DESIRED OUTCOMES

Any potential reforms would be evaluated based on their ability to advance these outcomes:

1. A participatory and growing democracy with more voices being heard in elections
2. An accessible and transparent government with Councilors who are easy to reach
3. A reflective government with Councilors who look like the community they represent

5. An accountable government with Councilors who answer to the people
6. A trustworthy government with Councilors who safeguard democracy

PROPOSAL TO CHANGE PORTLAND CITY GOVERNMENT

On June 14, 2022, the Charter Commission resoundingly voted to advance a ballot measure to change city government to the November 2022 ballot. Voters in the City of Portland will get to decide to amend the city charter and strengthen local government. If approved by voters, charter amendments will produce major changes, including:

- **Allowing voters to rank candidates in order of their preference, using ranked choice voting.** Currently, Portland voters can only pick one candidate when they vote for city elected leaders. Allowing voters to rank candidates in their order of preference using ranked choice voting gives voters more choices to express their true preferences and allows us to elect leaders who represent our communities.
- **Four new geographic districts with three members elected to represent each district, expanding the city council to a total of 12 members.** Right now, Portland has four city commissioners that represent the city as a whole. Creating geographic districts with more than one council member to represent each district will increase accountability between residents and elected leaders. A 12-member city council will help fix the city's challenges.
- **A city council that focuses on setting policy and a mayor elected citywide to run the city's day-to-day operations, with the help of a professional city administrator.** In the current commission form of government, the mayor and city commissioners directly manage the city's bureaus. Shifting to a new government structure in which the city council can focus on passing laws and a mayor can help implement them will help create a more responsive government.

The City Attorney's Office will now prepare the ballot measure title and explanatory statement.

COMMUNITY ENGAGEMENT

The important work of charter reform requires engaging Portlanders across neighborhoods, lived experiences, and backgrounds. The Charter Commission is committed to a community-driven process to inform its decision-making and an equitable, accessible, and transparent community engagement process.

- **Partnerships:** The Charter Commission partnered with the Coalition of Communities of Color on the design and implementation of community education and engagement activities to meaningfully engage Portland's diverse communities in the charter review process and established a community engagement cohort made up of seven community-based organizations.
- **Public Comment:** As of May 30, 2022, at 5:00pm, the Charter Commission received 1,600 public comments through an online comment form, email, or 15 hours of verbal testimony. Of the 1,600 public comments received 58.4% mention form of government, 42.6%% mention city council elections, 14.9% alternative voting methods, 8.6% mention homelessness, 7.6% mention climate justice, 3.6% mention participatory budgeting, 3.5% mention general charter reform support, 3.4% mention safety, and 3.3% mention police.
- **Listening Sessions:** The Charter Commission and the Coalition of Communities of Color Collaborative hosted a total of 26 community listening sessions that engaged 580 community members.
- **Community Surveys:** The Charter Commission has distributed and collected data from two multi-lingual surveys. The first, from which 1,036 surveys were collected, was designed to gauge understanding of the Charter Commission to inform engagement and communication. The second survey, from which there were 2,977 survey responses, was designed to capture opinions about some of the Charter Commission's potential recommendations.
- **Community Organization Policy Discussions:** The Commission has met with 34 community-based organizations and groups to have policy discussions. Policy consultations are distinct from the engagements in that the Charter Commissioner sought to understand organization-specific priorities, positions, and expertise on the policies under consideration.
- **Bureau Director Discussions:** The Charter Commission held a series of meetings with all but one of the bureau directors to understand their lived experiences with city government and to hear their priorities for charter reform.
- **City Elected Leader Discussions:** The Charter Commission held a series of meetings with all city elected leaders – the Mayor, Auditor, and City Commissioners to understand their lived experiences with city government and to hear their priorities for charter reform.
- **Briefings and Presentations:** The Charter Commissioners and staff have given 119 briefings and presentations to various community groups and associations and connected with hundreds of community members. In addition, the Commission offered a series of briefings to local, state and federal jurisdictional partners with 116 staff and elected leaders attending.
- **May 2022 Public Comment Period.** During May 20222, the Charter Commission invited input on its proposed charter amendments through four public hearings, written public comment, a work session with the Mayor and City Commissioners, a meeting with bureau directors, and two town halls with more than 1,100 City employees.

INTRODUCTION

Since December 2020, the 20-member, City Council appointed Portland Charter Commission has been deeply engaged in extensive research and ongoing public and community engagement to shape and inform policies on Portland's city government.

This is the sixth progress report from the Charter Commission. The purpose of the progress reports is to provide Portlanders with the Charter Commission's analysis of its proposed policies in a transparent and accessible way. This report represents the final agreements made by the Charter Commission on its phase I recommendations.

BACKGROUND

What is a city charter?

The city charter is a guiding document that establishes the government system and structure of a city. It defines how the government is set up, how city leaders are elected, and the roles and responsibilities of those leaders. The city charter functions as the city's constitution – it creates the city as a legal entity, authorizes city powers, and outlines the broad basic fundamentals of city government. Portland's city's charter can be amended **ONLY** by a vote of the people.

What is charter review?

The city charter requires that, at least once every ten years, City Council appoints a 20-member Charter Commission to review and recommend changes to the charter. City Council appointed the current Charter Commission in December of 2020.

So, what's the process for making changes to the city charter?

There are 20 Charter Commissioners participating in the review process. If 15 or more agree to a recommended change, those recommendations go directly to the ballot for Portlanders to vote on. If 11 to 14 Commissioners agree to a recommended change, then those recommendations go to City Council. City Council will decide whether to refer those recommendations to the ballot as-is, modify them, or do nothing. Again, it is only by a **vote of Portlanders** that the charter may be changed.

PHASED APPROACH & TIMELINE

In summer 2021, the Charter Commission decided to approach the charter review process in two phases – meaning two sets of issues and two election cycles.

The Commission has finalized its recommendations for phase I. The Charter Commission will put its proposal to change city government on the November 2022 ballot. The Commission prioritized the November 2022 election because it's the election with the highest voter turnout during the time the Commission is working, and the Commission believes that the most Portlanders as possible should decide these foundational issues. Moving forward, the Commission's phase I work will focus on community education about the proposal.

Dedicated Commission meetings on phase II will begin in late June. At this time, the set of issues for the second phase has not yet been selected.

Desired Outcomes for Charter Reform

The Charter Commission began its work by agreeing that any potential reforms would be evaluated based on their ability to advance these outcomes:

1. A participatory and growing democracy with more voices being heard in elections
2. An accessible and transparent government with Councilors who are easy to reach
3. A reflective government with Councilors who look like the community they represent
4. A responsive government with Councilors who understand your community needs
5. An accountable government with Councilors who answer to the people
6. A trustworthy government with Councilors who safeguard democracy

PROPOSAL TO CHANGE PORTLAND CITY GOVERNMENT

On June 14, 2022, the Charter Commission resoundingly voted to advance a ballot measure to change city government to the November 2022 ballot. Voters in the City of Portland will get to decide to amend the city charter and strengthen local government. If approved by voters, charter amendments will produce major changes, including:

- **Allowing voters to rank candidates in order of their preference, using ranked choice voting.** Currently, Portland voters can only pick one candidate when they vote for city commissioners. Allowing voters to rank candidates in their order of preference using ranked choice voting gives voters more choices to express their true preferences and allows us to elect leaders who represent our communities.
- **Four new geographic districts with three members elected to represent each district, expanding the city council to a total of 12 members.** Right now, Portland has four city commissioners that represent the city as a whole. Creating geographic districts with more than one council member to represent each district will increase accountability between residents and elected leaders. A 12-member city council will help fix the city's challenges.
- **A city council that focuses on setting policy and a mayor elected citywide to run the city's day-to-day operations, with the help of a professional city administrator.** In the current commission form of government, the mayor and city commissioners directly manage the city's bureaus. Shifting to a new government structure in which the city council can focus on passing laws and a mayor can help implement them will help create a more responsive government.

It is the Commission's belief and desire that the amended charter will make Portland's government more accountable, transparent, efficient and effective, responsive, and representative of every area of the city.

The City Attorney's Office will now prepare the ballot measure title and explanatory statement.

The full text of the proposed charter amendments is attached to this Progress Report, appendix A.

ALLOWING VOTERS TO RANK CANDIDATES IN ORDER OF THEIR PREFERENCE, USING RANKED CHOICE VOTING

The Charter Commission has a goal of achieving a participatory and growing democracy with more voices being heard in elections. The Charter Commission supports adopting ranked choice voting to replace our current "winner-take-all" form of plurality voting. Ranked choice voting allows voters to be a part of a process that uses their ballot to the fullest. When voters' first choices are not elected, they can trust their vote will be counted for their next viable choice.

Currently, voters are asked to choose one candidate. The candidate who receives the most votes, even if they receive less than 50% of the vote, is the sole person elected. No matter how many candidates are on your ballot, you only select one option, and a candidate can win no matter how small their vote share ends up.

Ranked choice voting gives voters more choice. Voters can rank the candidates or just choose one candidate. Studies show communities that have switched to ranked choice voting have had an increase in voter participation. By giving voters more meaningful choices, they have more reason to vote.

Ranked choice voting would give Portland voters the ability to indicate all of the candidates they support in order of preference by marking their ballots to indicate "1st choice, 2nd choice, 3rd choice, etc." for as many or as few as they care to rank. Ranked choice voting can be used in races to elect one winner or multiple winners. When electing a single candidate for office (mayor and auditor), ranked choice voting is known as "instant runoff voting." When electing multiple winners for office (city councilors), it is known as "single transferable vote" is used. In either case, how the ballot appears to voters and how voters mark their ballot is the same.

Figure 1: Proportional Ranked Choice Voting Example

In instant runoff voting (to elect mayor and auditor), if a candidate receives a majority of the first-choice votes, that candidate will be declared elected. If no candidate receives a majority, the candidate who received the fewest first-choice votes will be eliminated and each vote cast for that candidate will be transferred to that voter's next-ranked candidate. This process of eliminating candidates and transferring their votes to the next-ranked choices on ballots repeats until a candidate receives a majority of the votes.

In the single transferable voting system (to elect city councilors), the goal is to make every vote count. In a three-member district each winning candidate needs to achieve a winning percentage (25% + 1) of the vote. When the votes are tallied, the first-choice votes are counted. Candidates who reach 25% + 1 are immediately elected. If not all of the positions are elected outright, a two-step reallocation process to fill the remaining seats kicks in. First, the "surplus" votes of any candidate who exceeds the threshold (the number above the 25% + 1 needed to win) are proportionally reallocated to their voters' second choice candidates. This continues until there are no more surplus votes. If any positions still remain unfilled, the candidate with the least number of votes is eliminated and those votes are transferred to their voters' next preference, as in the instant runoff system. This process is repeated until all vacant seats are filled.

The City of Portland's elections are primarily administered by the Multnomah County Elections Office, which then reports election results to the City of Portland election office for certification. More than 99.5% of the City of Portland's

registered voters reside in Multnomah County, with the November 2020 election recording 1,304 total votes cast from Clackamas and Washington County based voters in the City of Portland, representing 0.3% of the total votes cast. The elections administration of ballots and recording procedures would also remain the same in ranked choice voting. The only difference voters would experience is in reading and viewing election results that now contain more information about voters' preferences. The vote tabulation math done by the Multnomah County Elections Office is the only thing that would change in the elections process, which can be released round by round in a transparent matter until winners are calculated. Multnomah County Elections Office is a "high transparency" system which regularly releases daily vote count updates during large elections and that would not change with ranked choice voting.

Allowing voters to rank as few or as many candidates as they would like expands the choices voters have to express their preferences and elect candidates that share their values. By increasing voter choice, voters have multiple options for their vote to count, rather than being asked to only pick one candidate. Portlanders currently face a difficult decision; should they vote for one of the candidates in the lead to make their vote count, or should they vote for their preferred candidate and risk wasting their vote? Our voting system should feel expansive and give voters the choices and power to elect the candidates they truly want to be represented by or think will do the best job. Allowing voters to rank candidates on their ballot in order of their first, second, and third choice, increases their freedom to vote for the candidates they believe in, rather than having to choose between the lesser of two evils. Adopting ranked choice voting will help create a more reflective city council in which voters' preferences are better captured in the overall election outcome.

Ranked choice voting is a proven and tested method that has been shown to increase voter satisfaction and open the door to newer and more representative voices on council. Ranked choice voting is used by tens of millions of Americans in local and state elections, including large cities such as New York City, San Francisco, Oakland, Minneapolis, St. Paul, Portland, ME; and the states of Maine and Alaska. As of November 2021, 43 jurisdictions used ranked choice voting in their most recent elections, and more than 50 jurisdictions are projected to use it in their next election.

There is also growing evidence that ranked choice voting promotes more civil, issue-oriented campaigns and decreases the incentive for negative campaigning. Rather than candidates focusing on attacking their opponents to decrease support, candidates are encouraged to focus on broader issues they care about like affordable housing, climate action, and more. Candidates benefit from sharing platforms with like-minded candidates, since voters who support a specific issue are likely to rank both candidates as a preference. Let's say candidate A is passionate about investing in climate solutions, candidate D who shares similar priorities benefits from speaking positively about candidate A's platform and reaching out to voters who support candidate A. Campaigns are more civil as a result of fostering stronger coalition-building and candidates collaborating and aligning on similar policy platforms.

Proportional Representation and Multi-Winner Elections

The election system that the Charter Commission is proposing is a Proportional Representation system in which multiple candidates will get elected in each geographic district using ranked choice ballots. Proportional Representation systems are the most used electoral systems in the world, and the State of Oregon Constitution Article II, Section 16 specifically calls out that provision may be made for elections by proportional representation.

Proportional Representation is rooted in the belief that everyone should have the right to fair representation, reflective of their community's views. The goal of Proportional Representation is to make sure the election outcomes reflect as closely as possible the will of the voters. Under our current system, 50% of the vote (plus one) has the power to elect each candidate, which means that the same group of voters elect all four city commissioners. Under a Proportional Representation system, more voters have the power to elect a candidate. Instead of running for individual positions (City Commissioner Position 1, City Commissioner Position 2), all candidates within a district will run in one pool at the same time. Now, instead of 50% of the vote (plus one) electing a candidate, 25% of the vote (plus one) has the power to elect a candidate. This gives more communities a chance to win a number of city council seats reflective of their size in the population.

The specific type of Proportional Representation that will be used for Portland's city council elections is called single transferable vote – a system successfully used by democracies worldwide for the last century. An example of long-

standing success using single transferable vote is Cambridge, Massachusetts, which has used this voting system to elect their city council since 1941 and has helped to secure fair representation for voters from minority groups like racial and ethnic communities.

Shifting to One November Election, Eliminating May Primary Election

The Charter Commission favors voting methods that elect candidates when the most people are likely to be voting. In November elections, voter turnout is consistently higher, so more voices weigh-in on decisions affecting all Portlanders. A core benefit to the use of ranked choice voting is that it allows for decisive instant run-offs to be counted in one election, eliminating the need for May primaries for city elections.

Currently, in our nonpartisan city council elections, several people can run for one at-large seat in the May primary. If a candidate for that seat wins over 50% of the vote, then they win the race outright. If no one makes it over that threshold, then the top two candidates go to a runoff in the November general election.

Eliminating May primaries ensures that more Portlanders elect their city council. Although Portland city council races are nonpartisan, the primaries currently occur within the context of larger state and federal partisan primary elections in May, whose turnout is often driven by closed primary contests (where only registered party members can vote in their respective primaries), this means people who are not registered party members often do not vote in the primary election, which can skew the makeup of the electorate in Portland.

Election turnout results from this century consistently show that as little as one-quarter to one-half as many Portland voters turn out in May as do in November. In midterm years, November turnout is generally double the May turnout, and in presidential years, a significantly higher number of Portlanders cast ballots in November compared to May. The increased turnout in November elections tends to come from younger, more racially diverse voters as well. Of the past 15 city council races (not including mayoral races), only five went on to the November run-off election. This means that many November-only voters in Portland didn't get to vote for a council member because those elections had already been decided.

Moving to a single election could also reduce financial barriers for candidates and widen the pool of candidates who would consider running. The cost of campaigning can be burdensome for candidates without personal wealth or connections to large financial backers. Additionally, single-election campaigns would not start as early (Portland city council candidates now regularly declare more than a year out from November election because of the May primary), meaning city councilors running for re-election could spend fewer total days campaigning for votes and fundraising for dollars, and instead focus on enacting policies.

The Charter Commission also supports staggered city council elections, with Portlanders electing leaders every two years in November. The Charter Commission believes that waiting four years for voters to express their opinions on elected leaders is too long. By having the elections every two years, they can be timed to coincide with the Oregon Governor's race and two years later, the US Presidential race, both of which drive turnout, allowing for higher voter turnout.

Under the proposed charter amendments, at the November 2024 election, a mayor and all councilors from two districts will be elected for a term of four years. At the same election, the auditor and all councilors from the other two districts will be elected for an initial two-year term to align the seats for the 2026, 2030, etc. staggered system. At subsequent elections, those elected hold office for four years.

Although the districts will be drawn by an independent district commission, the Charter Commission's intent is to boost turnout in historically lower turnout areas of the city. To achieve this, they are recommending that the two districts which historically have the lowest voter turnout hold their city councilor elections at the same time as a mayor during November elections. The other two districts would be elected in the same years as the auditor. Regardless of timing, any district that has elections must have all the seats in that district up at the same time to achieve the benefits of a multi-member proportional system.

FOUR NEW GEOGRAPHIC DISTRICTS WITH THREE MEMBERS ELECTED TO REPRESENT EACH DISTRICT, EXPANDING THE CITY COUNCIL TO A TOTAL OF 12 MEMBERS

For more than 100 years, Portlanders have been electing city councilors in an at-large system, meaning any eligible candidate in the city can run for office and be elected, regardless of their geographic location. The City of Portland's current five-member (including the mayor) city council has not grown for more than 100 years, despite a more than three-fold increase in the city population, depriving Portlanders of political representation fit for a complex city of our size and decreasing the number of opportunities for diverse communities and interests to elect candidates of choice. This is a significant problem. Portlanders are underrepresented compared to cities of similar size in the United States.

Historically, candidates of choice for Black, Indigenous, communities of color, and political minority groups, have lacked access, power, and representation in Portland's city hall. An accounting of the demographics of previous city commissioners shows that our elected representation has been disproportionately dominated by white, affluent, and male commissioners, despite a demographically diversifying city. Moreover, while city commissioners are elected at-large, city commissioners have resided in the Portland downtown area or west of the Willamette River in significantly higher numbers. These disparities are hard to ignore and will remain persistent challenges without reform of the underlying system.

Enlarged and District-Empowered City Council

The Charter Commission agreed with calls from the public to shift city council from all at-large seats to a system with district-based geographic representation. The Charter Commission supports a 12-member council where Portland is drawn into four districts each sending three council members to the city council. A councilor elected from a district must have resided in that district and been a registered voter in that district for at least one year immediately preceding the election. The three council members elected in each new geographic district will run in the same race at the same time in that district.

Figure 2: Multi-Member District Example and Benefits

MULTI-MEMBER DISTRICTS: EXAMPLE				MULTI-MEMBER DISTRICTS: BENEFITS	
<p>This illustration is an example to show four geographic districts with three council members representing each district. Each district will have equal population size. Candidates must live in a specific district to run for office in that district. Voters of each district will get to rank the candidates in their order of preference. The three top-ranked candidates will get elected to represent that district.</p>				<p>Portland's current citywide City Council seats leave many residents underrepresented, a problem that is especially notable for East Portland.</p>	
<p>DISTRICT 1</p> 	<p>DISTRICT 2</p> 	<p>DISTRICT 3</p> 	<p>DISTRICT 4</p> 	 <p>Districts will help elected officials build stronger relationships with the communities they represent and understand the issues in these communities.</p>	 <p>Multi-member districts paired with proportional ranked choice voting ensures that Portlanders are represented geographically and represented based on their interests and values.</p>

A 12-member city council achieves many of the Commission's desired outcomes. Each new district will have more than one elected leader to represent it. Desires for guaranteed council representation from all parts of the city, increased

representation, and lowering financial barriers for candidates to compete were key considerations in favor of this reform.

In 1913, when Portland adopted the commission form of government, city council was reduced from a 15-member council to the 5-member council we have now. Portland city government went to one city commissioner for approximately every 42,000 residents. In 2022 the ratio has grown to one city commissioner for every 130,000 residents. For cities of similar size to Portland (680,000+ residents) the ratio is about one representative per 50,000 residents. The proposed 12-member council would have similar representation, with one councilor for every 53,430 Portland residents.

Increasing the number of seats on city council may give underrepresented communities more voice in the decision-making body and offer a chance to help alleviate dissatisfaction with city council, because more Portlanders are able to elect leaders that represent their interest and understand their experiences. Expanded council capacity should also improve government's ability to respond to large, complex problems facing our entire community. Increasing the size to a greater number can ensure that more leaders are responding to Portland's diverse communities and devote more time to legislating and passing city policies.

Multiple representatives per district addresses the fact that it's incredibly difficult for any one single elected individual to represent the diversity of viewpoints and experiences in a geographic district. Having multiple people allows for a greater chance that more viewpoints and experiences will be represented. The Charter Commission believes multiple representatives per district will help community members connect directly with their elected leaders and increase accountability between Portlanders and elected leaders. Because multiple leaders would represent one area of the city, this would also increase opportunities for collaboration and coalition building for geographic-based issues between those leaders.

Dividing Portland into districts so that elected leaders can represent geographic areas of the city instead of the entire city ensures that residents, such as those in East Portland, who have been continually shut out from representation and political attention in city hall despite making up a large part of the city population and landmass, will have representatives elected specifically from their geographic area.

The Charter Commission believes that city councilors should be easy to reach, and having leaders represent certain parts of the city can make it easier for people to reach out when they have an issue. Geographic-based representation could also lend itself to more localized and neighborhood-based constituent services and civic participation that is not dependent on Portlanders' ability to access downtown.

While geography is important and neighborhoods play a significant role in Portland's civic life, Portlanders also understand that just because you live in the same neighborhood as someone else does not mean you share the same politics or priorities, let alone have the same lived experience. Multiple representatives per district allows for multiple perspectives to be represented in one district. Voters can choose to support candidates who focus on issues most important to them.

Shifting the constituency of city council from all at-large seats to district seats also addresses problems associated with the significant financial barrier to running for office city-wide. District-based elections will likely reduce the cost of campaigning because candidates focus on a smaller constituency. The current system of at-large elections gives an outsized advantage to financially resourced and politically well-connected candidates.

Increasing opportunities for historically under-represented communities to elect their candidates of choice has also been a driving goal for the Commission. Portland does not have a geographic distribution of Black, Indigenous, or people of color (BIPOC) residents that could allow for a drawing of a majority BIPOC district, nor does it have the level of income or age segregation and stratification that characterizes other cities. The Commission favored reforms that would more likely give smaller and historically under-represented communities a greater ability to form coalitions to elect candidates of their choice. Voters would see more candidates that are renters, younger residents, BIPOC or members of minor parties.

These research findings have been corroborated by the Tufts University Metric Geometry and Gerrymandering Group (MGGG) Redistricting Lab. In response to the Commission’s proposal, MGGG conducted [mathematical modeling and analysis of Portland](#) on the potential efficacy of various districting and voting system scenarios with regard to the ability of communities of color to elect their preferred candidates of choice to city council. Their findings were drawn from a two-step process, wherein MGGG generated thousands of sets of valid multi-member redistricting plans and then simulated a ranked choice voting variant called single transferable vote elections on a subset of those plans. The results showed that 12 member councils were likely to elect candidates of choice for communities of color in close keeping with the people of color voting age population share of the city.

Independent District Commission and Future Redistricting Processes

The decision to enact geographic district representation necessitates a process to draw official district lines. The Charter Commission will not propose a formal map for adoption. Instead, the Commission believes that process should be undertaken by another independent community body with the time and resources necessary to robustly conduct research and engage the public in the districting process.

The Commission proposes an independent district commission composed of thirteen (13) residents of Portland who represent a diversity of race, age, gender, and geography. No member of the independent district commission may be employed by the City of Portland, hold any other elected or appointed position in the city, or be an officially declared candidate. A mayor appoints members of the district commission, subject to confirmation by city council.

The independent district commission would ultimately be responsible for preparing and adopting a districting plan for dividing the city into four districts for the election of city councilors. The plan would include a map and a description of districts. The vote of at least nine members of the districting body is required to adopt the districting plan. Failure to adopt a plan will result in the city council being given the duty to enact a district plan. The district commission must hold a city-wide public hearing early in its process to engage Portlanders in district criteria and then it must hold at least two public hearings in each proposed district before it votes to adopt the plan. The district commission makes its plan available to the public for inspection and comment not less than one month before its first in-district public hearing.

Consistent with state and federal laws, the independent districting body must ensure that each district, as nearly as practicable, will be contiguous (one connected piece), compact, utilize existing geographic or political boundaries, not divide communities of common interest, be connected by transportation links, and be of equal population. No district may be drawn for the purpose of favoring any political party, incumbent elected official or other person. No district may be drawn for the purpose of diluting the voting strength of any language or ethnic minority group. The district commission may consider additional criteria.

If the voters approve the proposed reforms, the districting process will need to begin immediately after the November 2022 election to ensure that the system is in place for candidates and voters to understand the election process and filing deadlines for the November 2024 election. The first district commission must be confirmed no later than January 31, 2023. Subsequent redistricting would be tied to census population updates every 10 years, beginning 2030. Future independent redistricting bodies would be tracked to a slightly different timeline, with the body confirmed and in place by March 31 in every year following the census. The districting body’s term ends upon adoption of a districting plan, which must be completed by September 1.

