Policy:

1. The purpose of this directive is to govern when sworn members will issue a criminal citation-in-lieu of a custodial arrest. While the standard practice for sworn members when making an arrest is to book the arrested person into jail, the Oregon Legislature has designated certain offenses as being eligible for a criminal citation. These citations may be issued based on the rules established by the Multnomah County Sheriff’s Booking Criteria, direction from the Chief of Police, or in some circumstances, based on the discretion of sworn members as outlined in this directive.
2. Discretionary use of citations in lieu of custody may be appropriate in promoting community safety and reducing the burden of low-level arrests, however it also raises the possibility of disparate and inequitable treatment of community members. As such, the decision to issue a citation in lieu of custody when the underlying crime is bookable must be based on specific articulable facts, and members should be conscious of any potential bias impacting the decision.

Procedure:

1. Authority to Issue Citations.
 - 1.1. ORS 133.055 allows for a citation to be issued when a person is arrested for a Class C felony or any misdemeanor or violation level offense, except for domestic violence assault, menacing, or violation of a protective order, as defined in ORS 133.310(3).
2. Member Responsibilities.
 - 2.1. Discretionary Citations: A member will not issue a citation for a bookable offense unless the member can articulate a specific reason based on the totality of the circumstances, including but not limited to not separating a parent from children, avoiding the use of force, or limited staffing or resources.
 - 2.1.1. Members must receive approval from a supervisor and document the reason for the citation in their report.
 - 2.2. Mandatory Citations: When making an arrest for an offense that is not currently bookable under the current Multnomah County Sheriff’s Special Order on Charges Acceptable for Booking, members will issue the appropriate criminal citation.
 - 2.2.1. When a member is making a probable cause arrest of a person that includes both bookable and non-bookable charges, the member may book the person on all charges without issuing a citation.
 - 2.2.2. When a member is making a warrant arrest of a person with new non-bookable charges the member will issue the person a citation for those charges.

***Please Note: This is a working draft of Directive 0860.30 Citations-In-Lieu-Of-Custody. The PPB has not implemented any portion of this draft. Submit your comments using the “Provide Feedback Here” link located at the end of the directive.**

A redline copy of the updated directive is included in this attachment.

- 2.3. Cite-in-Lieu Warrants: Members will issue a citation for a cite-in-lieu warrant even, if arresting on bookable charges.
 - 2.3.1. Members will contact the originating agency to obtain a court date and time, and any other needed information for the citation.
 - 2.3.2. When arresting on warrants issued by jurisdictions outside of Multnomah County, members will contact PPB Teletype and provide them all information regarding the warrant and citation to allow them to clear the warrant.
- 2.4. Arrests requiring mandatory processing for mugshot and fingerprints: ORS 181A.160 and 181A.165 require that all persons arrested on the following charges be fingerprinted and photographed at the time of arrest, even if they are to be cited in lieu of being taken into custody:
 - 2.4.1. Any felony.
 - 2.4.2. Any misdemeanor or other offense involving sexual conduct.
 - 2.4.3. Any crime which involves a violation of the Uniform Controlled Substances Act.
- 2.5. In those situations where the reasonable identity of an arrested suspect is either unknown or in question, the arresting member will follow the procedures outlined in Directives 0640.00, Identification Procedures and 0870.30, Processing of Persons into MCDC.
3. Supervisor Responsibilities:
 - 3.1. The supervisor-in-charge of a mission, demonstration, or other such event that has the potential for creating mass misdemeanor arrests, is to notify the MCDC Officer-in-Charge (MCDC-OIC), the Bureau’s Complaint Signer’s Office, and the appropriate District Attorney Unit prior to the event.
 - 3.1.1. Misdemeanor arraignments will occur not more than 30 days from the date of arrest, but as close to 30 days as possible. Arraignment dates should be distributed over several days beginning with the latest available court date and working back (30 days, if possible). Whenever possible, do not cite more than 8-10 subjects for any single date. Monday and Friday arraignments are to be avoided.
 - 3.2. Supervisors will review and consider all requests by members to issue discretionary citations in lieu of custody to determine if they are appropriate.

