

City of Portland, Oregon - Portland Permitting & Development

1900 SW Fourth Avenue • Portland, Oregon 97201 | 503-823-7300 | www.portland.gov/ppd

Facility Permit Program Revision Submittal Requirements and Application

A Permit Revision is required when there are proposed changes to the project after the permit has been issued. This may arise due to discrepancies between the city-approved permit drawings and actual field conditions, or the customer has changed their mind about an aspect of the project. In all cases, a revision to the existing permit must be submitted, reviewed and approved.

Applicants will provide:

- A copy of this application
- Two (2) sets of calculations, if applicable
- Three (3) sets of plans that clearly reflect the proposed change(s).
- Inspector's correction notice, if revision is due to an inspection correction

Drawings and calculations must be stamped and signed by the Architect and/or the Engineer of Record, if applicable.