Council Salaries, Offices, and Staffing

The Charter Commission has received questions from community members about how much the new councilors will be paid. The current charter is silent on council salaries – leaving city commissioners to set their own salaries when they vote on the budget. To avoid real or perceived conflicts of interest, the Charter Commission proposes a salary commission to determine the compensation for Portland’s mayor, auditor and city councilors. This five-member salary commission will be composed of qualified human resource professionals with compensation experience who represent a diversity of race, age, gender, and geography. The initial salary commission will be nominated by the mayor and confirmed by council by March 15, 2023 and will be required to complete their work by August 1, 2023, with salaries taking effect January 1, 2025. Thereafter, the salary commission will be nominated by the professional city administrator

and confirmed by the council by January 1 of each odd year, with adjusted salaries taking effect July 1 of each odd year. The salary commission will document the basis of its decision and decide by majority vote. Elected or appointed City of Portland officials, city employees, and officially filed candidates are prohibited from serving on the salary commission.

While not laid out in the charter, the Charter Commission envisions that district-based councilors will have an individual office within their own district and an office near city hall to be shared amongst the councilors and their staff with others in the same district. In addition to reducing barriers for constituents, district-based offices may improve the city council's approach to long-range planning and city-wide coordination. Cities with district representation often have district-based offices that are easier for residents across the city to access.

The Charter Commission also assumes councilors will have fewer staff than in the current system because city councilors will no longer directly manage bureaus. We also assume some shared staff across councilors within a single district including shared communications and business operations functions, and possibly shared scheduling and constituent services.

A CITY COUNCIL THAT FOCUSES ON SETTING POLICY AND A MAYOR ELECTED CITYWIDE TO RUN THE CITY'S DAY-TO-DAY OPERATIONS, WITH THE HELP OF A PROFESSIONAL CITY ADMINISTRATOR

In our commission form of government, the mayor assigns each member of city council a portfolio of bureaus to manage. When this form of government was created over 100 years ago, it allowed for cities and towns to be nimble in responding to urgent crises as the commissioners could make quick decisions for their bureaus. Additionally, often individuals would run for a seat that reflected their professional technical area of expertise. In modern-day Portland, the Charter Commission continues to hear that this form of government creates silos, avoids accountability, and lacks transparency. The commission form of government is not driving towards the outcomes that Portlanders have identified - the need for clear, consistent delivery of services and responsiveness to pressing city issues.

As a response to these identified shortcomings, the Charter Commission decided to separate executive and legislative powers, with city council no longer directly managing city bureaus. Instead, a mayor, elected citywide, will run the city's day-to-day operations, with the help of a professional city administrator, while the council will focus on building relationships to effectively set policy, plan strategically, and approve budgets necessary to address the concerns of Portlanders. The Charter Commission believes the checks and balances, clear division of power, and streamlined division of labor will help produce more effective and efficient city services.

Figure 3: Mayor-Council Government Structure Example

City Councilors Focused on Setting Policy and Constituent Services

The role of city councilors will be to focus on legislation and policy development, such as making laws, engaging constituents, and bringing community and district-responsive voices into decision-making. Expanded legislative focus and capacity will improve the quality of laws passed and overall government responsiveness, by instilling a greater ability to link on-the-ground constituent engagement to effective policy reforms. Councilors will have additional capacity to focus on solving complex challenges and meeting with their constituency to draft policy and budgets, collaborating on major initiatives and long-term strategic planning for the city. City council will also have a role in intergovernmental relationship building, collaboration, and communication with other local, state, and federal jurisdictions.

The charter is currently silent on the city budget process. The Commission recommends a new charter provision that states that council functions as the budget committee and is responsible for approving the budget. City funds may only be expended in conformance with the budget approved by city council. A mayor will be required to submit a proposed budget to council by May 5 of each year, which outlines the needs of the city based on current policies and programs. The Charter Commission recognizes that the budget is a moral document that specifies what it is we as a city prioritize and care about. It is the intent of the Charter Commission that council engage constituents and bureaus early on in order to clearly understand needs and priorities.

The Charter Commission does not wish to be overly prescriptive about how the city council organizes itself in the charter – and the proposed amendments state that council will establish its own rules of procedure. The Charter Commission envisions a 12-member council organizing itself into committee work, with subgroups of council members specializing in different policy areas (e.g., transportation, community safety, housing, environmental protection, etc.). Council will also elect a Council President and Vice President. The Council President will preside at all council meetings.

The Commission also took a careful look at the types of procedural votes and the majority thresholds needed to advance council work. Quorum for council, defined as the number of councilors needed to be present in order to legislate city business, is set at seven – a simple majority of the 12-member council. For legislation, a mayor will hold a tie-breaking vote, so that non-emergency ordinance policies can be passed with six councilors plus the mayor, while a handful of uncommon, but high consequence actions will require a supermajority of nine councilors to move forward.

A Mayor and Professional City Administrator to Run Portland's Day-to-Day Operations

A mayor, elected city-wide, will be accountable for proposing policy and running the city's civic services - its bureaus, programs, and resources in order to deliver a working government--and implementing city policies passed the city council. If the proposal is adopted by the voters, a mayor will no longer serve or regularly vote on the council, demonstrating a clear separation of powers between legislative and executive branches. The Commission did agree that a mayor should have the ability to cast a tie-breaking vote, if necessary. The Charter Commission considered whether a mayor should have veto authority; however, the Commission believes that a veto on top of the tie-breaking vote would overbalance the checks and balances between the executive and legislative authorities.

The proposed charter amendments state that a mayor has the following responsibilities:

- (a) Advance the City's core values of anti-racism, equity, transparency, communication, collaboration and fiscal responsibility.
- (b) Advance the City's efforts to mitigate the human-made climate crisis and prioritize environmental justice initiatives.
- (c) Exercise a careful supervision over the general affairs of the City.
- (d) Introduce such matters as the Mayor deems necessary to come before the Council. The Mayor has the same authority to introduce matters as a Councilor
- (e) Vote in matters before the Council only to break a Council tie.
- (f) Appoint the City Administrator, subject to confirmation by the Council, and give direction to the Administrator. The Mayor may remove the Administrator and must advise the Council before removal. The Council may remove the Administrator for cause by a vote of at least nine (9) Councilors. If the office of the Administrator is vacant, the Mayor must fulfill the duties of the Administrator until the office is filled.
- (g) Appoint, subject to Council confirmation, the City Attorney and Chief of Police. The Mayor may remove the City Attorney and Chief of Police.
- (h) Submit a proposed annual budget, and periodic amendments throughout the year. The Mayor must, at the time of the submission of the budget, submit a general statement of the conditions of the affairs of the City, the goals of the administration, and recommendations of such measures as the Mayor may deem expedient and proper to accomplish such goals.
- (i) Annually, appear before the Council to deliver a general address on the State of the City.
- (j) Authorize, negotiate and execute all contracts and intergovernmental agreements, consistent with the City budget.
- (k) Encourage programs for the physical, economic, social and cultural development of the City.
- (l) Actively promote economic development to broaden and strengthen the commercial and employment base of the City.
- (m) Serve as ceremonial head of the City and issue ceremonial proclamations.
- (n) All other executive and administrative powers not conferred elsewhere by this Charter.

The Charter Commission believes that Portland's mayor needs to be given these responsibilities to create a more unified voice in city operations, more collaborative and cohesive responses, more consistent supervision of bureaus, and a political vision for the city. However, the Charter Commission also designed a system with checks and balances to address the concern that too much power concentrated in the hands of one individual would not serve Portland well.

A mayor will have executive authority over city business but will collaborate and delegate critical responsibilities to a professional city administrator. The professional city administrator will be nominated by a mayor subject to approval by a simple majority of city council. The city administrator must be a person of demonstrated administrative ability with experience in a responsible, important executive capacity and must be chosen solely on the basis of executive and administrative qualifications. The city administrator's salary will be set by council.

The city administrator will be under direct mayoral supervision. While the city administrator has independent power to decide what, in their professional opinion, is best for the city, the Charter Commission was deliberate in installing checks and balances. A mayor would share responsibility and political accountability for the duties of the city administrator by extension of supervising the position, subject to legislative oversight of the city council. The city administrator can be fired by a mayor without council approval. However, to ward against the potential of a mayor and city administrator colluding against the public interest, the elected city council will also have oversight power to fire the city administrator, with a high, but necessary, bar of 3/4 of the council vote (9 council members out of 12 agreeing to fire).

A professional city administrator would oversee all city services, for example, street maintenance, fire safety, sewer services and other city services. Due to a mayor and city administrator's proximity and supervision of city bureaus, these positions will inform the city's proposed budget making, communicating to the city council the funding needs and policy adjustments necessary to achieve desired outcomes. The professional city administrator position helps ensure that there is someone in place who can competently manage city operations and frees a mayor from having that sole responsibility. The Charter Commission envisions a system where a mayor and council together create performance expectations of the bureaus.

The proposed charter amendments state that a professional city administrator has the following responsibilities:

- (a) Advance the City's core values of anti-racism, equity, transparency, communication, collaboration and fiscal responsibility.
- (b) Advance the City's efforts to mitigate the human-made climate crisis and prioritize environmental justice initiatives.
- (c) Proper and efficient administration of all City affairs.
- (d) Except for the City Attorney and Chief of Police, appoint, reassign, discipline and remove all directors of bureaus and departments and all employees, consistent with all laws and collective bargaining agreements. The Administrator may delegate to directors the authority to appoint, discipline and remove subordinate employees.
- (e) Execute and enforce all laws adopted by Council.
- (f) Attend meetings of the Council, and its committees, and such meetings of boards and commissions as the Administrator chooses.
- (g) Investigate affairs of the City under the Administrator's supervision, including any contract for the proper performance of obligations running to the City within the Administrator's jurisdiction.
- (h) Control and administer the financial affairs of the City. The Administrator may appoint a Budget Director to act under the Administrator's direction.
- (i) Prepare an annual budget under the direction of the Mayor for the Mayor's submission to the Council.
- (j) Prepare and submit to the Council such reports as it may require.
- (k) Keep the Council at all times fully advised as to the financial condition and needs of the City.
- (l) Prescribe such general rules and regulations as the Administrator may deem necessary or expedient to the general conduct of the administrative departments under the Administrator's jurisdiction. The Administrator may delegate rulemaking authority to other bureau directors.
- (m) Perform such other duties as may be directed by the Mayor or prescribed by this Charter or by City Code.

The city administrator will be in charge, with few exceptions, of hiring, firing, and supervising bureau directors, better insulating the bureaus from political jockeying while prioritizing continuity of service and longer-term planning. The two exceptions carved out are for the appointment of the City Attorney and Chief of Police. The City Attorney serves as counsel for both a mayor and the city council, and the full faith and trust in the City Attorney through a confirmation process is an essential step in government functioning. The Chief of Police is an incredibly high-profile leadership position that directly impacts the lives of many Portlanders, and with that requires increased direct political

accountability in the form of a confirmation process. Both positions would be nominated by a mayor and subject to council confirmation.

FISCAL IMPACT OF PROPOSAL TO CHANGE CITY GOVERNMENT

The Charter Commission recognizes that many Portlanders think the city is on the wrong track and that big changes, including in the structure of city government, are needed to ensure our government is more accountable, transparent, efficient and effective, responsive, and representative of every area of our city. If Portland voters approve measure, the city will need to allocate funds to implement the will of the voters.

The City Budget Office provided an estimate of the fiscal impact of the proposal to change city government. This estimate is based on Fiscal Year 2022-2023 numbers. This estimate does not include assumptions around the second-order effects of charter reforms, such as potential savings from changing or consolidating bureau functions or the cost of creating new programs or functions.

If voters approve the measure in November 2022, Portlanders will expect geographic-based council elections using ranked choice voting to be implemented in the November 2024 election, with the new council entering office in January 2025 into the new form of government's roles and responsibilities.

One-Time Transition Costs (anticipated from 2022 to 2025)

One-time cost estimates of this transition are approximately \$4.0M to \$5.9M per year, or between 0.6% and 1.0% of Fiscal Year 2022-2023 discretionary resources, during the assumed three-year transition period from 2022 to 2025. In the FY 2022-23 Approved Budget, the City has approximately \$617M in General Fund discretionary resources, which are funds that can be allocated with few restrictions. Discretionary funds are approximately 10% of the overall total city budget. While the precise funding sources for these changes have not yet been determined, funding is likely to come from a combination of discretionary and bureau funds as appropriate and allowable. An overview of cost drivers and assumptions are included below.

- **Public education & outreach.** The city needs to provide public education both before the November 2022 election and, if voters approve the proposal, after the election so Portlanders understand the change to city government. Public education and outreach must engage Portlanders across neighborhoods, lived experiences, and backgrounds. The Charter Commission is committed to equitable, accessible, and transparent community engagement that aligns with the city's core value, particularly anti-racism, equity, transparency, and communication.
- **Transition support.** The city will need staff to effectively implement the change. Transition support may include staffing for community oversight and engagement, administration and operations, streamlining of the city's organizational structure to match changes to the form of government, and elections and elected office transition. The team may include existing city employees and new time-limited hires.
- **Council offices.** Moving and establishing downtown and district offices for each councilor, including costs related to furniture, conference rooms, securing improvements, permits and fees, storage, and project management. Other transition costs such as personnel onboarding costs, computers and related technology costs, and swearing-in ceremonies.
- **Ranked choice voting implementation.** Portland voters live in three counties: Multnomah, Washington, and Clackamas. The city had initial conversations with these jurisdictions and the major vendors for Portland's elections about what is needed to implement ranked choice voting. We anticipate a two-year implementation cycle that will include coordination between the vendors, software and tabulation upgrades, ballot design and voter-education. Clear Ballot, the major vendor for Multnomah County, is preparing for a 2023 ranked choice voting election in Colorado that is very similar to the Charter Commission's proposal. Additionally, Clear Ballot uses open-source software provided by the Ranked Choice Voting Resource Center. It is possible that software

costs will be less than anticipated due to the ability to modify base software used in Colorado to meet Portland's specifications.

- **Districing process.** Recruit and support an independent district commission to lead a community-driven process to create a district map for the November 2024 election. Costs may include contracting with demographers and other consultants to comply with regulations for creating districts that are equal in population, contiguous and compact, utilize existing geographic or political boundaries, do not divide communities of common interest, and are connect by transportation links; and voter and candidate education associated with the transition to district elections.

Annual Ongoing Costs (anticipated from January 2025 forward)

Annual ongoing costs of the measure are estimated between \$0.9M to \$8.7M annually, which equates to between 0.1% and 1.4% of the city's General Fund discretionary resources. An overview of cost drivers and assumptions are included below.

- **Council offices.** With an expanded city council, estimates assume fewer staff per council office than in the current system. This reduction in staffing accounts for the shift of bureau management from city commissioners to a city administrator. Estimates also assume some shared staff across the three council offices within a single district: shared communications and business operations functions and the low estimate additionally assumes a shared scheduling and constituent services function amongst the offices. For each city councilor, estimates assume two office spaces: an individual office for the councilor and their staff within their own district, and an office near city hall to be shared amongst the councilors and their staff with others in the same district.
- **Council Clerk's office.** Additional staff to help with the increased volume of council business generated by a larger city council. This includes assisting with the coordination of agenda items, training, meeting facilitation, and processing of council decisions and recordkeeping.
- **Special elections.** The cost of primary and general elections typically falls to the counties, whereas the city is responsible for costs associated with special elections. The calculations assume one vacancy resulting in a special election every four years. Because a ballot would have a grid for voters to indicate their levels of preference for candidates running for this seat, an additional page per ballot is also assumed. Labor, printing, and postage costs are currently unknown for the additional ballot page because details such as number of levels that a voter is asked to rank can have a drastic impact on ballot design. Other costs allocated to the city for special elections can also vary widely due to factors such as timing, which influences if the city can share some of the cost with other jurisdictions, and voter turnout, which influences costs for processing return ballots.
- **Ranked choice voting.** Estimates assume that the city will be responsible for costs associated with ranked choice voting and tabulation software for general and special elections.
- **Elections office.** The Elections Office will require more staff to help with the additional responsibilities resulting from implementing ranked choice voting, and from having a larger number of councilors. These responsibilities include processing an increased number of candidate filings and overseeing the lobbying and political consultant regulations for a larger city council.
- **Small Donors Program.** The Small Donors Program is a city program that aims to decrease the influence of money on the campaigns of candidates running for mayor, auditor, or city council. Candidates participating in the program currently get a 9-to-1 match on the first \$20 donated from an eligible donor in the primary and again in the general election by agreeing to certain program restrictions. Estimated costs under proposed charter reforms are lower than current costs because there would be no costs associated with a primary election under ranked choice voting and because of assumed lower match caps.
- **Mayor's office & city administrator's office.** Estimates assume the cost of a mayor's office to be less than the current costs due to a mayor no longer holding a legislative role on the city council. However, the mayor's office

and/or the city administrator's office will hold a larger role in the day-to-day management of city operations than under the current system. Cost estimates for each office differ in the assumptions around collaboration and delegation of the day-to-day operations and administration between a mayor's office and city administrator's office. For example, a lower cost estimate for a mayor's office assumes a smaller mayor's office with a higher level of delegation to the professional city administrator, and thus would be paired with a higher estimate for the city administrator's office.

BALLOT MEASURE CONSTRUCTION

The Charter Commission will forward its proposal to change city government as a single ballot measure for Portlanders to consider in November 2022. The City Attorney's Office is responsible for drafting the ballot title and explanatory statement.

The City Attorney's Office informed the Charter Commission that, under current law, a single ballot measure is legally permissible and defensible as the reforms clearly fall under a unifying principle and are clearly and properly connected; therefore, it is up to the Commission to decide how to present its proposal to Portland voters. A memo from the City Attorney's Office on the Oregon Constitutional Requirements for Ballot Measures can be found on the Commission's website [here](#).

From the start, the Charter Commission has understood that the problems facing Portland are too fundamental and interrelated to be resolved by a patchwork of repairs. As a result, our emphasis has been on crafting a broad and cohesive package that would achieve the public's demand for a government that is more accountable, transparent, efficient and effective, responsive, and representative of every area of our city. The Commission's recommendations are not just complimentary but incumbent upon each other. If, for example, you separated form of government into its own ballot measure, then you could end up with a situation in which we retain the current commission form of government and we move to district-based elections. That would mean that city commissioners continue to directly manage bureaus and you would have the parks commissioner or the commissioner in charge of the fire department representing one geographic area. This is completely counter to what we've heard Portlanders want.

Reinforcing the Commission's approach, extensive public opinion research has shown that a single measure has more support among Portlanders. One poll found that only a slim majority supports changing to a mayor-council form of government (the change proposed by the Charter Commission). If you add ranked choice voting to the shift to a mayor-council form of government, more respondents support the change. If you add an expanded city council elected by districts to the shift to a mayor-council form of government, even more respondents support the change.

Another poll specifically asked the question "which of the following two statements do you agree with more:" (1) Portland government is such a mess that we need to pass this whole package of reforms – a new form of city government, ranked choice voting, and multi-member districts; or (2) we should only focus on changing Portland's form of government – not reforms to how we elect local leaders and how many members represent each district that distract from the main issue. Fifty-seven percent of respondents choose the whole proposal; 31% wanted to focus only on form of government; and 12% didn't know. Links to the public opinion research can be found in the public opinion research section of this progress report.

The Charter Commission wants to give Portlanders a choice to change our city government to address Portlanders' overwhelming belief that our city is on the wrong track and to respond to Portlanders' calls for significant and comprehensive change to get our city moving in the right direction. It will be up to Portlanders to decide.

COMMUNITY ENGAGEMENT

The important work of charter reform requires engaging Portlanders across neighborhoods, lived experiences, and backgrounds. The Charter Commission is committed to a community-driven process informed by an equitable, accessible, and transparent community engagement process.

The Charter Commission's Community Engagement Committee co-creates community education and engagement strategies with our community partners. The committee plans and evaluates engagement strategies for the Charter Commission.

COMMUNITY EDUCATION & ENGAGEMENT PARTNERSHIPS

Coalition of Communities of Color (CCC)

The Charter Commission partnered with the Coalition of Communities of Color (CCC) on the design and implementation of community education and engagement activities to meaningfully engage Portland's diverse communities in the charter review process with a focus on Portlanders who have been historically left out of city hall decision-making.

The Coalition of Communities Color partnered with a 12-member collaborative that includes the Asian Pacific American Network of Oregon (APANO), Hacienda CDC, Africa House, Pacific Islander & Asian Family Center, Muslim Educational Trust, Native American Youth & Family Center, Street Roots, Slavic & Eastern European Center, Unite Oregon, Urban

League of Portland, Verde, and Next Up. All these partners bring deep community relationships and cultural expertise, with extensive experience in community engagement sessions, outreach, and trainings. The primary focus of CCC's collaborative is culturally-specific outreach and community engagement sessions with partner organizations. The secondary focus is broad multiracial outreach to the public at large while ensuring that all outreach materials are accessible to BIPOC communities, with anti-racist engagement strategies.

Community Engagement Cohort

The Charter Commission also established a community engagement cohort made up of seven community-based organizations. Cohort members spend about 12 hours a month developing ways for community members to provide input – and then engage the communities they serve to participate in charter review. This approach was designed to ensure that engagement is culturally relevant, reduce barriers to participation and compensate community organizations for their expertise. Participating cohort members include Taking Ownership PDX, Hygiene4All, Equitable Giving Circle, Rosewood Initiative, East Portland Action Plan, Rohingya Youth Association of Portland (RYAP), and Sunrise Movement PDX.

Cohort member organizations have engaged their communities through various methods that meet the different needs of the communities they serve. All the organizations have tapped into their existing communication channels to share information and have varied engagement strategies. Some of the engagement activities have included newsletter outreach, charter 101 video creation, phone canvassing, social media posts, student class presentation, charter review presentations, in-language stakeholder interviews (Rohingya and Burmese), targeted conversation in Nepali, a community survey in Spanish, and more.

PUBLIC COMMENT

As of May 30th, 2022 at 5:00pm, the Charter Commission received 1,600 public comments through an online comment form, email, or 15 hours of verbal testimony. Of the 1,600 public comments received 58.4% mention form of government, 42.6% mention city council elections, 14.9% alternative voting methods, 8.6% mention homelessness, 7.6% mention climate justice, 3.6% mention participatory budgeting, 3.5% mention general charter reform support, 3.4% mention safety, and 3.3% mention police. Below is a summary of the public comment themes.

- **The commission form of government is not working for Portland.** There was overwhelming input that the city has outgrown the outdated commission form of government. People cited the failure of city government to make progress on significant, complex issues. A range of issues were cited, including homelessness, gun violence and public safety, economic inequality, environmental crises, housing affordability, traffic fatalities, zoning, infrastructure, and trash.
- **City Commissioners should not directly manage bureaus.** Reasons people cited included a lack of shared vision to guide policymaking and budgeting, lack of bureau coordination and resulting silos, and the unnecessary cost overruns, delays, and power struggles that occur when bureaus have misaligned goals or priorities. People also believe it results in bad management, including commissioners who aren't qualified to directly manage bureaus, commissioners' micromanaging and politicizing the bureaus, and a lack of consistent management due to commissioner-in-charge changing.
- **There's a lack of accountability and no one is in charge.** People feel that it is hard to hold anyone accountable in the commission form of government and there's a lot of "that's not our bureau's responsibility" and finger-pointing. People feel like no one is in charge, no one is responsible for a strategic vision, and that the buck should stop somewhere. Many people noted the mayor doesn't have authority to do anything. While people indicated a desire for the mayor to have "actual authority," commenters varied on the extent and expression of that authority.
- **A professional city manager is needed.** Regardless of the new form of government, most people prefer a professional to oversee bureau administration to enhance bureau performance and ensure equitable and

professional administration of bureaus and delivery of services. Commenters varied on whether the mayor alone or the mayor and council should oversee the position and who should be responsible for hiring and firing bureau directors. Some concerns about a city manager were raised, including the difficulty of holding the unelected position accountable, lack of transparency, and challenges of getting rid of a bad city manager.

- **City Councilors should be elected by geographic districts.** Public comment overwhelmingly supports electing city councilors by district to increase representation, help Portlanders know whom to reach out to, increase connection between elected leaders and their constituents, ensure unique needs of sections of our city are reflected, reduce barriers for people to run and win elected office, and ensure East Portland is no longer left out. Some commenters recommended a hybrid model with some councilors elected by district and some elected citywide to ensure issues are considered less parochially.
- **Increase the size of city council.** Many commenters recommended increasing the size of city council to increase representation, diversify councilors, increase councilors' focus on constituent services and legislating, and bring Portland more in line with cities of similar population. Recommended size varied anywhere from 6-35 councilors plus the mayor.
- **Interest in an alternative voting method.** Commenters expressed interest in an alternative voting method to give voters more choice and flexibility at the ballot box, increase voter engagement, address the number of candidates who have been elected with less than 50% of the vote, promote more positive campaigning, and have a voting system that accommodates the larger pool of candidates created by Portland's public campaign finance system. Most commenters who addressed voting methods preferred ranked choice voting. Some concerns included voter confusion, potential for an election result the majority doesn't want, and challenges for voters to learn about all the candidates. Commenters also noted the need for startup and voter education funding. Other issues were raised in public comment, including the need for voter education on the charter reforms, environmental justice and climate action, police accountability, government transparency, participatory budgeting, and a civic participation commission.

Who submitted public comment?

The only demographic data the Charter Commission has for public commenters is zip code data, and we only have that 40% of commentators. Based on available data, East Portland underrepresented in public comments.

North/Northeast Portland	41%	28%
Southeast Portland	22%	25%
East Portland	5%	24%

COMMUNITY LISTENING SESSIONS

The Charter Commission and the Coalition of Color Collaborative hosted 26 community listening sessions that engaged 580 community members. Community listening sessions provided an opportunity for Portlanders to learn about charter review and engage in small group discussions about their lived experiences and perspectives. Community members had the opportunity to explore their perspectives on the Charter Commission's form of government and elections proposals.

