TOPIC OR DESCRIPTION:

Required private for hire transportation required taxi space and pick up drop off location tied to event permit

HOW IS THIS IMPACTING YOUR INDUSTRY:

Chaos at events for private for hire

REASON FOR CONSIDERATION OR CHANGE TO THE REGULATIONS?

Create a safe and organized process for pu and drop off at events as well as having a set location for taxi cabs to stage at an event

PROPOSED SOLUTION:

When PBOT or PP&R issues a permit for an event there be a required marked pick up and drop off location for all private for hire transportation services. I would suggest a penalty be issued to drivers who do not use the set pick up dropoff location. Additionally have a minimum of two car parking spaces be marked as a cab stand for taxicabs to stage as a temporary "Taxi zone". As i am sure everyone is aware taxi is the only mode of transportation allowed in code to service on demand flaggers which makes the temporary cab stand appropriate.
