Mingus Mapps Commissioner Millicent Williams Director

Dear 82nd Avenue Neighbor,

The Portland Bureau of Transportation (PBOT) is working to Build a Better 82nd. In the coming years, we'll be making 82nd Avenue safer for everyone as part of the 82nd Avenue Glisan and Davis Signal Improvements Project. Additional project details are below.

We want to hear from you!

We're looking for your feedback on two design choices for the intersection of 82nd and Davis, as well as your feedback on the entire project.

Take the online survey by November 30, 2023

About 82nd Avenue Glisan and Davis Signal Improvements Project

For this project, PBOT will rebuild two signals on NE 82nd Avenue where it intersects Glisan and Davis streets. As part of this project, we will also upgrade corner ramps so they comply with the Americans with Disabilities Act (ADA), add concrete traffic separators and median islands, plant trees or other vegetation in the median islands, and make additional safety improvements near the intersections.

We are rebuilding signals because the equipment is old and because the corner ramps and push buttons don't meet current ADA standards.

After construction, the Glisan and Davis intersections will be safer, more accessible, and more efficient than before. PBOT will be able to implement advanced signal timing to improve operations. After the construction is done, we will continue to monitor the operations and make any necessary adjustments to ensure the safety of all travelers.

This project is in its early design phase and construction is expected to take two years. Construction is scheduled to start in 2025 and end in 2026.

Project area (in thick, solid blue outline): NE 82nd Avenue at Glisan and Davis streets. These improvements are next to Vestal Elementary School and Montavilla Park, in addition to several businesses along 82nd Avenue and Glisan.
