CITY OF PORTLAND
COLLECTIVE BARGAINING AGREEMENT
AND
MEMBER INFORMATION**

July 1, 2016– June 30, 2019

THE FOLLOWING IS NOT PART OF THE COLLECTIVE BARGAINING AGREEMENT BETWEEN THE CITY OF PORTLAND AND THE UNION. THE ADVICE BELOW REPRESENTS THE POSITION OF THE UNION ONLY. THE ADVICE DOES NOT NECESSARILY REPRESENT THE POSITION OF THE CITY, NOR DOES IT NECESSARILY MEAN THAT THE CITY AGREES TO GRANT THE RIGHTS AS STATED BELOW.

WEINGARTEN RIGHTS

Your rights as an employee under the Weingarten Rule:

- You have the right to have a Union representative present any time you are interviewed by a supervisor if discipline could result from that interview.
- You have the right to consult with your union representative prior to the beginning of any disciplinary interview.
- You have the right to defer a disciplinary interview until such time as a Union representative is available to go in with you.

STEWARDS

If you need to contact your Chapter Chair or a Steward, check the Union bulletin board for a current list of officers.

Stewards will be happy to:

- Help with questions you might have regarding the contract or other work issues.
- Go in with you on disciplinary interviews.
- Help file grievances if your rights under the contract are violated.

UNION STRUCTURE

BOEC bargaining unit employees form one chapter (Chapter B) of Local 189 of the American Federation of State, County and Municipal Employees (AFSCME). We bargain our contracts separately from the rest of the local because we are the only

group of employees who cannot strike. Instead, we have the option of taking our contract negotiations to binding arbitration. Local 189 includes the majority of non-sworn employees of the City of Portland. The officers are elected every two years by the entire membership, with the exception of chapter vice-presidents, who are elected by the members of their individual chapters.

Local 189 is part of the large AFSCME structure. We send delegates to Council 75, which is the statewide AFSCME organization. Council 75 in turn, is part of AFSCME International, and is represented at International conventions and meetings.

UNION MEETINGS

- Local 189 General Membership meetings are held the 2nd Tuesday of each month at 1730 at the AFSCME office.
- Minutes of these meetings are posted on the union bulletin board.

PREAMBLE

This collective bargaining agreement is entered into between the City of Portland, an incorporated city of the State of Oregon, herein called the City, and the American Federation of State, County and Municipal Employees, Local 189, Council 75, herein called the Union, for the purpose of establishing wages, hours and other terms and conditions of employment for certain employees of the Bureau of Emergency Communications (herein called the Bureau).

Article 1. RECOGNITION

- 1.1 The City recognizes the Union as the sole and exclusive bargaining agent for the purpose of establishing wages, hours and conditions of employment, for probationary and permanent employees in the classifications listed in Schedule "A", but excluding all temporary, supervisory or confidential employees, department heads, officials or officers of the City. (Reference February 7, 1986 Recognition Agreement; UC-10-86 except as modified herein.)
- 1.2 The classifications or job titles used in Schedule "A" are for descriptive purposes only. Their use is neither an indication nor a guarantee that they will continue to be utilized by the City. The City agrees not to change job titles or classifications covered by this agreement for the purpose of avoiding the terms of this agreement.
- 1.3 The City shall notify the Union of its decision to implement any and all new classifications pertaining to work of a nature performed by employees in the bargaining unit. If the new classification is a successor title to a classification covered by this agreement, and the job duties are not significantly altered or changed, the new classification shall automatically become part of this agreement.

Article 2. UNION SECURITY

- 2.1 Union dues, initiation fees and any other existing payroll deductions shall be deducted from the wages of members in the bargaining unit when authorized, as provided herein.
- 2.2 Any authorization for Union dues/fees deductions and any cancellation of such upon appointment to a position not covered by this Agreement may be made by a member of

the bargaining unit upon written notice to the City and the Union prior to the cutoff day of any pay period, to be effective on the first day of the following pay period.

- 2.3 Employees who are current members of the Union at the signing of this agreement or who sign a Union membership card subsequent to the signing of this agreement shall maintain their Union membership; however there shall be a five (5) day window period each year during which the employee may drop their membership without penalty and become subject to the fair share agreement. The five day window period shall commence on the first Monday in March.
- 2.4 The City will not be held liable for check-off errors, but will make proper adjustments with the Union as soon as practical. If an improper deduction is made the Union shall refund directly to the employee any such amount. The City will notify the Union within seven (7) days of the date of hire of any new employee including their name, position, mailing address and social security number.
- 2.5 Upon tender of defense by the City, the Union shall indemnify, defend and save the City harmless against any and all claims, demands, suits, or actions against the City or persons acting on behalf of the City for all attorney's fees, damages, and costs or any combination thereof arising out of the City's faithful compliance with the terms of this Article. Additionally, if the fair share fee or the Union's procedures in connection with that fee are challenged, the Union shall be solely responsible for defending and for any judgment, attorney's fees or other costs arising from the challenge.
- 2.6 Upon receipt of written notification from the Union that a specified amount should be deducted from an employee's wages as a fair share fee, the City shall deduct that amount from wages and transmit it to the Union for any employee who is a member of the bargaining unit, has reached thirty (30) days of employment in the unit, and has not joined the Union. It shall be the sole responsibility of the Union to assure that the fair share fee is calculated in accordance with the requirements of all applicable statutes, rules and case law

- 2.6.1 Service fee or dues deductions may not be made if the accrued earnings are insufficient to cover the deduction after all other authorized payroll deductions for the employee have been made.
- 2.7 An employee who objects to membership in the Union on the basis of religious tenets or teachings of a religious body of which such employee is a member shall inform the City and Union of the objection. The employee shall establish with Union representatives an arrangement for the distribution of a like amount of money to a non-religious charity.
- 2.8 The City shall provide a (1) one hour union orientation on paid time to all new employees during academy. The City shall provide paid time for one (1) Union representative to present the orientation.

Article 3. NON-DISCRIMINATION

- 3.1 The provisions of this Agreement shall be applied equally to all employees in the bargaining unit without discrimination as to age, sex, marital status, sexual orientation, religion, race, color, creed, national origin, disability, gender identity, source of income, familial status, or political affiliation. The Union shall share equally with the City the responsibility for applying this provision of the agreement. Nothing in this section, however, shall be construed to prohibit actions taken because of bona fide job qualifications.
- 3.2 All reference to gender used in this agreement designates both sexes and when the male gender is used, it shall be construed to include both male and female employees covered by this agreement.
- 3.3 The parties recognize that both are subject to the Americans with Disabilities Act (ADA) and that nothing in the Labor Agreement may supersede the requirements of that Federal Law. The parties agree to meet and confer regarding circumstances where the ADA and the Labor Agreement appear to conflict. A showing that a person is disabled and that action taken as a reasonable accommodation is an absolute defense to a contract violation claim.

Article 4. MANAGEMENT RIGHTS

- 4.1 The City shall retain the exclusive right to exercise the customary functions of management, including but not limited to directing the activities of the work force; determining the levels of service and methods of operation, including contracting and the introduction of new equipment; the right to hire, layoff, transfer, and promote; to discipline and discharge for cause; to determine work schedules and assign work; and any other such rights not specifically referred to in this agreement. Management rights, except where abridged by specific provisions of this agreement, are not subject to the grievance procedure.
- 4.2 It is recognized that the City and Bureau of Emergency Communications are contractors in providing emergency communications services to other public entities. As such, nothing within this agreement shall limit management's right to enter into, alter or amend such contractual relationships. The Union does not waive any right to negotiate over the impact of such decisions as they may exist under State law.

Article 5. SHIFTS

- 5.1 A shift is defined as the period between the time an employee begins work and the time the employee ends work, including all rest breaks and the unpaid lunch period. The standard shift is considered four (4) consecutive work days of ten (10) hours each. No shift shall begin earlier than 0500 or later than 2300.
 - 5.1.1 Shifts shall be defined by the following start times:

Shift:	Starting no earlier than:	and no later than:
Day	0500	1159
Swing	1200	1859
Night	1900	0459

- 5.2 The Bureau may offer alternative shifts at each shift sign-up, provided that the alternative shifts do not exceed FLSA workweek standards. The amount of alternative shifts shall be no less than 15% and no greater than 30% of all shifts offered. No more than 5% of the total shifts offered may be an alternative shift of five-eighths (five (5)

consecutive work days of eight (8) hours each). There will be no minimum of alternative shifts should the total number of available sign-up slots be less than 80. Examples of alternative shifts that the Bureau may offer at each shift sign-up are listed in Schedule "B" of this Agreement.

- 5.2.1 An employee experiencing personal hardship on an alternative shift will be allowed to revert back to a standard shift provided that the employee gives one full pay period's notice of intent to move. The standard shift shall not have a start time of more than two (2) hours' difference from the originally bid alternative shift. This considered a voluntary shift change.
 - (A) Days off for employees changing from a non-rotating alternative shift to a standard shift will be inclusive of the original bid days off, and will be assigned by mutual agreement between the employee, the Bureau and the Union.
 - (B) Changes to days off for employees changing from a non-rotating alternative shift to a standard shift will incorporate the employee's alternative shift hours with necessary additions or subtractions to create a standard shift as outlined in 5.2.1. Days off will be assigned by mutual agreement between the employee, the Bureau and the Union.
- 5.2.2 Newly hired trainees who are attending BOEC's training academy will work a forty (40) hour work week. The Training Department may assign trainees any shift schedule that expedites the certification process. The Training Department will provide written notice of training moves as soon as possible. No trainee will be required to move with less than two weeks' written notice
- 5.2.3 Involuntary change is defined as an employee not having the option to remain on the employee's current shift/days off, and/or trainees moved at the direction of the Training Department. In the event of an involuntary shift change or adjustment, no employee will be required to work more than five (5) days in a row, or more than six (6) days in a nine (9) day period from the Saturday before the change to the Sunday following the shift change

(inclusive of Saturday and Sunday) without two (2) consecutive days off

- (A) If an involuntary shift change results in an employee working six (6) days in a nine (9) day period without two (2) consecutive days off, the Bureau will move one of the employee's days off so the employee receives two (2) consecutive days off. If the employee's day off is moved, the employee shall work the original day off that was moved.
- (B) If it is not possible to move an employee's day off so that the employee has two (2) consecutive days off, the employee will be carried special duty (SDU) for one (1) shift in conjunction with another day off.

5.2.4 Voluntary change is defined as the employee having had the opportunity to keep the current shift/days off and taking another opportunity.

- (A) In the event a voluntary shift change results in the employee working more than five (5) days in a row at the switch, the employee may request a vacation day outside of the normal vacation bid process in order to provide respite.
- (B) If an employee makes a change of more than four (4) hours earlier to the start of their schedule, they will have a paid adjustment off their schedule the preceding night in order to provide a twelve (12) hour respite between shifts. If the employee makes a change of more than four (4) hours later to the start time of their schedule, they may request a schedule adjustment in order to help facilitate the change.
- (C) Exceptions to these rules may be made by mutual agreement between an employee and Management for voluntary mid-pay period changes and special request adjustments. Another exception will be provided for training adjustments in and out of academies that do not result in a trainee working more than their regularly scheduled hours within a pay period.

5.3 Employees who work on a swing bid shift or a night bid shift shall receive the following applicable shift differential

in addition to their established hourly rate for all hours worked on the bid shift:

Shift Differential

Swing Two percent (2%) of the employee's base rate of pay.

Night Four percent (4%) of the employee's base rate of pay.

- 5.3.1 Shift differential will not be paid on overtime or hours not worked, including but not limited to, sick leave, annual leave, compensatory time off, administrative leave, or other leaves of absence.
- 5.3.2 Shift differential does not apply when an employee's schedule has been altered for less than a pay period.
- 5.4 Emergency Work Scheduling. Changes of an employee's scheduled working hours (i.e., shift) which do not affect the employee's working days and days off can be made by the City in case of an emergency situation; provided, however, that the first shift on the new schedule shall be paid at the overtime rate. Such change may remain in effect during the duration of the emergency. Any overtime resulting from the change will be paid in accordance with Article 7.
 - 5.4.1 The employees shall maintain rights to their regular shift and may be transferred to their normal shift at the end of the emergency without penalty, provided the employee has at least an eight (8) hour rest period. If the rest period is not provided, then the Employer shall pay the employee the overtime rate for the first shift of the employee's regular schedule.
 - 5.4.2 Emergency shall be defined as a situation beyond the control of the City for which the City could not pre-plan. Emergencies shall not include those day-to-day situations which require immediate action which have been normally performed by bargaining unit employees.
 - 5.4.3 Any disagreement between the City and the Union on what constitutes an emergency shall be taken up at Step 2 of the grievance procedure.
- 5.5 The City may change shift starting times outlined in 5.1 up to one hour earlier or up to one hour later, provided the

City notifies the Union a minimum of two (2) weeks prior to any changes.

- 5.6 Each employee shall be assigned to a regularly scheduled workweek and shift unless changes are made by mutual agreement between the employer and the Union.
- 5.7 Except as noted in Article 10.3.4 of this Agreement, employees transferred from a regular scheduled shift to another, unless relieved from work at least ten (10) hours before their new shift, shall be paid overtime for the first such new shift worked.
- 5.8 Employees covered by this Agreement assigned to work in administrative areas shall have a regular schedule consisting of consecutive days on followed by consecutive days off.
- 5.9 Employees may request an occasional shift adjustment; however, at no time will the employee be required to adjust their shift in lieu of overtime.

