No

Not sure

Eligibility & Requirements

- Any residential, mixed use, or commercial building (or business in a building) in Zone M is eligible.
- ***The building must have space for access controlled, long-term storage (such as a garage or ground floor or accessible basement storage room, or outside fenced in area able to be covered).***
- There is a **\$5,000** maximum per property per biennium.
- The property owner or manager is responsible for paying for and managing the installation.
- Guidance on proper installation will be available to property owners/managers upon request.

Briefly describe who the bike parking is for? E.g. employees, residents, visitors or customers

Agreement

I understand that the bicycle racks that we approve for purchase by the City of Portland Bureau of Transportation will become my property, without warranty from the City. I understand I will work with City to procure the appropriate bicycle racks for my property, and if I have any issues, I can work with the vendor or manufacturer directly.

I understand that it is my responsibility to install the racks per the manufacturer's specifications and to send a photo of the installed rack to the NW Parking District Liaison as soon as they are installed.
