Financial Enforcement Waivers:

A property owner will be eligible for a financial enforcement waiver if they are able to certify all of the following:

1. The property is the property owner's primary residence, and
2. The property owner has agreed to meet all enforcement actions that are not waiver eligible as defined below, and
3. The property owner does not have previously documented violations of Title 11 within the last three years, and
4. The property owner is receiving Tier 1 Discounts from the Sewer, Stormwater, and Water Bill Discount Program administered by the Portland Water Bureau (PWB).
 - Property owners not currently enrolled may apply to become enrolled in the PWB program to qualify under this section

Cases will be reviewed on a case-by-case basis and may not be eligible for financial enforcement waivers.

Only waiver eligible enforcement remedies and penalties may be reduced through a financial enforcement waiver. Waiver eligible enforcement remedies and penalties are all remedies and penalties in excess of the standard permitting requirements had the code been followed appropriately. At no time will an illegal tree removal result in mitigation of less than one tree.

Applying for a Financial Enforcement Waiver does not limit the ability of the property owner to submit for an Administrative Review as per Chapter 11.70 of the Tree Code.

Enforcement Penalty Lien Reduction:

If all Tree Code violation cases on the property are closed and the violations corrected, the total enforcement fee lien assessment may be reduced if certain conditions are met. To qualify, the applicant must demonstrate and provide documentation which of the following criteria are met:

- Documented medical/financial hardship prevented property owner from reaching compliance in a timely manner.
- Property owner qualifies for Financial Enforcement Waivers.
- Consistent payments have been made for at least 2 years to satisfy lien.
- There are multiple assessments and/or cases for the same or similar types of violation.
- City contact with the property owner lapsed for more than 1 year while the case was open.
- An error was made in the violation notification.
- Delays in the violation review process or other delays due to City staff beyond the applicant's control.

Cases will be reviewed on a case-by-case basis and may not be eligible for financial enforcement waivers.