The Coalition of Communities of Color decided to design two-part sessions to educate community members about the charter review process in an accessible way. The Charter Commission's listening sessions mirrored CCC's structure and discussion topics. The first part of CCC's sessions, titled the Charter Review 101 Workshop, took place in November 2021. Participants from the first workshop were prioritized for part two of the series, which took place in January 2022. The objective of part one was to inform community members about what the Charter Commission is and to present foundational education about the topics the Commission is exploring - form of government and elections. The objective of part two was to present an initial set of proposals and to gather feedback, concerns, and opinions from community members about potential changes to the form of government and elections. The discussions primarily focused on form of government alternatives, district representation models, city council size, and alternative voting methods. However, participants shared many other opinions on the Charter Commission's potential proposed recommendations. Below are the collective themes that were uplifted among the community listening sessions. It's important to note that no community is a monolith, each participant is an individual with their own set of lived experiences and opinions, and these themes only capture the perspectives of those who participated in the events. This information should not be interpreted as universal opinions or preferences from any community.

November 2021 community listening sessions

In November 2021, our partners hosted part one of the listening sessions through hosted engagement by the Coalition of Communities of Color Collaborative. Five key themes emerged from this engagement:

1. A lack of information and knowledge about the city, its services, bureaus, and processes due to barriers to access and a lack of outreach and communication from the city.
2. City government does not adequately or equitably respond to the community's needs or concerns due to the city not taking sufficient action to meet community needs and community voices not being meaningfully centered in decision-making process.
3. Accessibility is the main barrier to participating in City Council elections. Accessibility concerns included lack of voting education, voter registration, citizenship status, location, the process of voting and language.
4. There's a disconnect between the community and candidates. Candidates don't know the lived experiences or issues that communities face and/or feeling that none of the candidates reflect their values or interests.
5. Communities prefer some form of geographic or localized representation.

In November 2021, the Charter Commission also hosted part one of their listening sessions. Six key themes and ideas emerged from this engagement:

1. Portlanders want change
2. Portlanders want to be heard by city hall
3. Portlanders want a government that creates positive movement on issues that matter to us
4. Portlanders want all of us to be enthusiastic about voting
5. Shift to a form of government in which City Commissioners do not directly manage bureaus
6. Shift to district-based elections

Some additional solutions included increasing the size of the City Council, reforming campaign finance, adopting a voting method that captures people's preferences, increasing access to voting, adopting participatory budgeting, and there was a variation on whether primaries are beneficial.

The full reports of the November 2021 listening sessions can be found on the Charter Commission's [website](#).

January 2022 community listening sessions

In January 2022, the Coalition of Communities of Color collaborative hosted part two of the sessions. Nine key themes emerged from this engagement:

1. Participants elevated the importance of accountability, regardless of the form of government
2. Participants supported shifting away from the commission form of government
3. Overall, participants did not have a clear preference between a Mayor-Council or Council-Manager form of government
4. Participants preferred district representation for city council seats
5. Participants preferred a model of multi-member districts with multiple elected leaders per district
6. Participants raised concerns about the districting process and called for an equitable and community-centered process
7. Participants supported an increased city council size
8. Participants supported the shift to an alternative voting method rather than Portland's "pick one" method
9. Most participants preferred ranked choice voting as the alternative voting method

In January 2022, the Charter Commission also hosted part two of the listening sessions. Thirteen key themes and ideas emerged from this engagement:

1. Change is overdue
2. Portlanders are unclear who is responsible for different city functions and who to hold accountable
3. A desire for elected leaders to work collaboratively
4. Portlanders want more representation
5. Preference for district-based elections
6. Slight preference for multi-member over single-member districts
7. Shift to a form of government in which City Commissioners do not directly manage bureaus
8. Portland needs clear roles and responsibilities and lines of authority
9. Portlanders were split on Council-Manager or Mayor-Council form of government
10. Portland needs an improved voting system
11. Preference to get rid of primaries
12. Reform campaign finance
13. Need for robust civic education

In the community listening held in November 2021 and January 2022, a total of 580 participants were engaged. Of the 373 engaged through our partner-hosted sessions, we have demographic information on 70% of session participants for racial and ethnic community identified and 65% of session participants for additional communities identified. Of the 207 engaged through the Commission-hosted sessions, we have demographic information on 27% of session participants. All demographic questions were optional, and it's important to note that these percentages reflect the responses of participants who specifically responded to these questions. Additionally, not every participant who attended the listening sessions felt comfortable disclosing their demographic information.

The 2019 ACS data does not have community verified data for transit-dependent, LGBTQ+ community, retired, other and none. The LGBTQ+ percentage for Portland Population was sourced from a community partner. The Commission continues to seek additional community-verified percentages for the missing percentages for the Portland Population.

COMMUNITY SURVEYS

Survey 1: Civic Engagement Survey

In November 2021, in partnership with the Coalition of Communities of Color, the Charter Commission launched a multi-lingual civic engagement survey that asked respondents how they wanted to participate in the charter review process. The survey was available in English, Spanish, Russian, Vietnamese, and traditional and simplified Chinese. CCC's partner organizations and others helped to broadly distribute the survey. In total, 1,036 survey responses were collected. The survey was both a tool to gauge community members' current understanding of the Charter Commission and inform future engagement and communication strategies. The results from the survey were instrumental in helping the Coalition of Communities of Color and the Charter Commission design events in community-centered and accessible ways.

Most participants, 55.2%, responded that they know some to a little amount about the Charter Commission. 15.4% responded that they don't know anything about the Charter Commission. 31.2% of participants were somewhat comfortable interacting with our city government, and 10.2% were extremely uncomfortable.

Participant Information and Communication Outlet Preferences

Participants were asked to share which communication outlets they typically obtain information from related to community events and activities. Most participants shared that social media (24.7%) and newspaper (15.1%) outlets are their typical methods of obtaining information about community engagement opportunities. 11.4% shared that they use community-based organizations' email lists to obtain information and 7.5% access information through community bulletin boards. These outlets of communication are important to consider as trusted mediums for delivering information about the Charter Commission and have been utilized to share engagement information.

Participant Event Preferences

Participants were asked how they preferred to participate in community events. Most participants indicated that group conversation and more time focused on learning were important to their engagement. Among those who selected "other" many preferred a combination of learning, asking questions and group discussions. Other participants indicated that their preference was based on the topic and objective. Participants also suggested allowing for more time for feedback and listening to other community members. Lastly, among those who answered other many suggested having a clear topic, with action items. Most participants preferred small to medium groups ranging from 10 to 50 participants total per event.

Lastly, survey participants were also asked to share what would make it easier to be involved in the charter review process. Some themes in responses included: hosting events at varying times of the day, including evenings and weekends, offering language interpretation, providing skilled facilitators at events who are trusted members of the community, making intentions clear and building trust with the community, and providing more opportunities for the community to engage in open dialogue with Charter Commissioners. This data has helped the Commission inform charter review community education and engagement efforts to be responsive to various community needs and reduce participation barriers.

Community Survey 2: Phase One Community Priorities Survey

In January 2022, in partnership with the Coalition of Communities of Color, the Charter Commission launched a second multi-lingual survey that asked respondents how they would like to be served by the city government and how they would like to be represented by city leaders. This survey was designed to capture opinions from Portlanders about some of the Charter Commission's potential proposed recommendations. CCC's partner organizations and others helped to promote the survey. The survey was available in English, Spanish, Russian, Vietnamese, Traditional, and Simplified Chinese. In total, there were 2,977 survey responses.

Although the CCC and the Charter Commission worked to design the survey in the most accessible manner, it's important to emphasize that the survey has limitations. First, the familiarity with the concepts presented varied per respondent, and due to the technical nature of these topics, survey respondents may not have understood all the questions or options. Equally important, the only context respondents were given on the survey was an introductory section that defined the terms "city elected leader," "City Council," "Mayor," "City Council elections," and "City Administrator" and a link to the Charter Commission's website for more information. Additionally, the survey's quantitative methodology limits respondents' ability to detail their opinions, experiences, and perspectives in their own words. Therefore, the results of this survey are narrowed and do not adequately capture the full breadth of respondents' desires for their city government and leadership. Lastly, the demographic sample of the survey is limited in diversity and is particularly not representative of racial minorities, low-income, immigrant, and refugee communities. These limitations are crucial to consider while reviewing the results.

Survey 2: Form of Government Survey Questions

Table 6. Survey question: Should the Mayor have more power than a City Council member?

PERCENTAGE	RESPONSES
57.6%	Yes, the Mayor should have more power than a City Council member to ensure there is one leader with the responsibility to lead the city and be accountable to voters
24.6%	No, the Mayor should have equal power to a City Council member to ensure there isn't too much power in one single leader who could be bound to special interests
10.8%	I don't know and need more information

The objective of this survey question was to gauge whether respondents would prefer a government structure with a mayor who serves the chief executive role of the city, or whether they would prefer another type of government structure in which a mayor and the city council more closely have equal powers. Most respondents preferred a government structure in which a mayor serves the executive role of the city government. Within the Coalition of Communities of Color listening sessions, most participants did not have a preference between a mayor-council and a council-manager government. However, of the six organizations that did express a preference, four organizations preferred a council-manager structure with more equal powers among a mayor and the city council. This information is also helpful to understand many respondents needed more educational context about the form of government structures.

Table 7: Survey question: If a Mayor has additional power to a City Council member, what should they be able to do?

PERCENTAGE	ANSWER OPTIONS
34.4%	Supervise city departments
25.3%	Hire and fire the heads of city departments
19.5%	Decide the policy agenda for City Council meetings
17.6%	Override (veto) decisions of the City Council

The objective of this survey question was to assess what responsibilities and powers respondents would like a mayor to be tasked with. Respondents were able to mark all the options they agreed with. These responses align with the results of the previous question, in which respondents leaned towards an executive mayor-council government structure.

Table 8. Survey question: Who should be responsible for hiring and firing the heads of City bureaus that help deliver our city services?

PERCENTAGE	ANSWER OPTIONS
33.6%	A non-elected City Administrator that is supervised by both the Mayor and the City Council
30.6%	The Mayor and City Council together
16.4%	A non-elected City Administrator that is supervised by the Mayor alone

The objective of this question was to explore respondents' preferences on the administrative and daily operations of the city. These survey results suggest that survey respondents like the idea of a non-elected City Administrator like a Chief Administrative Officer or a City Manager and want both a mayor and city council to supervise the position.

Survey 2: City Council Elections Survey Questions

Table 9. Survey question: A voting system can impact the representation of different groups in the city. Which option best reflects your beliefs about representation on our City Council?

PERCENTAGE	ANSWER OPTIONS
48.1%	Minority groups should be able to elect a proportionate share of seats on the City Council
22.4%	A single majority group should be able to elect every seat on the City Council

The objective of this survey question was to explore whether participants preferred a winner-take-all majoritarian system or a proportional system regardless of the districts. These survey results lean towards more respondents preferring a proportional system in which voters win a proportionate share of seats on city council in proportion to their share of the voters.

Table 10. Survey question: How would you like to vote for the candidates in our City Council elections?

PERCENTAGE	ANSWER OPTIONS
57.6%	Rank the candidates in order of my preference
20.8%	Give the candidates a rating based on how much I like them
17.6%	Pick only one candidate I think is best

The objective of this survey question was to assess whether respondents like the "pick one" voting method or if they like an alternative voting method that allows them to express their preferences, like Ranked Choice Voting. These survey results indicate that most respondents like an alternative voting method and prefer ranking candidates in order of preference. This aligns with the Coalition of Communities of Color listening sessions in which most participants also preferred ranking candidates in order of preference to other voting methods.

Table 11. Survey question: How often should city leaders be elected?

PERCENTAGE	ANSWER OPTIONS
58.7%	Half of the city leaders to be elected in one year, and the other half be elected two years later
16.4%	All city leaders be elected at the same time every four years when I vote for president
10.2%	All City Council members be elected at the same time every four years, and the Mayor be elected two years later

The objective of this survey question was to explore whether respondents would prefer elections to be staggered or unstaggered for a mayor and city council's seats. The survey results suggest that most respondents like the current system in which the Mayor and City Commissioner seats are staggered, for example, 2 Commissioners and the Auditor are elected in 2022, then 2 Commissioners and the Mayor are elected in 2024.

Table 12. Survey question: Would you like to elect multiple City Council members to represent your area of the city?

PERCENTAGE	ANSWER OPTIONS
38.4%	To elect only one City Council member to represent my area of the city
38.1%	To elect multiple City Council members to represent my area of the city
12.9%	I don't know and need more information

The objective of this survey question was to gauge whether respondents would like one elected leader or more than one to represent their district, should a district model be implemented. At the Coalition of Communities of Color listening sessions most participants preferred a multi-member district model.

Note 7. Portland Population data is sources from the 2019 American Community Survey (ACS) data estimates and is subject to both sampling and nonsampling error. We did not have the 2019 ACS data does for low-income, transit-dependent, LGBTQ+, refugee, language and other. The LGBTQ+ percentage for Portland Population was sourced from a community partner. The Commission continues to seek additional community verified percentages for the missing percentages for the Portland Population. Please note that the Civic Engagement survey did not include some of the

identities captured in the phase one survey. After feedback from survey respondents, the additional identities were added. Percentages of Phase One survey was determined out of how many total respondents answered the overall question so the totals do not add up to 100%.

City of Portland Employees

Survey respondents were asked to share if they were an employee of the City of Portland, and 11.6% responded that they were city employees. The CCC compared the differences in the city employees' sample to the responses of the full survey sample. However, the responses did not change more than a few percentage points, which may have been due to the sample size difference.

COMMUNITY ORGANIZATION POLICY DISCUSSIONS

The Charter Commission knows that Portland's community-based organizations are on the frontlines serving our communities, interacting with city government throughout their work, and have a wealth of knowledge and expertise on the policies the Commission is considering. The Commission has met with community-based organizations and groups to have policy discussions. Policy consultations are distinct from the engagements noted above in that the Charter Commissioner sought to understand organization-specific priorities, positions, and expertise on the policies under consideration (compared to organizations engaging their constituents in charter review).

As of this progress report, the Commission has held policy discussions with 34 community-based groups and engaged about 250 people. The Commission will continue to reach out to organizations throughout the rest of the charter review process.

From these policy conversations, emerging themes include:

1. Preference for council-manager form of government with clear internal and external protocols for accountability and clear roles and responsibilities.
2. Preference for an equal and equitable distribution of power among elected officials
3. Portlanders need more representation
4. City Commissioners should not directly manage bureaus
5. Preference for multi-member districts
6. Portlanders have questions about how districts would impact displacement, as well as organizations' work, engagement, advocacy, funding and direct access to city councilors
7. Preference for a voting method that allows for historically underrepresented communities to be represented
8. Slight preference for ranked choice voting, over STAR, due to its simplicity
9. Need for robust community education

Who participated in policy discussions?

The Commission met with the Urban League of Portland and Imagine Black, Somali American Council of Oregon, Regional Arts & Culture Council, Native American Youth & Family Center, Sunrise Movement PDX, Muslim Educational Trust, Self Enhancement Inc., Human Solutions, Verde, Bradley Angle House, Coalition of Communities of Color, Next Up, Hacienda CDC, Pacific Islander & Asian Family Center, Home Forward, African Youth and Community Organization, AFSCME, Unite Oregon, SEIU Local 49, Rosewood Initiative, East Portland Action Plan, Business for a Better Portland, Asian Pacific American Network of Oregon, Latino Network, Living Cully, The Slavic & Eastern European Center, Portland Homeless Family Solution, Taking Ownership PDX, Oregon Native American Chamber, Associated Students of Portland State University, 350PDX, Equi-Insitute, Street Trust, and Hygiene4All.

BRIEFINGS AND PRESENTATIONS

The Charter Commission is committed to connecting with as many Portlanders as possible. Charter Commissioners and staff have given 119 charter briefings and presentations to various community groups and associations and connected with hundreds of community members. At charter briefings, community members had the opportunity to learn more about the charter review process, way to get engaged, get their questions answered and connect with Commissioners and staff. The types of groups included in these briefings included community-based organizations, neighborhood associations, professional organizations, faith-based groups, and assisted living homes. The Commission and staff will continue to present to community groups and organizations throughout the rest of the charter review process.

The Charter Commission also understands that the city's jurisdictional partners are important stakeholders in the charter review process. To ensure our local, state and federal partners were informed of the Charter Commission's work and policies being considered, the Commission hosted a series of drop-in briefings in April-May 2022. At these briefings, elected leaders and staff had the opportunity to learn more about the charter review process, get their questions answered, share input on the policies being considered, and connect with Charter Commissioners. Through the five briefings, 116 elected leaders and staff attended.

BUREAU DIRECTOR DISCUSSIONS

In May 2021, the Charter Commission held a series of meetings with bureau directors to understand their lived experiences with city government and to hear their priorities for charter reform. All but one bureau director met with the Charter Commission.

Bureau directors identified some benefits of the current system:

- Equal power incentivizes council offices to work together to find budget solutions
- Opportunity for collective focus on city-wide issue or single geographic area
- Unique access to city government – Portlanders can reach the city commissioner who is directly responsible for an issue that is bureau-specific
- With a supportive commissioner, a bureau can have access to more resources

Bureau directors identified challenges with our current form of government:

- Lack of clarity in decision-making and governance between government entities, including the city and county, and the city and metro
- Council offices are incentivized to advocate for "their bureaus" rather than city-wide issues
- Bureaus only have one champion at a time making it hard to make systemic change
- Hinders long-term strategic initiatives, in part because bureau assignment changes are disruptive and time consuming
- Commissioners-in-charge of bureaus vary significantly in their bureau management approach – creating inconsistent practices, policies, values, and even how employees are treated – and commissioners may not understand the bureau's line of business
- Lack of continuity in bureau directors and lack of consistency for director evaluations, goal setting, accountability, and requirements for working with the community they serve
- Bureaus don't get consistent messages about the direction they are supposed to be moving in
- Culture of fragmentation built over the last 100 years from the very top to the very bottom of the city
- When bureaus do work on a problem together, they invent the process to collaborate every time which wastes a lot of energy
- Bureaus duplicate efforts including budgeting and human resources
- Bureaus are pitted against each other

Considerations for charter reform:

- Promote council's ability to function as policymakers and leaders
- Focus on how all Portland communities can be represented on council
- Centralize support for outreach and communications
- An executive – either a mayor or city manager – can focus on accountability for the outcomes of the bureaus' work, ensure bureau coordination, manage and make detailed budget decisions, help coordinate the legislative agenda, and reflect the expectations of the public
- While bureau creation and merger should stay with the legislative body, consider bureau consolidation into common areas so work is coordinated

Other issues raised by bureau directors included codifying city values in the charter and the need to connect them to everyday work, a charter preamble, increased council size, the management of Open & Accountable Elections, and contract limitations in the charter.

A recording of all these meetings is available on our [website](#).

CITY ELECTED LEADER DISCUSSIONS

In April and May 2021, the Charter Commission held a series of meetings with all elected leaders of the City of Portland - the Mayor, four City Commissioners, and the Auditor - to understand their lived experiences with city government and to hear their priorities for charter reform. Elected leaders noted benefits of the commission form of government, including the ability to act quickly because of direct administrative control and the ability to ask questions related to bureaus they oversee.

Elected leaders identified challenges with our current form of government:

- Hard to act with urgency and transparency around council's agreed upon priorities
- Lack of city-wide approaches, bureau coordination, and difficulty of moving into alignment across bureaus, e.g., in homelessness, communication and community engagement, community safety, equity in contracting, maintenance deferral, and permitting
- Gridlock when bureaus disagree about the approach to a single problem or goal
- Councilors and their staff spend significant time on the daily management needs of bureaus
- Structural conflict in budgeting to be both an administrator of a bureau and a legislator
- A disconnect between authority and responsibility – Portlanders believe the Mayor is responsible, but the position lacks authority greater than other city commissioners
- Challenges collaborating with other jurisdictions that have different forms of government
- City declares emergencies to break down silos within government and work around the current form of government

Considerations for charter reform:

- Most elected leaders support shifting away from the commission form of government but also note that a new form of government is not a panacea to all our community problems
- Break down silos and don't create new ones
- A new form of government will produce more city-wide goals that bureaus and systems are held accountable to and greater transparency about the city's progress on those goals
- Ask what form of government will work best for Portland under a stress test environment

- Most elected leaders support district-based elections for city councilors to reduce barriers for candidates, enable candidates to run on bringing neighborhood issues to council, increase local accountability and relationships, and diversify council voices

Other issues raised by elected leaders included campaign finance reform, increased council size, community safety and police accountability, the role of the police commissioner, participatory budgeting, and the role of the Auditor's Office.

A recording of all these meetings is available on our [website](#).

MAY 2022 PUBLIC COMMENT PERIOD

On May 3rd, the Charter Commission released its 5th progress report along with the draft text of the proposed charter amendments and a brief impartial narrative summarizing the proposed amendments for public review and comment. The official public comment period for the draft amendment text closed on Monday, May 30th at 5:00 pm.

Employee town halls

The Charter Commission and city staff hosted two City of Portland employee town halls. More than 1,100 city employees attended the town halls. Themes included:

- City employees want education about the proposal and were eager to know the Commission's reasoning behind the recommendations
- Many questions were about the districting process, criteria used to draw the district map, and the use of multi-winner districts
- There were many questions about the roles and responsibilities of city elected leaders and how folks would transition into the new roles
- There were questions about the role of a mayor and suggestions for a mayor to have a tie-breaking vote and/or a veto. There were concerns about an even number of councilors and some specific questions about how a mayor introduces policy.
- Staff were eager to know what cities we can learn from
- Future operations and how we transition to the new form of government if voters approve the recommendations was another theme in the comments and questions
- Staff voiced appreciation for the reforms and for making real recommendations that can help staff deliver services better for Portlanders

Work session with city elected leaders

The Charter Commission invited city elected officials to meet with the Charter Commission during its public comment period. The Mayor and all four City Commissioners participated. Themes included:

- Most questions were about roles and responsibilities including the role of a mayor, clarity between a mayor's role and the city administrator's role, the role of a police commissioner, and the president and vice-president of city council.
- There were some additional questions about why four multi-winner districts, and why ranked choice voting.
- Some specific recommendations included giving a mayor authority to break ties and/or veto, ensuring the right relationship between authority and responsibility, ensuring community can still access an expanded council, examining the role of a mayor in police oversight, investing in voter education, and planning for the transition including district-based offices for councilors.

Meeting with bureau directors

The Charter Commission and city staff presented at an all-bureau directors meeting. Themes included:

- Mayor's veto authority

- Bureau reorganization
- Timeline of proposed changes
- Implementations planning
- Appointment of Fire and Police Disability and Retirement Director

Public hearings and written public comment

Public comments were accepted through a variety of methods including via an online public comment form, by email, in writing, by calling 311, and as verbal testimony at one of four public hearings.

To ensure that community members felt comfortable giving public comment and testifying, the Coalition of Communities of Color and its partner collaborative hosted six public comment testimony workshops and a total of 35 individuals attended.

From May 3rd to May 30th, we received 330 public comments. Of the 330 public comments received during the official public comment period, 59.1% mention form of government, 53.9% mention city council elections. 37.3% mention alternative voting methods, 9.1% mention general support, and 6.1% mention environmental justice.

- **Roles and responsibilities of elected leaders.** Many commenters asked general questions about the roles and responsibilities of city elected leaders under the proposal. Commenters asked questions about the roles and responsibilities of the city council, a mayor, the auditor, and the City Attorney in relation to each other. A few commenters suggested the city's core values should be added as a responsibility to our elected leaders.
- **Mayor's authority.** Many commenters expressed concerns about a mayor's lack of tie-breaking or veto authority and ability to introduce policy. Commenters shared they appreciate the separation of powers, but fear gridlock and the lack of mayoral vote might result in an unresponsive government.
- **General support for the proposed package of reforms.** A preponderance of commenters voiced their unequivocal support for the package of reforms as the change that Portland needs. Many commenters shared their frustrations with our existing commission form of government and shared personal experiences interacting with city services. Many shared their appreciation for a professional city administrator to oversee bureaus, the separation of powers and checks-and-balance, multi-member districts, increased representation, and getting more out of their vote. A few commenters shared their support for one or two elements and not a third. None of the folks who opposed some of the reforms opposed shifting away from the commission form of government.
- **Questions about multi-winner districts.** Some commenters shared questions and concerns about multi-winner districts. Many commenters asked why four districts with three representatives? How much would Commissioners be paid? How would they work together and be accountable? How are decisions made? How are district lines drawn, and if neighborhood lines would be used? Many commenters asked for different configurations of multi-winner districts; some commenters asked for more districts with fewer representatives and some for more districts with the same representation. Some folks raised concerns related to accountability and efficiency.
- **Questions about ranked-choice voting.** Some commenters shared questions and concerns with ranked choice voting. Questions included how ranked choice voting works, the benefits of ranked choice voting, implementation across counties, how votes are counted, and how surplus votes are transferred. A couple of folks shared that even though ranked choice voting is better than our current voting method, they preferred STAR voting. A couple commenters raised the importance of investing in voter education.
- **Consider separate ballot measures for proposed changes.** Some commenters suggested the Commission consider packaging the proposed changes as separate ballot measures. Many commenters expressed support for the package of reforms; however, they expressed fears that Portlanders who don't support one element of the

package will vote “no” on the entire package. A couple of commenters suggested packing the form of government and multi-winner districts together and leaving ranked choice voting alone as a stand-alone measure.

- **Phase II potential topics.** Many commentors shared thoughts and ideas for potential phase II topics, including climate and environmental justice, expanding voter rights, equity, Portland Fire & Police Retirement, advancing the City’s core values, contracting, and Fair and Moral Claims clause.

PUBLIC OPINION RESEARCH

In addition to the broad community engagement the Charter Commission and community partners have executed, the Commission recognizes the importance of highlighting public opinion research that has been recently conducted to hear from Portland voters about charter reform. The Charter Commission was briefed on two public opinion research polls, which you can view online on the Commission’s website at FM3 Presentation and GBAO Presentation.

