

Multnomah Safe Rest Village Neighbors,

Due to the high demand for services, we are obligated to respond as quickly as we can. There are over 6,000 people living outside, and it is our duty to meet them where they are at. To that end, the City Shelters team wants to announce that we are **expanding the Multnomah Safe Rest Village to 100 units.**

We are doing everything we can to make this expansion a success. All Good NW and the City of Portland remain aligned on the support needs necessary to make this site a success.

A member of the City Shelters team and a liaison from the Mayor's office will be in attendance at the next Multnomah Neighborhood Association meeting on February 13th to share this same information. Feel free to stop by and ask any questions you may have.

We will send project updates as things progress, but you can always read up on the project on our website or email us with questions at shelterservices@portlandoregon.gov. Scan the **QR code** or visit SafeRestVillages.org for current information.