Article 6. LUNCHEES AND BREAKS

- 6.1 Lunch Periods. Lunch Periods shall be scheduled by the City, and will allow the employee one-half hour time off without pay to eat lunch. Management will make every reasonable effort to insure that employees receive a duty-free lunch period. In the event an employee cannot be relieved for their lunch period, the employee shall receive pay at the normal overtime rate of one and one-half (1-1/2) times their normal hourly rate for the part of the one-half hour lunch period the employee worked. Alternatively, the employee shall be allowed to take the lunch period at a different time, if such time is available. Any employee who works a twelve-hour shift will be guaranteed a duty-free lunch period.
 - 6.1.1 Furthermore, if the City is unable to provide a duty free lunch in accordance with this Section of Article 6, the employee may take lunch at their assigned duty station.
- 6.2 Break Time. Break Times shall be scheduled by the City, and will allow the employee fifteen (15) minutes of duty free time off with pay. At least one employee shall be allowed off the floor at any one time.

- 6.3 All employees shall receive paid breaks and unpaid lunches as follows:
 - 6.3.1 Two (2) hours, no lunch/no breaks.
 - 6.3.2 More than two (2) or more hours but less than six (6) hours, one break but no lunch.
 - 6.3.3 Six (6) or more hours up to and including ten (10) hours, two breaks and one lunch.
 - 6.3.4 Employees working beyond those hours specified above shall receive one additional break for each two (2) hours.
- 6.4 The current practice of signing up for combined or separate breaks and lunches in any available slots shall continue.
 - 6.4.1 An employee may leave the floor twice per shift for de minimis purposes.

Article 7. OVERTIME

- 7.1 Overtime Rate. Overtime at the rate of one and one-half (1½) times an employee's established hourly rate as set forth in Schedule "A" shall be paid for all work performed outside of or in excess of an employee's established shift hours except under the following circumstances:
 - 7.1.1 Newly hired trainees attending BOEC's training academy shall be paid at the overtime rate of one and one-half (1½) times the employee's established hourly rate for all work performed in excess of 40 hours per week.
 - 7.1.2 Employees who use unpaid leave for any portion of a day or week during a pay period shall be paid at the straight time rate for all hours of voluntary overtime worked, equal to the number of hours taken as unpaid leave.
 - 7.1.3 Employees required to work around the clock (24 hours) and required to continue to work through their regular assigned shift shall continue to receive pay at the overtime rate for working their regular assigned shift.
 - 7.1.4 Bounty Overtime. A bounty shift is defined as an anticipated period of staffing shortage, as determined by the Bureau in advance. Bounty shifts can be offered in a variety of hourly increments. For example, the Bureau

may identify a two (2) hour shot as a bounty shift. Employees have seven (7) calendar days from the date the Bureau notifies them of available bounty shifts to sign up. All hours worked on a bounty shift shall be paid at two and a half (2.5) times an employee's established hourly rate ("bounty overtime"). Bounty overtime only applies to floor overtime, as defined in Article 7.2. Bounty overtime will be treated as all other overtime for purposes of assignment and distribution.

7.1.5 There shall be no pyramiding of overtime rates.

7.2 Floor Overtime. Floor overtime is overtime worked on the operations floor as a call taker, police or fire dispatcher. Time worked as a supervisor, attending classes, meetings, special events or other off-the-floor assignments is excluded from the definition of "floor overtime."

7.3 Voluntary Overtime. Voluntary overtime work shall be offered equally among employees, provided the employee is qualified to perform the work required, except under the following circumstances:

7.3.1 Employees may be denied the ability to work voluntary overtime based on excessive use of sick leave as defined in Article 13.8.1, or misuse of sick leave as defined in Article 13.7.

7.3.2 Employees may be restricted from working voluntary overtime for bona fide training purposes, as determined by Bureau management.

7.3.3 Trainees who are not certified as police dispatchers may not work more than twelve (12) consecutive hours unless a critical situation is in progress.

7.3.4 Employees who fail to work preapproved voluntary overtime, including bounty overtime, for a minimum of twenty (20) hours or four (4) occurrences, whichever comes first, in a six (6) month period may be restricted from signing up in advance for voluntary overtime in the subsequent six (6) months, with the following exceptions:

(A) Employees who have been preapproved for voluntary or bounty overtime may give back some or all of the hours with fourteen (14) days' notice. Employees may provide coverage for their preapproved voluntary or

bounty overtime hours. The above instances do not count as an occurrence under this section.

- (B) Employees restricted from signing up for voluntary overtime in advance under this section are not prohibited from responding to and working requests for short notice voluntary overtime. Short notice overtime is defined as overtime that is worked within twenty-four (24) hours of the time the voluntary overtime is offered.

7.4 Overtime Equalization.

- 7.4.1 A record of overtime hours worked by each employee shall be maintained by the Bureau and will be posted, as soon as possible, at the completion of each pay period. Employees shall be selected for overtime by choosing the employee, among those volunteers, with the least amount of overtime hours worked in the last two (2) pay period reports.
 - 7.4.2 The parties agree that when two employees with an equal number of overtime hours worked have signed up for the same overtime opportunity, seniority shall rule as the tie breaker in all cases.
 - 7.4.3 Prior to awarding overtime outside the equalization process, management will call or otherwise attempt to contact those employees who have signed up for overtime. If none are available, then on duty employees will be given 15 minutes to respond to the overtime request prior to forcing an employee to work overtime. Seniority shall rule as a tie breaker in all cases.
 - 7.4.4 The parties agree that alternative methods for overtime equalization may be developed by the Labor Management Committee.
 - 7.4.5 An employee who believes that he/she has not received a fair share of available overtime shall review the matter with the immediate supervisor and Union representative. Corrective action will be taken through future assignments of overtime if a bona fide inequity exists in the employee's opportunity to receive a fair share of the overtime available in the employee's work unit.
- 7.5 Compensatory Time Off. In providing compensation for employees who have worked overtime, the City will grant the employee's preference for either pay at the applicable

overtime rate or compensatory time computed at the applicable overtime rate for the overtime hours worked up to a total accrual of one hundred twenty (120) hours per calendar year.

- 7.5.1 Accrued compensatory time off may not be used for bidding vacation selection, but may be used in lieu of vacation.
- 7.5.2 Compensatory time off may be taken or used in lieu of vacation at other times by mutual agreement between the employee and the employee's supervisor.
- 7.5.3 Employees may receive twice per year, at their request, a payout of any amount of accrued compensatory time.
- 7.5.4 Until December 31, 2016, any compensatory time remaining at the end of the calendar year will be paid out to the employee. Effective January 1, 2017, any accrued compensatory time remaining at the end of the calendar year automatically applies to the cap of one hundred twenty (120) hours in the following calendar year, unless the employee requests an end of the year cash payout. Employees must notify timekeeping of their request for a cash payout by completing the required form on or before December 15.
- 7.5.5 In the event that an employee transfers from one bureau to another, any compensatory time will be paid out to the employee.
- 7.6 Forced Overtime. As provided in the classification specifications covered by this agreement, forced overtime is an essential function of the job. Supervisors will give advance notice whenever possible. Except as provided in Article 7.9, employees may be subject to discipline for failure to work forced overtime. Employees who provide coverage for their forced overtime hours will not be subject to discipline.
 - 7.6.1 Forced overtime shall be scheduled in up to two (2) hour blocks except under the following circumstances:
 - (A) The City shall avoid situations which require forcing an employee to work more than two (2) hours past their scheduled shift or more than twelve (12) consecutive hours, unless a critical situation of major proportions is

in progress. The employee shall be compensated at the rate of two (2) times the established rate for the hours worked in excess of sixteen hours (16) hours.

- (B) Unless a critical situation of major proportions is in progress, the City shall not require an employee to work forced overtime more than two (2) hours beyond their scheduled shift and subsequently require the employee to work forced overtime more than two (2) hours early for the beginning of their next shift if the result is that the employee does not have twelve (12) hours' rest between the shifts.

7.7 Forced Overtime Process. Supervisors will begin with a list of names of employees for each shift in descending seniority order. The list will be updated daily. Each time an employee works floor overtime for two (2) hours or more, that employee's name will go to the bottom of the list. If more than one employee from the same shift works overtime during the same overtime period, their names will be listed in order of seniority when placed at the bottom of the list (the most senior employees at the bottom).

7.8 If the need arises to force an employee, the supervisors will start at the top of the list and work downward to force the number of people needed. Supervisors will notate the date and time of the force on the list to effectively move the employee that has been given advance notice to the bottom of the force list. If the Bureau needs to force the same employee on short notice, the supervisor will start at the top of the list and work downward, initially passing over that employee. Employees working on their Friday will be forced last in all circumstances. Supervisors will attempt, when possible, to avoid forcing employees multiple days in a row. An employee who does not fulfill an advance notice force will have the notation removed and remain at the top of the force list.

7.8.1 Except as provided in Section 7.6.1(a) and (b) of this Article, an employee is exempt from being forced but will remain on the top of the list, if the slot in question is not in conjunction with an employee's regularly scheduled shift, if the employee is on vacation or on a scheduled day off, if the employee is already scheduled to work

twelve (12) hours that day, or if the block of overtime is following the employee's regular scheduled work week.

- 7.8.2 If there are no other eligible employees for the block of overtime, the City may force the employee highest on the list who had been made exempt on the basis that the block of overtime was following the employee's regularly scheduled work week
- 7.8.3 Supervisors will attempt to contact unapproved overtime applicants for that day prior to forcing overtime.
- 7.8.4 If an employee has signed up and been approved for overtime, the City may cancel the overtime in order to force that employee for a different slot only with the agreement of the employee.
- 7.9 Forced Overtime Exemptions. A forced employee may be exempted from a given overtime assignment for the following reasons:
 - 7.9.1 for bona fide training purposes, as determined by the Bureau.
 - 7.9.2 For any reason, one (1) time per six (6) month sign-up period.
 - 7.9.3 Employees may earn one (1) force refusal card for every eight (8) forces worked in a six (6) month sign-up period. If a force refusal card is earned in the last two (2) weeks of the sign-up period, the employee may use the force refusal card within the first three (3) months of the following sign-up period. The parties agree to meet and confer regarding this language one (1) year following ratification of this Agreement to determine whether there is an ongoing need.
 - 7.9.4 For instances of personal hardship. Supervisors will evaluate personal hardship situations on a case-by-case basis, with an aim toward making decisions as consistent and uniform as possible. Supervisors shall not unreasonably withhold deferment. If the employee believes the supervisor was unreasonable, the employee may file a grievance after the overtime has been worked. This exemption only applies after the employee has exercised the employee's forced overtime exemptions set forth in subsections 7.9.2 and 7.9.3 above.

- 7.9.5 When an employee has a medical condition for an extended period of time that does not qualify as a disability under the ADA, the Bureau may provide a temporary job modification if the employee provides sufficient medical documentation that is deemed acceptable by the Bureau that shows that the employee is unable to perform the essential function of working forced overtime. Under those circumstances, the Bureau may provide a temporary job modification that allows the employee to continue to work with limitations on forced overtime hours. Prior to each shift sign-up, the Bureau and/or Human Resources and the employee will meet and evaluate whether a continued job modification can be provided to the employee. The Bureau and/or Human Resources may require the employee to provide updated medical documentation at each sign-up. This section applies only if the Bureau determines that it does not create a hardship to the Bureau's operational needs. Article 13 applies to this section.
- 7.10 Overtime Bonus, Effective retroactive to January 1, 2016:
- 7.10.1 Employees who work seventy-five (75) hours of combined voluntary and forced floor overtime in a calendar year shall earn a bonus of five hundred dollars (\$500) per calendar year.
- 7.10.2 Employees who work one hundred fifty (150) hours of combined voluntary and forced floor overtime in a calendar year shall earn an additional bonus of five hundred dollars (\$500) per calendar year.
- 7.10.3 The maximum amount an employee may earn as an overtime bonus in a calendar year is one thousand dollars (\$1,000). Employees who earn an overtime bonus will receive the bonus in the second (2nd) pay period following the date the bonus is earned. This section will expire on December 31, 2017, unless extended by mutual agreement.

Article 8. REPORTING PAY AND MINIMUM PAY

available for the employee, shall be excused from duty and paid at the applicable rate for that scheduled time.

- 8.2 Stand-by Pay. Before the City requires bargaining unit employees to “stand-by” during their off duty hours, the City and the Union will meet and determine the appropriate compensation.
- 8.3 Travel Time. If an employee is called back on an emergency, pay will commence at the time the employee leaves home, with a maximum of one (1) hour’s travel time permitted. Travel time does not apply to normal Center operations.
- 8.4 Mileage Reimbursement. Employees are authorized special mileage allowances under the following conditions: When such employees are required or authorized to use their personal automobile to report directly to a work site other than their normal reporting place, they will file a mileage pay request for any miles that are in excess from their current home address to their normal reporting place. Mileage payments will be at the applicable IRS rate per mile for using a personal automobile on City business. Payment will be made for the excess distance both going to work and returning home. Employees will be obliged to keep their supervisors advised of their current home address and number of miles from their home to their regular reporting place.
 - 8.4.1 Any employee who is required or authorized to use a personal automobile in the course of employment will be paid mileage reimbursement at the applicable IRS rate. Unless specifically authorized in advance, employees will not be paid mileage reimbursement for using their personal automobile to attend voluntary training.
- 8.5 Civil Service Examinations. Where the employee cannot arrange alternative schedules with the Bureau of Human Resources, the employee will be allowed to take Civil Service examinations without loss of regular pay for the duration of the time spent in the examination.

Article 9. WORKING OUT OF CLASSIFICATION

- 9.1 Assignments to a higher classification will be paid in accordance with Schedule "A" COACHING/LEAD.