Building Power for Communities of Color, the sister organization to the Coalition of Communities of Color, commissioned the poll conducted by FM3 Research in partnership with the North Star Civic Foundation. The survey was conducted between February 27th and March 15th, 2022, among 620 likely November 2022 voters in Portland and focused on the Charter Commission’s policy proposals. Key topline findings from the FM3 survey included that majorities of voters support changing the form of government with four in five Portland voters (80%) believing the current commission structure does not serve the city well, and even broader majorities wanting geographic districts with multiple council members and ranked choice voting. For more details about the survey, you can access the link above.

Represent Us commissioned the poll conducted by GBAO Research, in partnership with Building Power for Communities of Color. The survey was conducted between March 8th and March 12th, 2022, among 610 likely November 2022 voters in Portland and reflected a deeper dive into the Charter Commission’s elections reforms. Key topline findings from the GBAO survey included that city governance and electoral reform ballot proposals are broadly popular in Portland, and all garner significant majority support. Additionally, there is strong evidence that ballot measures regarding electoral reform have no negative effect on the chances of passing governance reform. WHAT'S NEXT?

PHASE I NEXT STEPS

The Charter Commission has taken its final vote on phase I. On June 29, 2022, the Auditor will present the Charter Commission's recommendations to Portland City Council. As a reminder, City Council has no authority to modify or change the Charter Commission's recommendations. The City Attorney's Office is responsible for drafting the ballot measure title and explanatory statement. The City Elections Officer will then publish a ballot title challenge notice. Upon completion or resolution of the ballot title challenge process, the City Elections Officer files a Notice of Measure with County Elections Officer. Portlanders will vote on the proposal in November 2022.

CHARTER OF THE CITY OF PORTLAND, OREGON

CHAPTER 3 - NOMINATIONS AND ELECTIONS

ARTICLE 1. GENERAL PROCEDURE.

Section 3-101. Time of Taking Office and Terms.

~~Beginning with elections held in 2006, if any candidate for the office of Mayor, Commissioner, or Auditor receives a majority of the votes cast in a primary election for that office, that candidate shall be elected. If no candidate for such an office receives a majority of the votes cast in the primary election, the names of the two candidates receiving the highest number of votes cast shall be declared nominees and their names shall appear on the general election ballot in that same year. The nominee receiving the highest number of votes in the general election shall be elected.~~

Except as otherwise provided in this charter, those elected shall take office on the following January 1 following the general election in which they are elected and shall hold office for four years. If, at the end of ~~four years~~ a term, no successor is yet elected and qualified, the incumbent shall continue to hold office until a successor is elected and qualified.

Except as otherwise provided in this charter, at the November 2024 election, the Mayor and all Councilors from District No. 1 and District No. 2 are elected for a term of four years. At the same election, the Auditor and all Councilors from District No. 3 and District No. 4 are elected for an initial term of two years. At subsequent elections, those elected hold office for four years.

~~Except as otherwise provided in this charter, the Mayor and Commissioners for positions 1 and 4 shall be elected every fourth year beginning in 2004, and the Auditor and Commissioners for positions 2 and 3 shall be elected every fourth year beginning in 2006. [May 3, 1913, new sec. 41; rev. 1914, sec. 123; 1928 pub., sec. 123; am. Nov. 8, 1932; 1942 recod., sec. 3-101; am. Nov. 6, 1962; May 18, 2004, sec. replaced.]~~

Section 3-102. ~~Primary Elections.~~ Ranked Choice Voting.

City Councilors, the Mayor and the Auditor are elected in the general election, except as otherwise provided in this Charter, using ranked choice voting. Ranked choice voting means an election method in which voters rank candidates for an office or offices in order of the voter's preference and ballots are counted in rounds. The use of ranked choice voting must commence with the November 2024 election.

The Mayor and the Auditor are elected at-large using a method of ranked choice voting known as instant runoff voting. Instant runoff voting elects the candidate who has a majority of the vote after the initial round of counting based on the number of first rankings each candidate

receives. If no candidate receives a majority of the vote in the initial round, subsequent rounds are counted in which (i) candidates retain the number of votes counted for them in the first and any subsequent rounds that already occurred; and (ii) the candidates having the fewest votes are successively eliminated in rounds and their votes are counted as votes for the candidates who are ranked next on the ballots that had been counted for the eliminated candidates. The process of eliminating candidates and transferring their votes to the next-ranked candidate on ballots repeats until a candidate has a majority of the vote.

Councilors of each district are elected using a proportional method of ranked choice voting known as single transferable vote. This method provides for the candidates to be elected on the basis of a threshold. The threshold is determined by the number of seats to be filled plus one, so that the threshold is the lowest number of votes a candidate must receive to win a seat such that no more candidates can win election than there are seats to be filled. In the initial round, the number of first rankings received by each candidate is the candidate's vote count. Candidates whose vote counts are at least the threshold are declared elected. Votes that counted for elected candidates in excess of the threshold are called surplus. If fewer candidates are elected in the initial round than there are seats to be filled, the surplus percentage of all votes for the candidates who received a surplus are transferred to the next-highest ranked candidates in proportion to the total numbers of next-highest rankings they received on the ballots that counted for the elected candidate. If, after all surpluses have been counted in a round, no additional candidates have a vote count that is at least the threshold, the candidates with the lowest vote counts are successively eliminated in rounds and their votes are counted as votes for the candidates who are ranked next highest on the ballots that had been counted for the eliminated candidates, until another candidate has a vote count that is at least the threshold or until the number of candidates remaining equals the number of seats that have not yet been filled. The process of transferring surpluses of elected candidates and eliminating candidates continues until all positions are elected.

The Council must adopt an election code for the administration of ranked choice voting. The City must conduct periodic voter education campaigns to familiarize voters with the ranked choice voting methods described above.

~~A nonpartisan primary election shall be held in each even numbered year, or as hereafter provided by the Constitution or general laws of Oregon regulating State partisan primaries, and on the day and month fixed for such State partisan primaries. At all elections each such office of Commissioner to be filled shall be separately designated on the ballot by official position number as herein provided, in addition to other matter required by law to appear thereon. In case no nomination is made at the primary election, nominations may be made at the general election as set forth in this Charter for vacancies occurring at a subsequent date.~~ [May 3, 1913, new sec. 45; rev. 1914, sec. 127; 1928 pub., sec. 127; am. Section 3-106. Elections Procedures.

The Council shall adopt by ordinance procedures for conducting City elections. [Ch. 1903, sec. 23; rev. 1914, sec. 128; 1928 pub., sec. 128; am. Nov. 8, 1932; 1942 recod., sec. 3-106; am. Nov. 6, 1962; am. May 18, 1994.]

Section 3-107. Council Districts.

There are four (4) City Council districts. Each district is represented by three (3) City Councilors for a total of twelve (12) City Councilors.

Section 3-108. Independent District Commission.

The authority to adopt plans that specify the boundaries of districts for the City Council is vested in the Independent District Commission. The Commission consists of thirteen (13) residents of the City who represent a diversity of race, gender, age and geography. Elected or appointed City officials and employees, and candidates for elected City office who have filed and been qualified to the ballot by the City Elections Office, are prohibited from serving on the Commission.

The Mayor appoints members of the Commission, subject to confirmation by the City Council. The first Commission must be confirmed as soon as practicable but no later than January 31, 2023. Thereafter, the Commission must be confirmed by March 31 in every year ending in "1." The Commission's term ends upon adoption of a districting plan.

The Commission may require bureaus and departments of the City to provide technical assistance. The Commission has a budget as provided by the City Council.

Section 3-109. Powers and Duties of the Independent District Commission.

The Commission prepares and adopts a districting plan for dividing the City into four (4) districts for the election of City Councilors. The plan includes a map and a description of districts.

The vote of at least nine (9) members of the Commission is required to adopt the districting plan. A majority vote of the Commission is required for all other actions.

The Commission holds at least one (1) public hearing before it develops the districting plan to seek public comment on whether any plan criteria, in addition to the criteria set forth in Section 3-110, will be considered.

The Commission holds at least two (2) public hearings in each proposed district not less than one (1) month before it votes to adopt the plan. The Commission makes its plan available to the public for inspection and comment not less than one (1) month before the public hearings in each proposed district. The first Commission adopts its plan by September 1, 2023. Thereafter, the Commission adopts its plan by September 1 in every year ending in "1." If the Commission adopts a plan, no further action by Council is required and the plan is final. If the Commission has not adopted a plan after taking two votes, the most recent version of the plan voted on by the Commission passes to the City Council for its consideration and adoption. The plan is effective when the Commission or the City Council files it with the City Elections Officer.

No change in the boundary of a district caused by annexation to the City or withdrawal of an area from the City may terminate the office of any Councilor. Upon an annexation or withdrawal, the Mayor may, but need not, initiate the creation of an Independent District Commission to redraw district boundaries. Upon an annexation with no adjustment to a district boundary, the annexed area becomes part of that existing district with which it is most contiguous.

Section 3-110. District Plan Criteria.

The Commission, or the City Council if the Commission is unable to adopt a plan, ensures that each district, as nearly as practicable, will be contiguous and compact, utilize existing geographic or political boundaries, not divide communities of common interest, be connected by transportation links, and be of equal population. No district may be drawn for the purpose of favoring any political party, incumbent elected official or other person. No district may be drawn for the purpose of diluting the voting strength of any language or ethnic minority group. Additional criteria may be considered, consistent with state and federal law.

ARTICLE 2. INITIATIVE, REFERENDUM AND RECALL.**Section 3-201. Exercise of Rights.**

The initiative, referendum and recall ~~shall be~~ exercised within the City of Portland in the manner provided by the Constitution and general laws of the State, and ordinances of the City of Portland, enacted in pursuance thereof. Notwithstanding the above, a recall petition for a Councilor may only include signatures of registered voters from the district the Councilor represents and the recall petition may be voted on only by voters from within that district.

- (d) **Amount and Form of Benefit on Unvested Termination.** The benefit on unvested termination shall be a lump sum, payable at termination, equal to the sum of the following:

An Active Member may receive Interim Disability Benefits beginning with the payroll period when the Fund Administrator receives the required application for Service-Connected and Occupational Disability benefits, including a written statement from the Member's attending physician that the Member is unable to perform the Member's required duties because of an injury or illness arising out of and in the course of the Member's employment in the Bureau of Police or Fire. Interim Disability Benefits may be payable until the claim is approved, denied or withdrawn. If the Fund Administrator determines the Member is eligible for service-connected or occupational disability and approves the Member's application for benefits, disability benefits under Subsections (b), (c) or (d) of this Section will be payable during the period the Member continues to be eligible. If the application for benefits is denied or withdrawn by the Member, Interim Disability Benefits will cease immediately, and the Member shall repay the Fund the total amount of Interim Disability Benefits paid. The Board of Trustees shall provide by Administrative Rule the method of payment and repayment of Interim Disability Benefits.
- (b) Eligibility for Service-Connected Disability Benefit. An Active Member shall be eligible for the service-connected disability benefit when unable to perform the Member's required duties because of an injury or illness arising out of and in the course of the Member's employment in the Bureau of Police or Fire. The Fund Administrator shall determine the existence of a disability and whether it arises out of and in the course of such employment. A Member shall not be eligible for the service-connected disability benefit based on an injury suffered in assaults or combats which are not connected to the job assignment and which amount to a deviation from customary duties or incurred while engaging in, or as the result of engaging in, any recreational or social activities solely for the Member's personal pleasure.
- (c) A Member shall not be eligible for the service-connected disability benefit on the basis of a condition of stress or mental disorder unless:
1. The employment conditions producing the stress or mental disorder exist in a real and objective sense;

2. The employment conditions producing the stress or mental disorder are conditions other than conditions generally inherent in police or fire employment or reasonable disciplinary, corrective, or job performance evaluation actions by the employer, or cessation of employment;
 3. There is a diagnosis of a mental or emotional disorder which is generally recognized in the medical or psychological community;
 4. There is clear and convincing evidence that the stress or mental disorder arose out of and in the course of employment as an Active Member; and

- (d) Eligibility for Occupational Disability Benefit. An Active Member shall be eligible for the occupational disability benefit when unable to perform the Member's required duties because of heart disease, hernia of abdominal cavity or diaphragm, AIDS, AIDS-related complex, tuberculosis, hepatitis B, or pneumonia (except terminal pneumonia). A Member shall not be eligible for an occupational disability benefit because of heart disease unless the Member has five or more Years of Service when the disability arises. The Fund Administrator shall deny an occupational disability benefit if the Fund Administrator determines, by a preponderance of the evidence, that the disability was not contracted as a result of service as a police officer or fire fighter. No Member shall be eligible to receive a benefit for an occupational disability incurred while receiving benefits under Section 5-307, unless such occupational disability is incurred within two years after such Member had commenced and continued to receive benefits under Section 5-307, or unless such occupational disability is a recurrence of an occupational disability which became disabling and was compensated for under this Section.
- (e) Amount of Benefits. During the period the Member continues to be eligible under Subsection (a), (b), (c) or (d) benefits shall be paid as follows:
1. During the first year from the date of disability, the Member shall be paid 75 percent of the Member's rate of Base Pay in effect at disability, reduced by 50 percent of any wages earned in other employment during the period the benefit is payable.
 2. The Member shall continue to be paid the benefit described in Paragraph 1 after one year from the date of disability until the earliest date on which the Member is both medically stationary and capable of Substantial Gainful Activity. If not medically stationary sooner, the Member shall be treated as

medically stationary for purposes of this Section on the fourth anniversary of the date of disability, regardless of the Member's condition. The Member is capable of Substantial Gainful Activity if qualified, physically and by education and experience, to pursue employment with earnings equal to or exceeding one-third of the Member's rate of Base Pay at disability.

3. After the date described in Paragraph 2, the Member shall be paid 50 percent of the Member's rate of Base Pay at disability, reduced by 25 percent of any wages earned in other employment during the same period.
 4. The minimum benefit shall be 25 percent of the Member's rate of Base Pay, regardless of the amount of wages earned in other employment.
 5. The Fund Administrator may suspend or reduce the benefit if the Member does not cooperate in treatment of the disability or in vocational rehabilitation or does not pursue other employment.
 6. Notwithstanding any other provision of the Chapter or the City Charter, a disabled Member receiving or eligible to receive Service-Connected and Occupational Disability Benefits under Section 5-306, or Non-Service Connected Disability Benefits under Section 5-307, shall not receive any such benefit for periods of time during which the member is incarcerated subsequent to and for the conviction of a crime. One-half of such benefit, however, shall be payable to the Member's spouse, if not incarcerated, or Member's minor children, during such periods of incarceration.
- (f) Form of Benefits. The service-connected and occupational disability benefits shall be paid on the same schedule as the Member's regular payroll during the first year from the date of disability and paid monthly thereafter. The Board may adopt administrative rules which allow exceptions to the Form of Benefits in accordance with this Subsection. The benefits shall be adjusted to reflect changes in the rate of Base Pay of the position held by the Member at disability.
- (g) Service-connected or occupational disability benefits to a FPDR Two Member shall cease at Disability Retirement Age under Subsection 5-304(a) unless the Fund Administrator determines that the service-connected or occupational disability is temporary. If the service-connected or occupational disability is determined by the Fund Administrator to be temporary, a FPDR Two Member shall be eligible to receive disability benefits for a period of two (2) years from the date of such disability or the Disability Retirement Age, whichever is later. At the end of such period, the disabled Member shall be entitled to receive only a retirement benefit. Service-connected or occupational disability benefits to a FPDR Three Member shall cease at Normal

Retirement Age under PERS unless the Fund Administrator determines that service-connected or occupational disability is temporary. If the service-connected or occupational disability is determined by the Fund Administrator to be temporary, a FPDR Three Member shall be eligible to receive disability benefits for a period of two (2) years from the date of such disability or the Normal Retirement Age, whichever is later.

(h) Medical and Hospital Expenses.

1. For members who are retired as of January 1, 2007, in addition to the benefits described above, a Member with a service-connected or occupational injury or illness shall be reimbursed from the Fund for reasonable medical and hospital expenses arising from the injury or illness, as determined by the Fund Administrator. Such reimbursement shall be allowed for expenses incurred while serving as an Active Member, while the FPDR Two Member's disability benefits under this Section continue and, if the FPDR Two Member continues to receive such benefits until Disability Retirement Age while retirement benefits under Section 5-304 continue to the FPDR Two Member. A FPDR Three Member shall receive a reimbursement for such reasonable medical and hospital expenses while serving as an Active Member, while the FPDR Three Member's disability benefit under this Section continue and, if the FPDR Three Member continues to receive such benefits until Normal Retirement Age under PERS while retirement benefits continue under PERS to the FPDR Three Member. The Fund Administrator may limit reimbursement to particular medical and hospital service providers with which it has made fee arrangements and may join in the purchase of services and administration of claims for other employees of the City of Portland.
2. For members who are not retired before January 1, 2007, in addition to the benefits described above, a Member with a service-connected or occupational disability accepted before retirement shall be reimbursed from the Fund for reasonable medical and hospital expenses arising from the injury or illness, as determined by the Fund Administrator. The Fund Administrator may limit reimbursement to particular medical and hospital service providers with which it has made fee arrangements and may join in the purchase of services and administration of claims for other employees of the City of Portland.
3. If the Fund Administrator determines by a preponderance of the evidence that a claim under Subsection 2 from a retired Member,

-
- a. is for medical or hospital expenses related to an injury or illness that was based upon fraud, misrepresentation, an omission, or illegal activity by the Member, or
 - b. is for medical or hospital expenses related to an injury or illness that was accepted in good faith, in a case not involving fraud, misrepresentation, an omission, or illegal activity by the Member, and within two (2) years of the initial acceptance the Administrator obtains evidence that the claim is not a service-connected or occupational injury or the Fund is not responsible for the injury or illness, or
 - c. that the medical or hospital expenses are not related to the service-connected injury or illness,

the Fund Administrator shall deny the claim for medical or hospital expenses pursuant to Subsection 2. Nothing in this Subsection shall limit the Fund's ability to recover costs, fees, and other remedies for other benefits previously received by the Member based upon fraud, misrepresentation, an omission, or illegal activity.

- (i) Waiver of Other Remedies. By applying for and accepting service-connected or occupational disability benefits, a Member waives any right to recover any other compensation or damages from the City of Portland as a result of such disability.
- (j) Offset. The monthly amount of service-connected or occupational disability benefits under this Charter shall be reduced by any monthly disability benefit payment made by PERS up to the amount provided in Subsection (e) of this Section. The Fund Administrator shall reduce any service-connected or occupational disability benefit payable under this Chapter in the amount determined to be necessary by the Fund Administrator to meet the limitation imposed by this Subsection.

Section 5-307. Nonservice-Connected Disability Benefits.

- (a) Eligibility. An Active Member shall be eligible for the nonservice-connected disability benefit if the Member has 10 or more Years of Service and is unable to perform the Member's required duties because of an injury or illness that does not qualify as service-connected or occupational under Subsection 5-306(a), (b), (c) or (d). No Member shall receive benefits under this Section as a result of the following: willful injuries; injuries sustained while, or illness contracted as a result of, willfully doing an unlawful act; or weakness, illness or disability resulting directly or indirectly from the habitual excessive use of or addiction to use of alcoholic beverages or illegal drugs.

-
- (b) Amount of Benefit. The benefit shall be 50 percent of the Member's Base Pay at disability, reduced by 50 percent of any wages the Member earns in other employment during the period the benefit is payable. The Fund Administrator may reduce or terminate the benefit if the Member does not cooperate in treatment of the disability or in vocational rehabilitation or does not pursue other employment.
 - (c) Form of Benefit. The nonservice-connected disability benefit shall be payable monthly from the date of disability. The Board may adopt administrative rules which allow exceptions to the Form of Benefit in accordance with this Subsection. The amount shall be adjusted to reflect changes in the rate of Base Pay of the position held by the Member at disability. The benefit shall cease when the Member reaches Disability Retirement Age under Subsection 5-304(a).
 - (d) Nonservice-connected disability benefits to a FPDR Two Member shall cease at Disability Retirement Age under Subsection 5-304(a) unless the Fund Administrator determines that the nonservice-connected disability is temporary. If the nonservice-connected disability is determined by the Fund Administrator to be temporary, a FPDR Two Member shall be eligible to receive disability benefits for a period of two (2) years from the date of such disability or the Disability Retirement Age, whichever is later. At the end of such period, the disabled FPDR Two Member shall be entitled to receive only a retirement benefit. Nonservice-connected disability benefits to a FPDR Three Member shall cease at Normal Retirement Age under PERS unless the Fund Administrator determines that nonservice-connected disability is temporary. If the nonservice-connected disability is determined by the Fund Administrator to be temporary, a FPDR Three Member shall be eligible to receive disability benefits for a period of two (2) years from the date of such disability or the Normal Retirement Age, whichever is later.
 - (e) Offset. The monthly amount of nonservice-connected disability benefits under this Charter shall be reduced by any monthly disability benefit payment made by PERS up to the amount provided in Subsection (b) of this section. The Fund Administrator shall reduce any nonservice-connected disability benefit payable under this Chapter in the amount determined to be necessary by the Fund Administrator to meet the limitation imposed by this Subsection.

Section 5-308. Benefits on Service-Connected or Occupational Death Before Retirement.

- (a) Eligibility. A Surviving Spouse of a Member who dies before retirement as a result of an illness or injury that qualifies as service-connected or occupational under Subsection 5-306(a), (b), (c) or (d) shall be eligible to receive a death benefit. A Dependent Minor Child of such a Member shall be eligible to receive the benefit if the Member has no Surviving Spouse. If the Member has more than one Dependent

Minor Child, the benefit shall be divided equally among them. If the Member has a Surviving Spouse and one or more Dependent Minor Children of a former marriage, one-half the benefit shall be paid to the Surviving Spouse. The other half shall be paid to the Dependent Minor Children until the last ceases to be minor and then paid to the Surviving Spouse.

- (b) Amount of Benefit. The benefit on service-connected or occupational death before retirement shall be 75 percent of the Member's rate of Base Pay at death until the earliest date on which the Member would have been eligible for retirement benefits under Section 5-304 if the Member had survived and continued in service as an Active Member. After such date, the benefit shall be 50 percent of the Member's Final Pay, as adjusted as provided in Section 5-312.
- (c) Form of Benefit. A Surviving Spouse shall be paid the benefit monthly starting with the month following the Member's death and continuing for the spouse's life. A Dependent Minor Child shall be paid the benefit until ceasing to be a minor. The benefit shall be adjusted as provided in Section 5-312.
- (d) Offset. The monthly amount of service-connected or occupational death benefits under this Charter shall be reduced by any monthly death benefit payment made by PERS up to the amount provided in Subsection (b) of this section. The Fund Administrator shall reduce any service-connected or occupational death benefit payable under this Chapter in the amount determined to be necessary by the Fund Administrator to meet the limitation imposed by this Subsection.

Section 5-309. Benefits on Nonservice-Connected Death Before Retirement.

- (a) Eligibility. A Surviving Spouse of a Member who has one or more Years of Service and dies before retirement not as a result of a cause described in Subsection 5-308(a), shall be eligible to receive a death benefit. A Dependent Minor Child of such a Member shall be eligible to receive the benefit if the Member has no Surviving Spouse or if the spouse is under age 55. If the Member has more than one Dependent Minor Child, the benefit shall be divided equally among them. If the Member has a Surviving Spouse and one or more Dependent Minor Children of a former marriage, one-half the benefit shall be paid to the Surviving Spouse. The other half shall be paid to the Dependent Minor Children until the last ceases to be minor and then paid to the Surviving Spouse.
- (b) Amount on Death Before 5 Years of Service. If the Member had less than 5 Years of Service, the benefit on nonservice-connected death before retirement shall be a lump sum equal to the amount of the Member's contributions as provided in Paragraph 5-305(d)1, less any benefits paid to the Member under this Chapter.

-
- (c) Amount on Death After 5 Years of Service. If the Member had 5 or more Years of Service, the benefit on nonservice-connected death before retirement shall be an annuity equal to 50 percent of the Member's accrued retirement benefit under Section 5-304, based on 2.6 percent of the Member's Final Pay instead of 2.2 percent.
 - (d) Form of Benefit. A benefit payable under Subsection (b) shall be paid in a lump sum. A benefit payable under Subsection (c) to a Surviving Spouse shall be paid monthly commencing with the month after the Member's death if the spouse is age 55 or over and otherwise with the month after the spouse attains age 55 and shall continue for the spouse's life. A benefit payable under Subsection (c) to a Dependent Minor Child shall be paid monthly commencing with the month after the Member's death and shall continue until the child ceases to be a minor. A benefit payable under subsection (c) shall be adjusted as provided in Section 5-312.
 - (e) Offset. The monthly amount of nonservice connected death benefits under this Charter shall be reduced by any monthly death benefit payment made by PERS up to the amount provided in Subsection (b) and (c) of this section. The Fund Administrator shall reduce any nonservice connected death benefit payable under this Chapter in the amount determined to be necessary by the Fund Administrator to meet the limitation imposed by this subsection.

Section 5-310. Benefits on Death After Retirement.

- (a) Eligibility. The Surviving Spouse of a FPDR Two Member who dies after retirement shall be eligible to receive a death benefit, except as provided in Subsection (b). The Dependent Minor Child of the FPDR Two Member shall be eligible to receive the benefit if the Member has no Surviving Spouse. If the Member has more than one Dependent Minor Child, the benefit shall be divided equally among them. If the FPDR Two Member has a Surviving Spouse and one or more Dependent Minor Children of a former marriage, one-half the benefit shall be paid to the Surviving Spouse. The other half shall be paid to the Dependent Minor Children until the last ceases to be a minor and then paid to the Surviving Spouse. Eligibility for death benefits after retirement shall be based on status as a Surviving Spouse or Dependent Minor Child at the date of the FPDR Two Member's death and without regard to a person's status at the time of the FPDR Two Member's retirement.
- (b) Certain Disabled Members. If the FPDR Two Member retired after a nonservice-connected disability and had less than 10 Years of Service, including service recognized by the Public Employee Retirement System of the State of Oregon for accrual of benefits or as a waiting period before such accrual begins, no death benefit shall be paid.