COMMENTS ON IMMIGRATION, WARRANTS AND AIR SUPPORT DIRECTIVES, MAY 2023

To Chief Lovell, Inspector Buckley, Lieutenant Morgan, PPB Policy Analysts, Compliance Officer/Community Liaison Team, Portland Committee on Community Engaged Policing, Mayor/Police Commissioner Wheeler, US Dept. of Justice, Citizen Review Committee, Training Advisory Council and the Portland Police Bureau:

Below are Portland Copwatch (PCW)'s comments on the eight Directives posted for review in May .*-1 Four of the eight were originally posted with a due date of May 30 but now have a due date of June 14, which is convenient but confusing.

We continue to suggest that the Bureau highlight the specific reasons for review, such as "change to state law ORS xxx.xxx," "required review under DOJ Agreement," "seeking to arbitrarily extend time for release of officer names," etc. so when the first reviews are posted without redline changes, the public knows what the Bureau is seeking to do.

PCW has made comments on three (really four) of the policies in the past, but missed the opportunity to comment on the Air Support or current version of the Premises Entry policies earlier this year while the Bureau's email alert system was out of service for four months. Thank you for getting that service back up and running.

We appreciate that the various Directives about warrants are all being considered simultaneously as we suggested in 2014.

Once again PCW is noting some positive changes that are in line with our previous suggestions, continuing to ask for other ideas that were not accepted, and making new recommendations.

At least three of the Directives (Arrest With Warrant, Arrest Without Warrant and Search Warrants) are still in the old format, which gives the Bureau the opportunity to add numbers or letters to the Definitions, Policy and Procedure sections to make them easier to reference as PCW has repeatedly suggested. Our comments below refer to the Procedure section unless otherwise noted.

DIRECTIVE 860.30 CITATIONS-IN-LIEU-OF-CUSTODY

PCW did not make comments on this Directive when it was posted in April 2020. We have a few this time. We're not directly commenting on what appears to be out-of-date information about drug laws as we assume the PPB will get to this in the next draft; this is a good example of the kind of thing that can be announced as a reason for initiating the review process.

--Consistent Use of "Lodging": The Definition of "Lodging" explicitly says this is about a person who has not been identified and is not added into the general jail population. However, in Policy Sections 1 and 2, as well as Procedure Sections 2.1 and 7.1, the term is used alongside "booking" when it seems it should be an "or" rather than an "and" if lodging is even appropriate in these Sections.

--Citation-in-Lieu: The Definition of C-Citation talks about arresting a person for a felony, but doesn't make it clear whether the Citation is given to a person who is then booked into jail.

--Person or Crime?: Section 2.1.1 says a person can be booked into jail despite orders from the Sheriff if "the offender is bookable." It's not clear what this means.

--Language Fix: Section 3.1 says the arresting officer has to detail what other cops on the scene did in a report unless an officer was "injured or attempted to be injured." This is confusing for two reasons: (1) "attempted to be injured" is not clear language, perhaps it means "if a person attempted to injure the officer," and (2) does it only mean that the officer who was injured or threatened with injury

0860.30 Directive Feedback (1UR)

does not have to write about the other officers because that happened, or that the other officers should write supplemental reports in those cases?

--Mass Arrests: It's somewhat amusing after the mass arrests by PPB at protests in recent years that the Directive says "Whenever possible, do not cite more than 8-10 subjects for any single date." Perhaps the Multnomah "Officer in Charge" keeps track of all the officers' arrests to ensure that won't happen.

--Failure to Identify is Not a Crime: Section 7.2 indicates that a person who was booked as "John or Jane Doe" will be charged with "Furnishing False Information," even though that statute, as noted in its title, is about giving a name that is not one's own, rather than refusing to state one's name.

--Timing is Everything: Section 10.1 says that jail intake will serve warrants on people when, after the arresting officer leaves, it is determined the person gave false identification. At least that's what we think it says, the sentence as written is rather confusing.

--Piano Recital?: Section 14.1.3 talks about issuing a new citation if the original one is voided. It uses the verb "recite" which probably means "re-cite," as in "cite them again." Since the word "recite" has its own meaning we suggest another word be chosen.

CONCLUSION

We continue to appreciate the Bureau reaching out for public comment and, in some instances, making substantive changes reflecting PCW's concerns. We hope there will be more focus on engaging advisory bodies like the Citizen Review Committee (which submitted Crowd Control recommendations in 2021 but never received acknowledgment or a response), the Portland Committee on Community Engaged Policing and Training Advisory Council.

While the policies have to be designed to instruct police how to conduct actions which provoke controversy, like breaking down people's doors, damaging property and causing bodily harm, the Bureau should more continuously focus on making these actions exceptions rather than the norm.

Thank you for the opportunity to comment