- 9.2 An employee who is appointed to act in the capacity of a supervisor remains a member of the bargaining unit, but the employee shall assume all of the duties and be subject to the working conditions of other supervisors of similar rank for the duration of the appointment, except there shall be no issuing of discipline by such an individual.
- 9.3 Promotions. The City agrees that employees within the Bureau shall have first opportunity for bargaining unit promotions within the Bureau, subject to qualifications through proper Bureau of Human Resources procedures.
- 9.4 When external lateral hires are made to the police, fire, or senior dispatcher classifications, training offered to the external hires will also be offered to current employees who have not yet had the opportunity.

Article 10. SENIORITY

- 10.1 In the matter of layoff and recall of employees, as well as in the matter of selections of jobs or opportunities to work on new jobs, processes or job locations and the selection of work shifts and vacation periods within a given classification, within a bureau, department or division thereof, the City shall prefer those employees who have permanent status with the greatest length of service with the City within a given classification subject to the following conditions:
- 10.2 Layoff. Reductions in force shall be accomplished by removing from the classification in which the oversupply exists, the junior person in that classification. An employee so removed shall be entitled to work in a lower classification in which the employee has previously held permanent status in the order of the employee's seniority in that classification.
 - 10.2.1 No layoffs or reduction to a lower classification shall be executed so long as there are temporary employees serving within the affected classification.
 - 10.2.2 Employees laid off in one bureau shall have the right to employment in another bureau on the basis of total seniority.
 - 10.2.3 If an employee has been transferred as a result of a layoff, that employee shall have the right to transfer back

to the employee's former classification in the employee's former bureau or division from which the employee was transferred, if the City is going to re-employ an employee in that classification in that bureau or division. The transfer back shall be on a strict City-wide seniority basis in the classification of the employee at the time the transfer occurred.

- 10.2.4 The City shall re-employ laid off employees in a strict seniority basis for the classification from which the employee was laid off.
- 10.2.5 If two or more employees were employed in any classification on the same day, seniority shall be determined by their position on the eligible register at the time of their appointment.
- 10.2.6 It is recognized that from time to time a seniority inequity may exist in multiple appointments in a bureau and classification, where an employee is required by the City to delay the starting date in a new position. In those instances, the employee may submit to the Human Resources Director a request for the seniority adjustment within thirty (30) days of permanent appointment.
- 10.2.7 On re-employment of laid off employees, the City shall notify the employee by Certified Letter, with a copy to the Union, mailed to the employee's last known address. The employee shall have five (5) days to report the employee's intentions to the City and shall report to work within two (2) weeks after notification to the City.
- 10.3 Shift Selection. Employees within each classification shall have a right to select their work shift and days off, on the basis of their position on the Union Employee List. Shift selection sign-up shall occur twice per year, to be implemented on the first day of the pay period closest to March 15th and September 15th of each year.
 - 10.3.1 Out of Union Employee List order shift assignments may be made: (1) for employees in a training status; (2) to accommodate personal hardship requests by mutual agreement between the City and Union not to exceed three (3) months; or (3) short-term special assignments to accommodate medical conditions by mutual agreement between the City and the Union.

10.3.2 Shift Sign-up Shift sign-ups will be conducted by the Union with a supervisor available to answer questions.

- (C) The Union Chapter Chairs will receive the sign-up from management by the 26th of the month prior to the start of the sign-up for review and input (January 26 and July 26 of each year).
- (D) Shift and days off selections will be made available to employees by the Bureau and the Union for the start of the shift sign-up process on February 1 and August 1 of each year.
- (E) The Union member conducting the sign-up will be responsible for selecting the shift/days off for any bargaining unit member not present during the sign-up and/or any bargaining unit member who did not leave their selections with the Union member responsible for conducting the sign-up.
- (F) An EC DT or EC CT who is approaching final certification at phones or dispatch may be included in the applicable sign-up.

10.3.3 Modified sign-up. An EC DT or EC CT who certifies between sign-ups shall be included in a modified sign-up. The modified sign-up shall be accomplished by posting the shifts/days off to allow those employees who did not have the opportunity to bid for that slot on the previous sign-up to bid for that slot. The modified sign-up shall be completed as soon as practicable and implemented at the beginning of the first pay period which occurs at least seven (7) days following completion of that sign-up.

- (A) When an employee changes shifts because of a modified sign-up the employee's unused vacation time on the vacated shift will revert back to the shift and be open for vacation sign-up as provided for in 11.9.

- (B) When a vacation slot is reopened within 30 days of the slot, the slot will remain open up to 72 hours prior to that date. The employee who moves to a new shift may sign up for any open vacation prior to the beginning of the new shift as provided for in 10.5.8. The original vacation bids of newly certified ECCTs and newly promoted EC Police Dispatchers, EC Fire Dispatchers, and EC Sr. Dispatchers will be honored on their new shifts.
- 10.3.4 Any shift change related to a modified sign-up will follow the same provisions as in 5.2.3 for adjustments and pay.
- 10.3.5 The Union Employee List shall be maintained by the Union for the purpose of shift and selection and will be provided to the Bureau. It shall be the responsibility of the Union to resolve any employee disputes regarding the List.
- 10.4 Annual Leave Selection. Annual Leave selections shall be on the basis of position on the Union Employee List. Each employee will be entitled to exercise an Annual Leave bid once each sign up period, except as provided in 10.3.3.
 - 10.4.1 It is agreed that the following Annual Leave language applies to all bargaining unit employees within their classification.
 - (A) There shall be one (1) annual leave slot for every ten (10) phone certified dispatch employees as of January 26 and July 26 (the date shift and days off selections in 10.3.2(C) are made available to the Union). For example:
 - Three (3) leave slots for 30-39 bargaining unit dispatcher employees
 - Seven (7) leave slots for 70-79 bargaining unit dispatcher employees
 - Ten (10) leave slots for 100-109 bargaining unit dispatcher employees
 - Thirteen (13) leave slots for 130-139 bargaining unit dispatcher employees
 - (B) Certified ECCT employees shall have Annual Leave slots provided based upon the total number of

employees within class. The distribution ratio for such employees shall be:

One (1) slot for 10 or less employees

Two (2) slots for 11-25 employees

Three (3) slots for 26 or more employees

One (1) additional slot for each additional 10 ECCT employees

- (C) Distribution as determined by 10.4.1 will be guided by the following:

One (1) Annual Leave slot for each shift assigned nine (9) or less employees

Two (2) Annual Leave slots for each shift assigned ten (10) or more but less than twenty-three (23) employees

Three (3) Annual Leave slots for each shift assigned twenty-three (23) or more employees

- (D) For the purposes of annual leave bids, shifts of ten (10) or fewer employees may be combined with another adjacent shift. The Bureau will designate which shifts shall be combined.

- (E) Before implementation, the Bureau will provide the Union a draft of the leave slot configuration for review and comment. If the Bureau and Union cannot agree on the distribution of the remaining slots they will be distributed to the shifts with the highest employee to annual leave slot ratio.

- 10.5 Prior to certification, employees will be approved by the Training Department for annual leave. Upon certification, employees will be subject to the same annual leave bid process as other certified bargaining unit employees.
- 10.5.1 Once certified in call taking, employees shall be counted for purposes of allocation and distribution of annual leave slots per 10.4.1A and 10.4.1B in their respective classifications.
- 10.5.2 Approved annual leave for trainees will move with them when they change coaches. If there is an open leave slot, the slot will be filled by the trainee. If there is no open slot an additional slot will be opened for the trainee.

If the days off have changed in the move the actual block of time off will be honored.

- 10.5.3 Annual Leave Sign-up. Annual Leave sign-ups will be for approximately six (6) month periods which will coincide with the shift selection periods as specified in Article 10.3 above.
- 10.5.4 Annual Leave sign-ups will be conducted by the Union.
- 10.5.5 The Union shall complete the Annual Leave sign-up as quickly as possible after the shift/days off selection sign-up. In no case shall it be completed later than one week prior to the sign up implementation date.
- 10.5.6 The Union will devise the method for conducting Annual Leave sign-ups.
- 10.5.7 Bargaining unit members shall be required to follow the prescribed method for Annual Leave sign-up as established by the Union.
- 10.5.8 Bargaining unit members who fail to sign-up for an Annual Leave period in the manner established by the Union will be considered to have exercised a pass for that leave period.
- 10.5.9 The Union will provide the Bureau with the results of the Annual Leave sign-up in a timely fashion so that scheduling problems are minimized.
- 10.6 Permanent shift trades may be made by mutual agreement between the employees and the City, provided such changes are posted and there are no objections. Any such mutually agreed changes shall not be subject to the overtime provisions of this agreement.
 - 10.6.1 Shift Trades. Individual trades of full or partial shifts may be made under the provisions of the Fair Labor Standards Act.
 - (A) Trades must be approved by a supervisor.
 - (B) The hours worked shall be excluded in the calculation of the hours for which the substituting employee would otherwise be entitled to overtime compensation. Where one employee substitutes for another, each employee will be credited as if they had worked their normal work schedule for that shift. Notwithstanding the

provisions of ORS 653.268, it is agreed that at no time shall any hours worked under a trade agreement be paid at the overtime rate. Lunches and breaks earned in conjunction with a shift trade can be combined as allowed under Article 6.4, and to remain FLSA compliant.

- (C) The City is not required to keep a record of the hours of the substitute work. However, the City may develop and require the use of pay codes to facilitate its knowledge of when an employee has substituted or is being substituted and when an employee did not report to work for what was an approved substitution shift.
- (D) Trades are not subject to formal record keeping by the Bureau. Records of trade time worked and owed are the responsibility of the employees involved in the trade. The City is not responsible, nor can it be held liable, for disputes between employees over time owed as a result of trades. The City cannot be held responsible for the balancing of trade accounts.
- (E) Employees are responsible for ensuring that their assigned shifts are covered.
- (F) If the employee who has agreed to work for another in trade does not report to work, the employee originally assigned the shift will be credited as if they had worked their normal work schedule for that shift. The employee who did not report to work as part of an approved substitution agreement shall have the equivalent amount of time removed from their annual leave accrual, and if none, from future annual leave accrual until the deficit is erased.
- (G) Failure to work a trade twice in six months shall result in termination of all trade privileges for the subsequent six months. Failure to fulfill a trade may also result in the termination of trade privileges and/or disciplinary action.

- 10.7 Injured Worker Return to Work. The parties jointly recognize the desirability of returning an injured worker, whose condition is not medically stationary, to some form of available work at the earliest possible time consistent with the ability of the worker to return as certified by the

treating physician. Employees may be temporarily assigned available work other than in their regular job classification as soon as released to do so by the treating physician.

- 10.7.1 An injured worker whose condition is medically stationary will be given the opportunity to return to the employee's original classification if medically able to do so. If the injured worker's condition does not permit return, the City will make reasonable effort to accommodate such condition and to return the injured worker to available and suitable work in accord with State law. Such accommodation efforts shall include a City-wide search in accordance with Human Resources Administrative Rules and other collective bargaining agreements.
- 10.7.2 A job which is vacant by reason of a compensable injury will be treated as a temporary vacancy until the employee is found medically stationary, but in no case shall exceed six (6) months. During this period, an injured worker who has received a full release will be returned to the employee's former job on request. An employee displaced by the return of an injured worker will be entitled to bump pursuant to the employee's seniority and classification. Once found medically stationary or after six (6) months, an employee who is absent due to compensable injury and unable to return to work shall be placed on medical layoff status in the employee's classification.
- 10.8 Employees may request a lateral transfer to another bureau by notifying the Human Resources Bureau of their desires.
- 10.9 Retention and Forfeiture. Job class (layoff) seniority shall continue and accumulate during approved leaves of absence in accordance with the provisions of the City Charter and Human Resources Administrative Rules. All seniority shall be broken by resignation or termination for just cause. In the event an employee is reinstated under the Rules, their job class (layoff) seniority will be established according to those Rules.
- 10.9.1 Any employee who is promoted and fails to qualify for the new position shall have the right to be returned to the employee's former classification and department based

on seniority with all the rights and conditions of employment the employee had in the employee's former classification.

10.9.2 Within one hundred eighty (180) days of promotion, any employee may elect to return to the employee's former classification and bureau with no loss of rights and conditions of employment; provided, however, a vacancy exists in the employee's former classification and bureau within six (6) months of the promotion.

10.10 The City agrees to make available to the Union, upon request, copies of any personnel list the City maintains regarding seniority or classification changes.

10.10.1 The Union agrees to make available to the City, copies of the Union Employee List to be used for the purposes of shift/days off and Annual Leave selection

10.11 In the event of a layoff in the Bureau of Emergency Communications, it is agreed layoffs shall occur in the following order:

Pursuant to Article 10.2, it is agreed that all employees identified within shall be laid off before proceeding to the next classification. Furthermore, those employees who have the least seniority within a classification shall be laid off first, subject to the following exception: Those employees certified at Police Dispatch shall at no time be laid off prior to an employee not certified in Police Dispatch.

Therefore, the order of layoff class and category shall be:

ECCT trainees

ECDTs not certified in Calltaking

ECDTs certified in Calltaking

ECCTs

ECDTs certified in two (2) disciplines

EC Police Dispatchers/EC Fire Dispatchers

Lastly, EC Sr. Dispatchers (to include red-circled EC Police Dispatchers)

10.12 Probationary Period. The entry probationary period is twelve (12) months from date of hire. Entry probationary employees are not permanent, serve at the pleasure of the City, and may be discharged without recourse to the grievance procedure.

10.12.1 After completion of the initial twelve (12) month probationary period, employees may only be discharged for just cause. It is specifically understood that just cause shall include inability or failure on the part of an employee to attain certification in accordance with BOEC job requirement prior to completion of eighteen (18) months' service from date of hire.