-
- (c) Amount of Benefit. The benefit on death after retirement shall be 100 percent of the Member's retirement benefit. A FPDR Two Member may make an irrevocable election at the time of retirement under rules established by the Board to be covered by a reduced death benefit and receive a retirement benefit under Section 5-304 based on a larger percentage of Final Pay as follows:
1. With a death benefit equal to 100 percent of the FPDR Two Member's retirement benefit, the FPDR Two Member's retirement benefit shall be based on 2.2 percent of Final Pay.
 2. With a death benefit equal to 75 percent of the FPDR Two Member's retirement benefit, the FPDR Two Member's retirement benefit shall be based on 2.4 percent of Final Pay.
 3. With a death benefit equal to 50 percent of the FPDR Two Member's retirement benefit, the FPDR Two Member's retirement benefit shall be based on 2.6 percent of Final Pay.
 4. With a death benefit equal to 25 percent of the FPDR Two Member's retirement benefit, the FPDR Two Member's retirement benefit shall be based on 2.8 percent of Final Pay.
- (d) No Spouse or Children. If a FPDR Two Member has no Surviving Spouse or Dependent Minor Child at death, no death benefit shall be paid except for the benefit based on return of FPDR Two Member contributions provided in Section 5-311, if any. In no event shall a FPDR Two Member receive a retirement benefit based on more than 2.8 percent of Final Pay regardless of not having a Surviving Spouse or Dependent Minor Child.
- (e) Form of Benefit. The benefit shall be paid monthly commencing with the month after death and shall continue until the later of the death of the Surviving Spouse or the date the last Dependent Minor Child ceases to be a minor. The benefit shall be adjusted as provided in Section 5-312.

Section 5-311. Return of Member Contributions.

If a FPDR Two Member's contributions under Paragraph 5-305(d)1 exceed the total of all benefits paid under this Chapter to the FPDR Two Member and to the FPDR Two Member's Surviving Spouse and Dependent Minor Children at the time the last of such benefits ceases to be paid, the excess shall be paid as an additional benefit. The additional benefit shall be paid in a lump sum to the person who was formerly a Dependent Minor Child of the FPDR Two Member receiving benefits under this Chapter or, if there is more than one such person, divided equally among

them. If there are no such persons, the additional benefit shall be paid to the estate of the FPDR Two Member's Surviving Spouse. If there was no Surviving Spouse, the additional benefit shall be paid to the FPDR Two Member's estate.

Section 5-312. Benefit Adjustments.

Benefits payable under this Chapter shall be adjusted, where so indicated in the Section of this Article in which each benefit is described, in accordance with this Section after payment commences. The Board shall determine the amount and timing of such adjustments in its discretion, except the percentage rate of change shall not exceed the percentage rate applied to retirement benefits payable to police and fire employees by the Public Employee Retirement System of the State of Oregon.

Section 5-313. Limits on Time and Form of Payment.

- (a) Payment to FPDR Two Members. Payment of benefits to a FPDR Two Member shall comply with the following restrictions:
 - 1. Payment shall begin no later than the April 1 following the calendar year in which the FPDR Two Member attains age 70 1/2 or retires, whichever is later.
 - 2. Payment shall be made over a period no longer than the lives or joint life expectancy of the FPDR Two Member and any designated beneficiary.
 - 3. The benefit form shall be limited so that the benefit payable after death is incidental to the plan's primary purpose of providing retirement benefits.
- (b) Payment to Beneficiaries. Payment of death benefits shall begin no later than one year after the FPDR Two Member's death and shall be made over a period no longer than the beneficiary's life or life expectancy.
- (c) Applicable Regulations. The restrictions of this Section shall be complied with by payments in accordance with Treasury Regulation Sections 1.401(a)(9)-1 and 1.401(a)(9)-2, or any successor provisions, as they may be amended from time to time. This Section shall override any inconsistent distribution options provided in this Chapter.

Section 5-314. Funeral Benefit.

A funeral benefit shall be paid on death of any Active Member or Member actively receiving disability or retirement benefits. The funeral benefit shall be one-half of the monthly salary at the date of death payable to the civil service classification of fire fighter if the Member was employed in the Bureau of Fire, or of police officer if the Member was employed in the Bureau

of Police. If such classifications cease to exist, the benefit shall be based on the salary of comparable successor positions. The funeral benefit shall be paid to the Member's Surviving Spouse or, if there is no Surviving Spouse, to the Member's estate.

ARTICLE 4. MISCELLANEOUS.**Section 5-401. Amendment of Chapter.**

- (a) Effective Date. Chapter 5 shall be amended and restated as set forth herein, effective January 1, 2013. These amended provisions shall apply after the effective date.

- (b) FPDR One Benefits. The benefit rights of Members, Surviving Spouses and Dependent Minor Children actively receiving pensions or benefits on January 1, 1990 shall be controlled by Sections 5-113 through 5-123 and 5-126, set out in Article 5 of this Chapter, and by the Supplementary Retirement Program described in Subsection (d), instead of by Article 3, except as follows:
 - 1. Death benefits payable to a spouse shall continue to be paid regardless of whether the spouse remarries.
 - 2. The Surviving Spouse of a Member who dies after June 30, 1990 and after retirement and who has been married to the Member continuously for the 12-month period prior to death shall receive the death benefit provided by Section 5-118 regardless of not having 5 continuous years of marriage before retirement.
 - 3. The Surviving Spouse of a Member who had a nonservice-connected disability, retired and then dies after June 30, 1990 shall receive the death benefit provided by Section 5-118 if the Member had 10 or more Years of Service.
 - 4. The Board may permit a Member receiving disability benefits on January 1, 1990 to make the election described in Subsection (c) at the same time as other Members if the Member's disability is expected to be of less than one year in duration.
 - 5. A Member receiving disability benefits on January 1, 1990 who was not permitted an election under Paragraph 4, who subsequently returns to service as an Active Member in the Bureau of Fire or Police capable of performing full duty without limitation and who earns two more Years of Service under Subsection 5-302(a) shall be given the opportunity, upon completing such two Years of Service, to make the election described in Subsection (c). Upon making such election, the Member shall receive a refund of the Member contributions paid during such two Years of Service.

-
- (c) Election. The provisions of Article 3 shall apply to persons who became Members before the date of enactment and who are not described in Subsection (b) only if such Members made an irrevocable election to have them apply. The election shall be made on forms and under procedures established by the Board. Benefits for a Member who made the election, and for the Surviving Spouse and Dependent Minor Children of such a Member, shall be determined under Article 3 and not Article 5. Benefits for a Member who did not make the election, and for the Surviving Spouse and Dependent Minor Children of such a Member, shall be determined under Article 5, as modified by Subsection (b), and by the Supplementary Retirement Program described in Subsection (d), and not under Article 3. A Member who retired between January 1, 1990 and June 30, 1990 chose at retirement the level of death benefit after retirement under Section 5-310, which applied starting July 1, 1990 unless the Member did not make the election described in this Subsection. A Member who made the election and started receiving retirement or disability benefits between January 1, 1990 and June 30, 1990 shall receive benefits determined under Article 3 effective July 1, 1990.
- (d) Supplementary Retirement Program. The benefits provided by the Supplementary Retirement Program created by Ordinance No. 136977, and amended by Ordinance No. 152182, of the City of Portland shall be paid from the Fund pursuant to this Chapter effective July 1, 1990 to:
1. FPDR One Members;
 2. Members described in Subsection (c) who did not make the election provided therein, and the Surviving Spouses and Dependent Minor Children of such Members.
- (e) Continuity of Rules and Regulations. The rules and regulations adopted prior to January 1, 2007 shall remain in effect until changed by the Board.
- (f) Notwithstanding any other provision of law or this Chapter, Chapter 5 shall be amended and restated as set forth herein, effective January 1, 2007, and said amendments shall apply to all matters existing or arising on or after January 1, 2007, regardless of the date of injury or the date the matter is presented. This amendment is intended to be fully retroactive so as to apply to all Members whenever sworn, except that the amendments shall not apply to any matter which has received Board approval on or before the date these amendments are approved by the voters and shall not be applied or operate in such a manner as to reduce FPDR One or FPDR Two benefits provided.

Section 5-402. Tax Qualification.

The benefits provided by this Chapter are intended to constitute a tax qualified pension plan that satisfies the requirements of Section 401(a) of the Internal Revenue Code of 1986, or any successor provision, as it may be amended from time to time.

Section 5-403. Changes ~~by Council~~.

- (a) **Mandated Benefits.** If the City of Portland is required by law to extend to the Members additional benefits not described by this Chapter, the Council may provide for such benefits by ordinance and such additional benefits shall be paid from the Fund. Such ordinance may include reductions in corresponding benefits described in this Chapter, which shall override inconsistent provisions of this Chapter.
- (b) **PERS, Social Security and Workers' Compensation.** If the City of Portland is required by law to cover all, or substantially all, of its police officers and fire fighters under one or more of the programs described in Paragraph 1, 2 or 3 below, or if the ~~Council~~ City acts voluntarily to do so and such action is ratified by the affirmative vote of a majority of the Active Members, the corresponding benefits provided by this Chapter, as determined by the Council, shall cease to be provided and the City's employer contributions, taxes, benefit payments or other costs of the newly extended program for police officers and fire fighters shall be paid from the Fund. Such costs shall be requirements levied under Section 5-103. The programs are:
 - 1. The Public Employee Retirement System of the State of Oregon;
 - 2. The federal Social Security system; and
 - 3. The workers' compensation benefits required by statutes of the State of Oregon.
- (c) **Tax Qualified Status.** The Council is authorized to change the benefits provided by this Chapter by ordinance to the extent necessary to comply with changes in the requirements for tax qualified status as described in Section 5-402.
- (d) **Advice by Board.** The Council shall not take action under this Section without seeking the advice of the Board on the action proposed to be taken.
- (e) **Savings Clause.** The Council is authorized to modify the provisions of this Chapter by ordinance to the extent necessary to provide a substantially equivalent benefit if any one or more sections, clauses, sentences or parts of this Chapter shall for any reason be adjudged unconstitutional or invalid, or the use of the levy to pay and discharge

any requirement, employee contributions, employer contributions, payroll taxes, benefit payments, or other costs of the Fund as provided in Section 5-103, is invalidated. In order to prevent payment of dual benefits, such ordinance shall require that the total benefits received by any Member do not exceed those provided in this Chapter before the 2007 amendments.

Section 5-404. Exemption from Execution.

All pensions, allowances or benefits due or paid under this Chapter shall be exempt from attachment, execution, garnishment or other process issued out of any court for the payment or satisfaction, in whole, or in part, of any debt, damage, claim, demand or judgment against the beneficiary thereof. The rights of Members and of their Surviving Spouses and Dependent Minor Children are personal and cannot be assigned or transferred to any other party in any way.

Section 5-405. Waiver of Benefits.

A person entitled to benefits under this Chapter may, before the beginning of the fiscal year, file a written notice with the Fund Administrator waiving such benefits or a portion thereof, for the ensuing fiscal year. Such waiver once filed and accepted by the Fund Administrator shall be irrevocable, except death of such person during the term of the waiver shall automatically terminate the effectiveness of the waiver. Any benefits, or portion thereof, so waived shall be forever forfeited.

Section 5-406. Invalidity.

If any part or section of this Chapter shall be declared invalid or unenforceable for any reason, it shall only void that part or section so declared and the remainder shall remain in full force and effect.

ARTICLE 5. FPDR ONE BENEFITS.**Section 5-113. Retirement, Resignation, and Discharge.**

The Board of Trustees shall, upon duly verified written application by any member who shall have been an active member for thirty (30) years and who shall have reached the age of fifty (50) years, retire and relieve said member from service and said member shall receive a monthly pension equal to the earned portion of a maximum pension as hereinafter defined, and said pension shall cease upon the member's death except as hereinafter provided.

The Board of Trustees shall, upon duly verified written application by any member who shall have been an active member for twenty-five (25) years and who shall have reached the age of fifty (50) years, retire and relieve said member from service and said member shall be paid a monthly pension equal to the earned portion of a maximum pension as hereinafter defined, and said pension shall cease upon the member's death except as hereinafter provided.

The Board of Trustees shall, upon duly verified written application by any member who shall have been an active member for twenty (20) years and who shall have reached the age of fifty-five (55) years, retire and relieve said member from service, and said member shall be paid monthly a pension equal to the earned portion of a maximum pension as hereinafter defined, and said pension shall cease upon the member's death except as hereinafter provided.

The Board of Trustees may upon its own motion and by two-thirds (2/3) vote of the entire Board, relieve from service any aged, disabled or infirm member whom it finds unfit for the performance of the member's duty. The Board may by majority vote require any member to appear, submit to and undergo mental or physical examinations by its physician or such additional physicians or psychiatrists as it may appoint. In such cases review of determination based upon the findings of the Board's physicians or psychiatrists may be had as provided in Section 5-107. The member so relieved shall receive the member's earned portion of the maximum pension as hereinafter set forth. Said pension shall cease at the member's death, except as hereinafter provided.

Any member coming within the provisions of this Article having twenty (20) years or more of active service who is discharged shall be entitled to receive the member's earned portion of the maximum pension upon reaching that age at which such member would otherwise have been eligible to receive the maximum pension had such member not been so discharged; or the member may elect to receive at the time of discharge a refund of all contributions made by the member, less the amount of non-service connected disability benefits paid to the member from the Fund or previously established pension funds.

Any member who shall resign after five (5) years of active service shall receive at that time a refund of all the member's contributions made as a regular member during the member's entire

service in their Bureau, less the amount of non-service connected disability benefits paid to the member from the Fund or previously established pension funds.

Any member who shall be discharged after five (5) years of active service but before completing twenty (20) years of active service, shall receive at that time a refund of all contributions made by the member, less the amount of non-service connected disability benefits paid to such member from the Fund or previously established pension funds.

Contributions made by a member while such member was a temporary employee shall not be included in computing contributions made by the member for funds. Any member who shall resign or be discharged before completing five (5) years of active service shall not be entitled to refunds of any contributions paid. [Amended by Ordinance No. 190204, effective December 18, 2020.]

Section 5-114. Compulsory Retirement.

Any member who has reached their sixty-fourth (64th) birthday anniversary shall be retired by the Board forthwith, subject to the provisions of the following Section relating to retirement of members receiving benefits upon service-connected or occupational disabilities; provided, however, that the Chief Engineer of the Bureau of Fire (Chief of the Bureau of Fire) and the Chief of the Bureau of Police who hold such positions on the effective date of this Act shall not be retired under the provisions of this Section prior to August 1, 1968. Any member retired under the provisions of this Section having any service less than thirty (30) years, shall be retired at the member's earned portion of the maximum pension. [Amended by Ordinance No. 190204, effective December 18, 2020.]

Section 5-115. Benefits for Service-Connected Disability or Occupational Disability.

Upon duly verified application of a member and a finding by the Board that through injury suffered in line of duty, or sickness caused by the performance of duty, the member is or has been unable to perform the member's required duties, said member shall be paid service-connected disability benefits equal to but not in excess of the member's full salary from the Fund until such member recovers or for a period of one (1) year, whichever period is shorter. A member accepting service-connected disability benefits waives any right such member may have against the City of Portland as a result of said disability. In the event that said member has not recovered at the end of one (1) year, the member shall receive after said first year and until the member recovers, but for a period of not to exceed three (3) additional years, service-connected disability benefits from the Fund equal to but not in excess of the member's full salary but in no event in excess of the then current salary of a First Class Fire Fighter or First Class Police Officer, as the case may be. If the service-connected disability continues after the end of four (4) years, the member shall be paid benefits from the Fund in an amount equal to sixty percent of the then current salary of a First Class Fire Fighter or First Class Police Officer, as the case may be, until the

member recovers or if the member does not recover until the member reaches compulsory retirement age. Upon reaching compulsory retirement age, said member shall be retired by the Board and shall receive the member's maximum earned pension. In the event a member, disabled from an injury in line of duty or sickness caused by the performance of duty, reaches compulsory retirement age before the expiration of one (1) year from the date of such disability, said member shall be paid benefits equal to the member's full salary from the Fund until the member recovers or for one (1) year from the date of such disability, whichever event first occurs, at which time the member shall be retired at the member's maximum earned pension. A member receiving service-connected disability benefits upon reaching compulsory retirement age, shall not receive any payments from the Fund in excess of such member's maximum earned pension except as hereinbefore provided plus such medical and hospital expenses as are authorized in this Article.

For the purpose of this Act the disabilities of heart disease, hernia of the abdominal cavity or diaphragm, tuberculosis and pneumonia (except terminal pneumonia) are occupational disabilities and a member so disabled shall not be considered to have suffered injury in line of duty or sickness caused by the performance of duty, but shall be entitled to the same benefits from the Fund as a member injured in line of duty or in the performance of duty until the member recovers or for the period of one (1) year from the date of such disability, whichever period is shorter, at which time the member shall be paid benefits from the Fund in an amount equal to sixty percent of the then current salary of a First Class Fire Fighter or a First Class Police Officer, as the case may be, until the member recovers or if the member has not recovered until the member reaches compulsory retirement age, at which time the member shall be retired by the Board and shall receive the member's maximum earned pension. If such occupational disability occurs within one (1) year prior to the member's compulsory retirement date said member shall be paid benefits from the Fund equal to the member's full salary until the member recovers or for a period of one (1) year from the date of said disability, whichever period is the shorter and in the event the member has not recovered from said disability after the expiration of said one (1) year period, said member shall be retired by the Board and shall receive the member's maximum earned pension. A member in accepting occupational disability benefits waives any right such member may have against the City of Portland as a result of said disability.

No member shall be given service-connected disability benefits or occupational disability benefits if the Board finds that said disability can probably be successfully corrected by competent medical or psychiatric treatment, or both, and said member fails or refuses to be so treated.

In the event of recovery of any member from service-connected disability or occupational disability prior to retirement, as attested by the member's attending physician, and the concurring approval of the Board's physician, the chief in charge of the respective bureau shall authorize return to work of such member, subject to the subsequent certification by the Board, which shall be retroactive to the time the member returns to work. Such return to work shall not

be subject to other time limitations on such return contained elsewhere in this Charter. Said member returning to service shall be restored to service in the rank the member occupied at the time of the member's disability and the member's disability benefits shall cease upon restoration to service.

In the event a member is unable to perform the member's required duties from a recurrence of a prior service-connected disability, the period of such recurrence or periods of successive recurrences from the same original sickness or injury shall be added to the period or periods of prior disability for the purpose of computing total disability benefits to which the member is entitled, provided, however, if one (1) year or more lapse from the date of recovery from such original sickness or injury, the subsequent period of such recurrence or periods of successive recurrences of such disability shall be treated as a new disability for the purpose of computing benefits.

A member shall not be entitled to benefits from the Fund under the provisions of this Section during any period while such member is not a resident of the State of Oregon unless the Board has specially waived the requirement as permitted in this Article.

An additional percentage allowance for Dependent Minor Children shall be paid from the Fund to a member receiving under this section a sum equal to sixty percent of the then current salary of a First Class Fire Fighter or First Class Police Officer, as the case may be, until said member reaches age sixty-four (64). This allowance shall be based on the member's benefit amount and shall be according to the following percentages: Twenty-five percent for one Dependent Minor Child, fifteen percent for the second Dependent Minor Child, and ten percent in toto for all other Dependent Minor Children over two (2) in number. The additional allowance shall be reduced or shall cease when the child or children are no longer Dependent Minor Children.

Medical and hospital expenses of a member shall be payable from the Fund only in accordance with the following provisions: All medical and hospital expenses arising from a service-connected disability under this Section shall be paid from the Fund until the member's retirement pursuant to any Section of this Chapter; after retirement, if the member was off duty at the time of said member's retirement as the result of a service-connected disability, such medical and hospital expenses for the same service-connected disability shall continue to be paid from the Fund until the member's recovery from such disability; all medical and hospital expenses arising from an occupational disability under this Section shall be paid from the Fund until the expiration of one (1) year from the date of such disability or retirement of the member, whichever event occurs first.

No member shall be eligible to receive benefits under this section, in lieu of benefits under Section 5-116, for an occupational disability incurred while receiving benefits under Section 5-116, unless such occupational disability is incurred within two (2) years after such member had commenced and continued to receive benefits under Section 5-116, or unless such occupational

disability is a recurrence of an occupational disability which became disabling and was compensated for under Section 5-115. [Amended by Ordinance No. 190204, effective December 18, 2020.]

Section 5-116. Benefits for Nonservice-Connected Disability.

Any member who is in active service and who has at least one (1) year of active service and who becomes incapacitated from performing the member's required duties on account of injury or sickness not service connected, and who at the time of said disability was either a recipient of disability benefits under Section 5-115 of this Article or was contributing to the Fund from the member's current salary in accordance with the provisions of this article, shall, upon the cessation of the member's sick leave benefits for such cause and upon cessation of the member's current salary other than vacation pay, be entitled to benefits equal to the member's maximum earned pension, but in no event less than twenty percent of the then current salary of a First Class Fire Fighter or First Class Police Officer, as the case may be, until the member recovers, or if the member has not recovered, until the member reaches compulsory retirement age. If a member reaches compulsory retirement age while receiving nonservice-connected disability benefits under this Section, such benefits shall cease forthwith, and the member shall be retired by the Board and shall receive the member's maximum earned pension. All applications for benefits under this Section shall be duly verified and accompanied by a certificate from a legally licensed physician setting forth the cause or basis of the disability claimed. The Board shall determine whether the applicant for benefits meets the requirements herein set forth.

No member shall be given benefits under this Section if the Board finds that said disability can probably be successfully corrected by competent medical or psychiatric treatment or both, and said member fails or refuses to be so treated. In the event of recovery of any member from nonservice-connected disability prior to retirement as attested by the member's attending physician and the concurring approval of the Board's physician, the chief in charge of the respective bureau shall authorize return to work of such member subject to subsequent certification by the Board, which certification shall be retroactive to the time the member returns to work. Such return to duty shall not be subject to other time limitations on such return contained elsewhere in this Charter. Said member returning to service shall be restored to service in the rank the member occupied at the time of the member's disability.

A member shall not be entitled to benefits from the Fund under the provisions of this Section during any period while the member is not a resident of the State of Oregon, unless the Board has specially waived the requirement as permitted in this Article.

No member shall receive benefits under this Section as a result of the following: willful injuries; injuries sustained while willfully doing an unlawful act; or weakness, illness or disability resulting directly or indirectly from immoral practices or the habitual excessive use of or addiction to use

of alcoholic beverages or narcotic drugs. [Amended by Ordinance No. 190204, effective December 18, 2020.]

Section 5-117. Benefits and Pensions to Surviving Spouses and Children in Service-Connected or Occupational Disability Deaths.

If any member shall die prior to retirement from an injury suffered in line of duty, or sickness caused by the performance of duty, or as a result of an occupational disability of heart disease, hernia of the abdominal cavity or diaphragm, tuberculosis, or pneumonia (except terminal pneumonia), and shall leave a Surviving Spouse, said Surviving Spouse shall be entitled to benefits or pension as herein provided, while remaining unmarried. Said benefits shall be paid from the Fund and shall be at the rate of fifty percent of the current salary of a First Class Fire Fighter or First Class Police Officer, as the case may be, until such time as the deceased member would have had thirty (30) years of active service or would have reached compulsory retirement age, had the member lived, whichever event would have first occurred, at which time said Surviving Spouse while unmarried shall receive a monthly pension from the Fund. A qualified Surviving Spouse's pension shall be computed in accordance with the Survivor Annuity Table as set forth in Section 5-118 and shall be based on the deceased member's years of active service at compulsory retirement age, had the member lived, but in no event shall it exceed the maximum pension allowable to a Surviving Spouse.

An additional percentage allowance for a Dependent Minor Child or children shall be paid from the Fund to a Surviving Spouse qualified to receive benefits or pension under this Section. This allowance shall be based on the qualified Surviving Spouse's benefit or pension amount and shall be according to the following percentages: twenty-five percent for one Dependent Minor Child, fifteen percent for the second Dependent Minor Child, and ten percent in toto for all other Dependent Minor Children over two (2) in number. In the event the Dependent Minor Child or children are not in fact substantially supported by the Surviving Spouse, the additional percentage allowance for such Dependent Minor Child or children shall be paid not to the Surviving Spouse, as provided above, but shall be paid to the Dependent Minor Child or shall be divided equally among the Dependent Minor Children, as the case may be. The additional allowance shall be reduced or shall cease when the child or children are no longer Dependent Minor Children.

If there be no Surviving Spouse qualified to receive a Surviving Spouse's benefits or pension, or if the Surviving Spouse becomes disqualified, then the Dependent Minor Child or children of such deceased member shall receive the benefits or pension to which a Surviving Spouse without Dependent Minor Child or children would have been entitled, as heretofore provided in this Section, to be divided equally among them, if there is more than one. Any Dependent Minor Child's interest in said benefits or pension shall cease when is no longer a Dependent Minor Child.

If any member shall die prior to retirement from any causes specified in the first paragraph of this Section, leaving a Dependent Minor Child or children of a former marriage or marriages and a qualified Surviving Spouse, then the qualified Surviving Spouse's benefits or pension, as the case may be, plus children's allowances to which the Surviving Spouse might be entitled were all the children of the Surviving Spouse, shall be divided with the Dependent Minor Child or children of all marriages, fifty percent to said qualified Surviving Spouse, and fifty percent to the Dependent Minor Child or children of all the marriages to be divided equally among said children. Any Dependent Minor Child's interest in said benefits or pension plus allowances, if any, shall cease when the child is no longer a Dependent Minor Child as defined herein, and any qualified Surviving Spouse's right to an additional allowance for a Dependent Minor Child shall cease under the same conditions.

A Surviving Spouse is disqualified and the Surviving Spouse's right to any benefits or pension from this Fund is thereafter and forever terminated when the Surviving Spouse remarries.

