

## Reedway Safe Rest Village Neighbors,

The site expansion at Reedway Safe Rest Village is moving forward, and you will start to see some more work on the ground. We wanted to let you all know of some upcoming activity that will occur over the next few months.

As a reminder, this site has currently been operating at 60 units and will be expanded to 120 units, all within the current fence line of the property.

LIT Units, pictured on this mailer, will be delivered and assembled onsite on regular intervals over the next while. Additionally, new bathroom and storage units will be delivered soon, as well as any other structures necessary for the operational success of the expansion.

If you have interest in receiving more regular updates from our team, email [shelterservices@portlandoregon.gov](mailto:shelterservices@portlandoregon.gov) to be added to our regular updates list.

We will send project updates as things progress, but you can always read up on the project on our website or email us with questions at [shelterservices@portlandoregon.gov](mailto:shelterservices@portlandoregon.gov). Scan the **QR code** or visit [SafeRestVillages.org](http://SafeRestVillages.org) for current information.
