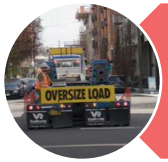
The 10 TSP Programs



Freight Priority

Transportation + Parking Demand Management

Transportation System Management

Transit Priority

Safe Routes to School

Alternative Street Design

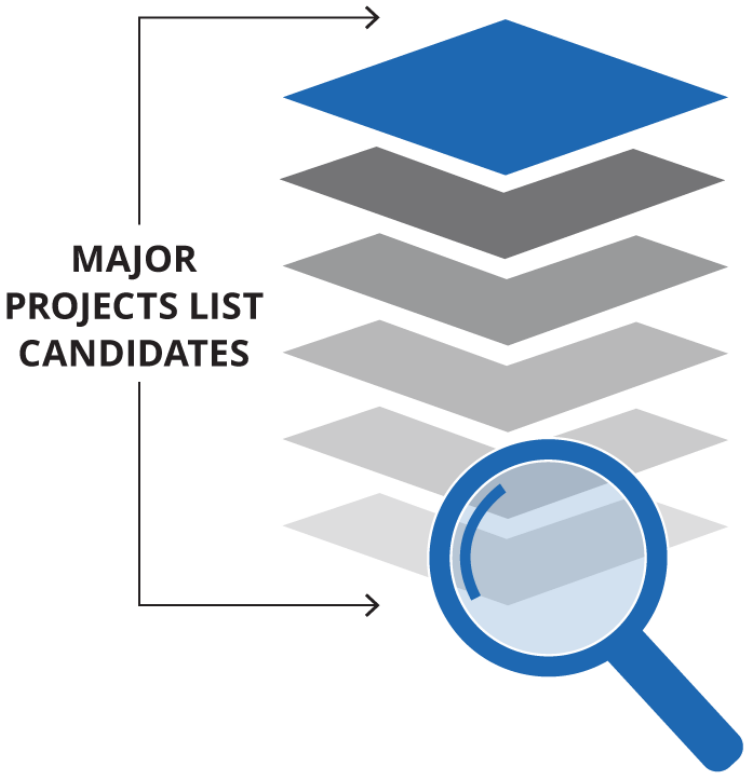
High Crash Corridor

Bikeway Network Completion

Pedestrian Network Completion

Neighborhood Greenways

Developing the **TSP financially constrained projects list**



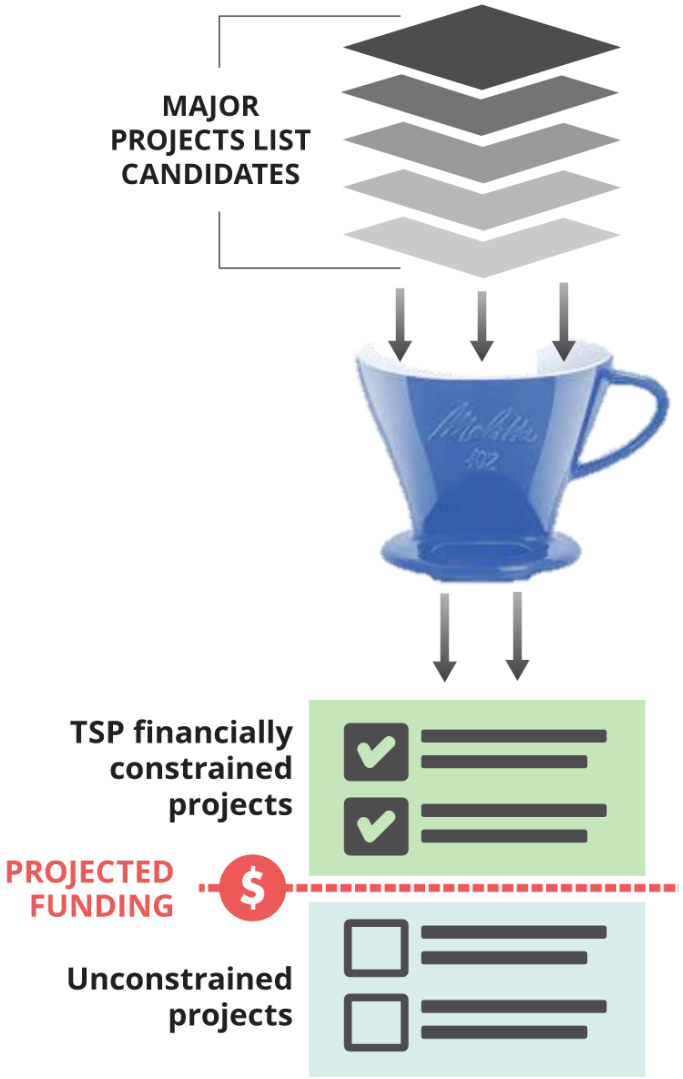
1 Create the list of project candidates

- Projects yet to be done from the 2035 TSP
- Projects from plans adopted since last TSP
- New projects that arise from the needs analysis

2 Review the list

- Consistent with Regional Transportation Plan
- Meet state-required needs analysis requirements