All persons deriving benefits from the death of any one member under the provisions of this Section may elect, if the Board after hearing finds it to be financially beneficial to the Fund, to receive collectively a five thousand dollar (\$5,000) cash settlement from the Fund in lieu of all further claims to benefits and/or pension. Said cash settlement shall not be paid if the deceased member was at the time of the member's death or within (1) one year thereafter would have been eligible for a maximum pension or would have reached compulsory retirement age. [Amended by Ordinance No. 190204, effective December 18, 2020.]

Section 5-118. Benefits and Pensions to Surviving Spouses and Children on Deaths of FPDR One Members After Retirement or on Non-Service Connected Deaths Before Retirement. Deaths of FPDR One Members After Retirement.

Upon the death of any member who retires under the provisions of this Article, other than a member who retired prior to July 1, 1947, the Surviving Spouse of said deceased member until such Surviving Spouse's death or remarriage shall receive a monthly pension to be computed from the "Survivor Annuity Table," set forth below, and in accordance with this Section; provided, however, that as to any member relieved from service by the Board under Section 5-113 for a nonservice connected disability or retiring under Section 5-116 of this Act, the provision of this Section shall apply only to a member having twenty (20) years or more active service. Said table below shows the basis for computing the pension to which the Surviving Spouse shall be entitled. In using the table the difference between the member's and Surviving Spouse's ages shall be determined to the closest year. If at the time of said retired member's death, there be no Surviving Spouse, the Dependent Minor Child or children while so remaining shall receive the Surviving Spouse's pension as set forth in the "Survivor Annuity Table" below, computed on the basis of a member and Surviving Spouse of the same age, and said pension shall be divided equally among them, if there be more than one. If at the time of said retired

member's death, the Surviving Spouse fails to qualify for a pension under this section, but the deceased member leaves a surviving Dependent Minor Child or children, the Dependent Minor Child or children while so remaining shall receive a pension as set forth below in the "Survivor Annuity Table" computed as though the Surviving Spouse had qualified as a for a pension. If the Surviving Spouse qualifies for a pension under this Section and later dies or remarries and there is a surviving Dependent Minor Child or children of the member, the Dependent Minor Child or children while so remaining shall receive said Surviving Spouse's pension and said pension shall be divided equally among them, if there be more than one.

The Surviving Spouse of any member who retires under the provisions of this Article, shall receive a pension only if the Surviving Spouse was lawfully married to the member for five (5) continuous years immediately prior to the date of the member's retirement and not otherwise.

Non-Service Connected Deaths Before Retirement. If a member has less than one (1) year of active service and dies before retirement for any cause not in line of duty, the member's Surviving Spouse and/or Dependent Minor Child or children shall have no rights under this Fund.

If a member has at least one (1) year but less than twenty (20) years of active service and dies before retirement from any cause not in line of duty, the member's Surviving Spouse, if said Surviving Spouse has been married to the member for at least one (1) year, shall be entitled to an option to either: (1) the return of the member's contributions made to the Fund and previously established pension funds less the amount of nonservice-connected disability benefits paid to the member from the Fund and any previously established pension funds, or (2) a cash settlement of fifteen hundred dollars (\$1,500) plus an additional one hundred dollars (\$100) for every year of the member's active service up to twenty (20) years. If at the time of said member's death, there be no Surviving Spouse who has been married to the member for at least one (1) year, the deceased member's surviving Dependent Minor Child or children, if any, shall have the same rights of a qualifying Surviving Spouse as set forth above in this paragraph.

If a member has twenty (20) years or more of active service and dies before retirement from any cause not in line of duty, the member's Surviving Spouse, if said Surviving Spouse has been married to the member for at least one (1) year, shall be entitled to a pension to be computed from the "Survivor Annuity Table" set forth above, based upon the maximum earned pension of the deceased member; or said Surviving Spouse may elect at their option within one (1) year after the member's death, if the Board, after hearing so permits, to receive in lieu of further pension payments either: (1) a return of the member's contributions made to the Fund and previously established pension funds, less the amount of nonservice-connected disability benefits paid to the member from the Fund and any previously established pension funds; or (2) a cash settlement of thirty five hundred dollars (\$3,500). If at the time of said member's death there be no Surviving Spouse who has been married to the member for at least one (1) year, the deceased member's surviving Dependent Minor Child or children, if any, while so remaining shall be entitled to the same pension to which a qualifying Surviving Spouse of the same age as the member would have been entitled under the provisions of this paragraph. If a Surviving Spouse qualifies for and is receiving a pension under this paragraph and later dies or remarries, the surviving Dependent Minor Child or children of the deceased member while so remaining shall receive, in lieu of the Surviving Spouse, said Surviving Spouse's pension, and said pension shall be divided equally among them, if there be more than one.

Notwithstanding the above, if the member shall die before retirement from any cause not in the line of duty, leaving a Dependent Minor Child or children by a former marriage or marriages and

the Surviving Spouse qualifies to receive a pension under this Section, then the Surviving Spouse's pension shall be shared with the Dependent Minor Child or children of all marriages, fifty percent to the said Surviving Spouse and fifty percent to the Dependent Minor Child or children of all marriages, to be divided equally among said children, if there be more than one. No Dependent Minor Child shall share in such division of the fifty percent last named, after such child has ceased to be a Dependent Minor Child as that term is defined in this Article. When there is no longer a Dependent Minor Child, the entire Surviving Spouse's pension shall be paid to the qualified Surviving Spouse until the Surviving Spouse's death or remarriage. If the Surviving Spouse remarries or dies while there remain Dependent Minor Child or children, the entire Surviving Spouse's pension shall be paid to the Dependent Minor Child or children while they so remain, to be divided equally among said children, if there be more than one.

In the event a cash settlement option is available and exercised pursuant by this Section, the election to accept it must be by or on behalf of all persons deriving or possibly entitled to derive benefits therefrom. [Amended by Ordinance No. 190204, effective December 18, 2020.]

Section 5-119. Pensions for Previously Retired FPDR One Members and Their Surviving Spouses and Children.

The pension of any retired member of the pension or a Surviving Spouse or Dependent Minor Child or children of a deceased member, being paid as of July 1, 1947, shall be increased one-third (1/3) over and above the amount being paid on said July 1, 1947, and the total amount of such pension shall be paid from the Fund established by this Act, and not otherwise. The minimum pension for any person covered by this Section and on pension before July 1, 1947, shall be fifty dollars (\$50.00) per month after the above-mentioned one-third (1/3) increase has been effected. Effective July 1, 1962, the Board shall determine the percentage which the actual pension paid under this Section on July 1, 1949, is of the full salary of a First Class Police Officer or First Class Fire Fighter, as the case may be, as such salary was fixed on July 1, 1947; commencing July 1, 1962, and thereafter, increases or decreases shall be made annually at the beginning of each fiscal year of the pensions to be paid under this Section, subject to the minimum fixed above, by applying the percentage determined above to the full salary established by the City for a First Class Police Officer or First Class Fire Fighter, as the case may be, on July 1, 1962, and July 1 of each year thereafter, provided, however, in no event shall the amount paid as so computed, be less than the pension paid immediately prior to July 1, 1962. If a member who retired prior to July 1, 1947 dies or died after July 1, 1947, such member's Surviving Spouse or any Dependent Minor Child or children of such deceased member must qualify in the same manner as Surviving Spouse and children receiving a pension as of July 1, 1947, and those Surviving Spouses and children who qualify shall be paid a pension computed in the same manner as Surviving Spouses and children receiving a pension as of July 1, 1947.

Previously retired members of the Bureau of Police or Fire and their Surviving Spouses and Dependent Minor Children, by accepting any benefits provided herein, shall thereby waive any and all alleged, asserted or claimed rights under the provisions of any previous retirement and/or relief act in effect before the passage of this article.

Section 5-120. Variation in Amount of Benefit or Pension Payments.

All benefits and pensions granted and paid under this Act shall vary annually and shall be based upon the current salary of a First Class Fire Fighter or First Class Police Officer, as the case may be, computed annually at the beginning of the fiscal year. A person entitled to benefits or pension under this Act may, before the beginning of the fiscal year, file a written notice with the Board waiving said benefits or pension or a portion thereof, for the ensuing fiscal year. Said waiver once filed and accepted by the Board shall be irrevocable, except death of said person during the term of the waiver shall automatically terminate the effectiveness of said waiver. Any benefits or pension, or portion thereof, so waived shall be forever forfeited. This Section shall not apply to pensions for previously retired members and their Surviving Spouses and children coming under provisions of Section 5-119, which shall be governed solely by said Section.

Section 5-121. Temporary FPDR One Members.

A temporary fire fighter or police officer, or the Surviving Spouse and/ or Dependent Minor Children of either, shall only be eligible for the provisions of this Act relating to service-connected disabilities and service-connected death, not including occupational disabilities as herein defined, and not otherwise.

Section 5-122. Military Service.

FPDR One Members entering military service in time of a national emergency so declared by the President of the United States or inducted by the federal or State government into the armed forces or the reserve components thereof at a time of said national emergency shall receive credit for all time spent in said service toward retirement under this Act; provided said member returns to active duty in the Bureau of Fire or Police, as the case may be, within sixty (60) days after being relieved with a favorable discharge from said service and does not voluntarily remain in said service after the emergency; and provided further, however, that if a member shall become eligible, while in said service, to receive a pension according to years of service and age, as provided in Section 5-113, it shall not be necessary for such member to return to active duty in the Bureau of Fire or Bureau of Police in order to receive their retirement pension. In case of the member's death while in said service the member's Surviving Spouse and Dependent Minor Child or children shall be eligible for benefits as provided in Section 5-118. In case of injury or sickness contracted by said member while in said service, after being relieved from said service the member shall be entitled to the same benefits the member would have received under the

paragraph in Section 5-116 hereof providing for benefits upon nonservice-connected disabilities. [Amended by Ordinance No. 190204, effective December 18, 2020.]

Section 7-203. Bond Issuance Procedure.

Measures to authorize issuance of bonds shall state therein whether such bonds will be general obligations of the City or limited to particular sources of revenue. Such measures shall also state in general terms the objectives or purposes for which the proceeds are to be used, but need not state that a portion of the proceeds may be used for cost of advertising, bond issuance and sale, legal fees and costs, planning, engineering, inspection, administrative costs and other costs found necessary to permit utilization, furtherance or completion of the objectives and purposes set forth in such measure, and such use hereby is authorized. The Council may provide by ordinance details or amplification in connection with the expenditure of the proceeds of any bond issue.

After approval by a majority of the electors voting on a bond measure, the Council shall, before issuing any such bonds, determine the denominations, form and term for such bonds. The Council shall prescribe the dates for the redemption of each bond issue and may authorize the issuance of bonds from time to time within the limitation of the amount authorized. Such bonds shall bear the facsimile signature of the Mayor and the Auditor of the City of Portland in the manner prescribed by the City in authorizing the sale of bonds. By each of such bonds the City shall be held in substance and effect to undertake and promise to pay to the holder of each of said bonds at the expiration of the time specified therein, the sum named therein, in lawful money of the United States of America, and promise to pay interest thereon in like lawful money at such rate as the Council may determine, not exceeding the percentage fixed by the Council, payable at such periods as shall be provided by the Council. The Council may prescribe other features of such bonds.

None of such bonds shall be sold without prior advertisement in the manner prescribed by law, and all sales shall be to the bidder whom the Council finds to have made the bid most advantageous to the City. The Council may, in its discretion, provide that competitive bidding shall be partially or wholly upon rate or rates of interest, and in that case the award shall be fixed according to the bid which, in the opinion of the Council, would be most advantageous to the City. The Council shall have the right to reject any and all bids or alternative bids, and to proceed to readvertise when bids are not satisfactory, so as to obtain satisfactory bids, which may be called for on the same or different basis. The Council shall exercise such other and additional powers and authority, within the restrictions above mentioned, relating to the issuance of bonds as may be necessary or convenient for accomplishing the objectives hereof.

The Council shall by ordinance establish a special fund and fix the designation thereof, into which fund the proceeds from the sale of bonds issued under particular authority shall be placed, and the City Treasurer shall have the care and custody of all money deposited in such fund.

The Council may establish a separate sinking fund from which to pay and redeem bonds issued under a particular authorization.

Bonds which are general obligations of the City shall not be issued if the total of such bonds outstanding minus reserves accumulated for repayment thereof exceeds four percent of the true cash value of all taxable real and personal property in the City, but in estimating such bonded indebtedness, bonds issued pursuant to applications to pay assessments for improvements in installments under statutory or Charter authority, bonds on which principal and interest are payable exclusively from revenues derived from the sources fixed in said bonds, and bonds excluded from statutory debt limitations for cities shall not be counted. This limitation does not affect the right of the City to issue refunding bonds. This Section shall not apply to bonds specifically authorized by a majority of the electors to be issued notwithstanding this limitation. [New sec. Nov. 6, 1962.]

For estimated assessment and final assessment purposes the cost of a local improvement shall be the actual cost as defined by ordinance. Allowances for engineering and superintendence as part of the actual cost shall be fixed by the Council by general ordinance from time to time. [May 17, 1918, new sec. 284-b; 1928 pub., sec. 284-b; am. Nov. 4, 1924; 1942 recod., sec. 9-106; rev. Nov. 8, 1966; am. May 20, 1986; am. Nov. 3, 1992.]

Section 9-105. Progress Payments.

The ~~Council~~ Mayor may make progress payments for all local improvement work by the issuance of interest-bearing warrants against the special assessment fund to be created for such improvement. [Nov. 2, 1920, new sec. 337; 1928 pub., sec. 337; 1942 recod., sec. 9-108; rev. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-106. Payment for Work.

Payment for costs of a local improvement shall be drawn against and payable solely from a special assessment fund. Into this fund shall be paid all money collected from assessments for local improvements. The fund shall be used for payment of actual costs of the improvements. Each local improvement project shall be accounted for separately in the special assessment fund. [New sec. Nov. 8, 1966; am. May 20, 1986; am. Nov. 3, 1992.]

Section 9-107. Local Improvements.

The definition of a local improvement and the procedures for making local improvements shall be governed by this Charter, ordinance, or State law. [New sec. Nov. 3, 1992.]

Section 9-108. Condemnation.

Whenever the Council finds it necessary to take private property for a public purpose, it may purchase the same or may direct proceedings to be taken under the general laws of the State or the general ordinances of the City to obtain the property or interest therein. [New sec. Nov. 3, 1992.]

ARTICLE 2. STREET GRADES.**Section 9-201. Original Establishment.**

When the Council has not established the grade of a street or part thereof, it may at any time be established by the Council without taking any of the proceedings provided for in this Article, by setting forth the elevation of the finished road surface at the center line of the street or portion of a street designated for travel. [Nov. 7, 1922, new sec. 256; 1928 pub., sec. 256; 1942 recod., sec. 9-201; am. Nov. 8, 1966.]

Section 9-202. Authority to Change Grades.

The Council may change any established street grade, may determine the amount of any damages to be paid as a result of the change, and may make a local assessment therefor. Variation of one foot or less above or below an established grade shall not constitute a change of established grade. When a structure, including pavement, driveway, building, or other construction, has been constructed upon abutting property after original establishment of grade, and damages are claimed as hereinafter provided for that structure, no change of grade shall be made without determining whether any damage is sustained and providing for payment of any such damages as set forth in this Article. In other cases the Council shall determine whether or not damages to abutting property shall be considered or awarded. [Nov. 7, 1922, new sec. 257; 1928 pub., sec. 257; 1942 recod., sec. 9-202; am. Nov. 8, 1966.]

Section 9-203. Initial Engineer's Report.

Whenever the Council deems it expedient to change the grade of any street or part thereof within a district continuously affected by the change of grade, ~~it shall~~ the Mayor direct the Engineer to report thereof. The Engineer shall thereafter, as soon as convenient, file with the Auditor a report showing the location and nature of grade changes which in the Engineer's judgment should be made. The report shall also describe the area which the Engineer deems to be affected by the proposed change of grade. [Nov. 7, 1922, new sec. 258; 1928 pub., sec. 258; 1942 recod., sec. 9-203; am. Nov. 8, 1966.]

Section 9-204. Notices and Hearing.

The Council may approve the initial report of the City Engineer by resolution, or make changes therein, and declare its intention to make such change of grade, stating the location and nature of the proposed grade change. The Auditor shall publish in five (5) successive publications of the City official newspaper notice of the proposed change of grade, setting forth the nature of the proposed change, the time within which objections against such proposed change of grade and claim for damages may be filed in writing with the City official designated by ordinance, and the time when said matter and objections will be heard by the Council. Objections and

claims for damages may be filed within twenty (20) days from the first publication of the notice. The time for hearing shall be the next regular meeting of the Council following said twenty (20) days. Within five (5) days from first publication of the notice, the City Engineer shall cause to be posted on the street or streets affected by the proposed change of grade, a notice headed, "Notice of Change of Grade," containing a legible copy of the notice published. One of such notices shall be posted at or near each street intersection where the proposed change of grade is to be made. If no intersection is affected by the change of grade then the posting of one notice at or near the intersection closest to the maximum point of change of grade shall be sufficient. The City Engineer shall maintain in the project file an affidavit of posting stating the date when and the places where the notices were posted. The Auditor also shall send notice to the persons named as owners of the property within the affected area designated in the Engineer's report as adopted by the Council. If the address of any named owner is unknown and if that person has an agent whose name and address is known, notice shall be mailed to that agent; otherwise it shall be mailed to the named owner addressed at Portland, Oregon. However, failure of any such person or the true owner to receive the mailed notice shall not invalidate the proceedings. [Nov. 7, 1922, new sec. 259; 1928 pub., sec. 259; 1942 recod., sec. 9-204; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-205. Objections, Claims for Damages.

At the time of hearing, if the Council finds that no claims for structural damages have been presented by property owners and that any objections filed do not represent three-fifths in area of the property affected, the Council may by ordinance make such change of grade without awarding damages and without further proceedings, or may determine that a further report concerning damages to owners of property injured and benefits to owners of property specially benefitted should be made by the City Engineer. If the Council finds that the owners of more than three-fifths in area of the property affected have filed written objections, no further proceedings shall be taken for a period of six (6) months, except on petition of the owners of more than half in area of the affected property, or unless the Council determines that an award of damages shall be made for probable injuries to property. If the Council determines at the hearing that there are probable injuries to affected property as a result of the proposed change, then the Council may direct the City Engineer to report on damages and benefits. All owners' claims for damages shall be verified and shall state the facts upon which the claim is based and the amount thereof. [Nov. 7, 1922, new sec. 260; 1928 pub., sec. 260; 1942 recod., sec. 9-205; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-206. Award of Damages and Assessment of Benefits.

A report by the City Engineer on damages and benefits shall state the amount of damages which in the Engineer's judgment should be awarded to the owner of each property injuriously affected by the proposed grade change and a detailed proposed assessment on each lot and parcel of land in the Engineer's judgment specially benefitted, proportionate to its share of

benefits resulting from the change. Upon the filing of the report the same procedural steps shall be taken with like force and effect as provided for municipal condemnation proceedings. [Nov. 7, 1922, new sec. 261; 1928 pub., sec. 261; 1942 recod., sec. 9-206; am. Nov. 8, 1966.]

ARTICLE 3. ELIMINATION OF GRADE CROSSINGS.**Section 9-301. Authority of Council.**

The Council has authority to determine whether any railroad crossing of any street within the corporate limits of the City at or near street grade is dangerous, and to provide for the elimination of that grade crossing. [June 2, 1913, subdn. a of new sec. 372 1/2; 1928 pub., sec. 265; 1942 recod., sec. 9-401; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-302. Plans and Specifications.

Whenever the Council finds that a railroad grade crossing should be eliminated, ~~it may by ordinance~~ the Mayor directs ~~require~~ the City Engineer to prepare plans and specifications for, and estimates of, the cost. [June 2, 1913, subdn. b, new sec. 372 1/2; 1928 pub., sec. 266; 1942 recod., sec. 9-402; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-303. Conference with Railroad Engineer.

In preparing plans, specifications and estimates, the City Engineer shall confer with the Civil Engineer of any railroad company having an interest in the crossing, for the purpose of determining a reasonable plan and method for eliminating it. If the City Engineer is unable to agree with the Engineer of the railroad company, the City Engineer shall proceed to determine a proper and reasonable plan and method of eliminating said grade crossing; provided, however, that if the civil engineer of an interested railroad company does not confer with the City Engineer after ten (10) days written notice, the City Engineer may proceed with the preparation of plans, specifications and estimates without a conference. [June 2, 1913, subdn. c, new sec. 372 1/2; 1928 pub., sec. 267; 1942 recod., sec. 9-403; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-304. Filing of Plans and Objections.

The City Engineer shall file with the Auditor a report on elimination of the grade crossing with the necessary plans, specifications and estimates of the cost. ~~The City official designated by ordinance shall~~ Mayor notifies in writing each interested railroad company, and any company shall have thirty (30) days from date of the notice to file with the Auditor objections thereto, or to propose modifications thereof, or to file other or different plans and specifications, together with the estimates of the cost. [June 2, 1913; subdn. d, new sec. 372 1/2; 1928 pub., sec. 268; 1942 recod., sec. 9-404; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-305. Consideration of Plans and Report of Damages.

Within three (3) months after the thirty (30) day period for filing objections, the Council shall consider the report, objections, plans, specifications and estimates filed, or may refer the

matter to a ~~commissioner~~Councilor or committee of ~~commissioners~~Councilors for this purpose, in which event ~~the City official designated by ordinance~~the Mayor shall mail five (5) days notice in writing to any company interested when the ~~commissioner~~Councilor or committee will consider the matter, and at the time specified any company may attend and be heard thereon. Upon filing of the ~~commissioner's~~Councilor's or committee's findings and recommendations, the Council may adopt a plan and method for eliminating the grade crossing and adopt specifications therefor, or it may dismiss the proceedings. If it appears that change of street grade will be required in eliminating the grade crossing, the Council shall determine whether such grade shall be changed, with or without considering damages to adjacent property. If the Council determines to consider damages to adjacent property, ~~it shall require~~ the City Engineer ~~to~~ reports the estimated damages that property may sustain by reason of the change of street grade, based on the depreciation, if any, in market value on account of the change of street grade. In estimating the depreciation of market value, the City Engineer shall take into account the benefits, if any, the effect which the proposed improvement will have upon market value of the property, and the probable assessment against the property for the improvement. [June 2, 1913, subdn. e, new sec. 372 1/2; 1928 pub., sec. 269; 1942 recod., sec. 9-405; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-306. Apportionment of Damages and Benefits.

Upon filing of the City Engineer's report on damages, the Auditor shall publish in four (4) successive publications in the City official newspaper a notice that such report has been filed, stating the amount of damages to each property as estimated by the City Engineer, the date when the report of the City Engineer will be heard by the Council, and that written objections thereto may be filed with the Auditor any time prior to the day of hearing. The date of hearing shall be not less than five (5) days after the last publication of notice. The Auditor shall also send a copy of the published notice to each person interested in land affected. If the address of such person is unknown, and if such person has an agent whose name and address is known, notice shall be mailed to the agent; otherwise it shall be mailed to the owner addressed at Portland, Oregon. At the time of hearing the Council shall consider the report and all objections thereto and may refer it to any committee or commissioner for further hearing and report. At any time thereafter the Council may determine the damages to be awarded for the change of street grade.

If construction is contemplated by the Council in order to effect the elimination of a railroad grade crossing, no proposed assessment to property benefitted by the change of street grade need be made in the proceedings for change of street grade, but rather a statement may be made that such damages will be assessed as a part of the total improvement cost or will be financed in a particular manner. Thereafter the cost of making the change and improvement shall include, as part of the cost, the total damages awarded on account of such change of street grade. The Council shall determine whether any portion of the total cost of the

improvement shall be financed by assessment of benefits to property within an assessment district as a local improvement, and if so, the total cost shall be apportioned as follows: sixty percent shall be paid by the company or companies owning or controlling the railroad trackage at the crossing; no more than twenty percent shall be assessed against the property benefitted thereby within the district fixed by the Council; and the balance may be paid by the City, or as the Council may determine. Total cost shall include the cost of raising or lowering tracks within street boundaries, but the raising or lowering of tracks outside street boundaries shall be the sole responsibility and expense of the railroad company. Total cost shall also include all other costs and expenses of the improvement, plus damages to property within the district. Whenever the street is occupied or used by more than one railroad company, the railroad's share of the total cost of the improvement shall be apportioned among them. The cost and expense of raising or lowering the grades or tracks outside street area to be borne by the affected companies shall be apportioned by the Council unless, within thirty (30) days after the Council orders the improvement, all affected companies file with the Auditor their mutual agreement thereon. [June 2, 1913, subdn. f, new sec. 372 1/2; 1928 pub. sec, 270; 1942 recod., sec. 9-406; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-307. Advancement to Special Fund.

If damages are allowed to adjacent property owners because of the change of street grade, upon final determination of the amount to be awarded to each property owner and upon determination by the Council to proceed with the improvement as provided in Section 9-408, the Council shall loan or otherwise transfer from any available fund to the special assessment fund, an amount sufficient to pay all such awards. The warrants then shall be drawn in favor of the persons entitled thereto in the amounts awarded, payable upon demand, with interest as set by ordinance. No such warrant shall be delivered to a property owner who has been allowed damages until the owner applies therefor and files written acceptance of such allowance, or until the amount of award has been finally determined. The advancement authorized herein, with interest as set by ordinance, is part of the cost of the improvement and the amount of the advancement with interest shall be returned to the fund from which it was advanced, subject to the apportionment of the City's share, if any. [June 2, 1913, subdn. g, new sec. 372 1/2; 1928 pub., sec. 271; 1942 recod., sec. 9-407; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-308. Remonstrances, Assessments and Collections.

