park Walmart (1123 N. Hayden Meadows Dr) when they observed a silver Honda CRV following them when they got to N. Columbia Blvd. Hernandez said he believed the subject followed him from the parking lot of the Walmart, but he couldn't be sure. Hernandez said the driver began tail-gating him and driving erratically, pulling up next to his car several times in the bike lane, for no apparent reason. Hernandez told me his teenage daughter (whom he did not want listed in the report) began recording the event on Hernandez's cell phone because they were so alarmed by the subject's actions. Hernandez said they clearly saw the above listed plate and described the driver as a bald white male, approximately 35-40 years old, not wearing a T-shirt, with tattoos on his arms and the left side of his chest. Hernandez said he and his family would recognize the man if they saw him again.

I asked Hernandez at what point he and his family saw the gun and he told me they did not actually see a weapon, just the subject reaching for something "black", though they could not tell what it was (there was a slight Spanish language barrier).

I reviewed the video from Hernandez's cell phone, which showed the silver SUV driving erratically all over the road W/B N. Columbia Blvd, passing N. Chautauqua Blvd and approaching N. Portsmouth Ave. The vehicle pulled up to the passenger side of Hernandez's vehicle, despite there not being a travel lane on the right. Hernandez continues W/B on N. Columbia Blvd, and turns S/B on N. Portsmouth Ave, with the subject continuing to follow him. Hernandez's wife and children are visibly and audibly terrified in the video. Hernandez turns W/B on N. Fessenden St from N. Portsmouth Ave, with the suspect vehicle continuing S/B on N. Portsmouth Ave. The suspect appeared to be a white male driver, however due to the rain, the position of the vehicle and where the camera was pointed, I was unable to observe anything further about the suspect beyond that. The video does not appear to show the suspect reaching for any items, by the time they are able to begin recording him, and he does not display a weapon throughout the duration of the video. I notified CE officers of this update, as they were still looking for the suspect who fled the vehicle at the scene of the

crash. I later submitted a copy of the video taken from Hernandez's cell phone via DIMS. Nothing further at this time.
