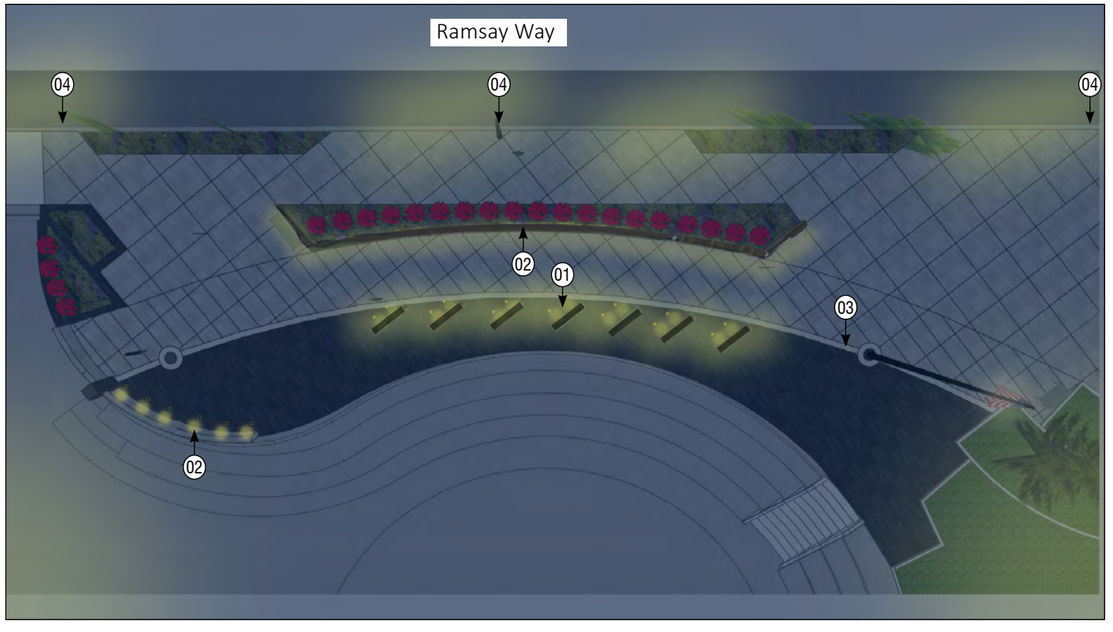
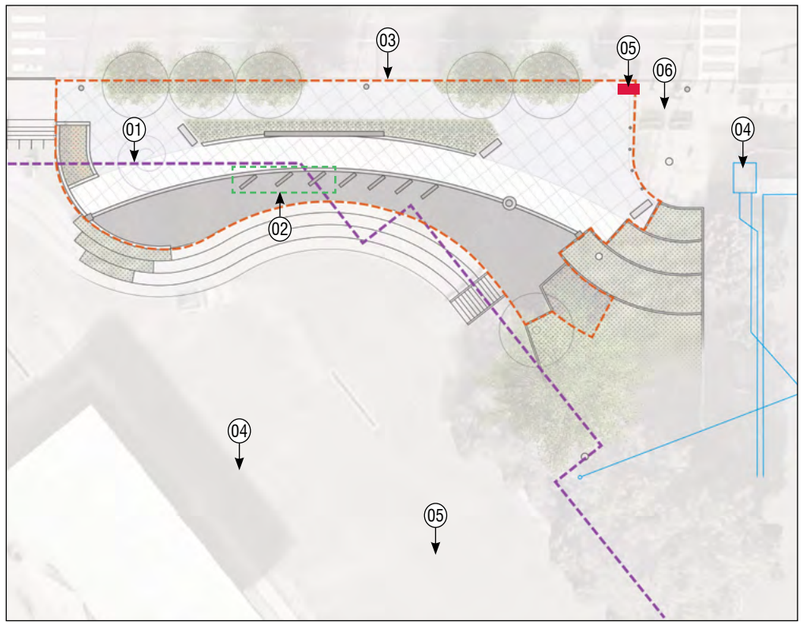
NNA Landscape Architecture

View from crossing at Ramsay / Center Intersection
Note open view of VMC Facade between Honor Rolls and open plaza around flag-pole for flag ceremonies or other gathering.