Article 11. ANNUAL LEAVE

11.1 All employees shall receive Annual Leave with pay as follows:

11.1.1 Annual Leave for employees shall be computed on the basis of time actually served during each calendar year. The rate that annual leave accrues shall depend upon the total amount of service for the Employer, whether or not such service was broken. Beginning with January 1 of the year in which the employee reaches the following service anniversaries, leave shall accrue at the following rates:

Anniversary	Accrual Rate Per Bi-Weekly Period	Equivalent Annual Leave
Entry	7.53 hours	196 hours
5	9.08 hours	236 hours
10	9.85 hours	256 hours
15	10.62 hours	276 hours
20	11.39 hours	296 hours
25	12.15 hours	316 hours

11.2 An employee's Annual Leave is deemed earned and shall be credited each payroll period.

11.3 In computing total amount of service as used in 11.2 above:

11.3.1 Includes time taken while on leave of absence with pay or for military leave without pay.

- 11.3.2 Includes any time under temporary appointment in City service, employment by the Dock Commission, the Exposition-Recreation Commission, and the Portland Development Commission.
- 11.3.3 Includes absence because of an on-the-job injury up to one year.
- 11.3.4 Excludes time in City service for pension benefits.
- 11.4 Employees shall continue to earn Annual Leave credit for:
 - 11.4.1 A cumulative period of one year because of time lost for each on-the-job injury, provided that the employee returns to work in accordance with the Bureau of Human Resources Administrative Rule 6.03, Vacations. However, should such on-the-job injury result in disability retirement, the employee will be paid for such accrued Annual Leave up to the one-year maximum accrual.
 - 11.4.2 Any authorized leave of absence where an employee continues in paid status.
 - 11.4.3 Any authorized personal leave of absence not to exceed thirty (30) days.
- 11.5 The total number of Annual Leave hours accrued at the end of the first payroll period in January cannot exceed an employee's Annual Leave accrual for the preceding twenty-four (24) month period. Any excess credit at that time will be forfeited. Except, however, if during the month of December, the Employer requires an employee to work a previously scheduled and approved leave period, the amount of leave worked may be carried over in addition to two year's accumulation.
- 11.6 Annual Leave credits will not be available for use until the employee has completed ninety (90) days of service. Whenever an employee with more than ninety (90) days service is laid off or terminated, Annual Leave time shall be paid in a lump sum.
- 11.7 Employees shall have the right to exercise their seniority in determining their Annual Leave times as provided in Article 10.

- 11.8 Employees shall be able to schedule Annual Leave at other times than at the semi-annual leave sign-up as follows:
- 11.8.1 With a minimum of seventy-two (72) hours and maximum of two months' notice, employees shall be allowed to schedule Annual Leave up to the number of annual leave slots assigned to their shift or combined shift;
 - 11.8.2 The Bureau shall continue its current practice of allowing employees to sign up for vacation slots under Article 11.9. The Bureau shall not be required to grant vacation requests to alternates if the vacation slot is cancelled or vacated with less than 72 hours' notice.
 - 11.8.3 When a vacation slot is reopened within 30 days of the slot, the slot will remain open up to 72 hours prior to that date. The employee who moves to a new shift may sign up for any open vacation prior to the beginning of the new shift as provided for in 10.3.3 (B). Newly certified ECDTs' or ECCTs' original vacation bids will be honored on their new shift.
 - 11.8.4 Anniversary Benefit. Upon the 3rd, 5th, 10th, 15th, 20th, and 25th anniversaries of an employee's hire date, the employee will be allowed to take an accrued vacation day where a vacation slot would not normally be available. One additional Annual Leave request may be approved per shift grouping per day, excluding the following days: Fat Tuesday (Mardi Gras), St. Patrick's Day, Cinco de Mayo, Independence Day, Halloween, Thanksgiving, Christmas Eve, Christmas, New Year's Eve, and New Year's Day. All other rules will be followed regarding Annual Leave requests under Article 11.
- 11.9 An employee may be allowed to take leave at other times than those specified in other sections of this Article or in Article 10 upon reasonable notice and by mutual agreement between the employee and the immediate supervisor.
- 11.10 Once an employee's Annual Leave time has been scheduled, the employer shall not cancel such scheduled Annual Leave time unless the needs of the operation so dictate. If the employee feels scheduled Annual Leave was canceled without good reason, the matter will be subject to

the regular grievance procedure. If the Employer is found to be in violation of this Article, the employee will be paid at time and one-half for the time worked during the scheduled Annual Leave, with no loss of accrued Annual Leave time. Furthermore, the Employer will make every effort to accommodate the employee in rescheduling the employee's new Annual Leave irrespective of bid or available slot.

- 11.11 No allowance shall be made to an employee for sick leave during a period designated in advance for Annual Leave purposes; except upon a determination by the Commissioner in charge that the injury or illness was of a serious nature. Prompt notification of the injury or illness, and clearance by the person in charge of the employee's payroll unit, shall be made as provided in the Bureau of Human Resources Administrative Rule 6.04, Sick Leave.
- 11.12 Employees on FMLA, OFLA, or parental leave extension (per Article 14.4.2) shall exhaust all paid leave before being permitted to be on an unpaid status except that they may reserve a total of 80 hours of annual leave per calendar year for future use.
 - 11.12.1 An employee not wishing to protect any applicable portion of annual leave may notify the Bureau to change their current status concerning protected annual leave, on a pay period-to-pay period basis.
 - 11.12.2 Employees will have the opportunity to use overtime compensation (OTC) hours in lieu of annual leave.

Article 12. HEALTH AND LIFE INSURANCE

- 12.1 Labor/Management Benefits Committee. The parties agree to the continuation of the city-wide Labor/Management Benefits Committee. The committee will consist of fourteen (14) members. One member shall be appointed from each of the following labor organizations: the District Council of Trade Unions (DCTU), the Portland Fire Fighters' Association (PFFA), the City of Portland Professional Employees Association (COPPEA), AFSCME, Local 189 representing Emergency Communications Operators (BOEC), Municipal Employees, Local 483 representing Recreation Instructors (Recreation), the Portland Police

Commanding Officers Association (PPCOA) and AFSCME Local, 189 representing the Portland Housing Bureau (PHB). The remaining seven (7) members shall be appointed by the City.

- 12.1.1 A quorum of twelve (12) voting members is required for the committee to take action. An absent committee member may designate a substitute with full voting authority or designate another committee member as proxy to vote on the absent committee member's behalf. Any committee member may invite one or more visitors to attend committee meetings.
- 12.1.2 The committee shall select its chairperson, who shall serve at the will of the committee.
- 12.1.3 In order to make a recommendation to the City Council, at least ten (10) committee members must vote in favor of the recommendation. The committee shall be responsible for establishing internal committee voting and decision-making processes.
- 12.1.4 Members of the committee shall be allowed to attend committee meetings on on-duty time. In the event meetings are scheduled outside the regular shift hours of a committee member, the City shall make every effort to adjust the shift of the member to allow the member to attend while on duty.
- 12.1.5 The committee shall meet at least quarterly, and shall make written recommendations regarding plan design changes in the employee benefits program to the City Council no later than April 1st of each year.
- 12.1.6 The City Council shall retain the discretion to implement or reject any of the committee's recommendations. In the event the committee makes a recommendation that is consistent with the committee's authority, is actuarially sound and meets all the requirements of federal, state and local laws, and Council rejects the recommendation, any reductions in plan costs that may have occurred due to the change in plan design, will be treated as having occurred for the purposes of calculating the maximum City contribution under this agreement. These costs will be calculated by evaluating the premiums and/or rates as if the changes had occurred, the rates and/or premiums

absent the changes, and the number of participants under the plan(s) involved. (For example, if the self-insured plan two party rate would be \$298 per employee per month with the addition of a benefit design change "X", but Council rejects the design change and therefore the two party rate is \$350 per month per employee, the City contribution will be increased \$52 per month per employee on the self-insured plan to give credit for the change.)

- 12.2 Benefits Eligibility. The City offers healthcare benefits to regularly appointed full-time and part-time employees and their qualified dependents. The plan is administered in compliance with all applicable federal, state, local laws, statutes and rules.
- 12.2.1 Permanent full-time employees shall be eligible for medical, dental, vision and life insurance coverage the first of the month following the date of hire. Permanent full-time employees shall cease to be eligible as provided herein for medical, dental, vision and life insurance coverage on the last day of the month following the date of unpaid leave status or their separation from active employment. Medical, dental, vision and life insurance benefits will be paid at 100% of the city contribution for those employees who have a Standard Hours designation of at least seventy-two hours in a pay period in a benefits eligible, budgeted position.
- 12.2.2 Following an authorized unpaid leave, a permanent full-time employee shall be eligible for medical, dental, vision, and life insurance coverage on the first calendar day of the month in which the employee returned to active employment.
- 12.2.3 Permanent part-time employees will be eligible for medical, dental, vision and life insurance coverage the first of the month following the date of hire. Permanent part-time employees shall cease to be eligible for as provided herein for medical, dental, vision and life insurance coverage on the last day of the month following the date of unpaid leave status or their separation from active employment. The amount of contributions which the City will make on behalf of

permanent part-time employees for medical, dental, vision and life insurance benefits shall be as follows:

Standard Hours Per Pay Period	Percentage of Full-Time Employee Contribution
38-56	50%
57	75%

- 12.2.4 The percentage of benefits shall be based on the employee's standard hour designation for the period of part-time (or job-share) work under the program.
- 12.2.5 Medical, dental, vision and life insurance benefits may be denied to employees who are in a pay status for less than seventy-six (76) hours during a calendar month by the withholding of city-paid premiums for the subsequent month.
- 12.3 City Contributions.

Each employee shall contribute five percent (5%) of the rates adopted by the City Council for the one party, two-party or family enrollees (whichever applies). The City reserves the right to expand family tier descriptions if it is in the best interest of the employee enrollee and has been recommended by the LMBC and subsequently approved by City Council.

Each regular full-time employee who elects the Self-Insured Plan or the Kaiser Plan and who received a preventative health examination within the prior three (3) calendar years shall contribute five percent (5%) of the medical, vision and dental rates adopted by City Council for the one party, two party or family enrollees (whichever applies), or any variation of the tiered rates recommended by the LMBC and subsequently approved by City Council. In subsequent Benefit Plan years beginning with July 1, 2019, the preventive health care examination look back will be the prior two (2) full calendar year period.
- (B) Beginning the Benefit Plan year July 1, 2018 through June 30, 2019, the City shall contribute ninety percent (90%) of the medical, vision and dental rates adopted by the City Council for the one party, two party or family enrollees (whichever applies), or any variation of the tiered rates recommended by the LMBC and subsequently approved by City Council for each regular full-time employee who elects the Self-Insured Medical Plan or the Kaiser Plan and who has not received a preventive health care examination within the prior three (3) full calendar year period (from January 1, 2015 through December 31, 2017). Each regular full-time employee who elects the Self-Insured Plan or the Kaiser Plan and who did not receive a preventative health examination within the prior three (3) calendar years shall contribute ten percent (10%) of

the medical, vision and dental rates adopted by City Council for the one party, two party or family enrollees (whichever applies), or any variation of the tiered rates recommended by the LMBC and subsequently approved by City Council. In subsequent Benefit Plan years beginning with July 1, 2019, the preventive health care examination look back will be the prior two (2) full calendar year period.

- (C) Beginning with Benefit Plan year July 1, 2018, and effective in subsequent years, newly hired full-time regular employees who elect the Self-Insured Medical Plan or the Kaiser Plan will have one full calendar year to receive a preventive health examination to retain the City's ninety-five percent (95%) contribution and the employee's five percent (5%) contribution in the subsequent plan year. The City shall contribute ninety percent (90%) and the employee shall contribute ten percent (10%) of the medical, vision and dental rates adopted by the City Council for the one party, two party or family enrollees (whichever applies), or any variation of the tiered rates recommended by the LMBC and subsequently approved by City Council for each newly hired full-time regular employee who does not receive a preventive health examination within the first calendar year of service.

For example, for an employee hired in November 2018, the employee will contribute five percent (5%) through June 30, 2020. If the new employee receives a preventive health care examination in calendar year 2019, the employee's five percent (5%) will continue effective July 1, 2020. If the newly hired employee did not receive a preventative health care examination in calendar year 2019, then the employee's contribution level would change to ten percent (10%) effective July 1, 2020.

- 12.3.4 If under successor agreements to the City's current collective bargaining agreement (CBA) with the DCTU or the City's current CBA with COPPEA, the City's premium share contribution that is greater than those offered herein under the Self-Insured Medical Plan or the Kaiser Plan effective in Benefit Plan year starting July 1, 2018,

bargaining unit members covered by this Agreement shall have the right to receive the equivalent premium share provided to the DCTU or COPPEA on a prospective basis

12.3.5 Contributions for Part-Time Employees. Contributions for part-time employees are governed by clause 12.2.3. Once plan rates for each benefit year have been adopted by the City Council, the respective City and Employee contributions shall be computed and the Union shall be provided written notice of the amounts.

12.4 Opt Out. Effective July 1, 2016 through June 30, 2017, a benefits eligible employee who has alternate group medical coverage may choose to opt out of City provided medical coverage. A full-time employee who chooses to opt out shall not be required to pay the employee premium contribution in 12.3 and shall receive a cash payment every payday (except for the third payday in a month) as follows:

Cash Payment	One Party	\$25.00 per payday
	Two Party	\$45.00 per payday
	Family	\$62.50 per payday

12.4.1 Effective July 1, 2016 through June 30, 2017, employees may elect to receive the cash payment as cash (subject to withholding) or as a pre-tax contribution into a Flexible Spending Account (MERP or DCAP). In addition to the cash payment to the employee, the City shall contribute for each full-time employee who opts out of medical coverage an additional amount to the Health Fund as follows:

City Contribution	One Party	\$117.26 per payday
	Two Party	\$93.59 per payday
	Family	\$72.86 per payday

12.4.2 Effective July 1 of each year of the Agreement, the City contribution rates provided in the previous year of the Agreement shall be adjusted to reflect the full annual percentage increase in the Portland-Salem Medical Care component of the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) current base period measured by the reported percentage change

between the second half of the most recent calendar year and the second half of the second most recent calendar year as published by the Bureau of Labor Statistics. However, in no event shall the contribution rate increase be less than two percent (2%) or greater than ten percent (10.0%).

