

# Brooklyn

CHARACTERISTICS PROFILE <sup>1</sup>			
TOP 5 VARIABLES	RANK	BOTTOM 5 VARIABLES	RANK
Severely rent burdened household	8	Total population	68
English proficiency	22	Population density	73
Poverty rate	35	Share of households with children	75
Social vulnerability	42	Homeownership rate	77
Food security	45	Immigrant share of population	88

“

Brooklyn is in close proximity to some of Portland's most hip and popular neighborhoods such as Sellwood, Hawthorne and Clinton. Residents have plenty of coffee, pub and dining options just a stone's throw away.

”

\* Overlapped/shared areas between multiple neighborhoods are indicated in pink (if applicable)

	POPULATION and HOUSING	ENGAGEMENT	Registered voters						
			As a share of the population age 18+			≥ 95%			
			Broadband access (any type)					91%	
			2020 Census self-response rate						74%
POPULATION and HOUSING			EDUCATION	Percent of population age 25+ with:					
				No completed High School or GED					7%
				Bachelor's degree or higher					57%
				Share of children 5-17 attending a public school					79%
POPULATION and HOUSING			HEALTH	Food insecurity <sup>8</sup>					10.9%
				Disability <sup>9</sup>					7.9%
	Social vulnerability index <sup>10</sup>						0.24		
	Life expectancy (years)						79.8		
RACE/ETHNICITY	INCOME	Share of persons living in households with income below poverty line					8.1%		
		Median household income					\$74K		
		Share of households at or above \$75K (approx. median city income)						48.2%	
		RACE/ETHNICITY	LANGUAGE and NATIVITY	Born outside of USA, by place of birth:					179
				Asia					15.0%
				Europe					31.5%
Other N or S America							46.9%		
						1.1%			
						5.6%			
SOURCES	LANGUAGE and NATIVITY	Persons age 5+ in limited English households by primary language spoken: <sup>11</sup>					61		
		Spanish					37.7%		
		Chinese					45.3%		
		Vietnamese					1.0%		
		Russian, Ukrainian, or other Slavic					0.0%		

## NOTES and DEFINITIONS

- Each neighborhood's most noticeable variables (top 5 and bottom 5) are presented in the table. The rank represents the neighborhood's standing among 94 neighborhoods and 4 unclaimed areas in Portland. Rankings are not applicable for Portland City.
- Data for 2010 are from the 2010 Census or 2006-2010 5-year ACS; data for 2020 are from the 2020 Census or 2016-2020 5-year ACS. Due to unavailability for 2006-10, data from the 2009-2013 ACS was used for rent burdened and severely rent burdened households, crowding, median home value, and median contract rent.
- Households that spend ≥30% of income on rent (≥50% of income indicates severely rent burdened).
- A household is considered crowded if there are, on average, >1 occupants per room in the house. Severely crowded indicates >1.5 persons per room.
- Number represents family households with the presence of 1 or more own children under 18 years old.
- Coefficient of Variation (CV) is an indicator of data reliability. CV was calculated based on the margin of error (MOE) at the census block group or tract level. High reliability: CV < 15 (not flagged). Medium reliability: 15 ≤ CV ≤ 30 (● yellow). Low reliability: CV > 30 (● red). Variables with zero estimates or CV greater than or equal to 99 are flagged as red. CV is only shown for the 2016-2020 5-year ACS variables.
- Race/ethnicity is presented using "Alone or in combination" method, which weights the population count by the number of races each person identifies as. Because each person reporting two or more races is counted two or more times, this method sums to "total races tallied", which may exceed the total population. Totals and under-18 shown to highlight changes in the youth population. White alone, not Hispanic is the population that selected only one race (White) and did not select a Hispanic ethnicity.
- Food insecurity refers to USDA's measure of lack of reliable access to enough food for an active, healthy life for all household members and limited or uncertain availability of nutritionally adequate foods. [www.feedingamerica.org/hunger-in-america/food-insecurity](http://www.feedingamerica.org/hunger-in-america/food-insecurity).
- The U.S. Census Bureau defines disability as having difficulties in anyone of the following: hearing, vision, cognitive, ambulatory, self-care, or independent living.
- The CDC uses 15 social factors to determine the social vulnerability of a region. The number shown here is the percentile based on the SVI of the tracts each neighborhood belongs in. Higher number indicates higher vulnerability. Maximum value equals to 1. [www.atsdr.cdc.gov/placeandhealth/svi/index.html](http://www.atsdr.cdc.gov/placeandhealth/svi/index.html)
- Selected non-English languages spoken by 1,000 or more individuals in Portland, OR. A full list of priority languages is available at [www.portland.gov/officeofequity/language-access/language-access/language-list-and-guidance](http://www.portland.gov/officeofequity/language-access/language-access/language-list-and-guidance). Some languages not included above due to space constraints.
