HERITAGE TREE NOMINATION FORM INSTRUCTIONS

Thank you for your interest in the Heritage Tree Program and nominating your favorite tree for designation as one of Portland's most fabulous trees. While you are preparing this nomination, please consider the following:

The Heritage Tree Program celebrates grand trees of Portland, such trees exhibit:

- significantly large size or old age
- horticultural interest
- a notable historic or cultural reference
- a unique or rare species

Additional factors to consider for your nominee:

- Heritage Trees require sufficient space to grow for both their roots and canopy.
- Heritage Trees are in good health and have received proper care and maintenance.
- Heritage Trees are visible to the public from some vantage point (from street or alley).
- Nuisance tree species are not eligible for the Heritage Tree Program.

Tips for identifying promising Heritage Tree nominees:

- Compare the prospective tree with other, existing Heritage Trees of the same species, and determine if your tree is of similar size or height or greater.
Use the Heritage Tree Website: <https://www.portlandoregon.gov/parks/heritagetree>
- Find tall trees using Portland State University's Canopy Analytics Tool: <https://climatecope.research.pdx.edu/canopyanalytics>
- Research the history of a tree: <https://www.portlandoregon.gov/parks/article/655397>

What does it mean to have a Heritage Tree on Private Property?

Heritage Trees enjoy the highest level of protection in the City of Portland. Heritage Trees on private property can only be designated with the consent of the property owner. This consent is recorded on the property deed and binds all future property owners.

It is unlawful for any person, without a permit from Urban Forestry, to remove, prune, or injure any Heritage Tree. If a property owner wants to prune a Heritage Tree, they must first obtain a free pruning permit from PP&R Urban Forestry. PP&R Urban Forestry inspectors are available for Heritage Tree consultations.

No Heritage Tree can be removed without the consent of the Urban Forestry Commission. Exceptions occur only in cases of emergencies and require approval of the City Forester. For additional information, please see City Code 11.20.060.

Heritage Tree Nomination Process

- Nomination reviews begin on May 1st.
- Trees are inspected for growth space, health, and ownership is confirmed.
- Heritage Tree Committee reviews nominated trees and votes (summer).
- Urban Forestry Commission votes on recommended Heritage Trees (fall).
- Urban Forestry Commissioner presents nominated trees to City Council (winter).
- City Council votes and approves ordinance designating new Heritage Trees (winter).
- New Heritage Trees are added to program and receive plaques (spring).
