## H. APPENDIX B – CURRENT EAP OBJECTIVES 8/14/20-8/28/20

### COMMAND'S EMPHASIS FOR OPERATIONAL PERIOD (8/14/20 – 8/28/20):

1. Directly protect human life and public health, including the safety and health of all City employees, and incident responders.
2. Proactively identify issues that could pose financial, legal or other risks to the City and our staff. Develop policies that reduce risk to the City and our workers, including reducing the risk of virus transmission. Ensure that response actions do not introduce new risk to the City, staff or volunteers.
3. Support the delivery of emergency services that the City and public depends on.
4. Create and maintain an ECC workforce that is oriented towards sustainability for a long-term incident requiring remote work and promoting ECC staff health and safety.
5. Minimize non-essential efforts and make wise use of resources in anticipation of a long-duration incident.
6. Uphold confidence in City government and demonstrate a unified City effort in response. Use established chains of command and agreed-upon processes for decision-making and communication.
7. Maintain unity of effort for strategic response and recovery planning for economic assistance to affected communities; maintain frequent and open communication between the ECC and City leadership, Prosper Portland, the Mayor's office, and state and federal agencies working on economic recovery efforts.
8. Address the immediate food security, personal protective equipment, and sheltering needs of Portland community members experiencing the largest disparities. Work to recognize, assess, and reduce disparities in the provision of all services and resources provided to the public. By focusing on decreasing disparities, we create an emergency response system that works for everyone.
9. Ensure compliance with Civil Rights Title VI and ADA Title II in all ECC functions. Center our work in service to communities most impacted by COVID-19, which are: Black and Indigenous communities, communities of color, immigrant and refugee communities, people with disabilities and underlying conditions, and people with intersectional experiences of oppression.
10. Create an equitable workplace where employees experience a culture of belonging and inclusivity. Serve as a model of equity and collaboration for other bureaus.
11. Create opportunities for Portland employees who are also members of impacted communities to grow professionally and demonstrate leadership through work in the ECC.
12. Build relationships of trust with community members, partner organizations, and jurisdictional partners, and work to ensure our recovery is building towards a resilient, prosperous, healthy, equitable, and just city for all.