- 12.4.3 Effective Benefit Plan year July 1, 2017 and in subsequent Benefit Plan years, a benefits eligible employee who has alternate group medical coverage may opt out of the City provided medical/vision coverage. A full-time employee who chooses to opt out shall not be required to pay the contribution in Article 12.3 and its subsections and shall receive a cash payment every eligible payday (except for the third payday in a month) as follows:

Cash Payment \$55 per eligible payday.

- 12.4.4 Effective Benefit Plan Year July 1, 2017 and subsequent Benefit Plan years, full-time employees may elect to receive the cash payment as cash(subject to withholding) or as a pre-tax contribution into a Flexible Spending Account (MERP or DCAP). In addition to the cash payment to the employee, the City shall contribute for each full-time employee who opts out of medical coverage an additional amount to the Health Fund (except the third payday in a month) as follows:

City Contribution \$125 per eligible payday

- 12.5 Domestic Partners. Benefit coverage for domestic partners will continue. Availability of domestic partner benefit is subject to continuing availability from the City's benefit employee benefit insurance carriers. The Committee will recommend eligibility rules governing domestic partner benefit coverage to the City Council.
- 12.6 Health Fund Reserves. The Health Fund shall be maintained with adequate reserves to meet fund obligations, which include claims, Incurred But Not Reported Claims Reserves, and Large Claim Reserves. The committee shall make recommendations to the City Council on creating other reserves as appropriate.
- 12.6.1 The term "excess reserves," as used in this agreement, shall be defined as the monies in the Health Fund which

are not needed to meet fund obligations. Excess reserves shall remain in the Health Fund, but shall be subject to separate reporting to the committee.

12.7 Retiree and Survivor Benefits. The City shall make available to a retired employee, spouse and children, or to the surviving spouse and children, or to a surviving spouse, the same medical, dental, and vision benefits offered to active employees. The cost of the plans shall be borne by the retiree or the retiree's spouse. The health care insurance coverage shall be made available for a retired employee until the retired employee becomes eligible for federal Medicare coverage, for the spouse of a retired employee until the spouse becomes eligible for federal Medicare coverage and for a child until the child arrives at majority.

12.7.1 The City shall provide to the spouse and dependent children of an employee who is killed on the job, the same medical, dental and vision benefit plans available to active employees. The City agrees to continue the City contribution for the spouse and dependent children until the spouse reaches age sixty-five or remarries and for each dependent child to the age which meets the eligibility requirements of the health plan in which they are enrolled.

12.7.2 The promise of the City to provide insured plans is dependent upon the continuing availability of such plans from an insurance carrier and the qualification by the retired employee with the plan while the retiree was employed with the City. Should an insurance carrier terminate the plan, the City shall attempt to replace it.

12.8 Life Insurance. The City shall provide each employee with a life insurance coverage through a group policy; said policy shall be secured and maintained in accordance with the City's existing practices.

12.8.1 The value of the policy shall be no less than \$10,000 and if greater, shall be such amount as established by the City Council upon the recommendation of the Labor/Management Benefits Committee.

- (A) Effective July 1, 2004, the value of the policy shall be the lesser of one times annual salary rounded to the next higher multiple of \$1,000 or \$50,000.

12.8.2 The City shall make available supplemental life coverage on a voluntary, employee paid basis.

12.9 Deferred Compensation. The City shall allow employees under this contract to participate in the Deferred Compensation Program that is currently available to employees. However, if the program is determined not to be allowable as a tax deferral under the Internal Revenue Code, the participating employee shall hold the City and the Union harmless against any and all claims, demands, or other forms of liability arising as a result of any invalidation of the terms and conditions of the Program.

12.10 Federal and State Health Legislation. If the Federal Government enacts or changes Federal Health Legislation, or the State of Oregon enacts or changes any State Health Legislation, including ORS 243.303, or if any taxing authority taxes or otherwise limits or restricts health care benefits paid by the City, the City and the Union will immediately negotiate on the effect of that legislation as it pertains to this Article.

12.11 Disability Insurance. The City shall modify the benefits plan to include the addition of disability insurance for employees as recommended by the Labor/Management Benefits Committee and approved by the Portland City Council.

Article 13. SICK LEAVE

13.1 Sick Leave is for an employee's own illness or injury. Sick leave may also be available to care for a family member as provided in the City's Human Resources Administrative Rules presently in effect and/or by state and federal law. The City will continue for the life of this agreement to provide its employees with the sick leave plan and program presently in effect, except as modified as follows:

13.1.1 Permanent employees, including those in probationary status, shall be eligible for use of earned sick leave immediately upon hire. Full-time employees shall accrue sick leave at the rate of four (4) hours per biweekly payroll period, or one hundred four (104) hours per year of service. Sick leave will not accrue during unpaid

leaves of absence exceeding thirty (30) days. Employees may accumulate unlimited sick leave.

- 13.2 If an employee is aware that the employee's condition will require more than two (2) days sick leave usage, the employee will inform the supervisor of the approximate time of return.
- 13.3 Time for medical and dental appointments will be charged against accrued sick leave. However, due to the operational needs of the Bureau, medical and dental appointments should be scheduled whenever possible on off-duty hours.
- 13.4 Attendance Incentive. If an employee has a balance of one hundred (100) hours or more of sick leave at the end of the calendar year and has used less than one-half of their annual sick leave accrual (51 or fewer hours for full-time employees, 25.5 hours for part-time employees) in that calendar year, the employee is eligible to have up to fifteen percent (15%) of their remaining sick leave accrued in that calendar year converted to annual leave. Requests for conversion may be made once per calendar year and must be made in the first four (4) weeks of the following calendar year in which the incentive is earned. Eligibility for part-time employees is pro-rated to their standard hours.
- 13.5 Employees who are unable to report to work due to illness or injury shall attempt to report the absence to their supervisor at least two (2) hours prior to the start of the employee's scheduled shift.
- 13.6 Employees will not be permitted to go into unpaid status except as provided by law (e.g. FMLA/OFLA) or as outlined by Bureau policies. Employees who have insufficient sick leave to cover absences due to illness or injury shall use annual leave or overtime compensation (OTC) to cover absences.
 - 13.6.1 Effective January 1, 2016, employees will be allowed to use forty (40) hours of accrued sick leave to account for sick time that is protected under the Oregon State Sick Time Statute (the State Sick Time Statute). An employee's use of accrued sick leave protected under the State Sick Leave Statute will count separately from absences that are protected under FMLA/OFLA.

- 13.7 Sick Leave Misuse. Misuse of sick leave is defined as the use of sick leave for any purpose other than allowed for in Article 13.1 or as stated herein.
- 13.7.1 Evidence of misuse of sick leave may include, but is not limited to:
- (A) Absences that are not bona fide sick leave purposes as outlined in Article 13.1.
 - (B) Use of sick leave as a supplement for annual leave or other types of leave.
 - (C) Sick leave absences in conjunction with scheduled days off, vacation days, "prime days," or some other specific pattern of usage, including patterns of partial shift sick leave absences. Patterns of sick leave use shall not be the sole basis for a determination of sick leave misuse.
 - (D) Sick Leave usage above the annual accrual for sick leave usage during the previous twelve (12) months.
 - (E) Repeated use of sick leave as soon as the leave is accrued.
- 13.8 Excessive Absenteeism. The parties recognize that every employee has a duty to be reliably present at work, and failure to confine non-protected sick leave usage to accrued and available sick leave raises the possibility of corrective action for excessive absenteeism. Documented usage not to be considered as excessive absenteeism includes approved leave under FMLA and/or OFLA and/or State Protected Sick Time.
- 13.8.1 Excessive absenteeism is defined as an employee who has nine (9) hours or less of accrued sick leave available. Relevant factors include, but are not limited to:
- (A) The attendance history of the employee, specifically to include whether there have been previous instances that reflect a pattern of excessive absenteeism.
 - (B) The pattern of use, and whether the absences are for bona fide sick leave purposes.
- 13.9 Sick Leave Review. Generally, prior to taking any disciplinary action for sick leave misuse and/or corrective

action for excessive absenteeism, the Bureau will conduct a sick leave review. The purpose of the sick leave review is to provide the employee the opportunity to identify the specific reasons for the sick leave, and to assist the employee in a cooperative effort to alleviate the cause of the problem. An employee who exceeds twelve (12) occurrences of non-protected sick leave in a calendar year may be required to attend a sick leave review.

“Occurrence” is defined as any period of absence from work due to usage of non-protected sick leave.

Consecutive work days that are not broken by any day off (for example, weekend, protected time or vacation) shall count as one (1) occurrence. As an example, if an employee uses non-protected sick leave for two (2) consecutive work days because the employee is suffering from cold symptoms, that will count as one (1) occurrence of non-protected sick leave.

- 13.9.1 During a sick leave review for misuse of sick leave, the Bureau will discuss whether there is evidence of sick leave misuse with an employee as outlined in Article 13.7.
- 13.9.2 At the conclusion of a sick leave review for the misuse of sick leave, employees suspected of misuse may be required to submit evidence of appropriate sick leave use for future absences. Employees may also be subject to discipline for misuse of sick leave as outlined in Article 27 – Discipline and Discharge.
- 13.9.3 During a sick leave review for excessive absenteeism, the Bureau will conduct a just cause review of the relevant factors with the employee as outlined in Article 13.8.1.
- 13.9.4 At the conclusion of a sick leave review for excessive absenteeism, the Bureau will determine whether corrective action is necessary, as follows:
 - (A) If the Bureau determines that the employee’s attendance record does not meet the definition of excessive absenteeism as defined in Article 13.9, no further corrective action will be taken at that time.
 - (B) If the Bureau determines that the employee’s attendance record meets the definition of excessive

absenteeism as defined in Article 13.8, the Bureau may issue a letter of counseling as provided for in Article 13.10.1.

- (C) If the employee receives a letter of counseling at the conclusion of the sick leave review and does not incur a second incident of excessive absenteeism in the following twenty-four (24) months, the employee will be deemed to have corrected the excessive absenteeism and no further corrective action will be necessary.

13.10 Corrective Action for Excessive Absenteeism. The goal of corrective action for excessive absenteeism is to place the employee on notice that the excessive absenteeism is not acceptable and to give the employee a reasonable opportunity to correct it. The following corrective steps are available to employees that are using sick leave for allowable purposes under this Article.

13.10.1 Step 1 – Counseling. For the first incident of excessive absenteeism following a sick leave review, an employee may receive a counseling. Non-disciplinary letters of counseling regarding excessive absenteeism will not become part of the employee's permanent personnel record. Following a counseling, the Bureau will continue to monitor the employee's attendance to determine whether further corrective action is necessary. Employees will be given six (6) weeks from the date of receiving a counseling to confine their usage of non-protected sick leave to an acceptable level. Employees who fail to do so may be moved to the next step of corrective action.

13.10.2 Step 2 – Letter of Expectation. For the next incident of excessive absenteeism following a counseling, the employee may be issued a letter of expectation that requires the employee to take immediate and sustained corrective action to improve the employee's attendance. The employee will also be required to provide a doctor's note for each occurrence of non-protected sick leave for the next four (4) months. Employees on this step who fail to show immediate and sustained corrective action to improve attendance or fail to provide a required doctor's note may be moved to the next step of corrective action.

- 13.10.3 Step 3 – Voluntary Overtime and Trade Restrictions. For the next incident of excessive absenteeism following a letter of expectation, the employee may be restricted to no more than six (6) hours of voluntary overtime per pay period. Such overtime must be scheduled adjacent to the employee's designated shift. The employee will also be required to provide a doctor's note for each occurrence of non-protected sick leave and the employee will be placed on shift trade restrictions for the next four (4) months. Exceptions may be granted at the Bureau's approval for a maximum of two (2) pay back shifts. Employees on this step who fail to provide a required doctor's note may be offered a medical leaves of absence.
- 13.11 Medical Leave of Absence. If, at any time, an employee has exhausted their FMLA/OFLA or other protected leaves, the employee may be granted a medical leave under Article 14.2.1 for the purpose of recovering from the illness, injury or chronic condition. Before returning to work from a medical leave of absence, an employee will be required to undergo a fitness for duty examination by a physician of the Bureau's choosing to ensure the employee is medically qualified for duty.
- 13.12 Layoff for Excessive Use of Non-Protected Sick Leave. Notwithstanding the requirements of the Human Resources Administrative Rule in effect for medical layoff, if at any time the Bureau has given an employee a reasonable opportunity to correct the employee's excessive absenteeism, the employee may be subject to a layoff. Once a layoff has been approved, the employee will be placed on the recall list for a period of up to five (5) years, after which the employee's name will be removed from the recall list. Prior to being recalled, employees who are laid off and subsequently released to return to work within the five (5) year period will be required to undergo a fitness for duty examination by a physician of the Bureau's choosing to ensure the employee is medically qualified to return to work.
- 13.13 Employees who utilize 11.5 hours or less of non-protected and/or protected sick leave per six months will be allowed to take an accrued annual day where a vacation slot would not normally be available. The request must be made

within six months from the date the employee is notified of such eligibility. One additional Annual Leave request may be approved per shift grouping per day, excluding the following days: Fat Tuesday (Mardi Gras), St. Patrick's Day, Cinco De Mayo, Independence Day, Halloween, Thanksgiving, Christmas Eve, Christmas, new Year's Eve, and New Year's Day.

