I. Creation.

The Commission was created on June 7, 2025, by Portland City Code 3.136.

II. Frequency of Meetings.

The Commission aims to meet monthly.

City staff will make every effort to eliminate barriers to Commissioner participation. Efforts will include scheduling meetings that accommodate Commissioners' schedules to ensure the maximum participation possible, conducting check-ins with Commissioners on their level of participation, and offering access to tools that encourage participation. If needed, Commissioners may receive childcare or technology to ensure that they are able to participate in meetings.

III. General Operating Procedures.

A. Quorum. Simple majority of Commissioners: 50% plus 1.

B. Voting. A quorum of voting Commissioners is necessary to make decisions that represent the position of the Commission and to fulfill any other responsibilities. Proxy/absentee voting is not allowed.

C. Modified Consensus Decision Making. Meetings will be conducted to foster collaborative decision-making to honor, respect, and give all viewpoints appropriate time and consideration. To make a decision on any proposal, amendment, or matter:

1. Staff or facilitators will call each agenda item and notify the Commissioners when an agenda item requires voting.

2. Staff or facilitators will provide a briefing or background on the agenda item that requires voting, then open time for Commissioner discussion and questions.

3. When discussion and questions are concluded, Commissioners can make a proposal to vote. Staff or facilitators will call a vote.

4. Commissioners will use a modified consensus decision making process with three options:

   i. Affirmative: The Commissioner agrees with the proposal.

   ii. Stand aside: Affirmative, but with stated and unresolved concerns. The Commissioner has concerns with the proposal but is willing to implement it if the proposal moves forward. The Commissioner will have time to briefly state their concerns before/after the vote, and their concerns will be recorded in the minutes.

   iii. No: The Commissioner does not agree with the proposal and has serious concerns.

5. Passage: An item passes when the votes cast as "affirmative" and "stand aside" are equal to or greater than the simple majority. In the case of a vote that leads to a tie vote, the Chief Sustainability Officer will be called to break the tie.

D. Use of Technology to Facilitate Meetings. Zoom Webinar is used to fulfill Oregon Public Meeting and Records laws. Commissioners are panelists on Zoom that have access to the chat to propose amendments and provide information. All chat activities will be a part of meeting minutes.