If a portion of the cost of eliminating a railroad grade crossing is to be financed by local improvement assessments, the procedures for establishing a local improvement district and assessing property shall be followed. Remonstrances may be filed with the Auditor by property owners within the time to be fixed by resolution. Upon the expiration of that time, the Council shall determine whether or not to proceed with the matter. If the Council determines to proceed it may overrule any and all remonstrances. Assessments made hereunder shall be entered in the docket of City liens and collected in the same manner as other assessments and

the amount to be paid by a railroad company also shall be entered on the docket of City liens and shall constitute a lien against all property of the company in the City. If any railroad company fails to pay or bond the assessment within the time provided for paying or bonding assessments for street improvements, the City may proceed by court process to require payment, or may proceed to collect the same by suit or action as other assessments are or may be collected, or by both procedures. [June 2, 1913, subdn. h, new sec. 372 1/2; 1928 pub., sec. 272; 1942 recod., sec. 9-408; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-309. Bonding of Assessments; Changes of Grade.

Persons, including railroad companies whose property has been assessed for the improvement eliminating a railroad grade crossing, have the right to bond their assessments in the same manner as provided for bonding assessments for other local improvements. No further proceedings shall be required to change the grade of the street than as specified in this Article, and upon the completion of the improvement, the grade of the street shall be deemed changed to the grade established by the improvement. [June 2, 1913, subdn. i, new sec. 372 1/2; 1928 pub., sec. 273; 1942 recod., sec. 9-409; am. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-310. No Impairment of Duty Under Franchise or Ordinance.

Nothing in this Article shall impair the right of the City to require the holder of a franchise or other person, required by ordinance or otherwise to pave a portion of street, to move any facility at their own expense or to improve a portion of street, to carry out their obligation without expense to the City. For this purpose, elimination of grade crossings is a public work and improvement. No duty, express or implied, of the holder of a franchise, contract or permit shall be impaired by amendments to this Chapter subsequent to the grant of franchise, contract or permit. [June 2, 1913, subdn. j, new sec. 372 1/2; 1928 pub., sec. 274; 1942 recod., sec. 9-410; rev. Nov. 8, 1966; am. Nov. 3, 1992; amended by Ordinance No. 190204, effective December 18, 2020.]

Section 9-311. Construction of Article.

The provisions of this Article relating to change of grade affect other provisions relating to change of grade in this Chapter. The provisions of this Article shall be construed as an additional procedure which the Council may follow in eliminating railroad grade crossings. [June 2, 1913, subdn. k, new sec. 372 1/2; 1928 pub., sec. 275; 1942 recod., sec. 9-411; rev. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-312. Elimination of Several Crossings in One Proceeding.

The Council may provide in one proceeding under this Article for the elimination of the grade crossings of two (2) or more streets by any railroad or railroads in a district. [June 7, 1915, new

sec. 275 1/2; 1928 pub., sec. 275 1/2; 1942 recod., sec. 9-412; am. Nov. 8, 1966; am. Nov. 3, 1992.]

ARTICLE 4. STREETS AND STREET IMPROVEMENTS.**Section 9-401. Definition of "Improve" and "Improvement."**

As used in this Article, the terms "improve" and "improvement" include all construction, reconstruction, grading, regrading, paving, repaving, surfacing, resurfacing, bettering and repairing roadways, bridges, trestles, means of access and egress, underpasses, overpasses, sidewalks, crosswalks, pedestrian ways, gutters, curbs, street drainage facilities and appurtenances therefor within any street. [New sec. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-402. Improvement Procedure.

The Council hereby is authorized: to order from time to time all or part of the streets of the City to be improved; to determine the character, kind and extent of each improvement; to levy and collect an assessment upon all lots and parcels of land specially benefitted by the improvement to defray the whole or any portion of the cost; and to determine what lands are specially benefitted by the improvement and the amount to which each parcel or tract of land is benefitted. The procedural steps for an improvement shall be prescribed by ordinance. [New sec. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-403. Remonstrances.

Street improvement procedures established by ordinance shall provide for mailed notice to the property owners within the proposed district of the Council's intention to improve any street, and an opportunity for the owners of the property within the proposed assessment district to make and file written objections or remonstrances against the proposed improvement. The period for filing of written objections or remonstrances shall be set by ordinance but shall not exceed sixty days from the date notice is mailed. If the owners of three-fifths or more in area of the property file objections, further proceedings in the making of such improvement are barred for a period of six (6) months unless the owners of one-half or more of the property affected subsequently petition therefor. If an objection, remonstrance or petition is signed by the agent or attorney of any property owner, the agent or attorney's authority to sign shall be filed with the Auditor within the time provided for the remonstrance or petition or the signature shall be disregarded. If objections or remonstrances legally signed by the owners of three-fifths of the property affected are not filed, the Council may order the improvement. [New sec. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-404. Use of Earth.

When the Council by ordinance provides for making an improvement, the City may, at its option, remove, alter, dispose of or otherwise use all earth within the street lines for that improvement. [New sec. Nov. 3, 1992.]

Section 9-405. Completion of Work; Spread of Assessments.

When a street improvement is wholly or partially completed to the satisfaction of the City Engineer, the completed work may be accepted and property within the district assessed for the cost under procedures established by ordinance, with opportunity for objections to be heard. [New sec. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-406. Improvement by Permit.

Whenever the grade of any street has been established, the ~~Council~~City may authorize any person to cut or fill the street in front of such property according to such grade, or to improve the same, or both, as the City Engineer may direct, at the expense of that person. This authority shall not be granted after notice has been given of the Council's intention to improve the street so long as the Council retains jurisdiction for the proposed improvement. In giving this authority, the ~~Council~~City may impose such terms and conditions as it may find appropriate. [New sec. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-407. Sidewalk Improvements and Repairs; Duty of Owners.

Sidewalks may be improved either as a part of a general street improvement or by separate proceedings. The ~~Council~~City may determine the grade and width of all sidewalks, materials to be used and specifications for construction. It is the duty of all owners of land abutting any street in the City to construct, reconstruct and maintain in good repair the adjoining sidewalks. If the owner of any parcel of land allows an adjoining sidewalk to be out of repair, the City Engineer shall post notice on the property directing the owner, agent or occupant thereof immediately to repair it in accordance with City specifications. If the owner, agent or occupant of any parcel of land does not properly make the sidewalk repairs within the time designated in the notice, the City Engineer may make the repairs, keeping an account of the cost and reporting it to the ~~Council~~Mayor with description of the parcel of land abutting the repaired sidewalk. The ~~Council~~City has the same general authority and supervision over sidewalk repairs as over street improvements. If the Council finds the costs reported by the City Engineer to be reasonable, it shall approve them and thereafter, at least once a year, by ordinance assess upon each of the parcels of land abutting repaired sidewalks, the cost of making the repairs with an additional overhead charge to defray the cost of notice, engineering and advertising. All such assessments may be combined in one assessment roll and they shall be entered in the docket of City liens and collected in the same manner as are other local improvement assessments. [New sec. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-408. Damages for Negligence.

Owners of land within the City are liable for all damages resulting from their failure to put an adjoining sidewalk in repair after notice to repair as provided in this Article. No action shall be

maintained against the City by or for any person injured because of any sidewalk defect. [New sec. Nov. 8, 1966; am. Nov. 3, 1992.]

ARTICLE 5. SEWER IMPROVEMENTS.**Section 9-501. Assessment District; Remonstrances.**

When the Council has declared its intention to construct a sewer or sewer system and has fixed the boundaries of the assessment district to be benefitted and assessed therefor, the Auditor shall mail notice of such intention to the property owners within the proposed district, in accordance with procedures prescribed by ordinance. The procedures shall provide that an owner of any property within the proposed assessment district or such owner's agent who files proof of their authority, may file with the Auditor a written remonstrance against the proposed sewer or the plans therefor, and the Council, upon hearing the remonstrance, may discontinue proceedings in the matter. The period for filing of written objections or remonstrances shall be set by ordinance but shall not exceed sixty days from the date notice is mailed. The Council, however, may overrule any and all remonstrances and may order the improvement. The Council also may require changes in the proposed plans or changes in the boundaries of the proposed assessment district, and declare by resolution its intention to proceed on the revised basis. Such resolution shall be published and remonstrance period given as in the first instance. The improvement shall conform substantially to the plans and specifications adopted by the Council. [New sec. Nov. 8, 1966; am. Nov. 3, 1992; amended by Ordinance No. 190204, effective December 18, 2020.]

Section 9-502. Joint Construction with County.

The ~~Council~~ Mayor may take action ~~and proceedings~~ for the construction of any sewer or drain jointly with any County; ~~may levy and collect special assessments of benefits therefor; and~~ may enter into an agreement or agreements with any county for the construction, maintenance and use of sewers or drains and paying the cost thereof; The Council may levy and collect special assessments of benefits for any sewer or drain constructed jointly with any County; may issue bonds to finance that portion of the cost agreed to be chargeable to property outside of the City; may do all other things necessary or proper to provide for the construction of sewers or drains when the design, plan or method of construction will render them beneficial to property both within and without the limits of the City; and may perform all acts necessary to implement statutes relating thereto. [Sections 95-1818 to 95-1846 O.C.L.A.; June 4, 1917, new sec. 275a; 1928 pub., sec. 275a; 1942 recod., sec. 9-501; rev. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-503. Issuance and Sale of Bonds.

Bonds may be issued and sold after construction of any such sewer or drain has been authorized, and each bond issue shall be limited to an amount that does not exceed the portion of the cost of such sewer or drain agreed upon with the County as the amount justly and equitably to be borne by property lying beyond the City limits. Such bonds shall not be issued for longer than twenty (20) years, and may be general obligations of the City. No bonds shall be

issued when the total of such bonds then outstanding would exceed five hundred thousand dollars (\$500,000). In lieu of issuing bonds, the Council may provide for financing part or all of the cost agreed upon as chargeable to property outside of the City from City funds. The Council has authority to levy and collect an assessment against the property benefitted by any sewer or drain lying beyond the City limits whenever that property is included within the City limits, if no previous assessments therefor have been made on the property, and to apply the money so collected toward payment of such bonds, or to reimburse the City for any payment, expenditure or advancement for such sewer or drain. Any agreement with the County may provide for the levy and collection by the County of an assessment against property whenever the sewer or drain may immediately benefit the property because of construction of an extension, lateral, branch, or otherwise. [June 4, 1917, new sec. 275b; 1928 pub., sec. 275b; 1942 recod., sec. 9-502; rev. Nov. 8, 1966; am. Nov. 3, 1992.]

ARTICLE 6. OTHER IMPROVEMENTS.**Section 9-601. Fire Stops.**

As used in this Article, "fire stop" includes any fireproof wall or other device to prevent the spread of fire. The ~~Council~~City has authority by agreement or by condemnation to acquire property, easements and rights needed for the construction of fire stops; to perform the work of erecting fire stops either by direct employment of labor or by awarding contracts; and to provide for the payment of the costs thereof by the levy and collection of local assessments according to benefits for the improvement. Before fire stops are constructed an estimate shall be made of the probable cost and of the probable saving in fire risks and insurance expenses. Where a fire stop is to be constructed at the expense of property benefitted and assessed therefor, the ~~Council~~City shall take proceedings similar to those required for constructing sewers. The method of making and collecting assessments shall be the same as for other local improvements. The cost of acquiring property, easements or rights shall be included in the cost of the fire stop. [June 7, 1915, new sec. 294; 1928 pub., sec. 294; 1942 recod., sec. 9-601; rev. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-602. Lighting Districts.

Whenever the owners of fifty percent or more in area of the property within any district make and file with the Auditor a petition to establish a special street lighting system within that district, the ~~Council~~City has authority to install, operate and maintain such a system as a local improvement and to furnish electrical current therefor. The improvement may include initial installation, continuance or change of an existing installation, substitution of different materials or special styles or locations of lights or related facilities within the district, replacements, or any combination of those items. The ~~Council~~Mayor may award contracts for all or a portion of the work, maintenance or electrical energy. The Council may levy and collect local assessments on property benefitted thereby for all or a portion of the cost. The Council may authorize contribution from City funds to the cost of energy, operation and maintenance in the amount it finds an appropriate allowance for regular street lights rendered unnecessary by the special lighting system. Whenever all or part of the cost of a system is to be assessed to property benefitted, the Council shall take proceedings similar to those required for street improvement districts. [Nov. 4, 1924, new sec. 338; 1928 pub., sec. 338; 1942 recod., sec. 9-602; rev. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-603. Other Local Improvements.

When the Council determines that a local improvement as defined by this Charter or by ordinance affords a special and peculiar benefit to property within a particular district different in kind or degree from that afforded to the general public, the Council may classify it as a local improvement and provide for the payment of all or a portion of the cost thereof by levy and

collection of local assessments on the property benefitted. The procedure for street improvements shall be followed. Jurisdiction of the Council shall depend upon the extent and strength of remonstrance; provided, however, if the Council determines that the public health or public safety demands immediate construction, the Council may overrule any and all remonstrances and shall proceed as provided for sewer improvements. The Council may combine in one proceeding a street improvement, sewer improvement, street lighting improvement, and any other improvement allowed by this Charter. [New sec. Nov. 8, 1966; am. Nov. 3, 1992.]

ARTICLE 7. ASSESSMENTS AND COLLECTIONS.**Section 9-701. Assessment District.**

If the Council finds that a particular lot, tract, or parcel of land within the boundaries of a local improvement assessment district does not in fact receive any special and peculiar benefit from that improvement, it may exclude that property or show the assessment at zero (0) when apportioning costs of the local improvement in accordance with benefits and spreading the assessment. [New sec. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-702. Procedures for Assessments; Assessments Confirmed.

The Council shall establish procedures by ordinance for the estimated assessment, assessment, and reassessment of benefitted properties. An assessment shall not exceed the apportioned share of actual costs nor exceed the amount of the benefits. Each parcel of land shall be considered benefitted by the local improvement to the full amount of the assessment levied on it. Delays, mistakes, errors or irregularities in any act or proceeding in an improvement, in notices, in entry of assessment or in any related matter shall not prejudice or invalidate any final assessment, but the defect may be corrected by subsequent action. [New sec. Nov. 8, 1966; am. Nov. 3, 1992.]

Section 9-703. Assessment Lien; Payment.

The docket of City liens is a public writing, and from the date of entry of any assessment, the sum entered is a lien upon the land against which it is entered. Assessment liens shall have priority over all other liens and encumbrances. The sum assessed for a local improvement shall be due and payable from the date of entry upon the lien docket, and if not paid or bonded as provided by law within thirty (30) days from that date, the amount of assessment then shall be delinquent and shall bear interest at the rate fixed by ordinance from the date of assessment. [am. Nov. 3, 1992.]

Section 9-704. Delinquency and Sale for Unpaid Assessments.

The Treasurer shall proceed to collect the unpaid assessments by advertising and selling the assessed land in the manner provided by State law or City ordinance. Rates of penalty and interest shall be determined by ordinance. The sale price shall include all assessment principal and interest due, penalties and charges due, and all costs associated with the sale of the property.

Whenever the market valuation for tax purposes of land assessed and subject to sale for collection of unpaid assessment exceeds the sum payable to the City of the unpaid assessment, interest and estimated costs plus the total of any past due taxes by twenty-five percent or more

of the City and tax liens, the Treasurer may, subject to general guidelines of ~~the Commissioner In Charge and/or~~ the Council, withhold or withdraw such property from public sale and in lieu thereof may sell the property by private sale to the City upon payment by the City from the Assessment Collection Fund, elsewhere provided in this Charter, of the unpaid assessment, interest and costs. If land is not valued for tax purposes, the market value estimated by the City shall be considered the market valuation for tax purposes under this Section.

The Treasurer shall report to the ~~Council~~ Mayor the sales and collections on delinquencies and the City official designated by ordinance shall make proper entries in the lien docket. Thereafter no transfer or assignment of any certificate of sale hereunder shall be valid unless entry of that transfer or assignment has been noted in the lien docket after appropriate filing with the City. In case any property remains unsold, that property again may be offered for sale in like manner. [New sec. Nov. 8, 1966; am. Dec. 14, 1971; am. May 20, 1986; am. Nov. 3, 1992.]

Section 9-705. Redemption.

The City ordinance authorizing sale of property for delinquent assessments and the notice of sale to persons with an interest in the property stating that the property has been sold shall clearly state the provisions for redemption of the property by the prior owner as provided by State law or City ordinance. [am. Nov. 3, 1992.]

ARTICLE 8. FINANCING LOCAL IMPROVEMENTS; BONDING.**Section 9-801. Applications for Bonding.**

Within thirty (30) days after notice of an assessment, deficit assessment or reassessment for a local improvement is first mailed, if the assessment exceeds a minimum fixed by the Council, the owner of the property assessed may file a written application to pay the assessment in installments. The application shall provide that the owner agrees to pay the assessment in installments including interest and charges as specified by the Council. The application also shall describe the applicant's property assessed for the improvement. [June 7, 1915, new sec. 278; 1928 pub., sec. 278; 1942 recod., sec. 9-701; rev. Nov. 8, 1966; am. May 20, 1986; am. Nov. 3, 1992.]

Section 9-802. Final Assessment Bond Lien Docket.

After the time expires for filing applications to pay assessments in installments, the City official designated by ordinance shall enter all applications received in a docket kept for that purpose under separate heading for each improvement. Thereafter, that docket shall stand as a bond lien docket in favor of the City for the amount of the unpaid assessments docketed therein, with interest on unpaid assessments at a rate determined by ordinance, against each parcel of land assessed, until the assessments and interest are paid. All unpaid assessments and interest are a lien upon each parcel of land in favor of the City, and that lien shall have priority over all other liens and encumbrances. [New sec. Nov. 8, 1966; am. May 20, 1986; am. Nov. 3, 1992.]

Section 9-803. Improvement Bonds.

After the bond lien docket is made up for the particular local improvement, the Council shall authorize by ordinance the issuance of bonds not exceeding the actual costs of the unpaid improvement assessments as shown on the bond lien docket. [New sec. Nov. 8, 1966; May 20, 1986; am. Nov. 3, 1992.]

Section 9-804. Installment Payments; Delinquency and Collections.

Bonded assessments shall be paid in installments, plus accrued interest, penalties, and charges, as specified by ordinance. If payment of any installment is delinquent thirty (30) days, the entire unpaid balance is immediately due and payable, and the installment contract may be declared void. The property owner may execute a new agreement as provided by City Code, or the City may collect the total amount due in the manner as provided by ordinance. Prior to sale of the property for collection, the owner may remove the property from the sale list in the manner provided by Code. [New sec. Nov. 8, 1966; am. May 20, 1986; am. Nov. 3, 1992; am. May 18, 1994.]

Section 9-805. Sinking Funds; Investment; Bond Reissuance and Rebonding.

After issuance of improvement bonds covering unpaid bonded assessment for a particular improvement, the City official designated by ordinance shall keep an account of money paid upon bonded improvement assessments separate from other City funds, as provided by ordinance.

Whenever improvement bonds issued upon bonded assessments are redeemable and it appears to the Council advantageous to redeem them, but money available in the sinking fund account is insufficient, the Council may transfer money from another sinking fund or sinking fund account as a temporary loan to the sinking fund account to be redeemed, to be repaid with interest at the rate fixed by the Council. The Council may authorize and provide for issuance and sale of new bonds upon bonded assessments to redeem outstanding bonds. Such new bonds shall be limited in amount to the amount of bonds to be redeemed from the proceeds, shall bear interest, be sold and be redeemable as provided in this Charter. In case of a temporary loan, if property owners fail to pay into the sinking fund a sufficient amount to repay the temporary loan, when needed, the Council shall provide money for repayment by the sale of bonds as provided in this Section. [New sec. Nov. 8, 1966; am. May 20, 1986; am. Nov. 3, 1992.]

Section 9-806. Assessment-Collection Bonds; Assessment Collection Fund.

To facilitate collection of delinquent assessments and to assist in financing local improvements, the Council may issue and dispose of bonds to be known as Assessment-Collection Bonds. The total amount of these bonds shall not exceed one million five hundred thousand dollars (\$1,500,000) outstanding at any one time. The bonds shall be general obligations of the City and shall be issued and sold in any denominations in the same manner as other bonds of the City. The rate of interest thereon shall not exceed the maximum rate permitted under State law, and their maturity shall not exceed twenty (20) years.

Money from the sale of the bonds, after paying from the proceeds the costs of advertising and sale, shall be deposited in a special fund known as the "Assessment Collection Fund," which may be used under Council direction for purchasing property by and in the name of the City at Treasurer's sale or other sale for City assessments, and at foreclosure sales for delinquent taxes, to protect the interest and rights of the City in the property. Net proceeds from the sale of property purchased from the Assessment Collection Fund shall be credited to that fund.

In selling property purchased from the Assessment Collection Fund, or Treasurer's certificates thereon, no transfer of certificate of sale or deed to the City shall be held void or insufficient because of any omission, error, defect or objection, jurisdictional or otherwise, in the assessment or other proceedings if, at some stage of the proceedings before assessment was made, notice was given, and if the description of the property in the certificate or deed is

reasonably sufficient to identify it. This provision is intended to be curative as fully as the people may enact, as to all matters affecting the validity of the certificate or deed. Every certificate of sale or deed shall be presumptive evidence of the regularity and sufficiency of all things affecting its validity. In any case where this curative provision is found insufficient, the money realized from the attempted sale shall be treated as not applying to the payment of the attempted assessment, and shall not discharge any obligation of the owner of the property to bear a fair and just proportion of the cost of the local improvement for which the attempted assessment was made. Proceeds from the attempted sale shall be refunded to the Assessment Collection Fund and the Council may make a reassessment against that property.

The Council may renew the Assessment Collection Fund from time to time by selling additional bonds, subject to the limitation in this Article on total amount.

The Council may provide for the sale and assignment of certificates of sale and the assignment or conveyance of the rights of the City in such property either before or after receiving the deed from the City Treasurer or from County officials; may provide for sale of the property under contract for not more than ten (10) years; may pay real estate commissions, court costs, legal and clerical services and all other expenses related to the purchase and clearance of title; may purchase or redeem any Treasurer's certificates of sale outstanding against the property; may pay any tax liens outstanding against the property; may transfer money from the Assessment Collection Fund to the General Fund, provided that provision is made for redemption of outstanding Assessment-Collection Bonds; may provide for waiving all or part of accrued penalties; and may pay any bonded or open liens outstanding against the property and cancel assessments against it; and may enact ordinances to give full effect to this Section.

The Assessment Collection Fund may also be used to purchase and hold warrants issued upon any special local improvement fund formed or to be formed. The face amount and interest on warrants so purchased shall be credited, upon payment, to the Assessment Collection Fund. [New sec. Nov. 8, 1966; am. Dec. 14, 1971; am. May 20, 1986; am. Nov. 3, 1992.]

It shall have power to provide payment for the whole or any part of local improvements constructed or done by the City directly under the provisions of this Section by assessment against the property benefited thereby.

Funds for the carrying out of this Section may be provided by issuing bonds as provided in Section 7-201 of this Charter or by the use of any moneys in the General Fund at the end of the fiscal year. [May 3, 1913, new sec. 59; rev. 1914, sec. 152; 1928 pub., sec. 152; 1942 recod., sec. 10-103.)

Section 10-104. Debt Limitation.

No indebtedness shall be incurred for the acquisition of any public utility under the provisions of this Charter, which, together with the existing bonded indebtedness of the City, shall exceed at any one time seven percent of the assessed value of all real and personal property in the City, but in estimating such bonded indebtedness, all bonds given for the acquisition or

construction of public properties and utilities the interest on which bonds is paid out of the earnings of said public utilities or properties, shall be excluded; provided, that whenever and for so long as such utility or undertaking fails to produce a sufficient revenue to pay all costs of operation and administration (including interest on the City bonds issued therefor and the cost of insurance against loss by fire, accidents, and injuries to persons), and an annual amount sufficient to pay at or before maturity all bonds issued on account of said undertaking, all such bonds outstanding shall be included in determining the limitation of the City's power to incur indebtedness, unless the principal and interest thereof be payable exclusively from the receipts of such undertaking. The City officer responsible for accounting shall annually report to the ~~Council~~Mayor, in detail, the amount of revenue from each such undertaking, and whether there is any, and if so, what, deficit in meeting the requirements above set forth. [Ch. 1903, sec. 88; rev. 1914, sec. 160; 1928 pub., sec. 160; 1942 recod., sec. 10-105; rev. Nov. 8, 1966; am. May 20, 1986.]

For that purpose they shall have the right to compel the attendance of witnesses and the production of books, papers and records, and of entry in person or by authorized agent upon any premises or places of any person or corporation engaged in the operation of a public utility. They shall have the power to control, regulate and order such changes, improvements, extensions, additional facilities, appliances or equipment in or upon the plant and property of any person or corporation operating public utilities within the City as may be deemed necessary to promote the public interest, convenience or safety, and to protect its employees in the construction, maintenance or operation of any such public utilities.

Every charge, rate, fare or compensation made, charged or demanded by any person or corporation engaged in the operation of a public utility within the City of Portland for any service rendered or to be rendered shall be just, fair and reasonable. The Council shall have the power to hear and determine what are just, fair and reasonable rates, fares and charges and to fix and limit such rates, fares and charges and for that purpose may make valuations of the property of any person or corporation engaged in the operation of a public utility within the City. To that end they shall make and enforce regulations providing that at the time of

construction or acquisition of any plant or property rendering a public service and of any improvement or additions thereto the person or corporation having charge thereof shall record with the City Officer responsible for accounting a description of all property which such person or corporation shall intend to present for such valuation and all later improvements when made, together with full information as to the cost thereof and vouchers supporting the same, to the end that a complete record of all property to be valued under this Section shall be at all times available. [May 3, 1913, new sec. 62; rev. 1914, sec. 156; 1928 pub., sec. 156; 1942 recod., sec. 10-107; rev. Nov. 8, 1966; am. May 20, 1986.]

Section 10-107. Quarterly Reports.