- 13.14 If during the first seven (7) months of pregnancy, a pregnant employee presents supporting medical evidence, the City on request will attempt to make reasonable accommodation regarding available work within the employee's classification for a period not to exceed sixty (60) days.
- 13.15 In situations where an employee's spouse, domestic partner, parent, child, household member, or other person for whom the employee is legal guardian, becomes ill or injured and alternate means of transporting or caring for such person cannot be arranged immediately by the employee, the employee shall be permitted to use up to forty (40) hours of accrued sick leave.
- 13.16 Industrial Accident Leave. During an absence due to an industrial accident which has been accepted by the Risk Management Division, any employee covered by this agreement shall be entitled to receive an income supplement from the City for as many days as the employee had accrued sick leave prior to the accident. The amount of supplement is designed to provide no more net compensation while on time loss than the employee would have received while working their regular hours. Supplemental pay will be determined in the following manner:
- 13.16.1 The Employee's base hourly rate will be multiplied by the number of regular hours in a pay period to determine the regular gross pay. From this amount the mandatory deductions of FICA and State and Federal withholdings based on the reported exemptions prior to the time of the accident will be deducted. The result will be the regular net pay amount that will be met with any combination of time loss pay, regular hours pay, and supplemental pay.

13.16.2 The total mandatory deductions in 13.16.1 above will be divided by the regular gross pay as calculated in 13.16.1 above. The result will be the worker's standard mandatory deduction rate.

13.16.3 The amount of net Supplemental Pay will be determined by taking the regular net pay from 13.16.1 above, subtracting Worker's Compensation time loss payments, then subtracting the product of gross pay from regular hours worked (including pay for approved time off) times one minus the worker's mandatory deduction rate determined in 13.16.2 above.

13.16.4 The net Supplemental Pay determined in 13.16.3 above will be divided by one minus the worker's mandatory deduction rate as determined in 13.16.2 above to determine the amount of gross supplement pay required to yield the target net pay.

13.16.5 If the above calculations determine a negative net Supplemental Pay amount, the Supplemental Pay amount will be zero.

Gross Supplemental Pay =

$$\frac{[\text{Base Rate} * \text{Regular Hours}] - \text{Deductions} - \text{W.C. Timeloss} - [\text{Gross Pay} * [1 - \frac{\text{Deductions}}{\text{Normal Gross Pay}}]]}{1 - \frac{\text{Deductions}}{\text{Normal Gross Pay}}}$$

13.16.6 For the purpose of this section, base hourly rate is defined as the rate at which the employee would be paid sick leave or vacation time loss.

13.16.7 The number of days of income supplement to which an employee is entitled shall be calculated by dividing the number of sick leave hours accrued by the employee at the close of the pay period preceding the date on which the injury or illness occurred by eight (8), and rounding up to the nearest whole number. Supplemental pay will be paid on a continuous basis until exhausted. If the employee's claim for Workers' Compensation benefits is accepted by the Risk Management Division, supplemental payments based upon sick leave accrued shall not be charged against the employee's sick leave balance.

- 13.17 On an employee's date of hire, the employee shall be credited with a total of fifteen (15) days of industrial accident leave. Such leave shall be available for time lost because of industrial injury for two years from the employee's date of hire. Such leave credits shall be used prior to the supplement outlined in subsection 13.16 above.
- 13.18 Payments made by the City under 13.17 shall not be charged to accrued sick leave.
- 13.19 If an employee exhausts all benefits in 13.17 above, and remains employed with the City, the City shall maintain the employee's health and welfare insurance benefits for a period not to exceed twelve (12) months of the employee's industrial accident leave, providing s/he was eligible for City-paid benefits at the time of the accident.
- 13.20 Sick Leave Utilization Upon Retirement. The City agrees to convert sick leave pay, upon retirement to a PERS supplement, as contemplated by ORS 238.350, to the extent allowed by law.

Article 14. LEAVES

- 14.1 Funeral Leave. An employee absent from duty due to the death of a member of the employee's immediate family shall be allowed up to three (3) days' time off duty without deduction of pay on account of such absence. "Immediate family" is defined as the employee's spouse, domestic partner, parent, grandparent, grandparents-in-law, child, daughter-in-law, son-in-law, grandchild, stepchild, step-brother, step-sister, step-parents, step-grandparents, sister, brother, sister-in-law, brother-in-law, mother-in-law, father-in-law, equivalent relatives of an employee with a domestic partner, or household member. Up to two (2) days of additional time may be allowed upon approval of the division head in charge (or designee).
- 14.1.1 An additional two (2) days' leave shall be allowed an employee for necessary funeral travel time in the event of a death in the employee's immediate family. Approval for such travel time shall be made by the division head in charge (or designee).
- 14.1.2 Under exceptional circumstances leave for death may be granted by the division head (or designee) upon the

death of a person other than the employee's immediate family.

- 14.1.3 When an employee attends a funeral ceremony for a fellow employee within the employee's own department, or for other public safety personnel, including EMS personnel, the employee will be granted four (4) hours' time off with pay to attend such funeral ceremony, subject to the needs of the operation. Under exceptional circumstances more than four (4) hours' time off may be granted by the division head (or designee)
- 14.2 Leave Without Pay. With reasonable advance notice and with the consent of the Employer, employees shall be permitted a day off without pay; provided, however, that no day off or leave shall be granted for other outside employment. It is further provided that employees may be granted long term leaves of absence for personal sickness or injury that is non job-related.
 - 14.2.1 After a personal leave of absence of longer than six (6) months, an employee desiring to return to work must give the City ten (10) days' written notice of their intent to return. However, if a vacancy does not exist at the time such employee decides to return from a leave, the employee shall be placed on the appropriate laid off list in accordance with their seniority. In no case shall an employee be returned to active status for the sole purpose of accruing benefits.
- 14.3 Blood Donation Leave. Subject to the mutual agreement between the City and the employee, a reasonable period will be allowed for the donation of blood on a voluntary basis. If the donation period occurs on City time, it shall not normally exceed two (2) hours.
- 14.4 Family Leave. To provide employees the opportunity to balance their family commitments with their employment obligations, the City shall grant Family Leave to employees in accordance with the Federal Family and Medical Leave Act of 1993 and The Oregon Family Leave Act (ORS 659.470 through 659.494), and as designated in the City's Administrative Rules and/or administrative procedures. For purposes of Family Leave, the City agrees that "spouse" includes "domestic partner."

14.4.1 Any subsequent changes in the law or the Administrative Rules will be incorporated into this Agreement. Specific rules and/or administrative procedures are available from bureau timekeepers or the Bureau of Human Resources.

14.4.2 During periods of leave covered by the Federal Family and Medical Leave Act and the Oregon Family Leave statutes identified above, eligible employees shall be required to use accrued or accumulated paid leaves, including annual leave and, when applicable, sick leave, prior to a period of unpaid leave of absence. The use of sick leave shall be governed by Article 13 except as indicated below in this Article.

(A) Notwithstanding the provisions of Article 14.4.2 above, an employee may hold back a combination of annual leave and a portion of compensatory time as provided by Article 11.12.

(B) If an employee has qualified for family leave and has exhausted all other forms of paid leave, the employee may use sick leave in cases of a "serious health condition" (as defined in state law) in the employee's immediate family (as defined in ORS state law including domestic partner as defined in this Labor Agreement). If the duration of the employees' family leave is longer than the amount of the employees' accrued paid leave (not including sick leave), the employee may choose to be placed on unpaid leave of absence or sick leave for the duration of the family leave after using all other accrued paid leave. In no event may an employee use sick leave under this section to extend family leave beyond twelve (12) weeks per calendar year.

14.5 Leave for the birth and care of new child. Employees will be granted leave for pregnancy related disability and parental leave as defined by and required by law.

14.5.1 Employees will be eligible to use accrued leave as required by law, to include sick leave, annual leave credits and compensatory time. Use of such leave is governed by the provisions of this contract.

14.5.2 If legally mandated pregnancy disability leave following the birth of a child plus parental leave come to less than

a total of six months of leave altogether, employees will, upon timely request, be granted additional (non-mandated by law) leave under this contract to bring the total to six months.

- 14.5.3 Employees may take legally mandated parental leave and any additional leave granted by contract in a continuous block of time. Employees may request to take parental leave intermittently or on a reduced schedule. Management shall approve requests submitted 30 days or more in advance; requests submitted less than 30 days in advance will be by mutual agreement. All parental leave, including any additional leave granted by contract, must be taken within a year of the date of birth, adoption, or custody of the child.
- 14.6 If an employee taking intermittent leave will miss more than one half of the sign-up in which they intend to take the extended leave, the employee shall be assigned as a shadow on the annual sign-up, and will work a subsection of their bid shift.
- 14.7 The parties have further agreed that an employee who is granted family leave under the above laws shall be entitled to utilize accrued compensatory time for that leave.
- 14.8 Military Leave. Employees are entitled to unpaid military leave in accordance with state and federal law to perform active or inactive military duty, regardless of whether performed on a voluntary or involuntary basis. (This provision includes, but is not limited to, weekend duty and annual duty for training.) Employees may elect to use accrued annual leave or compensatory time for military leave.
- 14.9 Paid Military Leave. In accordance with state law, (ORS 408.290), employees will be granted paid leave for all periods of annual active duty for training for a period not exceeding 15 days in any one training year (federal fiscal year for the particular unit), provided the employee is employed at least six months prior to the leave. (This provision does not apply to weekend duty.)
- 14.10 Schedule Adjustment for Military Duty. An employee who does not qualify for paid leave under 14.9, may request a schedule adjustment to attend military duty which falls on

the employee's regular scheduled work day(s), provided the employee gives at least twenty (20) days' notice of the request. Upon a timely request, the employee's scheduled work day(s) will be adjusted to the employee's scheduled day(s) off. The schedule adjustment will occur within the same workweek as the military duty. No overtime shall occur as a result of any schedule adjustment for military duty.

Article 15. JURY DUTY

- 15.1 All employees shall be granted leave with pay and without loss of any benefits of employment, to serve as a juror or witness in response to subpoena or similar service issued out of a State or Federal court, subject to the following provisions:
- 15.2 The employee granted such leave shall pay all money received for service as juror or witness to the City Treasurer, less any travel allowance received.
- 15.3 Where the employee is required to serve as a juror or witness on a scheduled day off or annual leave day, and such day cannot reasonably be rescheduled, the employee may retain the fee paid for service as a juror or witness on the employee's day off or annual leave day.
- 15.4 If an employee is subpoenaed to appear on a civil or criminal case, as a consequence of their official duties, on their off duty time; they shall receive a minimum of four (4) hours at the overtime rate, and if more than four (4) hours, they shall receive overtime pay for the time actually spent in court rounded to the next hour, and they shall be allowed to retain the witness fee.
- 15.5 An employee required to report as a juror shall be released with pay from any shift that begins on the day of the jury duty. To provide 12 hours off-duty between the end of the previous shift and the start of jury duty, (or the end of jury duty to the start of the next shift), the employee and the Bureau will mutually agree to adjust the employee's shift hours or allow the employee to make up time within the pay period, or to use appropriate leave banks, or a combination thereof. The overtime provisions of this agreement shall not apply to an employee undergoing a shift change to go on or come off jury duty.

- 15.5.1 An employee released from jury duty prior to 1400 will call in to advise a supervisor of their early release. The employee will be required to return to work for the duration of their shift, or to make up the remaining hours at a mutually agreed time within the pay period, or to use appropriate leave banks, or any combination thereof. Their scheduled shift for that day will be deemed to have started at the time they were scheduled to report to jury duty.
- 15.5.2 If an employee is scheduled to serve on jury duty two (2) or more consecutive days, their schedule will be adjusted to day shift Monday through Friday for the duration of jury duty service, unless otherwise agreed by the employee and management.

Article 16. SAFETY

- 16.1 The City will exert every reasonable effort to provide and maintain safe working conditions, and the Union will cooperate to that end and support the City when discipline is reasonably required in the case of safety regulation violations. The willful violation of any State or Federal safety law by an employee shall be cause for disciplinary action or discharge.
- 16.2 The parties will encourage their members to work in a safe manner and will support City efforts to change unsafe work habits of employees. To that end, the parties shall establish a safety committee comprised of at least two members each from the City and Union. The functions of such committee shall be advisory only. Where possible, committee meetings shall be scheduled during the off duty time of the committee members. The employees shall be compensated for such meetings.
 - 16.2.1 Effective upon ratification of this Agreement, the parties agree that the pursuit of wellness is a significant importance to maintain a healthy workplace. To that end, making recommendations to the City and the Union concerning a wellness program for BOEC employees will be added as a specific focus of the BOEC Health and Safety Committee. A representative from the Health & Financial Benefits Office of the Bureau of Human Resources will act as a resource to the Health and Safety Committee.

- 16.3 All work performed by the employees shall be governed by the provisions set forth in the Oregon State Safety Codes.
- 16.4 Any employee who believes that any working condition or equipment is unsafe shall immediately call it to the attention of the supervisor. The supervisor shall immediately discuss the matter with the employee and try to arrive at a mutual agreement as to whether or not an unsafe condition exists. If unable to reach a mutual agreement on the matter, the supervisor may make a decision on the complaint. However, if the employee is not satisfied with the decision, such employee shall be allowed time to telephone the City's Safety Officer and if that person is unavailable, the Worker's Compensation Board, to request an immediate investigation of the matter.
- 16.5 No employee shall be disciplined for refusal to violate the Safety Codes or the laws of the State of Oregon or to follow a supervisory directive where the employee reasonably believes direct bodily harm to the employee would result.
- 16.6 Any condition which the Union believes a violation of reasonable safety practices may be taken up through the grievance procedure at Step 3.
- 16.7 Ventilation. Where noxious or poisonous gases may accumulate, the City shall provide proper protection and ventilation. Proper lighting and ventilation shall be provided for all enclosed working spaces.
- 16.8 Both the City and the Union have a strong commitment to the employees of the Bureau to promote a safe work environment and encourage the highest standards of employee fitness. The parties wish to establish and maintain a work environment that is free from the effects of drug and alcohol abuse.
 - 16.8.1 The City's General Employees Drug and Alcohol Policy and the standards for a positive drug test are attached hereto as Attachment 1 and those issues pertaining to the policy and standards which are mandatory subjects of bargaining are incorporated herein as part of this agreement.
 - 16.8.2 Under the policy outlining employee disclosure responsibilities, the employee does not necessarily have

to divulge the medical condition or the medication they are taking - just the impact on work. As an alternative, the employee may provide a current physician's statement stating the employee can safely work given the condition or medications.

