Permit Revision Submittal Requirements and Application

A Permit Revision is required when there are proposed changes to the project after the permit has been issued. This may arise due to discrepancies between the city-approved permit drawings and actual field conditions, or the customer has changed their mind about an aspect of the project. In all cases, a revision to the existing permit must be submitted, reviewed and approved.

Minimum Submittal Requirements (check all boxes and sign below):

- A copy of this application.
- One PDF copy of plans for electronic submittals or three copies for paper submittals.
- All plans must clearly reflect the proposed change(s). Changes must be bubbled.
- Drawings and calculations must be stamped and signed by the Architect and/or the Engineer of Record, if applicable.
- Project narrative for extensive revisions.
- One PDF copy of calculations and other supporting documents for electronic submittals or two copies for paper submittals.
- Copy of Inspector's correction notice, if the revision is due to an inspection correction. One PDF copy for electronic submittals and two copies for paper submittals.