Developing the **TSP financially constrained projects list**



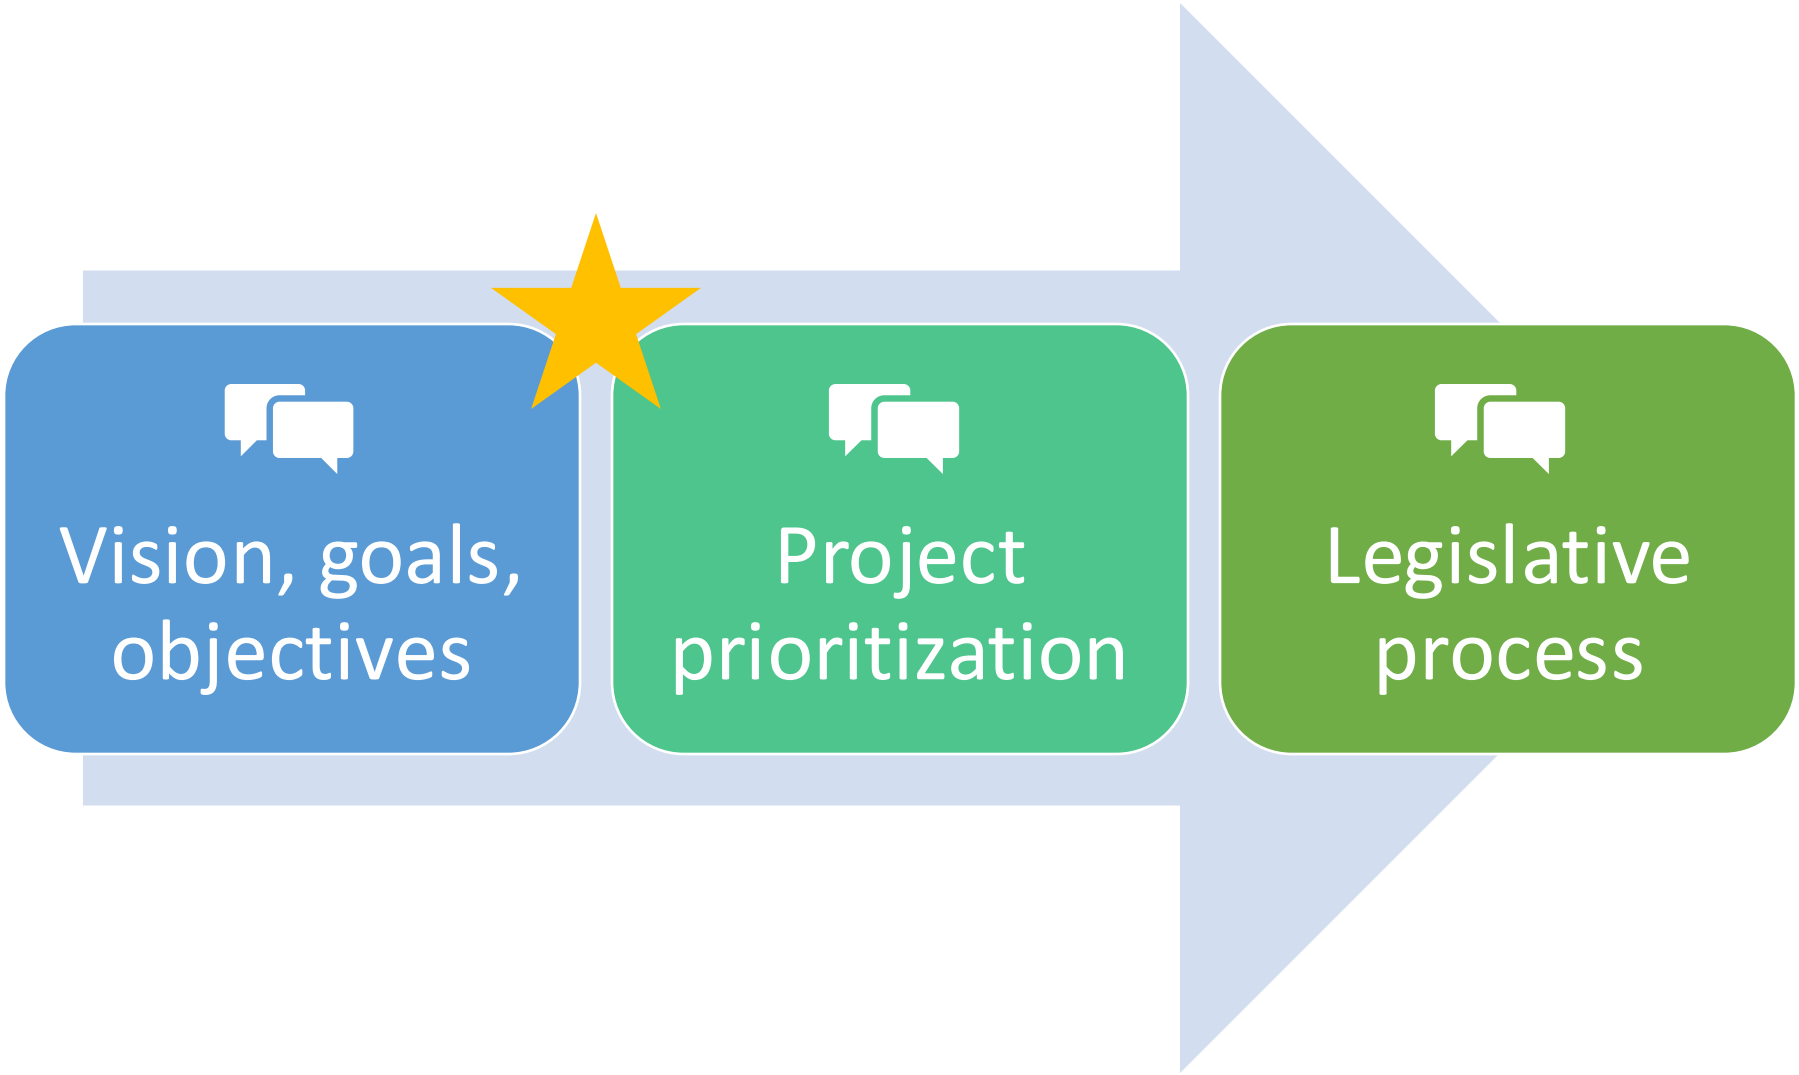
3 Evaluate and screen

- **Evaluation:** Assessing project-level considerations
- **Balancing and packaging:** Assessing system-level considerations