- 16.8.3 The only information forwarded from a positive pre-employment drug test will be that the test was positive and what drug was identified.
- 16.8.4 An employee shall be tested for alcohol and drugs whenever there is reasonable suspicion to believe that the employee has reported to work under the influence of alcohol or prohibited drug use that impairs the employee's ability to perform the employee's job. Reasonable suspicion will be based upon the totality of the circumstances including, but not limited to, specific, concurrent, articulable observations concerning the employee's behavior and symptoms, made by a supervisor or manager who has received reasonable suspicion training. The parties recognize that urinalysis testing for marijuana metabolites and THCA does not provide conclusive evidence of employee intoxication at the time of the test. A second supervisor or manager who has received reasonable suspicion training will act as a second witness. Employees may be subject to discipline up to and including discharge for refusing to submit to a drug and alcohol test when there is reasonable suspicion.
- 16.8.5 Any disciplinary action taken under this policy will be taken pursuant to Article 27 of this Agreement.

Article 17. UNION REPRESENTATION

- 17.1 The Business Representatives of the Union shall have access to the Bureau's operations, provided they do not interfere or cause workers to neglect their work.
- 17.2 Union Activities. The parties agree to the primary principle that Union activities will normally be carried on outside of working hours. It is recognized, however, that there are reasonable limited deviations from this policy, such as posting of Union notices and distribution of Union literature, which do not require substantial periods of time. It is also recognized that from time to time it will be

necessary for the investigation and settlement of grievances to be carried on during working hours. The shop steward or Union officer shall notify the supervisor prior to performing such grievance-related activities. Such employee(s) shall notify the immediate supervisor indicating the nature and expected duration of such absence. If the time cannot be granted due to operational necessity, the responsible supervisor(s) shall arrange in a timely fashion for a mutually satisfactory time to perform the requested activity. Where such activities are necessarily or reasonably to be performed on City time, they may be done without loss of pay to the employee involved provided, however, such activities will be limited to the steward or Union officer having direct responsibility for them.

- 17.3 Shop Stewards. It is recognized by the City that shop stewards are desirable for the proper administration of the terms of this agreement. The City also recognizes that it is desirable that the person designated as steward shall receive a fair share of the work that the employee is qualified to perform. In no event shall the City discriminate against a steward in the matter of layoff or rehires or discharge on account of the proper performance of steward duties.
- 17.3.1 The Union shall have a right to take up any disciplinary action brought against a shop steward by the City as a grievance at Step 2 of the grievance procedure within thirty (30) days of the alleged violation, and the matter shall be handled in accordance with this procedure through arbitration, if deemed necessary by either party.
- 17.4 Consultation, Negotiations and Meetings. Consultation, negotiations and meetings with the City representative and the Union will be carried out at times mutually acceptable, and each party shall in good faith endeavor to perform such activities at a time which will not unreasonably inconvenience the other nor detract from the City's work operations. When such activities need to be carried on during working hours of the participants, such scheduled participants shall suffer no loss of pay for time actually spent in the activity nor for reasonable travel time to and from the activity. Such activities will include portions of Civil Service meetings to the extent that employees attend to

provide testimony on agenda items directly impacting their individual employment status and make prior arrangements with their supervisor for such attendance. Where such issues impact more than one employee, no more than one employee spokesperson may attend on City time.

- 17.5 Employee Rights. The City agrees not to interfere with the rights of employees to become members of the Union, and there shall be no discrimination, interference, restraint, or coercion by the City or any City representative against any employee because of Union membership or because of any employee activity in an official capacity on behalf of the Union, or for any other cause, provided that such activity shall not interfere with employees in the performance of their duties.
- 17.5.1 An employee shall receive a copy of any employee evaluation report, and management will receive acknowledgment that the employee has received such report. Any rebuttal to an employee's evaluation report shall be, upon request of the employee, attached to the evaluation report and placed in the employee's personnel file. Such rebuttal must be filed within fifteen (15) work days following receipt of the evaluation report. There shall be one official personnel file maintained by the Bureau of Human Resources. All disciplinary actions will be maintained in a central personnel file. Any employee shall be allowed to examine their personnel file upon request. An employee will be made aware of any information placed in the employee's personnel file. Performance evaluations will be subject to the grievance procedure only when they are used as the basis for discipline or if an employee is claiming a factual misrepresentation. Nothing herein shall preclude bureaus from maintaining working personnel files.
- 17.5.2 All written working rules or regulations affecting the working conditions of any employee covered by this agreement shall be made available upon request to the Union. The Union and the City shall meet immediately on any rule or regulation which the Union believes to be in conflict with this agreement. It shall also be the responsibility of the City to inform employees of all rules and regulations which affect the employee.

- 17.6 Authorized Union representatives, upon written requests from the Union, shall be given short term leaves of absence to transact business for the Union. Short term leaves of absence to conduct union business shall be limited to a maximum of 350 hours in a calendar year for the entire bargaining unit. The Union will cooperate with the City by controlling requests for such short term leaves to a maximum of two (2) employees off at any given time and in a manner which will minimize interference with the Bureau's operations. Management retains the option to provide for a third employee off if staffing allows. The Union agrees to provide at least 72 hours' written notice to the City when such leave is required. Exception to the 72 hour rule is granted to employees who hold one of five executive positions within the Union. Employees granted such leave for attending court, Executive Board Meetings, Membership meetings, or conferences, training, and workshops pertaining to collective bargaining, arbitration, and other labor law matters and developments shall be maintained on the payroll with full accrual of wages and benefits and the Union shall reimburse the City for all wage and wage-driven benefits costs associated with these leaves. (Effective with this agreement the rate is 127.73% of a PERS Tier I or Tier II employee's normal hourly wage and includes 19.34% for PERS, 6.2% for SSI, 1.45% for Medicare and .7387% for Tri-Met; or 121.93% of an OPSRP employee's normal hourly wage and includes 13.53 for for OPSRP, 6.2% for SSI, 1.45 for Medicare and .7387% for Tri-Met.) Should the wage-driven benefits costs change, the City will provide written documentation of the change to the Union. Such paid leave shall be counted as leave without pay in the calculation of eligibility for City-paid health benefits as provided in section 12.3 of Article 12.
- 17.6.1 In the event additional release time in excess of the 350 hours in a calendar year is needed to conduct Union business, an employee will be granted additional paid leave, provided the Union finds a replacement for the employee and reimburses the City for the full cost of the replacement, including any overtime costs.
- 17.6.2 As provided in Article 36, Union leave time in excess of 350 hours per calendar year shall be permitted for

bargaining related activities, up to and including participation in contract negotiations, when negotiating a successor Agreement to this labor agreement, and any mid-term bargaining that occurs during the life of this agreement. The Union agrees to provide at least 72 hours' notice to the City when such leave is required.

- 17.6.3 If, however, an employee covered by this Agreement is elected or appointed to an office in the Union of which the employee is a represented member which requires a long term leave of absence from duty with the City to represent City of Portland Union members, the employee shall, upon fifteen (15) calendar days' written notice, be granted a Union leave of absence without pay. The duration of the Union leave shall be based on the time an employee is elected or appointed to represent City of Portland Union members. An employee on Union leave that no longer fills the position to which the employee was elected or appointed, has thirty (30) calendar days in which to notify the City in writing of a desire to return to active City employment and must accept the first available opening offered that the employee is physically and technically capable of performing within the employee's City classification, or the leave is automatically terminated.
- 17.6.4 The return to active City employment shall be effected by the employee requesting to be placed on the appropriate laid-off list. Any employee placed on the laid-off list is subject to applicable Human Resources Administrative Rules and may be certified only for vacant positions represented by the affiliate Union and in which classification status is held. Furthermore, the employee desiring to return from a Union leave of absence must demonstrate that the employee is physically and technically qualified to perform the work of that classification in which the employee holds status.
- 17.6.5 There shall be no more than one (1) employee on long-term Union leave, as defined by Article 17.6.3, at any given time.

Article 18. PAYDAY

- 18.1 Payday shall be biweekly and in no case shall more than six (6) days' pay be held back. Paychecks will generally be available by noon on payday.
- 18.2 In case an employee is laid off, quits or is discharged, the employee shall receive pay in compliance with State law.
- 18.3 The City shall offer direct deposit capabilities that give employees the option of directing deposit of their paycheck to an eligible financial institution of their choice.
- 18.4 Upon request by the employee, the City will make any earnings-related payroll data not regularly provided on the pay stub available to the employee without unreasonable delay. This shall include providing a copy of the employee's time and attendance data once per biweekly payroll period upon written request. "Without unreasonable delay" shall generally mean that if the request is received at the beginning of the shift, the information or copy requested shall be provided by the end of the shift.

Article 19. OVERPAYMENT

- 19.1 In the event that an employee receives wages or benefits from the City to which the employee is not entitled, regardless of whether the employee knew or should have known of the overpayment, the City shall notify the employee in writing of the overpayment which will include information supporting that an overpayment exists and the amount of wages and/or benefits to be repaid. For purposes of recovering overpayments by payroll deduction, the following shall apply:
- 19.2 The City may, at its discretion, use the payroll deduction process to correct any overpayment made within a maximum period of two (2) years before the notification.
- 19.3 Where this process is utilized, the City and the employee, and the Union if requested by the employee, shall meet and attempt to reach mutual agreement on a repayment schedule within thirty (30) calendar days following written notification.
- 19.4 If there is no mutual agreement at the end of the thirty (30) calendar day period, the City shall implement the repayment schedule stated below.

- 19.5 If the overpayment amount to be repaid is more than five percent (5%) of the employee's regular monthly base salary, the overpayment shall be recovered in monthly amounts not exceeding five percent (5%) of the employee's regular monthly base salary. If the overpayment is less than five percent (5%) of the employee's regular monthly base salary, the overpayment shall be recovered in a lump sum deduction from the employee's paycheck. If an employee leaves City service before the City fully recovers the overpayment, the remaining amount may be deducted from the employee's final check.
- 19.6 An employee who disagrees with the City's determination that an overpayment has been made to the employee may grieve the determination through the grievance procedure. In the event a grievance is filed, recoupment deductions will be held in abeyance pending resolution of the grievance.
- 19.7 This Article does not waive the City's right to pursue its legal rights to recoup an overpayment where the employee is no longer in pay status, but does agree that it will attempt to use the procedures outlined in this article before pursuing those rights.

Article 20. STRIKES AND LOCKOUTS BARRED

- 20.1 There shall be no lockouts on the part of the City, nor suspension of work on the part of the employees. This agreement is a guaranty that for its duration there will be neither strikes, picketing nor lockouts, and that all complaints, grievances or disputes arising under its provisions will be settled pursuant to its grievance procedure. Employees covered by this Agreement shall not be used to perform work which is normally performed by striking employees.

Article 21. MAINTENANCE OF STANDARDS

- 21.1 The City agrees that all conditions of employment which constitute an economic benefit to employees covered by this Agreement shall be maintained at not less than the highest standards in effect at the time of the signing of this Agreement, except where those standards have been modified through collective bargaining. It is agreed that the

provisions of this section shall not apply to inadvertent or bona fide errors made by the City or the Union in applying the terms and conditions of this Agreement. Any disagreement between the Union and the City with respect to such error shall be subject to the grievance procedure.

