

April Bureau of Human Resources Dashboard - Citywide Summary

The Bureau of Human Resources Dashboard is an interactive data visualization that allows exploration of key metrics related to recruitment and retention. This tool is updated monthly to depict the prior months' performance measures.

The data presented in this summary is aggregated for all City bureaus except the Portland Police Bureau.

The data are cumulative for the FY22 fiscal year to date, from July 1, 2021 to April 30, 2022.

Recruitment Timeline Metrics – Time to Fill and Time to Post

Time to Fill is the length of time between the date a requisition is received by the Bureau of Human Resources to the date a verbal offer is extended to the selected candidate.

The average Time to Fill for non-casual recruitments for April was 95 days. The average for the current fiscal year to date is 90 days.

Time to Post is the length of time between the date a requisition is received by the Bureau of Human Resources to the date that the job is posted and can begin accepting applications. Some recruitments are for only one bureau, while others require coordination among multiple bureaus.

The average Time to Post for April was 7 business days. The average for the current fiscal year to date is 8 business days.

The Time to Post for single-bureau recruitments for April was 7 business days. The average for multi-bureau recruitments was 9 business days. The average for the current fiscal year to date for single-bureau recruitments is 7 business days.

Recruitment Timeline Metrics – Closing to List and Referral to Offer

Closing to List is the number of business days from the date a recruitment closes to the date when the list of eligible candidates is produced. The final step of the recruitment process varies among recruitments. For some recruitments, the final step is a BHR review, where applications are reviewed by staff in the Bureau of Human Resources; some recruitments have an SME review, where applications are reviewed by subject matter experts in the hiring bureau; and some recruitments have some form of testing as the final step to determine which candidates meet the minimum qualifications and make the eligible list.

The average Closing to List for April was 6 business days. The average Closing to List for the current fiscal year to date is 9 business days.

For recruitments whose final step was a BHR review, the average Closing to List for April was 7 business days. For recruitments whose final step was an SME review, the average Closing to List for April was 5 business days. For recruitments with no view, the average Closing to List for April was 2 business days. There were no recruitments for which the final step was testing in April. The average for the current fiscal year to date for recruitments whose final step was a BHR review is 9 business days.

Referral to Offer is the length of time from the date a list of eligible candidates is referred to the hiring bureau to the date when a verbal offer is made to the selected candidate.

The average Referral to Offer for April was 37 days. The average Referral to Offer for the current fiscal year to date is 34 days.

Recruitment Volume Metrics

The number of new requisitions received by the Bureau of Human Resources in April was 136. Of these, 73 were requests to conduct new recruitments. The total number of requisitions received in the current fiscal year to date is 1,171, of which 722 were requests to conduct new recruitments.

The new requisitions received in April requested that 496 vacancies be filled. The total number of vacancies that have been requested to be filled for the current fiscal year to date is 4313.

The number of vacancies filled in April was 176. The total number of vacancies filled in the current fiscal year to date is 1,489.
