S2090 R9-3A This sign is intended to establish a crossing prohibition where crossing would otherwise be legal. It is normally used at intersections where geometrics or signal operations are such that closing one or more crosswalk would improve pedestrian safety and traffic operations. Positive guidance signs may be used as an alternative or supplement to PEDESTRIANS PROHIBITED. Two signs may be mounted back-to-back parallel to the street where the crossing is prohibited, such that one sign faces the sidewalk area and the other faces across the street. Sign assemblies should be placed on both sides of the street. On the near side, a PEDESTRIANS USE MARKED CROSSWALK sign may be used instead	[PEDESTRIANS PROHIBITED symbol]		18x18 SQUARE BLACK/RED/WHITE
S2092 Used since 01/12/2012 This sign is used by TriMet where ped crossings of tracks are prohibited - most often at intersections where existing legal crosswalks are closed by light rail.	[NO PEDS CROSSING TRACKS symbol]		18x18 SQUARE BLACK/RED/WHITE Jennifer Tower