Article 22. WAGE SCALES

- 22.1 Wages shall be paid in accordance with the provisions of Schedule "A" attached hereto.
- 22.2 Before requesting the reclassification of any position, proposing a new classification, or abolishing any represented classification, the Bureau head shall notify the Union affected by the proposed reclassification, creation or abolition, and discuss the effect thereof.
- 22.2.1 If the City reclassifies any represented bargaining unit position(s), and there is a disagreement over whether the new classification remains in the bargaining unit or over representation of the new classification, the parties will meet, within five (5) working days, to resolve the matter by mutual agreement prior to resorting to the procedures of ORS 243.650 to ORS 243.782.
- 22.3 Wage Rates for New Classifications. When any classification not listed in Schedule "A" is established, or when an existing classification is substantially revised, the City will set a wage range for the classification which is reasonably related to wage ranges for comparable positions in comparable labor market areas for the classification and to wage ranges for existing classifications in Schedule "A".
- 22.3.1 Upon setting a wage range for the new classification, the City shall notify the Union of the range and its effective date. The Union may either accept the established range or within ten (10) working days of receipt of the City's notice, notify the City's designee for labor relations of its desire to enter into discussions concerning the wage range for the new classification.
- 22.3.2 In the event the parties are unable to agree upon a reasonable wage range, the dispute will be resolved through the arbitration step of the grievance procedure of this Agreement. The arbitrator in such cases shall be limited to:

- 22.3.3 Affirming that the range established by the City satisfies the criteria set forth in Section 22.3 of this section, or
- 22.3.4 Specifying the parameters within which a range would satisfy the criteria. The arbitrator's decision shall be final and binding and shall be retroactive to the effective date established in the City's notice as provided in paragraph 22.3.1 of this section.
- 22.3.5 Permanent Arbitrator. Owing to the expertise required in development and maintenance of a comprehensive pay system, the parties agree to maintain a permanent arbitrator for disputes arising under Section 22.3 of this Article. The parties shall select the same permanent arbitrator as selected to serve as the permanent arbitrator for the DCTU.
- 22.4 Upon request, with reasonable notice, the City will provide an accurate account of the individual employee's accumulated sick leave, Annual Leave and compensatory time credits.
- 22.5 Wage Scales. The City agrees to maintain its membership in the State of Oregon Public Employees Retirement System (PERS)/Oregon Public Service Retirement (OPSRP). The City shall continue to "pick up," assume and pay a six percent (6%) average employee contribution to the Public Employees Retirement System (PERS)/Oregon Public Service Retirement (OPSRP) for the employee members participating in the Public Employees Retirement System (PERS)/Oregon Public Service Retirement (OPSRP). Such "pick up" or payment of employee member contributions to the system shall continue for the life of this Agreement.
 - 22.5.1 The full amount of required employee contributions "picked up" or paid by the City on behalf of employees pursuant to this Agreement shall be considered as "salary" within the meaning of ORS 237.003(8) for the purposes of computing an employee member's "final average salary" within the meaning of ORS 238.005 (20) and ORS 238A.005 (16), as appropriate, but shall not be considered as "salary" for the purposes of determining the amount of employee contributions required to be contributed pursuant to ORS 238.200 or 238A.330, as appropriate. Such "picked up" or paid employee

contributions shall be credited to employee accounts pursuant to ORS 238.200(2) or 238A.335, as appropriate, and shall be considered to be employee contributions for the purposes of ORS 238.200 or 238A.330 as appropriate.

- 22.6 Recruitment Incentives. The following provisions recognize that certain incentives related to relocation expenses, vacation leaves, and health insurance benefits may assist the City in the recruitment and appointment of qualified candidates for certain key positions. The Commissioner-in-Charge may determine which positions are key, or in need of special recruitment efforts, and therefore merit recruitment and employment incentives. Such positions may include candidates whose job qualifications are uniquely suited to a particular City position or in a profession for which there are only a limited number of qualified candidates. Such positions should normally be identified as key before recruitment and examination efforts commence.
- 22.6.1 Based upon bona fide recruitment need, the initial permanent appointment to a classification may be at a rate up to the midpoint of the assigned range, at the discretion of the Bureau director. If the midpoint of the range is not on a step, the appointment shall be to a step below the midpoint. Initial permanent appointment above the midpoint of the assigned range may be made only with the approval of the Director of Human Resources.
- 22.6.2 Reasonable expenses associated with relocating permanently appointed new employees to key or special recruitment positions may be approved by the Commissioner-in-Charge. Such expenses shall be paid by the appointing Office or Bureau. The payment of such expenses is subject to the conditions provided for in the Human Resources Administrative Rules.
- 22.6.3 Permanently appointed new employees in key or special recruitment positions may be credited for prior professional service by placement at the appropriate step of the Annual Leave accrual table contained in Article 11 of this Agreement, when authorized by the Commissioner-in-Charge. Once placed on the schedule

noted above, future service with the City shall count normally towards additional vacation accrual rates.

Article 23. PREMIUM PAY FOR WORK ON CERTAIN HOLIDAYS

- 23.1 The parties agree that the Bureau employees represented by the Union who are regularly scheduled to work during the hours and days listed below shall be paid at the rate of one and one-half time the established hourly rate set forth in Schedule "A" of the Collective Bargaining Agreement for all regularly scheduled hours worked. There shall be no pyramiding of this premium with any other pay.
- 1700 on July 4 through 0500 on July 5
 - 0001 hours through 2359 hours on the 4th Thursday of November (Thanksgiving)
 - 1300 hours on December 24 through 0100 hours on December 26
 - 1700 hours on December 31 through 1300 hours on January 1

Article 24. CLOTHING

- 24.1 If the City should determine that a specific uniform or type of clothing will be required, the City shall furnish and/or replace said article of clothing or attire. The City shall notify the Union in advance of any proposed uniform or required clothing to allow for input.
- 24.2 Employees shall present themselves for work in casual work attire which is safe, in good repair and within accepted standards of decency and cleanliness. Such work attire shall not have profane or obscene language printed on it.

Article 25. TRAINING, SCHOOLS AND CONVENTIONS

- 25.1 In making determinations as to personnel who shall attend conventions or schools, the City will give consideration to personnel covered by this agreement when it finds that attendance by such employees will appreciably add to their ability to perform their duties to an extent deemed by the City to be economically justifiable, provided however that forced overtime shall not be a direct result of scheduling an employee for training pursuant to this section.

- 25.1.1 The City will provide opportunities for employees to have a minimum of one paid voluntary Ride Along (RAL) and/or Sit Along (SAL) per calendar year as provided by written policy. Any change to the existing procedure will be referred to the BOEC Labor Management Committee.
- 25.2 The City agrees to continue to involve all coaches in the development of the Training and Certification program and standards.
- 25.3 Represented employees selected by the City to attend job-related training will be compensated on the same basis as other employees for wages, per diem and the costs of training and transportation.
- 25.4 The City will pay the costs incurred in City required training. Required training shall be done on paid time at the applicable straight time or overtime rate. Drivers' License and endorsements are excluded from this provision.
- 25.5 When new equipment is obtained by the City, that falls within an existing classification and is significantly different from existing equipment, the City will offer the opportunity for on-the-job training to those required to operate the new equipment.
- 25.6 Mandatory Off-Duty Training. The City may require that employees attend periodic training sessions as determined by the Bureau in accordance with DPSST and DOJ requirements. These two training sessions shall be in addition to any training which BOEC offers to employees on a voluntary basis.
 - 25.6.1 At the time of each biannual shift sign-up, the City may post one of the training classes. Such postings will include the class title, the days and times offered, the number of slots available, and the name of the instructor if known. Each class will have several days and start times when it is offered. The classes will not be scheduled between June 15th and September 15th or between Thanksgiving and January 5th.
 - 25.6.2 Employees may select the class they will attend on one of their off-duty days, subject to availability of slots in the class. If an employee fails to sign up for a training day, the City can assign them to a class. In the event an

employee misses a training day, the City may assign the employee to another class.

- 25.6.3 Employees will be paid overtime in accordance with Article 7. Mandatory off-duty training for employees working part-time under Article 37 shall be paid at the employee's regular rate of pay. However, the Bureau will attempt to schedule mandatory training during the part-time employee's shift as much as possible.

Article 26. UNION BULLETIN BOARDS

- 26.1 The City shall furnish bulletin boards in places mutually satisfactory to the City and the Union. Such bulletin boards are to be used by the Union to post notices of interest to the employees. Such notices shall be signed and in good taste and shall not reflect on the integrity or motives of any individuals, City Bureaus or activities.

Article 27. DISCIPLINE AND DISCHARGE

- 27.1 Disciplinary actions or measures shall include only oral warning, written reprimand, sick leave probation, demotion, suspension and discharge. Disciplinary action or measures may be imposed only for just cause. Any disciplinary action or measure imposed upon an employee may be processed as a grievance through the regular grievance procedure. Interviews and investigations that could result in disciplinary action shall be completed with no unreasonable delay. If an employee has knowledge that the employee is the subject of an internal investigation and has confirmed it with a supervisor, the employee will be contacted at the investigation's conclusion as to whether or not disciplinary action will be recommended. Upon completion of investigation, management will not unreasonably delay the imposition of discipline where just cause for discipline exists. In instances where a civil suit is filed against the City involving improper conduct of an employee, imposition of discipline can be frozen until the civil case is decided.
 - 27.1.1 If the City has reason to reprimand an employee, it shall be done in a manner that will not embarrass the employee before other employees or the public. If the City has reason to discuss any disciplinary action or the possibility of any disciplinary action, the employee shall

be given the option of having a Union representative present at any such discussion. Written disciplinary actions shall not be posted; however, this does not preclude management from notifying other management and employees when restrictions are applied to an employee as a result of discipline. Notwithstanding the foregoing, one-on-one evaluations by supervisors do not require the presence of a Union representative

- 27.2 Discharge, Demotion and Suspension. The City shall not discharge, demote or suspend any employee without just cause who has completed the probationary period as provided in Article 1.1. If, in any case, the City feels that there is just cause for discharge, demotion or suspension, the employee involved and the Union shall be provided with a written notice of proposed discipline seven (7) calendar days before the effective date. Such notification shall state the nature of the offense for which the employee is being discharged, demoted or suspended, in detail, specifying dates, locations, and the particular nature of the offense committed by the employee and the right to respond to the authority proposing such action either orally or in writing prior to the effective date of proposed discipline. The employee, with the assistance of the Union, shall have the right to appeal such disciplinary action in accordance with Article 28.4.1. Upon appeal of any discharge, demotion or suspension before the Civil Service Board, any grievance filed under this Section will be withdrawn.
- 27.3 Records of counseling and oral or written reprimand not involving other disciplinary action, shall be removed from an employee's personnel file or, in the case of counseling records, from the supervisor's "working file," after two years, on the employee's request, provided in the judgment of the City, the employee has taken corrective action and has received no other disciplinary actions. Approval to remove such material from the file shall not be unreasonably withheld.
- 27.4 Any employee found to be unjustly suspended or discharged shall be reinstated with full compensation for all lost time and with full restoration of all rights and conditions of employment unless otherwise stipulated by mutual agreement or otherwise specified in the grievance

procedure or by an arbitrator under the grievance procedures hereinafter set forth.

Article 28. GRIEVANCES, COMPLAINTS AND ARBITRATION

- 28.1 To promote better employer-employee relationships, all parties pledge their immediate cooperation to settle any grievances or complaints that might arise out of the application of this Agreement, and the following procedure shall be the sole procedure to be utilized for that purpose. The parties further agree that all meetings under this procedure will be conducted in a professional manner and in a spirit of mutual respect consistent with mutual resolution of grievances arising under this Agreement.
- 28.2 If there is a breach of any provision of this Agreement affecting a group of employees, or if the breach of any provision of this Agreement is the result of an agreement reached between the City and an employee without the approval of the Union involved, the Union shall have the right to take up such breach with or without the consent of the employee(s) involved.
- 28.2.1 It is important that grievances be processed as rapidly as possible. The number of days indicated at each level should be considered as a maximum, and every effort should be made to expedite the process. The time limits specified may, however, be extended by mutual agreement.
- 28.2.2 Failure by the City to respond in writing within the time limits at each level shall render the grievance automatically appealed to the next step in the grievance procedure. The Union will advise the appropriate individual at the next step within twenty-one calendar days.
- 28.3 Step One. Any employee claiming a breach of any provisions of this Agreement shall refer the matter orally to the designated immediate supervisor within thirty (30) calendar days from the occurrence thereof, or of the employee's knowledge thereof. In the event such attempt is unsuccessful, the Union shall submit within this time period written notice to the supervisor which shall include: (1) a statement of the grievance and relevant facts;

(2) specific provision(s) of the contract violated; and (3) the remedy sought. A meeting with the employee, any Union officer the employee wishes in attendance, and any other management representative the supervisor wishes to attend will be scheduled within the fifteen (15) calendar days of the timely filing of the grievance. The supervisor shall respond to the employee in writing with a copy to the Union within fifteen (15) calendar days of the meeting regarding the grievance.

- 28.4 Step Two. If the grievance remains unresolved within fifteen (15) calendar days of the supervisor's written reply, the grievance shall be filed simultaneously with the Bureau Head and the Human Resources Director, or their designated representatives, along with all pertinent written information within this time period. A meeting with the employee, the employee's Union representative, and management's representative(s) will be scheduled within the fifteen (15) calendar days. The Bureau Head and the Human Resources Director, or their designated representatives, shall respond to the grievance in writing within fifteen (15) calendar days of the meeting regarding the grievance, with a copy to the Union and grievant.

(Based on the current collective bargaining agreement, one month before the regular semi-annual sign-up process is January 1 and July 1.)
- 37.7.1 Part-time slots under this program are subject to bid during each sign-up period. Part-time slots will be carried as shadows and will not occupy full shift slots.

- 37.8 Bidding Seniority. Bidding for shifts and days off options is dependent on whether the employee will be part-time (2 employees bidding for part-time slots) or job share (2 employees bidding for one full-time slot). All part-time/job share agreements shall be completed prior to the bidding of the semi-annual sign-up.
- 37.8.1 Part-time slot. Shift and days off options will be those that are available to the employee at time of application. A labor/management review team and any involved supervisor will meet to discuss the performance or attendance issue. The employee will have an opportunity to correct any problems prior to being removed from a part-time slot. At the Bureau's discretion, documented poor performance and/or attendance may be reason to terminate a part-time slot for an employee. Such removal from a part-time slot shall be given at least one payroll period notice and shall not be subject to a grievance by the employee or Union.

37.11.3 The following options for transition include:

- (A) Swap with eligible part-time applicant on list; or

37.11.4 The Bureau will first consider employees who submitted requests for part-time slots during the most recent part-time sign-up. The Bureau will subsequently consider any request from an eligible employee to fill the slot. Shift options are as provided under "Bidding Seniority" above.

CITY OF PORTLAND
GENERAL EMPLOYEES DRUG AND ALCOHOL POLICY

1) GENERAL

The City of Portland recognizes illegal drug use and excessive use of legal drugs and alcohol as a threat to the public welfare and the health, safety and productivity of the employees of the City.

The City of Portland has a strong commitment to its employees to provide a safe work environment and promotes high standards of employee fitness. Consistent with the intent of this commitment, the City established this policy regarding drug and alcohol abuse.
