33.614.010 Purpose

This chapter contains the lot dimension standards for approval of a Preliminary Plan for a land division in an employment zone. These standards ensure that lots are consistent with the desired character of the employment zones. Lots may vary in size and shape to accommodate a range of employment uses. This chapter works in conjunction with other chapters of this Title to ensure that land divisions create lots that can support appropriate development and uses.

33.614.020 Where These Standards Apply

The standards of this chapter apply to land divisions in the employment zones.