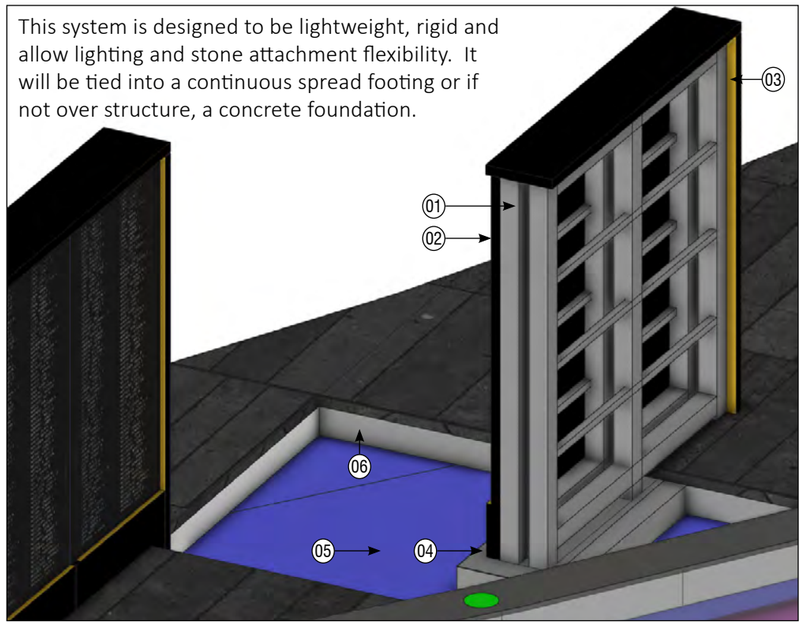


Nightime Illumination Plan
1- Uplights and Rim Lights at Honor Rolls
2 -Wall Lights
3- In-Ground Uplights on American Flag
4- Street Lights

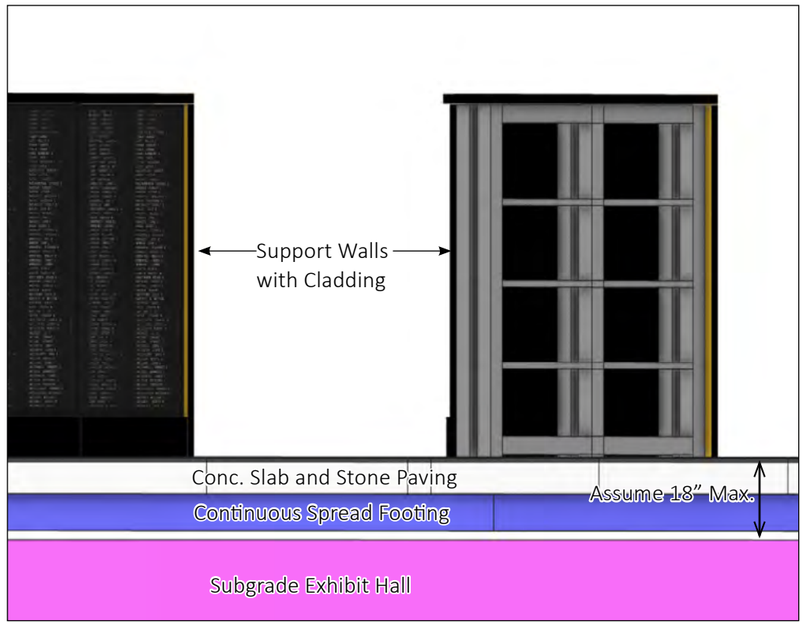
Timeline Example
1 Military Dates of Note
2 Timeline with Dates and Challenge Coins
3 Albina Dates of Note



Underground and Constructability Considerations
1 Underground Structure Line- Purple
2 Spread Footing Area -Green
3 Limit of Construction Impact- Orange
4 Sewer/Stormwater Assets- Blue
5 Existing Cabinet to Protect- Red
6 Water Assets- Propose to Leave As-is



Honor Roll Support Walls and Footing Considerations
1 Steel Support Structure- Support cladding not shown
2 Stone Cladding / Honor Rolls
3 Interior Lighting at Edges
4 Support collar ties into spread footing
5 Reinforced Concrete Spread Footing
6 Concrete Topping Slab / Stone Paving



Honor Roll Support Walls and Footing Over Structure - Section
Depth from finish paving to top of underground exhibit hall waterproofing is not known at this time. We propose to design spread footing in 18" or less depth to avoid any impact to existing structure.
