Survey work coming soon

From **June 17 to July 3, 2020**, the Portland Water Bureau will be completing survey work in your area to evaluate potential pipeline routes for the Filtration project.

The survey work will occur in the right-of-way on Carpenter Lane between the future filtration site and Altman Road. The right-of-way is measured from the centerline of the street and can vary up to 50 feet, often beyond the shoulder of the paved road.

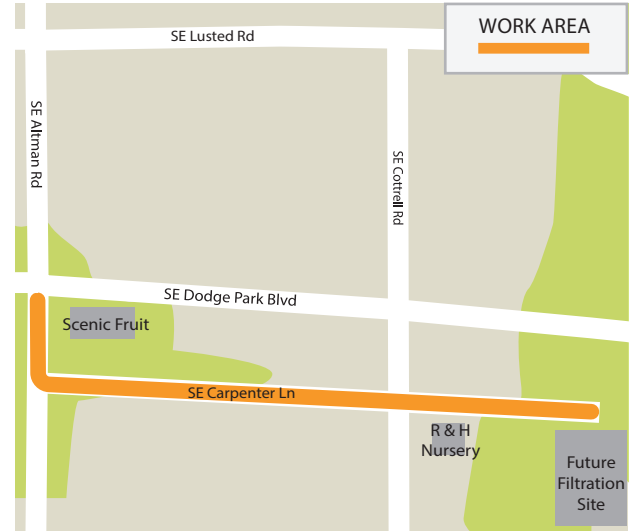

What to Expect:

Surveyors will be working in the right-of-way.
Monday - Friday, 8 a.m. to 5 p.m., June 17-July 3, 2020.

Filtration will remove *Cryptosporidium* and other contaminants from the Bull Run water supply, producing cleaner, safer water for the nearly one million people who use our water today and for future generations. The project is required by the federal Safe Drinking Water Act and must be completed by September 30, 2027, according to a bilateral compliance agreement with the Oregon Health Authority.
