SE Stark St:
111th - 151st Ave Project

Public Works Committee | September 22, 2026

PBOT
PORTLAND BUREAU OF TRANSPORTATION

Background and Project Location

Outer SE Stark is designated as a high crash corridor. PBOT has been working to address safety for all modes on the corridor since 2018.

PBOT was awarded a grant through the ODOT All Roads Transportation Safety (ARTS) Program as part of the 2024-2027 funding cycle to address high incidence of pedestrian and turning crashes on SE Stark between SE 108th and SE 162nd.

Project scope for this ARTS project includes enhanced pedestrian crossings at six key intersections on SE Stark (SE 111th, 119th, 128th, 137th 141st and 151st).

Schedule and Funding

Project Schedule:

Design Engineering Phase:	through summer 2027
Ad/bid/Award:	fall 2027
Construction Start:	spring 2028

Funding:

Federal (ODOT ARTS Grant):	$1.3 million
Local Funding (GTR, FOS):	$1.0 million
Total Project Budget:	$2.3 million

Public Engagement

PBOT conducted 18-month public engagement process between 2019 and 2021 to identify community priorities for safety improvements along the corridor.

Ongoing public engagement during the design phase for all capital projects on the corridor.

Outreach to the surrounding community, adjacent property and business owners, partner organizations and neighborhood coalitions will continue through the construction phase.

Right of Way (ROW)

- Easement acquisitions are required from two (2) property owners, consisting of two (2) temporary construction easements that will support construction activities.

- PBOT is seeking authority to initiate negotiations and extend offers of just compensation to property owners for acquisition of necessary easements. If negotiations are unsuccessful, the City may proceed with condemnation to obtain these easements.

- All affected property owners have been notified via certified mail of the City's intent to acquire the required property rights and of the scheduled Public Works Committee and Council meetings.