Every person or corporation operating a public utility within the City rendering service to be paid for wholly or in part by the users of such service shall keep full and correct books and accounts and make stated quarterly reports in writing to the ~~Council~~Mayor, verified by such person or an officer of the corporation, which shall contain an accurate statement in summarized form as well as in detail of all receipts from all sources and all expenditures for all purposes together with a full statement of all assets and debts including stock and bond issues as well as such other information as to the cost and profits of said service, and the financial condition of such grantee as the ~~Council~~Mayor may require. Such reports shall be public and a summary thereof shall be printed as a part of the City's annual financial report, and the ~~Council~~Mayor may inspect or examine, or cause to be inspected or examined, at all reasonable hours, any and all books of account and vouchers of such grantee.

Such books of account shall be kept and reports made in accordance with forms and methods prescribed by the ~~Council~~Mayor and so far as practicable shall be uniform for all grantees and holders of franchises, and shall, except for important and necessary changes, conform to such reports as are required by state or federal public utility commissions.

[May 3, 1913, new sec. 63; rev. 1914, sec. 157; 1928 pub., sec. 157; 1942 recod., sec. 10-108; rev. Nov. 8, 1966; am. May 20, 1986.]

Section 10-108. Orders, Rules, and Regulations.

The ~~Council~~City shall have power to make all orders, rules and regulations necessary or appropriate to carry into effect the powers granted and to make the same effective by penalties and forfeitures, and upon failure by any franchise holder to comply with any of the requirements of Section 10-107, 10-216, 10-213 or 10-214 of this Charter for a period of thirty (30) days after notice, the Council shall have power to declare by ordinance a forfeiture of the franchise under which any person or corporation so failing to comply is operating a public utility within the City of Portland.

Every such order, rule or regulation of the ~~Council~~City shall take effect at a time to be therein specified, and shall continue in force until modified or abrogated by the ~~Council~~City or modified, suspended or set aside by the decree or judgment of a court of competent jurisdiction.

Whenever any person or corporation against whom any rule, order or regulation is directed, as provided by the foregoing subdivision shall believe an order to be unjust or unreasonable, such person or corporation may test its justice or reasonableness by a proper action in the courts commenced within thirty (30) days after service of any such order, rule or regulation, and in such action such further order may be entered in the premises as shall be warranted by the facts developed upon the trial and the law applicable thereto. [May 3, 1913, new sec. 64; rev. 1914, sec. 158; 1928 pub., sec. 158; 1942 recod., sec. 10-109; rev. Nov. 8, 1966.]

Section 10-109. Bridges and Ferries.

All ferries now or hereafter owned or leased, and all bridges together with approaches and terminals, heretofore erected or leased, or hereafter to be erected or leased, by the City of Portland across the Willamette River shall be operated by the county of Multnomah, as now provided by law, or as may hereafter be provided by law at the expense of said county of Multnomah. No exclusive franchise or privilege shall be granted to any person, firm or corporation, for the use of the whole or any part of such bridges, approaches or terminals. All privileges or franchises that may be granted by the City of Portland for the use of the whole or any part of such bridges, approaches or terminals shall be for a term not exceeding twenty-five (25) years, and the compensation to be paid the City by any person, firm or corporation desiring to use such bridges for the operation of cars thereover, shall be not less than three cents (\$.03) per car for each and every car that crosses such bridges in each direction. Said rental shall be paid at the end of each calendar month to the City Treasurer. The Council shall specifically reserve in any franchise granted over any of said bridges the right to reasonably regulate the number and routing of cars across any such bridges. [Nov. 2, 1912, new sec. 118-3/4; rev. 1914, sec. 184; 1928 pub., sec. 184; 1942 recod., sec. 10-110; rev. Nov. 8, 1966.]

ARTICLE 2. FRANCHISES.**Section 10-201. Control by Charter Provisions.**

Every franchise hereafter granted shall be expressly subject to all the provisions of the foregoing sections and the power of control and regulation as authorized by such sections cannot be limited, divested or granted away. Subject to the initiative and referendum such power of control and regulation shall be exercised by the Council and may be exercised by the Council through its agents. [May 3, 1913, new sec. 65; rev. 1914, sec. 159; 1928 pub., sec. 159; 1942 recod., sec. 10-201.]

Section 10-202. Property Nature of Franchises.

Section 10-203. Authorization of Industrial Tracks.

The ~~Council~~ Mayor shall have power on application or assent in writing of the owners of a majority part in extent of the lots or tracts of land fronting on each side of that portion of any street or part of a street on which it is desired to construct railroad tracks for spurs, sidings or switches, other than those for street railways, to grant revocable permits for the use of streets for that purpose, subject to sections 10-108 and 10-206 of this Charter. [Ch. 1903, sec. 102; am. May 3, 1913, new sec. 68; rev. 1914, sec. 167; 1928 pub., sec. 167; 1942 recod., sec. 10-203.]

Section 10-204. Agreements with Railroads.

The Council shall have power and authority by ordinance duly passed to agree with any corporation, firm or person constructing a commercial railroad and desiring to enter the City, upon the extent, terms and conditions upon which the streets, alleys, or public grounds of the City may be appropriated, used or occupied by such railroad and upon the manner, terms and conditions under which the cars and locomotives of such railroad may be run over and upon such streets, alleys and public grounds; such agreement shall be subject to the provisions and requirements of sections 10-101 to 10-103, 10-105 to 10-108, 10-201 to 10-209, 10-212 and (e) and (f) of Section 10-210 of this Charter.

No exclusive right for the aforesaid purposes shall be granted to any corporation, firm or person and the use of all such rights shall at all times be subject to regulation by the ~~Council~~ City.

In addition to the other requirements of this Charter every ordinance granting such right shall be upon the condition that such grantee shall allow any other railroad company to use in common with it the same track or tracks throughout their entire length between the extreme limits for which the franchise is granted including any private rights of way which may intervene upon obtaining the consent of the Council expressed by ordinance prescribing the regulations for such use, and the compensation therefor, each paying an equitable and proper proportion of the construction, maintenance and repair of the tracks and appurtenances and any private right of way used by such railroad companies jointly, such proportion to be fixed by the Council. [Ch. 1903; sec. 103; am. May 3, 1913, secs. 69 and 70; rev. 1914, secs. 168 and 169; 1928 pub., secs. 168 and 169; 1942 recod., sec. 10-204.]

Section 10-205. Limited Time.

Franchises may be granted for a limited time in and upon the streets, highways and public places and property of the City of Portland, in the manner and subject to the conditions hereinafter contained. [May 3, 1913, new sec. 71; rev. 1914, sec. 170; 1928 pub., sec. 170; 1942 recod., sec. 10-205.]

Section 10-206. Nonexclusiveness.

No exclusive franchise shall be granted nor shall any franchise, lease or rights be granted for a longer period than twenty-five (25) years. [May 3, 1913, new sec. 72; rev. 1914, sec. 171; 1928 pub., sec. 171; 1942 recod., sec. 10-206.]

Section 10-207. Method of Granting.

Every franchise shall be embodied in an ordinance, which shall contain all the terms and conditions of the proposed grant, and shall be filed with the Auditor. Thereupon such proposed ordinance shall be published in full, once in the City official newspaper. There shall also be published, in a conspicuous place in such daily newspaper of the City having a circulation in excess of fifteen thousand (15,000), as the Council may direct, a notice prepared by the Auditor, that an application has been made for a franchise, giving the name of the applicant, the character and location of the proposed grant, and requesting any person having any objections to such proposed franchise or any provisions thereof to file the same in writing with the Auditor within twenty (20) days from the first publication of such notice. If the request is made therefor, the Council shall fix a time for a hearing upon such objections and give reasonable notice of the time thereof and not less than five (5) days. All of such publications and notices shall be at the expense of the applicants for such franchises.

Such ordinances shall not come up for first reading until after the expiration of the said twenty (20) days.

If such ordinance shall be amended, it shall be republished in the City official newspaper in full as amended.

No such ordinance granting a franchise shall be put on final passage within thirty (30) days after the first reading nor within twenty (20) days after any amendment thereto, and the affirmative vote of ~~four (4) Commissioners~~ nine (9) Councilors shall be required to pass the same. [May 3, 1913, new sec. 73; rev. 1914, sec. 172; 1928 pub., sec. 172; 1942 recod., sec. 10-207.]

Section 10-208. Effective Date.

No franchise shall take effect until sixty (60) days after its passage unless it shall receive a majority of the votes cast thereon at a referendum election held for that purpose within a less time. The filing of a petition for referendum shall defer the taking effect of a franchise until after the election. A petition signed by two thousand (2,000) registered voters shall be sufficient to call a referendum upon any franchise ordinance. [May 3, 1913, new sec. 74; rev. 1914, sec. 173; 1928 pub., sec. 173; 1942 recod., sec. 10-208.]

Section 10-209. Specific Conditions.

Every franchise granted by the City of Portland shall contain full and explicit statements of its conditions in the following particulars:

- (a) In case of railroads and street railways it shall specify plainly the streets or other public places or parts thereof to which they apply. Any other franchises shall state the boundary of the district or districts within which they shall be exercised.
- (b) The amount and manner of payment of the compensation to be paid by the grantee for the right. The ~~Council~~ City shall make an estimate of the cash value of any franchise upon the filing of the application, or an estimate for what it may consider fair compensation to the City for such franchise, and the same shall be entered upon the minutes of the proceedings of the Council and published with the published copy of the franchise. In lieu of a money valuation the ~~Council~~ City may ~~at its option~~ declare what will be a reasonable reduction of fares, rates or charges, either at the beginning or progressively from time to time, to be made by the grantee in compensation for the grant.
- (c) The time of beginning the construction or other work thereunder, the estimated total cost of such work, the monthly or yearly sums of money to be expended thereon, and in case of franchises to transportation companies or other franchises covering certain streets or portion of streets, the time within which the work under such franchise shall be completed upon such streets or portions of streets, respectively.

- (d) Every grant of a franchise which provides for or permits the changing of rates, fares or charges shall contain a provision fixing the maximum that the holder can collect for services rendered by virtue of said franchise and the operation of the plant or property thereunder; subject, however, to the power of regulation prescribed in Section 10-108 of this Charter.

Rates, however, shall always be uniform to all persons of like classes, under similar circumstances and conditions.

[May 3, 1913, new sec. 75; rev. 1914, sec. 174; 1928 pub., sec. 174; 1942 recod., sec. 10-209.]

Section 10-210. Conditions and Restrictions.

Every franchise granted by the City shall be subject to the conditions and restrictions hereinafter provided, to wit:

- (a) That the City may in lawful manner and upon the payment of a fair valuation lawfully ascertained, purchase, condemn, acquire, take over and hold the property and plant of the grantee in whole or in part; if such purchase or taking over be at the expiration of the term of the franchise such valuation shall not include any sum for the value of the franchise or grant under which such plant and property is being operated.
- (b) That upon payment by the City of Portland of a fair valuation, as above stated, the plant and property so acquired shall become the property of the City without formal execution of any instrument of conveyance; provided, however, the City may at its option compel the execution to it of an instrument of transfer and conveyance.
- (c) That upon the acquisition of any such plant or property the right of the holder of any such franchise pursuant to which such plant or property was operated shall cease and determine, and the acquisition by the City of any such property or plant shall operate to divest the holder of any such franchise of all right, title and interest therein.
- (d) No franchise shall be granted without fair compensation to the City therefor, either by way of direct payment or by reduction of rates, fares or charges, and in addition to the other forms of compensation to be therein provided, the grantee may be required to pay annually to the City such part of its gross receipts as may be fixed in the grant of said franchise. This provision shall not exempt the holder of the franchise from any lawful taxation upon its property nor from any license, charge or imposition not levied on account of such use.

- (e) Every franchise and all things constructed thereunder or used in connection therewith, other than rolling stock and power, shall be subject to common use by any person or corporation, including the City, operating a similar public utility whenever it shall be advantageous to the public upon payment or tender of fair compensation for such use. The compensation for the franchise itself shall be payable only to the City and not to the holder of the original franchise.

The ~~Council~~City shall have power to determine what is a fair compensation and to regulate the manner of such use subject to judicial review, but no judicial proceedings shall suspend or postpone such use if the person or corporation desiring such common use shall deposit in the court such sum as the court on a preliminary hearing may determine.

Such compensation shall not include any remuneration for the franchise or rights conferred by the City, except that the new user may be required to pay a ratable part of any tax or public charge imposed upon the original grantee by reason of said franchise, in addition to such other payment to the City as the ~~Council~~ City may deem equitable.

- (f) The holder for the time being of any franchise to construct or operate railways in the streets or public places shall keep those portions of streets or other places occupied by such holder in good order, as required by the ~~Council~~City, and shall pave, improve, or repair and maintain from time to time in the manner and within the time directed by the ~~Council~~City, that portion of the street occupied by it lying between the rails of any track and extending one foot outside of such rail and portion of the streets lying between the tracks.

In addition any franchise granted to any street or other railroad, for the operation thereof, may provide that the holder thereof for the time being shall pave, repave and keep in repair at the time and in the manner required by the ~~Council~~City any street or part thereof used pursuant to such franchise for the whole or any part of the entire width of the street.

Failure or neglect upon the part of any holder of a franchise to do the work in the manner and within the time required by the ~~Council~~City, shall constitute an offense punishable by a fine of not less than ten dollars (\$10) nor more than one hundred dollars (\$100) for each and every day such refusal or neglect shall continue.

[May 3, 1913, new sec. 78; rev. 1914, sec. 177; 1928 pub., sec. 177; 1942 recod., sec. 10-210.]

Section 10-211. Additional Conditions.

The enumeration and specification of particular matters which must be included in every franchise granted shall not be construed to impair the right of the City to insert in such franchise such other and further conditions and restrictions as the Council may deem proper for the public welfare. [May 3, 1913, new sec. 77; rev. 1914, sec. 176; 1928 pub., sec. 176; 1942 recod., sec. 10-211.]

Section 10-212. Written Acceptance.

Every grantee of any franchise, right or privilege shall within thirty (30) days after the ordinance granting the same shall be enforced, file with the City ~~Auditor~~Recorder a written acceptance of the same, and a failure on the part of the grantee to file such written acceptance within the time specified shall be deemed an abandonment and rejection of the rights and privileges conferred, and the ordinance granting the same shall thereupon be null and void; such acceptance shall be unqualified and shall be construed to be an acceptance of all the terms, conditions and restrictions contained in the ordinance granting the same. [May 3, 1913, new sec. 76; rev. 1914, sec. 175; 1928 pub., sec. 175; 1942 recod., sec. 10-212; am. May 20, 1986.]

Section 10-213. Statements.

Within ninety (90) days after this Charter shall take effect, the holder of any franchise shall file with the Auditor a full and correct statement of the franchise, rights and privileges owned or claimed to be owned, and shall designate the same by the numbers and titles of the ordinances by which such franchises were granted, and any holder of any franchise, on failure so to do, shall be guilty of an offense punishable by a fine of not less than ten dollars (\$10) and not more than one hundred dollars (\$100) per day while such refusal or neglect continue. The holder of every franchise, and the grantees of every franchise hereafter granted, on sale, transfer, mortgage or lease being made of such franchise, shall within sixty (60) days thereafter file with the Auditor a copy of the deed, agreement, mortgage, lease, or other written instrument evidencing such sale, transfer or lease, certified and sworn to as correct by the grantee, in person, if an individual, or by the president or secretary or authorized agent, if a corporation.

Every sale, transfer, mortgage or lease of such franchise, whether voluntary or involuntary, shall be deemed void and of no effect unless the grantee shall, within sixty (60) days after the same shall have been made, file such certified copy as required by this Section and consented to as provided in Section 10-216 of this Charter, also unless the Council agrees to such sale by an ordinance expressly passed for that purpose, as provided by Section 10-216.

The Auditor shall file all such documents and shall make and keep an index of the same in a book to be kept by the Auditor for that purpose, which book shall be a part of the public

records of the City. [May 3, 1913, new sec. 80; rev. 1914, sec. 179; 1928 pub., sec. 179; 1942 recod., sec. 10-213.]

Section 10-214. Records.

The City officer responsible for accounting shall keep a separate record for each grantee of a franchise from the City rendering service to be paid for wholly or in part by users of such service, which record shall show in the case of each such grantee:

1. The true and entire cost of construction, of equipment, of maintenance and of the administration and operation thereof; the amount of stock issued, if any; the amount of cash paid in, the number and par value of shares, the amount and character of indebtedness, if any; the rate of taxes, the dividends declared; the character and amount of all fixed charges; the allowance, if any, for interest, for wear and tear or depreciation; all amounts and sources of income.
2. The amount collected annually from the City treasury and the character and extent of the service rendered therefor to the City.
3. The amount collected annually from other users of the service and the character and extent of the service rendered therefor to them. Such books of record shall be open to public examination at any time during City business hours. Such information, in addition to any further data which may be required by the City, under this Charter, shall be furnished by the grantees or holders of such franchises upon request, and at such grantee's own cost and expense.
4. In case any grantee or holder of a franchise fails or refuses to furnish such information when requested so to do on petition being presented on behalf of the City to the circuit court, such court shall have jurisdiction to compel such grantee or owner to furnish such information and tax the costs of such application against the defendant in such proceedings and in addition may impose a fine of not less than twenty-five dollars (\$25) nor more than five hundred dollars (\$500) for every such offense. All fines collected under this Section shall be paid into the General Fund. The procedure on such application shall be as far as possible analogous to that on mandamus.

[May 3, 1913, new sec. 81; rev. 1914, sec. 180; 1928 pub., sec. 180; 1942 recod., sec. 10-214; am. May 20, 1986.]

Section 10-215. Nonabandonment.

No abandonment, nonuser or failure to comply with the terms of the franchise shall release the holder from any of the obligations thereof without the consent of the City expressed by ordinance which shall be subject to the referendum. Notwithstanding such abandonment the provisions of the franchise may be enforced, but upon abandonment, nonuser, or failure to comply with any of the terms of the franchises, the City may by ordinance declare a forfeiture, whereupon all rights of the holders of the franchise shall immediately be divested without a further act upon the part of the City, and in case of a franchise for occupancy of streets, the holder shall be required notwithstanding such forfeiture, to remove its structures or property from the streets and restore the streets to such condition as the ~~Council~~ City may require or as may be stipulated in the grant; and upon failure to do so the City may perform the work and collect the cost thereof from the holder of the franchise. The cost thereof shall be a lien upon all the plant and property of the holder of the franchise, prior to any other lien except that of City assessments or general tax, and the City may collect the same as a City assessment or in any other lawful manner. [May 3, 1913, new sec. 83; rev. 1914, sec. 182; 1928 pub., sec. 182; 1942 recod., sec. 10-215.]

Section 10-216. Assignments.

No franchise shall be sublet or assigned, nor shall any of the rights or privileges thereby granted or authorized be leased, assigned, sold or transferred without the consent of the City expressed by ordinance which shall be subject as other ordinances to the referendum. [May 3, 1913, new sec. 79; rev. 1914, sec. 178; 1928 pub., sec. 178; 1942 recod., sec. 10-216.]

Section 10-217. Forfeiture.

All franchises or privileges heretofore granted by the City which are not in actual use or enjoyment or which the grantee thereof has not in good faith commenced to exercise within the time required by the terms thereof are hereby declared forfeited and of no validity. This Charter shall in no wise validate any contract, privilege or franchise not heretofore a legal and valid obligation of the City. [May 3, 1913, sec. 82; rev. 1914, sec. 181; 1928 pub., sec. 181; 1942 recod., sec. 10-217.]

Section 10-218. Common Transportation Terminal.

It shall be the policy of the City of Portland to create a common transportation terminal, both land and water, embracing both sides of the harbor for its full extent in the City, which shall be subject to entry and use throughout its full extent by all common carriers on equal terms, as far as the property, rights and jurisdictions of the City may apply to secure same; and all such property, rights and jurisdictions of the City within one thousand (1,000) feet of meander line specified in Section 1-104 of this Charter shall be subject to use and demands for such common

terminal purposes and needed connecting roadways, tracks and appurtenant facilities; provided that the public docks may be furnished with warehouses subject to lease.

All proposed franchises, grants, privileges, and public improvements and other improvements as far as the jurisdiction of the City may extend, affecting such territory must be considered in relation to said common terminal and adapted thereto in a systematic way, and shall to that end be submitted to the City Engineer and the official or officials in charge of the public docks for approval. Without the approval of these, it shall require ~~a four-fifths~~ the affirmative vote of the Council at least nine (9) Councilors to pass such measure. If the Council pass such measure without the approval aforesaid, the Mayor shall have the measure placed upon the ballot at the next ensuing regular election for approval or rejection by the people.

No grant or franchise affecting this territory shall confer any superior right that may operate to defeat the purpose of this act to protect the common access on equal terms in said territory and any provision in any grant or franchise contrary to said purpose shall be null and void.

The purpose of this act is to provide connections for and means of interchange of traffic upon the lines or tracks of all common carriers, public or private, with the greatest facility and economy and the least obstruction, inconvenience and cost possible. The City Engineer and the official or officials in charge of the public docks shall at once draw up such plan and elaborate and extend it from time to time to meet the purpose of this act as public needs develop.

In pursuance of the policy established by this amendment, the Mayor shall cause to be made an inventory of all public properties and rights within the one thousand (1,000) foot limit defined herein, and to have said properties defined and recorded, especially between meander and harbor lines, and utilize the same to the fullest possible extent in the development of the terminal plan herein provided for. And where, in such development, the City may lack jurisdiction for control, the Mayor and Council are required to use, under wise discretion, their best efforts to secure the jurisdiction and control necessary.

All acts and parts of acts in conflict with this act are hereby repealed. [June 2, 1913, new sec. 93-1/2; rev. 1914, sec. 183; 1928 pub., sec. 183; 1942 recod., sec. 10-218.]

ARTICLE 3. PERFORMANCE OF PUBLIC WORKS.**Section 12-301. Contract or Direct Labor on Public Work.**

Subject to other requirements of this Charter, the ~~Council~~Mayor may enter into contracts ~~if~~the Mayor finds in the public interest, for the design, construction, reconstruction, alteration, remodeling, repair or maintenance of any public work, improvement, facility or structure, including any local improvement, or may at ~~at~~the Mayor's option directly employ labor for this purpose or any portion thereof or function connected therewith. The ~~Council~~Mayor may by practice or regulation classify various improvements and functions, some of which may be performed under contract and others of which may be performed by direct labor. [New sec. Nov. 8, 1966.]

Section 12-302. Production of Materials.

The ~~Council~~Mayor may provide for the manufacture, compounding, mixture or production of any products, materials or supplies for use in public works, improvements or facilities, including local improvements, whether used by the City directly or by its contractor or contractors, but no such product, materials or supplies shall be sold to private persons for use in private enterprises in competition with private businesses. [New sec. Nov. 8, 1966.]

CHAPTER 13 - CHARTER REVISION AND INTERPRETATION

ARTICLE 1. REPEALS, AMENDMENTS AND RE-ENACTMENTS.

Section 13-101. Effect of Repeal, Amendment and Substitution.

When a particular grant of authority contained in the Charter subsequently is removed, expressly or by implication, the prior grant of authority nevertheless shall continue in force unless specifically forbidden, to the following extent: if the City has contracted with another person under such authority, if the City has begun a public work, facility, structure, project or program pursuant thereto and termination would entail risk of City liability for damages, or if the ~~Council~~Mayor finds that third persons have materially changed their position in reliance upon ~~Council~~City action thereunder, then the authority previously contained in the Charter shall continue until the contract, public work, facility, structure, project or program is completed, or the action carried out.

When a particular procedure is changed, expressly or by implication, proceedings pending or in process under the prior procedure may continue as though unchanged, or the ~~Council~~City may use the changed procedure for the balance of the proceedings after the change, or the ~~Council~~City may use the prior procedure in part and the changed procedure in part, as it finds appropriate or convenient. [New sec. Nov. 8, 1966.]

Section 13-102. Continuance of Original Charter Provisions as Ordinances.

Ordinance provisions originally included in a Charter, subsequently continued as ordinances and not amended, repealed or superseded, shall continue in full force and effect as ordinances until amended, repealed or superseded by the Council. Reinclusion of the same authority or procedure in the Charter removes authority of the Council to affect them. [May 3, 1913, part of new sec. 96; 1914 rev. sec. 283; 1928 pub. sec. 283; 1942 recod., sec. 12-103; rev. Nov. 8, 1962.]

Section 13-103. Procedural Ordinances.

When a Charter provision is to be implemented by general ordinance, lack of general ordinance setting forth the procedural steps shall not prevent an improvement, work or act. Existing ordinances may be followed so far as applicable, and the Council may, by resolution or ordinance relating to that improvement, work or act, carry out the public purpose by resolution or ordinance recognizing and approving the procedure followed. Lack of a general procedural ordinance shall not impair the validity of the proceedings. A subsequent general ordinance need not follow the same procedure.

In following procedures provided in this Charter, the Council by ordinance may fix additional procedures in any matter for which the procedures provided in this Charter are incomplete or silent. [New sec. Nov. 8, 1966.]

ARTICLE 2. CONSTRUCTION AND INTERPRETATION.**Section 13-201. Restrictions and Limitations.**

Any restriction or limitation imposed on the authority of the Council by Charter provision, applies only as its language explicitly and necessarily requires. Simultaneous or subsequent specification of authority is not exclusive and does not impair other or general authority and power granted by existing or future Charter provisions, by statute or by general law. Specification of procedures does not exclude other or alternative procedures unless expressly stated to be exclusive. The City has authority to carry out general or special powers expressed or implied by Charter, statute or general law, as the ~~Council~~City finds necessary or convenient. This Section applies, unless expressly negated, to all present and future Charter provisions. [New sec. Nov. 8, 1966.]

Section 13-202. Intent of Reinclusion of Former Charter Provisions.

Whenever a provision in a City Charter has been continued as an ordinance provision and subsequently reincluded in the Charter without substantive change, the reincluded provision shall be a continuance of the prior Charter provision to the extent of its reinclusion as though continued in the Charter without interruption. [New sec. Nov. 8, 1966.]