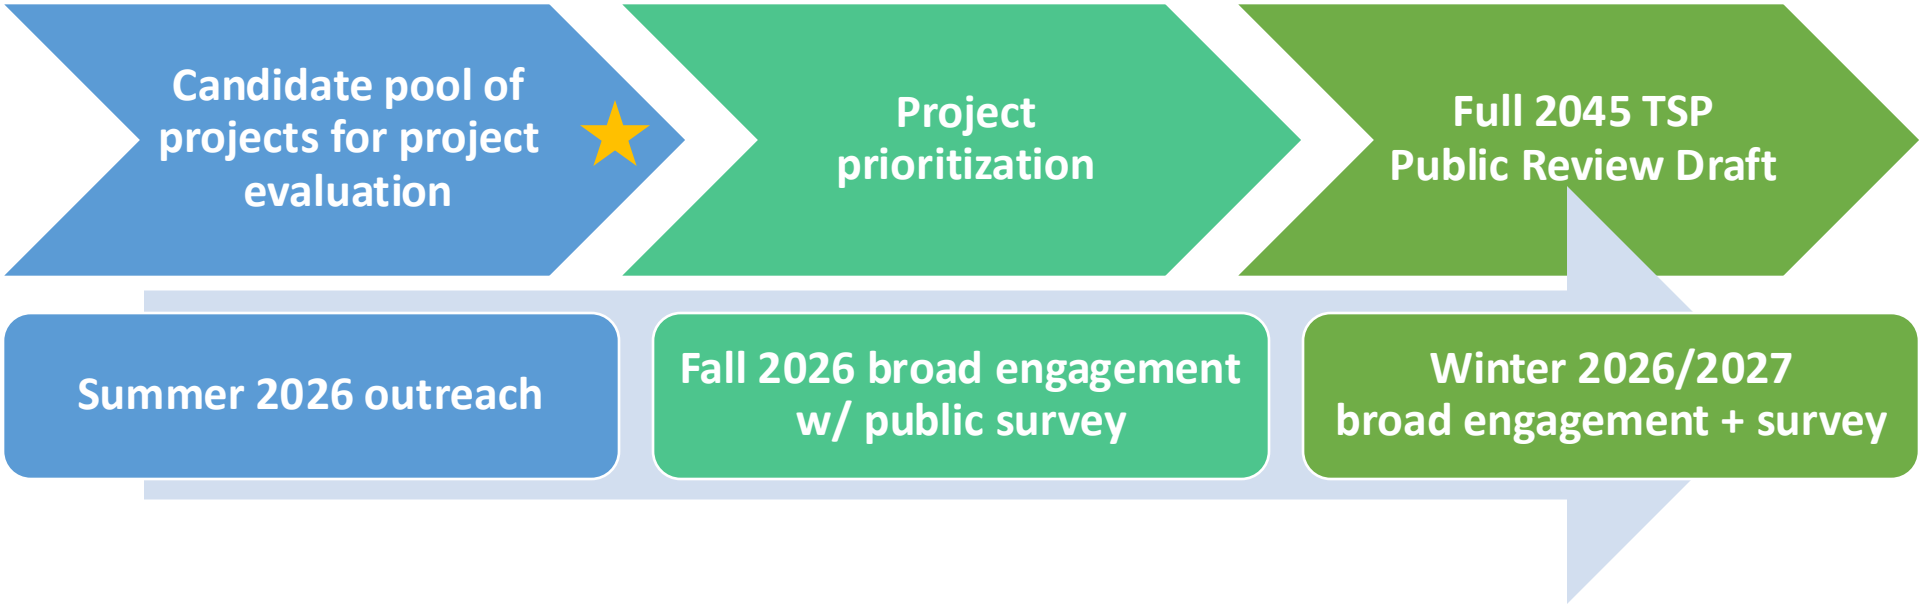
4 Draft TSP Major Capital Projects list

- "Constrained" by amount of funding projected

2045 Transportation System Plan scope + schedule



2045 TSP key processes ahead



Refining the candidate pool of projects

Refining/ modifying projects: Would you suggest any project description refinements or modifications to meet the needs?

Adding new projects to meet the needs: Are there any key areas of unmet needs (by district) that you would recommend addressing with new projects?
